Annual General Meeting of Electors

MEETING HELD ON THURSDAY 23 JANUARY 2025

Acknowledgement of Traditional Custodians

The City of Joondalup acknowledges the traditional custodians of the land, the Whadjuk people of the Noongar nation, and recognises the culture of the Noongar people and the unique contribution they make to the Joondalup region and Australia. The City of Joondalup pays its respects to their Elders past and present and extends that respect to all Aboriginal and Torres Strait Islander peoples.

1 DECLARATION OF OPENING AND ANNOUNCEMENT OF VISITORS

The Mayor declared the meeting open at 5.30pm.

Mayor:

HON. ALBERT JACOB, JP

Councillors:

CR ADRIAN HILL	North Ward	
CR LEWIS HUTTON	North Ward	<i>from 5.38pm</i>
CR DANIEL KINGSTON	North Central Ward	
CR REBECCA PIZZEY	Central Ward	
CR RUSS FISHWICK, JP	South Ward	
CR JOHN RAFTIS	South Ward	<i>absent from 7.30pm to 7.33pm</i>
CR PHILLIP VINCIULLO	South-West Ward	
CR JOHN CHESTER	South-East Ward	
CR ROHAN O'NEILL	South-East Ward	

Officers:

MR JAMES PEARSON	Chief Executive Officer	
MR JAMIE PARRY	Director Governance and Strategy	
MR MAT HUMFREY	Director Corporate Services	
MR NICO CLAASSEN	Director Infrastructure Services	
MR CHRIS LEIGH	Director Planning and Community Development	
MRS REBECCA MACCARIO	Manager Strategic and Organisational Development	<i>absent from 7.20pm to 7.24pm</i>
MS JACKIE VERNON	Manager Human Resources	<i>absent from 7.37pm to 7.42pm</i>
MS HANNAH TAGORE	Manager Communications and Stakeholder Relations	
MR STUART MCLEA	Media and Communications Officer	
MRS VIVIENNE STAMPALIJA	Acting Manager Governance	
MRS SUSAN HATELEY	Governance Officer	
MRS LAURA NAPIER	Governance Officer	<i>absent from 7.27pm to 7.31pm</i>
MS CAITLIN WOOD	Acting Governance Support Officer	

There were 71 members of the public and no member of the press in attendance.

2 ADDRESS BY THE MAYOR

The Mayor welcomed members of the public to the Annual General Meeting of Electors.

The Mayor advised that the meeting is being held in accordance with section 5.27 of the *Local Government Act 1995*.

The Mayor advised the meeting was advertised as follows:

- In *PerthNow* newspaper on 19 December 2024.
- Social Media posts (Facebook) on 19 December 2024.
- Public notices on the City's website and public notice boards on 19 December 2024.
- Public Notice eNews newsletter published on 19 December 2024.

The Annual Report was made available for public viewing after the Ordinary Meeting of Council held on 10 December 2024 (CJ328-12/24 refers), where Council adopted the *2023-24 Annual Report*.

3 APOLOGIES AND LEAVE OF ABSENCE

3.1 LEAVE OF ABSENCE PREVIOUSLY APPROVED

Cr Christine Hamilton-Prime, JP	15 January to 1 February 2025 inclusive.
Mayor Albert Jacob, JP	28 to 31 January 2025 inclusive.
Cr Rohan O'Neill	26 January to 4 February 2025 inclusive.
Cr Daniel Kingston	4 February 2025 inclusive.
Cr Daniel Kingston	11 February 2025 inclusive.

3.2 APOLOGIES

Cr Nige Jones.
Cr Christopher May, JP.

4 PROCEDURES AT ELECTORS' MEETINGS

The Mayor outlined the requirements for voting and speaking at an Electors' Meeting and the definition of an Elector.

5 VIDEO PRESENTATION

A video presentation was given outlining the events, activities and achievements of the City of Joondalup for the 2023-24 financial year.

Cr Hutton entered the Chamber at 5.38pm.

6 CONTENTS OF THE 2023-24 ANNUAL REPORT

The Mayor advised that the purpose of the Annual General Meeting of Electors was to discuss the contents of the *2023-24 Annual Report* and raise any general business that Electors may have. In accordance with the *Local Government Act 1995*, Council adopted the *2023-24 Annual Report* at its Ordinary Meeting of Council held on 10 December 2024 (CJ328-12/24 refers).

1. Annual Report F Y 2023-24 [6.1.1 - 184 pages]
2. Annual Report F Y 2023-24: Financial Information [6.1.2 - 60 pages]

The following summarised questions were submitted verbally at the Annual General Meeting of Electors in relation to the Annual Report:

M Sideris, Mullaloo:

Re: Annual Report 2023-24 - Budget of Projects and Programs.

Q1 In relation to the Annual Report, can the City advise if the various projects and programs listed over three pages are all on budget?

A1 The Director Governance and Strategy responded that the City reports to the Council on a quarterly basis regarding whether projects are on budget, and any amendments to the budgets are part of the mid-year budget review with changes considered by the Council where applicable. Generally, all the programs listed are on budget as specified in the Annual Report and the Corporate Business Plan.

Q2 Of the projects that are declared as being on budget, can the City advise how many were amended either during the mid-year review or over the course of monthly Council Meetings?

A2 During the meeting, the Director Corporate Services took the question on notice.

Due to the complexity and resources required to respond to this question, a response will be provided to this question in the Council meeting agenda for 25 February 2025.

M Sideris, Mullaloo:

Re: Annual Report 2023-24 - Budget of Projects and Programs.

Q1 *Can the City advise how many of these projects that are declared as being on budget, have been amended in the subsequent six to seven months?*

A1 During the meeting, the Director Corporate Services took the question on notice.

Due to the complexity and resources required to respond to this question, a response will be provided to this question in the Council meeting agenda for 25 February 2025.

Q2 *In regard to the Mullaloo carpark upgrade being on budget, can the City explain why there was a request for an additional \$135,000 (approx.) only one month after the budget was set for \$350,000?*

A2 During the meeting, the Director Corporate Services took the question on notice.

The City has since confirmed that the cost estimate/budget is developed during the design phase and is based, at the time, on current market rates and design assumptions. The additional funding results from the actual market quotation received at the request for quote (RFQ). Traffic Management (updated rates adopted by Main Roads Western Australia (MRWA)) and material (concrete, asphalt and so forth) were among some of the cost increases WA has experienced in the past year.

7 GENERAL BUSINESS

The Mayor commented that any questions of a general nature raised at the Annual General Meeting of Electors would be responded to and questions requiring a more detailed response would be taken on notice.

The following summarised questions were received in writing prior to the Annual General Meeting of Electors:

M Kwok, Ocean Reef:

Re: Deputy Mayor Appointment.

Q1 *Deputy Mayor position in the past is opened for revoting after one year, can the City advise why is it different this time?*

A1 Schedule 2.3 (Division 2) of the *Local Government Act 1995*, provides the rules for when a Council elects a Deputy Mayor.

Clause 7(1) provides that

“(1) If the local government has an elector mayor or president the office of deputy mayor or deputy president is to be filled as the first matter dealt with —

- a. *at the first meeting of the council after an inaugural election or a section 4.13 or 4.14 election or after an ordinary elections day; and*
- b. *at the first meeting of the council after an extraordinary vacancy occurs in the office.”*

In accordance with clause 7(1) the next election for Deputy Mayor will occur after the Ordinary elections in October 2025, or sooner if there is an extraordinary vacancy caused by the current Deputy Mayor submitting his resignation for the position.

As such, there is no legislated mechanism available to the Council to require an early election for the Deputy Mayor position for the forthcoming 12-month period.

Re: Enterprise Bargaining Agreement (EBA) Negotiations.

Q2 Can the City advise how many employees have left the City since 30th June 2022 who would have been entitled to increase pay if EBA had been finalised ahead of the previous EBA expiring?

A2 The City of Joondalup Inside Workforce Enterprise Agreement 2018 has what is called a nominal expiry date, it doesn't expire and continues to operate until such time as it is replaced or terminated.

The City has been in negotiation with the relevant Union on the Inside Workforce Enterprise Agreement since May 2023. The negotiation for wage increases and superannuation matching has not been able to be finalised between the parties through the negotiation process and will likely go through the WA Industrial Commission under an arbitration process. That means that all outstanding matters will be determined by an Order from the Industrial Relations Commissioner.

219 employees (casual, part time and full time) engaged under the City of Joondalup Inside Workforce Enterprise Agreement 2018 have left the City since 30 June 2022.

Q3 Of these staff members who have left since 30 June 2022, can the City advise how many will be entitled for backpay once EBA is finalised?

A3 This will be a matter the Industrial Relations Commissioner will determine through the arbitration process.

Q4 Can the City advise how much the estimated backpay would be?

A4 This will be dependent on the outcome of the arbitration and decision and Order of the Industrial Relations Commissioner.

Re: 2023-24 Annual Financial Report.

Q5 Can the City please supply an itemised list of the breakdown of the revenue received in the financial year 2023-24, similar to the one below that was provided at the Ordinary Meeting of Council held 27 February 2024?

CITY OF JOONDALUP - ORDINARY MEETING OF COUNCIL MINUTES - 27.02.2024

PAGE 15

A2 A table has been provided below for 2022/23:

Fees and charges (by nature and type)	2023 Actual	2023 Budget	2022 Actual
	\$	\$	\$
Building licence fees	679,518	625,000	783,271
Cat registration fee	61,010	60,500	62,086
Commission	142,093	140,900	144,295
Court sport revenue	445,486	493,518	406,300
Credit card surcharge	114,237	114,205	114,201
Development application fees	710,238	750,000	808,174
Dog registration fees	348,364	400,000	339,028
Facilities hire	1,050,139	980,697	941,723
Fines enforcement	232,278	343,500	291,216
Immunisation fees	29,096	100,000	87,802
Inspection fees	1,142,934	1,148,625	1,111,306
Land purchase enquiries fees	306,690	277,000	355,325
Learn to Swim program fees	2,282,911	2,209,177	2,224,629
Library fines and penalties	62,234	72,000	66,196
Membership fees	3,456,204	3,023,087	2,968,544
Merchandise sales and other sales	374,482	276,590	347,765
Multi storey car park parking fees	786,722	890,000	790,429
Off street parking fees	1,175,118	1,560,000	1,270,107
On street parking fee	1,093,704	1,312,200	1,086,700
Other building and development charges	90,492	110,000	122,061
Other miscellaneous charges	1,118,315	1,079,964	885,423
Park hire	242,911	126,034	201,665
Parking infringements	188,940	318,310	96,527
Private property agreements	130,641	139,000	131,791
Property rental	782,745	833,258	786,045
Rates instalments administration fee	585,392	590,000	583,581
Refuse charges	21,814,130	22,096,800	21,696,009
Term program activities fees	194,432	172,416	175,803
User entry fees	2,390,270	2,231,711	1,993,217
	42,031,725	42,474,492	40,871,218

- A5 The breakdown of fees and charges revenue for the year 2023-24 is provided in the table below.

Fees and Charges (by Nature and Type)	2023/24 Actual	2023/24 Budget
Building license fees	(700,117)	(593,750)
Cat registration fee	(68,535)	(60,000)
Commission	(143,816)	(146,450)
Court sport revenue	(535,771)	(555,741)
Credit card surcharge	(116,276)	(114,205)
Development application fees	(711,725)	(700,000)
Dog registration fees	(335,747)	(380,000)
Facilities hire	(963,362)	(938,807)
Fines enforcement	(227,458)	(223,500)
Immunisation fees	(99,468)	(70,000)
Inspection fees	(1,212,823)	(1,190,236)
Land purchase enquiries fees	(307,048)	(270,000)
Learn to Swim program fees	(2,508,553)	(2,286,780)
Library fines and penalties	(58,493)	(71,150)
Membership fees	(5,617,408)	(4,000,000)
Merchandise sales and other sales	(446,066)	(296,302)
Multi storey car parking fees	(628,107)	(675,500)
Off street parking fees	(1,184,733)	(1,204,727)
On street parking fees	(1,161,633)	(1,217,957)
Other building and development charges	(150,679)	(104,500)
Other miscellaneous charges	(1,486,347)	(1,406,128)
Park hire	(240,887)	(412,430)
Parking infringements	(135,728)	(198,310)
Private property agreements	(118,343)	(135,428)
Property rental	(847,907)	(808,426)
Rates instalments administration fee	(616,179)	(597,500)
Refuse charges	(21,953,271)	(21,887,640)
Term program activities fees	(168,835)	(175,979)
User entry fees	(2,653,096)	(2,095,485)
	(45,398,410)	(42,816,929)

B Gould, Iluka:

Re: Elected Member Dinners.

Q1 *Can the City please provide the average cost per head for Elected Member dinners over the past 12 months, including a breakdown of food, beverages (including alcohol), and any additional costs associated with hosting these events?*

A1 There were four Elected Member Dinners held during the 2024 calendar year. The approximate cost per head was \$89.88 (inclusive of GST). Of this amount, an estimated \$34.30 was spent on staffing, \$17.09 on catering and \$38.49 on beverages including soft drink, tea, coffee and alcohol.

Please note, the beverage cost indicates stock purchased for the event and does not indicate the amount consumed.

Q2 *Can the City provide the guest lists for all Elected Member dinners held since 1 February 2022? Please include the name of each guest and their relationship to the City.*

A2 The Council's *Elected Members Entitlements Policy* provides that: "Details of invited guests that attend Elected Member dinners are to be reported to the Audit and Risk Committee on a quarterly basis".

The information provided to the Committee is confidential as it relates to the "personal affairs of any person" (s5.23(1)(b) of the *Local Government Act 1995* refers).

Q3 *Can the City provide the total expenditure for each Elected Member dinner held since 1 February 2022? Please include the total cost per dinner and the cost per head.*

A3 The table below provides the approximate cost of expenditure (inclusive of GST) for Elected Member Dinners since 2022.

Date	Total Cost	Per Head
27-May-22	\$2,346.87	\$83.52
24-Feb-23	\$2,639.17	\$68.53
31-Mar-23	\$2,313.30	\$76.79
30-Jun-23	\$4,004.44	\$98.74
28-Jul-23	\$4,161.46	\$135.32
25-Aug-23	\$3,790.37	\$122.95
26-Apr-24	\$5,377.95	\$116.91
26-Jul-24	\$2,475.74	\$85.37
30-Aug-24	\$1,982.57	\$99.13
25-Oct-24	\$2,296.97	\$57.42

Costs are indicative only.

Beverage costs indicate purchases, not consumption. Surplus stock is used for future events.

Q4 *Does the City have a policy or guidelines in place to ensure transparency and accountability regarding the purpose and outcomes of Elected Member dinners?*

A4 Part 11.1 of the Council's *Elected Members Entitlements Policy* provides the following in relation to the purpose of Elected Member Dinners and how they are reported to the Audit and Risk Committee:

"11.1. *Elected Member dinners:*

- a. *To provide an avenue to facilitate networking possibilities and for Elected Members to undertake discussions with various representatives of the community, the Council has agreed to host Elected Member dinners.*
- b. *The Mayor is entitled to host six dinners per calendar year, and each Ward a total of 12 each year, based on six dinners per Ward Councillor.*

- c. *Each table will allow for the Elected Member as host, plus up to a maximum of nine guests. Except for the Elected Member's spouse or partner, all guests invited are to have a relationship with the City or be a stakeholder of the City. Prior to an Elected Member dinner, Elected Members are to advise the City the details of their invited guests and their relationship with the City. Details of invited guests that attend Elected Member dinners are to be reported to the Audit and Risk Committee on a quarterly basis."*

S Pengelly, Kingsley:

Re: Cockitrough Installation.

Q1 *Can the City provide an update on the timeline for the installation of the two budgeted Cockitroughs at Craigie Bushland and Hepburn Heights Reserve, and will there be plans for additional installations in the future?*

A1 A bird watering station is listed in the City's draft 2025-26 Capital Works Program for Hepburn Heights. Phasing of the project is yet to be finalised and as such, a timeline for the installation is unable to be provided at this stage.

The City is also investigating the feasibility to install cockitroughs at Warwick Bushland, Craigie Bushland, Lilburne Park and Shepherds Bush Park as these locations have been identified as suitable by Birdlife Australia.

Re: Tree Planting for Black Cockatoos.

