

Master Planning Process

STAKEHOLDER CONSULTATION – REPORT OF FINDINGS

PERCY DOYLE RESERVE MASTER PLAN

Reference: 02056

WARD: South Ward

**RESPONSIBLE
DIRECTOR:** Garry Hunt
Office of the CEO

ATTACHMENTS: Percy Doyle Reserve Aerial

PURPOSE

To summarise the feedback received as part of the Stakeholder Consultation undertaken for the Percy Doyle Master Plan.

BACKGROUND

Percy Doyle Reserve is bounded by Warwick Road, Marmion Avenue and Chessell Drive, Duncraig (refer attachment 1). The site is Crown Land vested in the City for the purpose of parks and recreation and is the largest active sporting park in the City of Joondalup with a size of 17.08 hectares. It is the only City managed facility that is currently classified as a Regional Park, meaning that it services not only the local area but also the surrounding suburbs in the northern corridor.

The park has four (4) active sporting grounds, a wide range of sporting infrastructure and ten (10) buildings (including a library and leisure centre) that currently service both the local community and over 40 sporting clubs and community groups. In 2010/11, the replacement value of the buildings at Percy Doyle Reserve totalled over \$26 Million. Much of the existing infrastructure is in need of upgrade or is approaching the end of its life span. The facilities and sports grounds were developed on an ad-hoc basis to address specific sporting club/group needs without considering the benefits of multi-purpose or shared use. The current challenges of Percy Doyle Reserve include;

- Location and use of buildings.
- Duplication of facilities.
- Condition of buildings.
- Lack of passive recreation opportunities.
- Capacity of existing facilities.
- Parking.

In the next few years, the City will be required to undertake significant maintenance and renewal works at the park. In 2009/10 maintenance costs for the City managed ovals and buildings at the site totalled over \$330,000. Rather than focus on maintaining existing assets, there is a unique opportunity to create a long-term sustainable plan for Percy Doyle Reserve to meet the future needs of the community and address the current challenges at the site.

Taking advantage of this opportunity requires the development of a Master Plan that outlines the most effective and efficient use of resources to develop the park in line with the current and future needs of the clubs/groups and wider community.

The Percy Doyle Reserve Master Planning project was endorsed by Council in February 2009. Stage one of the project (planning and initiation) was completed in June 2009. This involved the formation of a project team and development of the project plan. Research and analysis of community demographics, industry trends and other similar projects has also been undertaken. In June 2009, Elected Members were provided with an information pack consisting of a discussion paper, survey and project plan, to provide feedback on the scope and types of development that could be undertaken at the site. This information was used to develop the key principles for the master planning of Percy Doyle Reserve.

Stage two of the Master Planning Process (site and needs analysis) includes undertaking consultation to seek feedback from the existing users groups and the local community on the type of development options at the site.

Given the possibility of resistance from current user groups to the concept of shared use and multi-purpose facilities, it was deemed appropriate to provide a further briefing to the Elected Members on the status of the project, the overall philosophy of the project and the concept of 'shared use' and 'multi-purpose' facilities. A presentation was made at the April 2010 Strategy Session explaining the concept of multi-purpose facilities and the proposed consultation methods that could be used.

Feedback received from the Strategy Session requested that consultation with the existing user groups (stakeholders) be completed and reported back to Council prior to undertaking wider Community Consultation on the type of development options for the site. The Stakeholder Consultation was requested to occur in early 2011.

CURRENT SITUATION

There are ten (10) buildings currently located at Percy Doyle Reserve. These facilities have been developed in an ad-hoc manner since 1974, driven primarily by community needs and desires. The reserve contains the following built facilities:

Facility	Age	Tenure	2010/11 Replacement Value
Duncraig Library	1974	Public Facility - Managed by the City	\$ 3,855,400
Duncraig Leisure Centre	1976	Public Facility - Managed by the City	\$ 4,184,672
Bowling Clubrooms	1976	Community Facility - Leased	\$ 3,276,048
Soccer Clubrooms	1980	Community Facility - Leased	\$ 2,407,020
Mildenhall	1980	Community Facility - Hired	\$ 2,396,600
Tennis Clubrooms	1981	Community Facility - Leased	\$ 3,777,250
Football/Tee-ball Clubrooms	1989	Community Facility - Hired	\$ 1,667,200
Duncraig Community Centre	1991	Community Facility - Hired	\$ 2,344,500
Undercroft Bridge Clubrooms	1993	Community Facility - Leased	\$ 1,042,000
Duncraig Childcare Centre	2004	Community Facility - Leased	\$ 1,444,733

In addition to the built facilities, there are a number of outdoor sport and recreation facilities:

Facility	Description	Tenure
Percy Doyle Park 1	Rectangular pitch	Community Facility - Hired
Percy Doyle Park 2	Rectangular pitch	Community Facility - Hired
Percy Doyle Park 3	Rectangular pitch	Community Facility - Hired
Football/Tee Ball Oval	Oval pitch	Community Facility - Hired
Club Tennis Courts (20)	Hard courts (plexi-pave) managed by tennis club	Community Facility - Leased
Bowling Greens (4)	Turf greens managed by bowling club.	Community Facility - Leased
Croquet Greens (2)	Turf greens managed by bowling club.	Community Facility - Leased

Percy Doyle Reserve and its infrastructure currently supports over forty (40) community and sporting clubs and groups. Most of these groups use the City's facilities on a regular hire basis and a small number have lease arrangements.

STAKEHOLDER CONSULTATION

In February and March 2011 the City conducted consultation with the current user groups of the ovals and buildings at the reserve. The consultation was conducted through a number of workshops with the clubs and groups to seek feedback on the facility they currently utilise and the Percy Doyle Reserve Master Plan project. A 'frequently asked questions' sheet and feedback survey was provided to all stakeholders as part of the workshops. It was requested that one survey be completed for each club/group and returned to the City.

The survey consisted of a number of questions. The first asked the respondents to make comment on different facilities within the building they currently hire using a scale of 'poor', 'fair', 'good', 'very good' and 'excellent'. A question was asked on what changes the respondents would like to see if the facility was to be refurbished or redeveloped in the future. Respondents were also asked to make comment on their willingness to share specific components of a facility and their ability to contribute to any potential future redevelopment. The final question of the survey asked the club/group to provide details of any increase to booking times/facilities that they may require in the future.

The feedback received as part of the stakeholder consultation has been collated and the results detailed below for each facility.

Duncraig Community Centre

The Duncraig Community Centre is a City managed facility and is available to the community for hire on an annual and casual basis. The facility consists of a large function room that is dividable into two sections, meeting room, kitchen, office, toilets and various storerooms. Currently there are six (6) regular hire groups of the facility.

The City received four (4) completed surveys from the Stakeholder Consultation. This is a response rate of 66%. The respondents on average rated the existing facility as 'good' with the main areas of concern being the kitchen, office heating/cooling, toilets, storage, signage and landscaping.

If the facility was to be refurbished or redeveloped in the future, the main items stakeholders would like considered include:

- new playground; more shade for playground; better access to playground i.e. not through kitchen;

- additional storage;
- cooling system in office;
- larger parking area with secure area;
- additional meeting/function room;
- kitchen refurbishment with new fridge and lockable cupboards;
- furniture store in each meeting/function room;
- BBQ;
- better signage to find the facility in the complex;
- large grassed play area.

As the facility is already currently shared by a number of clubs/groups, they are willing to continue sharing in any potential future multi-purpose facility development.

Most of the respondents would be unable to contribute to any future development, however the Scout's indicated they may be able to offer volunteer labour to works.

Both the Scout's and the Commercial Child Care operator indicated the potential need to increase their booking times and facility requirements due to their expected growth in the future.

Mildenhall

Mildenhall is a City managed facility and is available to the community for hire on an annual and casual basis. The facility consists of a main hall, lesser hall, meeting room, kitchen, toilets and various storerooms. Currently there are five (5) regular hire groups of the facility.

The City received five (5) completed surveys from the Stakeholder Consultation. This is a response rate of 100%. The respondents on average rated the existing facility as 'good' with the main areas of concern being the signage, painting, and parking.

If the facility was to be refurbished or redeveloped in the future, the main items stakeholders would like considered include:

- additional storage in the kitchen;
- appropriate lighting in meeting/function room for painting classes;
- close parking for seniors and people carrying heavy items;
- improved heating/cooling system;
- additional storage.

As the facility is already currently shared by a number of clubs/groups, they are willing to continue sharing in any potential future multi-purpose facility development.

All of the respondents would be unable to contribute to any future development.

The Pastel Society (Art Club) indicated the potential need to increase their booking times and facility requirements due to their expected growth in the future. The Laurel Club (War Widows Club) indicated a desire to extend their existing booking.

Percy Doyle Football Tee-ball Clubrooms

The Percy Doyle Football Tee-ball Clubrooms is a City managed facility and is available to the community for hire on an annual, seasonal and casual basis. The facility consists of a large function room, kitchen, changerooms, toilets and various storerooms. Currently there are four (4) regular hire groups of the facility.

