INTRODUCTION

The City of Joondalup's Integrated Planning Framework starts with a vision for the City as outlined in the Strategic Plan, and includes a series of plans and reporting mechanisms to implement the vision. The Strategic Plan has recently been reviewed for the period 2008-2011.

The framework includes the:

- Strategic Plan - which provides broad future strategic directions for the City;
- 20-Year Financial Plan - which provides a broad overview of the major projects, programs and resource requirements over the next 4 years and includes 20-year financial projections;
- Annual Plan – which contains annual priorities to achieve the Strategic Plan;
- Directorate Plans – which contain annual priorities for each Directorate;
- Business Unit Action Plans – which contain details of the annual programs, services and activities for each Business Unit; and
- Annual Budget.

The Strategic Plan is developed around four key focus areas within which strategic directions and objectives for the City are articulated. The four key focus areas for the 2003-2008 Strategic Plan, (the subject of this Progress Report), are:

- Community Wellbeing;
- Caring for the Environment;
- City Development; and
- Organisational Development

The Annual Plan projects and programs are derived from the Strategic Plan, and address priorities for the City for 2007-2008.

The Quarterly Progress Reports against the Annual Plan provide information on progress against the pre-determined milestones for major projects and programs, and highlight the City's commitment to monitoring and reporting progress against objectives.

Garry Hunt
CEO

HIGHLIGHTS – APRIL TO JUNE QUARTER

KEY FOCUS AREA 1 - COMMUNITY WELLBEING

Life Long Learning Programs

Classes from Beldon, Marmion, Glengarry and Poynter Primary Schools and Beldon Education Support Centre were involved in a six-week *Adopt a Coastline Project* where City officers provided students with information on dune revegetation. Guest environmental presenters gave valuable insight into caring for the environment and 120 students participated in a planting exercise at Whitfords and Mullaloo Beaches to assist in the re-vegetation of the dunes. Displays created by the classes were exhibited in the Joondalup Library.

Ten schools submitted designs to be considered to represent the City at the statewide *Banners in the Terrace* competition. Halidon Primary school won both the Judges' Award and the staff votes. The winning design has been transferred to a banner which will fly in St George's Terrace during Local Government Week.

As part of the Mullaloo Waterwise Interpretive Art Project, students from Springfield and Mullaloo Beach Primary Schools completed mosaic panels to depict the Indigenous and European history of the area. Students worked with an artist in residence and student teachers from ECU School of Education.

A total of 3,814 people participated in learning programs run by the City during the three month period.

Joondalup Festival

The Central Business District came to life with the Joondalup Festival which was held in April 2007. The Festival included a live music stage, roving performances, a festival street parade, dance competition, a Kids' Paradise, Community Stage and a Cultural Café with food and wine tastings, food demonstrations, sale of arts and crafts, and live music. The Festival is the finale of the City's *Summer in the City* program of cultural events and ended with a spectacular firework display. Ninety percent of respondents to a survey indicated that they were extremely satisfied or satisfied with the overall event and 96% were extremely satisfied with the quality of the entertainment.

2008 Community Art Exhibition Winners

Premier Alan Carpenter was one of the first visitors to the City's 2008 Community Art Exhibition, which attracted more than 6000 visitors at Lakeside Joondalup Shopping City in June 2008. A total of eight awards were presented to the winners in different categories, including an award to Kingsley artist, Lyn Lee, for the most outstanding overall artwork for her painting, *Coalseam National Park*. Bert Lozey's painting, *Day Light*, was the public's favourite artwork, winning the most popular award by exhibition visitors. Seventy-eight percent of visitors surveyed rated the quality of artworks as good or excellent, whilst 82% enjoyed the exhibition.

KEY FOCUS AREA 2 - CARING FOR THE ENVIRONMENT

As part of the TravelSmart Schools Program, the City organised a *Walk Safely to School Day* on 2 May 2008. Approximately 600 children from Padbury, Glengarry and Heathridge Primary Schools participated in the walk to school which was followed by a healthy breakfast. The event raised awareness of walking to school, improving our environment, as well as helping to reduce congestion around schools.

KEY FOCUS AREA 3 - CITY DEVELOPMENT

Work Operations Centre (Joondalup Works Depot)

The Works Operations Centre was completed on schedule at the end of June, and relocation of staff to the new Work Operations Centre is well underway.

Capital Works Program

The following projects were substantially completed in the April to June 2008 quarter.

- **Dry Parks Program** - Pilot projects for Springvale Park and Brazier Park using subsurface irrigation technology were completed.
- **Park Play Equipment Program** – An extensive public consultation process was conducted as part of the implementation of new play equipment at four City parks.
- **Stormwater Drainage Program** - The City continued its good record of upgrading drainage outfalls into Natural Areas within the City. Yellagonga Regional Park outfalls have received major improvements this year, following extensive consultation with the Department for Environment and Conservation (DEC). As part of this project the City was successful in receiving major Federal Grant funding towards these improvements.

Think Learn Project

The ThinkLearn Project, aimed at developing young business owners and managers, officially closed in April 2008 with more than 50 local small businesses finishing an 18-month training period. The Project was funded by AusIndustry, a Federal Government agency, and was conducted in partnership with the Cities of Joondalup and Wanneroo, the POWA Institute in alliance with the Australian de Bono Institute, West Coast TAFE, and the North West Metropolitan Small Business Centre.

Following receipt of the final report from the City, AusIndustry acknowledged the genuine impact on the improvement of a wide variety of participating businesses. The participants were also very positive in their appraisal of the Project which provided them with new tools to use in conducting their businesses. The City will endeavour to obtain further funding to deliver a similar program in the future.

Commence CBD Commercial Development Plan. 	<p>Jan – Mar 2008 quarter</p>	<p>The planned Business Forum is now scheduled to take place in May or June 2008. The Forum will focus on business opportunities emerging from the Sister City Relationship between Joondalup and Jinan in China. The City is currently working with Austrade and the Joondalup Business Association to develop the Forum.</p> <p>The City called for proposals to analyse the financial viability of commercial office development within the Joondalup City Centre. A number of proposals were received. It is expected that the preferred consultant will be appointed in the April-June quarter to conduct the analysis.</p>
<ul style="list-style-type: none"> Review economic profiles. Develop in electronic and paper based form. Complete industry research analysis. Finalise CBD Commercial Development Plan. 	<p>Apr – June 2008 quarter</p>	<p>A web version for developing economic profiles was implemented. The Community Atlas, which provides socio-demographic information for the City of Joondalup, can now be accessed by the community through the City's website.</p> <p>Research conducted on the feasibility of initiating a target industry development and attraction campaign was completed. Research indicated that the project is not feasible at this stage.</p> <p>The CBD research was undertaken to inform the development of a CBD Commercial Development Plan.</p>
<p>THINK LEARN</p> <ul style="list-style-type: none"> Submit quarterly report to the funding body, AusIndustry. 	<p>July - Sept 2007 quarter</p>	<p>A quarterly report was submitted to AusIndustry in July 2007.</p>
