SUMMARY OF TENDER SUBMISSIONS

Respondent & Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Evaluation Score	Rank	Price
		Capacity	Demonstrated Experience in Providing Similar Services	Demonstrated Understanding of the Required Tasks	Social and economic effects on the local community			
Holcim (Australia) Pty Ltd All requirements have been met.	Yes	It is a global business that has been supplying construction materials in Australia since 1901. It has a total of 8 concrete plants and 71 concrete trucks in the Perth metropolitan area. Concrete deliveries for the City of Joondalup will be from its Wanneroo and Gnangara concrete plants. It stated that this gives a total of 16 concrete trucks with which to service the City, with the possibility of additional resources from its East Perth plant, when needed. It has a Safety and Health policy in place.	It has demonstrated experience in providing similar services. It has undertaken similar works for Swan Hills Concrete and Statewide Kerbing. It is also the City's current supplier of pre-mix concrete since 2009 and has delivered about 450 cubic metres of concrete for the City in this period.	It has demonstrated sound understanding of the required tasks. It has been in the industry for many years and has successfully completed similar projects for the City.	It is a global business with its WA office located in Bentley. It will deliver concrete for the City from its Wanneroo and Gnangara concrete plants.	76%	1	\$118,190 (year 1)