The City received three (3) completed surveys from the Stakeholder Consultation. This is a response rate of 75%. The respondents on average rated the existing facility as 'good' with the main areas of concern being the landscaping and lack of heating/cooling system and umpire facilities.

If the facility was to be refurbished or redeveloped in the future, the main items stakeholders would like considered include:

- playground;
- additional storage;
- plenty of shaded viewing areas;
- additional lighting to carpark;
- permanent scoreboard;
- heating/cooling system.

As the facility is already currently shared by a number of clubs/groups, they are willing to continue sharing in any potential future multi-purpose facility development.

Most of the respondents would be unable to contribute to any future development, however the Cricket Club indicated they would be prepared to contribute to the provision of a scoreboard.

Both the Cricket Club and Tee-ball Club indicated the potential need for additional playing fields due to their expected growth in the future.

Sorrento Football (Soccer) Clubrooms

The Sorrento Football (Soccer) Clubrooms is a leased facility managed by the Sorrento Football (Soccer) Club. The facility consists of a function room, kitchen, bar, changerooms, toilets and various storerooms.

The City received a completed survey from the Sorrento Football (Soccer) Club that rated the existing facility as 'fair' with the main areas of concern being the umpire facilities, floodlighting (on one pitch), spectator facilities and landscaping.

If the facility was to be refurbished or redeveloped in the future, the main items the club would like considered include:

- larger bar serving area and upgrade to cool room;
- improved spectator viewing area;
- more windows to view playing area;
- larger more secure storage areas;
- toilet upgrade.

The club would be willing to share function/meeting rooms in any potential future multi-purpose facility development. They have concerns about sharing kitchen and bar facilities due to the issue they feel exists with keeping stock separate. This concern could be managed through the allocation of separate bar/kitchen storerooms for each group that share a facility.

The club indicated they would be prepared to contribute funds (low thousands), expertise and labour to any future facility developments.

The club indicated the potential need for additional playing fields due to their expected growth in the future.

Sorrento Tennis Clubrooms

The Sorrento Tennis Clubrooms is a leased facility managed by the Sorrento Tennis Club. The facility consists of a function room, kitchen, office, pro shop, changerooms, toilets and various storerooms.

The City received a completed survey from the Sorrento Tennis Club that rated the existing facility as 'fair' with the main areas of concern being the heating/cooling, floor coverings and fencing.

If the facility was to be refurbished or redeveloped in the future, the main items the club would like considered include:

- better kitchen with new appliances;
- insulation and cooling system;
- improved spectator viewing/seating;
- improved floodlighting to courts;
- refurbished changerooms;
- better bar design;
- replace sloping grass banks on sunken courts with stonework.

The club would be willing to share function/meeting rooms and kitchens in any potential future multi-purpose facility development as long as separate lockable storage was provided.

The club indicated they would be prepared to contribute funds (up to \$20,000) to any future facility developments.

The club indicated that at this stage they do not expect to need any additional facilities in the future.

Sorrento Bowling Clubrooms

The Sorrento Bowling Clubrooms is a leased facility managed by the Sorrento Bowling Club. The facility consists of a function room, kitchen, office, bar, changerooms, toilets and various storerooms.

The City received a completed survey from the Sorrento Bowling Club that rated the existing facility as 'good' with the main areas of concern being the storage, spectator facilities, toilets, changerooms, landscaping and fencing.

If the facility was to be refurbished or redeveloped in the future, the main items the club would like considered include:

- improved BBQ facilities with surrounds and paving;
- large kitchen including coolroom, dishwasher, commercial oven/stove;
- spectator verandah attached to clubroom;
- outside toilet located at southern boundary of the club;
- additional smaller function room;
- adequate storage;
- 2 synthetic/carpet grounds preferably covered or enclosed.

The club also indicated that if a major development of the facilities was possible then they request the following for consideration:

- fully enclosed and air conditioned facility with 12 rink green or alternatively fully enclosed and air conditioned six rink green built to international standard with an additional two synthetic greens outside;

- Retain at least 2 or 3 of the existing grass greens for pennant play and state/international events;

The club would be willing to share function/meeting rooms and kitchen/bars in any potential future multi-purpose facility development provided the system of allocation is fair and equitable and under the control of a Management Committee.

The club indicated they have a very limited capacity to contribute to any future facility developments.

The club indicated that at this stage they do not expect to need any additional facilities in the future other than those detailed for a potential major redevelopment.

Undercroft Bridge Clubrooms

The Undercroft Bridge Clubrooms is a leased facility managed by the Undercroft Bridge Club. The facility consists of a function room, kitchen, office, meeting room, toilets and various storerooms.

The City received a completed survey from the Undercroft Bridge Club that rated the existing facility as 'good' with the main areas of concern being the size of the meeting/function room, office, kitchen and storage.

The club also expressed a willingness to share kitchen and toilets in any future multi-purpose facility development, however would prefer exclusive (sole) use of a meeting/function room to accommodate their needs

Duncraig Leisure Centre

The Duncraig Leisure Centre is a City managed facility and is available to the community for hire on an annual and casual basis. The facility consists of a sports court, kitchen, reception, gym, crèche, workshop, committee room, craft room, studio, playgroup room, toilets and various storerooms. Currently there are 24 regular hire groups of the facility.

The City received 11 completed surveys from the Stakeholder Consultation. This is a response rate of 45%. The respondents on average rated the existing facility as 'fair' with the main areas of concern being the heating/cooling, paths/access, gym, changerooms, carpark and floor coverings.

If the facility was to be refurbished or redeveloped in the future, the main items stakeholders would like considered include:

- improved children's playground with 0-5 years friendly equipment and better seating and shaded areas;
- refurbished kitchen;
- cooling system (that does not interfere with flight of badminton shuttles) in the sports hall or better ventilation for fresh air;
- new badminton poles and nets;
- additional storage for gym equipment;
- kiosk and seating area;
- improved access to the building;
- toilet refurbishment;
- changeroom refurbishment;
- sprung timber floor in studio room;
- updated crèche equipment;

- committee room refurbishment.

The playgroup, sewing club and two badminton clubs indicated the potential need to increase their booking times and facility requirements due to their expected growth in the future.

COMMENT

From the 43 regular hire groups of the facilities at Percy Doyle Reserve, 27 provided feedback during the Stakeholder Consultation. This is a response rate of 63%. The majority of groups that did not respond to the consultation use the Duncraig Leisure Centre.

The responses received through the stakeholder consultation confirm the City's assessment that many of the facilities are in need of refurbishment and some, like the Leisure Centre, are in need of major works and redevelopment. Given the age of the majority of the facilities in the next few years, the City will be required to undertake significant maintenance and renewal works.

The results of the consultation also highlights the support from the current stakeholders for any redevelopment at the site to involve multi-purpose and shared facilities. Most are already currently sharing facilities. Those on a lease arrangement are willing to share function/meeting and bar/kitchen facilities provided access and management is undertaken in a fair and equitable basis and separate individual storage areas are provided for each group.

Given the results of the Stakeholder Consultation, it is recommended that the Percy Doyle Master Plan proceed to the next stage of the project which is wider community consultation with residents to gain an understanding of their views for the future facility provision of the site. The results of this consultation can then be collated and presented to Council for further direction on the project.

Percy Doyle Reserve Master Plan

Frequently Asked Questions

1. Where is the Percy Doyle Reserve and what facilities are provided there?

Percy Doyle Reserve is the largest active sporting park in the City. It is a regional park, servicing both the local area and surrounding suburbs. It is bounded by Warwick Road, Marmion Avenue and Chessell Drive, Duncraig and covers an area of 17.08 hectares.

The park has four (4) active sporting grounds, a wide range of sporting infrastructure and ten (10) buildings (including a library and leisure centre) that currently service both the local community and approximately 40 sporting clubs and community groups. The facilities and sports grounds were developed on an ad-hoc basis to meet the specific needs of individual sporting clubs and groups over a number of years.

2. What is the purpose of this consultation?

The age, condition and number of facilities within the Percy Doyle Reserve have prompted the City to consider the best approach to managing them in the future. The process of Master Planning involves consideration as to whether facilities can be multipurpose and shared by a number of groups. As part of this project, the City will look at the number and use of all

current buildings at Percy Doyle Reserve and the designing of facilities to be flexible spaces that are multipurpose and cost effective to maintain. This may ultimately involve clubs sharing facilities, sporting grounds, community buildings, car parking and other spaces. Consultation with the community is a very important part of this Master Planning project.

This consultation will inform the City on:

- how people currently use the facilities and public open spaces; and
- the level of support for a range of uses and options for the future of the site.

3. Who is being consulted?

The major users of the sporting facilities are the 40 clubs and groups already active on the reserve and initial consultation has been held with representatives of those groups.

