## **Extract from GNC Naming Principles, Guidelines and Procedures**

### **NAMING OF PARKS AND RESERVES**

#### **General Guidelines**

- Priority will be given to the naming of parks and reserves after an adjacent street or feature to maximise the identification of that park or reserve with an area. The 'road type' is not to be included as part of the name.
- 'Reserve' is only to be used as part of the name if the whole of the area to be named is reserved under the *Land Administration Act 1997* and therefore has a reserve number.
- Names that commemorate or may be construed to commemorate living persons will not be considered for parks or reserves over 1ha.
- Proposals to name parks or reserves should include evidence of strong community support for the name. This support can be ascertained by some of the following:-
  - Advertising proposals to name parks and reserves in local papers, inviting comments.
  - Advertising proposals to name parks and reserves in local libraries.
  - Erection of signs on the park or reserve, advising of the proposed name.
  - Advising residents in the area surrounding the park or reserve of the proposed name in writing.
  - Advising local progress associations of proposed names and requesting their comments.
- For personal names, the person being honoured by the naming should have either had a direct long-term association with the area, or have made a significant contribution to the area of the proposed park or reserve, or the State. Association or contribution can include:-
  - Two or more terms of office on a local government council.
  - Twenty or more years' association with a local community group or service club. Action by an individual to protect, restore, enhance or maintain an area that produces substantial long-term improvements for the community or area.
- Service to the community or organisation must have been voluntary.
- Given names may be included as part of the naming proposal, and given and surname combinations are acceptable.
- Death and former ownership of land are not acceptable reasons for proposing a name, unless previous criteria apply.

#### **Naming of Parks and Reserves under 1ha**

1. The approval of the Minister for Land Information is not required, but Landgate must be advised of all names assigned.
2. The names of living persons are acceptable except for those persons holding any form of public office.
3. The general guidelines listed above shall apply for the naming of such parks and reserves.
