66	R & B Emery	38 Abrolhos Drive HEATHRIDGE WA 6027	Support We firmly believe a matter of this nature should be handled by the Oceanside Gardens Residents Association or at least referred to the association. 75	H & M Bright	3 Control Close MULLALOO WA 6027	Support I would like to see the extension of the wall at the end of Dirk Hartog Cove in Heathridge.	No response	Not Answered
76	J Barker & J O'Grady	21 Dirk Hartog Cove HEATHRIDGE WA 6027	Support. The attached map with suggested wall extension is not what we were requesting. The line I have drawn is where the wall would end so that there is still an access way for pedestrians and cyclists. When we got our original petition from the residents we were suggesting an opening. When they do this questionnaire there may be mixed responses as this is showing a complete solid wall extension. All residents signed the petition will suggest of still having a small opening for access. There is a small footpath there currently; we would suggest the wall to be built there.	No to both	Yes

81	A & S Rados	7 Dirk Hartog Cove HEATHRIDGE WA 6027	Support. We support nothing less than a solid brick wall to this access as well as the access on Marmion Road to Dirk Hartog Cove. The sounds of the traffic would be reduced. We have noticed cars speeding in and out of the street late at night (after midnight) believing they can access Ocean Reef Road. We also believe it would be safer for children to play in the street as there are quite a few in this street alone.	No to both	No