Whilst the needs of these clubs and groups are important when thinking about how best to manage the sporting facilities in the future, the needs of local residents who use or visit the reserve is also very important.

The City will therefore be directly consulting with the following stakeholders:

- Residents within a 200 metre radius of the site;
- A random sample of residents living in the suburbs of Duncraig, Marmion, Sorrento, Greenwood, Warwick, Hillarys, Padbury and Kingsley;
- Representatives from current facility user groups; and
- Representatives from the local Resident's Association.

However, anyone interested in the Master Planning of Percy Doyle Reserve can also be involved in the consultation by completing the online survey on the City's website.

4. How is the community being consulted?

The community will be invited to complete a survey, which will be sent directly to all stakeholders identified above. However there will also be advertisements in local newspapers and the survey will be available on the City's website for those people who wish to be involved but have not been sent a copy directly.

5. When does the Community Consultation period close?

The consultation process will commence on Monday 20 February 2012 and will conclude on Friday 9 March 2012 allowing a three week period for people to complete and return their surveys to the City.

6. What happens next?

The community consultation findings will be analysed, and a report will be presented to Council seeking endorsement to progress to the next stage of the Master Planning process – Concept Design. During this stage, a draft concept plan will be developed based on the outcomes of the consultation, which will then be put out for community feedback before the project progresses any further.

The report on this initial consultation and Council's decision to progress to Concept Design will be published on the City's Community Consultation page for viewing.

7. Who do I contact for more information on the project?

The City's Projects Coordinator - Leisure Planning on **9400 4221** or email **info@joondalup.wa.gov.au**

SURVEY BACKGROUND

Percy Doyle Reserve Master Plan

Percy Doyle Reserve is bound by Warwick Road, Marmion Avenue and Chessell Drive, Duncraig. It is the largest active sporting park in the City of Joondalup with a size of 17.08 hectares. It is Crown Land vested in the City for the purpose of parks and recreation. It is classified as a Regional Park, meaning that it services not only the local area but also the surrounding suburbs in the northern corridor.

The park has four (4) active sporting grounds, a wide range of sporting infrastructure and ten (10) buildings (including a library and leisure centre) that currently service both the local community and approximately 40 formal sporting clubs and groups.

Much of the existing infrastructure is in need of upgrade or is approaching the end of its life span. In the next few years, the City will be required to undertake significant maintenance and renewal works at the park. Rather than focus on maintaining existing assets, there is a unique opportunity to create a long-term sustainable plan for Percy Doyle Reserve to meet the future needs of the community.

The Percy Doyle Reserve Master Plan commenced in March 2009 and will undertake the following process in line with the City's adopted Master Planning Framework:

STAGE		ANTICIPATED COMPLETION
1	Project Initiation and Planning	Completed
2	Needs and Site Analysis Community Consultation Report to Council with results of Community Consultation	Completed June 2012
3	Concept Design	September 2013
4	Feasibility Analysis	January 2014
5	Funding and Approvals	Timeline to be determined
6	Construction	Timeline to be determined
7	Operations and Review	Timeline to be determined

In accordance with the City's endorsed Master Planning Process, Community Consultation will take place in stages 2, 3, 6 and 7 of the project.

Percy Doyle Reserve Master Plan: Community Consultation Survey

The purpose of the proposed community consultation survey was to provide an opportunity for the community to make comment on how on they currently utilise the facilities at Percy Doyle Reserve and their level of support for a range of development options for the site.

The consultation consisted of a “frequently asked questions” sheet (Attachment 1) and feedback survey (Attachment 2) that was distributed/advertised via the following methods:

- A direct mail out to:
 - a. residents within a 200 metre radius from the site;
 - b. a random sample (taken from an Electoral Roll extract stratified by age range to reflect the demographics of these suburbs) of residents living in the suburbs of:

Duncraig	Greenwood
Marmion	Warwick
Sorrento	Kingsley
Hillarys	Padbury

(the random sample was representatives from current facility user groups; and
 - c. representatives from the local Resident's Association.
- Site signage (three) advertising the consultation to be placed at each of the access roads into the site.
- Public Notice advertisements (two) placed in the Community Newspaper.
- Information included on the City's Community Consultation page of the website.
- Posters distributed to the City's Libraries, Leisure Centres, Customer Service and Recreation Services Bookings Office for display during the consultation period.
- Information to be displayed on the information screen located in the reception area at the City's Administration Building.
- Information added to The City's Club Development E-newsletter with links to the website for further details or to download survey.

The community consultation survey was undertaken in line with the City's Community Consultation and Engagement Policy and Protocol and was open for the required 21 days (closing 5.00pm Friday March 9).

COMMUNITY SURVEY SAMPLING STATISTICS

OVERALL SAMPLE

POPULATION	2919
SAMPLE ACHIEVED	473
RESPONSE RATE FOR POPULATION	16.20%
SAMPLE REQUIRED TO MEET OAG STATISTICAL STANDARD (ie 95% Level of Confidence & +/- 5% Sampling Error Interval)	340
SAMPLING ERROR INTERVAL AT THE 95% CONFIDENCE LEVEL	+/- 4.13%

Please note, the *Sample* obtained (n=473) exceeded the minimum number required (n=340) to meet the OAG's statistical standard for the given *Population* (N = 2919).

Therefore, generalisations from the *Sample* to the *Population* can be made with confidence.

SAMPLE PROVIDING RESPONSES TO ALL DEMOGRAPHIC QUESTIONS

POPULATION	2919
SAMPLE ACHIEVED	455
RESPONSE RATE FOR POPULATION	15.59%
SAMPLE REQUIRED TO MEET OAG STATISTICAL STANDARD (ie 95% Level of Confidence & +/- 5% Sampling Error Interval)	340
SAMPLING ERROR INTERVAL AT THE 95% CONFIDENCE LEVEL	+/- 4.22%

Please note, the *Sample* obtained (n=455) exceeded the minimum number required (n=340) to meet the OAG's statistical standard for the given *Population* (N = 2919).

Therefore, generalisations from the *Sample* to the *Population* can be made with confidence.

ANALYSIS AND REPORTING DEFINITIONS

Statistical Tables:

'**Frequency**' refers to the number of *Respondents* who indicated that particular response.

'**Percent**' is used to express a proportion of an amount in hundredths.

'**Valid Percent**' refers to the *Percent* when missing values have been excluded from the calculation.

'**Cumulative Percent**' refers to the accumulation of the *Valid Percent* with each category.

'**Left Blank**' refers to the number of missing/blank response provided by respondents.

'**Total**' refers to the overall sample statistics.

Qualitative Summaries:

'**Agree**' refers to the combined categories of Strongly Agree and Agree.

'**Disagree**' refers to the combined categories of Strongly Disagree and Disagree.

'**Respondents**' refers to the participants who provided a response for that particular question.

'**Percent**' refers to percentage of *Respondents*

Please note: that percentages have been rounded off to the nearest even whole percent
 i.e. 10.5 rounded to 10
 13.5 rounded to 14

EXECUTIVE SUMMARY

SAMPLING:

- A total of 473 responses were received via the online and paper survey methodologies
- 18 of the 473 responses did not provide answers for all five of the compulsory demographic questions and were consequently removed from the main *Sample* (n=455)
- The *Sample* obtained (n=455) exceeded the minimum number required (n=340) to meet the OAG's statistical standard (ie 95% Level of Confidence & +/- 5% Sampling Error Interval) for the given *Population* (N = 2919). Therefore, generalisations from the *Sample* to the *Population* can be made with confidence.

SEGMENTATION:

- 23% (n=106) of the survey responses provided were from individuals living within 200m of Percy Doyle Reserve.
- 75% (n=341) of the survey responses provided were from individuals living in suburbs listed on the questionnaire (not including those that lived within 200m of Percy Doyle Reserve)
- 99% (n=449) of the survey responses provided were from individuals living within the City of Joondalup.

SECTION A: DEMOGRAPHICS

- 62% of the survey responses were provided by Females; 38% by Males.
- Almost half of the respondents (48%; n=219) indicated that they lived in '**Duncraig**', with all other suburbs being below 10%.

