SUMMARY OF TENDER SUBMISSIONS

Tenderer Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Evaluation Score	Total Estimated Contract Value*
		Capacity	Demonstrated Experience in Providing Similar Services	Demonstrated Understanding of the Required Tasks	Social and economic effects on the local community		
Turfmaster Pty Ltd t/as Turfmaster Facility Management	Yes	It has been in operation for more than 20 years. It has 47 full-time staff. The submission set out the role and experience of five key management staff and four turf crew/operators. The equipment to be used for transport, preparation and installation was itemised.	It demonstrated considerable experience completing large-scale turf installation projects ranging in size from 5,000 to 130,000 square metres of turf for local governments and private organisations. Its major turfing developments include: Ascot Racecourse (85,000 square metres), Langley Park (20,000 square metres), Lark Hill Sports Complex (130,000 square metres) and Harmony Field Sports Complex (60,000 square metres). The company has turf installation contracts with the Cities of Rockingham, Swan, Kwinana, Stirling, Perth, Albany and the Towns of Cambridge and Port Hedland.	It demonstrated a thorough understanding of the requirements. The response addressed ordering, site inspection and marking, harvesting of turf, site preparation, laying and clean-up.	It is located in Bayswater. The company uses local businesses and a large proportion of employees are residents of the City.	73.9%	\$721,948 * Assuming no change in historical usage
All requirements have been met.		Both directors of the company were nominated to take after-hours and emergency calls and the company has the support from casual labour hire firms for additional requirements. A safety management plan was supplied which set out the various safety and environmental policies and procedures of the company. No safety record was provided. The company operates a management system compliant with AS/NZS ISO 9001:2008 (management) and AS/NZS ISO 14001:2004 (environmental).
