- Page 7 – Next meeting time should have read 5.00pm not 4.30pm.

MATTERS ARISING FROM PREVIOUS MINUTES

1) Strategic Advisory Committee – Youth Affairs Workshop

Jeremy Manning reported that he had completed the workshop outcome notes from the meeting for Future Directions for Youth Services. He read the outcomes to the meeting and it was agreed that the report was a true reflection of the workshop. Jeremy Manning is in the process of preparing the outcomes from the Jumping at Shadows meeting and will present these at the next meeting. A copy of both sets of outcomes will be provided at the next meeting.

ACTION

- a) Jeremy Manning will make the minutes of the previous Strategic Advisory Committee - Youth Affairs meeting available.*

2) Skatepark Survey

Jeremy Manning presented the results of the Skatepark Survey. The results are summarised as follows:

- Of those surveyed 78% were male, 22% were female;
- The majority of those surveyed were between 13 and 15 years old;
- Of those surveyed the areas they reside in were 14% Wanneroo, 9% Clarkson, 9% Craigie – it was interesting to note that the two highest areas were outside the City of Joondalup;
- Those for a Skatepark were 99%, Against 1%;
- Most popular location was 49% near Lakeside Joondalup, second was 28% near Skate International;
- 77% said they would use a Skatepark;
- From the question of locality 42% said they would prefer the Skatepark near Skate International and 55% said they would like it in their own community;
- When asked if they would travel to a larger Skatepark or stay at a smaller one in their own community 76% said yes, 24% no.

Cr. Hollywood in his capacity as Chairman of the Skatepark Committee, reported that the Council is looking at the location of the park opposite Bouncers in the Joondalup Business area as the most suitable area to build the Skatepark.

The Council has agreed to build the first Skatepark in Kinross at a cost of \$90,000. It is intended that this will be up and running by Christmas. The City of Stirling is also looking at building a Skatepark at Carine Open Space for \$150,000. This will be funded 50% by City of Stirling and 50% by City of Joondalup. A third skatepark is intended to be the Joondalup Business Centre, Winton Road area.

Discussion followed regarding the possibility that the quality of skateparks may be compromised for quantity. It was reported that an excellent skatepark can be built for \$100,000 and that the intention was that the young skaters would be involved in the design of the Skateparks. It is also suggested that a BMX track will be incorporated in the Skateparks.

Mathew Wright suggested that people may still think that Carine Open Space is a long way to get to. John Saratsis said that serious skaters don't mind travelling a little further for a good quality Skatepark.

Discussion followed regarding concerns that the community does not provide enough facilities for young women.

ACTION

a) *Jeremy Manning to obtain the design for Kinross Skatepark and take to the next meeting of the Youth Advisory Council.*

3) Tree Planting Proposal

Viet Nguyen presented the tree planting proposal which had been distributed to members and Viet called for comments regarding the proposal.

Cr. Hollywood indicated his enthusiasm for the proposal and suggested that the Youth Advisory Council should make an application to the community funding round to fund the project. Jeremy Manning mentioned that the funding applications closed on 19 October 2001 and needed to be lodged with John Goldsmith.

General discussions followed as to what sort of proposal was needed. Ryan Kukura suggested to let the kids at schools decide if they wanted to take part. Suzanne Akila believes it will help youth become more environmentally conscious. Jeremy Manning suggested it should be symbolic of young people planting their roots in Joondalup.

Craig Comerie suggested the trees should be presented during Year 8. This would provide a focus for environmental education throughout secondary schooling.

Kate Sinagra mentioned there would be less trees required if the project targeted Year 12 students.

Following discussion, members decided that the project should be focused at year 8 level and that a submission for funding should be developed and submitted.

Stirling Youth Advisory Council

Craig Comerie of Stirling Youth Advisory Council presented the meeting with a proposal on lowering the age limit of voters to 16. He was at the meeting representing Louise Pratt and needed to find out the level of support for a few questions. He provided a proposal letter and asked the following questions:

- Is it a good idea to lower the voting age and making it compulsory to vote?
- Is it a good idea to lower the voting age and make it non-compulsory to vote?
- If enrolled should you have to vote ?
- Should an education program be implemented in Year 8 detailing voting?

Adam Wade suggested Year 10 was a better group to target than Year 8. Jeremy Manning expressed the need to educate youth in regard to voting due to the possibility of being fined if you are enrolled but don't vote. The vote was unanimous regarding an education module being implemented in to schools.

Members expressed that the Joondalup North Youth Advisory Council was happy to support the proposal.