SECTION B: SURVEY QUESTIONS

Use of Percy Doyle Reserve Facilities:

- 9% of respondents indicated that they used the Bowling Club on at least a monthly basis
- 20% indicated that they used the Community Facility on at least a monthly basis
- 25% indicated that they used the Duncraig Leisure Centre on at least a monthly basis
- 58% indicated that they used the Duncraig Library on at least a monthly basis
- 57% indicated that they used the Parks on at least a monthly basis
- 15% indicated that they used the Sporting Clubrooms on at least a monthly basis
- 16% indicated that they used the Tennis Club on at least a monthly basis

Member of a Sporting Club or Community Group:

- 23% of respondents indicated that they were a member of a sporting club or community group using the facilities at Percy Doyle Reserve.
- The clubs most frequently referenced were Sorrento Bowling Club, Sorrento Duncraig Football Club, Sorrento Soccer Club, and Sorrento Tennis Club

Condition of Facilities:

- 31% of respondents *Agreed* that the access path lighting is adequate. 14% *Disagreed*.
- 46% *Agreed* that the access paths are well maintained. 10% *Disagreed*.
- 48% *Agreed* that the buildings are clean and well maintained. 9% *Disagreed*.
- 63% *Agreed* that the car parking bays are well maintained. 4% *Disagreed*.
- 69% *Agreed* that the parks are well maintained. 2% *Disagreed*.
- 44% *Agreed* that the provision of access paths is adequate. 12% *Disagreed*.
- 15% *Agreed* that the provision of seating/shade is adequate. 35% *Disagreed*.
- 29% *Agreed* that the sporting area lighting is adequate. 7% *Disagreed*.
- 19% *Agreed* that the sporting area spectator facilities are adequate. 18% *Disagreed*.
- 46% *Agreed* that the sporting ovals are adequate. 2% *Disagreed*.
- 54% *Agreed* that the sporting ovals are well maintained. 2% *Disagreed*.
- 40% *Agreed* that the tennis courts/bowling green are well maintained. 1% *Disagreed*.
- 45% *Agreed* that there are enough parking bays. 13% *Disagreed*.
- 38% *Agreed* that there are sufficient spaces for informal/family activities. 19% *Disagreed*.
- 48% *Agreed* that there are sufficient spaces for organised sport. 3% *Disagreed*.

Additional facilities:

- 76% of respondents *Supported* BBQ/picnic areas, as a possible additional facility for Percy Doyle Reserve. 5% *Did not support*.
- 72% *Supported* Dual use paths (bike/walking), as a possible additional facility for Percy Doyle Reserve. 10% *Did not support*.
- 73% *Supported* Playgrounds, as a possible additional facility for Percy Doyle Reserve. 4% *Did not support*.
- 75% *Supported* Public Toilets, as a possible additional facility for Percy Doyle Reserve. 8% *Did not support*.
- 54% *Supported* Sporting oval/areas, as a possible additional facility for Percy Doyle Reserve. 8% *Did not support*.
- The most frequently requested additional facilities not included on the questionnaire were:

Within 200m of Percy Doyle (n=56):

Swimming pool
Fitness centre
Dog exercise areas

Picnic area
Basketball courts

Suburb listed on questionnaire (n=160):

Swimming pool
Amphitheatre
Skate park.

Dog exercise areas
Exercise equipment

Other City of Joondalup suburbs (n=1):

More car parking near Duncraig recreation centre

Suburbs outside the City of Joondalup (n=2):

Improved building/shelter for croquet club
Upgrade to play group

Further Comments:

The most common themes noted amongst the further comments were:

Within 200m of Percy Doyle (n=43):

- Upgrade of leisure facilities
- Undesirable criminal behaviour
- Family facilities

Suburb listed on questionnaire (n=124):

- Upgrade of leisure facilities
- More Natural/nature
- Multi-sport facilities

Other City of Joondalup suburbs (n=1):

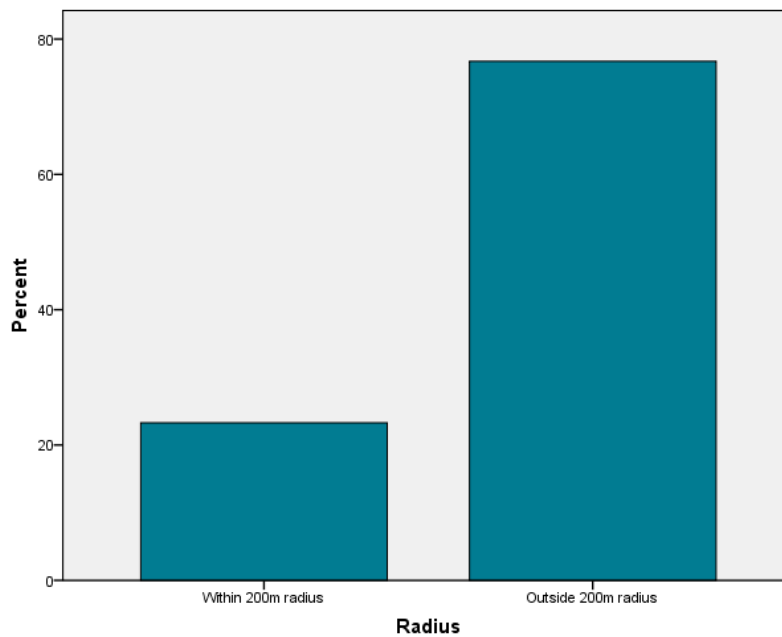

- Current uses of facility.

Suburbs outside the City of Joondalup (n=1):

- Upgrade toilets and lighting.

9% of respondents indicated that they used the Bowling Club on at least a monthly basis;
with 91% declaring that they had never used the Bowling Club

Bowling Club Comments

Within 200m of Percy Doyle

Have been to social events there
I may in the future
I use it three to four times a week
Probably in the future
Probus meetings
Two times on summer pennants
We do not get opportunity to use but think it is important to keep
Well run club

Suburb listed on questionnaire

A few roll ups
At present I am working too much to enjoy the recreational facilities.
Considering joining in next twelve months
Five times per week
Have been to watch friends play
Have not used the reserve since our dog passed away and I have joined the gym, so do not walk there now.
Husband bowls twice a week
I am a member
I have a friend who loves it and plays weekly
I have only moved to Duncraig in December and in all that time, until one week ago I have had a broken foot and been wheelchair bound.
I have used it three or four times in last year or two
I play darts in an away team against the bowling club
I walk around the reserve once or twice a week and I find it left in good condition at all times. A public toilet would be a bonus.
Infrequent use of the facility over the year
Live closer to Carine open space
Maylands bowling club weekly
My three children and I all play sport. The reserve has none of the sports we do. Hockey, rugby, squash and a good gym. We therefore have to travel and it is pointless completing the rest of the survey. Also pool. Hello Craigie Leisure Centre
Occasionally
Several times each week
We need more croquet greens
Will do when kids get older
Will join in the future
Would consider using later in life

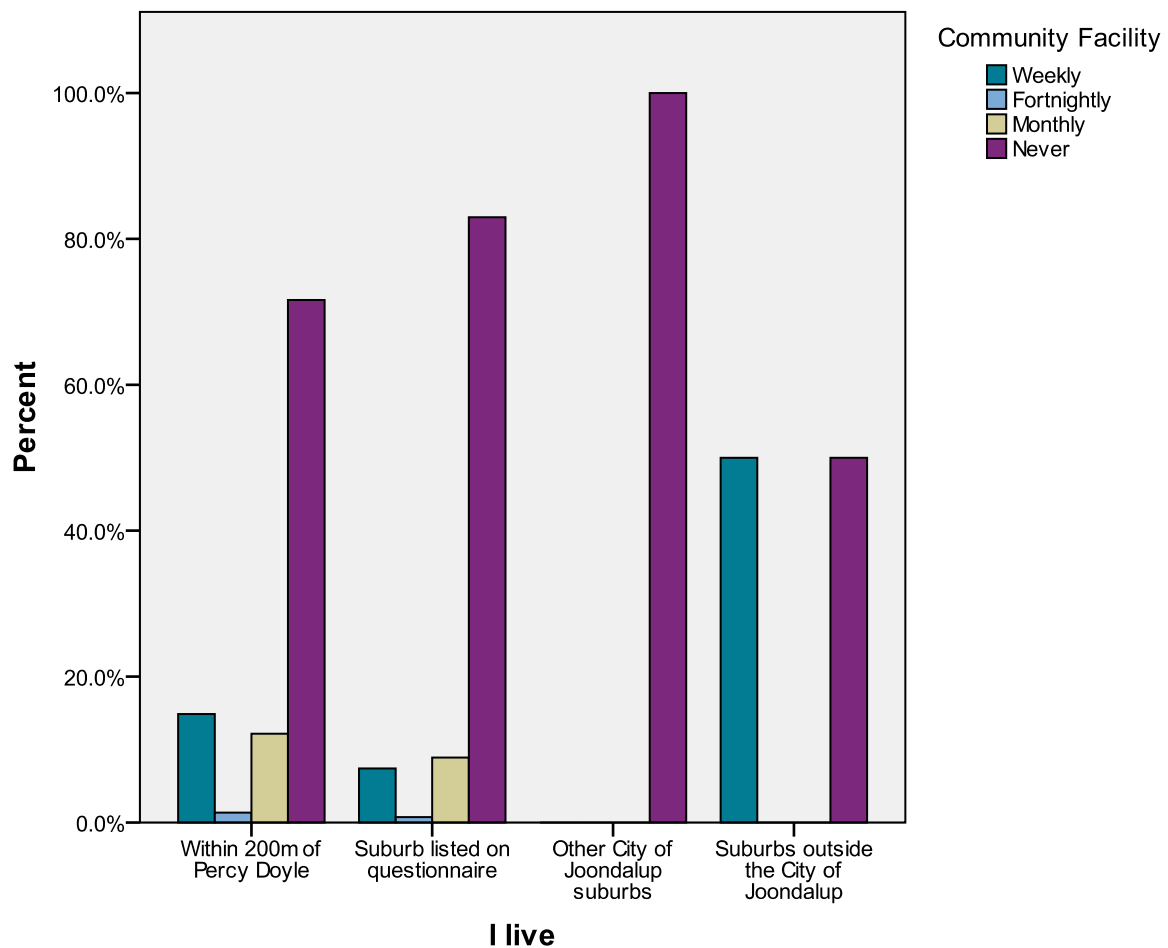

Other City of Joondalup suburbs

Suburbs outside the City of Joondalup

The grounds are available to use daily by all members including myself.

