Introduction

The *Corporate Business Plan* is the City of Joondalup's five-year service and project delivery program. It is aligned to the strategic direction and priorities set within the *10-Year Strategic Community Plan 2012–2022 — Joondalup 2022* and reflects actions in the City's forward Capital Works Program and informing strategies.

The purpose of the Plan is to demonstrate the operational capacity of the City to achieve its aspirational outcomes and objectives over the medium-term. All operational planning and reporting is driven by the *Corporate Business Plan* which is reviewed annually to ensure priorities are achievable and effectively timed.

Flexibility is built into the City's corporate business planning model to ensure the organisation is able to adjust to external influences as they arise. The annual review process enables the City to frequently assess its progress and realign actions and tasks against the most currently available information.

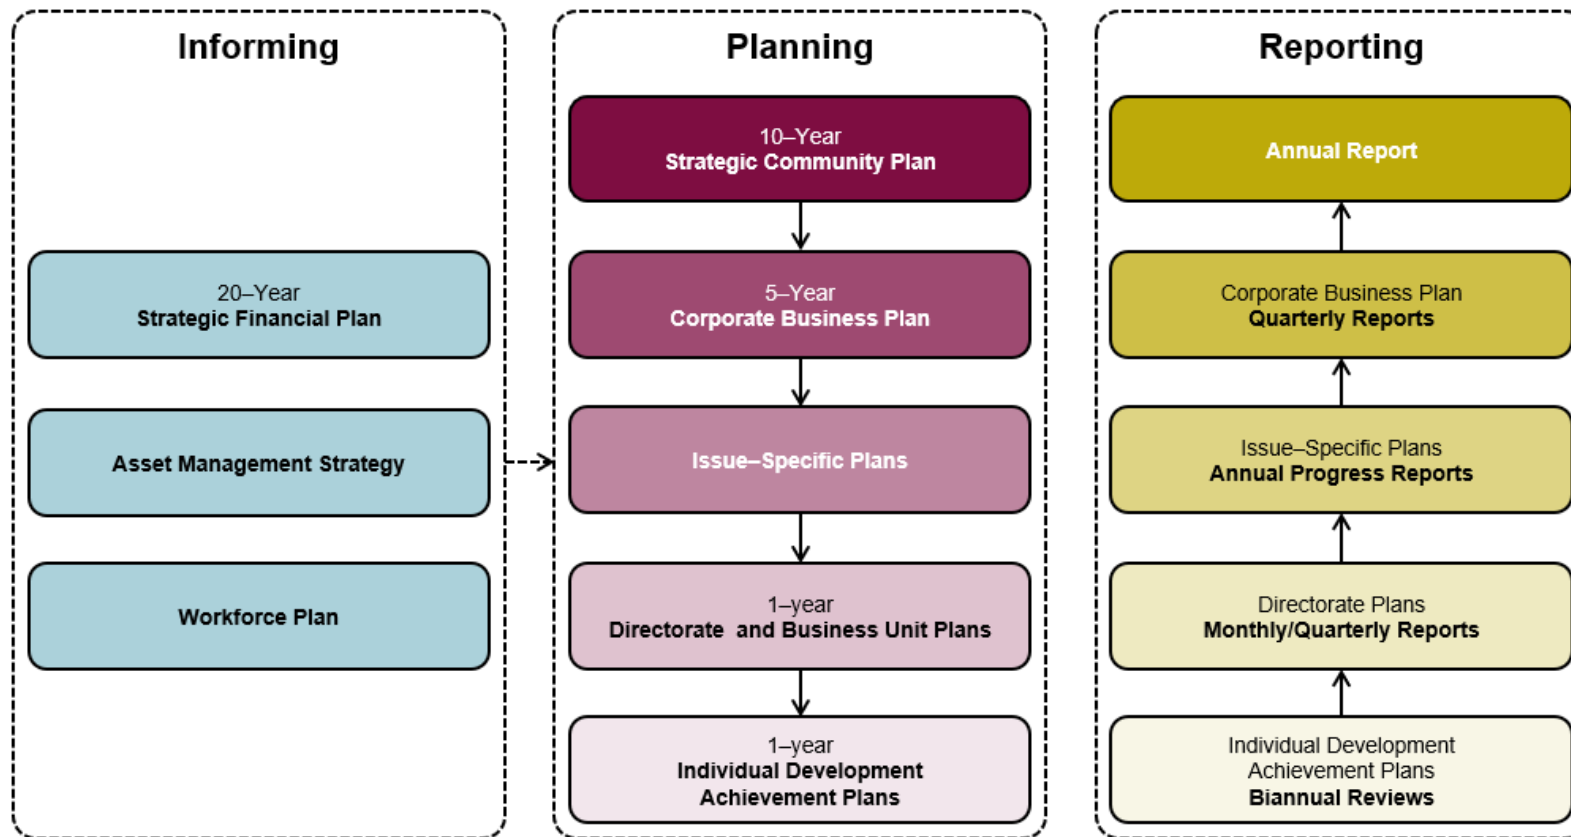

Quarterly progress against services and programs is reported through the key themes of:

- Governance and Leadership
- Financial Sustainability
- Quality Urban Environment
- Economic Prosperity, Vibrancy and Growth
- The Natural Environment
- Community Wellbeing

Integrated Planning and Reporting Framework

The *Corporate Business Plan* and the *Corporate Business Plan Quarterly Report* form part of the City's *Integrated Planning and Reporting Framework*. The diagram below illustrates the Framework and shows the relationship between the City's strategic and operational documents, highlighting the position of *Corporate Business Plan* and *Corporate Business Plan Quarterly Report* within this planning and reporting hierarchy.

Strategic Community Plan 2012-2022

The *Strategic Community Plan 2012-2022* is the long-term strategic planning document that outlines the City's commitment to achieving the vision and aspirations of its community and key stakeholders. The plan aims to be transformational by driving a bold vision that will continue to build high standards of livability for the community.

A major review of *Joondalup 2022* was undertaken in 2017/18 to assess its structure and relevance in line with the City's vision and priorities and community aspirations, and was also modified to reflect completion of transformational projects and the inclusion of new endorsed projects. The revised plan was endorsed by Council in April 2018.

The plan is divided into six key themes that include objectives and strategic initiatives for achieving the community's vision, as illustrated below. **The City's Corporate Business Plan aligns all projects, activities and services against the direction provided within the Strategic Community Plan 2012-2022.**

