DRAFT WALKABILITY PLAN- CAPITAL WORKS RECOMMENDATIONS- 2012/13										
Walkability Plan Rec No.	Project	Detail	Responsible Business Unit	Stakeholder / Partner	Timeframe	Proposed Budget 2012/13				
4	Install a footpath on the western side of Grand Boulevard from Collier Pass to Kendrew Crescent.	Design and construct footpath in accordance with Australian Standards and Perth Transport Authority specifications	Infrastructure Management Services	Public Transport Authority	2012/13	\$65,000				
8	Utilise the CBD Traffic Model to investigate the performance of the intersection at Boas Avenue and Grand Boulevard to determine the best pedestrian outcome.	Engage a consultant to undertake a study to determine the best approach to improving walkability at the intersection of Boas Avenue and Grand Boulevard taking into consideration traffic management models and future City Centre Plans. Investigation / design only.	Infrastructure Management Services	Main Roads Western Australia, Public Transport Authority.	2012/13- 2014/15	\$25,000				
9	Investigate the performance of the intersection at Collier Avenue and Grand Boulevard to determine the best pedestrian outcome.	Engage a consultant to undertake a study to determine the best approach to improving walkability at the intersection of Collier Avenue and Grand Boulevard taking into consideration traffic management models and future City Centre Plans. Investigation / design only.	Infrastructure Management Services	Main Roads Western Australia, Public Transport Authority.	2012/13 2014/15	\$25,000				

Walkability Plan Rec No.	Project	Detail	Responsible Business Unit	Stakeholder / Partner	Timeframe	Proposed Budget 2012/13
21	Improve accessibility to the Warwick Centro Shopping Centre by installing relevant ramps and signage where required.	In partnership with stakeholders investigate the installation of pram ramps, a median cut and relevant signage linking the bus stops on either side of Beach Road.	Infrastructure Management Services	Warwick Centro Shopping Centre Management	2012/13	\$15,000
29	Install drinking fountains at key sites along the Sunset Coast Trail where potable water is already available. Fountains should be marked on maps.	Identify key sites for the installation of drinking fountains and ensure this information is included on new Sunset Coast Trail signage.	Infrastructure Management Services		2012/13- 2017/18	Currently funded in City's 2012/13 Capital Works Program (FNM2044)
31	Implement a program to install bike parking racks at key sites along the Sunset Coast Trail.	Install bike parking facilities in key areas (Hillarys, Mullaloo) ensuring that they are in visible/safe sites as close as possible to the shops and amenities.	Infrastructure Management Services		2012/13- 2017/18	\$30,000
33	Install missing link of shared path within Yellagonga Trail.	Work with Department of Environment and Conservation to install the missing link in the shared path – specifically for cyclists – around Picnic Cove Park.	Infrastructure Management Services	DEC	2012/13 (Path works)	\$30,000