Qualitative Summary:

16% of respondents indicated that they used the Tennis Club on at least a monthly basis; with 84% declaring that they had never used the Tennis Club.

Tennis Club Comments

Within 200m of Percy Doyle

Accompany my son when he has tennis lessons
But would like to in future
Casual tennis
During school holiday camps
Former member, would use if had grass courts
In the past, may pick it up again
Not on a regular basis but do use
Occasional
Plan to use in future - 2013
Rent it with friends - courts
Sometimes use

Suburb listed on questionnaire

Am considering joining tennis club
Children use the facilities weekly
During school holidays
For school
Have attended a function in the tennis club rooms
Have used in the past
I used to play tennis regularly for approximately ten years
Interested in future
Live closer to Carine open space
May use in future
Members of Sorrento tennis club
Membership
Only in summer
Socially occasionally
Too expensive for frequent use
Used previously - summer two years ago
Used tennis club in past
Used to use until recently
We used to use it weekly
Will join next season

QUESTION B5

Are there any other facilities that you would like considered in the future planning at Percy Doyle Reserve?

Other Facilities (Verbatim)

Within 200m of Percy Doyle

A better gym
 Any area for dogs to exercise
 Aquatic facilities
 Auditorium pond/picnic area
 Basketball court
 Basketball ring
 Cafe/restaurant
 DIY fitness facilities
 Dog area
 Dog exercise
 Dog walking areas even if restricted hours and on lead
 Exercise programs for over fifty's
 Fitness circuit (outdoors)
 Footpath uneven around oval, I have tripped and fallen down
 Grass tennis courts
 Heavy wooded areas
 Improved basketball facilities
 Increased parking/road control on Chessell Drive
 Indoor archery centre
 Indoor multi sports
 Indoor pool
 Major gymnasium
 More seating on the ovals
 New leisure centre activity rooms
 No
 Outdoor swimming/lap pool
 Outside toilet block for bowling club
 Park benches under trees
 Parks see below
 Perimeter walking paths. Marri reserve is an example
 Playground
 Playground with shaded sandpit area like Carine open space, Oakley Rd side
 Pool
 Public toilets
 Public toilets at Chessell Drive end
 Sewerage to the area
 Shaded areas
 Shaded walk area
 Skate park
 Squash courts
 Stand out picnic area
 Stretch bars, exercise bars
 Sustainable/eco playground
 Swimming pool
 Swimming pool
 Swimming pool
 Swimming pool (50m)
 Swimming pool 50m
 Tables and chairs for picnics
 Toilets
 Upgraded basketball court/netball for public use
 Water areas
 Water feature
 Water fountains

Wind protection for tennis courts (sea breeze)

With a lot of retired people in the area, a dog park would be a good thing with a walk/swim facility.

Suburb listed on questionnaire

A better tennis wall(s) to hit against with enough space in front of it

A proper stand at the football ground that could sit say 100 people

Access for both elderly and handicapped - eg wheel chairs

Air-con

Amphitheatre, place for creative art

Amphitheatre/stage

An approx 200 seat outdoor night use amphitheatre

An outdoor swimming pool

Aquatic centre/swimming pool

Assault course for dogs

Barbecue areas

Basketball hoop

Basketball hoop

Basketball ring

BBQ facilities

Benches for spectators

Better kitchen facilities

Bigger library

BMX track

Bowling club kitchen is totally inadequate

Bowling club needs one carpet green

Cable water ski park

Cafe

Cafe

Cafe

Cafe

Children's play ground

Circuit training/exercise next to walking track

Coffee shop at library

Community garden

Community theatre

Community vegetable garden

Community vegetable garden (plots available for ratepayers use)

Consider your ageing community

Covered seating (soccer)

Cycle paths (dedicated)

Disabled parking, increase where seniors and legacy meet

Disabled swing (wheelchair access)

Disabled parking - library (increase lower)

Dog activity/exercise play area ie; special area with dog equipment

Dog exercise area

Dog exercise area

Dog exercise area - off lead

Dog off lead exercise area - fenced

Dog play ground enclosed

Drinking fountains

Drinking water fountains

Drop off access for seniors

Emergency contact phone

Equipment storage (football/cricket oval)

Exercise equipment

Exercise equipment/circuit for general public use

Exercise facilities/machines

Extension of the bridge club

Extra toilet far side bowling club

Farmers market area/event space

Fit-for-parks outdoor gyms

Fitness centre with long opening hours and more facilities.
 Fitness circuit outdoors (like at Scarborough)
 Footpaths crisscrossing the park land
 Golf driving range
 Golf practice net
 Gym
 Hire bikes
 Hockey facilities
 I am quite satisfied regarding future planning
 I support these facilities depending on space. When first settling in Hillarys 36 years ago, Percy Doyle reserve was our main facility, we used the library. My son was a tennis club member, I used the community facilities often.
 Indoor facilities eg squash, indoor cricket, basketball
 Indoor pool facility like pot black
 Indoor ten pin bowling facility
 Insufficient toilets
 Just keep what we have and improve it
 Licensed community/club house
 Lighting on croquet greens
 Lighting suitable for night sports (amateur)
 Living water feature - frogs
 More croquet greens
 More facilities for children like the rotary park in Wanneroo
 More trees
 More user friendly for the disabled
 Music amphitheatre
 N/A
 N/A
 Natural play ground
 Need more seating
 Netball/basketball court
 New sport club room
 Nil
 Nine hole pitch and putt
 No
 No
 No
 No
 No
 No
 No
 No
 No
 No
 Not applicable for me
 Nothing stands out to an over 85 year old
 Off leash dog area
 Open air swimming pool
 Outdoor fitness circuit –e.g. do sit ups here to encourage fun outdoor activity
 Outdoor fixed exercise equipment
 Outdoor movies
 Outdoor performance area/stage
 Outdoor picture theatre in summer as at Joondalup
 Outdoor theatre
 Outdoor toilets at bowling club
 Picnic and BBQ area with dogs allowed
 Play grounds
 Pool/spa
 Pools
 Pools
 PTO - comments

Public swimming pool
 Public toilets
 Purpose built pottery/art studio
 Refit football clubrooms with more shade
 Same
 Seniors activities
 Shaded areas for picnics and BBQs
 Shading
 Shading for car parks
 Shelter/shade at all grounds
 Skate board area
 Skate park
 Skate park
 Skate park
 Skate park
 Skate park for different levels i.e. kids/beginners. Do not get in the way of older more experienced skaters.
 Skate parks - easy and difficult
 Skateboard park
 Skating rink for teenagers. Picnic area with trees and seats
 Squash courts
 Swimming
 Swimming facilities
 Swimming pool
 Swimming pool
 Swimming pool
 Swimming pool
 Swimming pool and health club
 Swimming pool area one and three
 Swimming pool complex
 Toddler water play area
 Turf for Whitfords hockey club
 Undercover bowling green
 Upgraded gym / leisure centre
 Upgraded library
 Volleyball nets
 Walking path circumnavigating the whole reserve, with marked distances for recreational walk/run.
 Walking/exercise pathway
 Water activities
 Water fountain
 Water garden to encourage walking to an attractive destination and save frogs/ birds otherwise it is very boring
 Water slide park for kids
 With surveillance
 Your recreation facilities
 Youth club

Other City of Joondalup suburbs

More car parking near Duncraig recreation centre

Suburbs outside the City of Joondalup

Improved building/shelter for croquet club

Upgrade to play group

Qualitative Summary:

The most frequently requested additional facilities were;

Within 200m of Percy Doyle (n=56)

Swimming pool	Fitness centre	Dog exercise areas	Basketball courts	Picnic area
---------------	----------------	--------------------	-------------------	-------------

Suburb listed on questionnaire (n=160)

Swimming pool	Amphitheatre	Exercise equipment	Dog exercise areas	Skate park
---------------	--------------	--------------------	--------------------	------------

Other City of Joondalup suburbs (n=1)

More car parking near Duncraig recreation centre

Suburbs outside the City of Joondalup (n=2)

Improved building/shelter for croquet club
Upgrade to play group

QUESTION B6

Are there any further comments about Percy Doyle Reserve you would like to make?

