Special Meeting of Council

NOTICE IS HEREBY GIVEN THAT A SPECIAL MEETING OF THE COUNCIL OF THE CITY OF JOONDALUP WILL BE HELD IN THE COUNCIL CHAMBER, JOONDALUP CIVIC CENTRE, BOAS AVENUE, JOONDALUP

ON **TUESDAY 16 DECEMBER 2025**

COMMENCING AT **6.30pm**

For Council to consider the following reports:

- Acceptance of the 2024-25 Annual Report.
- Setting of the Meeting Date for the Annual General Meeting of Electors 2025.
- Confidential – CEO Selection Panel – Appointment of Independent Person.

JAMES PEARSON
Chief Executive Officer
12 December 2025

Acknowledgement of Traditional Custodians

The City of Joondalup acknowledges the traditional custodians of the land, the Whadjuk people of the Noongar nation, and recognises the culture of the Noongar people and the unique contribution they make to the Joondalup region and Australia. The City of Joondalup pays its respects to their Elders past and present and extends that respect to all Aboriginal and Torres Strait Islander peoples.

CIVIC CENTRE EMERGENCY PROCEDURES

The City of Joondalup values the health and safety of all visitors to City of Joondalup facilities. The following emergency procedures are in place to help make evacuation of the City of Joondalup Civic Centre safe and easy.

Alarms

The City of Joondalup emergency system has two alarm tones:

- Alert Tone (Beep... Beep... Beep).
- Evacuation Tone (Whoop...Whoop...Whoop).

On hearing the Alert Tone (Beep... Beep... Beep):

- DO NOT EVACUATE ON THIS TONE.
- Remain where you are.
- All designated Fire Wardens will respond and assess the immediate area for danger.
- Always follow instructions from the designated Fire Wardens.

On hearing the Evacuation Tone (Whoop...Whoop...Whoop):

- Evacuate the building immediately as directed by a Fire Warden or via the nearest safe exit.
- Do not use lifts.
- Remain calm and proceed to the designated Assembly Area (refer to site plan below).
- People with impaired mobility (those who cannot use the stairs unaided) should report to a Fire Warden who will arrange for their safe evacuation.
- Do not re-enter the building until authorised to do so by Emergency Services.

CODE OF CONDUCT

Council Members and Committee Members are to observe the City's adopted *Code of Conduct for Council Members, Committee Members and Candidates*. The following general principles guide the behaviours of Council Members (being the Mayor and Councillors) and other committee members while performing their role at the City:

Personal Integrity

- (1) A council member or committee member should –
 - (a) act with reasonable care and diligence; and
 - (b) act with honesty and integrity; and
 - (c) act lawfully; and
 - (d) identify and appropriately manage any conflict of interest; and
 - (e) avoid damage to the reputation of the City.
- (2) A council member or committee member should –
 - (a) act in accordance with the trust placed in council members and committee members; and
 - (b) participate in decision-making in an honest, fair, impartial and timely manner; and
 - (c) actively seek out and engage in training and development opportunities to improve the performance of their role; and
 - (d) attend and participate in briefings, workshops and training sessions provided or arranged by the City in relation to the performance of their role.

Relationship with others

- (1) A council member or committee member should –
 - (a) treat others with respect, courtesy and fairness; and
 - (b) respect and value diversity in the community.
- (2) A council member or committee member should maintain and contribute to a harmonious, safe and productive work environment.

Accountability

A council member or committee member should –

- (a) base decisions on relevant and factually correct information; and
- (b) make decisions on merit, in the public interest and in accordance with statutory obligations and principles of good governance and procedural fairness; and
- (c) read all agenda papers given to them in relation to Council or Committee meetings, Briefing Sessions or Strategy Sessions; and
- (d) be open and accountable to, and represent, the community in the district.

Employees are bound by the City's *Code of Conduct for Employees* which details similar provisions to be observed.

COUNCIL MEETINGS

The following procedures for the conduct of Council Meetings were adopted at the Council meeting held on 21 April 2020:

INTRODUCTION

The modern role of Council is to set policy and strategy and provide goals and targets for the local government (the City). The employees, through the Chief Executive Officer, have the task of implementing the decisions of Council.

A well-structured decision-making process that has established protocols will provide the elected body with the opportunity to:

- have input into the future strategic direction set by Council
- seek points of clarification
- ask questions
- be given adequate time to research issues
- be given maximum time to debate matters before Council,

and ensures that the elected body is fully informed to make the best possible decisions for the City of Joondalup community.

PURPOSE OF COUNCIL MEETINGS

Council Meetings will involve Elected Members, employees as determined by the Chief Executive Officer and external advisors (where appropriate) and will be open to the public. Council Meetings are formal meetings where Elected Members consider and make decisions on matters.

PROCEDURES FOR COUNCIL MEETINGS

The following procedures will apply to Council Meetings that are conducted by the City.

- 1 Council meetings will be open to the public except for matters of a confidential nature. The guide in determining those matters of a confidential nature shall be in accordance with the *Local Government Act 1995*.
- 2 Dates and times for Council meetings will be set well in advance where practicable, and appropriate notice given to the public.
- 3 The Chief Executive Officer will ensure timely written notice and an agenda for each Council meeting will be provided to all Elected Members, members of the public and external advisors (where appropriate).
- 4 The Mayor is to be the Presiding Member at Council meetings. If the Mayor is unable or unwilling to assume the role of Presiding Member, then the Deputy Mayor may preside at the Council meetings. If the Deputy Mayor is unable or unwilling, those Elected Members present may select one from amongst themselves to preside at the Council meeting.
- 5 There is to be no debate among Elected Members on any matters raised during the Council meeting.

- 6 Relevant employees of the City will be available to respond to questions on matters listed on the agenda for the Council meeting.
- 7 All Elected Members will be given a fair and equal opportunity to participate in the Council meeting.
- 8 The Presiding Member will ensure that time is made available to allow for all matters of relevance to be covered.
- 9 Good governance principles recommend that Elected Members, employees and relevant consultants shall disclose their interests on any matter listed for the Council meetings. When disclosing an interest, the following provisions apply:
 - (a) Interests are to be disclosed in accordance with the provisions of the *Local Government Act 1995*, the *Local Government (Model Code of Conduct) Regulations 2021* and the City's *Code of Conduct*.
 - (b) Elected Members disclosing a financial interest, or a proximity interest will not participate in that part of the session relating to the matter to which their interest applies and shall depart the room.
 - (c) The remaining Elected Members may agree that an Elected Member disclosing a financial or proximity interest may participate in discussion on the matter if the remaining Elected Members agree:
 - (i) is so trivial or insignificant as to be unlikely to influence the disclosing Elected Member's conduct in relation to the matter
or
 - (ii) is common to a significant number of electors and ratepayers of the City,and a record of that agreement is to be made in the minutes kept for the Council meeting.
 - (d) Employees with a financial interest in a matter may also consider it appropriate to depart the room when the matter is being considered, however there is no legislative requirement to do so.
- 10 A record shall be kept of all Council meetings.

RECORDING AND LIVE-STREAMING OF THE PROCEEDINGS OF THE COUNCIL MEETING

In accordance with the *Recording and Live-Streaming of Council Meetings Council Policy*, this meeting is being video recorded and live-streamed on the City's website, with the exception of confidential items and periods of adjournment as determined by the Presiding Member.

Cameras have been positioned in such a way as to avoid members of the public however, by being present at this meeting, members of the public consent to the possibility that their image may be live-streamed to the public. Recordings will also be made available on the City's website following the meeting.

The official record of the meeting will be the written minutes kept in accordance with the *Local Government Act 1995* and any relevant regulations.

COUNCIL AND COMMITTEE MEETINGS

PROCEDURES FOR PUBLIC QUESTION TIME

The following procedures for the conduct of Public Question Time were adopted at the Council meeting held on 20 September 2022:

Where a meeting of a committee is open to the public the procedures for public question time and public statement time apply. In this regard, these procedures are amended by substituting "Council" with "Committee" to provide proper context.

Questions asked verbally

- 1 Members of the public are invited to ask questions at Council Meetings.
- 2 Questions asked at an Ordinary Council meeting must relate to a matter that affects the City of Joondalup. Questions asked at a Special meeting of Council must relate to the purpose for which the meeting has been called.
- 3 A register will be provided for those persons wanting to ask questions to enter their name. The Presiding Member may call persons registered to come forward in an order that allows the maximum opportunity for as many people as possible to address the meeting on the widest range of matters that are listed in the agenda. Persons that come forward are to state their name and full address.
- 4 Public question time will be limited to two minutes per person, with a limit of two verbal questions per person.
- 5 Statements are not to precede a question during public question time and questions must be succinct and to the point. Statements can only be made during public statement time.
- 6 Members of the public are encouraged to keep their questions brief to enable everyone who desires to ask a question to have the opportunity to do so.
- 7 Public question time will be allocated a minimum of 15 minutes and may be extended in intervals of up to 10 minutes by resolution of Council, but the total time allocated for public questions to be asked and responses to be given is not to exceed 35 minutes in total. Public question time is declared closed following the expiration of the allocated time period, or earlier than such time where there are no further questions.
- 8 Questions are to be directed to the Presiding Member and shall be asked politely, in good faith, and are not to be framed in such a way as to reflect adversely or be defamatory on a particular Elected Member or City employee. The Presiding Member shall decide to:
 - accept or reject any question and their decision is final;
 - nominate a City employee to respond to the question;
 - or
 - take a question on notice. In this case a written response will be provided as soon as possible, and included in the agenda of the next Council meeting.

- 9 Where an Elected Member is of the opinion that a member of the public is:
- asking a question at a Council meeting, that does not relate to a matter affecting the City;
or
 - making a statement during public question time,
- they may bring it to the attention of the Presiding Member who will make a ruling.
- 10 Questions and any response will be summarised and included in the minutes of the Council meeting.
- 11 It is not intended that question time should be used as a means to obtain information that would not be made available if it was sought from the City's records under Section 5.94 of the *Local Government Act 1995* or the *Freedom of Information Act 1992* (FOI Act). Where the response to a question(s) would require a substantial commitment of the City's resources, the Chief Executive Officer (CEO) will determine that it is an unreasonable impost upon the City and refuse to provide it. The CEO will advise the member of the public that the information may be sought in accordance with the FOI Act .

Questions in Writing – (Residents and/or ratepayers of the City of Joondalup only)

- 1 Only City of Joondalup **residents and/or ratepayers** may submit questions to the City in writing.
- 2 Questions asked at an Ordinary Council meeting must relate to a matter that affects the City of Joondalup. Questions asked at a Special meeting of Council must relate to the purpose for which the meeting has been called.
- 3 The City will accept a maximum of five (5) written questions per City of Joondalup resident/ratepayer. To ensure equity and consistency, each part of a multi-part question will be treated as a question in its own right.
- 4 Questions lodged by 9.00am on the day immediately prior to the scheduled Council meeting will be responded to, where possible, at the Council meeting. These questions, and their responses, will be distributed to Elected Members and made available to the public in written form at the meeting.
- 5 The Presiding Member shall decide to accept or reject any written question and their decision is final. Where there is any concern about a question being offensive, defamatory or the like, the Presiding Member will make a determination in relation to the question. Questions determined as offensive, defamatory or the like will not be published.
- 6 The Presiding Member may rule questions out of order where they are substantially the same as questions previously submitted and responded to.
- 7 Written questions unable to be responded to at a Council meeting will be taken on notice. In this case, a written response will be provided as soon as possible and included on the agenda of the next Council meeting.

- 8 A person who submits written questions may also ask questions at a Council meeting and questions asked verbally may be different to those submitted in writing.
- 9 Questions and any response will be summarised and included in the minutes of the Council meeting.
- 10 It is not intended that question time should be used as a means to obtain information that would not be made available if it was sought from the City's records under Section 5.94 of the *Local Government Act 1995* or the *Freedom of Information Act 1992* (FOI Act). Where the response to a question(s) would require a substantial commitment of the City's resources, the Chief Executive Officer (CEO) will determine that it is an unreasonable impost upon the City and may refuse to provide it. The CEO will advise the member of the public that the information may be sought in accordance with the FOI Act.

DISCLAIMER

Responses to questions asked verbally are provided in good faith and as such, should not be relied upon as being either complete or comprehensive.

PROCEDURES FOR PUBLIC STATEMENT TIME

The following procedures for the conduct of Public Statement Time at Council Meetings were adopted at the Council meeting held on 20 September 2022:

- 1 Members of the public are invited to make public statements verbally at Council meetings.
- 2 Statements made at an Ordinary Council meeting must relate to a matter that affects the City of Joondalup. Statements made at a Special meeting of Council must relate to the purpose for which the meeting has been called.
- 3 A register will be provided for those persons wanting to make a statement to enter their name. The Presiding Member may call persons registered to come forward in an order that allows the maximum opportunity for as many people as possible to address the meeting on the widest range of matters that are listed in the agenda. Persons that come forward are to state their name and full address.
- 4 Public statement time will be limited to two minutes per person.
- 5 Members of the public are encouraged to keep their statements brief to enable everyone who desires to make a statement to have the opportunity to do so.
- 6 Public statement time will be allocated a maximum time of 15 minutes. Public statement time is declared closed following the 15 minute allocated time period, or earlier than such time where there are no further statements.
- 7 Statements are to be directed to the Presiding Member and are to be made politely in good faith and are not to be framed in such a way as to reflect adversely or be defamatory on a particular Elected Member or City employee.
- 8 Where an Elected Member is of the opinion that a member of the public is making a statement at a Council meeting, that does not relate to a matter affecting the City, they may bring it to the attention of the Presiding Member who will make a ruling.
- 9 Statements will be summarised and included in the minutes of the Council meeting.

8 REPORTS

8.1 CITY OF JOONDALUP ANNUAL REPORT 2024-25 (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	38745, 101515
AUTHORITY / DISCRETION	Executive - The substantial direction setting and oversight role of Council, such as adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

PURPOSE

For Council to accept the City of Joondalup Annual Report FY2024–25, including the Annual Report FY2024–25: Financial Information.

EXECUTIVE SUMMARY

In accordance with Section 5.53 of the *Local Government Act 1995*, the City of Joondalup Annual Report has been prepared for FY2024–25. The Annual Report provides a summary of the previous year's achievements and challenges, and the outlook for the year ahead. It includes specific statutory requirements and demonstrates performance against the City's 10-Year Strategic Community Plan — *Joondalup 2032*. The Annual Report FY2024–25 is provided as Attachment 1 to this Report.

The Annual Report also includes the Annual Report FY2024–25: Financial Information, audited by the Office of the Auditor General. The Annual Report FY2024–25: Financial Information is presented as a separate document at Attachment 2 to this Report.

In accordance with Section 5.54 of the *Local Government Act 1995*, the Council is required to accept an Annual Report by an absolute majority and present the Annual Report to the Annual General Meeting of Electors, which is to be held not more than 56 days after the Annual Report is accepted.

It is therefore recommended that Council, by an ABSOLUTE MAJORITY, ACCEPTS the City of Joondalup Annual Report FY2024–25 provided as Attachment 1 to this report, including the Annual Report FY2024–25: Financial Information, provided as Attachment 2 to this Report.

BACKGROUND

The *Local Government Act 1995* requires every local government to prepare an Annual Report. The Annual Report informs the community and key stakeholders about the achievements and challenges from the previous financial year and provides information on the future.

The audited accounts for the financial year are incorporated into the Annual Report following the annual external audit by the Office of the Auditor General.

The City of Joondalup Annual Report FY2024–25, including the Annual Report FY2024–25: Financial Information, form the main items of business discussed at the Annual General Meeting of Electors. Section 5.27 of the *Local Government Act 1995* requires the Annual General Meeting of Electors to be held on a day selected by the local government, but not more than 56 days after the Annual Report is accepted.

DETAILS

The Annual Report FY2024–25 has been prepared addressing the City of Joondalup's performance against the following five key themes of the City's 10-Year Strategic Community Plan — *Joondalup 2032*:

- Community.
- Environment.
- Place.
- Economy.
- Leadership.

The Annual Report FY2024–25 reports against statutory requirements and a selection of performance measures. The performance measures were endorsed by Council as part of the City's *5-Year Corporate Business Plan* (CJ162-06/25 refers). Note that commencing with the Annual Report FY2025–26 the new performance measures endorsed by Council in June 2025 (CJ161-06/25 refers) will be reported.

Issues and options considered

Council may choose to:

- accept the Annual Report FY2024–25, including the Annual Report FY2024–25: Financial Information provided as Attachments 1 and 2 to this Report
- accept the Annual Report FY2024–25, including the Annual Report FY2024–25: Financial Information provided as Attachments 1 and 2 to this Report, subject to amendments
or
- not accept the Annual Report FY2024–25, including the Annual Report FY2024–25: Financial Information provided as Attachments 1 and 2 to this Report.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Government (Administration) Regulations 1996.*
 Local Government Act 1995.

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-1 Capable and effective - you have an informed and capable Council backed by a highly-skilled workforce.
 5-4 Responsible and financially sustainable - you are provided with a range of City services which are delivered in a financially responsible manner.

Policy Not applicable.

Section 5.53 of the *Local Government Act 1995* states the following in relation to the contents of the Annual Report:

5.53 Annual reports

- (1) *The local government is to prepare an annual report for each financial year.*
- (2) *The annual report is to contain:*
 - a. *a report from the mayor or president;*
 - b. *a report from the Chief Executive Officer;*
 - c. *deleted;*
 - d. *deleted;*
 - e. *an overview of the plan for the future of the district made in accordance with Section 5.56 including major initiatives that are proposed to commence or to continue in the next financial year;*
 - f. *the financial report for the financial year;*
 - g. *such information as may be prescribed in relation to the payments made to employees;*
 - h. *the auditor's report for the financial year;*
 - ha. *a matter on which a report must be made under section 29(2) of the Disability Services Act 1993;*
 - hb. *details of entries made under section 5.121 during the financial year in the register of complaints, including –*
 - (i) *the number of complaints recorded in the register of complaints;*
 - (ii) *how the recorded complaints were dealt with; and*
 - (iii) *any other details that the regulations may require; and*
 - i. *such other information as may be prescribed.*

Section 5.54 of the *Local Government Act 1995* states the following in relation to the acceptance of the Annual Report:

5.54 Acceptance of annual reports

- (1) *Subject to subsection (2) the annual report for a financial year is to be accepted* by the local government no later than 31 December after that financial year.*

**absolute majority required*

- (2) *If the auditor's report is not available in time for the annual report for a financial year to be accepted by 31 December after that financial year, the annual report is to be accepted by the local government no later than two months after the auditor's report becomes available.*

Section 5.55 of the *Local Government Act 1995* states the following in regard to the notice regarding the availability of the Annual Report:

5.55 Notice of annual reports

The Chief Executive Officer is to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government.

Regulation 15 of the *Local Government (Administration) Regulations 1996* details the matters for discussion at the Annual General Meeting of Electors. They include the contents of the annual report for the previous financial year and then any other general business.

Regulation 19B of the *Local Government (Administration) Regulations 1996* (*Local Government Act* (section 5.532(g) and (i)) requires information to be published on Elected Member diversity, and whether Elected Members identify as Aboriginal or Torres Strait Islander, if the information is available.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS
Risk Event Description	Ineffective / improper decision making
Risk Responsibility	Director Governance and Strategy
Residual Risk	High
Control Effectiveness	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.
Risk Control	The relevant control, to mitigate risk, is the provision of reports that allow compliance with the requirements of the <i>Local Government Act 1995</i> .

Other risk information

Not adopting the Annual Report for 2024-25 will result in non-compliance with the requirements of the *Local Government Act 1995*.

Financial / budget implications

The Annual Report also includes the Annual Report FY2024–25: Financial Information, audited by the Office of the Auditor General. The Annual Report FY2024–25: Financial Information is presented as a separate document at Attachment 2 to this report.

Regional significance

The Annual Report FY2024–25 sets out the performance of the City which has significance for the development and growth of the region.

Sustainability implications

The programs and projects in the Annual Report FY2024–25 are aligned with the key themes in the City's 10-Year Strategic Community Plan — *Joondalup 2032*, which has been developed to ensure the sustainability of the City.

Consultation

There is no legislative requirement to consult the community in the preparation of the Annual Report. The *Local Government Act 1995* requires an Annual General Meeting of Electors to be held once every year and the Annual Report to be made publicly available.

COMMENT

In addition to the requirements of the *Local Government Act 1995*, the Annual Report is seen as a key reporting mechanism of the *Integrated Planning and Reporting Framework* as set out by the Department of Local Government, Industry Regulation and Safety. In accordance with this framework, local governments are expected to outline progress towards achieving the objectives of their respective *10-Year Strategic Community Plans* and the major projects and priorities of their *5-Year Corporate Business Plans*.

The Annual Report is seen as an essential tool to inform the community and key stakeholders about the City's achievements, challenges, and future plans, promote greater community awareness of the City's programs and services, and illustrate the City's commitment to accountable and transparent government.

The City received its seventh consecutive gold award at the Australasian Reporting Awards for its Annual Report FY2023–24. To achieve a gold award, the City's Annual Report FY2023–24 was considered to have the following:

- Achieved overall excellence in annual reporting.
- Provided high quality coverage in most aspects of the Australasian Reporting Awards criteria.
- Provided full disclosure of key aspects of its core business.
- Addressed current legislative regulatory requirements.
- Judged as a model for other peer reports and reports in the industry sector.

The City will be entering the Annual Report FY2024–25 into the Australasian Reporting Awards 2026 once the report is accepted by Council.

VOTING REQUIREMENTS

Absolute Majority.

RECOMMENDATION

That Council BY AN ABSOLUTE MAJORITY ACCEPTS the City of Joondalup Annual Report FY2024–25 provided as Attachment 1 to this Report, including the Annual Report FY2024–25: Financial Information, provided as Attachment 2 to this Report.

ATTACHMENTS

1. City of Joondalup 2025 Annual Report [8.1.1 - 174 pages]
2. Annual Report 2025 Financial Information [8.1.2 - 64 pages]

8.2 SETTING MEETING DATE FOR ANNUAL GENERAL MEETING OF ELECTORS 2025 (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	111859, 101515
AUTHORITY / DISCRETION	Executive - The substantial direction setting and oversight role of Council, such as adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

PURPOSE

For Council to determine the meeting date for the 2025 Annual General Meeting (AGM) of Electors.

EXECUTIVE SUMMARY

Section 5.27 of the *Local Government Act 1995* requires that the Annual General Meeting of Electors be held on a day selected by the local government, but not more than 56 days after the local government accepts the annual report. It is anticipated that Council will accept the Annual Report at its Special Council meeting to be held on Tuesday 16 December 2025.

Section 5.29 of the *Local Government Act 1995* states the Chief Executive Officer is to convene an electors' meeting by giving at least 14 days public notice. Furthermore, section 5.55 of the *Local Government Act 1995* states the Chief Executive Officer is to give at least seven days public notice of the availability of the Annual Report, following its acceptance by Council.

Should Council adopt the Annual Report at its meeting to be held on Tuesday 16 December 2025, the earliest date the Annual General Meeting of Electors can be held is Wednesday 31 December 2025 (following 14 days public notice), with the last date being Tuesday 10 February 2026.

It is therefore recommended that Council AGREES to convene the 2025 Annual General Meeting of Electors on Thursday 29 January 2026, commencing at 5.30pm in the Council Chamber.

BACKGROUND

At its meeting held on 16 October 2007 (CJ206-10/07 refers), Council resolved to "AGREE to hold all future Annual General Meeting of Electors as soon as practical following the adoption of the Annual Report, but in a year where an ordinary election is held, not before the first ordinary meeting of the newly elected Council".

The Annual General Meeting of Electors is a statutory requirement under the *Local Government Act 1995* and the meeting is to consider, amongst other things, the annual report for the previous financial year.

Over the past 10 years, the Annual General Meeting of Electors has been convened at 5.30pm and, on all but three occasions, held immediately prior to the scheduled Briefing Session or Council meeting (refer below, for AGM of Elector's meeting dates and attendance).

AGM Date	Start Time	Finish Time	Prior to Meeting	Attendees
Tuesday 15 December 2015	5.40pm	6.22pm	Council	6
Tuesday, 6 December 2016	5.30pm	6.31pm	Briefing	78
Tuesday, 12 December 2017	5.30pm	7.02pm	Council	27
Tuesday, 4 December 2018	5.30pm	6.27pm	Briefing	14
Tuesday, 10 December 2019	5.30pm	6.52pm	Council	33
Tuesday, 23 March 2021	5.30pm	10.15pm	Nil	67
Tuesday, 8 February 2022	5.30pm	7.23pm	Briefing	101
Tuesday, 7 March 2023	5.30pm	9.56pm	Strategy	104
Tuesday, 5 March 2024	5.30pm	8.54pm	Nil	60
Thursday 23 January 2025	5:30pm	7:46pm	Nil	71

DETAILS

The Office of Auditor General (OAG) undertook their final audit in November 2025, with the audited financial statements and independent auditor's report received on 17 November 2025. The audited financial statements were presented to the Special Audit and Risk Committee meeting on Monday 24 November 2025.

The audited financial statements are a key component of the City's Annual Report, which were accepted at the Ordinary Council meeting held on 9 December 2025. The finalised Annual Report will include the audited financial statements.

Receipt of the City's Annual Report by Council and the holding of an AGM of Electors meeting are both statutory requirements of the *Local Government Act 1995*. A decision is required on the date to hold the AGM of Electors, dependent on Council's decision to endorse the Annual Report on 16 December 2025, as well as complying with the legislative requirements relating to the public notice period and AGM of Electors meeting date being no more than 56 days from Council's acceptance of the Annual Report.

Taking into consideration the requirements of the *Local Government Act 1995* Council can choose to hold the AGM of Electors on a date between 31 December 2025 (earliest date following advertising) and 10 February 2026 (latest date to hold the AGM of Electors).

Issues and options considered

It is a statutory requirement that Council sets a meeting date for the 2025 Annual General Meeting of Electors.

Council can choose to hold the AGM of Electors on a date between 31 December 2025 and 10 February 2026.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Government (Administration) Regulations 1996.*
 Local Government Act 1995.

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-1 Capable and effective - you have an informed and capable Council backed by a highly-skilled workforce.

Policy Not applicable.

“5.27 Electors’ general meetings

- (1) *A general meeting of the electors of a district is to be held once every financial year.*
- (2) *A general meeting is to be held on a day selected by the local government but not more than 56 days after the local government accepts the annual report for the previous financial year.*
- (3) *The matters to be discussed at general electors’ meetings are to be those prescribed.”*

“5.29 Convening electors’ meetings

- (1) *The Chief Executive Officer is to convene an electors’ meeting by giving:*
 - (a) *at least 14 days’ local public notice; and*
 - (b) *each council member at least 14 days’ notice,**of the date, time, place and purpose of the meeting.*
- (2) *The local public notice referred to in subsection (1)(a) is to be treated as having commenced at the time the notice is first given and is to continue in the prescribed way until the meeting has been held.*

“5.55 Notice of annual reports

The CEO is to give local public notice of the availability of the annual report as soon as practicable after the report has been accepted by the local government.”

Section 1.7 of the *Local Government Act 1995* defines ‘local public notice’ and states where such notice is not expressly stated, the notice is to be published and exhibited for at least seven days.

Regulation 15 of the *Local Government (Administration) Regulations 1996* details the matters for discussion at the AGM of Electors. They are the contents of the annual report for the previous financial year and then any other general business. It is suggested therefore, that the agenda format for the Annual General Meeting of Electors be as follows:

- Attendances and apologies.
- Contents of the 2024-25 Annual Report.
- General business.

Risk management considerations

The risk associated with failing to set a date for the 2025 Annual General Meeting of Electors will result in non-compliance with the requirements of the *Local Government Act 1995*.

Financial / budget implications

Not applicable.

Regional significance

Not applicable.

Sustainability implications

Not applicable.

Consultation

The *Local Government Act 1995* requires an Annual General Meeting of Electors to be held once every year and the annual report to be made publicly available.

While the City advertises the meeting in accordance with the *Local Government Act 1995*, the City will promote the scheduled meeting date as soon as possible and will publicise the 2024-25 Annual Report through the City's website once it is adopted by Council at its Special Council Meeting to be held on Tuesday 16 December 2025.

COMMENT

The audited financial statements for 2024-25 were accepted by Council at its meeting held on 9 December 2025 and they will be included into the finalised 2024-25 Annual Report.

In order for the City to meet its legislative requirements, it is recommended that Council convenes the 2025 Annual General Meeting of Electors on a date between 31 December 2025 and 10 February 2026.

