2. URBAN ANIMAL ACTION PLAN

Foreshore Dual Use Path

Mark Stanton advised that Council had endorsed the foreshore dual use path being permanently opened to dogs on a lead and that the City's Animals Local Law will now be amended to reflect this decision.

It was agreed that the potential to appoint honorary rangers to assist with patrolling the foreshore dual use path and other areas be investigated.

Dog Adventure Playground

It was agreed to investigate the potential for an animal exercise playground to be developed at the Hillarys Animal Exercise Area.

Attendance, Dog Training Courses - Discount on Dog Registrations.

There was considerable discussion on this matter. The Dog Act prescribes the registration fees that must be charged by the City. The City could refund part of the dog registration fee once paid.

It was agreed that the City undertakes further investigation into the available options including the sponsorship of dog clubs.

3. ACTION PLAN - OTHER ANIMALS

It was noted that the Committee had deferred consideration of issues such as the regulation of cats and pigeons while it focused on issues regarding the management and control of dogs. Discussion ensued on these matters.

It was agreed that a draft action plan on these issues should be developed for further consideration by the Committee.