Further Comments (Verbatim)

Within 200m of Percy Doyle

A fenced play ground would be good

A general facelift and more suitable for younger families.

A percentage of tennis courts should be available for public use at all times (not just the out of the way court) put up natural barriers to protect tennis courts from wind in the afternoon.

Access from Chessell Drive needs improvement. Very narrow pedestrian path on access street. No pedestrian path near bowling centre coming from Chessell Drive.

Always looks good

An upgrade of the leisure centre would be good. The facility is quite old and dated and not particularly inspiring, particularly rooms at back of centre including crèche. Gym needs modernising.

As my back fence is on Percy Doyle reserve we have a constant problem with hooners in the sports area car parks. I have had reason to call the police on many occasions. This noise often wakes us in the middle of the night. Can speed humps be considered?

Being 83 years old my use is limited but from my observations the city is progressive and does a lot for its citizens.

Chessell Drive road is dangerously wide with drivers not understanding whether it is one lane or two in each direction. This makes access to Percy Doyle dangerous, particularly as many users of Percy Doyle during peak times park on verge of Chessell Drive

Could get facilities developed through joint shire and private enterprise ventures.

Do not agree to any new public facilities being located near or next to residential boundaries

Do not know how valuable my feedback would be as I am not a frequent user of Percy Doyle reserve.

Duncraig Leisure Centre requires upgrading and refurbishment including the gym facilities and crèche.

Fitness classes and memberships are not competitive with local gyms.

I am a former member of the Sorrento Tennis Club and left because of hard courts. Would play there if there were grass courts. Also a regular former user of soccer/football grounds and perhaps another public toilet would be useful (Chessell Drive end). Otherwise facilities were adequate. I have not used for some years so don't know current situation.

I believe the council planning has been very good. It would be most difficult to alter the facilities which I believe are very adequate.

I think that the through road in front of bridge club should be closed off. Motorists speed through there making it difficult for us older bridge club members to cross the road from our cars to the bridge club.

If picnic areas and playgrounds may need more parking if not within walking distance. Nothing that would encourage young trouble makers to deface.

It could be nice if part of the old tennis/basketball area was turned into an attractive garden, making use of existing trees and newly planted lawn, with easy access pathways, benches, and garden beds of native plants. It would be a pleasant place to visit, especially for the many elderly residents who live nearby.

It is well used for organised/club sport or activities, but not so well for general public use (eg: walking, riding, picnics, kites etc) paths. Shades and tables would help. Permitting dogs at certain times or places would also be good.

Shame the tennis courts were removed – they were a well used public facility by people of all ages.

More bins - particularly for dogs

No need to water daily. Water every second day or so like the rest of us and be water wise.

No night clubs or discos thank you. Occasional noise, stops at 1130 approx is acceptable. Cars use to park on our nature strip. That ceased about 15 years ago so parking must be ok now. Do not get any mad design ideas like the City of Perth thank you.

Often hear people riding motor bikes through the reserve at night and cars doing burnouts in the car parks. A lot of rubbish in the park after sporting games - more bins in more locations needed.

Overall pleased with the facilities

Percy Doyle reserve is over ridden by car parks and sports oval. Considering the senior population in the area there should be at least an area of leisure, shaded areas where people can sit and relax, read and chat.

Please make sure you do not add anything to the top part along Chessell Drive as many of us have ocean views and we do not want it obstructed. I absolutely love this park and enjoy watching so many people enjoy it.

Please no more mobile phone towers around our area especially near young children's playgrounds and sporting ovals

Positive control of powerful lights on sporting fields of an evening to ensure that energy is not wasted when no training is taking place. (it is raining)

Seldom

Shaded playground area

Sporting clubs need their own facilities

Such a large area is under-utilised. More family friendly areas eg: playgrounds/BBQs would be great, there is very

little for young children

The odd time I have been to sporting events I have been quite impressed with the area.

The public areas could be utilised more. Extra seating, playgrounds, BBQs and toilets are needed.

The reserve is currently a good balance of sporting facilities, a safe children and family environment blending with a good environment for local residents - keeping everyone happy.

There is hoon behaviour and late night loitering of vehicles (often in pairs) occurring in the car park off Chessell Drive most evenings. This could be addressed by considering better lighting and CCTV in the car park. Playgrounds and improving access paths.

WA is the only state in Australia that does not have an indoor archery centre and therefore misses out on indoor archery competition. The library is a great resource to be protected and expanded. Thanks.

We enjoy having the park near and maybe a few more seats for the oldies to sit on and enjoy would be good.

We have only recently returned to the area, so are unsure of all the facilities and relevant provisions. With a young child we will no doubt be utilizing and discovering the various amenities in the future.

We over look the Percy Doyle oval and would like to see more trees planted around the perimeters.

Wheel chair friendly footpaths and park for the elderly people in aged care facilities

Yes something needs to be done to stop hoons from doing wheelies and associated hoon driving behaviour in the car park area. Perhaps it needs to be closed each evening as per the car parking area at Seacrest.

Suburb listed on questionnaire

A community exercise day possibly - with life be in it fit-balls and activities to participate on a Sunday. Have a fitness focus to encourage kids to play outside and not inside.

A need to provide and maintain access for wheel chairs/gophers and electric scooters for disabled and older people. Safe and adequate access.

A swimming pool/aquatic centre would be beneficial for local community sporting groups, day care centre, local elderly retirement villages and leisure centre. Closest is Craigie Leisure Centre.

A venue such as Percy Doyle would be ideal to have lighting suitable for amateur night sport like cricket/football. It already has lighting for other sports and is far enough way from residences to not draw too many complaints.

A wonderful open space - well used - well kept. More seats please.

All our four children have grown up. They have all used Percy Doyle for sport during their childhood. All our children have stayed in the area as adults and hope their children will use Percy Doyle facilities in the future.

As I am not a member of any group using Percy Doyle facilities I can not comment on majority of questions. I use the library and my view of the reserve is - it is well maintained.

As my family are grown up I have not used Percy Doyle for eleven years.

As per B5, the current facility at the football oval appears adequate in size but the change rooms could be larger and more space could be provided for storage.

At present it is not welcoming, and access to areas is confusing. It is easy to get lost. As an interim measure better sign posting would help.

Being purely a library user I am unable to comment on other areas.

Better equipment and improved leisure centre. It is small, cramped and messy. Clean up pathways, more nice plants (near library), outdoor garden, cafe at library, better and bigger parking facilities.

Better tables and chairs in foyer of leisure centre. Air conditioning in main sports hall. Cafe in leisure centre

Bigger library with greater range of books latest videos computer teachers part time to assist senior people with problems.

Cheaper tennis court hire at least one basketball hoop

Community hall where aerobics is held gets great usage and there is no air conditioning. It is sweltering in the summer -need a mirror for aerobics also.

Croquet is a sport suitable for all ages and the Sorrento club being the most northerly in the city has potential to attract many more members from the northern suburbs. But, we desperately need more greens.

Definitely need multi use areas. Nature play has many benefits - low maintenance, liability, increased education, interactions, environmental sustainability. Create not just a sporting facility but also a place for all and entertainment Develop as the needs arises for the communities.

Due to medical science your population will be living longer. Keep us informed and do not take them for granted. Well done keep up your good work

Ensure access and facilities are easily accessed by disabled and elderly people. Security lighting at all parking areas.

Ensure that funds be available to support the expansion and improvement of the library.

Exercise path with equipment along the way (similar to Carine open space) more shade trees, community garden.

Facilities should have adequate access for people with disabilities. Paths to court-side and sides of sporting fields, seating, parking, toilets and unobstructed clear passage to all facilities for wheelchair access.

Fantastic green space in our urban areas. Vegetation needs to be retained wherever possible.

Fencing around ovals is sub standard

Fine as it is, spend funds elsewhere

Football/cricket club rooms require upgrading to suitable standard. Little viewing space during the wet. Under utilized internal space. Southern car park at footy oval requires more lighting and policing.

For the park area to be dog friendly - the City to provide "poo bags" at the bins

Good stuff, need this type of park, keep it up.

Great open space to visit

Great place for surrounding suburbs. Needs a little more security

Have you ever considered using re-cycled water from the sewage treatment plant in Whitford to water the ovals.

I agree it is predominately used by sporting clubs and could definitely be utilised and used more by the general community. Adding more facilities would definitely encourage this more.

I am an 83 year old pensioner and do not use the park at all.

I believe the reserve is long overdue a make over and needs to be modernised in a classic way, so it looks inviting to families and anyone else for walks, exercise or to look out upon.

I do not use or visit these facilities

I do not use the facilities at the moment. My children played tee ball years ago at the facility. I also used to attend weight watchers meetings and aerobic classes there.