Annual Report 2017/18

The City of Joondalup was presented with a Gold Award for its 2017/18 Annual Report in the 2019 Australasian Reporting Awards (ARA) in June 2019. The Australasian Reporting Awards are open to all organisations in Australia, New Zealand and countries in the Asia-Pacific region that produce an annual report. Reports are benchmarked by industry professionals against ARA criteria which are based on world best practice.

Annual reports judged as best practice provide quality coverage of the organisation's year in a clear, readable and visual format, and show a strong commitment to open and accountable reporting of the organisation's core business and governance practices. The Annual Report is a legislative requirement of the WA Local Government Act 1995 and is also an essential tool to inform the community about key services, achievements and performance against its Strategic Community Plan.

Achievement of the Gold Award recognises the City's commitment to enhancing its annual reporting to its key stakeholders and the wider community.

Financial Sustainability

- Joondalup Civic Centre, Joondalup.

Economic Prosperity, Vibrancy and Growth

Business Forum

The City's second breakfast business forum was held at the Joondalup Resort on Thursday 27 June. The Hon Mark McGowan MLA, Premier of Western Australia, addressed more than 230 members of the City's local business community to discuss the State Government's *Our Priorities: Sharing Prosperity Plan* and the ways the City and State Government could work collaboratively towards achieving the vision of 150,000 new jobs by 2023/24. The Premier also launched the new Streamline WA online portal, a new tool to reduce red tape and increase collaboration between small business and the State Government.

The Premier also took part in a 20-minute question and answer session which was facilitated by City of Joondalup Chief Executive Officer, Mr Garry Hunt.

Attendees had the opportunity to access information from a range of business support organisations as part of the display located in the foyer area which included 19 business support providers and agencies.

The Natural Environment

Think Green - Food Gardens Seminar

A Food Gardens Seminar was held on 23 May as part of the City's Think Green Environmental Education Program. The seminar aimed to enhance the community's knowledge of food gardening and organic food production. Topics included how to set up a sustainable food garden and soil improvement and water efficiency practices. The aim of the Environmental Education Program is to encourage residents and the broader community to get involved in sustainable environmental practices whilst also raising awareness of environmental issues within the community.