Q2 *Can the City advise if the City's current tree-planting strategy include species that specifically support black cockatoos, and could this be expanded to ensure the availability of appropriate food and habitat sources?*

A2 The City's current tree-planting strategy includes species that specifically support black cockatoos. In 2024, the City planted approximately 1,700 plants that are considered black cockatoo foraging species through the City's Leafy City Program and natural area revegetation program. The species planted are as follows:

- 335 x *Acacia saligna* (Orange Wattle).
- 141 x *Banksia attenuata* (Slender Banksia).
- 10 x *Banksia dallanneyi* (Couch Honey-pot Dryandra).
- 83 x *Banksia grandis* (Bull Banksia).
- 147 x *Banksia menziesii* (Firewood or Menzie's Banksia).
- 10 x *Banksia prionotes* (Acorn Banksia).
- 188 x *Banksia sessilis* (Parrot Bush).
- 190 x *Eucalyptus gomphocephala* (Tuart).
- 32 x *Eucalyptus marginata* (Jarrah).
- 39 x *Eucalyptus todtiana* (Coastal Blackbutt or Prickley Bark).
- 91 x *Hakea laurina* (Pin-cushion hakea).
- 63 x *Hakea lissocarpa* (Honeybush).
- 30 x *Hakea prostrata* (Harsh Hakea).
- 14 x *Jacksonia furcellata* (Grey Stinkwood).
- 320 x *Xanthorrhoea preissii* (Grass Tree).

Re: *Long-Term Conservation Planning.*

Q3 *Has the City considered developing a long-term management plan specifically aimed at preserving black cockatoo populations within Joondalup, and if not, would it be willing to explore this initiative?*

A3 The City implements the *Environment Strategy 2024 – 2034* to provide a framework for the City to be environmentally sustainable by protecting and enhancing the environment and minimising the use of natural resources. The Strategy includes initiatives related to biodiversity conservation that also aid in the conservation of black cockatoos.

Additionally, the City's Natural Area Management Plans provide a targeted, long-term approach to ensuring all natural areas are managed strategically and effectively to support biodiversity, including our black cockatoo populations.

The City's management of natural areas also aligns with the Commonwealth Government's *Carnaby's Cockatoo (Calyptorhynchus latirostris) Recovery Plan*.

Re: *Community Education Programs.*

Q4 *Can the City advise what actions is the City taking to educate the community on the importance of conserving black cockatoos, and how can residents be encouraged to contribute to their protection?*

A4 The City's Environmental Education Program (EEP) includes a monthly Sustainability eNewsletter which is distributed to approximately 3,200 residents and features environmental articles, many of which include initiatives or information related to biodiversity conservation.

The EEP delivers a range of community sustainability events and programs each year to encourage residents to contribute to biodiversity conservation. For example, the City delivered the Waterwise Verge Rebate Program in 2022-23 which supported 101 residents to replace their lawn, artificial turf and hardstand street verges with native waterwise and bird friendly gardens by providing over 2,000 native plants.

The City also delivered the Native Plant Giveaway Program during 2023-24 and supported 750 residents to create waterwise, bird friendly gardens by providing 8,000 native plants and trees, combined with workshops, resources and advice from the City to ensure positive outcomes were achieved.

The City is currently planning the annual Native Plant Giveaway for 2024-25 which will provide free waterwise native plants to residents to increase biodiversity, canopy cover and wildlife habitat. Numerous species that will be included in our giveaway in 2024-25 are black cockatoo habitat species.

The City's education programs aim to encourage biodiversity conservation including protection and conservation of black cockatoo populations are ongoing.

Re: *Habitat and Population Monitoring.*

Q5 *Can the City advise if the City monitors black cockatoo activity and habitat use within its reserves, and if so, how is this data being utilised to guide conservation efforts and with that can the City provide data on black cockatoo breeding within our area and is this being actively monitored?*

A5 The City encourages community members participating in Birdlife Australia's Great Cocky Count through the Environmental Education Program each year. The Great Cocky Count is an opportunity for community members to participate in a citizen science survey to monitor changes in black cockatoo populations. Birdlife Australia provide the City with the spatial data and report from the annual survey to inform on-ground management and conservation activities for black cockatoos. The overall outcomes from the Great Cocky Count are available in a report on the Birdlife Australia website including roost count locations.

There are limited breeding sites for black cockatoos in the Perth Metropolitan Area however buffered spatial data on black cockatoo breeding sites is available through the Government of Western Australia's DataWA website. The City uses this spatial data to inform environmental planning and natural area management.

The City has recently conducted black cockatoo habitat assessments in several major conservation areas which is a targeted survey for black cockatoos listed under the *Environment Protection and Biodiversity Conservation Act 1999* and *Biodiversity Conservation Act 2016*. The findings of these assessments are used to inform natural area management of the sites and aid in the conservation of black cockatoos.

The following summarised questions were submitted verbally at the Annual General Meeting of Electors in respect of General Business:

S Apps, Woodvale:

Re: *Funding of Refurbishment of Mullaloo Surf Club.*

Q1 *The MLA for Hillarys made an election commitment of \$1.2 million for the refurbishment of Mullaloo Surf Club. Further enquiry revealed that the full project cost is \$2 million and the residual amount of \$840,000 is being provided by the City of Joondalup.*

Can the City provide information regarding the City's request for funding, the commitment to contribute \$840,000 and Council's consideration of the proposal?

A1 During the meeting, the Director Infrastructure Services took the question on notice.

The City has since confirmed that there is a project currently listed in the City's *Five-Year Capital Works Program* for the Mullaloo Surf Life Saving Changerooms Refurbishment (BCW2644) with \$40,000 listed in 2024-25 and \$860,000 listed in 2025-26.

In July 2024, Elected Members were provided with an advocacy list of potential projects and programs, put together by the City, in light of the forthcoming

Federal and State elections. This list was made available to sitting Members of Parliament and endorsed major party candidates on request.

This list was put together at that time, based on the City's projects and programs that could potentially attract election commitment funding. The Mullaloo Surf Life Saving Club Refurbishment was identified as a project that could potentially attract election commitment funding.

The City performs Advocacy activities in line with the Council endorsed *Advocacy Framework* (CJ168-10/22 refers). The *Advocacy Framework* outlines the Joondalup Advocacy Vision and Principles, and supports the City to identify suitable targeted and opportunistic advocacy opportunities.

Q2 *Why would the City only ask for \$1.2 million instead of the \$2 million total?*

A2 During the meeting, Mayor Jacob took the question on notice.

See A1 above.

B Hewitt, Edgewater:

Re: *City employees - Turnover rate.*

Q1 *Does the City consider the high turnover of employees from July 2022 to January 2025 and consequential loss of corporate knowledge is sustainable?*

A1 The CEO responded that assessment of the level of turnover must be relative to turnover rates in local governments generally and other comparable organisations. The rate of turnover within the City of Joondalup would not necessarily be described as particularly high.

Re: *Workplace Enterprise Bargaining Agreement.*

Q2 *Can the City advise of the progress of Workplace Enterprise Bargaining Agreement?*

A2 The CEO advised that the City is waiting for Union Membership endorsement of Union acceptance of the wording of a Draft Agreement, with a subsequent arbitration process expected to take place sometime in the future.

B Gould, Iluka:

Re: *Advertising of the Annual General Meeting of Electors.*

Q1 *Given that the Annual General Meeting is a vital opportunity for residents to engage with Local Government, why was there minimal advertising for the meeting?*

A1 Mayor Jacob responded that the City advertised its' Annual General Meeting of Electors in multiple ways. In terms of attendance numbers and numbers of motions for Annual General Meetings, the City of Joondalup receives far higher levels of attendance than neighbouring Councils. This indicates that the AGM has been well advertised and had a high level of engagement.

Q2 *The Valentine's Concert has been promoted with paid social media adverts and with large signage in parks and on Hodges Drive near the verge onto the Freeway.*

Can the City explain the disparity in advertising resources between the Valentine's Day Concert and the Annual General Meeting of Electors (AGM) and the associated cost?

A2 Mayor Jacob responded that the Council decided several years ago to charge for the tickets to the Valentine's Day Concert, and so advertising has increased in relation to that decision to engage more residents. Approximately 8,000 residents of the City of Joondalup engage with the Valentine's Day Concert, where it is unlikely that 8,000 residents will engage with the AGM.

M Kwok, Ocean Reef:

Re: *City Employee Petition - Seeking Backpay.*

Q1 *Can the CEO confirm if a Petition was received from City employees before Christmas, seeking backpay to 1 July 2022, due to the delayed finalisation of the Enterprise Bargaining Agreement (EBA) and if so, what is the response?*

A1 The CEO responded that a Petition seeking backpay as described was received. The question is currently part of the negotiations, and it is expected that there will be an arbitration process commencing in the near future that will include consideration of this matter.

Re: *Annual General Meeting of Electors (AGM) - Meeting Procedures.*

Q2 *In relation to meeting procedure for the AGM, does the mover have an opportunity to read out the motions, and the time taken to read the motion not be included in the two-minute time limit?*

A2 Mayor Jacob responded that the mover will have the opportunity to read the motion, but it will be part of their time to speak on the motion.

P Perez Navas-Parejo, Greenwood:

Re: *City of Joondalup Memberships.*

Q1 *The City is a member of Western Australian Local Government Association and it's also a member of Global Covenant of Mayors for Climate and Energy. What other organisations does the City of Joondalup subscribe as a member?*

A1 During the meeting, the Director Governance and Strategy took the question on notice.

Due to the complexity and resources required to respond to this question, a response will be provided to this question in the Council meeting agenda for 25 February 2025.

Q2 *Can the City advise how much are the annual membership fees for each one of the organisations the City subscribes as a member?*

A2 During the meeting, the Director Governance and Strategy took the question on notice.

Due to the complexity and resources required to respond to this question, a response will be provided to this question in the Council meeting agenda for 25 February 2025.

N D'Alonzo Duncraig:

Re: *Fire Hazard Management.*

Q1 *While Perth has some differences to Los Angeles (LA), there is a very similar climate in the City of Joondalup. Is the City adequately prepared to handle fires, particularly wild winter fires, if such were to happen in the City of Joondalup?*

A1 The Director Infrastructure Services responded that there is responsibility in terms of private property ensuring adequate fire breaks, with the City's Community Safety Team responsible for inspecting fire breaks. The City provides adequate fire breaks on City properties and maintains those properties. There is a City program of reducing the fuel load, and in the past some fuel load reduction burning has taken place, especially where there are grass trees.

The Director Infrastructure Services went on to say, in terms of the firefighting capability, that is a requirement on the State Government. The City is liaising with the State Government through the Local Emergency Management Committee and the District Emergency Management Committee to ensure adequate resources are available.

Q2 *The case that has happened in LA involved a very wet year which caused a lot of growth, followed by a very dry winter. Can the City very quickly remove excess vegetation if needed, in such a situation?*

A2 Mayor Jacob responded that in the past the City did do grass tree burning, predominantly to Warwick bushland, and this was fairly successful as very little infrastructure was lost to summer fires. Fuel management is key, and the City will consider the question in terms of winter fuel load management, however there may be differences due to Western Australian wind patterns versus those in LA. The City of Joondalup does take fire hazard management seriously.

B Cook, Kallaroo:

Re: Telecommunication Cell Towers.

Q1 In relation to telecommunication cell towers being erected, can the City advise have the residents been consulted and has safety testing been done?

A1 The Director Planning and Community Development advised that the consultation requirements for telecommunication infrastructure does cover a few different tiers of government in terms of obligations, with the City's role typically limited to planning applications. There is some telecommunication infrastructure that's exempt from requiring planning approval, so the City is not involved in those at all.

The Director Planning and Community Development went on to say in cases where the City does receive planning applications, there is a Local Planning Policy that guides consultation. If a telecommunication infrastructure proposal satisfies the criteria, the City will undertake consultation with residents. In relation to safety testing, there are obligations on the provider to meet certain requirements as part of a legislative obligation that sits beyond the role of local government.

Re: Funding from the State Government versus Ratepayers.

Q2 How much State Government funding does the City receive in comparison to funding through ratepayers?

A2 Mayor Jacob responded that rates are a far larger component of the City's income than State Government funding.

M Van Dyk, Connolly:

Re: Mullaloo Beach – Water Quality Testing.

Q1 When swimming at Mullaloo Beach, the water burns the skin and eyes of my children. Can the City advise whether the City is reporting on the contamination of the beach and the water?

A1 The Director Planning and Community Development responded that the City is not undertaking any specific testing because that is not the role of local government, however relevant State Government agencies are undertaking a project that involves testing and analysing the water quality at Mullaloo beach. Council has agreed in the December of 2024 for the City to increase the frequency of the sampling that it takes to pass on to laboratories for the State Government to analyse.

Q2 Can the City advise what is to be done with Mullaloo Beach, as the waters are completely un-swimmable?

A2 Mayor Jacob responded that many people are swimming at Mullaloo Beach, especially recently over the Christmas summer period.

M Sideris, Mullaloo:

Re: Mullaloo Surf Lifesaving Club refurbishment.

Q1 Has the City applied to the Minister of Lands for approval to proceed with the proposed amendments to the Mullaloo Surf Lifesaving Club as part of the Capital Works Program?

A1 The Director Infrastructure Services responded that the management order is with the City, and any approvals that is required will be undertaken at the time that the project is to be delivered. The project is listed for \$860,000 in Year 2 of the City's five-year Capital Works Program being 2025-26.

Re: Coastal Reserve Determination.

Q2 In recent correspondence the City has advised the State Government that the Coastal Reserve from Ocean Reef through to Hillarys is a Class C Reserve. Can the City provide details and references associated with that determination by the City?

A2 During the meeting, the Director Governance and Strategy took the question on notice.

Reserves are classified in accordance with the *Lands Administration Act 1997* as either A, B, or C class reserves. Whilst a small portion of Hillarys Foreshore Reserve is classified as being Class A reserve, the remainder of the coastal foreshore between Hillarys Boat Harbour and Mullaloo Foreshore Reserve is classified as Class C reserves.

This information has been sourced from Landgate.

J Hope, Beldon:

Re: Meeting Procedures Local Law.

Q1 People attending the Wanneroo Council at a recent meeting were allowed to speak for three minutes, allowing the Council and the public listening be able to hear clearly what is being said. Could time limit be considered by the City of Joondalup?

A1 Mayor Jacob advised that the provisions are set in the *Meeting Procedures Local Law* and are subsidiary in legislation. The Council has considered a range of amendments to its' *Meeting Procedures Local Law*, however, those amendments have not progressed largely because there are standard standing orders that will be coming into effect soon.

Mayor Jacob went on to say that as the *Meeting Procedures Local Law* is subsidiary legislation it would need to be approved by the delegated legislation subcommittee of Parliament, who would not approve an amendment to a Local Law when that Local Law would be superseded within a few months with the standard Meeting Procedures.

The following summarised statements were made verbally at the Annual General Meeting of Electors:

S North, Woodvale:

Re: City of Joondalup Achievements of 2023-24.

Ms Sue North congratulated the City of Joondalup on its' achievements in the financial year 2023-24 and reflected on the various initiatives, services and facilities provided by the City. Ms North commended the range of offerings for people of all ages with interests in sport, arts and culture or the natural environment. Ms North noted the outstanding Craigie Leisure Centre, the upcoming Ocean Reef Marina, the City's Libraries, the well-maintained public spaces and the possibility to contribute to a community, all as aspects residents are fortunate to experience.

Ms North expressed delight and congratulations to the City for the awards received by the Craigie Leisure Centre and the Joondalup Festival. Ms North attributed this success to the ongoing responsible budgeting of the City, and explained that though challenges and questions arise, residents are extremely fortunate to live in the City of Joondalup and enjoy a local government that is professional, caring and committed. Ms North thanked the Administration, the Officers and Elected Members for their efforts.

D Mimmagh, Heathridge:

Re: Covid-19 Vaccinations - Injuries.

Ms Dominique Mimmagh addressed the Council to raise concerns over negative effects of the Covid-19 vaccination. Ms Mimmagh stated that she personally chose not to receive the vaccination, however her husband and daughter both received two doses against her wishes. Ms Mimmagh described the experiences of people in her circle who suffered health problems following vaccination for Covid-19. Ms Mimmagh lost a dear friend who died in her sleep, aged 52. Ms Mimmagh's uncle had a stroke after receiving two injections. Ms Mimmagh's husband experienced a blood clot in his lower leg at 46 years old. Ms Mimmagh's father collapsed and lost the use of his legs for a week. Ms Mimmagh's 21-year-old daughter was taken to emergency three times, with temperatures over 40C and swellings in her legs.

Ms Mimmagh attributed these poor health outcomes to the Covid-19 vaccinations and researched protocols for detoxing. Ms Mimmagh described that through implementing this research her daughter's health improved.

I Anthony, Ocean Reef:

Re: Covid-19 Vaccinations - Injuries.

Ms Ileana Anthony spoke of the mental and physical struggles that have been experienced by many individuals, including two deaths and nine injuries within her own family, following Covid-19 vaccinations. Ms Anthony relayed the story of her close friend Peta who, after three injections, experienced painful aches, increased blood pressure, spikes in adrenaline, shortness of breath with chest pains and an inability to walk any distance. Ms Anthony described how after seeking treatment through various avenues, a cardiologist found a blockage in an artery of her friend's heart. Ms Anthony's friend was subsequently treated by two GP's who agreed that she had experienced vaccine injury.

