<p>The Trustee for Ransberg Unit Trust T/A WA Premix (WA Premix)</p> <p>All requirements have been met.</p>	Yes	<p>WA Premix with their head office and workshop in Bibra Lake WA, is a subsidiary of WA Limestone a quarrying and contracting business that has been operating under the same management for forty years. They have four plants in the Perth Metro area, with one in the Neerabup area near the City and a new, fifth batching plant commencing soon in Byford.</p> <p>They employ over thirty-five (35) people and operate a fleet of thirty-five (35) concrete agitator trucks. They have a totally computer controlled concrete batching operation to ensures a high and consistent level of quality with where batch records are traceable to source.</p>	<p>The company currently are the supplier of pre-mix concrete to the City since 2017, under Contract 002/17 with no issues being raised throughout the term of the Contract. They are highly qualified in this field with sufficient skilled labour to deliver the service to the City. WA Concrete have been providing similar services to many private and public organisations including the City of Cockburn for over 14 years and recently servicing the City of Gosnells.</p>	<p>WA Premix demonstrated an understanding and appreciation of the City's requirements as they claim to have established itself as a reliable supplier of premixed concrete and they supply products to a number of high-profile projects. They requested a minimum of 24 hours' notice for the supply of concrete, but state that in most instances, same day delivery is possible. They are familiar with the City's order placement process.</p>	<p>This criteria was addressed but only engagement of two of their employees living within the boundaries of the City was a factor.</p>	68.8%	\$431,364	N/A