VOTING REQUIREMENTS

Simple Majority.

RECOMMENDATION

That Council AGREES to convene the 2025 Annual General Meeting of Electors on Thursday 29 January 2026, commencing at 5.30pm in the City of Joondalup's Council Chamber.

About this report

The City of Joondalup produces an Annual Report for each financial year by 31 December, as required under the *Local Government Act 1995*. The overall purpose of the Annual Report is to inform the community and stakeholders about achievements, challenges and future plans. The report promotes community awareness of the programs and services delivered each year that contribute to the quality of life for residents, visitors, and stakeholders.

This Annual Report FY2024–25 demonstrates the City's performance against the long-term vision of our 10-Year Strategic Community Plan, *Joondalup 2032*, and the projects and priorities detailed in our 5-Year Corporate Business Plan for 2024–2028. The Annual Report provides information about our organisational performance and illustrates the City's commitment to accountable and transparent government.

Welcome

How to read the Annual Report

1

Welcome

Outlines the purpose and theme of the Annual Report and the *Integrated Planning and Reporting Framework*. It includes messages from the Mayor and Chief Executive Officer, information about the City and our 10-Year Strategic Community Plan, *Joondalup 2032*.

(Page 5)

2

Year in review

Provides an overview of the year, including a financial summary, a snapshot of the City's performance, awards and recognition, as well as a calendar of the major community events we held.

(Page 16)

3

Our City

Provides information about the City of Joondalup, our community, our stakeholders and the services we provide.

(Page 32)

4

Our Council

Provides information about the City's Council, Elected Members, committees, and reference groups.

(Page 57)

5

Our organisation

Provides information about the City's organisational structure, Executive Leadership Team, organisational governance and workforce.

(Page 82)

6

Our performance

Provides details about how we are meeting the strategic goals and outcomes of the City's 10-Year Strategic Community Plan, *Joondalup 2032*, and how we are tracking against the annual key priorities specified in our *Corporate Business Plan 2024–2028*.

(Page 109)

7

Year ahead

Provides an overview of the key priorities identified in the City's new *Corporate Business Plan 2025–2029* and the challenges ahead for the next financial year.

(Page 164)

8

Financial information*

Provides the financial indicators and audited financial statements.

*This is provided in a separate document — Annual Report: Financial Information 2025.

Abbreviations and key terms

To promote readability and accessibility, the use of acronyms, abbreviations, and technical terms is minimised. Where used, they are explained in plain English.

For clarity, the term City (with a capital 'C') refers to the City of Joondalup as a local government organisation, while city (with a lowercase 'c') refers to the broader geographic area.

Tables in this report use the following abbreviations:

\$B	Billion dollars
\$M	Million dollars
GJ	gigajoules
kL	kilolitres
km	kilometres
kWh	kilowatt hours
t	tonnes
N/A	Not applicable

Theme of the Annual Report — sustainable communities

The theme of the City of Joondalup's Annual Report for the financial year 2024-2025 is **sustainable communities**. A sustainable community is one that balances environmental stewardship, economic vitality, social wellbeing, cultural heritage, and governance to ensure the long-term quality of life for its residents. Throughout the year, the City made progress toward the strategic goals of *Joondalup 2032*, with a focus on environmental, economic, social, and cultural sustainability.

Environmental leadership

In FY2024-25, the City's efforts in environmental leadership were recognised nationally and internationally. Joondalup was named a finalist in the 36th Banksia National Sustainability Awards for its leadership in urban biodiversity and climate adaptation. Globally, the City received two major honours at the 2024 International Association of Horticultural Producers (AIPH) World Green City Awards, winning the Living Green for Water category and the inaugural Youth Award, highlighting its commitment to sustainable urban design and youth engagement.

The City was re-endorsed as a Gold Waterwise Council, and the Craigie Leisure Centre was re-endorsed as a Gold Waterwise Aquatic Centre. The Craigie Leisure Centre was the recipient of the Refurbishment Sustainability Award at the Western Australian Aquatic Recreation Industry Awards.

The City reinforced its environmental leadership with the adoption of two key strategic documents: the *Environment Strategy 2024-2034* in August 2024 and the *Climate Change Plan 2025-2035* in June 2025. These frameworks guide the City's long-term approach to sustainability, biodiversity protection, and climate resilience.

The City planted over 10,000 trees and produced 10,000 native plants through its nursery to support biodiversity and urban greening, and distributed approximately 8,000 native plants to residents. Natural Area Management Plans and community collaboration guided conservation efforts, while ecozoning, hydrozoning, and smart irrigation systems delivered significant water savings across public open spaces.

Economic growth and innovation

In 2024, the region recorded a Gross Regional Product of \$8.23 billion, marking a 5.2 per cent increase from the previous year. The local economy supported 58,549 jobs across key sectors such as healthcare, education, and retail, with nearly 13,000 registered businesses and 25,868 inbound workers contributing to regional productivity.

The City continued to promote innovation and enterprise through initiatives such as the Joondalup Innovation Precinct and the launch of the Uptown Joondalup website, aimed at attracting investment, promoting local industries, and enhancing the City Centre's economic profile.

Community impact

The City's Coastal Hazard Risk Management and Adaptation Plan project progressed with a project plan and Community Reference Group Terms of Reference endorsed in September 2024 and community representatives appointed in April 2025.

The City continued to invest in community wellbeing through events, facilities, and services. The Craigie Leisure Centre underwent further upgrades, and the City delivered a range of programs supporting inclusion, youth engagement, and active lifestyles.

Cultural events and festivals, such as NAIDOC Week, the Joondalup Festival, Little Feet Festival, and the Young Musician of the Year Award attracted strong participation. These City initiatives celebrated cultural diversity, fostered community pride, and attracted strong participation.

The outcomes highlighted in the Annual Report FY2024-25 demonstrate the City's progress in delivering on its strategic objectives under *Joondalup 2032*, contributing to a well-planned urban environment supported by environmental initiatives, economic growth, and community-focused programs and cultural events that enhance local liveability and access to services.

Welcome

Integrated Planning and Reporting Framework

The City of Joondalup's Annual Report forms part of a robust *Integrated Planning and Reporting Framework*, which includes informing, resourcing, planning, and reporting, as outlined in the diagram below.

The framework builds organisational and resource capabilities to meet the community's needs and enhances success by recognising how the various components are interconnected and work together. The framework emphasises performance monitoring so that the City can adapt and respond to changes in community need and the business environment.

10-Year Strategic Community Plan

The 10-Year Strategic Community Plan, *Joondalup 2032*, provides the City with a strong strategic direction to deliver economic, social, environmental, and governance services, projects, and activities for residents, businesses, and visitors. As the City's highest-level planning document, it sits at the core of the *Integrated Planning and Reporting Framework*, guiding all other plans and informing the City's long-term vision.

Modifications to the 10-Year Strategic Community Plan

Under regulation 19B of the *Local Government (Administration) Regulations 1996*, local governments are required to provide information of any significant modifications made to the 10-Year Strategic Community Plan in the year.

In June 2025, the City completed a minor review of *Joondalup 2032*, as required under the *Local Government (Administration) Regulations 1996*.

This review ensured the plan remains relevant and responsive to the evolving needs of our community. The updated version was adopted by Council at its Ordinary Council Meeting on 24 June 2025, with minor modifications reflecting community feedback, emerging trends, and alignment with current priorities.

Minutes of Council Meetings are available on the City's website joondalup.wa.gov.au/city-and-council/council-and-committee-meetings

Vision for the future

Joondalup 2032 represents the City's and the community's shared vision for the future:

The City in 2032 has a strong focus on sustainability, liveability, active lifestyles and friendly social interactions. We have a healthy environment, with protected bushland, marine ecosystems and accessible parks and green spaces. We are an environmentally-aware and socially-responsible City. We are a vibrant place where people want to live, work and play, and where people can find everything they need locally.

The City in 2032 caters for every stage of life. People feel welcome here and have a clear sense of belonging. We live in high-quality housing in attractive neighbourhoods which have excellent transport linkages and connectivity. We are multi-generational and multicultural; a place where everyone feels connected and safe. We celebrate and adopt technology and innovation. We are a hub for education and state-of-the-art health facilities, and we are an active advocate for health and other community services. The City in 2032 is internationally connected — we are a global-facing city, with local amenity, and a powerful sense of community.

A global city: bold, creative and prosperous

Joondalup 2032 is available on the City's website joondalup.wa.gov.au/city-and-council/publications/strategic-community-plan

Welcome

Key themes and goals

The City is committed to achieving the goals of the five key themes of *Joondalup 2032*. An overview of how the City performed against the goals is provided in the section [Year in review](#) and detailed information is provided in the section [Our performance](#).

Community

Environment

Place

Economy

Leadership

Values

Primary values

These primary values are inherent in any well-functioning and community-driven organisation:

Accountable

Ethical

Honest

Professional

Respectful

Sustainable

Transparent

Distinguishing values

The City's distinguishing values are the principles and standards that guide us and the community to be leaders in excellence.

Bold

Making courageous decisions for the benefit of our community and future generations.

Ambitious

Leading with strength and vision to achieve our shared goals.

Innovative

Embracing change and learning to stay ahead in a dynamic world.

Enterprising

Creating new opportunities for local business and economic growth.

Prosperous

Building a thriving city that supports success and wellbeing.

Mayor's message

On behalf of the City of Joondalup Council, I present the Annual Report for FY2024–25.

Our city remains a vibrant metropolitan hub, defined by its stunning natural landscapes, rich biodiversity, and deep commitment to sustainability.

Over the past year, Joondalup has strengthened its reputation as one of Western Australia's most innovative and environmentally responsible local governments. The progress made is a tribute to the passion and dedication of our community, as we work together to protect and preserve our shared surroundings for generations to come.

Environmental sustainability

Our commitment to environmental sustainability remains steadfast. The adoption of the City's *Climate Change Plan 2025–2035* will guide our efforts to reduce emissions, protect biodiversity, increase community resilience and future-proof our coastline and inland ecosystems.

We have made it a priority to grow our tree canopy and biodiversity, use water wisely, and support our community in reducing emissions and adapting to climate change. These initiatives are transforming our urban landscape — creating cooler, greener, and more inviting public spaces that contribute to a healthier, more liveable city.

In response to the growing impacts of climate change such as coastal erosion, work continues on the Coastal Hazard Risk Management and Adaptation Plan. This initiative is being informed by local voices through a Community Reference Group and expert insights via a Technical Steering Group, ensuring that both community values and scientific knowledge shape our approach.

Mayor's message

Connecting our community

The City has delivered a \$60 million capital works program, which is transforming Joondalup into a city that is smarter, safer, and better connected.

We are strengthening connections across our community by investing in infrastructure that enhances mobility, safety, and wellbeing, creating a more accessible and inclusive city for everyone.

Strategic infrastructure upgrades across Joondalup are enhancing connectivity, safety, and community wellbeing. Improvements to the Joondalup Drive and Lakeside Drive North intersection have eased traffic flow, while the \$2 million Hillarys cycle network expansion promotes sustainable transport and healthier lifestyles. Nearly \$1.5 million in upgrades at Percy Doyle Reserve are strengthening local sport and social connection. Renewal of the Moolanda Boulevard footbridge is progressing, improving pedestrian access. The completion of the Duncraig Adventure Hub, an \$8 million investment in outdoor recreation and youth engagement, is an exciting development that will become a premier destination for skating, biking, and community gatherings.

Budget highlights

The City of Joondalup continues to demonstrate strong financial stewardship, reinforcing its reputation as one of Western Australia's most progressive and fiscally responsible local governments. Aligned with our strategic vision — "A global city: bold, creative, and prosperous" — this year's budget reflects a careful balance between ambition and accountability.

In shaping the 2025–26 Annual Budget, Council and City staff considered the cost-of-living challenges many residents are facing, as well as changes in the economy. Despite these challenges, Joondalup maintains one of the lowest rates in the dollar across the state, while still progressing an ambitious Capital Works Program that supports long-term growth and prosperity.

This is a budget that looks to the future. It is measured, well-balanced, and designed to ensure that every dollar invested contributes to enhancing the value of our community, economically, socially, and environmentally. By prioritising financial sustainability, we are not only protecting the interests of today's residents but also laying the groundwork for a thriving Joondalup for generations to come.

Reflections

As I prepare to step down as Mayor at the 2025 Local Government Elections, this marks my final annual report for the City of Joondalup. It has been an incredible honour to serve this community, and I am deeply proud of how far we have come together.

The achievements of the past year reflect the strength, vision, and resilience of Joondalup and its people. At the heart of our city is a vibrant and engaged community, one that continues to shape Joondalup's identity through its commitment to inclusion, connection, and progress. Whether through youth engagement programs, initiatives supporting our seniors, or inclusive recreational opportunities, our people remain the driving force behind everything we do.

One of the most rewarding highlights of my time in office has been the Ocean Reef Marina project. It was my number one priority when I was elected as Mayor, and I am delighted that progress continues to be made on this highly anticipated project. It has been immensely rewarding to witness key milestones achieved throughout the year, including the completion of the new breakwaters, the construction of residential properties, and the establishment of new sites for both the Ocean Reef Sea Sports Club and Marine Rescue Whitfords. I look forward to seeing the full realisation of the project in the coming years.

Looking ahead

Joondalup's future is bright. The foundations laid will continue to support a thriving, inclusive, and forward-looking city. With a strong commitment to innovation and sustainability, Joondalup is well-positioned to grow and prosper.

I extend my heartfelt thanks to my fellow Elected Members for their dedication and service, and to the City staff for their professionalism and tireless efforts in delivering high-quality outcomes for our residents.

Most importantly, I want to thank the Joondalup community. Serving as your Mayor over the past eight years has been a great privilege. As a lifelong local, this role was something I aspired to ever since I was first elected to Council in 2006. It has been a privilege to represent and support the city I call home. Together we will continue to build a forward-looking, inclusive city where everyone can thrive.

Mayor Hon Albert Jacob, JP

Message from the Chief Executive Officer

I am proud to present the City of Joondalup's Annual Report for the 2024–25 financial year — a year defined by bold innovation, community connection, and meaningful progress.

From global recognition for sustainability to national recognition for digital transformation and our standout cultural events, Joondalup continues to set the benchmark for excellence in local government. Our commitment to delivering high-quality services and shaping a thriving, inclusive future remains stronger than ever.

Environmental sustainability

Joondalup's sustainability efforts were recognised on the global stage, with prestigious awards celebrating our work to create a more liveable, waterwise city. Through strategic waste management, increased canopy cover, and biodiversity initiatives, we are building a greener, more connected community.

The popular Native Plant Giveaway returned in FY2024–25, inspiring residents to transform gardens and verges into waterwise havens that support local ecosystems and enhance neighbourhood beauty.

Message from the Chief Executive Officer

Digital innovation

Digital transformation was a key focus this year. Our revamped corporate website, launched in October 2024, was named a finalist in the 2025 Australian Web Awards, recognising its modern design, improved search functionality, and user-friendly experience — shaped by extensive community feedback.

In March 2025, we launched the Uptown Joondalup website, showcasing the best places to eat, shop, and explore. Developed in partnership with the Joondalup Visitor Economy Network, the site supports local hospitality and leisure businesses and strengthens our identity as a vibrant destination.

Events

In FY2024–25, Joondalup cemented its reputation as the cultural capital of the northern corridor, delivering a program of events that brought people together, celebrated local talent, and lit up the city with creativity.

Joondalup Festival captured attention and hearts across Western Australia. With the theme Embrace the Unusual, this three-week celebration of art, music and performance drew tens of thousands and transformed the city into a vibrant, interactive cultural playground.

The inaugural Young Musician of the Year Award uncovered extraordinary local talent and showcased our commitment to nurturing the next generation of performers.

The Valentine's Concert returned with love in 2025, featuring an all-star tribute to Fleetwood Mac. Set under the summer stars, the concert delivered a nostalgic evening filled with timeless classics such as Go Your Own Way and Rhiannon. With its signature blend of music, atmosphere and community spirit, this cherished event continues to bring people together in celebration.

Events in Joondalup are more than calendar highlights, they reflect our bold cultural vision and creativity.

Economic development and advocacy

In a testament to the City's collaborative approach across government and industry, strategic grant funding efforts secured almost \$6 million in commitments from State and Federal Governments in the 2024–25 financial year.

We also made strong progress in delivering our Economic Development Strategy, with a focus on sustainable growth and community wellbeing. A key priority has been the revitalisation of the City Centre, transforming it into a vibrant, inclusive hub through direct investment, creative partnerships, and placemaking initiatives.

Central to this transformation is the creation of the Joondalup Contemporary Art Gallery, a new cultural landmark that celebrates local creativity and strengthens our identity as a destination for arts, innovation and enterprise.

These efforts are laying the foundation for a more dynamic, resilient and prosperous future — one that supports local business, attracts investment, and enhances quality of life for all.

Looking ahead

As we close the chapter on a transformative year, I thank our Mayor, Councillors, volunteers, community members, and dedicated staff. Your passion, collaboration and commitment are the driving force behind Joondalup's continued success.

As CEO, it has been a privilege to contribute to Joondalup's growth — anchored in sound governance, bold ambition, and community-first values.

We have consolidated our position as a national leader in sustainability, embraced digital innovation to modernise service delivery, and supported local businesses to fuel a thriving economy.

Our award-winning arts and events programs have enriched the cultural fabric of our city, while our dedication to maintaining and improving community assets — from community buildings to playing fields — ensures we are a safe, accessible, and well-cared for city. It is no accident that Joondalup is one of the most liveable and beautiful local government areas in the nation.

In changing economic and social times, we aspire to be a bold, inclusive, and forward-thinking Joondalup that remains deeply connected to its people. We aim to anticipate, and respond to rising expectations.

The future of Joondalup is bright and together we will continue to build a city that inspires pride, fosters opportunity, and reflects the strength and spirit of its community.

James Pearson
Chief Executive Officer

Year in review

Sustainable communities

In FY2024–25, the City of Joondalup progressed key initiatives under *Joondalup 2032* across environmental, economic, social, and cultural key areas. Activities included large-scale tree planting and water-efficient landscaping to improve urban greening and resource management; support programs for local businesses and employment; and the delivery of inclusive community programs and cultural events. These initiatives contributed to improved liveability, community cohesion, and long-term wellbeing for residents.

City named a finalist in the Banksia National Sustainability Awards

In May 2025, the City was named a finalist in the 36th Banksia National Sustainability Awards for its outstanding leadership in urban biodiversity and climate adaptation. Through its Climate Change Strategy, the City demonstrated a science-based, multi-faceted approach to mitigating climate impacts while enhancing liveability and ecological resilience.

The Banksia National Sustainability Awards are Australia's longest running and most respected sustainability awards, recognising excellence across environmental, social, and economic initiatives. Aligned with the United Nations Sustainable Development Goals, the awards celebrate individuals, organisations, and communities driving impactful changes. Their prestige stems from a rigorous, transparent judging process, national visibility, and a legacy of showcasing innovation and leadership in sustainability. Being named a finalist or winner signals credibility, influence, and a commitment to shaping a more sustainable future.

Joondalup's approach exemplified how local governments can lead in biodiversity conservation, climate resilience, and community engagement. Its recognition as a Banksia Awards finalist highlighted the City's role as a model for sustainable urban governance in Australia.

Key highlights

Dual winner at 2024 AIPH World Green City Awards

In October 2024, the City was awarded two major honors at the 2024 International Association of Horticultural Producers (AIPH) World Green City Awards. The City was announced as the winner of the Living Green for Water category, which recognised our commitment to building a more liveable and resilient city in the context of a changing climate. The City was also announced as the inaugural AIPH Youth Award winner for its efforts to support, engage, collaborate with, and provide green urban environments creating opportunities for youth in social, recreational and sporting activities.

World Green City Award

Awards and recognition

The City was honoured to receive several awards and recognitions for our achievements in FY2024–25, as highlighted below.

Climate Change Strategy – Biodiversity Award Finalist

Banksia Foundation Sustainability Awards

Year in review

NAIDOC celebrations

In July 2024, the City proudly celebrated NAIDOC Week, an annual national event honouring Aboriginal and Torres Strait Islander heritage.

The 2024 theme, “Blak, Loud and Proud,” highlighted strength, vitality, and identity, encouraging all Australians to listen, learn, and engage in meaningful dialogue. Fire, a central symbol of the theme, represents the enduring connection to land, culture, and community.

The City hosted a vibrant program from 1–17 July, featuring movies, creative workshops, and school holiday activities. The celebrations showcased First Nations cultures, histories, and achievements, with cover artwork by Aboriginal artist Kambarni Bin Salleh launched on 10 June.

Through these events, the City reaffirmed its commitment to fostering respect, inclusion, and recognition of Indigenous voices.

NAIDOC Week

Milestones in environmental and climate change commitments

In August 2024, the *Environment Strategy 2024–2034* was adopted by Council. The strategy provides a framework for the City to be environmentally sustainable by protecting and enhancing the environment and minimising the use of natural resources. In June 2025, the *Climate Change Plan 2025–2035* was adopted by Council. The plan provides guidance to the City’s climate change activities to mitigate greenhouse gas emissions to minimise the severity of climate change and adapt to current and future impacts of climate change.

Economic development and activation

The City launched its *Expanding Horizons 2033* economic development strategy at its final 2024 Business Forum, held at Joondalup Resort.

The strategy outlines the plans to develop a high-performing City Centre, strengthen global innovation connections, and support local business growth. The Premier of Western Australia, Hon Roger Cook MLA addressed over 200 industry leaders, highlighting Joondalup’s role in advancing Western Australia’s digital and technology sectors.

Celebrating community

The Joondalup Festival attracted tens of thousands of attendees with its theme Embrace the Unusual, aimed at celebrating creativity and diversity. The Duncraig Library’s 50th anniversary was marked by a well-attended community celebration, and the launch of the Young Musician of the Year Award provided a platform for emerging local talent. Events such as the Valentine’s Concert and NAIDOC Week celebrations further strengthened community connection and inclusion within the city.

Native plant giveaway

Key challenges

Environmental threat: Polyphagous Shot-hole Borer

In FY2024–25, the City responded to the spread of the Polyphagous Shot-hole Borer, an invasive pest threatening the health of its urban tree canopy. Following the decision in June 2025 by the National Management Group that eradication was no longer feasible, the City shifted to long-term management, including monitoring, tree removal, and public education. All Joondalup suburbs were placed in Zone B quarantine, restricting the movement of plant materials.

Coastal hazard risk management and adaptation

In FY2024–25, the City responded to the challenge of managing and mitigating coastal hazards by progressing the development of the Coastal Hazard Risk Management and Adaptation Plan. A Community Reference Group was established to guide the development of a revised plan, ensuring the strategy is informed by community perspectives and aligned with best practice in coastal risk management.

Rising cost of living

In FY2024–25, households across Australia experienced increased living costs, with rises between 1.2 per cent and 1.4 per cent depending on household type, exceeding the Consumer Price Index for the first time since 2010. Key contributors included higher mortgage interest charges, insurance premiums, and food prices. The City acknowledged these pressures by limiting its rate increase to 2.9 per cent, one of the lowest among Western Australian local governments. Despite inflation and rising service delivery costs, the City maintained financial stability and continued investing in community infrastructure.

Homelessness

Rising cost of living pressures have increased the number of people at risk of homelessness, with significant and lasting impacts on individuals and communities. In response, the City is working to raise awareness, reduce stigma, and collaborate with community partners to address the issue. On 1 May 2025, the City hosted a Communities in-focus event to help local businesses, community groups, institutions, hospitals, and residents better understand the complex factors contributing to homelessness and explore compassionate, practical responses.

Financial snapshot

The financial snapshot provides an overview of how the City manages and invests its resources.

	FY2024-25	FY2023-24	FY2022-23	FY2021-22	FY2020-21
Total liabilities	\$59,914,885	\$56,760,908	\$47,105,715	\$44,791,210	\$44,614,497
Equity/net assets	\$1,744,599,664	\$1,587,449,903	\$1,561,693,721	\$1,487,161,021	\$1,464,754,879
Operating revenue	\$ 189,523,478	\$180,417,727	\$168,390,360	\$157,055,323	\$151,667,579
Operating expenditure	\$193,197,976	\$171,888,368	\$158,126,907	\$151,261,976	\$161,569,078
Operating surplus/(deficit)*	(\$3,674,498)	\$8,529,359	\$10,263,453	\$5,793,346	(\$9,901,499)
Net non-operating revenue	\$32,955,864	\$14,229,819	\$13,745,158	\$15,669,717	\$12,946,762
Capital expenditure	\$54,209,936	\$39,371,678	\$40,935,165	\$35,288,686	\$34,706,996

*Note: Includes profit/loss on disposal of assets.

Rates

Every dollar the City received in rates in FY2024-25 was supplemented by 69¢ in other funding. This is how we spent the \$1.69.

Community safety	0.04¢
Libraries, community services and events	0.14¢
Parks, sporting, leisure and community facilities	0.47¢
Planning compliance and health	0.07¢
Roads, footpaths, parking facilities, drainage, streetlights, floodlights	0.35¢
Waste and recycling	0.20¢
Other	0.42¢

Year in review

Expenditure

Operating expenditure of \$193 million has risen 10% compared to the previous year, mainly due to higher materials, contracts and employee costs. Materials and contracts remained well within the budget for the year and were offset by higher operating revenues. Employee costs finished over budget due to the provision made for the estimated value of increases to wages subject to the outcome of the enterprise bargaining agreement negotiations.

Capital expenditure increased 50% from the previous year reflecting higher expenditure for the purchase of property, plant and equipment as adopted by Council and also due to cost pressures in the construction industry.

Major areas of capital expenditure included:

Road construction and preservation/resurfacing	\$19M
Parks development and park equipment	\$6M
Paths (new and replacement)	\$3M
Building capital works	\$5M
Major projects	\$6M
Major road construction	\$5M

Revenue

Operating revenue of \$189 million rose 5% from the previous year, arising mainly from higher interest rates, fees and charges revenue and profit on sale of Catalina land. Interest revenue rose 6.36% as a result of sustained high interest rates. Fees and charges revenue increased 7%, and profit on sale of Catalina land increased by 43%.

Operating revenue

Grants, subsidies and contributions	\$7,802,274
Fees and charges	\$48,635,868
Interest earnings	\$10,597,994
Profit on disposal of assets	\$248,909
Rates	\$112,490,996
Other revenue	\$9,747,437
Total operating revenue	\$189,523,478

Year in review

Cash position

Net cash from operating activities decreased marginally to \$32 million, driven mainly by increases in employee costs and materials and contracts. Cash and cash equivalents have grown 3% to \$172 million, of which \$131 million is held within restricted reserves earmarked for various purposes.

Overall financial position

The City has generated an operating deficit for the year due to the increase in expenditure not keeping pace with the increase in revenue. The City continues to maintain a stable financial position and adequate liquidity in FY2024-25, however, it will need to return to an operating surplus position in future years to maintain its long term financial sustainability.

Grant funding

In FY2024-25, the City received \$5,985,795 in non-competitive Federal grant funding. This includes funding received through Financial Assistance Grants, Roads to Recovery, and Local Road and Community Infrastructure Grants. An additional \$4,068,083 in competitive grant funding was provided by the State Government, Federal Government or another source.

The City also received \$6,436,465 in capital funding for renewals and \$204,611 for replacements.

Capital grants, contributions and donations received for renewals and replacements:

	Renewals	Replacements
FY2024-25	\$6,436,465	\$204,611
FY2023-24	\$3,478,874	\$265,600
FY2022-23	\$4,758,613	\$169,145

Year in review

Major land transactions

Catalina Estate land sales

The Catalina Regional Council was established in January 2006 as the Tamala Park Regional Council for the purpose of the developing the Catalina Estate land owned jointly by seven local governments, including the City of Joondalup. The name change was approved by the Minister for Local Government, Sport and Cultural Industries in 2023.

Catalina Regional Council has developed and sold 1690 lots of land to date. The City's share of sales proceeds of land to date is \$88,416,819.

Current year transactions	FY2024-25
Gross sales	\$16,550,489
Cost of goods sold	\$7,316,084
Profit on sales	\$9,234,405

Expected future cash flows	FY2025-26	FY2026-27	FY2027-28
Development costs	(\$4,124,571)	(\$1,871,601)	(\$303,723)
Sale proceeds	\$17,007,841	\$12,238,156	\$520,157
Net cash flows	\$12,883,270	\$10,366,555	(\$823,879)

As at 30 June 2025, the City's share of land held for sale at Catalina Estate is \$2,052,604.

Trading undertakings and major trading undertakings

The City did not participate in any trading undertakings during FY2024-25.