Ms Anthony explained that her friend also had family members who suffered health problems and even death following vaccination for Covid-19. Ms Anthony emphasised that the public trust in the government and the health industry is at an all-time low and that the divide will stop when acknowledgement and trust is rebuilt.

B Cook, Kallaroo:

Re: Cr Rebecca Pizzey's Motion for a Royal Commission into the Covid-19 response.

Mr Brenden Cook addressed the Council to describe the dismay the community felt in response to the denial of Cr Rebecca Pizzey's Motion for a Royal Commission into the Covid-19 response. Mr Cook questioned the separation between local and state tiers of government, explaining that during the Covid-19 pandemic the Joondalup Council worked together with the State Government to enforce measures that violated basic human rights.

Mr Cook described the enforcement of lockdowns as draconian and a violation to freewill and the Geneva Convention. Mr Cook mentioned the injuries and deaths resulting from Covid-19 vaccinations and questioned the integrity of the City for allowing various responses to the pandemic to be enforced.

Resident, Name Not Provided:

Re: Covid-19 Vaccinations - Deaths.

The resident explained that many individuals have experienced adverse effects from the Covid-19 vaccines. The resident described that having attended various Council meetings previously, he has observed that the City's response can be consistently summarised as "it is not in their remit". The resident challenged the City to consider these concerns as part of its' remit, stating that there have been close to 20% excess deaths in Australia, and that excess deaths around the world are sky-rocketing.

8 MOTIONS FOR THE ANNUAL GENERAL MEETING OF ELECTORS

The Mayor invited Electors to move motions and commenced by inviting those Electors who had submitted motions in writing to the City prior to the Annual General Meeting to come forward when called.

MOTION 1 – B Hewitt, Edgewater

MOVED B Hewitt SECONDED G Hewitt that the Electors of the City of Joondalup REQUEST that Council instructs the City to work with greater urgency to cull the growing population of foxes in the Yellagonga Regional Park and the surrounding suburbs in collaboration with the Department of Biodiversity, Conservation and Attractions and the City of Wanneroo.

The Motion was Put and **CARRIED**

MOTION 2 – J Tostevin, Edgewater

MOVED J Tostevin SECONDED B Hewitt that the Electors of the City of Joondalup REQUEST that the City of Joondalup supports the ongoing work of Lakeview Contemplation Garden (LCG) through the provision of the following:

- 1 Installation of a permanent water tap and water for use by the volunteers of LCG.**

The Motion was Put and **CARRIED**

MOTION 3 – M Kwok, Ocean Reef:

MOVED M Kwok SECONDED B Gould that the Electors of the City of Joondalup REQUEST that Council instructs the Chief Executive Officer to:

- 1 conclude the Enterprise Bargaining Agreement (EBA) negotiations before end of the current financial year;**
- 2 ENSURE the new EBA to be finalised and signed off before commencement of the applicable agreement period;**
- 3 SUBMIT all EBAs to Council for ratification for the purpose of transparency;**
- 4 present to Council a report on the financial impact to the City, of the proposed finalised agreement, including the backpay and how the backpay for employees who have since left would be managed and honoured.**

The Motion was Put and **CARRIED**

MOTION 4 – J Hope, Beldon:

MOVED J Hope SECONDED M Kwok that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 grant a special permit for the Forest of the Fallen display to be held in one of the following City’s parks:**
 - Neil Hawkins Park;
 - Pinnaroo Point;
 - Whitfords Nodes;
 - Sir James McCusker Park;
 - Burns Beach Foreshore Park.

- 2 NOTES that the display will be set up for a period of five (5) hours on one weekend day per month in a park detailed in Part 1.**

The Motion was Put and

CARRIED

MOTION 5 – S Apps, Woodvale:

MOVED S Apps SECONDED B Hewitt that the Electors of the City of Joondalup REQUEST that Council instructs the City to re-instate Ranger Services (Community Safety team) to assist, manage and attend in person to native wildlife incidents and injuries, specifically relating to kangaroos, as requested by residents and/or ratepayers, where an incident has occurred on land that is the responsibility of the City of Joondalup.

The Motion was Put and

CARRIED

MOTION 6 – B Gould, Iluka:

MOVED B Gould SECONDED M Kwok that the Electors of the City of Joondalup REQUEST that Council instructs the Chief Executive Officer to publish submissions received during community consultations verbatim, ensuring they are presented in a clear, accessible, and unaltered format, including all references and hyperlink addresses as plain text.

The Motion was Put and

CARRIED

MOTION 7 – E Coupland, Beldon:

MOVED E Coupland SECONDED L Thomas that the Electors of the City of Joondalup REQUEST that Council instructs the City to insert clear, measurable emissions targets across all areas in the Draft Climate Change Plan 2024–2034 and:

- 1 regularly assess the impact of implemented actions on the overall CO2 emissions targets;**

- 2 commit to annual monitoring and reporting via data-based evaluation with public scrutiny;**

- 3 improve the accuracy of data collection to support CO2 emissions measurements ensuring that scopes 1, 2 and 3 of emissions are accounted for;
- 4 introduce penalties for those entities not meeting the targets.

The Motion was Put and

LOST

MOTION 8 – D Campton, Woodvale:

MOVED D Campton SECONDED M Campton that the Electors of the City of Joondalup REQUEST that Council instructs the City that the Duffy House area under the management of City of Joondalup has the following restrictions applied:

- 1 No dogs are to be allowed in this area;
- 2 No quad bikes, dirt bikes, electric scooters, electric bikes or similar are to be allowed in this area.

The Motion was Put and

CARRIED

MOTION 9 – M Moore, Edgewater:

MOVED M Moore SECONDED M Dickie that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 **AMEND** the existing Joondalup Activity Centre Plan so the Building Heights for the Joondalup Edge Precinct are similar to the minimum and maximum heights stipulated for similar Metronet Station Precincts; such as in the suburb of Morley where there are three storey minimum and eight storey maximum (10 metre minimum to 28 metre maximum building height);
- 2 **NOTES** this recommendation is in lieu of the existing 20.5 meter minimum and unlimited maximum building height for a precinct area that has no amenity other than the Edgewater train station.
- 3 **AGREES** for the process to be commenced immediately.

The Motion was Put and

CARRIED

MOTION 10 – L Thomas, Ocean Reef:

MOVED L Thomas SECONDED E Coupland that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 obtain as a high priority, accurate data of the City's current carbon emissions, to serve as a benchmark to support the City's mitigation strategy going forward by engaging an independent Carbon Emissions Auditor (similar to that employed by the Town of Victoria Park);
- 2 requests that the assessment include the City's share of the Carbon emitted from the Tamala Park Waste Management Centre.

The Motion was Put and

LOST

MOTION 11 – M Dowling, Woodvale:

MOVED M Dowling SECONDED E Coupland that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 declare a climate emergency, to guide all areas in the Draft Climate Change Plan 2024–2034;
- 2 acknowledge the urgent need to address the climate crisis and its local impacts;
- 3 commits to developing and implementing a comprehensive Climate Action Plan that:
 - 3.1 sets a clear timeline and measurable targets for achieving net-zero emissions across the City’s operations and community by 2035;
 - 3.2 prioritises a just and equitable transition away from fossil fuel use and investments, ensuring that vulnerable groups are supported in the transition;
 - 3.3 actively seeks to invest in renewable energy, sustainable infrastructure, and programs that enhance community resilience;
- 4 requests a detailed report from the City administration within six months outlining specific strategies, funding opportunities, and partnerships to achieve these objectives;
- 5 NOTES that this motion recognises the urgent need for action, ensures accountability through measurable outcomes, and provides a pathway for a fair and sustainable transition.

The Motion was Put and

LOST

MOTION 12 – B Hewitt, Edgewater:

MOVED B Hewitt SECONDED G Hewitt that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 **DEVELOP** a program that provides for a three yearly inspection and maintenance of all large trees on private property, in an effort to protect the tree canopy and reduce the number of trees being lost;
- 2 **INSTRUCT** the City to develop a tree protection policy to limit the removal of trees from private property.

The Motion was Put and

CARRIED

MOTION 13 – J Tostevin, Edgewater:

MOVED J Tostevin SECONDED B Hewitt that the Electors of the City of Joondalup REQUEST that the Council considers supporting one or more of the following:

- 1 AGREES to the installation of a cockie trough (high water trough);**
- 2 AGREES to the members of Lakeview Contemplation Garden installing a table and seat set made from recycled materials (including the limestone rock from the park and gabions) to create a comfortable spot for visitors to the garden to enjoy a game of chess or chequers;**
- 3 PROVIDE and maintain a refuse bin at the entrance to Lakeview Park.**

The Motion was Put and

CARRIED

MOTION 14 – M Kwok, Ocean Reef:

MOVED M Kwok SECONDED I Hurst that the Electors of the City of Joondalup REQUEST that Council instructs the Chief Executive Officer to advocate to the State Government for mandatory public consultation on the installation of telecommunications infrastructure, including 5G towers and small cell towers, to ensure community concerns are adequately addressed.

The Motion was Put and

CARRIED

The Manager Strategic and Organisational Development left the Chamber at 7.20pm and returned at 7.24pm.

MOTION 15 – J Hope, Beldon:

MOVED J Hope SECONDED B Gould that the Electors of the City of Joondalup REQUEST that Council instructs the Chief Executive Officer to write to the following:

- the Prime Minister;**
 - the Commonwealth Minister for Health and Aged Care;**
 - the Commonwealth Department of Health and Aged Care;**
 - the Chief Health Officer;**
 - the Commonwealth Health Secretary;**
 - the WA Premier;**
 - the WA Department of Health; and**
 - the WA Minister for Health;**
- 1 to urge the immediate suspension of the use of all COVID-19 vaccines in Australia;**
 - 2 to ENGAGE a body of qualified experts, including the Chief Health Officer and the Gene Technology Technical Advisory Committee, to conduct a comprehensive, science-based evaluation of emerging evidence regarding synthetic DNA contamination in the Pfizer and Moderna COVID-19 vaccines;**

- 3 to INVESTIGATE excess deaths and hospitalisations in Western Australia following vaccine rollouts, specifically:**
- 3.1 prior to the reopening of state borders; and**
 - 3.2 over the longer term.**

The Motion was Put and CARRIED

The Governance Officer left the Chamber at 7.27pm.

MOTION 16 – B Gould, Iluka:

MOVED B Gould SECONDED C Wilson that the Electors of the City of Joondalup REQUEST that Council instructs the Chief Executive Officer to ensure that the City’s insurance coverage for volunteers includes individuals of all ages, without imposing upper or lower age restrictions.

The Motion was Put and CARRIED

Cr Raftis left the Chamber at 7.30pm.

MOTION 17 – M Moore, Edgewater:

MOVED M Moore SECONDED M Dickie that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 PREPARE a Precinct Plan for the Woodvale District Centre on Whitfords Avenue in accordance with *State Planning Policy 7.2 - Precinct Design*;**
- 2 AGREES for the process to be commenced immediately.**

The Motion was Put and CARRIED

The Governance Officer entered the Chamber at 7.31pm.

MOTION 18 – B Hewitt, Edgewater:

MOVED B Hewitt SECONDED G Hewitt that the Electors of the City of Joondalup REQUEST that Council instructs the City to ensure Local Laws regarding Verges and the permanent parking of caravans, boats, and other large items on verges is monitored, actioned, and where necessary, enforced through the provisions of the Local Laws.

The Motion was Put and CARRIED

Cr Raftis entered the Chamber at 7.33pm.

MOTION 19 – B Gould, Iluka:

MOVED B Gould SECONDED P Perez Navas-Parejo that the Electors of the City of Joondalup REQUEST that Council instructs the Chief Executive Officer to include the supporting statements from the mover and seconder of each motion presented at the Annual General Meeting (AGM) to be published in the meeting minutes.

The Motion was Put and

CARRIED

MOTION 20 – M Moore, Edgewater:

MOVED M Moore SECONDED M Dickie that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 Excise the Joondalup Edge Precinct from the existing Joondalup Activity Centre Plan and prepare a Precinct Plan for the area in accordance with *State Planning Policy 7.2 - Precinct Design*;**
- 2 AGREES for the process to be commenced immediately.**

The Motion was Put and

CARRIED

The Manager Human Resources left the Chamber at 7.37pm.

MOTION 21 – B Gould, Iluka:

MOVED B Gould SECONDED M Kwok that the Electors of the City of Joondalup REQUEST that Council instructs the Chief Executive Officer to:

- 1 publish the guest lists and expenditure for all Elected Member dinners and all formal City dinners on the City's website under the "Council and Committee Meetings" page. Guest lists must include the name of each guest and their relationship to the City, and expenditure must include the total cost and cost per head;**
- 2 reduce the number of Elected Member dinners by 50 percent, with the Mayor hosting a maximum of three dinners per calendar year and each Ward hosting a maximum of six dinners per calendar year, effective from 1 January 2025.**

The Motion was Put and

CARRIED

MOTION 22 – M Moore, Edgewater:

MOVED M Moore SECONDED M Dickie that the Electors of the City of Joondalup REQUEST that Council instructs the City to:

- 1 PREPARE Precinct Plans in accordance with *State Planning Policy 7.2 – Precinct Design*, for all of the Activity Centres within the City of Joondalup to ensure that the future development of these Activity Centres are consistent with the City’s planning objectives and the planning is orderly;**
- 2 AGREES that the Precinct Plans are to be a composite part of the City’s next Planning Scheme;**
- 3 NOTES that Precinct Plans are essential to prevent ad hoc planning outcomes from developer Structure Plan proposals for Activity Centres;**
- 4 AGREES for the process to be commenced immediately.**

The Motion was Put and

CARRIED

The Manager Human Resources entered the Chamber at 7.42pm.

MOTION 23 – B Gould, Iluka:

MOVED B Gould SECONDED M Kwok that the Electors of the City of Joondalup REQUEST that Council instructs the City to Instruct all chemical contractors for weed spraying to use the highest concentration of marker dye to ensure treated areas are visible to the public for at least 48 to 72 hours. This will inform the public so they can avoid direct contact and exposure to harmful chemicals in recently treated areas.

The Motion was Put and

CARRIED

9 CLOSURE

This colourful and eye-catching piece was created during the 2023 NAIDOC Week by members of the community in a workshop led by Justin Martin, a Whadjuk man. Justin shared stories, Aboriginal artwork techniques and culture while this piece was created. The artwork is hanging in the event area of Whitford Library, making it a great place to do some work, quiet reading or study while admiring beautiful and inspiring art.

Annual Report FY2023–24

Purpose of the Annual Report

The City produces an Annual Report for each financial year by 31 December, as required under the Western Australian *Local Government Act 1995*. The overall purpose of an Annual Report is to inform the community and stakeholders about achievements, challenges, and future plans. The report promotes community awareness of the programs and services delivered each year that contribute to the quality of life for residents, visitors and stakeholders.

This Annual Report demonstrates the City's performance against the long-term vision of our 10-Year Strategic Community Plan, *Joondalup 2032*, and the projects and priorities detailed in our 5-Year Corporate Business Plan. The Annual Report provides information about our organisational performance and illustrates the City's commitment to accountable and transparent government.

How to read the Annual Report FY2023–24

The Annual Report comprises eight sections:

1. Welcome

Outlines the purpose and theme of the Annual Report and the *Integrated Planning and Reporting Framework*. It includes messages from the Mayor and Chief Executive Officer, information about the City and our 10-Year Strategic Community Plan, *Joondalup 2032*. (Page 7)

2. Year in review

Provides an overview of the year, including a financial summary, a snapshot of the City's performance, awards and recognition, as well as a calendar of the major community events we held. This year, the report includes a special feature celebrating our 25-year anniversary with the community and City staff. (Page 16)

3. Our City

Provides information about the City of Joondalup, our community, our stakeholders and the services we provide. (Page 45)

4. Our Council

Provides information about the City's Council, Elected Members, committees, and reference groups. It also includes the outcomes of the 2023 Ordinary Local Government Election. (Page 65)

5. Our organisation

Provides information about the City's organisational structure, our Executive Leadership Team, organisational governance and workforce. (Page 95)

6. Our performance

Provides details about how we are meeting the strategic goals and outcomes of the City's 10-Year Strategic Community Plan, *Joondalup 2032*, and how we are tracking against the annual key priorities specified in our *Corporate Business Plan 2023–2027*. (Page 117)

7. Year ahead

Provides an overview of the key priorities identified in the City's new *Corporate Business Plan 2024–2028* and the challenges ahead for the next financial year. (Page 162)

8. Financial information

Provides the financial indicators and audited financial statements. This is provided as a separate report – Annual Report: Financial Information.

Abbreviations and key terms

To promote readability and accessibility, the use of acronyms, abbreviations and technical terminology is minimised. Where abbreviations and key terms do appear, they are explained in plain English.

For clarity, a capital letter for City is specific to the City of Joondalup district, region or local government geographical area.