I feel as there is an increase in the aged population, that all under B1 should be kept as they are at present. Maybe there could be a walkway similar to what has been achieved at Marri Park on Marri road Duncraig

I have not had anything to do with facilities for the last eight years so found it difficult to make comment.

I hope the library will be renovated and maintained in this precinct.

I look forward to the non-sporting club members, to have better access and use of the large open spaces.

I support these facilities depending on space. When first settling in Hillarys 36 years ago, Percy Doyle reserve was our main facility. We used the library, my son was a tennis club member, I used the community facilities often.

I understand the grass has difficulty growing due to all the limestone underneath.

I wish the tennis court hire was not so expensive, or else I might go twice a week.

I would hate the area to be developed for housing as it adds value to the area and I am a strong proponent of having flora for fauna i.e. having plenty of native trees to support native animals even small insects and spiders which are destroyed by develop

I would like some extra seating available as I have had bone marrow transplant and need seating available thank you

If this is just another land grab by greedy councils and land developers disguised as public consultation then it is unacceptable.

Is it possible to plant more trees for shade cover for library and leisure centre parking bays? As there will be more seniors a community veggie patch is vital.

It is a great facility which needs to be improved over time to cater for a growing population

It is a magnificent area set aside for sports and leisure, it adds a lot to the neighbourhood and I would hate it to be devalued or detracted from in any way. There should be no more housing built on it, like the over 55s homes on the corner of Chessell Drive.

It is a precious asset that must never be lost or overdeveloped. Open spaces are vital, as are shared facilities which will keep buildings to a minimum.

It is great to know areas like Percy Doyle reserve still exist in the area. I will be taking a trip there to see the facilities for myself.

It is in an excellent location and should be maintained. Native plants and parrot nesting boxes would make it an environmentally live area.

It seems to be a great reserve. Did play there many years ago, when first moved to Greenwood 1973.

Keep up the clean space above average

Library is always shut at weekends when I need to use it. I work full time and unless I can get there Saturday morning it is shut all weekend. Staff actually turn all the lights off so you can not see what you are looking for at 12.40!! Not easy to use

Marked running track - 1km/2km etc

More paths and stairs from playing areas to car park.

More trees and shaded areas for leisure and bench seats in shade areas. Some historical plaque at entrance/cultural awareness

My children played tee ball at Percy Doyle about 15 years ago. Facilities were only just adequate then

My wife and I do not use this facility because we are restricted in walking as we are both nearly eighty.

N/A

Need more shade and parking especially on Chessell during children's sporting activities.

Needs a proper circuit training/exercise facility round the reserve

Nice area

Nil

No

No

No thanks

No, apart from improving lighting on parking area close to leisure centre

No, apart from large facilities like this are key for large participatory sport groups in the city.

None

Not at the moment. I am now restricted in my use of the park area as I use oxygen 24/7 as a COPD patient. Hence my disable parking comments.

Not in my area. Ask me about the changes to Kingsley oval though, yes I approve all the new changes. It looks great.

Other than the club facilities there is very little. The city removed the public tennis and basketball courts, why? From the questionnaire it would appear the writer has not walked around the site to see what is or not there.

Our family no longer uses any facilities at Percy Doyle due to rudeness of COJ staff, unhelpfulness when trying to hire facilities our rates paid for. It seems community facilities are only for businesses who can afford to pay for weekly activities whereby they are making money. Community facilities do not seem to be for the community.

Parking of vehicles on verge/roadside of park fencing along Chessell Drive/Warwick Road during peak sporting activities causes traffic hazards for pedestrians on footpaths and drivers on roadways

Percy Doyle is well kept and seems to cater for most members of the community.

Picnic tables and BBQ facilities would be ideal for this location. Thank you

Please consider making nearby Granadilla Park the venue for improved BBQ/picnic/playground/toilets and leave Percy Doyle as a sporting focused venue.

Please do not ever re zone it for housing developments.

Please keep Percy Doyle reserve as a reserve not as a housing estate

Please retain native bush area

Pool facilities required as I currently have to drive all the way to Craigie Leisure Centre.

Public toilets in the Park brings in undesirables

Public toilets must be single cubicle type rather than block type.

Regret we do not use this reserve.

Saw playgrounds in NSW with 50m flying foxes and outdoor gym equipment

Sorry but I do not go there at all. Just drive through occasionally.

Sorry I have been of no help in this survey. Please discard this form unless it is needed for statistics.

Sorry, having passed the area frequently I have never used the area.

Thanks for the aerial view. Nice big area, just a little far for us.

That the Kingsley Park Master Plan should have been dealt with in the same manner. This community consultation is a better strategy than the Kingsley Park Master Plan, which was poor and I encourage the City of Joondalup to deal with any future projects.

The bowling club lights have an adverse impact on tennis players in the evening due to the unavoidable glare. Perhaps the lights can be angled to minimise the problem.

The Football Club Rooms are fairly old now. It would be good to have a multi sport clubroom with a bar in one location that could be shared by all the sporting clubs who use the venue. I know that a lot of people would prefer to have something like this.

The library desperately needs an upgrade. The interior is not inviting especially for young children/adults

The meeting room has a fan that is useless to cool the room because of its position. Switches work sometimes and sometimes not. They have been reported. Big four wheel drive cars should be banned from parking in small places eg; at the back entrance.

The park looks lovely whenever I drive past. Do not access it as I walk to closer parks or drive to dog beach for exercise.

The public toilets are very important in the areas in the park.

The soccer club grounds and spectator seating needs to be addressed.

The whole area needs to be opened up with access from the main roads. Facilities are not obviously visible to passers by even locals.

There was not provision in section b1 to tick if you have used in the past, so one I have left blank and commented.

This is a well known area and has been used as such for many years. Now our grand children will hopefully continue to do so.

Too far away for us to use

Upgrade the area between the day care centre and the community centre

Use tennis court space near library for other purpose eg; skate park there are no clear access paths on eastern half of Percy Doyle reserve. Develop area south of community centre. Leisure centre needs upgrading

Very disappointed that netball/basketball was removed. This took away casual facility used by families/kids in the area. A replacement would be great. The recreation centre should be upgraded. We pay a lot in rates but our facilities in our area are not well maintained. A lot has been spent on Craigie Leisure Centre which is good but our local rec centre is very old and does not offer anything near the amount of Craigie classes. Also the equipment is old (ie, the old things from Craigie). I think it is very good that all clubs have their own facilities.

Very good facilities for sporting activities but anything artistic is not represented. We need venues for local music/theatre groups and for open air concerts close to Marmion.

Very much appreciate the availability of group fitness activities at the Duncraig leisure centre. The equipment is always being upgraded and it has first class instructors - well done.

We are all lucky to have so much open space. Make sure it can never be rezoned. The pool at Craigie is lovely but we do not go any more, it is always too crowded.

We have asked for the past 5 years for a cupboard in the community hall kitchen. It is badly designed, crowded and needs input. Some groups have cupboards some have none.

Would like to be able to exercise myself and my dogs.

Would like to see a seagull island placed on the intersection of Ron Chamberlain drive and Warwick Rd. Impatient drivers often block this intersection. There was an accident there last week.

Yes it sounds to me the shire wishes to bulldoze the site so it can build over inflated high density housing and create a new heat sink so left wing policies can be supported.

You may notice that while I make no current use of these facilities they have been very beneficial to me as a youth. (basketball team, training there, tennis lessons etc) the existence and development of the Percy Doyle reserve is a use of city funds that I wholeheartedly support.

Other City of Joondalup suburbs

This facility is used by school on occasions. Heaviest use is tennis courts. Rec centre used for classes during Year 10 fitness unit. Ovals only if required for after school football.

Suburbs outside the City of Joondalup

There is no available toilet near croquet club which inhibits our elderly members to support their health conditions. The lighting is poor so night play is restricted.

Qualitative Summary:

The most common themes noted are provided below; including one verbatim comment representative of that theme.

Within 200m of Percy Doyle (n=43):

Upgrade of leisure facilities - "An upgrade of the leisure centre would be good. The facility is quite old and dated and not particularly inspiring, particularly rooms at back of centre including crèche. Gym needs modernising."

Undesirable criminal behaviour - "There is hoon behaviour and late night loitering of vehicles (often in pairs) occurring in the car park off Chessell Drive most evenings. This could be addressed by considering better lighting and CCTV in the car park."

Family facilities - "More family friendly areas eg: playgrounds/BBQs would be great, there is very little for young children"

Suburb listed on questionnaire (n=124):

Upgrade of leisure facilities - "Better equipment and improved leisure centre. It is small, cramped and messy. Clean up pathways, more nice plants (near library), outdoor garden, cafe at library, better and bigger parking facilities."

Natural/nature facilities - "More trees and shaded areas for leisure and bench seats in shade areas."

Multi-sport facilities - "The Football Club Rooms are fairly old now. It would be good to have a multi sport clubroom with a bar in one location that could be shared by all the sporting clubs who use the venue. I know that a lot of people would prefer to have something like this."

