VDM Earthmoving Contractors trading as Malavoca All requirements have been met	Yes	It has been in operation since 1983. It operates with 4 project management groups which will undertake works in separate regions. For this project, it will utilise a group which generally operates in the northern suburbs. A brief outline of key personnel's length of service and industry experience was included in its Submission. It proposed to use subcontractors for some of the tasks. It is an accredited company to ISO9001. It is well equipped and a list of standard road construction equipment which it will utilise for this project was also included.	It has in the past completed a dual carriageway on Burns Beach Road for the City. Other examples of works completed were the Russell Road re-alignment project in Henderson, the Connolly Drive extension project for the City of Wanneroo, the North Lake Road Duplication for Landcorp and the Servetus Street road works for Transfield.	It has demonstrated understanding of the required tasks. The company has successfully completed a similar project for the City in 2008. It will provide a construction program prior to work commencing.	It is a WA company located in Welshpool. It has 5 employees residing within the City of Joondalup and the company will endeavour to source new employees from the local areas for this project and other ongoing work.	77%	1	\$3,784,323.37

Fulton Hogan Pty Ltd	Yes	It is a major civil contracting company that has been operating for 75 years. It employs 5,500 personnel across Australia and New Zealand. It has proposed a team of experienced key personnel. An organisation structure and key personnel profile outlining work experience was included in its Submission. A list of equipment was also included. It will use sub-contractors to complete a number of tasks. Should additional resources be required, it has access to 70 employees based out of its WA depot. It is an accredited company to ISO9001.	It has demonstrated experience in completing similar projects. However, examples of similar works completed were mainly for the Department of Main Roads Queensland and Noosa Shire Council. One (1) other example of work undertaken was for road and asset maintenance of 4600 km of state main roads in the south west of WA for 2 x 10-year terms, with contract value of \$200 million over 10 years, for Main Roads WA.	It has demonstrated sound understanding of the requirements. It has submitted a comprehensive work program which outlines 160 tasks, including their duration and start date, to be carried out for this project.	It is a major Australasian civil contracting company with its WA office located in Hazelmere. It intends to utilise local business where available for materials and/or subcontracting services where suitable vendors are identified. It will engage 3 local subcontractors: 2 from Wangara and 1 from Neerabup to complete some of the requirements under this project.	72%	2	\$3,434,580.00