Think Green – Noongar Cultural Heritage Bushland Tour

Two free Noongar Cultural Heritage Bushland Tours were held at Craigie Bushland on Sunday 5 May as part of the City's Think Green Environmental Education Program. Two experienced Noongar guides presented to approximately 88 attendees. This was the first time the City had held a Noongar cultural heritage tour at Craigie Bushland, which contains a variety of native flora including many bush tucker species and native mammals. Educational signage within Craigie Bushland highlighted the environmental values of the location.

Waterwise Council – Gold Re-endorsement

The City was re-endorsed as a Gold Waterwise Council for the third consecutive year and was recognised at the 2019 Waterwise Recognition Event held on 1 May at the Perth Convention Centre. This re-endorsement is a result of water efficiency practices in City Operations and community education implemented by the City in 2017/18.

Community Wellbeing

Community Funding Program

The Community Funding Program is a grant-based program that assists local community groups and schools with projects, events, and activities that develop and enhance the Joondalup community. Eligible organisations, schools, community groups and individuals are invited to apply for grants to support projects, activities and events within the three categories of Community Development, Culture and the Arts Development and Environmental Development.

Round two of the Community Funding Program was conducted during the quarter with the following applications being approved:

Community Development Fund

- Sorrento Bowling Club - \$2,000, for the purchase of outdoor veranda furniture.
- Beldon Primary School P&C - \$2,722, for the development of a bush tucker garden.
- Soroptimist International Joondalup- \$1,231, for a Grandparents Rearing Grandchildren respite afternoon.
- Francis Jordon Catholic School - \$3,000, for the purchase of coding robots.

Culture and the Arts Development Fund

- St Stephen's School - \$5,000, for a synthesis film festival.

Environmental Development Fund

- Friends of North Ocean - Iluka Foreshore - \$1,200, for the printing of plant labels for the Iluka foreshore.
- Mullaloo Beach Primary School P&C Association - \$1,500, for a community garden project.
- West Greenwood Primary School P&C - \$1,326, for a school canteen waste minimisation program.

Defeat the Beat

The City of Joondalup hosted the 2019 Defeat the Beat Competition on Wednesday 17 April 2019 at Bar1 Nightclub in Hillarys from 6:00 pm to 10:00 pm. The City selected five entrants as finalists to perform at the event, with artists being judged on criteria including musicianship and professionalism, originality, stage presence and entertainment value. A total of 155 community members attended the event which included 18 performers. Feedback received for the event was very positive.

2019 Community Art Exhibition

The fourteenth annual Community Art Exhibition, the premier showcase event for local artists, was held at Lakeside Joondalup Shopping City from 9 to 23 June 2019. The exhibition is open to all residents of the City of Joondalup and members of local visual arts associations.

The exhibition attracted 135 entrants and over 10,000 visitors. Twelve artworks were sold during the exhibition. The exhibition opening, and awards presentation was held on 8 June and was attended by over 250 invited guests. The winner for the most outstanding work in any category was Annette Peterson for her piece entitled 'Moving'.

Sunday Serenades

Sunday Serenades Concerts were held in May and June in the Civic Chambers. The concert held on the 19 May featured Perth soprano Emma Pettemerides performing a wide variety of operatic songs from the stage and screen. Over 130 people attended the concert. The second concert held on 16 June was a double matinee held at 1:00pm and 3:00pm featuring the Swing Sisters reliving the 1940's hits of the Andrews Sisters. Over 200 people attended the two performances.

Governance and Leadership

Aspirational Outcome

The City is recognised for its outstanding governance practices, which are achieved through strong leadership and fully-integrated community engagement systems.

EFFECTIVE REPRESENTATION

To have a highly skilled and effective Council that represents the best interests of the community.

Strategic initiatives:

- Attract a diverse elected body that represents, promotes and reflects the composition of the community.
- Ensure the elected body has a comprehensive understanding of its roles and responsibilities.
- Develop and deliver training initiatives that will foster a skilled and confident elected body.

ACTIVE DEMOCRACY

To have a community that actively engages with the City to achieve consensus and legitimacy in decision-making.

Strategic initiatives:

- Fully integrate community consultation practices into City activities.
- Optimise opportunities for the community to access and participate in decision-making processes.
- Adapt to community preferences for engagement formats.

CORPORATE CAPACITY

For the community to have confidence and trust in the City that it can deliver services effectively and transparently.

Strategic initiatives:

- Demonstrate accountability through robust reporting that is relevant and easily accessible by the community.
- Maintain a highly skilled and effective workforce.
- Apply a work ethic of confident and responsive action.
- Continuously strive to improve performance and service delivery across all corporate functions.
- Adopt citizen-centric digital services as opportunities arise that support improved service delivery and accessibility by residents.

