Reinforced Concrete Pipes Australia (WA) Pty Ltd trading as RCPA (WA) Pty Ltd  All requirements have been met.	Yes	It has been supplying stormwater drainage products throughout WA for over 17 years. It has four manufacturing plants in Perth, Melbourne and Brisbane. The structure of the business and details of key personnel including their years of experience were provided. The number of full-time employees was not supplied. It operates with an accredited quality management system to ISO9001 and has a safety policy in place. Copies of its safety policy and statistics were not provided. It indicated all its safety records are available for inspection on site.	It has been supplying stormwater drainage products for the Cities of Cockburn, Fremantle and Swan for the last eight years. It has worked on many projects including the Beeliar Drive (City of Cockburn) and Garden Street (City of Gosnells) upgrades. It also supplies many civil contractors in WA. The scope of works, period and dates of these contracts were not provided.	It did not fully demonstrate its understanding of the City's requirements. It submitted a brief response with limited information on the proposed methodology to carry out the tasks. Though it stated the company supplied stormwater drainage products to various local governments and understands the importance of meeting deadlines.	Its WA office is located in Bibra Lake.  It stated the majority of its employees are residents of the surrounding local areas.	46.6%	Failed to meet the acceptable score.  Did not submit prices for 37 items (out of 66 items).