Tables within this report use the following abbreviations:

\$B	billion dollars
\$M	million dollars
GJ	gigajoules
kL	kilolitres
km	kilometres
kWh	kilowatt hours
t	tonnes
N/A	not applicable

Theme of the Annual Report – Celebrating 25 years

The theme of the City of Joondalup Annual Report FY2023–24 is **celebrating 25 years**. From its pristine coastline to the western shores of Lake Joondalup and from Burns Beach in the coastal north to Warwick in the south-east, the City spans 99 square kilometres and has a rich, shared history. The Noongar people have a connection to this land that reaches back over 45,000 years, long before the colonial settlement that began in the 1830s. Although Joondalup celebrated its 25th anniversary on 1 July 2023, the idea of a city north of Perth was born over 70 years earlier. This Annual Report celebrates the City’s 25-year anniversary by highlighting the achievements and challenges of FY2023–24, while reflecting on the transformation of our City and community over the past quarter century.

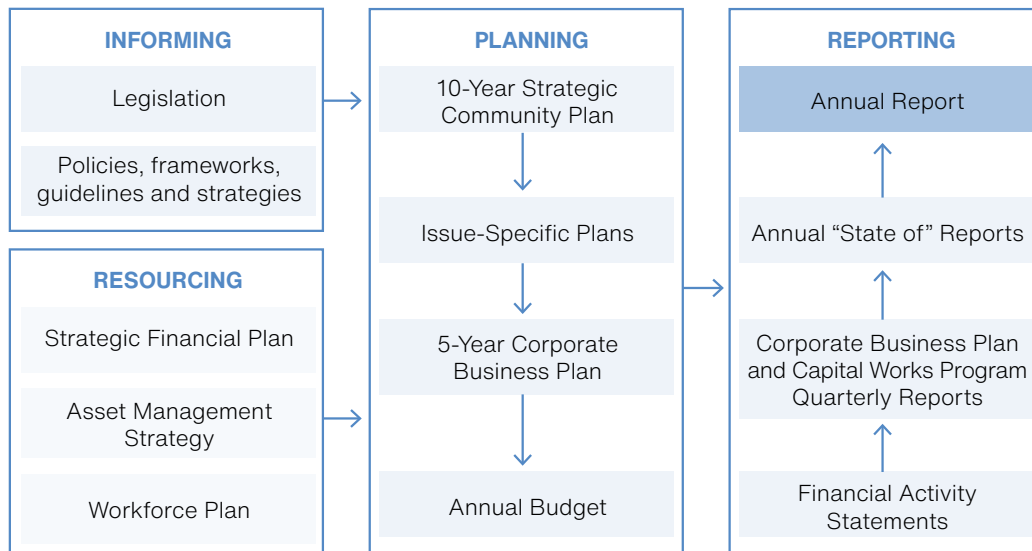

Integrated Planning and Reporting Framework

The City of Joondalup Annual Report forms part of a robust *Integrated Planning and Reporting Framework* which includes informing, resourcing, planning and reporting components. The framework builds organisational and resource capability to meet the community’s needs, and optimises success by understanding the integration and interdependencies between the components. The framework emphasises performance monitoring so that the City can adapt and respond to changes in community needs and the business environment.

10-Year Strategic Community Plan

The 10-Year Strategic Community Plan, *Joondalup 2032*, provides the City with a strong strategic direction to deliver economic, social and governance services, projects and activities for residents, businesses and visitors. *Joondalup 2032* is the City’s highest level planning document that sits within the *Integrated Planning and Reporting Framework*.

Integrated Planning and Reporting Framework:

Vision for the future

Joondalup 2032 represents the City's and the community's shared vision for the future:

The City in 2032 has a strong focus on sustainability, liveability, active lifestyles and friendly social interactions. We have a healthy environment, with protected bushland, marine ecosystems and accessible parks and green spaces. We are an environmentally-aware and socially-responsible City. We are a vibrant place where people want to live, work and play, and where people can find everything they need locally.

The City in 2032 caters for every stage of life. People feel welcome here and have a clear sense of belonging. We live in high-quality housing in attractive neighbourhoods

which have excellent transport linkages and connectivity. We are multi-generational and multicultural; a place where everyone feels connected and safe.

We celebrate and adopt technology and innovation. We are a hub for education and state-of-the-art health facilities, and we are an active advocate for health and other community services. The City in 2032 is internationally connected — we are a global-facing City, with local amenity, and a powerful sense of community.

A global city: bold, creative and prosperous

▲ Yellagonga Regional Park

Key themes and goals

The City is committed to achieving the goals of the five key themes of *Joondalup 2032*:

An overview of how the City performed against the goals of our five key themes is provided in the section Year in review. More detailed information is provided in the section Our performance.

Modifications made to the 10-Year Strategic Community Plan

Under regulation 19B of the *Local Government (Administration) Regulations 1996*, local governments are required to provide information of any significant modifications made to the 10-Year Strategic Community Plan in the year.

No modifications were made to the 10-Year Strategic Community Plan in FY2023/24.

> *Joondalup 2032* is available on the City's website joondalup.wa.gov.au

Values

The City has adopted the following primary and distinguishing values in alignment with the vision of *Joondalup 2032*.

Primary values

These primary values are inherent in any well-functioning and community-driven organisation:

Distinguishing values

The City's distinguishing values are the principles and standards that guide us and the community to be leaders in excellence. The City strives to be:

Bold	We will make courageous decisions for the benefit of the community and future generations.
Ambitious	We will lead with strength and conviction to achieve our vision for the City.
Innovative	We will learn and adapt to changing circumstances to ensure we are always one step ahead.
Enterprising	We will undertake ventures that forge new directions for business and the local economy.
Prosperous	We will ensure our City benefits from a thriving economy built on local commercial success.
Compassionate	We will act with empathy and understanding of our community's needs and ambitions.

Message from the Mayor

On behalf of the City of Joondalup Council, I present the Annual Report for FY2023-24 — *celebrating 25 years.*

As I reflect on the City of Joondalup's past 25 years, I am proud to have been a part of the successful Joondalup story. It has been a privilege to serve the community, first as a North Ward Councillor in 2006, and as the Mayor since 2017. I have watched Joondalup flourish into a highly liveable and vibrant civic and cultural destination; home to a diverse range of successful businesses and professional services.

The City celebrated the impressive milestone of 25 years with our community. A series of events captivated the imagination, and showed how Joondalup is a hub of innovation, arts and culture, as well as an iconic, natural destination.

I was proud to see Craigie Leisure Centre take home the Community Facility of the Year award at the Parks and Leisure Australia (WA) Regional Awards of Excellence in recognition of the \$9.1 million refurbishment project. The centre has achieved a phenomenal 56 per cent increase in membership over the past 12 months, four years ahead of schedule. The City's refurbishment project will now be considered for the national component of the Parks and Leisure Australia Awards.

The incredible progress over the past three years since the construction of the Ocean Reef Marina began, has been a fulfilling professional milestone — as the inaugural Deputy Chair of the Ocean Reef Marina Committee in 2007, and after 15 years of working on the approvals for this project. This world-class marina will further Joondalup's reputation as one of Western Australia's best coastal destinations, bringing even more accommodation, tourism and investment opportunities.

Council supported the Lord Mayor's Distress Relief Fund for the bushfire appeal, helping those affected by the fire that devastated sections of the City of Wanneroo, our near neighbour. Joondalup and Wanneroo not only have a shared history, but share a close bond. I thank and pay tribute to all the unsung heroes.

As I look to the new era, post 25 years, being able to meet community expectations to provide and improve our services and infrastructure makes being part of the Joondalup Council a privilege. Council approved a responsible budget and one of Western Australia's lowest rates-in-the-dollar that recognises the challenges residents are facing with high inflation, higher interest rates and other cost of living pressures. The FY2024-25 Budget provides the City with healthy reserves to manage our infrastructure well into the future.

The 2023 Ordinary Local Government Election resulted in Nige Jones and John Raftis being re-elected, and four new elected members — Lewis Hutton, Rebecca Pizzey, Rohan O'Neill and Phillip Vinciullo. Tom McLean, Russell

“This world-class marina will further Joondalup's reputation as one of Western Australia's best coastal destination, bringing even more accommodation, tourism and investment opportunities.”

Poliwka, John Logan and Suzanne Thompson chose not to seek re-election and I thank them for their service. I am confident our newest Councillors, together with the experience of our existing Councillors, will achieve great things for our community. I look forward to working together as we begin the next exciting chapter in the Joondalup story.

I am proud to present our achievements in this Annual Report.

Mayor Hon Albert Jacob, JP
Mayor

Message from the Chief Executive Officer

It is my privilege to introduce the City of Joondalup's FY2023-24 Annual Report.

We celebrated a quarter of a century as a City and marked the occasion with a bold, creative, and diverse program for our local community. Celebrations focused on Joondalup's rich history and the great improvements we have made together in the amenity and attractiveness of our District.

We continually strive to improve the performance of our service delivery and, as we reflect on the past 25 years, we see how far the City and our organisation have come.

Our reconciliation journey continued, as the City's Reconciliation Action Plan set out 60 actions of both new and existing initiatives to advance reconciliation efforts within the City as an organisation, as well as the broader

community. The plan was developed and supported by the City's Reconciliation Action Plan Community Reference Group.

We are proud of the vibrant offering of cultural and artistic events the City presents annually for our community. This year, our premier event, the Joondalup Festival, was named Best Cultural, Arts or Music Event at the Australian Event Awards and Symposium. The 2023 festival attracted more than a quarter of a million visitors and beat a world-class field of finalists.

The City hosted two Destination Joondalup Business Forums that focused on tourism development opportunities within the region and exploring technology. We built partnerships with local and national organisations to attract public and private sector investment to boost our economy and create more opportunities for residents and visitors. We hosted a meeting of the State Cabinet and took the opportunity to showcase our collaborative approach to development and promote new projects.

^ 25-Year Invitation Art Prize Retrospective

“We are proud of the vibrant offering of cultural and artistic events the City presents annually for our community.”

^ Wanneroo/Joondalup State Emergency Services

Embracing the philosophy of working alongside our local community, we progressed the activation of the Joondalup City Centre and supported the establishment of a local Town Team. Both are making great strides in enhancing the vibrancy of the heart of our City.

The year has had its challenges. The Mariginiup-Wanneroo bushfire affected many of our employees with their own homes, or those of family and friends, at risk. Our emergency response procedures were put to the test, and the City supported the difficult, but appropriate decision to postpone the Joondalup Festival of Motoring.

We welcomed a new Council in October 2023, and I thank Mayor Albert Jacob and our continuing and new Elected Members for the smooth transition after the election. I extend my gratitude to the outgoing Councillors for your service to the community.

To succeed as a local government, we must succeed in our service to our community. Our employees work hard to do that, every day. Through their efforts, and continuous improvement to meet the rising expectations of residents, we aim to realise our vision to be a bold, creative, and prosperous City.

James Pearson
Chief Executive Officer

v Little Feet Festival

Year in review

Celebrating 25 years

Throughout FY2023–24, the City celebrated its 25-year anniversary commencing on 1 July 2023 with Elected Members cutting the 25-year anniversary cake at Joondalup Reception Centre. The celebrations continued throughout the year with a range of special events.

25-year interactive timeline

The City's Local History team researched and compiled a digital timeline, capturing a wide variety of key events, achievements, activities and milestones over Joondalup's history. The timeline was also reflected in a vivid floor decal that was installed in the walkway outside the Joondalup Library.

> The timeline is available on the City's website joondalup.wa.gov.au

25-year anniversary videos

The City showcased some of the incredible people that live and work in the community in a series of 25-year anniversary videos. Captured in film, memories were shared by members of community organisations, including Community Vision, Duncraig Lions Club, Joondalup City Returned and Services League, and members of prominent sporting clubs, religious groups, educational institutions, and local businesses.

> The videos are available on the City's official YouTube channel [@cityofjoondalup](https://www.youtube.com/@cityofjoondalup)

25-year school art competition

The City ran a school art competition — 25 Years of the City of Joondalup — asking all entrants to reflect this milestone event in their artwork. The competition was open to all schools in the City and 49 submissions were received. The winning entry was by Taj Eaton from Prendiville Catholic College, second place went to Chiara Thompson from Ocean Reef Senior High School, and Kiera Street from Prendiville Catholic College was awarded third place. Taj's artwork (left) represented the City in the Showcase in Pixels competition, where it was displayed on the Yagan Square public screen in Perth from 4–24 September 2023, alongside other entries from local governments across Western Australia.

25-year Invitation Art Prize retrospective

In 2023, the Invitation Art Prize celebrated 25 years, sharing the milestone with the City's inaugural year. Instead of the exhibition's usual acquisitive prize, the 2023 Invitation Art Prize featured each year's winning artwork since the event's inception. This included works from Erin Coates, Teelah George, Kate McMillan, and Brendan van Hek, as well as renowned Indigenous artists Shane Pickett and Mandy White. The exhibition provided a moment to reflect on the changes to Western Australia's contemporary art over the last 25 years. The 25-year Invitation Art Prize Retrospective was on public display at Westfield Whitford City from 2–21 October 2023.

25-year Valentine's Concert – 25 Years Together

The City held a special Valentine's Concert – 25 Years Together – in February 2024 to celebrate our 25-year anniversary. The almost 5,000-strong crowd sang and danced along to all the best hits from 25 years ago. The concert was held in the grounds of Joondalup Resort, and was supported by Edith Cowan University and Joondalup Health Campus. Sharon Wood-Kenney, Chair of the City's Reconciliation Action Plan Community Reference Group, provided a Welcome to Country before leading the audience in a special Noongar rendition of 'Happy Birthday' to Joondalup. Australian singers, Paulini and Tim Campbell, supported by the Perth Symphony Orchestra, performed a dozen chart-topping hits from the 90s. Performers from the local dance troupe, The Star Factory, joined them onstage, dressed in neon-coloured 90s-inspired outfits.

25-year Threaded Perspectives exhibition

The Threaded Perspectives exhibition at the Joondalup Library featured works from the City's art collection, some of which were inherited from the City of Wanneroo. Within the span of 25 years, three major themes, or threads, have emerged within the art collection – suburbia and the northern corridor, materiality and form, and interpretations of landscape. For the first time, Threaded Perspectives brought together a selection of highlights from the collection, offering a unique insight and exploration of the themes.

© Dan McCabe

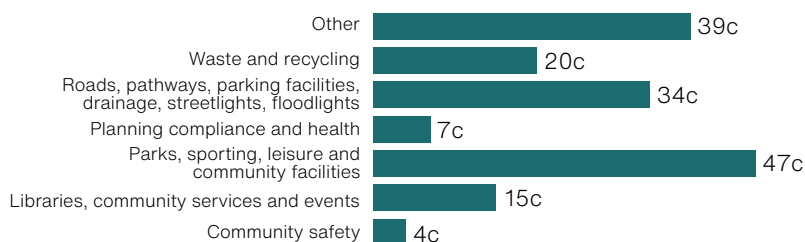

Financial snapshot

	FY2023-24	FY2022-23	FY2021-22	FY2020-21	FY2019-20
Total liabilities	\$56,760,908	\$47,105,715	\$44,791,210	\$44,614,497	\$44,065,782
Equity/net assets	\$1,587,449,903	\$1,561,693,721	\$1,487,161,021	\$1,464,754,879	\$1,400,545,392
Operating revenue	\$180,417,727	\$168,390,360	\$157,055,323	\$151,667,579	\$157,520,317
Operating expenditure	\$171,888,368	\$158,126,907	\$151,261,976	\$161,569,078	\$146,633,140
Operating surplus/(deficit)*	\$8,529,359	\$10,263,453	\$5,793,346	(\$9,901,499)	\$10,887,177
Net non-operating revenue	\$14,229,819	\$13,745,158	\$15,669,717	\$12,946,762	\$7,462,146
Capital expenditure	\$39,371,678	\$40,935,165	\$35,288,686	\$34,706,996	\$30,321,787

*Note: Includes profit/loss on disposal of assets.

Rates

Every \$1 the City received in rates in FY2023-24 was supplemented by 66¢ in other funding. This is how we spent the \$1.66.

Expenditure

Operating expenditure of \$172 million has risen 9% compared to the previous year, mainly due higher materials, contracts and employee costs. Materials and contracts remained well within the budget for the year and were offset by higher operating revenues. Employee costs finished over budget due to the provision made for the estimated value of increases to wages subject to the outcome of the enterprise bargaining agreement negotiations.

Capital expenditure decreased slightly from the previous year reflecting lower expenditure for the purchase of property, plant and equipment. Costs for the construction of infrastructure, as a result of cost pressures in the construction industry, have continued throughout FY2023-24.

Major areas of capital expenditure:

Revenue

Operating revenue of \$180 million rose 7% from the previous year, arising mainly from higher interest rates and fees and charges revenue. Interest revenue rose 54% as a result of sustained high interest rates. Fees and charges revenue increased 8%, mainly due to Craigie Leisure Centre memberships and admissions.