Other City of Joondalup suburbs (n=1):

Current uses of facility - "This facility is used by school on occasions. Heaviest use is tennis courts. Rec centre used for classes during Year 10 fitness unit. Ovals only if required for after school football."

Suburbs outside the City of Joondalup (n=1):

Upgrade toilets and lighting - "There is no available toilet near croquet club which inhibits our elderly members to support their health conditions. The lighting is poor so night play is restricted."

COMMUNITY CONSULTATION SURVEY: PERCY DOYLE RESERVE

for the

CITY OF JOONDALUP

SUMMARY OF RESULTS: MISSING DEMOGRAPHICS COHORT (n=18)

COMPILED APRIL 2012

Survey Enquiries:
Jeanette McQueen
Director

Analysis Enquiries:
Dr Shane Langsford

ANALYSIS AND REPORTING DEFINITIONS

Statistical Tables:

'**Frequency**' refers to the number of *Respondents* who indicated that particular response.

'**Percent**' is used to express a proportion of an amount in hundredths.

'**Valid Percent**' refers to the *Percent* when missing values have been excluded from the calculation.

'**Cumulative Percent**' refers to the accumulation of the *Valid Percent* with each category.

'**Left Blank**' refers to the number of missing/blank response provided by respondents.

Qualitative Summaries:

'**Agree**' refers to the combined categories of Strongly Agree and Agree.

'**Disagree**' refers to the combined categories of Strongly Disagree and Disagree.

'**Indicated**' refers to the number of respondents whom indicated in the affirmative.

'**Respondents**' refers to the participants who provided a response for that particular question.

'**Percent**' refers to percentage of *Respondents*

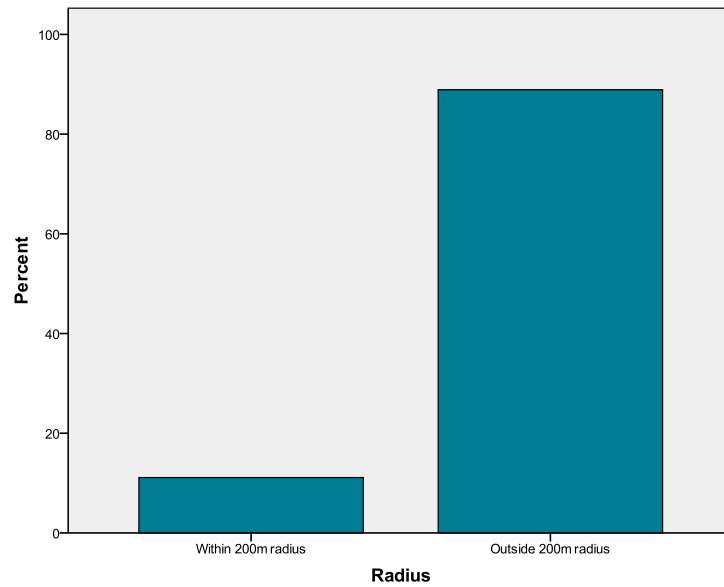

Please note: that percentages have been rounded off to the nearest even whole percent
 i.e. 10.5 rounded to 10
 13.5 rounded to 14

SEGMENTATION ANALYSES

For your survey response to be included, please complete the information below. Only one survey per person.

	Total	9	50.0	100.0	
Missing	System	9	50.0		
Total		18	100.0		

QUESTION B2

Are you also a member of a sporting club or community group using the facilities at Percy Doyle Reserve?

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	No	12	66.7	85.7	85.7
	Yes	2	11.1	14.3	100.0
	Total	14	77.8	100.0	
Missing	System	4	22.2		
Total		18	100.0		

		Frequency
Yes	COMMUNITY HALL MEETINGS	1
	SORRENTO SOCCER	1

QUESTION B3

In developing a plan for the facilities and public open spaces, the City needs to understand community perceptions about the condition of the facilities. Please indicate the extent to which you agree or disagree with the following statements.

Access path lighting is adequate

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly Agree	0	0	0	0
	Agree	4	22.2	26.7	26.7
	Neither agree nor disagree	3	16.7	20.0	46.7
	Disagree	3	16.7	20.0	66.7
	Strongly disagree	1	5.6	6.7	73.3
	Don't know	4	22.2	26.7	100.0
	Total	15	83.3	100.0	
Missing	System	3	16.7		
Total		18	100.0		

Access paths are well maintained

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly agree	1	5.6	6.3	6.3
	Agree	5	27.8	31.3	37.5
	Neither agree nor disagree	4	22.2	25.0	62.5
	Disagree	2	11.1	12.5	75.0
	Strongly disagree	2	11.1	12.5	87.5
	Don't know	2	11.1	12.5	100.0
	Total	16	88.9	100.0	
Missing	System	2	11.1		
Total		18	100.0		

Buildings are clean and well maintained

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly Agree	0	0	0	0
	Agree	6	33.3	46.2	46.2
	Neither agree nor disagree	4	22.2	30.8	76.9
	Disagree	1	5.6	7.7	84.6
	Strongly disagree	1	5.6	7.7	92.3
	Don't know	1	5.6	7.7	100.0
	Total	13	72.2	100.0	
Missing	System	5	27.8		
Total		18	100.0		

Car parking bays are well maintained

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly agree	2	11.1	11.8	11.8
	Agree	9	50.0	52.9	64.7
	Neither agree nor disagree	3	16.7	17.6	82.4
	Disagree	1	5.6	5.9	88.2
	Strongly Disagree	0	0	0	88.2
	Don't know	2	11.1	11.8	100.0
	Total	17	94.4	100.0	
Missing	System	1	5.6		
Total		18	100.0		

Parks are well maintained

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly agree	5	27.8	31.3	31.3
	Agree	7	38.9	43.8	75.0
	Neither agree nor disagree	2	11.1	12.5	87.5
	Disagree	0	0	0	87.5
	Strongly Disagree	0	0	0	87.5
	Don't know	2	11.1	12.5	100.0
	Total	16	88.9	100.0	
Missing	System	2	11.1		
Total		18	100.0		

Provision of access paths is adequate

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly agree	0	0	0	0
	Agree	7	38.9	43.8	43.8
	Neither agree nor disagree	6	33.3	37.5	81.3
	Disagree	1	5.6	6.3	87.5
	Strongly disagree	0	0	0	87.5
	Don't know	2	11.1	12.5	100.0
	Total	16	88.9	100.0	
Missing	System	2	11.1		
Total		18	100.0		

Provision of seating/shade is adequate

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly agree	0	0	0	0
	Agree	4	22.2	25.0	25.0
	Neither agree nor disagree	3	16.7	18.8	43.8
	Disagree	5	27.8	31.3	75.0
	Strongly disagree	2	11.1	12.5	87.5
	Don't know	2	11.1	12.5	100.0
	Total	16	88.9	100.0	
Missing	System	2	11.1		
Total		18	100.0		

Sporting area lighting is adequate

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly agree	2	11.1	12.5	12.5
	Agree	6	33.3	37.5	50.0
	Neither agree nor disagree	1	5.6	6.3	56.3
	Strongly disagree	1	5.6	6.3	62.5
	Don't know	6	33.3	37.5	100.0
	Total	16	88.9	100.0	
Missing	System	2	11.1		
Total		18	100.0		

Sporting area spectator facilities are adequate

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Strongly agree	1	5.6	6.3	6.3
	Agree	5	27.8	31.3	37.5
	Neither agree nor disagree	3	16.7	18.8	56.3
	Disagree	2	11.1	12.5	68.8

Total		18	100.0		

Sporting oval/areas

		Frequency	Percent	Valid Percent	Cumulative Percent
Valid	Support	7	38.9	50.0	50.0
	Neither support nor not support	5	27.8	35.7	85.7
	Do not support	2	11.1	14.3	100.0
	Total	14	77.8	100.0	
Missing	System	4	22.2		
Total		18	100.0		

QUESTION B5

Are there any other facilities that you would like considered in the future planning at Percy Doyle Reserve?

		Frequency
	Better gym	1
	Dog walking trails	1
	Kiosk	1
	More parking at entrance of hall	1
	Natural bush land areas	1
	Pool	1
	Skate park	1
	Swimming pool	1
	The ability to close off the car parks, which become places for hoons, late at night	1

QUESTION B6

	Frequency
Answered for Duncraig Play Group Inc	1
Enforce the dog poo penalties.	1
I am very happy with the land use, I would be extremely annoyed should the council decide to sub-divide or develop it for reasons other than community based.	1
It is my opinion as a long term resident that the current facilities are very adequate for the current level of activities presently conducted. Better management of scheduling and sharing resources will alleviate pressure on utilisation. Capping of numb	1
Teenage groups need involvement	1
Would like to see more planting of trees and native gardens, water feature, make the entrance stand out, art work.	1
Yes, do not remove this facility thank you.	1