Year in review

Performance snapshot

Customer satisfaction survey

The City of Joondalup provides a wide range of services for its community, including libraries, cultural and recreational programs, and waste collection. These services are essential to the economic, environmental, and social wellbeing of residents, and the City works hard to make sure they meet community expectations.

To understand how well these services are performing, the City has been conducting customer satisfaction surveys since 2013 — annually until 2018 and every two years since 2021. In 2025, the City engaged an external service provider to conduct the latest survey using computer-assisted telephone interviews (CATI). Previous surveys used both CATI and in-person surveys at public locations.

Survey participants were randomly selected from a database of residents aged 18 and over living in the City’s suburbs. Quotas were applied to make sure the sample reflected the City’s population by suburb, gender, and age, based on ABS 2021 Census data. Data collection took place in May 2025.

The Annual Report FY2024-25 presents the 2025 Customer Satisfaction Survey results and compares them with previous surveys from 2013–2018, 2021, and 2023. Trends for changes under five per cent are not shown because they are not statistically significant or meaningful based on the survey sample size. Highlighting such minor differences could be misleading, especially given the large number of comparisons in the report, which increases the chance of random differences appearing. Instead, the focus is on changes that are proven to be significant and relevant.

Overall satisfaction results		FY2024-25	FY2022-23
	Joondalup as a place to live	96%	97%
	Services provided by the City	88%	90%
	Customer service experience with the City	86%	82%

Our City

The City of Joondalup is a local government in the North Metropolitan Region of Western Australia and is home to approximately 173,000 residents across 22 suburbs. The city has a total land area of 99 square kilometres, featuring a blend of coastline, wetlands, parklands, foreshore reserves, and bushland. It is located approximately 21 kilometres from the Perth Central Business District, 26 kilometres from Perth Airport, and 30 kilometres from the Fremantle Harbour.

The city sits on Noongar land, and the name “Joondalup” is believed to mean “place of whiteness or glistening,” inspired by the reflective waters of Lake Joondalup in Yellagonga Regional Park. The park is a vital ecological corridor and a place of cultural and environmental significance. The City continues to protect and enhance its natural assets through restoration, urban greening, and climate adaptation initiatives, ensuring future generations can enjoy the same rich biodiversity.

The City of Joondalup brings people together through festivals, civic events, and shared celebrations. Signature events, including the Joondalup Festival, Little Feet Festival, NAIDOC Week, and Australia Day citizenship ceremonies, reflect our inclusive spirit and support for local artists, performers, and small businesses.

Joondalup is home to centres for education, training, and health care, and its key employment sectors include retail, health, education, and tourism. The centres of education and training, including Edith Cowan University, North Metropolitan TAFE, and the Western Australian Police Academy, are complemented by major retail centres, such as Lakeside Joondalup Shopping City and Westfield Whitford City. The city has numerous public and private schools and is home to a major hospital at the Joondalup Health Campus.

The city is primarily residential, with some commercial and industrial areas and tourist attractions, such as Hillarys Boat Harbour and Marmion Marine Park. Joondalup has a reputation as one of the most liveable cities in the world and is well-positioned for continued growth with well-connected transport links via the Mitchell Freeway and the Yanchep Railway Line.

Our Logo

The City of Joondalup's logo blends elements of nature and urban design. Inspired by the native Zamia Palm, the floral shape emerges from a grid pattern, symbolising a well-planned city in harmony with its environment. Designed by LandCorp (now DevelopmentWA), it reflects our identity as a connected and sustainable community.

This map shows the location of the City of Joondalup within the broader context of Western Australia, highlighting its regional position and geographic context.

Road safety upgrades in Padbury

Safety upgrades were completed at the Hepburn Avenue–Walter Padbury Boulevard intersection in Padbury in partnership with the City of Joondalup, Main Roads WA, and the State Government. The works included skid-resistant asphalt treatments, improved lighting, and upgraded pedestrian and cyclist facilities. A new roundabout was installed to slow traffic and reduce the risk of serious crashes, addressing long-standing concerns from the Padbury community. In 2024 alone, 12 crashes were recorded at the intersection. The project was funded by the State Government and the City worked closely with Main Roads WA to ensure the upgrades met safety standards and community needs.

This initiative forms part of a broader traffic management strategy, which also includes plans for traffic signals at the nearby Hepburn Avenue–Lilburne Avenue intersection.

Works were completed over 16 weeks by mid-2025, demonstrating the impact of coordinated efforts to improve road safety for local residents.

Our City

Our stakeholders

Volunteers at Duncraig Edible Garden - Start a Veggie Garden discussion series

The city's population consists of many customer and stakeholder groups, including residents, ratepayers, tourists and visitors, businesses, developers, schools, community and sporting groups, State and Federal Government agencies, Edith Cowan University, Western Australia Police Academy, North Metropolitan TAFE, and Joondalup Health Campus.

A challenge for the City is to recognise the differing interests of this diverse range of stakeholders. It is essential that we communicate effectively with all groups and understand the impact of our decisions on each group. The City's role in stakeholder management can include leading in delivery, partnering with others, and advocating, facilitating or providing financial support. In collaborating and forming partnerships with stakeholders, we are committed to a shared responsibility to use our resources efficiently and effectively.

How we engage

The City engages with our community and stakeholders through a wide range of channels, including reports, consultations, events, digital platforms, volunteer programs, and collaborative projects. We engage through Council Meetings, community consultations, newsletters, social media, grants, leadership opportunities, and reference groups. Programs such as the Volunteer Joondalup Resource Centre and venue hire subsidies further support active community participation.

Why engagement matters

Through engagement the City aims to strengthen local leadership and support groups to deliver programs and activities. It enables us to co-deliver services, expand access to sporting, educational and social opportunities, and build long-term community involvement. Most importantly, it helps the City continuously improve our services to better reflect the needs and aspirations of our community.

Our City

Media coverage

Each year, the City reflects on key moments that shaped our community, celebrated our achievements, and strengthened our connection with residents. The following media highlights are a snapshot of the stories that mattered most to our people and our place.

July 2024 | Construction begins on Duncraig Adventure Hub

Work officially commenced on the highly anticipated Duncraig Adventure Hub, a \$9 million investment in outdoor recreation and community wellbeing. Once complete, the Hub will offer a dynamic space for families, youth groups, and adventure seekers to connect with nature, stay active, and enjoy new experiences. This project reflects the City's commitment to creating vibrant, inclusive spaces that support healthy lifestyles and community connections.

October 2024 | International recognition of green innovation

The City proudly received two major honours at the prestigious 2024 International Association of Horticultural Producers (AIHP) World Green City Awards, celebrating excellence in urban greening and sustainable city planning. These accolades highlight the City's leadership in environmental stewardship and its dedication to creating a greener, more resilient future for all residents. The awards are a testament to the collaborative efforts of our community, staff, and partners in shaping a city that thrives in harmony with nature.

October 2024 | Ongoing community concern – Tamala Park odour

Throughout the year, the City continued to work closely with stakeholders and environmental authorities to address community concerns regarding odour emissions from Tamala Park. Open communication, monitoring, and advocacy remained central to the City's approach, ensuring residents' voices were heard and that solutions were pursued to protect local amenities and wellbeing.

December 2024 | Premier Cook addresses local business leaders

The City welcomed the Premier of Western Australia, Hon Roger Cook MLA to its annual Business Forum, where he addressed local entrepreneurs, industry leaders, and community stakeholders. His presence underscored the importance of Joondalup's role in Western Australia's economic landscape and provided valuable insights into future opportunities for innovation, investment, and collaboration across the region.

June 2025 | Remembering Honorary Freeman Nick Trandos

The City mourned the passing of Honorary Freeman Nick Trandos, a respected community leader and long-serving contributor to civic life. Mr Trandos' legacy is deeply woven into the fabric of Joondalup, and his dedication to public service will be remembered with gratitude and admiration.

Community and stakeholder engagement snapshot

Community consultation

The City is committed to ethical, transparent and accountable community consultation, as outlined in our *Community Consultation Council Policy*. The community is consulted when required under legislation, or to inform decision-making. Community feedback is a valuable tool that informs major policy changes, the addition of new community facilities, or changes to City services.

In FY2024–25, the City formally consulted the community a total of 375 times. This is a substantial increase from FY2023–24, largely due to an increase in the number of development applications received.

Community consultation activities FY2024–25:

Legislative community consultation activities FY2024–25:

- Proposed City of Joondalup Parking Amendment Local Law 2024, commenced on 3 October 2024.
- Alfresco Activities Local Planning Policy, commenced on 11 October 2024.
- Major Land Transaction — 40 Ocean Parade (Burns Beach), commenced on 7 November 2024.
- Dog management, commenced on 14 November 2024.
- Proposed Local Development Plan — 45 Country Club Boulevard (Connolly), commenced on 24 January 2025.
- Draft new Residential Development Local Planning Policy, commenced on 30 January 2025.
- Park name change proposal — Blackboy Park (Mullaloo), commenced on 6 February 2025.
- Grouped dwelling (four new two-storey dwellings) — 75 Doveridge Drive (Duncraig), commenced on 31 March 2025.
- Proposed amendments to the Private Community Purposes Zone Local Planning Policy, commenced on 1 May 2025.
- Proposed Percent for Art Scheme Local Planning Policy, commenced on 1 May 2025.
- Building Sustainable Neighbourhoods — Infill Housing Review, commenced on 8 May 2025.
- Intention to levy differential rates FY2025–26, commenced on 29 May 2025.
- Proposed Scheme Amendment No. 20 and Amendments to Short-Term Accommodation Local Planning Policy, commenced on 5 June 2025.
- Proposed Animals Local Law 2025, commenced on 19 June 2025.

The full list of consultations is provided in [Key theme 5: Leadership – How we performed](#)

Our City

Connecting through media

The City produces a range of publications — ad hoc, monthly, and seasonal — to share updates, successes, and events with the community. These are distributed across websites, social media, print, and broadcast channels. Strategic use of digital platforms has significantly increased community engagement, growing our online presence and fostering transparency. Through timely updates and interactive content, we keep residents informed, involved, and empowered to provide feedback on City initiatives.

Revamped website gains global recognition

The City of Joondalup's revamped website was recognised on the international stage. Launched in October 2024, the City's website made a big impression, earning an honourable mention at the prestigious Kentico Site of the Year 2024 competition.

Customer Service Charter

The City's Customer Service Charter states our commitment to providing quality services. It provides our employees with clear standards for the delivery of service excellence in pursuit of the vision and goals of *Joondalup 2032*. The City is committed to customer service excellence in providing customers with an efficient, consistent and friendly experience.

 The Customer Service Charter is available on the City's website joondalup.wa.gov.au/residents/online-services-and-customer-service/customer-service-commitment

Respecting your privacy

The City is committed to safeguarding your personal information. We may collect and use personal details to help deliver services effectively and responsibly. Everyone who works with or for the City — including employees, Elected Members, contractors, and suppliers — is required to follow all relevant privacy laws, policies, and protocols at all times.

The City is responsible for delivering a wide range of services, as well as developing and maintaining essential community infrastructure. These services are aligned with the five key themes of *Joondalup 2032*: Community, Environment, Place, Economy and Leadership.

The full list of services, sub-services and full-time equivalent employees are provided in the following table. Services are classified into two types: statutory services, such as approvals for planning and building, and discretionary services, such as recreational programs. We also deliver internal services, such as information technology or human resources, which may be statutory or discretionary.

Full details of services are outlined in the *Corporate Business Plan 2024–2028* available on the City's website joondalup.wa.gov.au/city-and-council/publications/corporate-business-plan

Speed Awareness and Education Campaign, Craigie

Speed Awareness and Education Campaign – What's your speed?

In October 2024, the City of Joondalup launched a Speed Awareness and Education Campaign, funded by the Australian Government's National Road Safety Action Grants program. As part of the campaign, nine solar speed signs were installed at selected locations in several suburbs, which were chosen based on traffic volume, speed data, proximity to schools, and community concerns. The signs provided real-time speed feedback to drivers and collected data to evaluate their effectiveness. The City also partnered with local schools to promote safe driving and raise awareness about the impact of speeding.

Do-It-Yourself Home Energy Audit Kits

Available for loan at more than 100 libraries and Community Resource Centres across WA

For a list of locations, visit www.switchyourthinking.com/energy

Switch Your Thinking pilot program

In March 2025, Joondalup Library joined the innovative Switch Your Thinking pilot program, bringing practical energy-saving tools and knowledge directly to our community.

This initiative, delivered in partnership with the WA Government, aimed to help households reduce energy use, cut costs, and lower emissions.

Residents could borrow Home Energy Audit Kits for seven days, free of charge. Each kit featured a thermal imaging camera to detect draughts, a plug-in energy monitor to measure appliance consumption, and a water flow gauge — all supported by a clear, easy-to-follow guide packed with energy-saving tips.

Switch Your Thinking also offered free workshops and incentives, including the chance to win a professional in-home energy audit valued at up to \$500. These sessions provided residents with practical knowledge to make informed choices about energy use.

Joondalup was proud to be part of a network of more than 100 libraries and 74 local governments participating in this pilot, working together to create a more sustainable future.

Inside-Out Billboard Project

The Inside-Out Billboard Project is a City commissioned program supporting Western Australian visual artists to create large-scale outdoor billboards that add vibrancy to the City Centre. The project encourages artists to explore scale and site-specific work in public spaces. The FY2024-25 installations included *Façade Climb* by Erin Coates at Joondalup Library, a visual illusion inspired by climbing and architecture, and a still life by Joanna Webber at Joondalup Lawcourts. Both works form part of the City's annual public art program, which activates public spaces and fosters a sense of place for the community and visitors.

Our City

Gold Waterwise Council: Transforming Barridale Park for a sustainable future

The City has achieved Waterwise Council status since FY2010–11 and this status was upgraded to Gold Waterwise Council in FY2015–16. The City has been recognised as a Gold Waterwise Council ever since and we earned the Platinum Waterwise Council of the Year award in FY2020–21.

In FY2024-25, the City was re-endorsed as a Gold Waterwise Council, a recognition of its leadership in sustainable water management and its commitment to reducing groundwater use in response to a changing climate. This prestigious status reflects the City's ongoing strategic efforts to improve water efficiency across public spaces and support the community in adopting waterwise practices.

An example of this commitment is the redevelopment of Barridale Park (Kingsley), which showcased how innovative waterwise technologies and design principles can deliver real results. Funded through the Gnangara Waterwise Councils Grant Program under the Kep Katitjin – Gabi Kaadadjan – Waterwise Perth Action Plan 2, the park now features smart irrigation systems, hydrozoning to match water use with plant needs, smart meter for real-time water monitoring, and waterwise landscaping to reduce consumption.

Previously, Barridale Park had high water usage due to its active sporting grounds, which support local cricket and junior AFL clubs.

The redevelopment reduced water use by 21 per cent while maintaining the park's appeal and functionality. It continues to offer playgrounds, exercise equipment, picnic areas, accessible toilets, disabled parking, and off-lead dog areas, making it a well-loved destination for residents.

The City supports community-focused waterwise initiatives such as verge garden makeovers, native plant giveaways, and education programs to create cooler, greener, and more biodiverse neighbourhoods. Barridale Park is just one example of how the City is turning its Gold Waterwise Council status.

Our Council

Council structure

The Council comprises a popularly elected Mayor and 12 Councillors, collectively known as Elected Members. The role of Council is to govern the City's affairs, monitor the performance of its functions, and be responsible for allocating finances and resources. Council determines and reviews the City's policies, plans and other statutory documents.

Role of Elected Members

The roles and responsibilities of Council, the Mayor, and individual Councillors are defined in the *Local Government Act 1995* as follows:

The role of the Council is that it:

- governs the local government's affairs
- is responsible for the performance of the local government's functions
- oversees the allocation of the local government's finances and resources
- determines the local government's policies.

The role of the Mayor is to:

- preside at Council meetings and ensure meetings are conducted in a correct and orderly manner while remaining impartial
- carry out civic and ceremonial duties, such as conducting citizenship ceremonies
- speak on behalf of the local government
- liaise with the Chief Executive Officer on the local government's affairs and the performance of its functions
- provide leadership and guidance to the community.

The Deputy Mayor performs the functions of the Mayor when authorised to do so under section 5.34 of the *Local Government Act 1995*.

The role of each Councillor is to:

- represents the interests of electors, ratepayers, and residents
- provide leadership and guidance to the community
- facilitate communication between the community and Council
- participate in decision-making processes at meetings
- perform such other functions as are given to a Councillor under the *Local Government Act 1995* or any other written law.

Meetings cycle

Week 1 — Strategy Sessions

Strategy Sessions provide a forum for two-way communication between Elected Members and the City's Executive on strategic or complex issues. Strategy Sessions are not open to members of the public.

Week 2 — Briefing Sessions

Briefing Sessions are used to inform Elected Members on the items of business to be presented and discussed at the forthcoming Council Meeting. No decisions are made at Briefing Sessions although Elected Members may request additional information, and/or may request alternative wording for motions to be prepared for consideration at the Council Meeting. Briefing Sessions are open to members of the public, and question and statement times are permitted. A member of the public may also request to present a deputation to Elected Members relating to an item on the agenda.

Week 3 — Committee Meetings

Scheduled Committee Meetings and any special or urgent meetings of Council or Committees are held as required.

Week 4 — Council Meetings

Council Meetings are formal and are required to be open to the public, although meetings can be closed when Council considers certain items of business, as prescribed by the *Local Government Act 1995*. Question and statement times are permitted at all Council Meetings.

For the full schedule of Council meetings see the section [*Council meetings and workshop attendance*](#)

Complaint registers

The City is supported in ensuring good governance and compliance of its Elected Members by the Department of Local Government, Sport and Cultural Industries — the State Government department that monitors, promotes, and enforces compliance with relevant legislation. Alleged breaches of the *Local Government Act 1995* and the associated legislation are dealt with by the Local Government Standards Panel.

Regulation 19B (2) of the *Local Government (Administration) Regulations 1996* requires the following information to be included in the local government Annual Report:

- any remuneration and allowances paid by the local government under Schedule 5.1 clause 9 during the financial year
- any amount ordered under section 5.110(6)(b)(iv) to be paid by a person against whom a complaint was made under section 5.107(1), 5.109(1) or 5.114(1) to the local government during the financial year.

Register of Minor Breach Findings

An Elected Member commits a minor breach if they contravene Division 4 — Rules of Conduct of the *City of Joondalup Code of Conduct for Council Members, Committee Members and Candidates*.

The Register of Minor Breach Findings provides details of minor breach complaints which the Local Government Standards Panel has found to have occurred, and which require appropriate action to be taken.

In accordance with section 5.121 of the *Local Government Act 1995*, the City must publish an up-to-date register on its website which is to include:

- the name of the Elected Member about whom the complaint is made
- the name of the person who made the complaint
- a description of the minor breach that the Standards Panel finds has occurred
- details of the action taken under section 5.110(6) of the *Local Government Act 1995*.

No new entries were registered in the Register of Minor Breach Findings during FY2024–25.

Register of Behavioural Breach Findings

An Elected Member commits a behavioural breach if they contravene Division 3 — Behaviour of the *City of Joondalup Code of Conduct for Council Members, Committee Members and Candidates*. The Register of Behavioural Breach Findings provides details of complaints about behavioural breaches which the City's Complaints Officer finds has occurred, and the actions taken.

Clause 13 of the City's Complaint Investigation Council Policy requires the City to publish an up-to-date register of behavioural complaints.

No new entries were registered in the Register of Behavioural Breach Findings in FY2024–25.

No remuneration was paid to members of the Local Government Standards Panel during FY2024–25.

The Register of Minor Breach Findings is available on the City's website joondalup.wa.gov.au/city-and-council/public-registers/complaints-register

The Register of Behavioural Breach Findings is available on the City's website joondalup.wa.gov.au/city-and-council/public-registers/complaints-register

Our Council

Elected Member diversity

Regulation 19B of the *Local Government (Administration) Regulations 1996* requires the following information to be included in the local government Annual Report.

- If available, the gender, linguistic background and country of birth of council members.
- If available, the number of council members who are aged:
 - between 18 years and 24 years
 - between 25 years and 34 years
 - between 35 years and 44 years
 - between 45 years and 54 years
 - between 55 years and 64 years
 - over 64 years.
- If available, the number of council members who identify as Aboriginal or Torres Strait Islander.

Mayor and Councillors

Mayor Hon Albert Jacob JP

Elected Member since October 2017
Term expires October 2025

t 9400 4450
e mayor.jacob@joondalup.wa.gov.au

Qualifications

- Bachelor of Environmental Design
- Master of Architecture
- Graduate of the Australian Institute of Company Directors
- Juris Doctor

Background and interests

Mayor Hon Albert Jacob JP was first elected to the City of Joondalup as a North Central Ward Councillor in 2006. He was subsequently elected to the Western Australian Parliament as the Member for Ocean Reef from 2008 to 2017 where he served as the Minister for Environment; Heritage for four years. He was elected the fourth Mayor of the City in 2017, and re-elected in 2021. He is proud of his record of working with others to help deliver large and worthwhile projects for the community. Mayor Jacob enjoys spending as much time with his family and in nature as possible, preferably at the same time.

Mayor and Councillors

North Ward — Burns Beach, Currambine, Joondalup, Kinross

Cr Adrian Hill
(Deputy Mayor)

Elected Member since 2021
Term expires October 2025

t 0408 919 585
e adrian.hill
@joondalup.wa.gov.au

Qualifications

- Bachelor of Engineering (Honours)

Background and interests

With a long and successful career in the international offshore energy industry as a chartered civil engineer, Councillor Hill has worked across structural engineering, marine survey, and commercial business roles. A Joondalup resident since 2004, he now works part-time as a VIP limousine driver and is also an accomplished musician, performing with brass bands and choral groups. His transition into local government followed a lengthy tenure as Chair of the Burns Beach Residents Association. Passionate about Joondalup and its community, he advocates for the enjoyment of local parks and beaches and supports the vision for the Joondalup CBD to become a vibrant reality.

Cr Lewis Hutton

Elected Member since 2023
Term expires October 2027

t 0491 606 739
e lewis.hutton
@joondalup.wa.gov.au

Qualifications

- Bachelor of Commerce (Double Economics)

Background and interests

Councillor Hutton brings experience from working with some of Western Australia's largest resource companies and running a family business in the heart of Joondalup. Since arriving from the United Kingdom, he has actively contributed to the community as a volunteer surf lifesaver, treasurer of the Burns Beach Residents Association, and leader at Joondalup United Football Club. His priorities include supporting sporting and community groups, advocating for retirees and seniors, enhancing community safety, upgrading local facilities, revitalising the Joondalup City Centre, and ensuring responsible budgeting to keep rates low.

North-Central Ward — Connolly, Edgewater, Heathridge, Iluka, Ocean Reef

Cr Daniel Kingston

Elected Member since 2021
Term expires October 2025

t 0435 075 442
e daniel.kingston
@joondalup.wa.gov.au

Qualifications

- Bachelor of Commerce

Background and interests

Councillor Kingston has lived in the City of Joondalup for over 20 years and is a dedicated community volunteer. He is actively involved with the Edgewater Community Residents Association and Friends of Yellagonga Regional Park. Committed to open, transparent, and accountable governance, he advocates for equitable financial decision-making and sustainable planning. He is passionate about creating vibrant, connected communities and protecting the City's unique native flora and fauna.

Cr Nige Jones

Elected Member since 2015
Term expires October 2027

t 0468 562 099
e nige.jones
@joondalup.wa.gov.au

Qualifications

- Bachelor of Sport Science
- Diploma of Education
- Master of Science (Recreation Management)

Background and interests

Councillor Jones brings over a decade of marketing experience across Australia, the UK, and Ireland, alongside 34 years as a fitness coach and 10 years as a soccer coach with the WA Education Department. He enjoys travelling with his partner of 35 years, spending time with family, and staying active through football and gym training. Cr Jones is passionate about supporting local communities and small businesses and remains deeply engaged in community life.

Central Ward — Beldon, Craigie, Mullaloo, Woodvale

Cr Christopher May JP
Elected Member since 2017
Term expires October 2025
t 0431 920 661
e christopher.may@joondalup.wa.gov.au

Qualifications

- Bachelor of Communications

Background and interests

Councillor May JP works in commercial banking and has previously served as a political staffer and research officer. He became a Councillor to help improve the suburbs he grew up in and to protect the natural environment. He is passionate about enhancing tree canopy cover and ensuring quality amenity for residents of all ages. His interests include the arts, fitness and health, history, geopolitics, and philosophy, and he advocates for transparent governance and responsible financial decision-making.

Cr Rebecca Pizze
Elected Member since 2023
Term expires October 2027
t 0405 410 747
e rebecca.pizze@joondalup.wa.gov.au

Qualifications

- Bachelor of Nursing
- Post Graduate Certificate in Critical Care Nursing

Background and interests

Councillor Pizze is a long-time resident, registered nurse, and active community member with over 20 years of healthcare experience. She is deeply involved in local sporting and community groups and advocates for improved health services, environmental protection, and responsible decision-making. Committed to transparency and fiscal responsibility, her priorities focus on healthy people, a healthy planet, and a strong local economy. She is honoured to serve and advocate for the community she loves.

South-East Ward — Greenwood, Kingsley, Warwick

Cr John Chester
Elected Member since 2009
Term expires October 2025
t 0408 985 022
e john.chester@joondalup.wa.gov.au

Qualifications

- Bachelor of Science
- Diploma in Education

Background and interests

Councillor Chester is a retired geologist and science teacher with a lifelong commitment to environmental stewardship. A resident of the City of Joondalup since 1980, he was a founding member of the Kingsley and Greenwood Residents' Association and is a long-term member of Friends of Yellagonga Regional Park. He currently represents the City on the Department of Biodiversity, Conservation and Attractions Community Advisory Committee for Yellagonga Regional Park. He is dedicated to increasing urban forest canopy cover and promoting sustainability through community collaboration.

Cr Rohan O'Neill
Elected Member since 2023
Term expires October 2027
t 0411 162 370
e rohan.o'neill@joondalup.wa.gov.au

Qualifications

Mayor and Councillors

South-West Ward — Kallaroo, Hillarys, Sorrento

**Cr Christine
Hamilton-Prime JP**

**Elected Member since 2009
Term expires October 2025**

t 0405 506 595
e christine.hamilton-prime
@joondalup.wa.gov.au

Qualifications

- Bachelor of Health Science
- Graduate of the Australian Institute of Company Directors
- Certificate IV Hospitality Management

Background and interests

Elected at just 19 years of age in 2009, Councillor Hamilton-Prime JP became the City's youngest Councillor. Alongside her public service, she works in the aerospace industry, bringing expertise in innovation, technology, and global investment. A long-term resident, she is committed to enhancing youth engagement, supporting the Joondalup Innovation Precinct, and advocating for the cyber security and health med-tech sectors. She is passionate about community inclusion, liveability, and preserving the city's coastal environment and public spaces.

Cr Phillip Vinciullo

**Elected Member since 2023
Term expires October 2027**

t 0424 764 406
e phillip.vinciullo
@joondalup.wa.gov.au

Qualifications

- Bachelor of Communications (Media Studies)

Background and interests

Councillor Vinciullo has over 25 years of experience in media, marketing, and content integration. He is committed to financially responsible, transparent, and accountable local government, with a strong focus on protecting parks and beaches, upgrading community infrastructure, and fostering a safe, inclusive, and active community. As President of the Joondalup Symphony Orchestra, he is a passionate supporter of arts and culture. He also champions local business and community safety initiatives.

South Ward — Duncraig, Marmion, Padbury

Cr Russ Fishwick JP

Elected Member since 2006
Term expires October 2025

t 0400 782 274
e russ.fishwick
@joondalup.wa.gov.au

Qualifications

- Graduate Diploma of Business
- Diploma of Business
- Diploma of Project Management
- Executive Certificate in Management
- Certificate in Executive Development
- Certificate in Management Practices
- Certificate of Justice and Law

Background and interests

Cr Russ Fishwick JP has proudly called Joondalup home with his family since 1978, dedicating more than 40 years to championing residents, community groups, and local businesses. He has a deep understanding of local government, having served three terms as Deputy Mayor and acted as a CEO of a metropolitan local government. He is renowned for strong advocacy, good governance, and passion for sustainable waste management. Beyond the chamber, he's hands-on in surf lifesaving and a senior assessor for Surf Lifesaving WA. He sits on the Duncraig and Poynter Primary School Boards and is a member of the Marmion, Sorrento, Duncraig, Progress and Ratepayers Association and the Padbury Community Garden. Cr Fishwick has in-depth local knowledge, and genuine care drives his mission for a safer, stronger, and more vibrant Joondalup.