Operating revenue:

Profit on disposal of assets	\$416,469
Other revenue	\$6,847,781
Grants, subsidies and contributions	\$8,995,024
Interest earnings	\$9,964,054
Fees and charges	\$45,398,410
Rates	\$108,795,989
Total operating revenue	\$180,417,727

Major land transactions

Catalina Estate land sales

The Catalina Regional Council was established in January 2006 as the Tamala Park Regional Council for the purpose of the developing the Catalina Estate land owned jointly by seven local governments, including the City of Joondalup. The name change was approved by the Minister for Local Government, Sport and Cultural Industries in 2023.

Catalina Regional Council has developed and sold 1,448 lots of land to date. The City's share of sales proceeds of land to date is \$71,866,330.

Current year transactions	FY2023-24
Gross sales	\$12,947,888
Cost of goods sold	\$6,501,285
Profit on sales	\$6,446,603

Expected future cash flows	FY2024-25	FY2025-26	FY2026-27	FY2027-28	FY2028-29- FY2030-31
Cash outflows					
Development costs	(\$9,810,127)	(\$3,945,632)	\$469,908	(\$107,141)	(\$300,991)
Cash inflows					
Sale proceeds	\$15,121,096	\$18,180,804	\$3,798,348	\$115,390	\$63,789
Net cash flows	\$5,310,969	\$14,235,172	\$4,268,256	\$8,249	(\$237,202)

As at 30 June 2024, the City's share of land held for sale at Catalina Estate is \$1,721,873.

Cash position

Net cash from operating activities decreased marginally to \$38 million, driven mainly by increases in employee costs and materials and contracts. Cash and cash equivalents have grown 10% to \$167 million, of which \$130 million is held within restricted reserves earmarked for various purposes.

Overall financial position

Despite cost pressures, the City has returned an operating surplus for the year, mainly driven by revenue growth. The City continues to maintain a stable financial position and adequate liquidity in FY2023-24.

Grant funding

In FY2023-24, the City received \$5,958,390 in non-competitive Federal grant funding. This includes funding received through Financial Assistance Grants, Roads to Recovery, and Local Road and Community Infrastructure Grants. The City also received \$5,836,806 in competitive grant funding. This was provided by the State Government, Federal Government or another source.

In FY2023-24, the City received \$3,478,874 in capital funding for renewals and \$265,600 for replacements.

Capital grants, contributions and donations received for renewals and replacements:

	Renewals	Replacements
FY2023-24	\$3,478,874	\$265,600
FY2022-23	\$4,758,613	\$169,145
FY2021-22	\$5,329,101	\$42,500

Trading undertakings and major trading undertakings

The City did not participate in any trading undertakings during FY2023-24.

Performance snapshot

Annual performance measures

To measure performance on an annual basis, the City uses the Global Reporting Initiative – a best practice sustainability reporting framework that helps organisations understand their impacts on the economy, environment and society, including human rights. This increases accountability and enhances transparency of the City’s contribution to sustainable development.

The Global Reporting Initiative Standards is a flexible framework for creating standalone sustainability or non-financial reports, or integrated Environment, Social and Governance reports. Organisations have the option to use the Standards to prepare a sustainability report in accordance with the Standards, or use selected Standards (or parts of their content) to disclose information for specific users or purposes; for example, climate change impacts for investors and consumers.

We have selected Standards that are relevant to the local government sector to prepare the non-financial sections of this Annual Report. The relevant disclosures for reporting against have been endorsed by Council and are detailed in the 5-Year Corporate Business Plan.

As part of continuous improvement, the Global Reporting Initiative regularly review the Standards to ensure they reflect global best practices. The reviews occurred in 2016 and 2021. The City has updated the disclosures against the Global Reporting Initiative Standards to align with the most recent review.

In accordance with the requirements of the Global Reporting Initiative, a Content Index is provided at page 171. This is the 16th year we have included Global Reporting Initiative disclosures in our Annual Report.

In addition to the Global Reporting Initiative disclosures specified, Council endorsed a number of other performance indicators within the 5-Year Corporate Business Plan. These were included to fill gaps identified in the Global Reporting Initiative framework.

- > The individual disclosures and other performance indicators are listed under each key theme in the section **Performance**.

5-Year Corporate Business Plan outcomes

The 5-Year Corporate Business Plan is the City’s medium-term planning document which contains the services, projects and activities that have been developed in response to the vision, goals and outcomes of *Joondalup 2032*. Detailed reports against the 5-Year Corporate Business Plan are provided to Council on a quarterly basis. The following tables show a summary of our annual performance against the milestones of this plan with the budget status and milestone status correct as at 30 June 2024.

72/98
Number of projects/activities with all milestones completed*

*Note: Includes 2 projects/activities added by Council during the year, and 1 project/activity removed.

Modifications made to the 5-Year Corporate Business Plan

Under regulation 19B of the *Local Government (Administration) Regulations 1996*, local governments are required to provide information about any significant modifications made to the 5-Year Corporate Business Plan in the year. The following table references the projects and activities listed in the 5-Year Corporate Business Plan that were subject to amendments by Council, and provides the Council meeting date and decision number where further explanatory detail can be found.

> Agendas and Minutes for Council meetings are available on the City's website joondalup.wa.gov.au

Project/activity	Amendment*	Council meeting date (decision number)

Customer satisfaction survey

The City conducts a biennial customer satisfaction survey which aims to measure the City's performance in delivering specific services and facilities. Respondents are selected by random sampling from within the City of Joondalup. They are interviewed by telephone and asked a series of questions relating to overall satisfaction, and satisfaction with specific services provided by the City. The results of the most recent Customer Satisfaction Survey (FY2022-23) are shown in the table below with a trend comparing to the previous survey results (FY2020-21). The percentage satisfaction is calculated as the percentage of respondents rating their satisfaction at 6 or higher out of 10 (on a scale 0-10). The next Customer Satisfaction Survey is scheduled for FY2024-25.

Trend icon	Trend value	Overall satisfaction	FY2022-23 result	Trend from previous

Correction of material errors in previous Annual Report

The following are corrections to reporting errors made in the Annual Report FY2022-23:

- On page 24, it was incorrectly reported that the satisfaction rating with waste management services was 88%; the correct rating is 89%.

Vale inaugural Freeman of the City of Joondalup, Margaret Cockman OAM (1931-2023)

Margaret Cockman OAM was born in 1931 and lived in the Wanneroo area her whole life. Her family were among the first settlers in Wanneroo in 1852, and from an early age, Margaret became involved in the development of the local community. Cockman House, their old family home, is open to the public as a period museum.

Margaret started work at the Wanneroo Road Board in 1946 and over the next 50 years she became an important figure as the Board became the Shire of Wanneroo and then the City of Wanneroo. She spent 17 of those years working in the Joondalup Administration Centre, helping fast-track the development of the Joondalup City Centre after the Shire of Wanneroo moved there in 1979.

Her voluntary work shaped the Wanneroo and Joondalup communities we know today. Margaret either founded or assisted the running a range of community groups including the Wanneroo Country Women's

Association, Wanneroo Agricultural Society, Wanneroo and Districts Historical Society, the Volunteer Bush Fire Brigade, Mullaloo Surf Life Saving Club, Wanneroo Red Cross Doorknock Appeal, Yanchep Golf Club and the Wanneroo St John Ambulance Service. She captained the Wanneroo First Aid Team that won the national nursing competition in 1976. Margaret was a Commander with the St John Ambulance Service, having dedicated many years and countless hours to the organisation.

In 1990, she was awarded the Medal of the Order of Australia (OAM) for community work and received the Centenary Medal in 2001 for the same cause. For 76 years, Margaret dedicated herself to improving the quality of life for the people of the northern suburbs. Becoming one of three inaugural Freeman of the City of Joondalup was a fitting honour for such a community stalwart. Margaret died at the age of 92. Rest in peace.

Awards and recognition snapshot

In FY2023–24, the City won a number of awards or received recognition for our achievements as outlined below.

> Awards information is available on the City’s website joondalup.wa.gov.au

Celebrating 25 years of services to the community: Craigie Leisure Centre

Wanneroo Water World was opened to the public in 1988. Six years later the facility was expanded and renamed Craigie Leisure Centre. The City officially took over the operation of the centre in 2004.

The centre has undergone several redevelopments between 1988 and 2024. The centre has hosted events such as Extreme Expo in 1999, the City's first annual youth event, which was attended by 4,000 young people. Today, Craigie Leisure Centre is one of the premier community leisure and aquatic facilities in Western Australia and an endorsed Gold Waterwise Aquatic Centre. In FY2023-24, the

City won the Community Facility of the Year Award at the Parks and Leisure Australia (WA) Regional Awards of Excellence in recognition of the recent \$9.1 million refurbishment project. The centre has achieved a phenomenal 56 per cent increase in membership over the past 12 months. The project is now being considered for the national component of the Parks and Leisure Australia Awards.

Community and stakeholder engagement snapshot

The City produces ad hoc, monthly and seasonal publications to promote our successes, services and events to the community and stakeholders. These are published on our websites, social media, and a variety of print media, and promoted via other digital, radio and television.

The City's strategic use of media and social media platforms has seen a significant increase in engagement, growing our follower

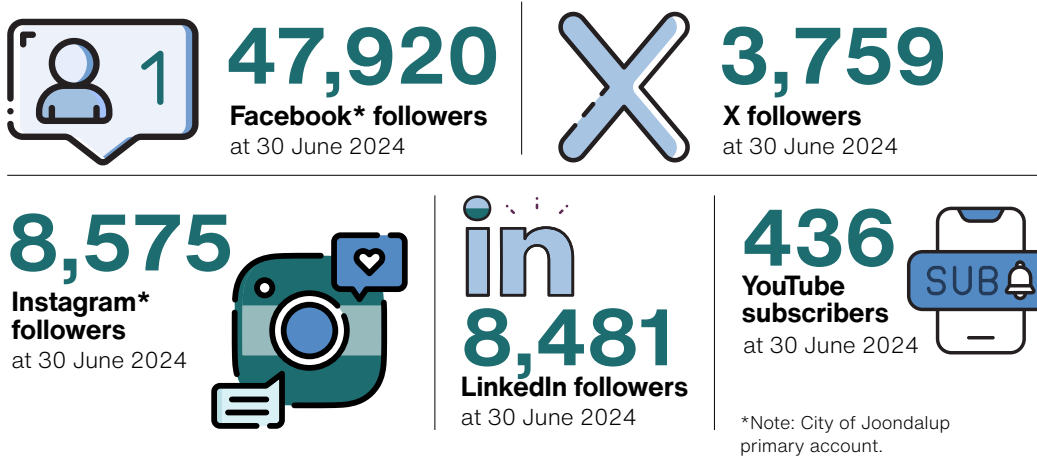

base to over 68,500. This growth reflects a dedicated effort to connect with residents and stakeholders through digital channels. By sharing timely information, community updates, and engaging content, the City has created a dynamic online presence that fosters interaction and transparency. The platforms serve as a vital tool for engagement, enabling residents to stay informed, participate in discussions, and provide feedback on City initiatives.

Websites

City of Joondalup joondalup.wa.gov.au	The City's primary website is a vital communication tool with over 100 online services including a portal for online payments. The website averaged 76,496 users per month in FY2023/24.
Craigie Leisure Centre craigieleisurecentre.com.au	The Craigie Leisure Centre website provides a range of online services to members and non-members including fitness class bookings. The website averaged 17,183 users per month in FY2023/24.
Joondalup Festival joondalupfestival.com.au	This event-specific website promoted the Joondalup Festival's program of events, enables online bookings and provided information about artists and sponsors. The website received 294,000 visits by 109,000 users between December 2023 and March 2024.

eNewsletters

The City currently offers 13 different electronic newsletters covering a diverse range of services, programs and areas of interest.

As one of our main forms of communicating with residents, eNewsletters are a cost-effective method of releasing multiple news items and events in a single campaign

while targeting audiences based on their preferences. This enables the City to engage in a personalised and meaningful way that other broad forms of communication cannot achieve. It is often preferred by those in the community who do not use other communication channels, such as social media, and allows recipients to forward the email of interest to others.

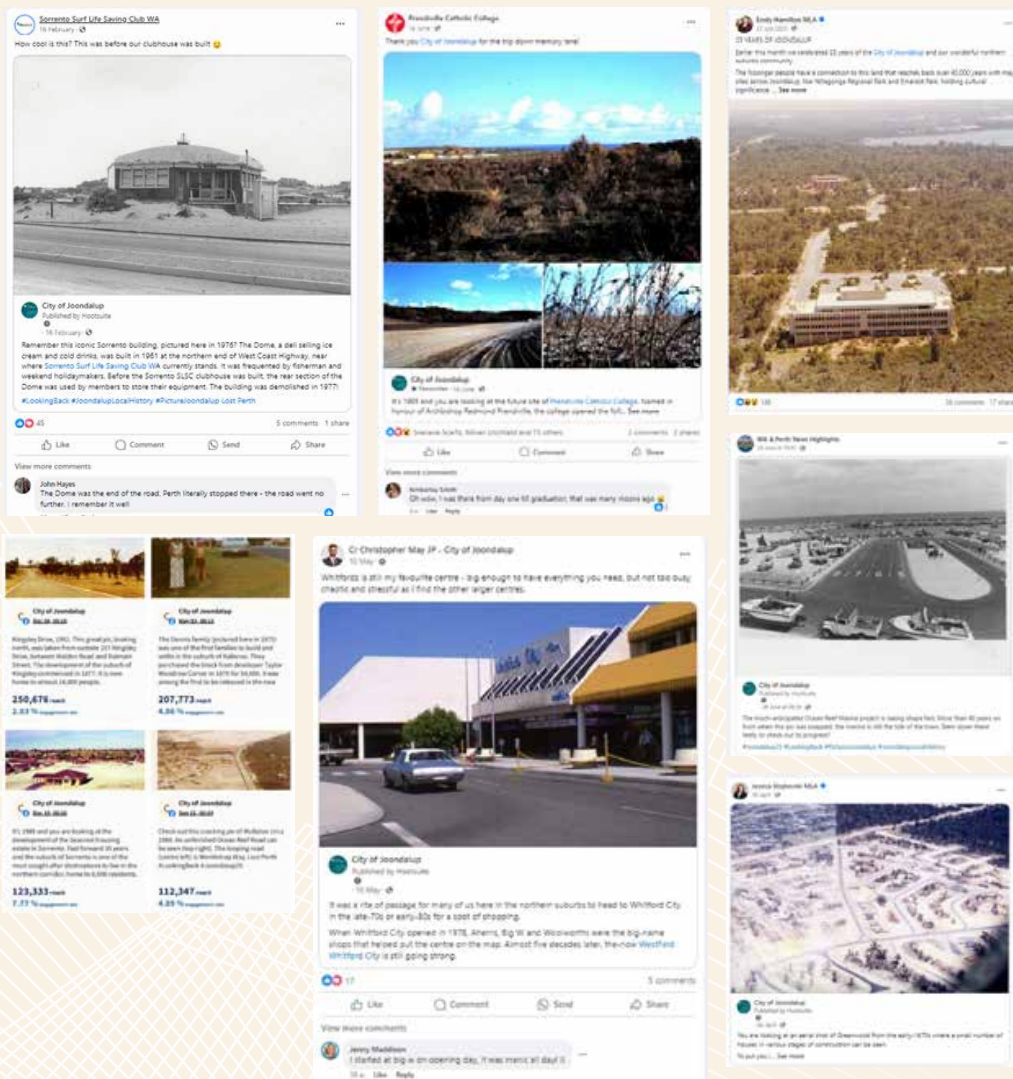

Celebrating 25 years with our community: 'Looking back' popular social media campaign

The City's 'looking back' social media campaign was a unique opportunity to celebrate our 25-year anniversary with the community.

Over a period of 12 months, historical photos and information about the City were posted on social media aimed at fostering a sense of civic pride in our growth and achievements. The 'looking back' series was well received by the local and broader community. Due to the high level of community

engagement, it is considered one of the City's most impressive social media campaigns. The posts received many positive comments and prompted the community to share their own precious memories of living in the area over the years, resulting in nostalgic and endearing conversations.

Reading Ready

Thursday 18 May 2024

Let's get Reading Ready!

We are pleased to announce our brand-new library initiative, developed to help our youngest readers on their reading journey.

Reading Ready is a portable resource developed to help parents of Kinley and Pre-Primary children support their child as they learn to read independently. The packs were developed in consultation with library experts from the Dyslexia SPEED foundation and contain a mix of resources for parents to use to supplement their child's learning at home, with an element of fun.

Ahead of launching the packs, two free parent information sessions will be held at Whitford Library to give parents and carers insight into what children need to know in order to read a word and how to use the Reading Ready packs to supplement their reading at home.

