SUMMARY OF TENDER SUBMISSIONS

Respondent & Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Evaluation Score	Estimated Contract Price	Rank
		Capacity	Demonstrated understanding of the required tasks	Demonstrated experience in providing similar services	Social and economic effects on the local community			
Roads 2000 Pty Ltd All requirements have been met.	Yes	In operation since 1998 with 30 staff. The role, experience & qualifications were provided for 9 key staff plus the roles of 12 staff. It has 2 asphalt crews & is operating at 50% capacity. It has more than sufficient equipment to meet the City's requirements. Additional resources & after-hours contact was not specifically addressed; however the company has the largest workforce & fleet. A comprehensive safety manual was provided & safety record for the last three years.	The company demonstrated a satisfactory understanding of the requirements. The work methodology addressed the asphalt placement process on site, personnel, equipment, site inspection and supervision and safety.	Roads 2000 Pty Ltd demonstrated more than is required for asphalt minor works. Eight examples of contracts were supplied. Seven of these are for local governments including Wanneroo, Subiaco, Cottesloe, Mosman Park, Cambridge, Armadale and Stirling. The scale of the projects ranges from large-scale projects down to single roads.	The company is located in Wangara. The company employs residents of the City.	64%	\$658,362 (Supply & Lay)	1

Chivers Asphalt Pty Ltd All requirements have been met.	Yes	In operation since July 2009 with 4 staff. The roles of staff were listed with details of qualifications & experience. It is currently operating at 60-65% capacity. The percentage of operational capacity the City's contract would represent was not stated. A satisfactory list of equipment was supplied. Additional resources would be sourced from other contractors. An adequate safety policy and plan which outlined the responsibilities of staff was supplied. There have been no safety incidents in the past 2 years.	The company demonstrated an adequate understanding of the requirements. The methodology addressed risk assessment, site meetings, traffic flow, safe work methods, plant/machinery and correspondence.	The company demonstrated experience completing small patch works, surface works on footpaths and general asphalt works of job sizes 20-250m ² . The scale of these works is smaller than the City's minor asphalt works. References were supplied from City of South Perth, Town of Bassendean, Main Roads and Programmed Property Services.	The company has a depot in Malaga & the office is located in Kallaroo. The company is based in the City, employs local residents, uses other local suppliers and sponsors various local community clubs.	60.6%	\$424,690 (Supply & Lay) \$344,756 (Pick-up & :Lay)	2