Cr John Raftis

Elected Member since 2019
Term expires October 2027

t 0407 990 761
e john.raftis
@joondalup.wa.gov.au

Qualifications

- Bachelor of Business
- Certified Practising Accountant
- Chartered Secretary
- Fellow of Governance Institute of Australia
- Fellow of Chartered Governance Institute
- Graduate Diploma in Company Secretarial Practice
- Certificate in Governance for Not-for-Profits

Background and interests

Councillor Raftis is an executive with over 30 years' experience in accounting, governance, and management across sectors from small business to ASX-listed companies. He currently leads a major Aboriginal charitable trust and is committed to enhancing transparency and accountability in local government. A long-time resident with two adult children, he is passionate about making the city a better place to live, work, and raise a family. He enjoys gardening and has a strong interest in sports.

Mayor and Councillors

Remuneration and entitlements

City of Joondalup Council Chambers

Elected Members are remunerated in accordance with the current determination of the Salaries and Allowances Tribunal under the *Salaries and Allowances Act 1975*. The City is classified as a Band One local government for the purposes of the *Salaries and Allowances Act 1975* and has determined that it will remunerate its Elected Members as follows:

- annual attendance fees in lieu of Council Meeting, committee meeting and prescribed meeting fees
- annual allowance for the Mayor and Deputy Mayor
- annual allowance for information and communication technology in lieu of reimbursement of expenses.

The Elected Members' *Entitlements Council Policy* sets out the entitlements available to Elected Members and states that the City will pay the maximum amount within the range set by the Salaries and Allowances Tribunal.

For more information about Elected Member remuneration, including conference attendance expenses, see the section [*Notes to and forming part of the financial report \(section 21: Related party transactions\) in Annual Report: Financial Information 2025.*](#)

Regulation 19BD of the *Local Government (Administration) Regulations 1996* requires the following information to be included in the local government Annual Report:

In relation to fees, expenses or allowances paid during the financial year to council members, the mayor or president, for each person —

- the nature of the fee, expense or allowance
- the total amount or value of each class of fee, expense or allowance.

A vehicle is placed at the disposal of the Mayor for the term of office to perform mayoral duties. The details of the vehicle provided during the current term of office are:

Make and model: Isuzu D-Max

Date acquired: 17 December 2021

Carrying value as at 30 June 2025: \$39,299

Register of fees, expenses and allowances paid to Elected Members

The data in the table below may not align to the data in the Elected Member Remuneration table in the *Annual Report: Financial Information 2025*. This is due to the different reporting requirements under the *Local Government (Administration) Regulations 1996* and the *Local Government (Financial Management) Regulations 1996*. The stated figures only include expense costs reimbursed directly to the Elected Member. The conference expenses in the table below do not include costs associated with registrations, travel costs or accommodation costs.

Elected Member	Mayoral/ Deputy Mayoral Allowance	Meeting Attendance Fee	Information and Communication Technology Allowance	Travel/ Child Care Reimbursement	Other Specified Expenses Reimbursement	Conference Expenses*	Home Office**	Total

*Conference expenses do not include costs associated with registrations, travel costs or accommodation costs. Stated figures only include expense costs reimbursed directly to an Elected Member.

**Column added in FY2024-25 for home office expenses (as provided for in the Elected Members' Entitlements Council Policy).

Mayor and Councillors

Committees

Council established four committees made up of Elected Members. Each committee performs a specific function, and recommendations are presented to Council as the decision-making body. None of the committees have delegated authority.

Audit and Risk Committee

The role of the Audit and Risk Committee is to guide and assist the City to carry out functions related to financial management. The Committee monitors, advises and reviews the Chief Executive Officer's report into the appropriateness of a local government's systems and procedures for matters related to risk management, internal control, and legislative compliance. The Committee supports the auditor of the City to conduct an audit, and review and monitor the internal audit program and the scope of internal audits.

The Audit and Risk Committee met five times during FY2024-25, to oversee financial reporting, risk management, and compliance across the organisation. Key discussions included internal audit updates, staff exit controls, and financial reporting, including the 2023-24 Annual Financial Report, and development of a Benefits Realisation Framework. The Committee also reviewed customer complaints, Elected Member reports, and contract extensions. A special focus was placed on risk areas such as the Beenyup Wastewater Plant and corporate credit card oversight. The Committee endorsed the Compliance Audit Return and supported integrity education initiatives.

Members

- Mayor Hon. Albert Jacob JP
- Cr Christine Hamilton-Prime JP
- Cr Daniel Kingston
- Cr John Raftis (Presiding Member)
- Cr Lewis Hutton
- Cr Rebecca Pizzey
- Cr Rohan O'Neill (Deputy Presiding Member)
- Mr Mark Hall (external)

Deputy Members

- Cr Adrian Hill
- Cr Christopher May JP
- Cr John Chester
- Cr Nige Jones
- Cr Phillip Vinciullo
- Cr Russ Fishwick JP

Committee meetings and minutes are available on the City's website joondalup.wa.gov.au/city-and-council/council-and-committee-meetings/council-committees

Chief Executive Officer Recruitment and Performance Review Committee

The role of the Chief Executive Officer Recruitment and Performance Review Committee is to provide recommendations on matters relating to the selection and appointment process of the Chief Executive Officer. The Committee reviews the Chief Executive Officer's performance, including the key performance indicators, remuneration package and employment contract, and can make recommendations to Council to vary the contract, as and when necessary.

The Chief Executive Officer Recruitment and Performance Review Committee met seven times during the FY2024-25. Key discussions included reviewing the Chief Executive Officer's performance progress, setting 2025 meeting dates, and completing the performance review and contract considerations.

Members

- Mayor Hon. Albert Jacob JP – Presiding Member
- Cr Christopher May JP – Deputy Presiding Member
- Cr Adrian Hill
- Cr Christine Hamilton-Prime JP

- Cr Nige Jones
- Cr Russ Fishwick JP

Deputy Members

- Cr Daniel Kingston
- Cr John Raftis
- Cr Lewis Hutton
- Cr Phillip Vinciullo
- Cr Rebecca Pizzey
- Cr Rohan O'Neill

Policy Committee

The role of the Policy Committee is to make recommendations to Council on the development and review of the City's policies and overall policy framework, local laws, and strategic planning matters. The Committee also oversees the strategic direction of the City's art award events, visual art collection, and visual performing arts programs.

The Policy Committee met six times during the FY2024-25, including a special meeting to hear directly from community groups about venue hire charges. Other meetings covered a wide range of topics, including the City's Visual Arts Program, planning policies, and local development proposals. The Committee also considered planning matters such as the Local Planning Strategy Review, proposed policy amendments, and the Joondalup Resort Local Development Plan.

Members

- Hon. Mayor Albert Jacob JP
- Cr Daniel Kingston – Presiding Member

Mayor and Councillors

Major Projects and Finance Committee

The role of the Major Projects and Finance Committee is to oversee the progress of the City's annual capital works program and review the City's 5-Year Capital Works Program. The Committee can make recommendations to Council on modifications of capital works projects and major strategic capital projects, and the services to be provided by the City. The Committee also oversees the City's financial management activities, funding proposals, and long-term strategic financial planning.

The Major Projects and Finance Committee met four times during the FY2024-25. The Committee reviewed the progress of key infrastructure projects, considered updates to the 5-Year Capital Works Program, and discussed service delivery improvements.

Committee meetings and minutes are available on the City's website joondalup.wa.gov.au/city-and-council/council-and-committee-meetings/council-committees

Mayor and Councillors

External councils, committees and boards

In addition to performing their duties on the City's committees and reference groups, Elected Members represent the City on external councils, committees, and boards. These are positions appointed by Council and are listed in the table below. At its meeting on 16 August 2022, Council determined that the City should also include the period of service for each Elected Member, as well as a statement directing readers to external annual reports for more information.

For more information about these external councils, committees, and boards, including remuneration and attendance information, please refer to the specific Annual Reports for the individual organisations.

Reference groups

The City has four reference groups that help facilitate community participation in our decision-making process. These groups provide an opportunity for the City to capture the views of the community, which assists Elected Members and Council to address strategic issues.

Coastal Hazard Risk Management and Adaptation Plan Community Reference Group

Established in FY2024–25, the City's Coastal Hazard Risk Management and Adaptation Plan (CHRMAP) Community Reference Group provides input into the development of the City's CHRMAP. This is a long-term plan for the coast which identifies areas vulnerable to coastal hazards and outlines the preferred approach and pathways to manage these hazards, in accordance with State Planning Policy No. 2.6.

The reference group assists the City in determining preferred actions and solutions related to mitigating and adapting to coastal hazards in the City of Joondalup. The reference group includes up to ten community representatives and up to four Elected Members as well as a Presiding Member. Meetings are held up to four times per year, with members appointed for a term of up to three years, concluding with Council adoption of the City's CHRMAP.

The CHRMAP Community Reference Group met two times in the FY2024-25, to provide input into the development of the City's CHRMAP. Discussions focused on the development of a CHRMAP Community and Stakeholder Engagement Strategy.

Mayor and Councillors

Joondalup Design Review Panel

The Joondalup Design Review Panel is a Council-appointed panel providing independent expert advice on architecture, urban design, landscape design, and sustainability of planning proposals. The panel has an advisory function only, with advice considered as part of the planning assessment process. Meetings are not open to the public, excluding proponents. The panel consists of the Chief Executive Officer or their delegate (Director Planning and Community Development) and up to 10 other members, including a Chairperson and Deputy Chairperson. All panel members are required to be registered with their professional body and have substantial experience in their respective fields. Appointment to the panel is for a period of two years, in accordance with the ordinary local government election cycle. Meetings are held at the Civic Centre each month, and details are provided on the City's website.

The Joondalup Design Review Panel met on six occasions in FY2024-25. Note meetings are not open to the public.

Members

- Director Chris Leigh (Presiding Member)
- Munira Mackay (Chairperson)
- Andrew Howe

Reconciliation Action Plan Community Reference Group

Supporting the City's reconciliation journey, the Reconciliation Action Plan Community Reference Group guides the development and implementation of the 'Innovate' level of the Reconciliation Action Plan. It includes up to eight community representatives, four organisational representatives, and three Elected Members who meet up to four times a year and serve two-year terms. As of FY2024-25, one community and one organisational position remain vacant, reflecting ongoing opportunities for engagement.

The Reconciliation Action Plan Community Reference Group met three times in the FY2024-25 to finalise the development of the City's first Reconciliation Action Plan and begin preparations for the delivery of the plan's actions for FY2025-26.

Members

- Kathy Kickett
- Ken Aitchison
- Marcus Kaden
- Pauline Boscato
- Phillipa Taylor
- Two vacancies

Strategic Community Reference Group

The Strategic Community Reference Group provides community input on matters of significant community interest and strategic initiatives. After each Ordinary Local Government Election, community members nominate to be a member of the group and Council appoint the representatives. Meetings are closed to the public, but outcomes reports are published on the City's website. The reference group consists of 12 community representatives, three youth representatives (aged 16-24 years) and four Elected Members, with the Mayor as the Presiding Member. Subject matter experts are invited to provide advice on specific topics. Representatives are appointed for two years and meet up to four times a year.

The Strategic Community Reference Group met four times in the FY2024-25, to provide input on key City initiatives. Discussions focused on place activation, the Local Planning Strategy, and the development of the City's Bike Plan and Public Health Plan.

Our organisation

Our organisation

Organisational structure

The City is structured to support the delivery of programs and services that align with the five key themes of *Joondalup 2032*. The organisation is led by the Chief Executive Officer who is supported by four Directors. Each Director oversees the operations of Business Units that are structured to meet the City's strategic and operational objectives, its legislative responsibilities, and delivery of services in the most efficient and effective manner.

Executive Leadership Team

James Pearson Chief Executive Officer

James Pearson has led the City of Joondalup as Chief Executive Officer since March 2021.

His priorities are attracting investment, supporting local businesses, and delivering for the community. He works closely with the Mayor and Council to achieve Joondalup's vision to be a global city: bold, creative and prosperous.

James has held senior roles in business and government, including:

- Leading the nation's top business policy and advocacy network as the Chief Executive of the Australian Chamber of Commerce and Industry
- Directing public affairs for two of Australia's largest public resources companies, and
- Supporting Australian commercial and political interests in Africa, the Pacific and China as an Australian trade negotiator and diplomat.

James has a Master of Business Administration from Deakin University and an Honours degree in Psychology from the University of Western Australia. He is an Adjunct Professor at Deakin University Business School, a Fellow of the Australian Institute of Company Directors and a Life Member and Fellow of the Australian Institute of Management.

James leads with integrity and a belief in equal opportunity — seeing diversity and inclusion not just as a moral imperative, but as drivers of better decisions and stronger communities.

James and his wife Andrea have three children and three grandchildren, welcoming their latest grandchild in 2025. James is a keen sailor and Fremantle Dockers supporter.

Our organisation

Executive leadership team

Mat Humfrey
Director Corporate
Services

Mat Humfrey is the Director Corporate Services. He commenced with the City of Joondalup in 2020 and has worked in local government for over 25 years. Mat has a Bachelor of Commerce, majoring in Business Law and Accounting.

Mat's career, prior to the City of Joondalup, included roles at the Town of Cottesloe, firstly as Executive Manager of Corporate Services and then as Chief Executive Officer. Prior to this, Mat worked in rural and metropolitan local governments, including the Shires of Dalwallinu and Chittering, and the City of Wanneroo.

Jamie Parry
Director Governance
and Strategy

Jamie Parry is the Director Governance and Strategy. He commenced with the City of Joondalup in 2009 and has worked in local government for more than 35 years. He has undergraduate qualifications in Marketing and Public Sector Management, a Postgraduate Diploma in Management, a Master of Business Administration, and is a Graduate of the Australian Institute of Company Directors.

Jamie's career in local government has extended from regional to metropolitan positions, including with the Shire of Beverley, the Cities of Stirling and Perth, and his current role at the City of Joondalup. He currently serves as a Board Member of Local Government Professionals WA.

Nico Claassen
Director Infrastructure
Services

Nico Claassen is the Director Infrastructure Services. He commenced with the City of Joondalup in 2012 and has worked in senior management roles in local government for over 25 years. He has a Bachelor of Engineering (Civil) obtained from the University of Pretoria. Nico is a registered member of Engineers Australia and a previous member of the Institute for Professional Engineers New Zealand.

Nico's career in local government commenced in South Africa in the early 1990s and continued as the Group Manager Infrastructure Services with the Rotorua Lakes District Council in New Zealand, before commencing with the City of Joondalup.

Chris Leigh
Director Planning and
Community Development

Chris Leigh is the Director Planning and Community Development. He commenced with the City in November 2016. He holds a Bachelor of Science, a Master's in Urban and Regional Planning, and is a Graduate of the Australian Institute of Company Directors.

Chris has extensive experience in both local government and private practice, having worked on a broad range of urban infill, commercial, industrial, and heritage projects, as well as leading several major land development initiatives.

In his current role, Chris oversees five Business Units: Community Development and Library Services, Regulatory Services, Community Safety, Planning Services, and Economic Development and Advocacy.

He is also an active member of the planning and development industry, contributing to various working groups and serving as Secretary of the Local Government Planners Association.

Organisational governance

Governance Framework

The *Governance Framework 2021* provides guidance to Elected Members and the City's workforce on good governance practices and ensures the City can manage its many complex responsibilities effectively and in the best interests of the community. The practice of good governance ensures the City meets both legal and ethical compliance, makes decisions in the interests of all stakeholders, and behaves as a good corporate citizen.

The *Governance Framework 2021* consists of four key principles that support excellence in governance:

1. **Culture and vision**
A clear vision and a positive organisational culture and value system in place.
2. **Roles and relationships**
Clarity and understanding of roles and responsibilities and effective working relationships.
3. **Decision-making and management**
Effective decision-making processes that are transparent and accountable.
4. **Accountability**
All activities must be accounted for, and systems and processes must be in place that support accountability.

The *Governance Framework 2021* is available on the City's website joondalup.wa.gov.au/city-and-council/governance/governance-framework

Our organisation

Codes of conduct

The City has two codes of conduct — *Code of Conduct for Council Members, Committee Members and Election Candidates*, and *Code of Conduct for Employees*. The codes of conduct set out the standards of behaviour which must be observed when performing a person's respective duties and are intended to promote accountable and ethical decision-making. This enables professional relationships to be established and maintained in the interests of providing good governance, overall integrity and good government for the community. Each code should be read in conjunction with the *Local Government Act 1995* and other legislation that affect Elected Members, Committee Members, candidates and employees when performing their roles and duties, as the codes do not override or affect those provisions or requirements.

The *Code of Conduct for Council Members, Committee Members and Election Candidates*, and *Code of Conduct for Employees* are available on the City's website joondalup.wa.gov.au/city-and-council/governance/codes-of-conduct

Delegated authority

The *Local Government Act 1995* allows for both the Council and Chief Executive Officer to delegate authority to perform functions and duties on their behalf. Delegations form part of the City's decision-making. The use of delegated authority means that the large volume of the routine work of Council can be effectively managed and acted on promptly. This, in turn, facilitates efficient service delivery to the community. Delegated authority allows Council to concentrate on policy development, representation, strategic planning, and community leadership.

The City is required to maintain a Register of Delegation of Authority and delegations are reviewed on an annual basis. The aim of the register is to assist with improving the time taken to make decisions within the constraints allowed by the relevant legislation. This is consistent with the City's commitment to a strong customer service focus.

A requirement of the *Local Government Act 1995* is for the City to undertake an annual review of the Register of Delegation of Authority to ensure the listed delegations continue to be appropriate. A report on the review was presented to Council on 24 June 2025.

The *Register of Delegation of Authority* is available on the City's website joondalup.wa.gov.au/city-and-council/public-registers/delegated-authority-register

Compliance

Regulation 14 of the *Local Government (Audit) Regulations 1996* requires local governments to carry out a compliance audit for the period 1 January–31 December every year. The 2024 Compliance Audit Return was reviewed by the Audit and Risk Committee at its meeting held on 24 February 2025. One area of non-compliance was identified relating to the failure by four employees to submit an annual return on time, as detailed below:

- One employee, who was in an acting position, submitted a late return due to an oversight.
- One employee submitted a late return while on extended leave.
- One employee submitted a late return due to an administrative oversight. The City had not identified that this position required both a primary return and a subsequent annual return.
- One employee did not submit an annual return due to being on extended leave and subsequently leaving employment with the City.

The 2024 Compliance Audit Return was adopted by Council at its 25 March 2025 Council Meeting. The certified copy of the return and the relevant section of the Council resolution were submitted to the Department of Local Government, Sport and Cultural Industries by 31 March 2025.

Integrity and controls

The City expects its Elected Members, Committee Members and employees to act in compliance with the codes of conduct and behave ethically and honestly when performing their functions and during their interactions with each other, the community and all stakeholders of the City. A zero-tolerance attitude is taken to fraudulent or corrupt conduct, and such conduct is thoroughly investigated with the appropriate reporting, disciplinary, prosecution and recovery actions initiated.

The objective of the City's *Fraud, Corruption and Misconduct Control Council Policy* is to communicate our zero-tolerance approach and response actions to fraudulent and corrupt conduct within the performance of its functions and interactions with contractors and suppliers, the community and all other stakeholders of the City.

To support this, the following service levels are in operation:

- Maintaining our whistleblowing program to ensure regular awareness is provided to employees, contractors, suppliers and the public
- Provision of programs, including the use of data analytics for fraud, misconduct and corruption detection and prevention
- Reporting to external oversight agencies.

Each year, the City completes the Public Sector Commission Integrity and Conduct Annual Collection which is used to identify areas for improvement. The continued focus to strengthen integrity and conduct controls shows our commitment to ethical behaviour. Where the standards of behaviour fall below what is expected, including misconduct, the City takes the appropriate action, which may include notifications to the Corruption and Crime Commission or Public Sector Commission.

The City submitted the Annual Collection Survey to the Public Sector Commission on 23 April 2025.

Our organisation

Integrity Framework 2022

The *Integrity Framework 2022* guides us in providing the highest level of integrity for the community. The framework brings together the instruments, processes and structures within the organisation that foster integrity and help prevent corruption and misconduct from taking place. It also considers factors and conditions for implementation that may have internal and external influence on the City's operations.

Integrity and conduct training

The City extended the implementation of integrity and conduct training for all employees. The training sessions included topics on values and behaviours (accountable and ethical decision-making), code of conduct, and use of City resources, behaviours and reporting. In FY2024-25, 324 staff completed one, two or three modules of integrity training.

External audits

The City did not undergo any external audits in the FY2024-25.

Information security

The City holds information relating to Elected Members, employees, ratepayers, contractors, suppliers, the community, and other stakeholders. Ensuring the security and protection of this information is critical.

On 5 August 2024, the Audit and Risk Committee received a report on the *Western Australian Auditor General's Information Systems Audit Report (Local Government 2022-23)*. The City was one of 53 local governments audited, and one of 11 entities assessed for capability maturity across the following categories:

- Access management
- Business continuity
- Change management
- Endpoint security
- Human resource security
- Information security framework
- IT operations
- Network security
- Physical security
- Risk management

On 19 May 2025, the Committee received a status update on the implementation of recommendations from the Auditor General's performance audit into staff exit controls at large local governments. The audit assessed how effectively entities manage staff exits to minimise security, asset, and financial risks. The City was recognised for best practice but identified two areas for improvement:

- Identifying and capturing assets and access for each staff member.
- Limiting access to systems for casual employees, external contractors and agency workers.

The City is implementing the Essential Eight Cyber Security Controls and working with the Office of the Information Commissioner to meet the requirements of the Privacy and Responsible Information Sharing Act 2024 (PRIS), ahead of its commencement on 1 July 2026.

Risk management

The City is committed to ensuring that effective risk management remains central to all our operations while delivering a wide and diverse range of services to the community, including residents, ratepayers, businesses and visitors. The management of risk is the responsibility of everyone and should be an integral part of organisational culture. This is reflected in the City's policies, protocols, systems and processes used to ensure efficient and effective service delivery.

The City's *Risk Management Council Policy* and *Risk Management Framework* reflect good practice and sound corporate governance, and both are consistent with *ISO 31000:2018 Risk Management – Guidelines*. The *Risk Management Council Policy* outlines our commitment and approach to managing risks; risks are recorded, analysed and reported based on the context of the individual risk and the risk portfolio it belongs to. The *Risk Management Framework* requires a strategic risk portfolio to outline an internal or external risk that may impact the City achieving its long-term goals, as defined in *Joondalup 2032*.

Strategic Risk Register

The City's Strategic Risk Register is an assessment of strategic risks to the City. The register was developed with Elected Members and the Executive Leadership Team. Twelve initial strategic risks were identified, and a gap analysis was used to compare the register with other public sector organisations nationally. The Strategic Risk Register was adopted by Council at its meeting on 26 March 2024; it will be reviewed in 2026.

Reporting to external oversight agencies

The City regularly reviews the fraud, corruption and misconduct risks it is exposed to and develops and refines strategies and processes to address those risks. It is through internal audits, investigations and/or tip-offs that allegations of misconduct may be identified. When the Chief Executive Officer suspects, on reasonable grounds, that misconduct has occurred, the appropriate notification is made to the relevant external oversight agency on a timely basis. This is a requirement of the *Corruption, Crime and Misconduct Act 2003*.

At its meeting held on 19 May 2025, the Audit and Risk Committee was provided with a confidential report on allegations of misconduct since the last report on this issue to the Committee on 11 March 2024. The matter related to the failure to lodge an Annual Return by 31 August 2023, as described in the Compliance section of this report. The Corruption and Crime Commission assessed the information provided and formed a suspicion of serious misconduct; however, pursuant to section 33(1)(d) of the *Corruption, Crime and Misconduct Act 2003*, decided to take no action. This is an option available to the Corruption and Crime Commission and is a decision that was made with consideration to section 18(3) of the *Corruption, Crime and Misconduct Act 2003*.

Moolanda Boulevard Footbridge project – A collaborative infrastructure upgrade

The City secured \$2.4 million in Federal funding through the Thriving Suburbs Program to deliver a landmark pedestrian and cycleway footbridge over Moolanda Boulevard (Kingsley). The project was also supported by \$1 million in State Government funding via Main Roads WA.

The new three-span steel and concrete bridge, designed for a 100-year lifespan, replaced the former 37-metre timber structure removed in September 2022 due to safety concerns. The bridge is important for community connectivity and active transport and key upgrades included enhanced lighting and improved safety features, restoring the 2.5 km uninterrupted Robertson Road Cycleway and improving access to schools, parks, and local businesses.

Construction tenders were advertised in February 2025, with Council awarding the contract in May. Site works commenced in July 2025, with completion expected within six months, subject to contractor and material availability.

Our organisation

Contracts and procurement

All purchasing is conducted in compliance with the requirements of the *Local Government Act 1995*, the *Local Government (Functions and General) Regulations 1996*, and in accordance with the City's *Purchasing Council Policy*, internal protocols and codes of conduct. Ethical selection of suppliers, best practice and value for money underpin the procurement process and the assessment of quotations and tenders.

The principle of value for money considers the following: financial viability, being fit-for-purpose, past performance of suppliers, safety standards, quality of the product, and sustainable practices within the supply chain.

Quotations are required for all purchases with a value ranging from \$5,001 to \$250,000. The purchase of goods and services for more than \$250,000 requires a public tender.

We support local and inclusive procurement through these practices:

- Local suppliers are encouraged to quote where possible.
- Sustainable procurement practices are considered to reduce environmental and social impacts.
- The City may invite Australian disability enterprises to quote, supporting inclusive employment.

These practices ensure that public funds are used responsibly and that the community benefits from high-quality, cost-effective services.

e-Procurement Portal

The City's e-Procurement Portal is an online system for advertising tenders and expressions of interest, and for managing the procurement process through to the contract award state. The portal is a free service for registered suppliers who can view any associated documentation, participate in question-and-answer forums and, where required, submit electronic bid responses through the secure e-tender box facility.

Tenders

The City awarded 15 tenders in FY2024-25. Significant tenders included:

- Provision of architectural and specialist consultancy services for the Sorrento Surf Life Saving Club facility redevelopment project — \$741,800.
- Domestic waste, garden organics and recycling collection services — estimated \$38,665,297 (or \$55,518,529 including extensions).
- Moolanda Boulevard pedestrian and cyclist bridge — \$2,911,455.
- Construction of the Percy Doyle outdoor youth facilities — \$5,508,560.

National Competition Policy

The City adheres to the National Competition Policy that aims to promote effective competition in situations where it will enhance the welfare of our community. Local governments administer legislation and deliver services which have a significant impact on state economies, businesses and consumers. Local governments are also providers of monopoly services, such as water, sewerage, and waste collection. Local government is affected by where it operates significant business activities which compete, or could compete with, private sector businesses. Local governments will also be affected where local laws unnecessarily affect competition.

Competitive neutrality

The City adheres to competitive neutrality principles whenever we conduct commercial activity. One of these principles is ensuring that government-controlled businesses do not enjoy competitive advantages simply because they are publicly owned and backed by public money.

Local governments are only required to implement the above principles to the extent that the benefits to be realised from implementation outweigh the costs in respect of individual business activities exceeding an annual income of \$500,000.

Within these criteria, we previously identified the following business activity: Craigie Leisure Centre. The public benefit tests for these activities revealed that competitive advantages and disadvantages existed in the leisure centre, and it was beneficial to the local community to continue the operational subsidies to enable the services to be maintained into the future.

Records management

The City's *Records Management Council Policy* outlines the process for the management and disposal of records in accordance with the *State Records Act 2000* and other legislation. The City is committed to recordkeeping that ensures and facilitates a structured approach using corporate systems. General recordkeeping applies to all Elected Members, staff and contractors. Retaining corporate documents in an electronic records management system delivers best practice in recordkeeping and provides an efficient document processing service to meet customer needs and volume demands

The number of records captured in the City's corporate recordkeeping system in FY2024-25 was 353,656. This includes incoming and outgoing letters, emails, faxes, online forms and internal documentation. Training in recordkeeping practices and the use of the City's document and records management systems is provided to all new staff upon commencement of employment. Ongoing training for all staff is made available throughout the year.

Number of records captured in the City's corporate recordkeeping system, five-year trend:

Freedom of information

Under the *Freedom of Information Act 1992*, the City is required to provide a general right of access to documents and records we hold (note that some documents cannot be accessed and are exempt). Documents and records that can be accessed can be either personal or non-personal. The *Freedom of Information Act 1992* requires the City to publish an annual Freedom of Information Statement. The City's *Freedom of Information Guide* serves as that statement and as a reference to the City's functions, responsibilities and information it holds. The guide details the structure and function of the City, ways in which the public can participate in the City's decision-making processes and how the public can gain access to City documents.