Wednesday 8 June, 10.00am - [Book online](#)

Wednesday 21 July, 10.00am - [Book online](#)

This project has been supported by funding provided by the State Government of Western Australia, through the State Library's Better Beginnings program.

eNewsletter subscriber campaign

To increase our eNewsletter subscriber database, the City ran a successful campaign that encouraged the public to sign up to eNewsletters.

Both the number of unique and the total number of subscribers increased after the eNewsletter Subscribe and Win campaign. Before the campaign, there were 58,987 unique and 96,602 total subscribers. Following the campaign, the number of unique subscribers rose to 60,245, and the total number of subscribers climbed to 102,699, representing a six per cent increase in the total number of subscribers. While both figures represent growth, the larger increase in total subscribers suggests that existing subscribers may have signed up for additional eNewsletters offered by the campaign. In August 2023, the Library eNewsletter celebrated a milestone with its 400th edition and a following of over 53,000 subscribers.

Joondalup Business Forum

External media

Maintaining positive media partnerships enables the City to reach beyond Joondalup's boundaries, encouraging visitors to the region and providing economic benefits.

Proactively engaging with local community newspapers and other media outlets promotes the City's services, projects and events. In FY2023–24, the City released 25 media statements to the public. These covered a range of issues including changes to roadworks, facility upgrades, projects, art prize recipients, awards the City received, and information about upcoming community events.

Media coverage

The City attracted substantial media attention in FY2023–24, both positive and negative. Some issues that received significant media coverage included the following.

Cats at Joondalup libraries

A Council proposal to introduce cats to Joondalup libraries received coverage from PerthNow, ABC Radio and 6PR, as well as mentions across Facebook and X. It was argued that cats in libraries could raise visitor numbers and boost mental health. Issues raised against the proposal included the use of City resources and the possibility of cats escaping and causing harm to the natural environment. The proposal was not supported by key stakeholders, RSPCA and Cat Haven, and the motion was not passed by the Council.

Joondalup Business Forums

The City's two Business Forums, held in November 2023 on tourism and June 2024 on technology, received media coverage from The West Australian and Business News. The City was named as the next tourism hub due to the progress on the Ocean Reef Marina development, Joondalup's reputation as one of Western Australia's best coastal destinations, and the City's focus on delivering homegrown events.

Beach groynes

Community-led social media campaigns that focused on the City's draft Coastal Hazard Risk Management and Adaptation Plan received both local and national media attention. The community consultation on the City's draft plan highlighted the community's objections to the proposed adaptation options, particularly groynes, as "eyesores" that would make the beach "less enjoyable".

Duncraig Adventure Hub

The City awarded some of the tenders for the construction of the Duncraig Adventure Hub, which received positive media stories from local media. Extensive community consultation was incorporated into the final design. A skate park and bike facilities will be major features of the hub, expected to open in winter 2025. The hub will provide young people with a place to build community and enhance wellbeing and mental health.

> Media releases are available on the City's website [joondalup.wa.gov.au](https://www.joondalup.wa.gov.au)

(Customer Satisfaction Survey FY2022–23)

Public notices

Public notices are a statutory mechanism prescribed under the Western Australian *Local Government Act 1995*. There are a variety of matters for which the City must publish a public notice, including for the review of local laws, disposal of property, and local government elections, among others. In FY2023–24, the City published 17 statutory public notices. This was significantly more than the previous year due to the 2023 Ordinary Local Government Election.

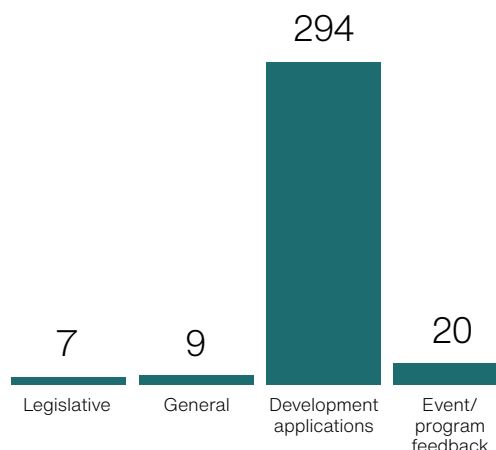

- Close of enrolments, 2023 Local Government Ordinary Elections – 7 August 2023
- Call for nominations, 2023 Local Government Ordinary Election – 23 August 2023
- Local Government Ordinary Postal Election notice, City of Joondalup (*Local Government Act 1995*, section 4.64) – 21 September 2023
- Swearing-in ceremony and special meeting of Council, 25 October 2023 – 23 October 2023
- Results of election, City of Joondalup Deputy Mayor – 1 November 2023
- Community consultation on *Parking Local Law 2023* and *Pest Plant Amendment Local Law 2023* – 2 November 2023
- Local Government Ordinary Postal Election, notice of results – 8 November 2023
- Final approval, *City of Joondalup Local Planning Scheme No 3 Amendment No 14* – 24 November 2023
- Notice of disposal of land, section 3.58 of the *Local Government Act 1995* – 30 November 2023
- 2024 Council meeting dates – 12 January 2024
- Special meeting of Council, Wednesday 31 January 2024 – 23 January 2024
- Availability of *FY2022–23 Annual Report* and annual general meeting of electors – 8 February 2024
- Special meeting of Council, Tuesday 2 April 2024 – 28 March 2024
- *Pest Plant Amendment Local Law 2023* – 2 May 2024
- *Parking Local Law 2023* – 21 May 2024
- Proposed *Animals Local Law 2024* – 22 May 2024
- Intention to levy differential rates – 30 May 2024

Community consultation

The City is committed to ethical, transparent and accountable community consultation, as outlined in our *Community Consultation Council Policy*. The community is consulted when required under legislation, or to inform decision-making. Community feedback is a valuable tool that informs major policy changes, the addition of new community facilities, or changes to City services.

In FY2023–24, the City formally consulted the community a total of 330 times. This is a substantial increase from FY2022–23, largely due to an increase in the number of development applications received.

Community consultation activities FY2023–24:

Legislative community consultation activities FY2023–24:

- Disposal of Land, section 3.58 of the *Local Government Act 1995*
- Intention to Levy Differential Rates for FY2024–25
- *Parking Local Law 2023*
- *Pest Plant Amendment Local Law 2023*
- Proposed Amendment No 15 to *Local Planning Scheme No 3* – Rezoning a portion of Lot 28 (67) Woodvale Drive and Lot 36 (95) Woodvale Drive (Woodvale)
- Proposed *Animals Local Law 2024*
- Proposed Scheme Amendment No 16 to reclassify various public open space reserves

Coastal Hazard Risk Management and Adaptation Plan community consultation

The community was invited to participate in a consultation on the City's draft Coastal Hazard Risk Management and Adaptation Plan from 6 June 2023 to 31 July 2023.

As part of the community consultation, the City held three in-person and two online community information sessions. The detailed information sessions included a comprehensive presentation from coastal engineering consultants, MP Rogers & Associates, and questions were invited from attendees. The City received a very high level of interest, with the draft Plan generating substantial concern in the community with more than 4,000 submissions. The City received a clear message that the majority of respondents did not support the draft Plan. Community feedback, collected via the online form, was one of the key factors that informed Council's decision not to adopt the draft plan.

> Community consultation outcomes reports are available on the City's website joondalup.wa.gov.au

Major community events snapshot

The City's calendar of major community events outlines what we planned and delivered during the year.

JULY 2023

25-year celebration at Joondalup Reception Centre
Joondalup Innovation Challenge
Joondalup25 Showcase at Joondalup Libraries
NAIDOC Week community events
School Trees Program
Sunday Serenades — Lucy Sings Ella

SEPTEMBER 2023

Citizenship Ceremony
Joondalup GREAT Waste Challenge 2
Sunday Serenades — A Salama Odyssey

NOVEMBER 2023

Appreciation reception — Seniors groups
Business Forum — Destination Joondalup
Citizenship Ceremony
Music in the Park Concert 1
Remembrance Day community event
Remembrance Day community event
Sunday Serenades — Cece Desist

AUGUST 2023

Appreciation reception — Ratepayer groups
Children's Book Week
Citizenship Ceremony
Joondalup GREAT Waste Challenge 1
Sunday Serenades — Old Time New
The Great Joondalup Quiz Night

OCTOBER 2023

Citizenship Ceremony
Invitation Art Prize: Retrospective 1998-2022
Little Feet Festival
Sunday Serenades — De Cuba Son

DECEMBER 2023

Community end of year function
Music in the Park Concert 2
Sunday Serenades — Rock Around The Clock

MAY 2024

Appreciation reception – Library and Community Development volunteers
Art exhibition – Moments from the collection
Citizenship Ceremony
Threaded Perspectives exhibition

MARCH 2024

Artist in Focus Exhibition
Citizenship Ceremony

Threaded Perspectives exhibition

JUNE 2024

Appreciation reception – City of Joondalup volunteer groups (Wanneroo/Joondalup SES, Justice of the Peace, Strategic Community Reference Group, Whitford Volunteer Sea Rescue, and Reconciliation Action Plan Community Reference Group)
Business Forum – Smart City Connect
Citizenship Ceremony
Community Art Exhibition
Threaded Perspectives exhibition

Celebrating 25 years of services to the community: Joondalup Festival

The Joondalup Festival began in 1999 and the three-day free event attracted 52,000 visitors to the City. The new initiative aimed to foster economic and community development, and earned the Innovation Award at the WA Municipal Association Awards. Over 25 years, the festival has grown in scale and is still winning awards, most notably the 2014 Best Community Event in Western Australia, and the 2023 Best Cultural, Arts or Music Event at the prestigious Australian Event Awards.

The festival's 2024 program featured more than 30 different shows, special events and community workshops. A highlight was Electric Kingdom at Hillarys Boat Harbour. The festival in 2024 involved more than 120 artists, 40 event staff, 180 choir members and a large number of stakeholders across 14 locations.

Highlight FY2023-24

^ Mayor Hon Albert Jacob JP (left) and Premier Hon Roger Cook MLA (right)

Premier visit

Western Australian Premier, Hon Roger Cook MLA, offered a congratulatory address at the City of Joondalup Australia Day Citizenship Ceremony.

The ceremony was held at Joondalup Resort, where around 300 residents from more than 40 different countries were granted citizenship. The ceremony was one of the largest of its kind across Greater Perth and received significant media attention. One of the highlights was the presentation of the City's 2024 Community Citizen of the Year Awards:

2024 City of Joondalup Community Citizen of the Year:
Catherine Kolomyjek

2024 Community Youth Citizens of the Year:
Harry and Tom Linehan

2024 Senior Citizen of the Year:
Russell "Nev" Maw

2024 Active Citizenship for Community Group or Event of the Year: Fostering Hope Australia

Challenges snapshot

Fires in contractor waste trucks

The City experienced a number of fires in contractor waste trucks in FY2023–24. These fires were thought to be caused by batteries, either left in a device or disposed of as an individual battery. Batteries contain hazardous chemicals and can release toxins into the soil and groundwater if they are discarded in landfills. The City used one of these fires as an opportunity to educate the community with a social media post on safe options for disposing of loose batteries and rechargeable devices in boxes located at the City's libraries and the Administration Centre.

Changes to venue hire fees and charges

The City's *Venue Hire Fees and Charges Council Policy* came into effect on 1 January 2024. The purpose of the new policy was to ensure greater equity in the amount paid by clubs and groups to hire venues, and to reduce the incidence of over-booking and underutilisation. Hire rates for clubs and groups remained significantly subsidised, and most clubs and groups experienced an overall reduction in fees and charges, although some clubs and groups were required to pay, or pay more, for hiring venues. The new policy received mixed feedback from the community. The City responded with additional engagement and communication with affected clubs and groups, and offered a staged implementation process. In FY2024–25, the City will provide a formal opportunity for clubs and groups to address the Council directly on these issues.

Hillarys Dog Beach asbestos

The City worked with a specialist contractor to remove pieces of asbestos-containing material from Hillarys Dog Beach. The likely source was the beach shacks that were located along that section of coastline between the 1950s and 1970s. The level of contamination was defined as very low risk by the relevant Department of Health guidelines and an ongoing site management plan was prepared. The City took every precautionary measure and installed signage near the affected areas.

Emergency remedial works

A significant rainfall event in May 2023 damaged many of the City's stormwater systems resulting in damage to property and drainage infrastructure. The City's ocean outfall along West Coast Drive (Marmion) was damaged and collapsed, causing erosion along the Marmion Foreshore Reserve. The erosion caused during the significant rainfall event destabilised the natural sand dunes and surrounding infrastructure. The City planned and undertook emergency remedial works in December 2023 to prevent an existing retaining wall from collapsing, which posed a safety risk to pathway users. Many of the City's stormwater systems are typically designed for a one-in-20-year event. This significant rainfall event highlights the impact on the City's infrastructure and the need to plan for future emergency remedial works.

▲ Craigie Leisure Centre

About the City of Joondalup

The City of Joondalup is a local government in the North Metropolitan Region of Western Australia. It has a total land area of approximately 99 square kilometres, featuring substantial areas of coastline, wetland, parkland, foreshore reserves, and bushland.

