PROCLAIM ONE USER CONFERENCE

14-16 October 2001, Parkroyal Surfers Paradise

Out of The Box
eNovations

It is our pleasure to extend this invitation to join us from 14 to 16 October 2001 at the Parkroyal Surfers Paradise on Queensland's Gold Coast as we host the 2001 Proclaim One User Conference.

This year's Conference will tackle many of the crucial business issues that are important to the success of your organisation. The future direction of Technology One solutions, the eBusiness facts, web account enquiry features for ratepayers and clients, and other high-profile issues will be discussed in detail so you can be more informed about how these issues will impact on your operations, now and into the future.

As well as keeping you informed with very topical issues, we have made a conscious effort to ensure that the agenda will be packed full of handy hints and examples. Your staff will return to work after the Conference confidently using the Proclaim One solution in new and innovative ways. This will guarantee an immediate return on your investment, saving you time and money.

We will outline the future direction of Proclaim One, and will be demonstrating the extensive enhancements and new functionality in the latest release of Proclaim One, as well as those planned for the near future. This will increase your understanding of the significant benefits both releases will provide, and will allow you to start planning for the introduction of each release. By continuing to address technological opportunities presented, we will continue to 'future proof' Proclaim One, thus protecting your substantial investment.

As a new Conference initiative, we have been requested to offer an additional and optional secondary stream to focus on maximising the benefits for those customers using, or considering using, a combined Proclaim One and Finance One (ie Technology One's accounting system) solution.

We appreciate the time and effort you will invest in attending this conference, and as such, we are committed to ensuring that it will be successful, and of substantial benefit to you. This User Conference will allow you to gain greater knowledge of Proclaim One both now and in its future direction, and how it can significantly contribute to your organisation.

We strongly recommend the 2001 Proclaim One Conference to your Council.

If you require any more information, please don't hesitate to contact Natasha Meszes or Janine Scott on 61 (07) 3377 7300.

Adrian Di Marco
Chief Executive Officer

David Spencer
ProclaimOne Director

Who should attend?

- Property and Rating Managers and Staff
- Financial Managers and Accountants
- IT Managers
- Administration Managers
- Purchasing and Inventory Managers
- System and Business Practice Managers

Arrival and Departure Details

The dedicated Conference registration for delegates will take place between 5.00pm and 6.00pm on Sunday 14 October 2001. The conference agenda is scheduled to finish at mid afternoon Tuesday 16 October 2001.

Conference Content *(subject to change)*

Technology One – eNovation Directions

Adrian Di Marco, Technology One's CEO, will present Technology One's vision for the future, focusing on how we are embracing strategies to deliver substantial business gains for your organisation, while protecting your investment in information technology.

What does eBusiness mean to local governments?

eBusiness promised to streamlined everything from procurement to rate payer self service. As the dust starts to settle, what tangibles can this approach to business really deliver?

Client Case Studies

This key aspect of the Proclaim One User Conference outlines innovative ways the Proclaim One solution has helped organisations, using 'real world' perspectives and examples.

Post Implementation Review

Conducting a review of your software configuration can deliver greater gains by identifying areas for future improvement. This session will outline how Technology One will work with you to provide an increased focus on enhancing your business performance.

Proclaim One Enhancements

This session will paint a picture of the large range of enhancements available in the latest release of Proclaim One.

Special Guest Presentation - Microsoft

A representative from Microsoft will explore the impact and relationship between Proclaim One and its SQL 2000 and Office XP solutions.

Proclaim One Release Timetable

The timeframe of future Proclaim One release will be discussed in detail to optimise future product implementation planning.

User Group Meeting

As in past years, this informative and interactive session has been designed to accommodate the specific needs of delegates.

An Introduction to Finance One

As an introduction to the world of Finance One, Technology One's financial management and accounting solution, some overview sessions have been designed to enhance your understanding of this powerful solution and how it can deliver results for your organisation.

This session would typically suit non-Finance One clients.

Finance One Concurrent Sessions

In addition to the Introduction to Finance One presentation, there will be more detailed Finance One sessions available for interested parties.

These sessions will include interesting information on the core group of Technology One solutions that focus on making life easier for local governments, and would typically suit clients who already have one or more of the following Technology One solutions, including:

- Human Resource Management and Payroll (People One)
- Supply Chain Management
- Financial management and accounting (Finance One).

Profiler

This session will explore the rich and dynamic functionality now available so you can tailor Proclaim One to suit your needs.

Proexplorer

Intuitive navigation is a crucial component of any easy-to-use software solution. This session will review the recent enhancements in this area.

eProclaim

Proclaim One's Internet Information Viewer will be discussed, as will its interaction with Proclaim One's Property Nucleus. Demonstrations will highlight the timesaving features of this system, including examples such as builders and developers lodging applications using the web.

eMap

Proclaim One's browser based mapping system will be reviewed. Accessing everything from mapping to property information will be streamlined through this graphically rich solution.

Prolink

This session will showcase the integration between Proclaim One and products by Technology One (such as Finance One), as well as products by third party vendors.

PROCLAIM ONE USER CONFERENCE

Simply complete each section of this registration form and mail it with your payment to **Technology One, PO Box 1078, Toowong QLD 4066, Australia.**

Please use one registration form per person. Photocopy this form for additional copies.

Your registration form cannot be confirmed until payment is received in full via cheque or direct credit.