75

Average completion time

97%

Applications completed within the legislated timeframe of 45 days

The *Freedom of Information Guide* is available on the City's website [joondalup.wa.gov.au/city-and-council/governance/freedom-of-information-\(foi\)](https://joondalup.wa.gov.au/city-and-council/governance/freedom-of-information-(foi))

Our organisation

Gift disclosures

The *Local Government Act 1995* requires Elected Members to disclose any gifts over \$300 in writing to the Chief Executive Officer within 10 days of receipt. This includes any gifts received while in their official capacity, including contributions to travel. The Chief Executive Officer is required to publish an up-to-date Gift Register for Elected Members and Chief Executive Officer on the City's website within 10 days after a disclosure is made.

The City also maintains an *Electoral Gifts Register* that contains certain information on electoral gift declarations made by candidates and donors during local government elections. Following each election, any declarations made by unsuccessful candidates are removed from the register. Any declarations made by candidates that are successful in being elected to office are maintained in the register for the term relating to that election. The City's current *Gift Register for Employees* contains disclosures made since 1 January 2021 of any gift valued between \$50 and \$299.

The gift registers are available on the City's website joondalup.wa.gov.au/city-and-council/public-registers/elected-members-and-ceo-gift-register

Quality frameworks

The *Australian Business Excellence Framework* is an integrated leadership and management system that describes the elements essential to sustainable organisational performance. The framework is used to assess and improve any aspect of an organisation, including financial benefits, efficiencies in time and process, increased effectiveness representing value for money, improvements in quality, reduced environmental impact, reduced risk, greater compliance, and improved governance. Since 2005, the City has used the framework as a way of improving the organisation and delivering better services. The City is committed to delivering best practice, high quality and efficient services to all stakeholders.

The City's Infrastructure Services Directorate also uses the *ISO 9001:2015 Standard* for its Quality Management System. The ISO standard is an internationally benchmarked quality management system standard that is used by organisations of all sizes and industries, all over the world. The standard provides a framework for improving quality across products and services in a consistent and reliable manner. Independent certification to ISO 9001 demonstrates ongoing commitment to customers, validated by an independent third party. Some of the key benefits to organisations that are certified to the standard include a demonstrated focus on the customer, a commitment to service, high quality products, and a cycle of continuous improvement.

Benefits Realisation Framework

The City implemented a Benefits Realisation Framework, which has two overarching objectives:

- To embed the principles of benefits realisation across the organisation, including outlining the value of monitoring and reporting on benefits.
- To implement a clear and consistent process for the identification, categorisation, measurement, and reporting of the benefits arising from internal business improvement activities.

The *Benefits Realisation Framework*:

- Promotes responsible use of resources by identifying and measuring cost savings and productivity gains.
- Improves service efficiency, allowing staff to focus on high-value tasks that benefit the community.
- Supports environmental sustainability through initiatives that reduce carbon emissions and improve operational practices.
- Encourages a culture of continuous improvement, ensuring long-term organisational resilience.

Key achievements of the Benefits Realisation Framework:

19 internal business improvements identified

33 benefits realised, including:

\$606,000 in reduced costs

\$125,000 in avoided costs

627 hours of officer time saved

\$29,415 in productivity gains

0.15 tonnes of CO₂ emissions avoided

21 intangible benefits, such as improved collaboration, innovation, and service quality

Continuous improvement

The City is committed to delivering best practice, high quality and efficient services to all stakeholders to deliver on our vision and our community's expectations outlined in *Joondalup 2032*.

The *Continuous Improvement Plan* was established to provide a more visible and coordinated approach to business and process improvement activities. Projects identified in the Continuous Improvement Plan align with the Australian Business Excellence Framework and the Australian Business Excellence Framework Council Policy, which the City uses as a guide to assess our performance and identify improvements.

Progress reports against the Continuous Improvement Plan are provided to the Executive Leadership Team annually, and benefits derived from improvements are regularly reported to the Audit and Risk Committee. Reports include, where possible, the quantifiable and tangible results of improvements, and the non-quantifiable, intangible results of improvements which contribute to enhanced organisational performance and culture.

Local government reform

The *Local Government Amendment Act 2024* became law on 6 December 2024, resulting in a range of changes to how local governments in Western Australia operate. Some of the changes included clarification of the roles for Mayors, Councillors, and Chief Executive Officers, the establishment of the Local Government Inspector and Monitors, and an independent chair for Audit, Risk and Improvement Committees.

The obligations under the amended legislation include:

- Adopting a Rates and Revenue Policy in line with State legislation.
- Aligning local laws and planning approvals with new streamlined processes.
- Appointing an independent chair to the Audit, Risk and Improvement Committee.
- Ensuring Council Members complete mandatory training and managing superannuation arrangements.
- Clarifying roles of Council and local government staff in preparing and submitting to Development Assessment Panels.

In FY2024–25, the City implemented mandatory legislative requirements, including updates to Council Meeting procedures to ensure compliance with livestreaming and recording obligations effective from 1 January 2025.

Our workforce

The City is committed to being both a high-performing organisation and a great place to work. Our employees benefit from flexible work options, a strong focus on learning and development, and a range of health and wellbeing programs.

1064 Total employees (headcount)

700 Number of full-time employees

4 Full-time equivalent employees per 1,000 residents

62% Percentage of women employees (headcount)

58% Employees living outside the City of Joondalup (permanent and fixed-term)

Number of employees by age and gender (headcount) FY2024-25:

Male Female

0-20 years	35	58
21-30 years	58	98
31-40 years	71	118
41-50 years	97	130
51-60 years	84	177
61+ years	56	82

Percentage of employees by length of service (permanent and fixed-term)

Workforce planning

During FY2024-25 the development of the Strategic Workforce Plan 2025-2030 commenced. The plan is a key part of our *Integrated Planning and Reporting Framework* and aims to ensure we have the right people and skills to deliver services and projects. When the draft plan is approved, implementation is expected to begin in the first quarter of the new financial year.

Recruitment

Recruiting new employees represents a significant investment of time and effort by the City. Contemporary recruitment and selection practices are used to attract and select the right workforce. Robust and well-planned recruitment processes mean that we are more likely to select people who are appropriate for the role and the organisation, and who can flourish. This in turn improves retention rates.

The City's recruitment process includes:

- Reviewing roles before advertising to ensure they remain relevant.
- Creating targeted job advertisements to attract suitable applicants.
- Using behavioural-based interviews and practical assessments (where appropriate).
- Conducting thorough referee and qualification checks.

City received **5,958** job applications, an increase of **1,017** from the previous year.

Conditions of employment

The City's enterprise agreements help create a fair, flexible, and inclusive workplace. These agreements include structured rosters, allowances, flexible working arrangements, leave provisions, and clear consultation and dispute resolution processes. They also ensure fair compensation through penalty rates and overtime, supporting a healthy work-life balance for all employees.

Diversity, equity and inclusion

The City is committed to promoting fair treatment in recruitment, training and development, and conditions of employment. With a focus on authentic and actionable change within our overall *Workforce Plan*, the City's *Diversity and Inclusion Plan 2021-2024* was developed with three key focus areas:

- Employment pathways — improving representation in our workforce of people from diverse groups, and reducing structural, procedural, and cultural barriers to employment.
- Education and training — promoting inclusive culture by acknowledging and embracing differences, along with informing on best practices and resources, both internal and external.
- Celebrating a diverse and inclusive culture — championing our diverse workforce and highlighting initiatives and events that promote diversity.

Our workforce

Phased Retirement pilot project

The City recognised it has an ageing workforce and initiated a Phased Retirement pilot project to support a broader review of its approach to phased and transitional retirement. The pilot project aimed to inform the development of new provisions for employees nearing retirement.

The project involved Jill Wilson, a long-serving employee in the Coordinator Organisational Development role, who expressed a desire to reduce her working hours as part of her retirement planning. Jill transitioned into a newly created Organisational Development Project Officer role on a temporary fixed-term basis, with a gradual reduction in working hours from five days to one day per week.

The new role enabled Jill to provide support, advice, coaching, and mentoring to the Organisational Development team as part of succession planning, contribute to specific organisational projects, and document and transfer her knowledge of organisational development initiatives. This was the first formal arrangement of its kind implemented at the City for an employee approaching retirement.

The idea of retirement can be a challenging and emotional time. After a busy career making a contribution to the work of the organisation, there can be feelings of loss of direction, value and purpose. While some employees may feel their work has been done and they are ready for retirement, others may feel it hard to step back and let someone take over. There can also be competing family and lifestyle priorities such as caring for parents or assisting with grandchildren.

As part of the pilot, Jill also participated in a retirement support program delivered by an external provider. The program included planning for life after retirement, mental health considerations, and financial counselling. Retirement counselling for Jill consisted of one-on-one meetings with a retirement consultant, from Career Life Transitions. The same program is offered to City staff on a group basis.

Evaluation of the pilot identified tangible benefits for Jill, the Organisational Development team, and the wider organisation. The initiative also increased awareness of tailored phased retirement options and provided valuable insights to inform future retirement provisions for City employees.

Employee performance

As required by the *Local Government Act 1995*, employee performance appraisals are conducted on an annual basis. The process involves aligning employee work goals with organisational objectives, establishing performance expectations and targets, and identifying learning and development needs.

Central to the City's approach is the *Individual Development Achievement Plan*, which is developed between the supervisor and employee. It involves a two-way communication process on both setting employee performance targets and, just as importantly, setting each employee's personal and professional development needs and aspirations.

Learning and development

The City's corporate training program provides our employees with access to development opportunities that meet the needs of the individual and build greater capability within the organisation. Development opportunities for eligible employees include:

- Access to the online training platform, LinkedIn Learning, for employees to access self-paced training courses.
- Formal arrangement between the City and the Australian Institute of Management WA for employees to access the institute's suite of training courses at a reduced cost.

- Study assistance program which provides eligible employees with access to tertiary education.
- Employee mentoring program in conjunction with Edith Cowan University, North Metropolitan TAFE, and the Western Australia Police Academy.
- Workshops and conferences to upskill, extend knowledge and keep up-to-date with changes in their related field.
- Secondment opportunities to gain experience in alternative roles and organisations.

Access and inclusion training

In FY2024-25, the City extended the implementation of mandatory access and inclusion training for all staff. The sessions provided important information on the following topics:

- Cultivating inclusive cultures
- Customising service and supporting individual needs
- Insight into representation and role models
- Language and communication tools
- Social model of disability — why and how to apply it
- Understanding types of disability.

The sessions were led by a facilitator from EvolveWA and featured a guest speaker with lived experience of disability.

Our workforce

Accidental counsellor training

The City provided accidental counsellor training on 1 August 2024 for 14 staff members, offering tips and tactics for those who have ever been caught without the words to help a client, customer or co-worker who was dealing with a distressing situation. The one-day workshop provided information on the following topics:

- Desirable traits and skills for an accidental counsellor
- Differences between supporting, helping and rescuing
- Role of accidental counsellor
- Self-care strategies
- Significance of self-awareness, emotions, personal perception filters and empathy.

Women in Leadership training

Throughout the year, the City provided opportunities for female leaders to attend training and development activities.

Eighteen women from across the organisation attended a three-day Women in Leadership workshop, facilitated by Dr Melissa Langdon on behalf of the Australian Institute of Management Western Australia. Participants shared experiences, gained knowledge and skills, and established an ongoing network to support each other through their journeys towards leadership.

Nine female staff also attended a one-day Adaptive Resilience workshop, facilitated by Cathryn Urquhart on behalf of the Google Search Inside Yourself program. This interactive program used a mindfulness-based approach to build the behaviours, mental habits, and practices that promote personal resilience while growing a culture of resilience within teams and organisations. A further six female staff attended a half-day Effective Teaming workshop, which offered a mindful approach to leading and participating in teams.

Future Female Leaders Program

The City has supported the Future Female Leaders program since its inception in 2021. The Program, aimed at year 11 female students, provides learning and development for participants over a six-month program, and includes topics such as self-awareness, leadership purpose, building an entrepreneurial mindset, communicating with influence, and critical thinking. Participants also create a social impact project based on one of the United Nations Sustainable Development Goals.

To add even greater strength to the program, professional female leaders, from a broad range of backgrounds and industries, volunteer as mentors to provide additional support and encouragement to the young female leaders participating in the program. This year, the City supported two local high school students to participate in the 2025 program and provided four female leaders as co-mentors.

Our workforce

Significant training events	Number of completions/participants

Our workforce

Health and wellbeing programs

At the City, we believe that a healthy and supported workforce leads to stronger services for our community. That is why we offer a range of ongoing health and wellbeing programs to help protect the safety of our employees — physical, mental, and emotional, social, and digital. These programs are well received and play a key role in creating a safe, caring, and resilient workplace:

- Employee Assistance Program — free, confidential counselling and support for staff and their families
- Flu vaccinations — annual flu shots to help prevent illness and reduce workplace absences
- Health assessments — regular checks to support early detection and prevention
- Skin cancer screening — on-site screenings to promote sun safety and early intervention
- Wellbeing education and support — workshops and resources to encourage healthy lifestyles
- Workmate Support Program — peer support and initiatives to assist employees, including those impacted by family and domestic violence.

Workplace giving

Through the Workplace Giving Program, employees can donate to charities directly from their pay, with casual Fridays as a small thank-you for their generosity. In FY2024–25, staff raised valuable funds for community charities and participated in initiatives such as the City's blood donation program, helping to make a positive impact beyond the workplace.

Australian Red Cross Lifeblood initiative

The City proudly supports the Australian Red Cross Lifeblood initiative. Through this partnership, our employees are encouraged to donate blood and plasma — simple acts that can save lives and strengthen community wellbeing. Each year, the Local Government Blood Drive invites councils across Western Australia to take part in this life-saving campaign. In 2024–25, City staff showed outstanding civic spirit, making 79 blood donations during the campaign period. This placed us first in Western Australia and first nationally among 278 participating local governments — a remarkable achievement that reflects our team's dedication to making a difference. These donations have the potential to save up to 237 lives and is a testament to the generosity of our workforce.

Our workforce

Our workforce

Payments to employees

Regulation 19B of the *Local Government (Administration) Regulations 1996* requires the City to include the following information in its Annual Report:

- Number of employees of the City entitled to an annual salary of \$130,000 or more.
- Number of those employees with an annual salary entitlement that falls within each band of the \$10,000 over \$130,000.

To eliminate issues associated with the treatment of benefits other than cash salary, the City has adopted a total employee cost approach to reporting remuneration. This involves all remuneration being added to produce a total number. This is considered a far more transparent and open approach to payment, which exceeds the requirements of the Regulations.

The following table is based on the amount each employee actually received over the period of this Annual Report, whether employed for a full year or not, and includes:

- Annual salary and any leave cashed out
- Higher duties payments
- Motor vehicle allowances
- Novated lease refunds
- Overtime
- Salary sacrifice arrangements
- Statutory superannuation (11.5%) and additional City contributions (up to 3.5%)
- Termination payments

Number of employees entitled to an annual salary of \$130,000 or more.

Salary bands:	Men:	Women:	Other:	Total:
\$130,000–\$139,999	22	21	0	43
\$140,000–\$149,999	13	9	0	22

Remuneration paid to the Chief Executive Officer

In accordance with Regulation 19B of the *Local Government (Administration) Regulations 1996*, the City is required to disclose the remuneration paid or provided to the Chief Executive Officer during the financial year.

In FY2024–25, the Chief Executive Officer received:

Base salary: \$369,991.24

Superannuation contributions: \$42,549.07

Total remuneration: \$412,540.31

Work health and safety

The City takes a proactive and committed approach to risk minimisation by continuing to improve our safety culture and management system. Work health and safety services provided include:

- Accident investigation and safety audits
- Fire safety and evacuation procedures
- Injury management
- Risk management
- Safety awareness and information
- Workers' compensation administration and management
- Safety and Risk Management Advisor at the Works Operation Centre

Safety management plan

The *Strategic Work Health and Safety Management Plan 2021–2024* supports our vision to be leaders in safety management through the elimination of work-related injuries and unsafe work practices.

The plan promotes health, safety and wellbeing of all workers and provides direction to the organisation by focussing on five key areas:

- Health and wellbeing culture
- Managing risk
- Safety culture
- Safety leadership
- Safety management system

Each area includes targeted strategies and actions to ensure a structured and effective approach to workplace safety.

Strategic Safety Alliance

The City is a member of a formal Strategic Safety Alliance that is aligned with the Local Government Insurance Services. In partnership with other local governments, we share resources and work together to improve work, health and safety practices and strategies. Key objectives of the alliance include:

- Applying standardised project management methodologies.
- Integrating safety into all local government policy development and evaluation.
- Measuring performance through agreed key indicators.
- Providing strategic safety advice and consultancy.
- Using coaching and mentoring to build internal capability.

Work health and safety incidents

The City records all work health and safety incidents in a dedicated safety management software system. Effective recording, investigation, tracking, resolution, and reporting of incidents ensures hazards are minimised.

Our workforce

Lost time injury frequency rate

The Lost Time Injury Frequency Rate (LTIFR) helps us measure how often workers are injured seriously enough that they cannot return to work for a period of time. It is calculated based on how many injuries occur for every one million hours worked.

To work out the LTIFR, we use this formula:

(Number of lost time injuries ÷ Total hours worked) × 1,000,000

A lower LTIFR means fewer injuries, which reflects a safer and healthier workplace.

This is an important indicator of how well we are protecting our people and improving safety across our organisation.

In May 2025, WorkSafe WA stopped using the LTIFR calculator due to concerns about its accuracy and limited scope in representing workplace safety. It has been replaced by the Workers' Compensation Injury Frequency Rate, which measures the number of workers' compensation claims per million hours worked. Unlike the LTIFR, the Workers' Compensation Injury Frequency Rate includes all claim types, such as medical-only, serious, and permanent impairment claims, providing a more comprehensive and reliable indicator of workplace injury trends.

To align with best practice and WorkSafe WA's standards, this is the final year in which the City will report using the LTIFR calculator, which will be replaced with the Workers' Compensation Injury Frequency Rate.

Lost time injury frequency rate, five-year trend: ↘

128	Work health and safety incidents reported Down from last year - 188	↘
48	Linked to a hazard Up from last year - 13	↗

Volunteers

Volunteers are among the City's most important stakeholders. Their generous contributions of time and energy help us deliver a wide range of services that directly benefit the community. From assisting with community transport and library programs such as Books on Wheels and Keystrokes, to supporting oral history transcription and volunteering through Volunteer Joondalup Resource Centre (formerly the Joondalup Volunteer Resource Centre), their involvement is vital to our success. We acknowledge and appreciate our volunteers through regular recognition events at the City's Civic Centre, celebrating the positive impact they make every day. Their dedication not only enhances our programs but also strengthens the social fabric of our community.

Friends Groups

The city is home to 19 active Friends Groups — passionate volunteers who work with the City and dedicate their time and energy to preserving, protecting, and enhancing our local natural areas. These groups are a cornerstone of the City's environmental strategy and a powerful example of community-led action driving sustainability. Throughout FY2024–25, Friends Groups played a vital role in conserving Joondalup's bushlands, wetlands, parks, and coastal zones. Their efforts included:

- Community education, including guided nature walks
- Native planting to increase biodiversity and urban cooling
- Weed removal and habitat restoration to support biodiversity
- Wildlife monitoring to protect sensitive species.

The City supports Friends Groups with training, resources, and access to free native plants for revegetation. This partnership model reflects the City's commitment to shared responsibility, empowering residents to shape their surroundings and contribute to long-term environmental resilience. Friends Groups also deliver broader benefits — improving mental wellbeing, encouraging active lifestyles, and building social networks.

Celebrating milestones

In FY2024–25, several Friends Groups reached significant milestones, highlighting their long-standing commitment to Joondalup's natural heritage:

- Joondalup Community Coast Care Forum — 25 years (est. 1999)
- Friends of Warwick Bushland — 25 years (est. 1999)
- Mullaloo Beach Community Group — 25 years (est. 2000)
- Friends of Maritana Bushland — 20 years (est. 2004)
- Friends of Hillarys and Kallaroo Foreshore Reserve — 5 years (est. 2020)
- Friends of Robin Park Bush Reserve — 5 years (est. 2019)
- Woodvale Waters Friends of Beenyup Channel — 5 years (est. 2019)

As Joondalup continues to grow, Friends Groups will remain essential in maintaining the city's natural beauty, supporting climate resilience, and inspiring future generations to protect and celebrate their local environment.

Friends of Warwick

Our workforce

Volunteer Turtle Trackers

Southwestern snake-necked turtles (Yaakan) are residents of Yellagonga Regional Park, but their numbers are in steady decline. They are very important animals in our wetland ecosystem as apex predators, and they are crucial for biodiversity and insect control. As a near-threatened species, they need our help to restore their populations.

Nesting season occurs from September through to November when mother turtles begin their risky journey to lay their eggs in a suitable nesting spot, which can often be up to 100 metres away from the lake's edge. Female turtles often need to cross over footpaths and main roads to find a suitable spot to lay their eggs. As a result, nesting turtles and their hatchlings are susceptible to threats such as vehicle, bike or pedestrian strikes or predation from foxes, birds, dogs and cats as they make their way to/from the lake. Their nests are also often destroyed by birds and foxes.

The City's trained volunteer Turtle Trackers work with a team to patrol the Yellagonga Wetlands and protect female turtles while they journey to find their perfect nesting spot and then back again to the lake. Turtle Trackers use materials to protect the nests, preventing them from being dug up and destroyed by predators such as cats and foxes.

The unique challenge for Lake Joondalup is the size of the wetland, being the largest freshwater lake within the Perth metropolitan area, with a 16km perimeter to be patrolled by our volunteer team on foot. The Joondalup-Wanneroo Turtle Tracker team involves 70-80 volunteers each year.

The two established Friends Groups in the area – Woodvale Waters Friends of Beenypup Channel and Friends of Yellagonga Regional Park – became local program stewards in 2024 to help with project logistics. The two Friends Groups worked together to assist new volunteers, monitoring the WhatsApp chat, providing training, and distributing equipment.

Together, the Turtle Tracker Team has worked across a very large area to successfully protect nearly 200 nests and 400 turtles over the spring 2024 turtle nesting season. This collaborative effort has given these turtles the best chance at survival and has provided positive and meaningful community engagement opportunities.

The City joined the Saving our Snake-necked Turtle project to help protect and restore turtle populations within Yellagonga Regional Park. The project is run in partnership with the City of Wanneroo and the Department of Biodiversity, Conservation and Attractions in collaboration with Murdoch University and the Perth South West Group, funded by Lotterywest.

The training session was valuable in helping me to understand the scale of the issue and the population decline of turtles. Having that understanding helps really bring a sense of achievement when you do something as simple as walking with a female turtle back to the lake. It's such a simple thing to do, but it is so rewarding, and the impact on future turtle generations can be huge. Turtle Track volunteer.

Tracing roots, changing lives: Wendy's genealogy journey

After returning from the air force, Wendy found an old family photo that sparked a lifelong interest in genealogy. A trip to Mount Barker and a conversation in a local pub helped her identify relatives, and her research grew from there. By 2025, Wendy had built a family tree with 16,500 confirmed individuals, tracing back to 1510. She joined Family History Western Australia in 1993 and began volunteering with the City of Joondalup's Family History Help program in 2014, where she supported others in uncovering their ancestry.

One standout case involved Michael, who had searched for his British father for over a decade. Wendy used his DNA data and identified a match within three hours. Michael later reunited with siblings from Wales. Wendy also discovered that her mother had been Western Australia's first female telegram delivery person, a fact revealed through a newspaper article. Wendy's work has helped preserve local history and empowered others to reconnect with their roots.

The Family History Help program is held weekly at Woodvale and Joondalup Libraries, offering access to resources like shipping records, birth and death indexes, and online databases such as Ancestry.com and FindMyPast.

Genealogy is solving a puzzle without a picture—relying on instinct, research skills, and evolving digital tools. My motto is, housework whenever, genealogy forever. Wendy, Local History volunteer.

Books on Wheels

Joondalup Libraries' Books on Wheels service ensures residents with limited mobility, due to disability, illness, frailty, or inability to drive, can still access library resources. Managed by part-time staff Kim and Bethany, with support from volunteers, the service delivered books, audiobooks, DVDs, and magazines to around 120 patrons weekly across homes and aged care facilities. Beyond access to resources, the service provides routine, social connection, and comfort, especially for older adults facing isolation or cognitive challenges.

Patrons consistently praise the service, noting its impact on their quality of life and the value of regular visits. Books on Wheels is a model of inclusive, community-focused service delivery.

Sometimes we are the only people they see that day. It's the contact we have that makes the job so rewarding.

Bethany, Books on Wheels.

Volunteer Joondalup Resource Centre

The Volunteer Joondalup Resource Centre assists community members to find a volunteer role within organisations that are best suited to their skills and interests. The centre is located within the Whitford Library and provides a centralised service within Joondalup. In FY2024–25, a total of 849 potential volunteers were engaged through the Volunteer Joondalup Resource Centre.

Our workforce

Consultants

Turtle monitoring, Murdoch University

As part of our commitment to delivering high-quality services to the community, the City engages consultants to support our workforce with specialist expertise. These professionals bring valuable skills and knowledge to areas that may not be available internally; helping our teams deliver complex projects and informed decision-making. Consultants are engaged through the City's procurement and approval processes, and within approved budgets to ensure accountability and value for money.

In 2024–25, consultancy services supported our workforce in the:

- Review of the City's Local Planning Strategy — conducting a comprehensive assessment of the strategic planning framework to guide future land use and development.
- Preparation of ecological survey reports for the Burns Beach Café Development and Ocean Reef Marina — compiling findings from environmental assessments to inform planning and development decisions.
- Development of a storybook for the Percy Doyle Outdoor Youth Facilities — creating a visual and narrative resource to support engagement and promote youth facility enhancements.
- Provision of project management services for the Duncraig Adventure Hub at Percy Doyle Reserve — overseeing planning, coordination, and delivery of the adventure hub project.
- Provision of marine and coastal engineering services — delivering technical expertise for coastal infrastructure and environmental resilience projects.

Our performance

Friends of Yellagona Regional Park

This section provides detailed information on the City's achievements and performance for FY2024–25 presented under the five key themes of our 10-Year Strategic Community Plan, Joondalup 2032: Community, Environment, Place, Economy and Leadership. This includes updates on the key priorities identified by Council in our 5-Year Corporate Business Plan 2024–2028.

Our performance

Key theme 1: Community

Little Feet Festival

Our Goal

We have a vibrant cultural scene, and our community is friendly, welcoming, caring and supportive. We are prepared for emergencies and feel strong and resilient. We encourage and support local organisations and community-led activities, and feel connected and safe in our neighbourhoods.

Key priorities

In FY2024–25, the City continued to invest in community-focused infrastructure and planning initiatives to enhance liveability, promote active lifestyles, and support inclusive, connected neighbourhoods.

Key capital works projects for FY2024–25

Duncraig Adventure Hub — Percy Doyle Reserve

Status: ● In progress

Construction of the Duncraig Adventure Hub progressed steadily, following the completion of design and procurement stages. Once complete, the Hub will provide a vibrant outdoor youth recreation space, including a skate park and supporting infrastructure.

Timeline: Construction commenced in July 2024 and is scheduled for completion in October 2025.

Outcome: A recreation hub for local families and young people to foster engagement, promote active lifestyles, and enhance community amenity.

Santiago Park sports lighting installation — Ocean Reef

Status: ● Completed

Installation of four new sports lighting poles at Santiago Park neared completion. The upgraded lighting will improve safety and extend the park's usability for community sport and recreation.

Timeline: Construction began in February 2025 and is expected to be completed in July 2025.

Outcome: Improved lighting supporting community safety and extended recreational use.

Gibson Park Pump Track — Padbury

Status: ● Completed

The design and construction of a new pump track at Gibson Park was completed ahead of schedule and within budget. The facility provides an active recreational space for riders of all ages and skill levels.

Timeline: Construction began in December 2024 and was completed in March 2025.

Outcome: A high-quality, accessible pump cycling circuit promoting physical activity, social interaction, and community engagement.

Sorrento Surf Life Saving Club redevelopment — Sorrento

Status: ● Planned

Planning for the redevelopment of the Sorrento Surf Life Saving Club continued, with detailed design and environmental approvals progressing. The project will deliver modern facilities to support surf lifesaving services and broader community use.