STRONG LEADERSHIP

For the City to demonstrate advocacy in promoting the needs and ambitions of the City and the advancement of local government.

Strategic initiatives:

- Advocate and influence political direction to achieve local and regional development.
- Seek out City representation on key external and strategic bodies.
- Participate in State and Federal policy development processes affecting local government.
- Foster strategic alliances to deliver key transformational projects and initiatives in partnership with key stakeholders.

Aspirational Outcome

The City is a financially diverse local government that uses innovative solutions to achieve long-term financial sustainability. Its rates revenue is moderated through the adoption of ongoing service efficiencies and alternative income streams

FINANCIAL DIVERSITY

To be less reliant on rates as the primary basis for revenue by leveraging alternative income streams.

Strategic initiatives:

- Identify opportunities for new income streams that are financially sound and equitable.
- Position the City to align with State and Federal Government priorities to increase eligibility for grant funding.
- Embrace outcomes from the local government reform process that allow for alternative means of raising revenue and innovative partnership opportunities.

EFFECTIVE MANAGEMENT

To conduct business in a financially sustainable manner.

Strategic initiatives:

- Manage liabilities and assets through a planned, long-term approach.
- Balance service levels for assets against long-term funding capacity.
- Seek out efficiencies and regional collaborations to reduce service delivery costs.

MAJOR PROJECT DELIVERY

To effectively plan for the funding and delivery of major projects.

Strategic initiatives:

- Effectively prioritise major capital projects to facilitate long-term financial sustainability.
- Optimise funding options for new projects that take advantage of favourable economic conditions.
- Support new projects that balance identified financial risks against effective management approaches.

Aspirational Outcome

The City's built environment is planned for enduring relevance through quality, modern design that is creative, flexible and diverse. Design of its urban landscapes promotes connectivity, useability and accessibility; contributing to the highest standards of liveability.

QUALITY BUILT OUTCOMES

For the City's commercial and residential areas to be filled with quality buildings and appealing streetscapes.

Strategic initiatives:

- Planning frameworks promote and support adaptive, mixed-use developments with active ground floor uses on appropriately zoned sites.
- Housing infill and densification is encouraged and enabled through a strategic, planned approach in appropriate locations.
- Environmentally sensitive building designs are showcased, promoted and encouraged.
- Buildings and landscaping is suitable for the immediate environment and reflect community values.
- The community is able to effectively age-in-place through a diverse mix of facilities and appropriate urban landscapes.

INTEGRATED SPACES

To have integrated land use and transport planning that provides convenient and efficient movement across the City.

Strategic initiatives:

- Understand issues arising from the interaction between current transport modes.
- Provide for diverse transport options that promote enhanced connectivity.
- Improve the interface between the urban and natural environments.
- Enable safe, logical and accessible pedestrian movements throughout public spaces.

QUALITY OPEN SPACES

To have urban and green spaces which are attractive, well-utilised and enrich the lives of the community.

Strategic initiatives:

- Apply a strategic approach to the planning and development of public open spaces.
- Employ quality and enduring infrastructure designs that encourage high utilisation and increased outdoor activity.
- Adopt consistent principles in the management and provisions of urban community infrastructure.
- Establish landscapes that are unique to the City and provide statements within prominent network areas.

CITY CENTRE DEVELOPMENT

To have quality and diverse landmark buildings within the Joondalup City Centre that enhance the vitality and vibrancy of the urban space.

Strategic initiatives:

- Promote and support bold and iconic private building developments within strategic City Centre land locations.

Aspirational Outcome

The City is lively and flourishing across its activity centres. It is a global City, home to a recognised industry niche that fosters local job production and promotes employment self-sufficiency.

CBD OF THE NORTH

For the Joondalup City Centre to be recognised as Perth's second CBD, functioning as the primary commercial centre of the North West Metropolitan Perth Region.

Strategic initiatives:

- Develop and promote a recognised industry niche that builds on existing strengths.
- Provide an efficient and integrated transport network that can support the needs of a high-functioning City Centre.
- Support advanced technology opportunities that will foster a thriving business environment.
- Proactively target and engage industries and businesses to drive City Centre development, including large government departments and agencies.
- Pursue the construction of multi-storey car park facilities within the Joondalup City Centre to facilitate greater accessibility.

ACTIVITY CENTRE DEVELOPMENT

To have revitalised activity centres that are multi-purpose and provide for housing diversity and enhanced liveability.

