SUMMARY OF TENDER SUBMISSIONS

Tenderer & Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Evaluation Score	Estimated Contract Value	Rank
		Capacity	Demonstrated Experience in Providing Similar Services	Demonstrated Understanding of the Required Tasks	Social and economic effects on the local community			
The Trustee for Kerb Direct Kerbing Trust (Kerb Direct)	Yes	Kerb Direct was acquired by the Politis family in 2010 to provide a complementary service to those offered by Roads 2000, also part of the Politis Group of Companies. Kerb Direct currently employs six full time staff. The company structure and details of all personnel including their years of industry experience were provided. It has back up resources and immediate access to Politis Group's workforce, if required. A list of plant and equipment that will be used to carry out the works was supplied.	Kerb Direct demonstrated considerable experience in providing similar services to local governments including the Shire of Kalamunda and the Cities of Rockingham, Wanneroo and Kwinana. Other examples of works were provided and these included kerbing projects for the City of Fremantle, Perth Stadium and assisting primary kerbing contractors for the City of South Perth.	Kerb Direct demonstrated a thorough understanding of the required tasks. Its Submission included a methodology and service delivery plan statement and a list of tasks to be completed prior to commencement of works (site assessment, provision for suitable traffic management, allocation of staff and equipment), upon arrival on site (safety induction, site set up, delivery of equipment and materials) carrying out and completion of works (undertakes work quality monitoring and cleaning procedures).	The Politis Group is located in Osborne Park with a depot in Wangara. The Politis Group of Companies strive to support local businesses where possible, support local sporting groups and also donates to YouthCARE and Samaritans Group.	69.5%	\$4,166,421 (assuming no change in historical usage)	1