Timeline: Detailed design scheduled for completion in December 2025; construction to commence March 2026 and conclude September 2027.

Outcome: Updated facilities to support lifesaving operations and enhance community amenity.

2024 Little Feet Festival

The 2024 Little Feet Festival was held on Sunday 13 October at Edith Cowan University, celebrating themes of farming, gardening, and growing. The free, family-friendly event featured interactive activities including tractor rides, composting workshops, craft stations, and themed installations based on nursery rhymes. Sponsored by St Stephen's School and Little Lions Speech and Occupational Therapy, the festival marked the start of the City's summer events season and attracted families from across Perth for a day of creative learning and entertainment.

Key non-capital projects and initiatives for FY2024-25

Dog Management Plan

Status: ○ Behind schedule

The City advanced the development of a new Dog Management Plan to guide responsible dog ownership and enhance community safety. Extensive community consultation was undertaken, resulting in a high volume of feedback.

Outcome: A strategic approach to dog management aligned with the City's commitment to safe, informed and respectful neighbourhoods.

Joondalup performing arts centre

Status: ● In progress

Significant progress was made in investigating the proposed Joondalup performing arts centre. A multi-criteria location analysis and site options review were completed, and preparations commenced for engaging external consultants to explore concept siting options.

Outcome: A future cultural facility to support the local creative community and provide a venue for performing arts and cultural events in the Joondalup City Centre.

* Measure/s amended by Council.

** On 28 May 2024, Council resolved to end the immunisation clinics and school-based program, with services transitioning to the Department of Health. The City's clinics ceased on 31 December 2024, and from 2025, all local schools will be covered by the Department's metropolitan immunisation program.

Highlights

Joondalup's first museum

Joondakammer: A cabinet of curiosity for Joondalup is a new artwork by award-winning artist Dr Perdita Phillips, housed in Joondalup's first museum. When Dr Phillips discovered that the City had no museum, she proposed creating one to fill this gap. Located on the lower level of Joondalup Library, the museum features her unique and significant contribution to the City.

\$60 million capital works program

The City delivered a \$60 million capital works program to improve infrastructure and promote active lifestyles. Key projects included the Gibson Park Pump Track, upgrades to Tom Simpson Park carparks, and the expansion of the Hillarys cycle network. The City also progressed planning for the redevelopment of the Sorrento Surf Life Saving Club and the revitalisation of Whitfords West Park, to ensure our public open spaces continue to meet community needs.

Delivering cultural initiatives

Further advancing active, cultural, and inclusive programming, the City launched the inaugural Young Musician of the Year Award, hosted Seniors events, and delivered Story Time sessions to mark the International Day of People with Disability. These initiatives fostered intergenerational engagement and celebrated diversity.

Duncraig Library 50 years of stories — celebrating connection across generations

In July 2024, the City celebrated the 50th anniversary of Duncraig Library with a series of events that honoured the library as a place for learning, gathering, and belonging — serving generations of Joondalup residents.

The celebrations began with a sold-out quiz night, bringing together people of all ages for an evening of local trivia, storytelling, and shared laughter. Long-time patrons and staff reflected on the library's evolution — from its modest beginnings in the 1970s to its current status as a digitally equipped, modern hub. These stories showcased the library's adaptability and its deep-rooted presence in the community.

A vibrant open day followed, drawing over 600 attendees. Families enjoyed live music, face painting, birthday cookies, and a special appearance by Max the library whale, Duncraig Library's beloved mascot. Interactive displays, archival photos, and a timeline of key milestones helped bridge past and present, reinforcing the library's role as a living institution that grows with its community.

The impact of the celebration extended beyond the event itself. In the months that followed, library visitation increased, with a noticeable rise in new memberships and program participation. The anniversary also sparked renewed interest in local history, with residents contributing personal stories and memorabilia to the library's growing community archive. Volunteers played a vital role in organising and staffing the event, demonstrating the power of civic participation in activating public spaces.

Duncraig Library 50th Birthday Open Day

Our performance

Challenges

Park name change delayed

The City faced a complex challenge in its effort to rename Blackboy Park in Mullaloo, a name widely considered offensive and outdated. While community consultation revealed that 55 per cent of the 1802 submissions supported the change, the proposed new name, Koorlangka Park, was rejected by Landgate due to its similarity to a nearby street name. This setback came despite prior engagement with Aboriginal consultants and general support from Landgate during earlier stages. The situation underscored the difficulty of navigating cultural sensitivity, community expectations, and bureaucratic naming protocols, leaving the City to restart the renaming process through further Aboriginal-led engagement.

Balancing growth and community expectations

A proposed high-rise development at Joondalup Resort prompted strong backlash from Connolly residents concerned about privacy, environmental impact, and the erosion of the suburb's low-density character. Despite the City's formal consultation process, including letters to 843 nearby households, a grassroots group mobilised broader community engagement, distributing flyers to 1700 homes and rallying residents to attend Council meetings. The situation highlighted tensions between urban growth objectives and community expectations for suburban preservation.

Annual school art competition

The City invited local schools to participate in the annual school art competition, Celebrating Joondalup. 51 artworks were received from 10 local primary and secondary schools representing their interpretation of Joondalup and the place where they live. The winner was Emily Green from Currambine Primary School, second place went to Isabelle Pelham from Prendiville Catholic College, and third place to Lillian Kerr from Kinross Primary School.

To City of Joondalup, my work is inspired by the long neck turtle. My idea was a lake with turtles in it, my eggs are about the Noongar people, I tried to do patterns to fit in. I've put them on my painting because the snake neck turtles are getting endangered and we need to do something to help them. The foxes are getting them and finishing them off. I love snake neck turtles, and I am sad that they are disappearing day by day. My work is filled with turtles and bubbles which was my idea, and it worked out perfectly. My logo was a hard process which turned out exactly how I planned it. The checked pattern to match the turquoise colours on the logo. So, we need to help stay alive and save their little lives. Emily Green, Currambine Primary School.

Key theme 2: Environment

Our Goal

We have a beautiful natural environment which we care for and protect. We demonstrate best-practice in sustainability and environmental management. Our community is actively involved in conservation and sustainability initiatives and we share responsibility for preserving our natural assets for future generations.

Our performance

Native Plant Giveaway

Native Plant Giveaway — growing biodiversity from the ground up

The City's Native Plant Giveaway is one of our most popular and impactful environmental initiatives. In 2025, the program attracted over 3,000 expressions of interest, with 1,300 successful applicants receiving a total of 8,000 native plants and habitat trees.

Designed to promote waterwise gardening and enhance urban biodiversity, the initiative reflects the City's strategic focus on climate resilience, ecological connectivity, and community empowerment. By prioritising first-time participants, the program ensured broader reach and engagement across Joondalup's suburbs, helping more residents take part in sustainable gardening practices.

Each participant received a curated selection of native species suited to local soil and climate conditions, along with educational materials on sustainable gardening. The program was delivered in collaboration with local nurseries, creating a community-driven model that extended beyond plant distribution.

The impact was immediate and visible. Residents shared photos of their transformed gardens, and many reported increased sightings of native birds and insects. The initiative also sparked wider interest in environmental stewardship, with participants joining Friends Groups and attending workshops on habitat creation and composting.

Beyond beautification, the program delivered measurable environmental benefits. Increased native vegetation helped reduce urban heat, improve soil health, and support pollinator corridors. These outcomes directly support the goals outlined in the City's *Climate Change Plan 2025–2035*, particularly around canopy cover and biodiversity enhancement.

Key priorities

Key capital works projects for FY2024–25

Coastal and estuarine mitigation program

Status: ● Planned

Design work progressed on upgrades to key coastal protection structures, including seawalls and groynes at Marmion Angling and Aquatic Club, Sorrento, and Mullaloo Surf Life Saving Club. These improvements form part of a long-term strategy to safeguard the coastline from erosion and storm impacts.

Timeline: Detailed design phase completed in June 2025; construction planned from September 2025 to May 2026.

Outcome: Strengthened coastal infrastructure to protect public assets and support long-term coastal management.

Key non-capital projects and initiatives for FY2024–25

Climate Change Plan 2025–2035

Status: ● Completed

The Climate Change Plan was endorsed by Council in June 2025 following a robust process of community consultation and Elected Member engagement. The plan outlines strategic actions to address climate impacts across infrastructure, public health, water management, emergency preparedness, urban forest and the natural environment.

Outcome: A proactive framework for building resilient and sustainable communities.

Coastal Hazard Risk Management and Adaptation Plan

Status: ● In progress

Development of the Coastal Hazard Risk Management and Adaptation Plan progressed steadily. The City established a Community Reference Group and Technical Steering Group to guide the development of the draft plan. Insights from these groups informed a community and stakeholder engagement strategy, and the City initiated a search for research partners to explore alternative coastal adaptation options.

Outcome: A long-term strategy to protect the coastline and community assets from coastal hazards.

Highlights

World Green City Awards

The City's environmental leadership was recognised on the global stage, winning two prestigious categories at the 2024 International Association of Horticultural Producers (AIPH) World Green City Awards — Living Green for Water and the inaugural Youth Award. These accolades reflect the City's commitment to climate resilience, waterwise practices, and youth engagement in urban greening.

Biodiversity and conservation

Community participation was central to Biodiversity Month in September, which featured guided walks, art trails, and educational workshops that deepened local understanding of Joondalup's natural ecosystems.

Quenda monitoring

In FY2024-25, Edith Cowan University completed another round of quenda monitoring in Craigie Bushland (Craigie). A predator-proof enclosure was installed in 2010, and 46 quenda were introduced in 2013. Since then, university researchers have conducted biannual monitoring with City support. In the latest round, 30 traps were deployed over three nights, capturing 43 quenda (including 15 re-captures and 9 new individuals). The male-to-female ratio was 4:3, and no pouch young were observed, which is typical for April. All quenda were in good physical condition. The enclosure also provides a safe habitat for common brush-tailed possums (*Trichosurus vulpecula hypoleucus*) or kelang/koomal in Noongar language.

WA Tree Festival 2025

The City of Joondalup, in partnership with the Western Australian Local Government Association and other local governments, hosted the WA Tree Festival for a third consecutive year. The festival celebrated the value and benefits of trees and promoted the protection and enhancement of Perth's urban tree canopy. Trees support biodiversity, improve health and wellbeing, reduce heat, absorb pollutants, and enhance property value and streetscapes. Festival highlights included:

- Bat box building — participants learnt about microbats and built bat boxes with Eco Action WA.
- Butterfly jewellery workshop — Attendees created unique pieces with artist Nami Osaki.
- Discover Djeran — A cultural walk with Olman Walley of Boorloo Aboriginal Cultural Experiences explored Noongar seasonal knowledge.
- Snake awareness — A live reptile workshop with Slithers and Slides educated attendees on snake safety.
- Polyphagous shot-hole borer information session — Department of Primary Industries and Regional Development shared insights on the polyphagous shot-hole borer threat.
- Composting, Worm Farms & Bokashi — Peg Davies demonstrated composting techniques and troubleshooting tips.

- Waterwise Native Gardening — Fiona Blackham presented practical strategies for sustainable native gardens.
- Introduction to mountain bike riding — Participants explored the Yalbunullup Trails with Bike Force Joondalup.
- Kaarakin — Attendees visited black cockatoos and bushland at Kaarakin Conservation Centre.
- Firewise gardening — Chris Ferreira shared fire-safe landscaping practices.
- Nature wands — Children crafted nature wands with Freedom Fairies.
- Plants and pots — Children decorated pots and planted seedlings.
- Tree themed Story Time — Children enjoyed nature-based tales, songs and activities at all City of Joondalup Library branches.

WA Tree Festival, City of Joondalup Administration

Our performance

Challenges

Polyphagous Shot-hole Borer

The City faced significant challenges in managing invasive species and strengthening climate resilience. The spread of the Polyphagous Shot-hole Borer across the Perth metropolitan region posed a serious threat to Joondalup's urban canopy, requiring urgent community education and a coordinated response. A Polyphagous Shot-hole Borer information session was held at Joondalup Library on 28 November 2024 in collaboration with the Department of Primary Industries and Regional Development, with 64 attendees.

During late autumn and winter, the City also conducted hazard reduction burns targeting grass trees in suitable areas, ensuring the work was carried out under appropriate weather conditions to minimise impacts on local flora and fauna. The community was informed of the program's commencement through public notices and direct notifications, via text message or email, to those who had registered for updates.

Hazard reduction

The City acknowledged that, due to dry conditions, a coordinated and planned approach is essential to effectively manage fire risk and mitigate potential harm to life, property, and the environment. As part of this strategy, the City implemented hazard reduction burning in designated reserves and bushland areas, following recommendations from the Department of Fire and Emergency Services to reduce bushfire risk.

Fox threat to wildlife

In April 2025, the City announced plans to strengthen fox control measures in Yellagonga Regional Park following the discovery of dead South-western snake-necked turtles, believed to have been killed by fox cubs. The incident prompted conservationists and residents to call for urgent government action, citing the growing threat foxes pose to native wildlife. A motion passed at the City's annual meeting of electors led to a commitment to investigate enhanced fox control efforts in collaboration with the City of Wanneroo and the Department of Biodiversity, Conservation and Attractions.

Key theme 3: Place

Neil Hawkins Park, Joondalup

Our Goal

We have well-planned and attractive suburbs and streetscapes, supported by a range of integrated transport options. Our urban landscapes are connected, useable and accessible. A high standard of liveability is enjoyed by our community who can access quality facilities and public open spaces.

Our performance

City of Joondalup coastal shared path

Hillarys cycle network expansion — connecting people and places

In 2025, the City of Joondalup completed a major upgrade to the Hillarys cycle network, investing \$2 million to create safer, more accessible shared paths along Hepburn Avenue. This project is helping residents move easily through the northern corridor — linking parks, schools, and coastal attractions — and is a step toward a more connected, active, and environmentally sustainable city.

The project was shaped by community input, with residents sharing ideas on route design, safety features, and amenities. The final design includes upgraded lighting, clear signage, and landscaping that makes the paths both practical and pleasant. Built to accommodate bike riding, walking, and mobility devices, the network ensures accessibility for all ages and abilities.

Since opening, the paths have become a popular choice for everyday travel. Families are bike riding to school, seniors are walking more regularly, and visitors are exploring the coast on two wheels. The network is helping to reduce traffic congestion, lower emissions, and improve public health, all while encouraging people to spend more time outdoors.

The expansion also celebrates local identity. Public art and native plantings along the route reflect the character of the area, turning infrastructure into places people enjoy and feel proud of, reinforcing Joondalup's reputation as a leader in sustainable urban design.

Key priorities

In FY2024–25, the City focused on targeted infrastructure upgrades, placemaking initiatives, and sustainable development strategies, aimed to encourage vibrant communities, support economic growth, and ensure that public spaces meet the evolving needs of residents and visitors.

Key capital works projects for FY2024–25

Eddystone Avenue — Joondalup Drive to Honeybush Drive — Joondalup

Status: ● Planned

Design work progressed on the upgrade of Eddystone Avenue, including an additional westbound lane and modifications to turning lanes. These improvements aim to reduce congestion and enhance access to surrounding residential and commercial areas.

Timeline: Detailed design scheduled for completion in July 2025; construction planned from October 2025 to March 2026.

Outcome: Improved traffic flow and safety through strategic road upgrades.

Hepburn Avenue — Lilburne Avenue to Walter Padbury Boulevard — Various

Status: ● In progress

Construction commenced on upgrades to Hepburn Avenue, including new traffic signals and a dual-lane roundabout. These works aim to improve traffic management and pedestrian safety.

Timeline: Construction began in February 2025; completion expected by October 2025.

Outcome: Enhanced traffic flow and safety for all road users.

Greenwood Scout Hall refurbishment — Greenwood

Status: ● Completed

Refurbishment works at Greenwood Scout Hall and minor upgrades at Calectasia Hall were completed, enhancing accessibility, safety, and comfort for community groups.

Timeline: Construction completed in October 2024.

Outcome: Refreshed and more functional community facilities supporting inclusive community use.

Hepburn Avenue/Amalfi Drive roundabout improvement — Hillarys

Status: ● Completed

Upgrades to the roundabout at Hepburn Avenue and Amalfi Drive were completed, including improved lighting, skid resistance treatments, and safer pedestrian and cyclist facilities.

Timeline: Construction completed in March 2025.

Outcome: Safer and more efficient intersection supporting active transport and reducing crash risk.

Hepburn Avenue/Moolanda Boulevard roundabout construction — Various

Status: ● Planned

Planning and design for a new two-lane roundabout at Hepburn Avenue and Moolanda Boulevard were finalised. The upgrade aims to improve traffic flow and safety at this key intersection.

Timeline: Construction scheduled from September to December 2025.

Outcome: Reduced congestion and improved safety to support future growth.

Joondalup Drive/Lakeside Drive (north) roundabout — Joondalup

Status: ● In progress

Construction commenced on a new roundabout at Joondalup Drive and Lakeside Drive (north), including cycle lane bypasses, skid resistance treatments, and upgraded lighting and pedestrian facilities.

Timeline: Construction commenced in October 2024; completion scheduled for July 2025.

Outcome: Improved traffic flow and safety supporting access to Lakeside Shopping City and surrounding precinct.

Hillarys cycle network expansion — Various

Status: ○ Behind schedule

Construction commenced on upgrades to the shared coastal pathway between Hillarys and Burns Beach, including new sections along Hepburn Avenue.

Timeline: Southern section under construction; northern section scheduled for construction from March to June 2026.

Outcome: Expanded and upgraded shared paths supporting active and sustainable transport and recreation.

Moolanda Boulevard pedestrian footbridge — Kingsley

Status: ● Planned

Design and procurement were completed for the replacement of the pedestrian footbridge and shared path over Moolanda Boulevard.

Timeline: Construction scheduled from July 2025 to February 2026.

Outcome: Improved safety and accessibility for pedestrians and cyclists to promote active and sustainable transport.

Joondalup Drive/Hodges Drive intersection upgrade — Joondalup

Status: ○ Behind schedule

Design work progressed on upgrades to this busy intersection, including an additional right-turn lane and improvements to lighting, pedestrian facilities, and freeway access.

Timeline: Detailed design scheduled for completion in October 2025; construction planned for 2026.

Outcome: Enhanced intersection capacity and safety to support regional traffic movements.

Percy Doyle Football/Tee Ball clubrooms — Duncraig

Status: ● Completed

Upgrades to the clubrooms at Percy Doyle Reserve were completed, including new changerooms, universal access toilet, additional storage, and general refurbishment.

Timeline: Construction completed in April 2025.

Outcome: Modernised clubrooms with improved facilities supporting inclusive participation in sport and recreation.

Prince Regent Park facility upgrade — Heathridge

Status: ● Planned

Design and procurement progressed for the refurbishment of changerooms and construction of new amenities at Prince Regent Park, Heathridge.

Timeline: Construction scheduled from June 2025 to March 2026.

Outcome: Improved amenities and accessibility to support inclusive community use of the park.

Warwick north cluster parks revitalisation — Warwick

Status: ● Completed

Landscape improvements at Hillwood Park North, Carr Park, and Hillwood Park South were completed, including pathway upgrades, turf renewal, irrigation, mulching, and tree planting.

Timeline: Construction completed in September 2024.

Outcome: Enhanced amenity and usability of local parks to support community wellbeing.

Tom Simpson Park north/south car parks improvements — Mullaloo

Status: ● Completed

Upgrades to the north and south car parks at Tom Simpson Park were completed, including resurfacing and layout optimisation.

Timeline: Construction completed in December 2024.

Outcome: Improved layout, safety, and access to support increased visitation and better traffic management.

Whitfords West Park – amenity improvements and recreation infrastructure — Kallaroo

Status: ● In progress

Amenity improvements were completed, and design and procurement progressed for new recreation infrastructure including a pump track, jump line, and basketball pad.

Timeline: Amenity improvements completed in October 2024; recreation infrastructure construction scheduled from July to November 2025.

Outcome: Delivery of upgraded park amenities and new infrastructure to support active play and community wellbeing.

Key non-capital projects and initiatives for FY2024–25

Heathridge Park Masterplan — Heathridge

Status: ● Planned

Following community consultation, Council endorsed the Heathridge Park Masterplan to progress to detailed design. The City explored opportunities to integrate additional community-requested features into the concept. The masterplan aims to revitalise the park with inclusive, modern facilities that support diverse recreational activities.

Timeline: Council approval in December 2024; detailed design phase underway in FY2024–25.

Outcome: A future-ready park design that reflects community aspirations and promotes active lifestyles.

Local Planning Strategy Review — City-wide

Status: ● In progress

The City advanced its review of the Local Planning Strategy, including housing and commercial components. Phase three community consultation and spatial analysis began, focusing on density allocation and development controls.

Timeline: Phase three consultation and spatial option analysis ongoing in FY2024–25.

Outcome: A refreshed strategic planning framework that aligns with community needs and supports sustainable development.

Integrated Parking Compliance System — Joondalup City Centre

Status: ● Completed

The City delivered a new integrated parking compliance system, including a mobile parking app, pay-by-plate meters, an e-permit portal, and upgraded licence plate recognition technology.

Timeline: System rollout completed in FY2024–25.

Outcome: Improved parking efficiency and accessibility across the City Centre, supporting fair use and better user experience.

Ocean Reef Marina — Ocean Reef

Status: ● In progress

The City continued supporting DevelopmentWA in delivering the Ocean Reef Marina. Technical input was provided for approvals, and stakeholder engagement ensured alignment with the Development Agreement.

Timeline: Ongoing support throughout FY2024–25; City-owned land development paused.

Outcome: A vibrant waterfront precinct with recreational, residential, and tourism opportunities.

Joondalup City Centre development — Joondalup

Status: ● Planned

Strategic planning and business case development progressed for future City Centre opportunities. A probity advisor was appointed, and a governance framework was presented to the Major Projects and Finance Committee. Procurement commenced for a feasibility and market analysis consultant.

Timeline: Governance framework presented in March 2025; consultant procurement underway.

Outcome: Strengthened foundations for urban growth and investment attraction in the Joondalup City Centre.

Highlights

Women on Wheels — Building confidence and inclusion through bike riding

In March 2025, the City of Joondalup supported the delivery of Women on Wheels, a four-week bike riding skills program designed for women, trans, and non-binary individuals. Delivered by CycleSense and coordinated by WestCycle, the program aimed to create a safe, inclusive space for participants to build confidence and practical bike riding skills. Held at Falkland Park netball courts in Kinross, the sessions covered bike riding etiquette, traffic awareness, bike maintenance, and skills development. The final session featured a guided group ride from Burns Beach to Iluka, concluding with a community gathering at Sistas Café. Although attendance varied across the four weeks, participants reported gaining valuable skills and confidence. The program attracted beginners from Joondalup and beyond, demonstrating the importance of accessible, community-led initiatives that promote active transport, social connection, and inclusion.

Mullaloo to Hillarys coastal shared path upgrade

The City commenced upgrades to a 3.7 km section of the coastal shared path from Mullaloo (Northshore Drive and Merrifield Place) to Hillarys Boat Harbour (Northside Drive). The project replaced the existing 3m-wide path with a 4m-wide red asphalt path to improve safety and accessibility. Minimal vegetation clearing was undertaken, and new conservation fencing was installed. The works complemented recent upgrades at Tom Simpson Park and other coastal path sections. Funded through the WA Bicycle Network Grant Program, the project is part of the State Government's Hillarys Cycle Network Expansion. City data shows high weekly usage, with 8,300 people in Mullaloo and 5,400 in Hillarys.

Challenges

ePermit system

In response to community feedback regarding the rollout of the City's ePermit system, Council considered a report at its meeting on Tuesday 25 March 2025. Concerns were raised about the transition timeline, permit fees, and accessibility for service providers. To address these issues, Council extended the transition period to Monday 30 June 2025. Residential accounts transitioning between 1 April and 31 May 2025 received a fee waiver for the third permit, valid for 12 months. Eligible service agencies transitioning within the same period also received a fee waiver for the service provider permit, valid for 12 months. These adjustments aimed to support a smoother transition while balancing operational efficiency with community expectations.

Key theme 4: Economy

Christmas Markets, Joondalup

Our Goal

We are a global facing city with a prosperous and resilient economy. Our City is home to diverse industries that generate a wide-range of local job opportunities. We encourage creativity and innovation, and we support opportunities to build the City's brand as a popular business and tourism destination.

Our performance

Joondalup Christmas markets

Setting a benchmark for innovative small business support initiatives

In late 2024, the City of Joondalup set a new benchmark for local government-led economic development with the launch of its 2025 Business Support Program. The initiative was unveiled at the Shaping Up business sundowner, held in partnership with the Joondalup Business Association, and attended by key stakeholders including Minister for Small Business Jackie Jarvis MLC and Chamber of Commerce and Industry Western Australia Senior Economist Sam Collins.

Recognising the importance of small businesses in driving local innovation and employment, the City launched four free support programs in 2025, targeting micro and home-based businesses, small to medium enterprises, skill-specific enterprises, and leadership development to build capacity and resilience across its business community. The event also celebrated the winners of the 2024 Joondalup Business Awards, including Quest Joondalup as Business of the Year.

The City aims to provide support and resources to help our 13,000 local businesses that provide more than 56,000 jobs and generate over \$7.8 bn in each year. The Minister for Small Business Jackie Jarvis MLC praised Joondalup's proactive approach, noting its leadership in creating a supportive environment for small business growth.

Key priorities

In FY2024–25, the City advanced key infrastructure projects, supported business development, and encouraged partnerships across sectors to create a resilient economic environment that attracts investment, generates employment, and enhances quality of life for the community.

Key capital works projects for FY2024–25

Burns Beach — café/kiosk/ restaurant — Burns Beach

Status: ● In progress

Planning continued for a food and beverage facility at Burns Beach foreshore. Detailed design and procurement commenced, alongside an additional flora survey and the submission of a clearing permit application.

Timeline: Detailed design and procurement phases scheduled for completion in February and June 2026, respectively; construction scheduled from November 2026 to May 2028.

Outcome: Development of a new hospitality venue to enhance visitor experience and support local tourism and economic activity.

Burns Beach Coastal Node redevelopment — Burns Beach

Status: ● In progress

Design and planning progressed for the redevelopment of infrastructure at the Burns Beach Coastal Node, aligned with the café/kiosk/restaurant project and guided by the Burns Beach Masterplan.

Timeline: Detailed design phase underway and scheduled for completion in February 2026; construction scheduled from November 2026 to October 2027.

Outcome: Upgraded public infrastructure to improve access, amenity, and environmental resilience.

Our performance

Key non-capital projects for FY2024-25

Investment Attraction Framework

Status: ● In progress

The City advanced the development of an Investment Attraction Framework to guide targeted strategies that encourage private and public investment. A draft framework was presented to Elected Members for feedback, informed by stakeholder engagement and multi-criteria assessment models.

Outcome: A strategic tool to support local economic growth, job creation, and innovation across key sectors.

Joondalup Innovation Precinct

Status: ● In progress

The City continued to develop the Joondalup Innovation Precinct through partnerships with educational institutions, industry leaders, and government agencies. Activities included hosting Smart City Connect events, co-hosting the Joondalup Innovation Challenge, and supporting robotics and cybersecurity initiatives.

Outcome: Strengthened position as a hub for digital innovation and emerging technologies.

Place activation

Status: ● In progress

A range of community-led place activation initiatives were delivered, guided by the Joondalup City Centre Place Activation Plan 2022. These included events, stakeholder engagement, and creative installations to activate public spaces.

Outcome: Enhanced vibrancy and identity of public spaces, supporting local businesses and community wellbeing.

Highlights

New website launched — Uptown Joondalup

In April 2025, the City launched Uptown Joondalup, a new website providing a dynamic platform for local businesses, showcasing hospitality and retail experiences alongside unique attractions through interactive maps and directories. The Uptown Joondalup social media platforms grew to over 7000 followers across Facebook and Instagram.

Central Walk revitalisation

The revitalisation of Central Walk began with public art, lighting installations, and community events, including a block party and Christmas activations that drew residents and businesses to the City Centre. Christmas Markets were held on Fridays 29 November, 6 December, and 13 December, featuring live entertainment, free children's activities, Santa visits, over 40 market stalls, and local dining. Motion by the Ocean provided free trishaw rides for seniors and people with limited mobility to view the Christmas lights. The events were supported by Heartbeat Joondalup and Uptown Joondalup.

Joondalup 2050 Business Forum

The Joondalup 2050 Business Forum — Realising the Vision — attracted over 200 stakeholders, including the Premier for Western Australia Hon. Roger Cook MLA, who described Joondalup as not just preparing for the future, but actively shaping it and leading the way as a world-class destination. The forum delivered the first look at what the Joondalup City Centre could look like in 2050, and launched the City's new Economic Development Strategy, Expanding Horizons 2033.