Strategic initiatives:

- Understand local commercial needs and opportunities.
- Support the development of fresh and exciting de-centralised areas of activity.
- Facilitate increased housing density in activity centres.
- Promote the primacy of the Joondalup City Centre in the application of the activity centre hierarchy.

DESTINATION CITY

To become a "Destination City" where unique tourism opportunities and activities provide drawcards for visitors and high amenity for residents.

Strategic initiatives:

- Actively promote and sponsor significant events and activities.
- Facilitate the establishment of major tourism infrastructure.
- Encourage diverse accommodation options.

REGIONAL COLLABORATION

For the City to collaborate with regional partners and stakeholders in order to maximise opportunities for the future economic growth of the North West Metropolitan Perth Region.

Strategic initiatives:

- Undertake planning within a regional context.
- Foster strategic regional partnerships.
- Drive new employment and infrastructure opportunities on a regional scale.

BUSINESS CAPACITY

For the City's business community to have the technology and communication capability necessary to thrive within a competitive environment.

Strategic initiatives:

- Actively seek opportunities for improving local communication network infrastructure.
- Facilitate knowledge sharing and learning opportunities.

The Natural Environment

Aspirational Outcome

The City is a global leader in adaptive environmental management. It works closely with the community to protect and enhance the natural environment, while celebrating and showcasing its natural assets to the world.

ENVIRONMENTAL RESILIENCE

To continually adapt to changing local environmental conditions.

Strategic initiatives:

- Understand the local environmental context.
- Identify and respond to environmental risks and vulnerabilities.
- Demonstrate current best practice in environmental management for local water, waste, biodiversity and energy resources.

COMMUNITY INVOLVEMENT

To build a community that takes ownership of its natural assets and supports their ongoing preservation and conservation.

Strategic initiatives:

- Elevate community awareness regarding its impact on the natural environment.
- Ensure that community behaviours and attitudes are continually adapting to achieve global and local environmental targets.
- Facilitate active involvement from the community in preserving and enhancing the natural environment.

ACCESSIBLE ENVIRONMENTS

To develop an appreciation for local natural assets by providing appropriate access to natural areas.

Strategic initiatives:

- Promote significant local natural areas.
- Build an effective interface between humans and the natural environment.
- Immerse learning opportunities within the natural environment.
- Obtain appropriate recognition for our natural areas.

ENVIRONMENTAL LEADERSHIP

To embrace learning opportunities on an international scale and continuously lead by example in our application of new knowledge.

Strategic initiatives:

- Demonstrate leadership in environmental enhancement and protection initiatives.
- Promote environmental scholarship and effective environmental management practices to a global audience.
- Actively support local environmental research initiatives.

Aspirational Outcome

The City has world-class facilities and a thriving cultural scene. It encourages and supports local organisations and community groups. Community spirit is felt by all residents and visitors, who live in safe and friendly neighbourhoods.

QUALITY FACILITIES

To provide facilities of the highest quality which reflect the needs of the community now and into the future.

Strategic initiatives:

- Support a long-term approach to significant facility upgrades and improvements.
- Understand the demographic context of local communities to support effective facility planning.
- Employ facility design principles that will provide for longevity, diversity and inclusiveness and where appropriate, support decentralising the delivery of City services.

CULTURAL DEVELOPMENT

For the community to have access to world-class cultural and artistic events and facilities.

Strategic initiatives:

- Establish a significant cultural facility with the capacity to attract world-class visual and performing arts events.
- Invest in publicly accessible visual art that will present a culturally-enriched environment.
- Actively engage event promoters to host iconic, cultural and sporting events within the City.
- Promote local opportunities for arts development.

COMMUNITY SPIRIT

To have proud and active residents who participate in local activities and services for the betterment of the community.

Strategic initiatives:

- Support and encourage opportunities for local volunteering.
- Promote the sustainable management of local organisations and community groups.
- Deliver a program of community-based events and education that encourage social interaction within local neighbourhoods.
- Promote and support the needs of disadvantaged communities.
- Support and facilitate the development of community leaders.

COMMUNITY SAFETY

For residents to feel safe and confident in their ability to travel and socialise within the community.

Strategic initiatives:

- Embed safety principles into asset management and design.
- Build a community that works in partnership with government and non-government organisations to achieve real and long-lasting improvements in safety and wellbeing.
- Build a healthy community that is aware of and responsive to current public health risks.