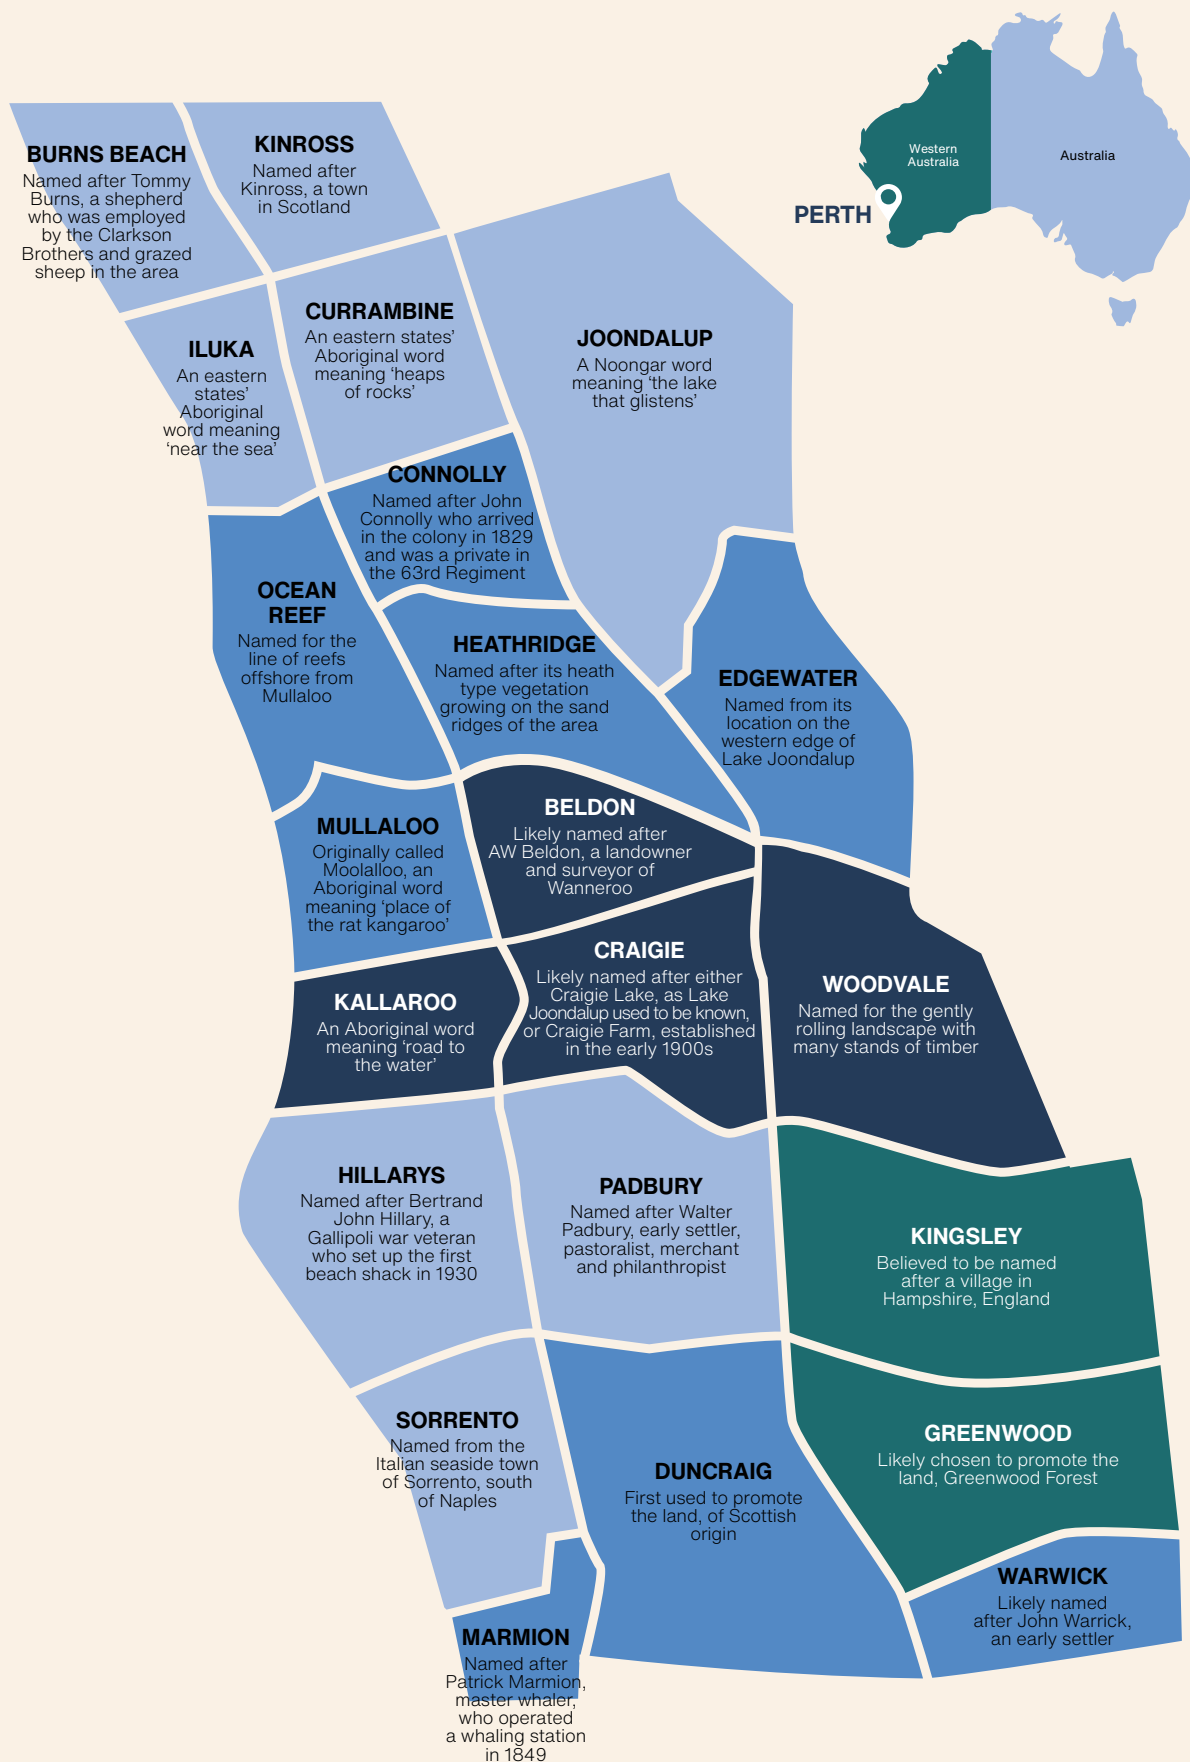

Located approximately 21 kilometres from Perth's Central Business District, 26 kilometres from Perth Airport, and 30 kilometres from Fremantle Harbour, the area is primarily residential, with some commercial and industrial areas. The City has 22 suburbs and approximately 165,000 residents. The major transportation networks are the Mitchell Freeway and the Yanchep Railway Line.

The City is home to a number of tourist attractions, such as Hillarys Boat Harbour, and is well-known for its natural attractions, including 17 kilometres of pristine coastline and

the stunning Lake Joondalup within Yellagonga Regional Park. With its beaches and numerous outdoor activities, such as whale watching at Marmion Marine Park, cycling along the Sunset Coast, or tackling the Whitfords Nodes Health and Wellbeing Hub and Ninja Warrior Course, Joondalup has a reputation as one of the most liveable cities in the world.

Joondalup is a growing centre for education, training and health care. Its key employment sectors include retail, health and education, and tourism. Major retail centres include Lakeside Joondalup Shopping City and Westfield Whitford City. Joondalup has one major hospital (Joondalup Health Campus), several tertiary institutions (Edith Cowan University, North Metropolitan TAFE, and Motor Industry Training Association of Western Australia), numerous public and private schools, and the Western Australia Police Academy.

History

According to archaeological evidence, Noongar people have lived in the area around Yellagonga Regional Park for at least 45,000 years.

The country surrounding the Yellagonga Regional Park area is called Mooro; the park is named after an important Noongar elder of the early colonial period. Joondalup derives its name from the Oor-dal-kalla people. The Noongar word is Doondalup and it means 'the lake that glistens'.

European settlement from the 1830s led to the establishment of market gardens, farms and vineyards near Lake Joondalup. The coastal suburbs became popular holiday spots, even though access by road was limited. In the 1970s, the State Government developed a vision for a commercial, civic and cultural centre in Perth's northern corridor. The plan was for a self-sustaining community, supported by

public transport, to minimise the detrimental environmental effects of living in a city. Joondalup was the first new City in Australia to be designed according to economic, social and environmental principles.

In the 1980s, the Joondalup Development Corporation established the Joondalup City Centre. The 22 residential suburbs developed around the City Centre during the 1980s and 1990s. While urban development in Joondalup dates from the 19th century, there was comparatively little residential development, except in the south of the City, until the late 1960s. From the 1970s to the 1990s, horticultural areas were converted to residential use, and by 2000, much of Joondalup had been urbanised. Along with the City Centre, the remaining northern suburbs have been the focus of development over the last two decades and are now almost fully developed.

Celebrating 25 years: Looking back at the first City of Joondalup Council elected in 1999

On 1 July 1998, the City of Joondalup was created by the division of the former City of Wanneroo.

The boundary dividing the City of Joondalup and the Shire of Wanneroo was placed along the centre of Lake Joondalup to ensure major historic sites and amenities were shared equally. Joint commissioners oversaw the City of Joondalup in its first 18 months and the first Council was elected on 11 December 1999, under the banner 'Creating the Future'. Former Wanneroo Councillor, John Bombak, was elected the inaugural Mayor of the City of Joondalup.

Celebrating 25 years: Looking at back at the World's Most Liveable City 2011

In 2011, the City received global attention when it was recognised at the United Nations-backed annual International Awards as the World's Most Liveable City for its population size (150,000–400,000).

The LivCom Awards are a worldwide competition focusing on international best practice in the management of the local environment with the further objective of improving the quality of life of citizens through the creation of 'liveable communities'.

The City's primary role in the housing market over the last 40 years was to facilitate affordable housing for families. The presence of Edith Cowan University and proximity to employment and beaches has drawn many residents to Joondalup, particularly from overseas. It is assumed that current migration patterns, including flows into the City from overseas, families being attracted to coastal areas, and younger adults to higher density residential areas, will continue.

▲ City of Joondalup residential area

Logo

The City's logo combines imagery of the built and natural environments – the grid structure and the leaf pattern. The floral shape is derived from the local native cycad, commonly known as the Zamia Palm, emerging from the grid pattern representing the planned City of Joondalup. The logo was designed by LandCorp (now DevelopmentWA) and adopted by the City of Joondalup to represent a community in harmony with its natural and built environment.

City of Joondalup assets

The City provides and maintains a range of physical infrastructure across the land, buildings and public open spaces it manages. Some of the key infrastructure in our asset portfolio are listed below.

Celebrating 25 years: Looking back at how our population has changed

The City’s population has grown substantially over the past 25 years, from less than 125,000 at the 1991 Census, to more than 155,000 in 2021 (enumerated population).

Population growth was mostly driven by new land releases in the early 1990s, with the suburbs of Ocean Reef, Kinross, Joondalup and Woodvale experiencing localised population booms. Over this period, the City’s age profile has transformed from primarily young couples with children, to older workers, empty nesters and retirees. The City’s northern suburbs are now experiencing the later stages of the suburb life cycle, while the City’s southern and central suburbs are beginning to attract young families again. By 2046, the City’s population is forecast to grow to more than 177,000.

About our stakeholders

The City's population consists of many customer and stakeholder groups, including residents, ratepayers, tourists and visitors, businesses, developers, schools, community and sporting groups, State and Federal Government agencies, Edith Cowan University, Western Australia Police Academy, North Metropolitan TAFE, and Joondalup Health Campus.

A challenge for the City is to recognise the differing interests of this diverse range

of stakeholders. It is essential that we communicate effectively with all groups and understand the impact of our decisions on each group.

The City's role in stakeholder management can include leading in delivery, partnering with others, and advocating, facilitating or providing financial support. In collaborating and forming partnerships with stakeholders, we are committed to a shared responsibility to use our resources efficiently and effectively.

- Receives funding and partnership opportunities, direction with planning, strategies and legislation.
- Facilitates the sharing of ideas.

About our services

Services by key theme

The City is responsible for delivering a wide range of economic, human, recreational and property services, as well as developing and maintaining essential community infrastructure. Services are classified into two types: statutory services, such as approvals for planning, building, health, and swimming pool security fencing, and discretionary services, such as library programs, events, leisure centres, and recreational programs. We also deliver internal services, such as human resources and information technology, which may be statutory or discretionary.

Customer Service Charter

The City's Customer Service Charter states our commitment to providing quality services. It provides our employees with clear standards for the delivery of service excellence in pursuit of the vision and goals identified in *Joondalup 2032*. The City is focused on excellence in providing customers an efficient, consistent and friendly experience. This is important to enable the City to deliver a diverse range of services, programs and facilities that meet the changing needs and expectations of residents, ratepayers, businesses and visitors.

> The Customer Service Charter is available on the City's website joondalup.wa.gov.au

Celebrating 25 years with our staff: Jill Wilson – 30 years with the City of Joondalup

Jill Wilson commenced at the City in 1994 as senior stenographer and word processing operator in the Town Planning Department.

Jill has been integral to implementing many firsts in the City, such as the first Customer Service Charter and the customer complaints handling system. Jill was nominated for the Statewest Achievement Award and has been featured in the Wanneroo Times. In 2008, Jill was the recipient of the CEO Prize in recognition of her strong work ethic, commitment to service, and exceptional and consistent job performance at the City. In 2010, Jill commenced as the Coordinator for Organisational Development where she was instrumental in the City receiving numerous awards, including six awards at the Australasian Reporting Awards.

“In 30 years, I have enjoyed different roles and gained from the fantastic training programs we have in place, but one constant has been the big family of staff members who I have worked with across the organisation. I appreciate their friendship and support over the last 30 years.”

Jill Wilson (Organisational Development)

▲ Currambine Community Centre (rated 'Green Star Public Building as Built')

How we are addressing climate change

Climate change affects a number of services that local governments are responsible for, including infrastructure, assets, health services, water management, emergency management, urban forest and the natural environment.

By 2090, it is expected that the City will be hotter and drier with less rainfall in winter and spring; however, there is likely to be increased intensity of heavy rainfall events. There are likely to be more frequent hot days, with the number of days over 35 degrees Celsius more than doubling when compared to 1981–2010.

Responding effectively to climate change involves preventing and reducing greenhouse gas emissions (mitigation) and adapting to climate change impacts as they occur (adaptation). The City has a long history of planning and responding to climate change; our first *Climate Action Plan* was produced in 2003. The City's *Climate Change Strategy 2014–2019* set a new direction for the City's mitigation activities and established an approach for the City to adapt to the impacts of climate change.

Since the City commenced monitoring in 2000, annual corporate greenhouse gas emissions have reduced by almost 40% (based on FY2022–23 figures). This decrease in corporate emissions has been a result of the implementation of numerous energy efficiency and low carbon projects, such as building and park upgrades, installing solar power and batteries on buildings, purchasing an energy efficient fleet, and offsetting vehicle emissions. In addition, the City has delivered numerous community education programs to encourage the community to reduce their own emissions, and has planted over 11,000 trees to create cooler suburbs.

The City has completed the draft *Climate Change Plan 2024–2034* to demonstrate our commitment to continuing climate change mitigation activities and to show our intent to become a leader in climate change adaptation. The draft plan will be released for community consultation in FY2024–25.

Climate change actions timeline

2000	Became a member of the International Council for Local Environmental Initiatives (ICLEI)
2003	First <i>Greenhouse Action Plan</i> developed
2006	Geothermal bore installed at Craigie Leisure Centre

	Commenced Leafy City Program
	Developed <i>Bushfire Risk Management Plan</i>
2022	Joined Cities Power Partnership
2023	Joined Northern Beaches Alliance Drafted new Climate Change Plan 2023–2033

Our Council

▲ Mayor Hon Albert Jacob JP

Council structure

The Council consists of a popularly elected Mayor and 12 Councillors, also known as Elected Members. The role of Council is to govern the City's affairs, monitor the performance of its functions, and be responsible for allocating finances and resources. Council determines and reviews the City's policies, plans and other statutory documents.

2023 Ordinary Local Government Election

Ordinary Local Government Elections are held on the third Saturday in October every two years for half of the Council. Elected Members are elected using an optional preferential voting system. If a vacancy occurs within a term, an Extraordinary Election is held.

The most recent election was held on 21 October 2023 for six Councillor positions at the City. As a result of local government reforms this election was the first time the optional preferential voting system was used, instead of a first-past-the-post system.

There were 21 candidates across six wards. Cr Nige Jones (North-Central Ward) and Cr John Raftis (South Ward) were successful in seeking re-election, and the City welcomed four new Elected Members: Cr Lewis Hutton (North Ward), Cr Rohan O'Neill (South-East Ward), Cr Rebecca Pizzey (Central Ward), and Cr Phillip Vinciullo (South-West Ward).

The participation rate for the election was 28 per cent, or 32,604 voters. The election was followed by a Swearing-in Ceremony and Special Council Meeting on 25 October 2023; Cr Adrian Hill was elected as Deputy Mayor.

Ward boundary changes

At the Council Meeting held on 16 November 2021, Council considered the City's eight-year review of its Ward boundaries, Ward names, and Councillor representation levels. Council resolved, in part, to amend the Ward boundaries starting from the 2023 Ordinary Local Government Election. The new Ward structure resulted in some suburbs being transferred to a different Ward. The structure changes affected the suburbs of Iluka, Mullaloo, Kallaroo, Padbury and Warwick.

At its meeting held on 22 August 2023, Council approved the City preparing a submission to the Local Government Advisory Board to amend the City's boundary (not a Ward boundary amendment) to include the newly created reclaimed land at Ocean Reef Marina. This process has not been finalised and there are still a number of steps that will need to be completed before this amendment is gazetted and the boundary formally amended.

City of Joondalup Council Chambers

Meetings cycle

The City has a four-weekly meeting cycle between February and December each year:

- > For the full schedule of Council Meetings for FY2023-24 see the section **Council meetings and workshop attendance**.

Week 1 – Strategy Sessions

Strategy Sessions provide a forum for two-way communication between Elected Members and the City’s Executive on strategic or complex issues. Strategy sessions are not open to members of the public.

Week 2 – Briefing Sessions

Briefing Sessions are used to inform Elected Members on the items of business to be presented and discussed at the forthcoming Council Meeting. Briefing Sessions are open to members of the public, and question and statement times are permitted. A member of the public may also request to present a deputation to Elected Members relating to an item on the agenda.

Week 3 – Committee Meetings

Scheduled committee meetings and any special or urgent meetings of Council or committees are held as required.

Week 4 – Council Meetings

Council Meetings are formal and are required to be open to the public, although meetings can be closed when Council considers certain items of business, as prescribed by the *Local Government Act 1995*. Question and statement times are permitted at all Council Meetings.

City of Joondalup Elected Members

Elected Members

Role of Elected Members

Elected Members make important decisions relating to the whole of the City by considering the views of the community. Elected Members work together with the community and the Executive Leadership Team to set the strategic direction of the City. The role of Council, Elected Members, and the Mayor is defined in the *Local Government Act 1995* as follows.

The role of Council is that it:

- governs the local government's affairs
- is responsible for the performance of the local government's functions
- oversees the allocation of the local government's finances and resources
- determines the local government's policies.

The role of the Mayor is to:

- preside at Council Meetings and ensure meetings are conducted in a correct and orderly manner while remaining impartial
- carry out civic and ceremonial duties, such as conducting citizenship ceremonies

- speak on behalf of the local government
- liaise with the Chief Executive Officer on the local government's affairs and the performance of its functions
- provide leadership and guidance to the community.

The Deputy Mayor performs the functions of the Mayor when authorised to do so under section 5.34 of the *Local Government Act 1995*.

The role of each Councillor is to:

- represent the interests of electors, ratepayers and residents
- provide leadership and guidance to the community
- facilitate communication between the community and the Council
- participate in decision making processes at meetings
- perform such other functions as are given to a Councillor by the *Local Government Act 1995* or any other written law.

Complaint registers

The City is supported in ensuring good governance and compliance of its Elected Members by the Department of Local Government, Sport and Cultural Industries – the State Government department that monitors, promotes, and enforces compliance with relevant legislation. Alleged breaches of the *Local Government Act 1995* and the associated legislation are dealt with by the Local Government Standards Panel.