Joondalup Innovation Challenge

The annual Joondalup Innovation Challenge celebrated innovation and collaboration in the Joondalup community. Established to foster innovation, problem-solving, and entrepreneurship, the challenge brought together educational institutions, including Edith Cowan University, North Metropolitan TAFE, The University of Western Australia, Australian Institute of Workplace Training, and National Institute of Technology Australia.

Over 65 tertiary students were supported to bring new solutions to real world challenges faced by local organisations.

Challenges

Competitive investment landscape

The City's efforts to attract new businesses and investment were constrained by a highly competitive State and regional landscape, making it difficult to position Joondalup as a preferred destination for commercial growth. Economic infrastructure projects, particularly those involving commercial partnerships, required extended planning and negotiation periods. These delays highlighted the complexities associated with land use planning and tenure negotiations, which often involve multiple stakeholders and regulatory considerations.

Resource constraints

The City faced challenges in providing consistent engagement and support to its local business community. With over 12,000 businesses operating in Joondalup, ensuring equitable access to resources, information, and assistance proved difficult within existing resource constraints.

Key theme 5: Leadership

Australia Day Citizenship Ceremony

Our goal

We have a diverse elected body that represents, promotes and reflects the composition of our community. Our Council and workforce are accountable and transparent and make balanced decisions based on sound, professional advice. Quality services are delivered by our highly-skilled and effective workforce.

Our performance

Native Plant Giveaway

Leadership in privacy and information governance

In FY2024–25, the City of Joondalup demonstrated leadership in preparing for the implementation of Western Australia's new *Privacy and Responsible Information Sharing Act 2024*. This landmark legislation, commencing on 1 July 2026, introduces a dedicated privacy framework for public sector entities, including local governments, aimed at strengthening protections for personal information and improving transparency in data handling.

The *Privacy and Responsible Information Sharing Act 2024* sets out clear principles and standards for how government agencies collect, use, store, and share personal information. It ensures that:

- Agencies must take reasonable steps to secure personal data
- Data is only collected when necessary and used for authorised purposes
- Individuals are informed about how their data is handled
- People have the right to access and correct their personal information
- Sensitive data requires consent.

From 1 January 2027, the Act also introduces a mandatory data breach notification scheme, requiring agencies to report serious breaches to the Information Commissioner and affected individuals. Oversight will be provided by independent officeholders, including the Information Commissioner, Privacy Deputy Commissioner, and Chief Data Officer, who commenced in July 2025 to support implementation.

To prepare for these reforms, the City progressed internal processes and documentation, including privacy impact assessments, breach response procedures, and the development of a personal information asset register. Draft Council policies such as the Privacy Policy and Data Breach Policy were advanced, and training and awareness programs were initiated to build organisational readiness and public understanding.

These efforts reflect the City's commitment to responsible governance and public trust. By proactively aligning with the Act, we are ensuring that residents have greater control over their personal information and that government data practices are transparent, secure, and accountable.

Key priorities

In FY2024–25, the City prioritised organisational transformation, digital innovation, and service excellence.

Key capital works projects for FY2024–25

There were no key capital works projects scheduled for FY2024–25 under this theme.

Key non-capital projects and initiatives for FY2024–25

Core system replacement project (Project Axiom)

Status: ● In progress

The City progressed the implementation of Project Axiom, a major digital transformation initiative to replace core systems. Key milestones included the ongoing development of modules for finance and customer engagement within Microsoft Dynamics 365 ecosystems. Foundational work was completed to support future implementation.

Outcome: A transformative platform to enhance service delivery, data management, customer experience, and operational efficiency.

City of Joondalup website redevelopment project

Status: ● In progress

The City launched a new corporate website, improving accessibility, functionality, and user experience. Phase two commenced, focusing on enhanced content, system integration, and additional features informed by user feedback.

Outcome: A modern digital interface that strengthens transparency and community engagement.

Customer service centralisation

Status: ● In progress

The City advanced the centralisation of customer service functions through feedback analysis and process review. Development of a Customer Experience Strategy began, with milestones aimed at improving service delivery and promoting a culture of continuous improvement.

Outcome: A streamlined and responsive customer service model that ensures consistent, high-quality community interactions.

Performance measures

Status: ● Completed

A new set of performance indicators was developed and endorsed by Council following workshops and consultation with Elected Members. These measures provide a clearer framework for reporting and evaluating the success of the 10-Year Strategic Community Plan.

Outcome: A robust performance framework that supports accountability, transparency, and alignment with strategic goals.

Privacy and Responsible Information Sharing reforms

Status: ● In progress

The City implemented State Government reforms to strengthen privacy and responsible data sharing. Internal processes and documentation were updated, Council policies progressed, and training programs developed.

Outcome: Improved compliance and community trust in the City's information management practices.

Highlights

New website earns international recognition

The City's website, launched in October 2024, received an honourable mention in the Kentico Site of the Year 2024 competition, placing it among the top websites globally built on the Kentico platform. Kentico hosts over 35,000 websites across 120 countries.

Judges commended the site for its user-friendly design, seamless navigation, and robust functionality. Key features include intuitive menu structures, responsive design across devices, interactive tools such as online forms and event calendars, and compliance with modern accessibility standards.

The City was committed to improving public services through technology and enhance the online experience for residents and visitors, especially to meet the needs of an ageing and digitally engaged community. The City collaborated with Perth-based web development agency ALYKA, selected through a tender process.

Gold Award for Annual Report

The City's Annual Report for the 2023-24 financial year received its sixth consecutive Gold Award at the Australasian Reporting Awards — an achievement that reflects our commitment to transparency and excellence in public reporting.

myJoondalup portal

Through Project Axiom, we expanded the myJoondalup portal, making it easier than ever for residents to access services for health applications, waste management, lodging complaints or compliments, and even submitting ePetitions — all online.

Challenges

Ageing workforce

The City has an ageing workforce, with approximately 37 per cent of employees aged 51 years and over. As these employees move towards retirement, the City recognised the need to ensure continuity of business, and greater succession and workforce planning to avoid a knowledge and skill gap. The City implemented a Phased Retirement pilot project to develop a process for a transition to retirement.

For further information on the Phased Retirement pilot project, see the section **Our workforce**

Hon Roger Cook MLA and Isabella —
Joondalup 2025 Business Forum 2024

Isabella the Humanoid Robot – A collaborative innovation in Joondalup

In November 2024, Isabella, a humanoid robot, made her debut at City of Joondalup events, highlighting the City's commitment to innovation and emerging technologies.

Developed through a partnership between North Metropolitan TAFE and the City, Isabella was programmed by students enrolled in the Diploma of Information Technology (Games and Intelligent Systems), a program focused on advanced technologies including robotics, artificial intelligence, virtual and augmented reality, and game development.

As part of North Metropolitan TAFE's "Live Works" class, students engaged in real-world challenges

such as establishing network connectivity, configuring onboard systems, programming with the Robot Operating System Framework, enabling autonomous movement, and integrating a large language model for conversational speech. These tasks provided valuable hands-on experience with cutting-edge robotics and AI.

The collaboration delivered mutual benefits: students gained practical skills and industry exposure, while the City acquired a unique, interactive asset to support its tourism and community engagement goals. Isabella's presence at public events helped showcase Joondalup as a forward-thinking city embracing technology to connect with residents and visitors alike.

Year ahead

Year ahead

City of Joondalup Administration

Annual performance measures

For the FY2025–26, Council has endorsed a set of annual performance measures that reflect the City's commitment to delivering high-quality services, infrastructure, and outcomes for our community. These measures are designed to track progress across key priorities outlined in the *Corporate Business Plan 2025–2029*, including major capital works projects, community initiatives, environmental sustainability programs, and digital transformation efforts. Performance will be monitored through service benchmarks, project milestones, financial indicators, and community satisfaction levels.

The following projects and initiatives have been identified by Council as key priorities for the year ahead in the *Corporate Business Plan 2025–2029*. Full details, including planned completion dates and total budgets are provided under the five key themes of our 10-Year Strategic Community Plan, *Joondalup 2032: Community, Environment, Place, Economy, and Leadership*.

The *Corporate Business Plan 2025–2029* is available on the City's website joondalup.wa.gov.au/city-and-council/publications/corporate-business-plan

Key priorities

Key theme 1: Community

Key capital works projects for FY2025-26

Caledonia Park sports lighting expansion — Currambine

To support increased participation in large ball sports, this project will deliver four new lighting poles and associated sports lights at Caledonia Park. Construction is scheduled for completion in FY2025–26, enabling extended use of the park into the evening hours.

Heathridge Park redevelopment — Heathridge

A major redevelopment is planned for Heathridge Park, including:

- Refurbishment of the Heathridge Community Centre and Guy Daniel Clubroom
- Demolition of the existing clubroom and construction of a new two-storey community sporting facility
- Upgrades to park amenities, including a nature-based playground, new/upgraded tennis courts, a barbecue/picnic area, and a half-court basketball pad.

In FY2025–26, the detailed design for the new facility will be finalised, with procurement processes commencing.

MacNaughton Park Clubroom upgrade — Kinross

This project will enhance the existing clubroom facility through:

- Upgraded internal toilets and change rooms
- Construction of a universal access toilet
- Additional storage facilities.

Detailed design and procurement activities will be undertaken in FY2025–26.

Sorrento Surf Life Saving Club redevelopment — Sorrento

The redevelopment will include a new commercial facility and northern toilet block to support and enhance community use of the club. FY2025–26 will see the completion of detailed design and commencement of procurement.

Key non-capital projects for FY 2025-26

Community Safety Plan

A new strategic plan will be developed to address key safety concerns across the city, including parking and animal management, CCTV, graffiti removal, and community amenity. The plan will focus on fostering a safe and connected community through direct service delivery and support for local organisations and community-led initiatives.

Dog Management Plan

This plan will guide the City's approach to responsible dog ownership and management, covering legislative frameworks, behavioural strategies, and community education.

Joondalup performing arts centre — feasibility investigations

Preliminary investigations will be undertaken into the development of a performing arts facility in the Joondalup City Centre. The proposed centre would host cultural events, performances, and community activities, contributing to the city's cultural vibrancy.

Year ahead

Key theme 2: Environment

Key capital works projects for FY2025-26

Coastal and estuarine mitigation program — Marmion, Mullaloo, Sorrento

This multi-year program will renew and upgrade critical coastal protection infrastructure to safeguard the city's shoreline. Assets to be addressed include:

- Marmion Angling and Aquatic Club seawall
- Sorrento seawall
- Mullaloo Surf Life Saving Club seawall
- Sorrento central groyne
- Sorrento southern groyne

Construction is scheduled to commence in FY2025-26, contributing to long-term coastal resilience.

Key non-capital project for FY2025-26

Joondalup City Centre lighting — Joondalup

This project will involve the staged replacement of lighting infrastructure within residential areas of the Joondalup City Centre. Works will include replacing defective poles and upgrading luminaires to energy-efficient LED technology, improving lighting quality while reducing operational costs. Detailed design will be completed, and construction will commence in FY2025-26.

Coastal Hazard Risk Management and Adaptation Plan

In alignment with *State Planning Policy 2.6*, the City will progress the development of a new plan to identify areas of the coastline vulnerable to long-term coastal hazards. The plan will outline adaptive strategies to manage these risks over the next century, ensuring the city's coastal areas remain safe and sustainable.

Future waste disposal options

Investigations will be undertaken to identify future waste disposal solutions following the planned closure of the Tamala Park landfill. This work will inform the City's long-term waste management strategy and support a transition to more sustainable practices.

Iluka Foreshore

Key theme 3: Place

Key capital works projects for FY2025-26

Eddystone Avenue upgrade — Joondalup

This project will upgrade Eddystone Avenue between Joondalup Drive and Honeybush Drive. Works include converting the existing single-lane roundabout to a dual-lane roundabout and constructing additional turning lanes at key intersections. Construction is expected to commence in FY2025-26.

Greenwood north-east cluster parks revitalisation — Greenwood

Landscaping improvements will be made across Hartley Park, Birch Park and Filbert Park. Works include pathway upgrades, turf renewal, irrigation improvements, mulching and tree planting. In FY2025-26, works at Hartley Park will commence.

Hepburn Avenue intersection upgrades — Padbury

Upgrades will be delivered at the intersections of Hepburn Avenue with Lilburne Avenue and Walter Padbury Boulevard. Works include installation of traffic signals at Lilburne Avenue and construction of a dual-lane roundabout at Walter Padbury Boulevard. Construction is expected to be completed in FY2025-26.

Hepburn Avenue/Moolanda Boulevard roundabout — Kingsley

This project will upgrade the intersection to a two-lane roundabout with pre-deflections on the east and west approaches. Additional upgrades include lighting and pedestrian facilities. Construction is expected to be completed in FY2025-26.

Hillarys cycle network expansion — Hillarys to Burns Beach

Delivered in partnership with the State Government and Department of Transport, this project will upgrade the coastal shared pathway and install a new shared path along Hepburn Avenue between Gibson Avenue and Whitfords Avenue. In FY2025-26, construction of the southern section will be completed, and works on the northern section will commence.

Joondalup Drive/Hodges Drive intersection upgrade — Joondalup

This upgrade will improve traffic flow and safety at the Joondalup Drive/Hodges Drive/Grand Boulevard intersection. Works include an additional right-turn lane, upgraded turning pockets, lighting, pedestrian facilities, and improved access to Mitchell Freeway southbound. Construction is expected to commence in FY2025-26.

Moolanda Boulevard pedestrian footbridge — Kingsley

A replacement pedestrian bridge will be constructed over Moolanda Boulevard to improve safety and connectivity. Construction is expected to be completed in FY2025-26.

Northshore Drive boulevard treatment — Kallaroo

This project will upgrade Northshore Drive from a single carriageway to a single-lane dual carriageway (boulevard). In FY2025-26, detailed design will commence for the section between the beach car park and Northshore Avenue.

Year ahead

Key theme 3: Place

Prince Regent Park facility upgrades — Heathridge

Facility upgrades will include refurbishment of the existing toilet building and construction of a new building with changerooms, toilets, a universal access toilet, kiosk and storage. Construction is expected to be completed in FY2025–26.

Whitfords Avenue roundabout design — Craigie

Design work will commence for a new dual-lane roundabout at the intersection of Whitfords Avenue and the Craigie Leisure Centre access road. The design will also include a connection to Pinnaroo Valley Memorial Park.

Whitfords West Park pump and jump infrastructure — Craigie

This project will deliver a new pump and jump track for intermediate to advanced riders. The facility will feature multiple jump lines with varying levels of difficulty, constructed from asphalt and/or gravel. Construction is expected to be completed in FY2025–26.

Key non-capital projects for FY2025-26

Local Planning Strategy review

A comprehensive review of the City's Local Planning Strategy, including the Local Housing and Local Commercial Strategies, will be undertaken to ensure alignment with future land use and development priorities.

Ocean Reef Marina — DevelopmentWA Partnership

Construction continues of the Ocean Reef Marina, a world-class waterfront precinct offering recreational, tourism, residential and boating facilities. The City is supporting this DevelopmentWA-led project through strategic contributions and collaboration.

Little Feet Festival, Joondalup

Key theme 4: Economy

Key capital works projects for FY2025-26

Burns Beach cafés/kiosks/restaurants — Burns Beach foreshore

This project will deliver a new food and beverage facility at the Burns Beach foreshore, creating opportunities for locals and visitors to enjoy the coastal environment. The facility will contribute to the area's vibrancy and support extended activation beyond daylight hours. In FY2025–26, detailed design will be completed, and the procurement process will commence.

Burns Beach Coastal Node redevelopment — Burns Beach

Aligned with the Burns Beach Masterplan 2016, this project will redevelop supporting infrastructure at the coastal node to complement the new food and beverage facility. In FY2025–26, detailed design will be completed, and construction will commence.

Key non-capital project for FY2025-26

Event attraction

The City will continue to attract and support events that enhance Joondalup's profile as a vibrant destination for visitors, tourists and businesses. These events contribute to local economic activity and community engagement.

Investment Attraction Framework

A new framework will be developed to guide targeted investment strategies. It will define a process for identifying, prioritising, and delivering key opportunities to attract public and private investment into the city.

Pop-up piazza — Joondalup City Centre

This initiative will deliver a convertible performing arts space in the City Centre, providing a platform for performances and cultural activities. The space will support precinct activation and contribute to the city's creative economy.

Year ahead

Key theme 5: Leadership

Key capital works projects for FY2025-26

There are no key capital works projects scheduled for FY2025-26 under this theme.

Key non-capital project for FY2025-26

Core system replacement project (Project Axiom)

This major digital transformation initiative will deliver a new core information technology solution for the City. The system will include:

- Customer Relationship Management (CRM)
- Online customer portal
- Finance and asset management systems

Project Axiom will improve operational efficiency and enhance customer experience through integrated and modernised systems.

Privacy and responsible information sharing reforms

The City will implement new Western Australian legislation focused on privacy and responsible information sharing. These reforms are the result of extensive consultation since 2019 and will establish a framework tailored to Western Australia's needs, ensuring transparency, accountability and protection of personal information.

Challenges

As we look ahead to the FY2025–26, the City is preparing to address several challenges that may impact how we deliver services and infrastructure to our community.

Our capital works program is ambitious, with planned upgrades to parks, transport corridors, and community facilities. However, global supply chain issues continue to delay the delivery of construction materials, equipment, and technology. As a result, some projects may take longer to complete or cost more than anticipated. To manage this, we are adopting flexible procurement strategies and planning proactively to minimise disruptions.

We remain committed to supporting our local economy. Many residents travel outside the city for work, and car dependency remains high. That is why we are prioritising local job creation and improved transport options to help people live and work closer to home.

Environmental challenges are a key focus. Coastal erosion and invasive pests, such as the Polyphagous Shot-hole Borer, pose threats to our natural spaces and infrastructure. We are working to protect biodiversity and enhance resilience through proactive environmental management.

We are implementing major digital upgrades, including Project Axiom, which will enhance how we manage data and deliver services. This requires robust systems and strong governance. At the same time, we are investing in staff wellbeing and retention to ensure we have the right people to support our community.

These challenges are complex, but with strategic planning, strong leadership, and ongoing community engagement, the City is well-positioned to respond and adapt.

Annual Report 2025

Financial
Information

How to read the Annual Report: Financial Information

The Annual Financial Report shows how the City of Joondalup performed during the financial year 2024–25, and the overall position at 30 June 2025. The financial report is prepared by the City in accordance with *Australian Accounting Standards* as they apply to local government, and in accordance with the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*. As required, the report is certified by the Chief Executive Officer and audited by an independent auditor. The *Annual Financial Report* is provided in the following documents:

Independent Auditor's Report by the Auditor General

A written undertaking to the Councillors of the City of Joondalup that the *Annual Financial Report* has been audited, and an opinion on whether the financial report presents a true and fair picture of the City's financial position and performance. Independent Auditor's Report is available from page 5.

Statement by the Chief Executive Officer

A written declaration that the financial report fairly presents the City's financial position and performance in compliance with applicable accounting standards and relevant legislation. Statement by the Chief Executive Officer is available on page 9.

Statement of comprehensive income by nature

A summary of the City's financial performance for the year, listing the various types of income and expenses in delivering the City's services. This provides a breakdown of the operating income and expenses for the year, excluding capital expenditure incurred on the cost of infrastructure, building or other assets acquired or constructed during the year, as well as non-operating revenue that pertains to these capital costs. Statement of Comprehensive Income is available on page 10.

Statement of financial position

A snapshot of the City's financial position as at 30 June 2025 showing the assets the City owns and liabilities or money the City owes, including current assets and liabilities that are expected to be recouped or settled within the next 12 months. Statement of Financial Position is available on page 11.

Statement of changes in equity

Shows the movement in the City's equity for the year. A change in equity from the previous year results from:

- a surplus or deficit from the year's operations
- use of money from, or transfer to, the City's reserves
- a change in value of non-current assets following a revaluation of these assets.

Statement of Changes in Equity is available on page 12.

Statement of cash flows

A summary of the City's cash receipts and payments for the year and the amount of cash and cash equivalents held as at 30 June 2025. Cash flow arises from operating activities, investing activities or financing activities. Statement of Cash Flows is available on page 13.

Statement of financial activity by nature

Shows all revenue and expenditure during the year, both operating and capital, as well as the different sources of funding in the year to meet the net costs of these activities, including rates raised and any resulting surplus or deficit at the end of the financial year. Statement of Financial Activity is available on page 14.

Notes to and forming part of the Financial Report

Supplemental notes that explain the bases used to prepare the figures in the financial statements, additional detail to substantiate these, as well as the accounting policies adopted and applied to the financial report. The notes are essential to fully understanding the statements. Notes to and Forming Part of the Financial Report are available from page 15.

Financial sustainability indicator

City of Joondalup Library

Financial sustainability guiding principles

The Financial Sustainability Guiding Principles guide the City in the preparation of the Annual Budget and Strategic Financial Plan. The City is committed to financial sustainability where assets and services provide social, economic and/or environmental benefits to the community. The guiding principles summarise the City's:

- financial strategy
- key financial indicators explanation and targets
- key principles for capital expenditure.

The City has reviewed the principles every year since their introduction in 2009. The annual review is undertaken at the commencement of the Annual Budget process, providing direction to the preparation of the Annual Budget and Strategic Financial Plan.

City of Joondalup financial sustainability indicator

The following applies to the financial sustainability indicator in relation to the table below:

<70 Not sound 70–80 Sound >80 Good

Key indicator	Description	FY 2024-25	FY 2023-24	FY 2022-23	FY 2021-22	FY 2020-21
Operating surplus cash vs operating income*	Measures the adequacy of cash generated from day-to-day operations to fund asset renewal/upgrade/new	14%	20%	22%	23%	27%
Operating surplus*	Measures operating results (includes depreciation)	-2%	2%	4%	2%	7%
Actual asset renewals vs end of life asset renewals	Measures actual timing of asset renewals compared to expected timing (not too early, not too late)	55%	131%	126%	114%	126%
Capital Works Program – upgrade/new vs operating surplus case	Measures the extent to which new/upgrade capital expenditure is funded by cash from operating activity	58%	34%	34%	51%	40%
Debt service coverage	Measures the extent to which cash from operations services the City's debt	22	26	29	15	13
Net financial liabilities (total liabilities less financial assets)†	Measures whether City liabilities are excessive or not	-1	-1	-1	-1	-1
Current (quick) assets vs current liabilities	Measures liquidity: the extent to which current assets (excluding inventory) can settle current liabilities	3	4	4	4	5
Unrestricted reserves vs rates revenue	Measures whether cash reserves are adequate, and neither excessive nor insufficient	102%	107%	100%	90%	99%
City of Joondalup financial sustainability indicator	Overall weighted score of financial health	55	62	68	69	75

* Excludes profit/loss on disposal, one-off items and is adjusted for federal assistance grants advance receipts.

† A negative value means that financial assets > total liabilities.

City of Joondalup Financial Report for the year ended 30 June 2025

City of Joondalup Administration

Auditor General

INDEPENDENT AUDITOR'S REPORT 2025 City of Joondalup

To the Council of the City of Joondalup

Opinion

I have audited the financial report of the City of Joondalup (City) which comprises:

- the statement of financial position as at 30 June 2025, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report:

- is based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the City for the year ended 30 June 2025 and its financial position at the end of that period
- is in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of matter

I draw attention to Note 26 of the financial report which states that the amounts reported in the previously issued 30 June 2024 financial report have been restated and disclosed as comparatives in these financial statements. My opinion is not modified in respect of this matter.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2025, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the City is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the City's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements*, the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the City of Joondalup for the year ended 30 June 2025 included in the annual report on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the City to confirm the information contained in the website version.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

1. BASIS OF PREPARATION

The financial report of the City of Joondalup which is a Class 1 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996 provide that:

- land and buildings classified as property, plant and equipment; or
- infrastructure; or
- vested improvements that the local government controls; and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 *Property, Plant and Equipment*, which would have required the City to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial assets.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 31 of the financial report.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- estimated fair value of certain financial assets - note 4
- impairment of financial assets - note 22
- estimation of fair values of land and buildings, & infrastructure - note 8 and 9
- estimation uncertainties made in relation to lease accounting - note 11

Fair value hierarchy information can be found in note 24

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 36 of the financial report.

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2020-1 *Amendments to Australian Accounting Standards*
 - *Classification of Liabilities as Current or Non-current*
- AASB 2022-5 *Amendments to Australian Accounting Standards*
 - *Lease Liability in a Sale and Leaseback*
- AASB 2022-6 *Amendments to Australian Accounting Standards*
 - *Non-current Liabilities with Covenants*
- AASB 2023-3 *Amendments to Australian Accounting Standards*
 - *Disclosure of Non-current Liabilities with Covenants: Tier 2*
- AASB 2024-1 *Amendments to Australian Accounting Standards*
 - *Supplier Finance Arrangements: Tier 2 Disclosures*
- AASB 2023-1 *Amendments to Australian Accounting Standards*
 - *Supplier Finance Arrangements*

These amendments did not have any material impact on the financial report on initial application.

- AASB 2022-10 *Amendments to Australian Accounting Standards*
 - *Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities*

These amendment may result in changes to the fair value of certain non-financial assets on revaluation. The impact has not been quantified as it is not considered practicable to determine the amount of the difference in fair value attributable to the change in the standard.

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 *Amendments to Australian Accounting Standards*
 - *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*
- AASB 2024-4b *Amendments to Australian Accounting Standards*
 - *Effective Date of Amendments to AASB 10 and AASB 128* [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]
- AASB 2022-9 *Amendments to Australian Accounting Standards*
 - *Insurance Contracts in the Public Sector*
- AASB 2023-5 *Amendments to Australian Accounting Standards*
 - *Lack of Exchangeability*
- AASB 18 (NFP/super) *Presentation and Disclosure in Financial Statements*
 - (Appendix D) [for not-for-profit and superannuation entities]
- AASB 2024-2 *Amendments to Australian Accounting Standards*
 - *Classification and Measurement of Financial Instruments*
- AASB 2024-3 *Amendments to Australian Accounting Standards*
 - *Annual Improvements Volume 11*

These amendments are not expected to have any material impact on the financial report on initial application.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependent on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Timing of revenue recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	Full payment prior to issue	None	On payment of the licence, registration or approval
Fees and charges - waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Other revenue - private works	Contracted private works	Single point in time	Monthly in arrears	None	At point of service

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Rate revenue was recognised from the rate record as soon as practicable after the City resolved to impose rates in the financial year as well as when the rate record was amended to ensure the information in the record was current and correct.

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2025

Nature	Contracts with customers	Capital grant/contributions	Statutory Requirements	Other	Total
	\$	\$	\$	\$	\$

FOR THE YEAR ENDED 30 JUNE 2025**

3. CASH AND CASH EQUIVALENTS

Note	2025	2024
	\$	\$
Cash at bank and on hand	47,050,561	50,180,587
Total cash and cash equivalents	47,050,561	50,180,587
Held as		
- Unrestricted cash and cash equivalents	34,079,204	25,908,649
- Restricted cash and cash equivalents	12,971,357	24,271,938
	47,050,561	50,180,587

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

MATERIAL ACCOUNTING POLICIES

Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 24) due to the observable market rates).

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The City has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has elected to recognise as fair value gains and losses through profit or loss.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 22.

Total trade and other receivables from contracts with customers		<u>458,257</u>	<u>773,673</u>

MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 22.

		1,265,555	880,249
Non-current			
Catalina Regional Council - Land held for sale (Note 2)		1,047,416	1,095,804
		1,047,416	1,095,804

The following movements in inventories occurred during the year:

Balance at beginning of year	1,976,053	3,460,014
Inventories expensed during the year	(7,913,278)	(6,524,533)
Additions to inventory	8,250,197	5,040,572
Balance at end of year	2,312,972	1,976,053

Note 1- Assets held for transfer comprises: Two lots of land to be transferred to Development WA for the Ocean Reef Marina development. The two lots were originally recognised and presented at a combined cost of \$554,785. They are now held at their net realisable value, following revaluation in 2019-20.

Note 2- This Land relates to Catalina Regional Council (CRC) which was established in January 2006 (formerly the Tamala Park Regional Council) for the purpose of the development of the Tamala Park land jointly owned by seven local governments including the City of Joondalup.

MATERIAL ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for resale (Continued)

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the council's intentions to release for sale.

8. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

(b) Carrying Value Measurements

(i) Fair Value	Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
Land and buildings						
Land		2	Market approach using recent observable market data for similar properties	Independent registered valuer/ Management valuation	June 2025	Price per hectare, with reference to current zoning of land. Market values were used unless there were some restrictions or other factors associated with the land.
Buildings - specialised		3	Cost approach using depreciated replacement cost	Independent registered valuer/ Management valuation	June 2025	Construction Costs based on recent contract prices and current condition, residual values and remaining useful life assessments
Artworks						
Artworks		2	Valuer inspection and appraisal	Independent registered valuer	June 2023	Market based evidence

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs. The valuation techniques applied to property subject to lease was the same as that applied to property not subject to lease.

10. FIXED ASSETS

(a) Depreciation

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	10 to 100 years
Furniture and equipment	3 to 10 years
Plant and equipment	3 to 13 years
Library assets	8 to 12 years
Artworks	Nil
Infrastructure Assets:	
Roads/Traffic Management	30 to 100 years
Footpaths	10 to 100 years
Drainage	75 to 100 years
Car Parks	30 to 100 years
Bridges and Underpasses	70 to 100 years
Lighting	25 to 40 years
Other Infrastructure assets	10 to 70 years
Parks and Reserves:	
Fencing	15 to 30 years
Furniture and Amenities	10 to 50 years
Hard Landscaping	10 to 50 years
Irrigation	20 to 50 years
Marine	20 years
Park and POS Signage	15 to 20 years
Play space	20 years
POS Structure	20 to 100 years
Soft Landscaping	10 to 40 years
Sporting Infrastructure	10 to 50 years
Waste	10 years

(b) Fully Depreciated Assets in Use

	2025	2024
	\$	\$
The gross carrying value of assets held by the City which are currently in use yet fully depreciated are shown in the table below.		
Furniture and equipment	3,226,183	2,726,250

FOR THE YEAR ENDED 30 JUNE 2025**

10. FIXED ASSETS (CONTINUED)

MATERIAL ACCOUNTING POLICIES

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the City's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the City.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the City to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairment

In accordance with *Local Government (Financial Management) Regulations 17A(4C)*, the City is not required to comply with *AASB136 Impairment of Assets* to determine the recoverable amount of its non-financial assets that are land or buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls in circumstances where there has been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Gross balance amount at 30 June 2025	7,509,633	1,596,820	9,106,454
Accumulated depreciation at 30 June 2025	(2,360,684)	(637,141)	(2,997,825)
Balance at 30 June 2025	5,148,949	959,679	6,108,629
The following amounts were recognised in the statement of comprehensive income during the period in respect of leases where the entity is the lessee:			
	2025 Actual		2024 Actual
	\$		\$
Depreciation on right-of-use assets	755,434		719,032
Finance charge on lease liabilities	(212,124)		(238,129)
Total amount recognised in the statement of comprehensive income	543,310		480,903
Total cash outflow from leases	(913,493)		(891,616)
(b) Lease Liabilities			
Current	631,736		575,027
Non-current	5,908,781		6,355,724
	6,540,517		6,930,751

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

MATERIAL ACCOUNTING POLICIES**Leases**

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 29(b).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

	<u>7,830,019</u>	<u>9,712,934</u>

Amounts recognised in profit or loss for Property, Plant and Equipment Subject to Lease

Rental income	898,253	847,907
---------------	---------	---------

The City leases part of facilities and land to incorporated associations, community groups, government departments and other organisations with rental payable monthly, quarterly or annually. These leases are classified as operating leases as they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets.

Lease payments include CPI increases, percentage increases or market rates. At the end of the current leases, the City typically enters into new operating leases and therefore does not expect any impact from any reduction in residual value at the end of these leases. Expectations about the future residual values are reflected in the fair value of the properties.

MATERIAL ACCOUNTING POLICIES

The City as Lessor

Upon entering into each contract as a lessor, the City assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the City applies AASB 15 to allocate the consideration under the contract to each component.

Bonds and deposits held	2,335,617	2,272,731
	<u>19,979,639</u>	<u>14,991,991</u>

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the City becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises income for the prepaid rates that have not been refunded.

Expected satisfaction of grant/contribution liabilities		
Less than 1 year	<u>5,902,065</u>	<u>9,357,540</u>

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Grant/contribution liabilities

Grant/contribution liabilities represent the City's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the City which are yet to be satisfied. Grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 24) due to the unobservable inputs, including own credit risk.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

Other loans		0	0	0	962,667	0	962,667
Total secured borrowings	29(a)	0	0	0	962,667	0	962,667

Secured liabilities and assets pledged as security

Loans are secured by a floating charge over the assets of the City of Joondalup.

The City of Joondalup has complied with the financial covenants of its borrowing facilities during the 2025 and 2024 years

MATERIAL ACCOUNTING POLICIES
Borrowing costs

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 24) due to the unobservable inputs, including own credit risk.

Risk

Information regarding exposure to risk can be found at Note 22.

Details of individual borrowings required by regulations are provided at Note 29(a).

Other Employee Provisions	6,735,501	4,990,903
	24,467,936	21,702,630

Total current employee related provisions

24,467,936 21,702,630

Non-current provisions

Employee benefit provisions

Long service leave	1,802,861	1,593,462
	1,802,861	1,593,462

Total non-current employee related provisions

1,802,861 1,593,462

Total employee related provisions

26,270,797 23,296,092

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered. Other Employee Provisions includes estimated value of increases to wages as per the recently concluded arbitration process for the enterprise bargaining agreement negotiations.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

	Note	2025 \$	2024 \$
Amounts are expected to be settled on the following basis:			
Less than 12 months after the reporting date		24,467,936	21,702,630
More than 12 months from reporting date		1,802,861	1,593,462
		26,270,797	23,296,092

Expected reimbursements of employee related provisions from other WA local governments included within other receivables

5 334,133 320,539

MATERIAL ACCOUNTING POLICIES

Employee benefits

The City's obligations for employees' annual leave, long service leave, other employee leave entitlements and increases to wages from employment bargaining agreement negotiations are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

18. CONTINGENT LIABILITIES

(a) Contaminated site – Mindarie Regional Council Landfill site

MRC operates the Tamala Park Waste Management Facility (the Site), which provides waste disposal services for the seven local government members. The Site has operated as a licensed landfill since 1991. In July 2007, the Site was initially classified as “possibly contaminated – investigation required” by the Department of Environment and Conservation (DEC).

In 2023-24, the previous MRC contaminated site approved auditor (Senversa) recommended that MRC should continue to provide the auditor with updated information as it becomes available (i.e. at least a 6 monthly update following sampling and annual reporting, plus immediate notification if things change). Communication received on 3 May 2024 stated, “as there has been no change in the risk profile and nothing to indicate that restrictions should change, a Mandatory Auditors Report (MAR) should be submitted in 2025 following 2 years of monitoring”.

On 28 November 2024, the Department of Water and Environmental Regulation (DWER) issued an environmental protection notice (EPN) to the MRC stating that “there is, or is likely to be an emission or emissions from the Premises and that the emissions have caused or are likely to cause pollution”.

i. The EPN consisted of 11 odour emission and groundwater emission requirements. At 30 June 2025, 7 of the requirements had been completed by the MRC, i.e. requirements 1, 2, 3, 4, 7, 8, and 10.

ii. Requirement 5 was completed on 1 July 2025.

iii. Requirement 6 requires the MRC to implement recommended improvements including landfill gas collection and management infrastructure to prevent odour impacts outside the premises, in accordance with a direction from DWER. After submitting the required report, MRC are waiting for a reply on this requirement from DWER.

iv. Requirement 9 is an option for DWER to require further action to be taken to manage odour emissions on the Site, and to date no further actions have been required.

v. Requirement 11 provides that DWER may vary the requirements of the EPN, including the specified requirements and timeframes. No requests were made to vary any of the EPN requirements for the period 28 November 2024 to 30 June 2025, no further action to be taken by MRC.

The 2025 MAR Report was completed by the contaminated site approved auditor, Australian Environmental Auditors Pty Ltd (the auditor). A summary of findings for the Source and Affected site, which were submitted to DWER on 9 April 2025, are listed below:

The MAR auditor has determined, based on the analysis contained in the assessed reports, that:

Source Site - Part of Lot 9020 on Plan 408820:

i. Suitable for ongoing use as a Class II landfill, subject to implementation of a site management plan to prevent exposure to landfill gas, soil and groundwater contamination.

ii. The land use is restricted to the current commercial/industrial use and configuration and shall not be developed for any other purposes without further contamination assessment or remediation.

iii. Groundwater should not be abstracted for drinking purposes without appropriate treatment and testing to confirm its suitability.

iv. Ongoing assessment of landfill gas and groundwater should be conducted as part of an ongoing site management plan to inform long term trends and to inform the need or otherwise for mitigation measures.

v. No change in classification – “Contaminated-Remediation Required”.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

18 CONTINGENT LIABILITIES (CONTINUED)

Affected Site - Previously known as portion of Lot 9043 - Subject Area N1 on Deposited Plan 424903:

- i. Site remains suitable for its current use as a development "buffer zone" and shall not be developed for any other purposes without further contamination assessment or remediation.
- ii. May not be suitable for more sensitive uses without further investigation and remediation.
- iii. Groundwater should not be abstracted for drinking purposes without appropriate treatment and testing to confirm its suitability.
- iv. No change in classification – "Contaminated-Restricted use".

The MAR and reports were received by DWER on 9 April 2025 from the auditor. On 24 April 2025, DWER confirmed to the auditor that "The site's classification of contaminated – remediation required under the Contaminated Sites Act 2003 (the CS Act) will be retained at this time. The classification of contaminated – restricted use for the affected site adjacent to the north, known as Subject Area N1, will also be retained at this time".

At 30 June 2025 the MRC has an ongoing obligation to remediate the Site for which there is a rehabilitation provision in place ; any future liability as a result of the Site's contaminated status cannot be reliably measured at this time.

(b) Contaminated sites- other

Under the contaminated sites Act 2003, the City is required to report known and suspected contaminated sites to the Department of Water and Environmental Regulation (DWER). In accordance with the Contaminated Sites Act 2003, DWER classifies these sites on the basis of the risk to human health, the environment and environmental values. Where sites are classified as contaminated - remediation required or possibly contaminated investigation required, the City may have a liability in respect of investigation or remediation expense.

During FY 2021–22, the City reported two suspected contaminated sites to DWER. These have been classified as "Possibly Contaminated Investigation is Required". For the first site, an Ongoing Site Management Plan (OSMP) was completed in January 2025, with ongoing inspections, ACM removal, and remediation activities underway. For the second site, a draft Interim Site Management Plan (ISMP) identified low, manageable asbestos risk, with visible ACM removed and the site deemed suitable for continued public open space use.

(b) Key Management Personnel (KMP) Compensation

The total of compensation paid to KMP of the City during the year are as follows:

	Note	2025 Actual	2024 Actual
		\$	\$
Short-term employee benefits		1,339,775	1,384,977
Post-employment benefits		171,671	166,591
Employee - other long-term benefits		199,265	170,886
Council member costs	20(a)	706,788	685,587
		2,417,499	2,408,042

Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the City's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

Trade and other receivables	246,535	119,256
Trade and other payables	150,091	234,902

Related Parties

The City's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 20(a) and 20(b)

ii. Other Related Parties

An associate person of KMP employed by the City under normal employment terms and conditions.

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the City.

There were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

iii. Entities subject to significant influence by the City

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

The City has significant influence over Mindarie Regional Council and Catalina Regional Council; as the City is party to agreements establishing the Regional Councils and is correspondingly represented on the Councils of these entities.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

21. INVESTMENT IN ASSOCIATES

(a) Carrying amount of investment in associates

Set out in the table below are the associates of the City. All associates are measured using the equity method.
Western Australia is the principal place of business for all associates.

Name of entity	% of ownership interest		2025	2024
	2025	2024	Actual	Actual
			\$	\$
Equity in Mindarie Regional Council	16.67%	16.67%	21,810,959	23,446,438
Equity in Catalina Regional Council	16.67%	16.67%	5,122,369	10,286,618

Catalina Regional Council			(1,290,195)	341,461
			(3,135,448)	1,454,222

(b) Mindarie Regional Council

In accordance with Regulation 14 of the Local Government (Financial Management) Regulations 1996, expenditure in the annual financial statements must be presented by nature classification.

The City has determined it has significant influence over the Regional Council despite holding less than 20 percent of the voting rights as the City has representation on Council and participates in policy-making decisions including the decisions regarding contributions and distributions

The tables below reflect the summarised financial information of the material investments in associates based on the audited results of the Mindarie Regional Council. This does not reflect the City's share of those amounts. They have been amended to reflect adjustments made by the City when using the equity method, including fair value adjustments and modifications for differences in accounting policy.

21. INVESTMENT IN ASSOCIATES (CONTINUED)

(c) Catalina Regional Council

Tamala Park Regional Council (TPRC) subsequently changed to Catalina Regional Council (CRC) on 1st August 2023 was established in January 2006 for the purpose of the development of the Tamala Park land jointly owned by seven local governments, including the City of Joondalup, which has 1/6 equity in the land.

The West Australian Planning Commission (WAPC) requested that a portion of this land be retained as "Bush Forever", which the commission was prepared to acquire and pay for. The "Bush Forever" land was disposed of by the joint owners to the WAPC in November 2006.

The City has determined it has significant influence over the Regional Council despite holding less than 20 percent of the voting rights as the City has representation on Council and participates in policy-making decisions including the decisions regarding contributions and distributions

The current fair value of the equity is estimated at \$5,122,369. As per the audited financial statements of Catalina Regional Council for the year ended 30 June 2025, the City's share of Net result of operations was a loss of \$1,290,195. The City has recognised this loss in the Statement of Comprehensive Income in accordance with the equity method of accounting.

The tables below reflect the summarised financial information of the material investments in associates based on the audited results of the Catalina Regional Council. This does not reflect the City's share of those amounts. They have been amended to reflect adjustments made by the City when using the equity method, including fair value adjustments and modifications for differences in accounting policy.

(d) Contingent liabilities related to investments in associates

Refer to Note 18(a) for contingent liabilities relating to Mindarie Regional Council.

MATERIAL ACCOUNTING POLICIES

Investments in associates

An associate is an entity over which the City has significant influence, that is it has the power to participate in the financial and operating policy decisions of the investee but not control or joint control of those policies.

Investments in associates are accounted for using the equity method. The equity method of accounting, is whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rates	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance department under policies approved by the council. The finance department identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2025					
Cash and cash equivalents	4.20%	47,050,561	0	47,040,276	10,285
Financial assets at amortised cost - term deposits	4.88%	125,170,000	125,170,000	0	0
2024					
Cash and cash equivalents	4.70%	50,180,587	0	50,171,802	8,785
Financial assets at amortised cost - term deposits	5.27%	116,590,000	116,590,000	0	0

CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

22 FINANCIAL RISK MANAGEMENT (CONTINUED)

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2025	2024
	\$	\$
Impact of a 1% movement in interest rates on profit or loss and equity*	470,403	501,718

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 29(a).

(b) Credit risk

Trade and Other Receivables

The City's major trade and other receivables comprise contractual non-statutory user fees and charges, grants, contributions and reimbursements. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies.

The level of outstanding receivables is reported to council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade and other receivables. To measure the expected credit losses, receivables from grants, contributions and reimbursements are separated from other trade receivables due to the difference in payment terms and security.

The expected loss rates are based on the payment profiles of trade and other receivables over a period of 36 months before 1 July 2024 or 1 July 2025 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of users to settle the receivables.

The loss allowance as at 30 June 2025 and 30 June 2024 for rates receivable was determined as follows:

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
	\$	\$	\$	\$	\$
30 June 2025					
Rates receivable					
Gross carrying amount	0	3,452,681	0	0	3,452,681
30 June 2024					
Rates receivable					
Gross carrying amount	0	3,639,835	0	0	3,639,835

The loss allowance as at 30 June 2025 and 30 June 2024 was determined as follows for trade receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
	\$	\$	\$	\$	\$
30 June 2025					
Trade and other receivables					
Gross carrying amount	1,199,562	11,411	1,026	23,440	1,235,438
Loss allowance	0	1,475	1,026	23,440	25,940
30 June 2024					
Trade and other receivables					
Gross carrying amount	1,484,528	5,290	465	13,983	1,504,267
Loss allowance	0	2,035	465	13,983	16,483

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. FINANCIAL RISK MANAGEMENT (CONTINUED)

(b) Credit risk

The loss allowances for Trade and other receivables as at 30 June reconcile to the opening loss allowances as follows:

	Trade receivables		Other receivables		Contract Assets	
	2025	2024	2025	2024	2025	2024
	Actual	Actual	Actual	Actual	Actual	Actual
	\$	\$	\$	\$	\$	\$
Opening loss allowance as at 1 July	16,483	24,257	0	0	0	0
Receivables written off during the year as uncollectible	14,882	13,983	0	0	0	0
Unused amount reversed	(5,425)	(21,757)	0	0	0	0
Closing loss allowance at 30 June	25,940	16,483	0	0	0	0

Trade and other receivables are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the City, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on rates and statutory receivables, trade and other receivables are presented as net impairment losses within other expenditure. Subsequent recoveries of amounts previously written off are credited against the same line item.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. FINANCIAL RISK MANAGEMENT (CONTINUED)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 17(c).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
<u>2025</u>	\$	\$	\$	\$	\$
Trade and other payables	19,979,639	0	0	19,979,639	19,979,639
Lease liabilities	808,895	3,029,892	3,805,521	7,644,308	6,540,517

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

1. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

Adjusting Event - Arbitration Decision

The City of Joondalup commenced the process to review and replace its current Inside Enterprise Agreement 2018 with a new Agreement and issued a letter to the Australian Services Union Western Australia (WASU) on Wednesday 26 May 2023 informing them of the intention to commence bargaining for the Inside Agreement. Several meetings took place between both the parties, however, agreement could not be reached on all the conditions. On 22 May 2025, the City and WASU lodged a joint application with Western Australian Industrial Relations Commission (WAIRC) seeking arbitration on the outstanding matters.

A decision was made by the Senior Commissioner on 1 September 2025 awarding higher pay rates to inside staff under the enterprise agreement compared to what was paid administratively by the City while the negotiations were underway. As per the arbitration decision, back payment to employees was required to be made from 1 July 2022, the liability for which existed as at 30 June 2025.

The City had already made back payment provisions for \$4.99 million as at 30 June 2024 and as this decision provides evidence of the amount payable to employees at the reporting date, an additional provision of \$1.75 million was made to recognise a total provision of \$6.74 million as at 30 June 2025.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

24. OTHER MATERIAL ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Consequently, totals and subtotals may not add precisely due to rounding. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year. When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

25. FUNCTION AND ACTIVITY

(a) Service objectives and descriptions

City operations as disclosed in this financial report encompass the following service orientated functions and activities.

Objective	Description
Governance To provide a decision making process for the efficient allocation of limited resources.	Governance relates to elected members costs and other costs that relate to the task of assisting elected members and ratepayers on matters which do not concern specific City Services.
General purpose funding To collect revenue to allow for the provision of services.	Rates income and expenditure, Grants Commission and pensioner deferred rates interest.
Law, order, public safety To provide services to help ensure a safer and environmentally conscious community.	Supervision and enforcement of various local laws relating to fire prevention including the animal control and other aspects of public safety.
Health To provide an operational framework for environmental and community health.	Prevention and treatment of human illnesses, including inspection of premises/food control, immunisation and child health services.
Education and welfare To provide services to disadvantaged persons, family, the elderly, children and youth.	Provision, management and support services for families, children and the aged and disabled within the community, including pre-school playgroups, day and after school care, assistance to schools and senior citizens support groups. Provision of aged persons units and resident funded units.
Housing Provision of housing and leased accommodation	Provision of housing and leased accommodation where the City acts as landlord.
Community amenities To provide services required by the community.	Town planning and development, rubbish collection services, stormwater drainage, the provision of public conveniences, bus shelters, roadside furniture and litter control.
Recreation and culture To establish and effectively manage infrastructure and resources to help the social wellbeing of the community.	Provision of facilities and support for organisations concerned with leisure time activities and sport, support for the performing and creative arts. This includes maintenance of halls, aquatic centres, recreation and community centres, parks, gardens, sports grounds and the operation of libraries.
Transport To provide safe, effective and efficient transport services to the community.	Construction, maintenance and cleaning of streets, roads, bridges, drainage works, footpaths, parking facilities, traffic signs and the City works operation centre, including development, plant purchase and maintenance.
Economic services To help promote the City and its economic well being.	Rural services, pest control and the implementation of building controls.
Other property and services To monitor and control Council's overheads and operating accounts.	Public works overheads, plant/vehicle operations, sundry and other outlays that cannot be assigned to one of the preceding programs

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

26 RESTATEMENT OF COMPARATIVES

(a) Correction of software as a service cost incorrectly accounted for in the previous year

During the 2023-2024 financial year, the City incurred cost in implementing new Enterprise Resource Planning (ERP) System. It was expected that the implementation cost incurred would generate a long term assets and hence the cost incurred was initially capitalised under 'Property, Plant and Equipment' as work in progress.

Upon reassessment of this project during the 2024-2025 financial year, it was determined that the ERP project would not generate any identifiable asset that the City has control over, in accordance with recognition criteria under AASB 116 - Property, Plant and Equipment and AASB 138 - Intangible Assets. Consequently, the expenditure incurred of \$3,692,074 in FY 2023-2024 has now been reclassified as operating expenditure.

This correction has been treated as a prior period error under AASB 108 - Accounting Policies, Changes in Accounting Estimates and Errors and has been retrospectively adjusted in the financial statements. The comparative figures for the year ended 30 June 2024 have been restated accordingly. This error has been rectified at 30 June 2024 by decreasing WIP in Property plant and Equipment by \$3,692,074 and increasing operating expenditure in materials and contracts by \$3,692,074.

(b) Reclassification of Other Expenditure

In accordance with Regulation 14 of the Local Government (Financial Management) Regulations 1996, expenditure in the annual financial statements must be presented by nature classification.

Until 30 June 2024, certain expenditures—including statutory fees, taxes, provisions for bad debts, members' fees or levies (including the FESA levy), and donations and subsidies to community groups—were reported under the classification "Materials and Contracts."

During the 2024–2025 financial year, the City reviewed its classification practices and determined that these expenditures are more appropriately classified under "Other Expenditure" as defined in Schedule 1 of the Regulations.

Accordingly, comparative figures for the year ended 30 June 2024 have been restated to reflect this reclassification. In FY 2023-24 the balance of \$ 970,071 has been reclassified from Material and Contracts and reported under Other Expenditure. This change does not affect the net result but improves the accuracy and consistency of financial reporting.

There was no impact on 1 July 2023 balances.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

30 RESERVE ACCOUNTS (Continued)

Name of reserve account		Anticipated date of use	Related to gov't/policy/law/ agreement	Purpose of the reserve account
(a)	Non-current long service leave	Ongoing	Y	Created in 2012/13 to facilitate the funding of the non-current portion of long service leave liabilities to City employees.
(b)	Capital works Carried Forward Reserve	Ongoing	N	Created in 2006/07 to hold unspent capital works funds carried forward to subsequent financial year(s). The transfer to accumulated surplus is to fund capital works previously carried forward.
(c)	Cash in lieu of Parking Reserve	Ongoing	Y	Created in 1993/94 with funds previously held in Trust Fund. Represents funds received from developers in lieu of providing car parking. Funds transferred from the reserve will be utilised to fund future car parking requirements. Funds transferred to the reserve includes interest.
(d)	Joondalup Performing Arts and Cultural Facility Reserve	Ongoing	N	Created in 2000/01 to assist with the design and development of a regional performing arts facility in the Joondalup City Centre. The reserve was renamed in 2005/06 and again in 2009/10 to more appropriately reflect its intent. The transfer from Reserve was mainly to fund the Jinan Garden, at Lot 1001, Teakle Court. The transfer from accumulated surplus represents interest.
(e)	Parking Facility Reserve	Ongoing	N	Created in 2008/09 to hold the operating surpluses arising from the paid parking in the Joondalup City Centre to be applied in the development and provision of facilities and services, both parking and non parking, in the Joondalup City Centre. The transfer from accumulated surplus represents parking operating surplus and interest. Transfer to accumulated surplus is to fund repayments on the \$8,500,000 loan taken in 2014-15 to construct the Reid Promenade Car Park.
(f)	Percy Doyle Infrastructure Reserve	Ongoing	N	Created in 2020/21 for the purposes of providing new infrastructure and improving existing infrastructure at Percy Doyle Reserve. Transfer from accumulated surplus represents initial funding to establish the reserve and interest.
(g)	Public Art Reserve	Ongoing	N	Created in 2012/13 for the purpose of providing for the commissioning and purchase of public art works. Transfer from accumulated surplus represents funding for this purpose.
(h)	Specified area rating - Harbour Rise reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Harbour Rise specified area. Transfer from accumulated surplus represents interest. Transfers from the reserve are to fund works undertaken in the Harbour Rise specified area.
(i)	Specified area rating - Iluka reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Iluka specified area. Transfer from accumulated surplus represents unspent funds levied during the year and interest.
(j)	Specified area rating - Woodvale Waters reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Woodvale specified area. Transfers from the reserve are to fund works undertaken in the Woodvale area. Transfers from accumulated surplus represents interest.
(k)	Specified area rating - Burns Beach reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Burns Beach specified area. Transfer from accumulated surplus represents unspent funds levied during the year and interest.
(l)	Strategic Asset Reserve	Ongoing	N	The reserve was created in 2010/11 from the merger of the old Strategic Asset Management and Asset Replacement Reserves, and is intended to fund the acquisition and development of new and renewal of existing City infrastructure and building assets. The transfer from accumulated surplus represents interest. Transfer from reserve was for the funding of various capital works projects including Joondalup City Centre lighting.
(m)	Catalina Land Sales Reserve	Ongoing	N	This reserve was created in 2013/14 to receive the City of Joondalup's share of the dividends from the proceeds of the sales of Tamala Park, land to be held and subsequently applied for the purpose of investing in income producing facilities, to build significant one-off community facilities and to assist with the cash flow requirements of developing significant infrastructure assets aligned to the 10 Year Strategic Financial Plan. The transfer from accumulated surplus represents interest.
(n)	Asset Renewal Reserve	Ongoing	N	Created in 2008/09 by consolidating the Heavy Vehicle, Light Vehicle and Plant Replacement reserves with the purpose of supporting the funding of vehicle, plant and equipment purchases. The transfer from accumulated surplus represents interest. Renamed to its current name in 2019/20.
(o)	Waste Management Reserve	Ongoing	N	Renamed in 2009/10 and its purpose updated. The reserve is to fund and support waste management services including but not limited to refuse collection, waste management initiatives and programs, infrastructure and buildings and legal expenses associated with waste management but excluding vehicles, plant and equipment. Transfer from accumulated surplus represents the waste management services operating surplus and interest.
(p)	Ocean Reef Sea Sports Club	Ongoing	N	The reserve will be used for the City's share of the building costs of the new Ocean Reef Sea Sports Club building, to be constructed by Development WA at the redeveloped Ocean Reef Marina. The funds transferred into the reserve will comprise the City portion of the project and interest that will accrue over time. At the completion of the project the reserve will be closed.

CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

30 RESERVE ACCOUNTS (Continued)

(g) Sorrento Surf Life Saving Club Redevelopment Reserve	Ongoing	N	The reserve will be used for the redevelopment of Sorrento Surf Life Saving Club. The funds transferred into the reserve will comprise the City portion of the costs, grant funds, Club contribution and interest that will accrue over time. At the completion of the project the reserve will be closed.
(h) Burns Beach - Café/Kiosk/Restaurant Reserve	Ongoing	N	The reserve will be used for the construction of a new public Café / Kiosk / Restaurant at Burns Beach. The funds transferred into the reserve will comprise the City portion of the project and interest that will accrue over time. At the completion of the project the reserve will be closed.
(s) Burns Beach Coastal Node Redevelopment Reserve	Ongoing	N	The reserve will be used for the redevelopment of public facilities at Burns Beach to complement the new Café / Kiosk / Restaurant, including car parking, landscaping and playground. The funds transferred into the reserve will comprise the City portion of costs and interest accrued over time. At the completion of the project the reserve will be closed.
(t) City Centre Place Activation Reserve	Ongoing	N	The reserve will be used for the construction of new facilities/infrastructure in the City Centre in accordance with the City's adopted Place Activation Strategy. The funds transferred into the reserve will comprise of the City portion of the project and interest that will accrue over time. At the completion of the project the reserve will be closed.
