INFORMATION
NOT TO BE USED FOR CONSTRUCTION

**MINUTES OF WORKING PARTY
17 NOVEMBER 2004**

ATTENDANCES	
Carol Alford	Ocean Reef Independent Coastal resident
Craig Woodridge	Main Roads Department
Nick Scafidas	Resolute Way Resident
Roger Dallas	ORAG
Ivan Self	ORAG
Martin Tayler	ORCS
Stephen Whitecunas	ORCS
Patricia Morrigan	ORCS
Roger Buckley	Constellation Drive
Rhonda Hardy	City of Joondalup
Peter Pikor	City of Joondalup
Helen Hardcastle	Facilitator

The working party examined the final DETAILED DESIGN for the road and agreed that it reflected community input.

The working party received a summary of the plan from engineering staff and general discussion ensued

In general the working party felt the plan was representative of community feedback and were able to support the plan and recommend the plan to Council.

The working group made the following recommendations to be put to Council:

1. Accept the design for the construction of the ocean reef Road extension shown as option one on the plan;

Moved: Nick Scafidas
Seconded: Steve Whitecunas

Carried: All
2. Note that the estimated costing will be 1.7 million dollars and will include full kerbing and drainage and minimum street lighting;

Moved: Roger Dallas
Seconded: Ivan Self

Carried: All

3. Request that a Re-vegetation Plan is developed with community input into the design and planting processes associated with the plan;

Moved: Martin Taylor
Seconded: Steve Whitecunas

Carried: All

4. Request that a communication strategy is endorsed for the construction phase of the Ocean reef Road extension that will include:
 - a. Working party to received details of all key events leading up to construction phase by post;
 - b. Community who attended the workshops will receive details of all key events leading up to the construction phase by post;
 - c. Community in general will be advised of key events though advertisements placed in the local newspaper and through updates on the City's website;
 - d. A contact person is appointed by the City to handle all enquiries leading up to and during the construction phase.

Moved: Carol Alford
Seconded: Ivan Self

Carried: All

Meeting closed 7.10pm

Criterion Six – Number of Car Parks

This is what you TOLD US

- Keep parking away from houses
 - Angled parking is preferred (70%)
 - Keep parking Limited
 - West side of road is preferred (60%)
-

Question – How many carparks are preferred? (refer to the plan)

Options

Please tick

(1) At Resolute Way (carpark A)

☐

(2) At Vigilante Way? (carpark B)

☐

(3) No carparks?

☐

Notes

- (1) A carpark is not proposed at the Southern Cross Circle access as this is not an 'official' access way and is subject to decisions for future development of Lot 1029.
- (2) An existing carpark at Shenton Avenue is a given.