Regulation 19BD of the *Local Government (Administration) Regulations 1996* requires the following information to be included in a local government Annual Report:

- any remuneration and allowances paid by the local government under Schedule 5.1 clause 9 during the financial year
- any amount ordered under section 5.110(6) (b)(iv) to be paid by a person against whom a complaint was made under section 5.107(1), 5.109(1) or 5.114(1) to the local government during the financial year.

Register of Minor Breach Findings

An Elected Member commits a minor breach if they contravene Division 4 – Rules of Conduct of the *City of Joondalup Code of Conduct for Council Members, Committee Members and Candidates*.

The Register of Minor Breach Findings provides details of minor breach complaints which the Local Government Standards Panel has found to have occurred, and which require appropriate action to be taken. In accordance with section 5.121 of the *Local Government Act 1995*, the City must publish an up-to-date register on its website which is to include:

- the name of the Elected Member about whom the complaint is made
- the name of the person who made the complaint
- a description of the minor breach that the Standards Panel finds has occurred
- details of the action taken under section 5.110(6) of the *Local Government Act 1995*.

A total of two entries were registered in the Register of Minor Breach Findings during FY2023–24, one of which is on appeal.

Remuneration totalling \$5,790.40 was paid to members of the Local Government Standards Panel during FY2023–24.

- > The Register of Minor Breach Findings is available on the City's website joondalup.wa.gov.au

Register of Behavioural Breach Findings

An Elected Member commits a behavioural breach if they contravene Division 3 – Behaviour of the *City of Joondalup Code of Conduct for Council Members, Committee Members and Candidates*. The Register of Behavioural Breach Findings provides details of complaints about behavioural breaches which the City of Joondalup Complaints Officer finds has occurred, and the actions taken. Clause 13 of the City's *Complaint Investigation Council Policy* requires the City to publish an up-to-date register of behavioural complaints.

No entries were registered in the Register of Behavioural Breach Findings during FY2023–24.

No remuneration was paid to members of the Local Government Standards Panel during FY2023–24.

- > The Register of Behavioural Breach Findings is available on the City's website joondalup.wa.gov.au

Elected Member diversity

Regulation 19B of the *Local Government (Administration) Regulations 1996* requires the following information to be included in a local government Annual Report:

- If available, the gender, linguistic background and country of birth of council members.
- If available, the number of council members who are aged:
 - between 18 years and 24 years
 - between 25 years and 34 years
 - between 35 years and 44 years
 - between 45 and 54 years
 - between 55 and 64 years
 - over 64 years.
- If available, the number of council members who identify as Aboriginal or Torres Strait Islander.

Gender diversity

11 Male **2** Female **0** X

Aboriginal or Torres Strait Islander

No Elected Members identified as Aboriginal or Torres Strait Islander in FY2023–24.

Age diversity

Mayor and Councillors

Mayor Hon Albert Jacob JP

Elected Member since October 2017

Telephone 9400 4450

Email mayor.jacob@joondalup.wa.gov.au

Qualifications

- Bachelor of Environmental Design
- Master of Architecture
- Graduate of the Australian Institute of Company Directors
- Juris Doctor

Background and interests

Mayor Hon Albert Jacob JP was first elected to the City of Joondalup as a North Central Ward Councillor in 2006. He was subsequently elected to the Western Australian Parliament as the Member for Ocean Reef from 2008 to 2017 where he served as the Minister for Environment; Heritage for four years. He was elected the fourth Mayor of the City in 2017, and re-elected in 2021. He is proud of his record of working with others to help deliver large and worthwhile projects for the community. Mayor Jacob enjoys spending as much time with his family and in nature as possible, preferably at the same time.

Term expires October 2025

North Ward – Burns Beach, Currambine, Joondalup, Kinross

Cr Adrian Hill (Deputy Mayor)

Elected Member since 2021

Telephone 0408 919 585

Email adrian.hill@joondalup.wa.gov.au

Qualifications

- Bachelor of Engineering (Honours)

Background and interests

Cr Adrian Hill has lived in the City since 2004. He has a professional background in civil and marine engineering, as well as in business and commercial management. Cr Hill seeks to apply diligence and integrity to his work as an Elected Member, and strives to achieve results that are in the best interests of all ratepayers and residents. He is passionate about developing a strong community performing arts culture in the City, and ensuring that community grants and sponsorship opportunities go to deserving organisations, based on principles of fairness and need.

Term expires October 2025

Cr Lewis Hutton

Elected Member since 2023

Telephone 0491 606 739

Email lewis.hutton@joondalup.wa.gov.au

Qualifications

- Bachelor of Commerce (Double Economics)

Background and interests

Cr Lewis Hutton has a background working with some of Western Australia's largest resource companies and has also run a family business in the heart of the City. Since arriving from the United Kingdom, Cr Hutton has served as a volunteer surf lifesaver, treasurer of the Burns Beach Residents Association, and as a leader at the Joondalup United Football Club. His priorities include investing in sporting and community groups, supporting retirees and seniors, improving community safety, upgrading local facilities, reviving the Joondalup City Centre, and scrutinising budgets to keep rates low.

Term expires October 2027

North-Central Ward — Connolly, Edgewater, Heathridge, Iluka, Ocean Reef

Cr Daniel Kingston

Elected Member since 2021

Telephone 0435 075 442

Email daniel.kingston@joondalup.wa.gov.au

Qualifications

- Bachelor of Commerce

Background and interests

Cr Daniel Kingston has lived in the City for over two decades and is a keen volunteer in the community. He is an active supporter of community projects, and is a member of the Edgewater Community Residents Association and Friends of Yellagonga Regional Park. He is interested in open, transparent, and accountable government, and facilitating equitable and responsible financial decision-making. Cr Kingston supports planning and development to create healthy, sustainable, vibrant and connected communities, and is passionate about protecting and conserving the City's unique native flora and fauna.

Term expires October 2025

Cr Nige Jones

Elected Member since 2015

Telephone 0468 562 099

Email nige.jones@joondalup.wa.gov.au

Qualifications

- Bachelor of Sport Science
- Diploma of Education
- Master of Science (Recreation Management)

Background and interests

Cr Nige Jones has worked in marketing in Australia, the United Kingdom and Ireland for 10 years. He has 34 years' experience as a fitness coach and 10 years' experience as a soccer coach for the Western Australian Education Department. Cr Jones loves spending time and travelling overseas with his partner of 35 years, and enjoys family time with his son and daughter, and his dog, Scooby. He continues to be active, playing football three times a week with his mates, and enjoys training in the gym. Outside of these activities, Cr Jones loves being involved in the local community and small businesses.

Term expires October 2027

Central Ward — Beldon, Craigie, Mullaloo, Woodvale

Cr Christopher May JP

Elected Member since 2017

Telephone 0431 920 661

Email christopher.may@joondalup.wa.gov.au

Qualifications

- Bachelor of Communications

Background and interests

Cr Christopher May JP works in commercial banking and has previously worked as a political staffer and research officer. He became a Councillor to make the suburbs he grew up in an even better place to live, and to protect the natural environment. Cr May is passionate about improving tree canopy cover and ensuring amenity for residents at all stages of life. He is interested in the arts, fitness and health, history, geopolitics and philosophy.

Term expires October 2025

Cr Rebecca Pizzey

Elected Member since 2023

Telephone 0405 410 747

Email rebecca.pizzey@joondalup.wa.gov.au

Qualifications

- Bachelor of Nursing
- Post Graduate Certificate in Critical Care Nursing

Background and interests

Cr Rebecca Pizzey is a wife and mother to three children who grew up in the City of Joondalup. As a Registered Nurse and business owner with over 20 years' experience in the health industry, she endeavours to be a strong advocate for her patients. Her deep ties with the community have been strengthened by her engagement with local schools and sporting groups. As a Councillor, she advocates for transparency and accountability, better health services, and preserving natural environments and green spaces. Cr Pizzey strives to lead by example and be accountable, transparent and fiscally responsible.

Term expires October 2027

South-East Ward — Greenwood, Kingsley, Warwick

Cr John Chester

Elected Member since 2009

Telephone 0408 985 022

Email john.chester@joondalup.wa.gov.au

Qualifications

- Bachelor of Science
- Diploma in Education

Background and interests

Cr John Chester is a retired geologist and science teacher. He is a lifelong environmentalist and is committed to collaborating with the community to increase urban forest canopy cover, and maintain a sustainable City. He has lived in the City since 1980, and was a founding member of the Kingsley and Greenwood Residents' Association. He is a long-term member of the Friends of Yellagonga Regional Park.

Term expires October 2025

Cr Rohan O'Neill

Elected Member since 2023

Telephone 0411 162 370

Email rohan.o'neill@joondalup.wa.gov.au

Qualifications

Nil

Background and interests

Term expires October 2027

South-West Ward — Kallaroo, Hillarys, Sorrento

Cr Christine Hamilton-Prime JP

Elected Member since 2009

Telephone 0405 506 595

Email christine.hamilton-prime@joondalup.wa.gov.au

Qualifications

- Bachelor of Health Science
- Graduate of the Australian Institute of Company Directors

Background and interests

Cr Christine Hamilton-Prime JP was elected to Council in 2009 at 19 years of age — the City's youngest Councillor. She is committed to improving engagement and amenities for young people, growing the City's prosperity through the Joondalup Innovation Precinct, and is an advocate for the innovation, cyber security and health med-tech sectors. As a long-term resident of the City, Cr Hamilton-Prime is passionate about enhancing community connectedness, inclusion and liveability, preserving the unique coastal environment, and beautifying and maintaining parks and streetscapes.

Term expires October 2025

Cr Phillip Vinciullo

Elected Member since 2023

Telephone 0424 764 406

Email phillip.vinciullo@joondalup.wa.gov.au

Qualifications

- Bachelor of Communications (Media Studies)

Background and interests

Cr Phillip Vinciullo has worked in media, marketing and content integration for over 25 years. He believes in financially responsible, transparent and accountable local government, and is passionate about improving suburbs by protecting local parks and beaches, upgrading community infrastructure and amenities, and building a safe, inclusive, and active community for everyone. He is the President of the Joondalup Symphony Orchestra, and is an enthusiastic supporter of arts and culture in the community. Cr Vinciullo is focused on promoting local businesses and building a stronger and safer community.

Term expires October 2027

South Ward — Duncraig, Marmion, Padbury

Cr Russ Fishwick JP

Elected Member since 2006

Telephone 0400 782 274

Email russ.fishwick@joondalup.wa.gov.au

Qualifications

Cr Phillip Vinciullo (from Oct 2023)		

^ Broadbeach Park (Hillarys)

Remuneration and entitlements

Elected Members are remunerated in accordance with the current determination of the Salaries and Allowances Tribunal under the *Salaries and Allowances Act 1975*. The City is classified as a Band 1 local government for the purposes of the *Salaries and Allowances Act 1975* and has determined that it will remunerate its Elected Members as follows:

- annual attendance fees in lieu of Council Meeting, committee meeting and prescribed meeting fees
- annual allowance for the Mayor and Deputy Mayor
- annual allowance for information and communication technology in lieu of reimbursement of expenses.

Council adopted an *Elected Members' Entitlements Council Policy* which sets out the entitlements available to Elected Members and states that the City will pay the maximum amount within the range set by the Salaries and Allowances Tribunal.

- > More information about Elected Member remuneration, including conference attendance expenses, are contained in the **Notes to and forming part of the financial report (section 21 Related party transactions)** in Annual Report: Financial Information.

Regulation 19BD of the *Local Government (Administration) Regulations 1996* requires the following information to be included in a local government Annual Report:

In relation to fees, expenses or allowances paid during the financial year to council members, the mayor or the president, for each person –

- the nature of the fee, expense or allowance
- the total amount or value of each class of fee, expense or allowance.

A vehicle is placed at the disposal of the Mayor for the term of office to perform mayoral duties. The details of the vehicle provided in the current term of office are:

Make and model
Isuzu D-Max

Date acquired
17 December 2021

Carrying value as at 30 June 2024
\$43,311

Register of fees, expenses and allowances paid to Elected Members

The data in the table below may not align to the data in the Elected Member Remuneration table in the *Annual Report FY2023-24: Financial Information*. This is due to the different reporting requirements under the *Local Government (Administration) Regulations 1996* and the *Local Government (Financial Management) Regulations 1996*. The stated figures only include expense costs reimbursed directly to the Elected Member. The conference expenses in the table below do not include costs associated with registrations, travel costs or accommodation costs.

Elected Member	Mayoral/Deputy Mayoral allowance	Meeting attendance fee	Information and communication technology allowance	Travel/child care reimbursement	Other specified expenses reimbursement	Conference expenses*	Total
Mayor Hon Albert Jacob JP	\$93,380.00	\$49,435.00	\$3,500.00	\$7,258.46	\$1,331.89	\$296.85	\$155,202.20

Committees

To assist with decision-making responsibilities, Council established four committees made up of Elected Members. Each committee performs a specific function, and recommendations are presented to Council as the decision-making body. None of the committees currently established have delegated authority.

Audit and Risk Committee

The role of the Audit and Risk Committee is to guide and assist the City to carry out functions related to financial management. The Committee's role is to monitor, advise and review the Chief Executive Officer's report into the appropriateness and effectiveness of a local government's systems and procedures for matters related to risk management, internal control, and legislative compliance. This committee supports the auditor of the City to conduct an audit, and review and monitor the internal audit program and the scope of internal audits.

The Audit and Risk Committee met on six occasions during FY2023–24.

- > The Minutes for Audit and Risk Committee meetings are available on the City's website joondalup.wa.gov.au

Committee members (Jul 2023–Oct 2023)

- Mayor Hon Albert Jacob JP
- Cr Russ Fishwick JP
- Cr Nige Jones (Deputy Presiding Member)
- Cr John Logan
- Cr Tom McLean JP
- Cr Russell Poliwka
- Cr John Raftis (Presiding Member)
- Richard Thomas (external)

Committee members (Nov 2023–Jun 2024)

- Mayor Hon Albert Jacob JP
- Cr Christine Hamilton-Prime JP
- Cr Lewis Hutton
- Cr Daniel Kingston
- Cr Rohan O'Neill (Deputy Presiding Member)
- Cr Rebecca Pizzey
- Cr John Raftis (Presiding Member)
- Mark Hall (external)

Deputy members (Jul 2023–Oct 2023)

- Cr John Chester
- Cr Christine Hamilton-Prime JP
- Cr Adrian Hill
- Cr Daniel Kingston
- Cr Christopher May JP
- Cr Suzanne Thompson

Deputy members (Nov 2023–Jun 2024)

- Cr John Chester
- Cr Russ Fishwick JP
- Cr Adrian Hill
- Cr Nige Jones
- Cr Christopher May JP
- Cr Phillip Vinciullo

Chief Executive Officer Recruitment and Performance Review Committee

The role of the Chief Executive Officer Recruitment and Performance Review Committee is to provide recommendations on matters relating to the selection and appointment process of the Chief Executive Officer. This committee reviews the Chief Executive Officer's performance, including key performance indicators, remuneration package and employment contract, and can make recommendations to Council in relation to varying the contract, as and when necessary.

The Chief Executive Officer Recruitment and Performance Review Committee met on eight occasions in FY2023–24.

- > The Minutes for Chief Executive Officer Recruitment and Performance Review Committee meetings are available on the City's website joondalup.wa.gov.au

Committee members (Jul 2023–Oct 2023)

- Mayor Hon Albert Jacob JP (Presiding Member)
- Cr John Chester
- Cr Christine Hamilton-Prime JP
- Cr Daniel Kingston
- Cr Christopher May JP (Deputy Presiding Member)
- Cr Tom McLean JP
- Cr Suzanne Thompson

Committee members (Nov 2023–Jun 2024)

- Mayor Hon Albert Jacob JP (Presiding Member)
- Cr John Chester
- Cr Russ Fishwick JP
- Cr Christine Hamilton-Prime JP
- Cr Adrian Hill
- Cr Nige Jones
- Cr Christopher May JP (Deputy Presiding Member)

Deputy members (Jul 2023–Oct 2023)

- Cr Russ Fishwick JP
- Cr Adrian Hill
- Cr Nige Jones
- Cr John Logan
- Cr Russell Poliwka
- Cr John Raftis

Deputy members (Nov 2023–Jun 2024)

- Cr Lewis Hutton
- Cr Daniel Kingston
- Cr Rohan O'Neill
- Cr Rebecca Pizzey
- Cr John Raftis
- Cr Phillip Vinciullo

Policy Committee

The role of the Policy Committee is to make recommendations to Council on the development and review of the City's policies and overall policy framework, local laws, and strategic planning matters. This committee also oversees the strategic direction of the City's art award events, visual art collection, and visual and performing arts programs.

The Policy Committee met on five occasions in FY2023–24.

- > The Minutes for Policy Committee meetings are available on the City's website joondalup.wa.gov.au

Committee members (Jul 2023–Oct 2023)

- Mayor Hon Albert Jacob JP
- Cr John Chester
- Cr Adrian Hill
- Cr Daniel Kingston (Deputy Presiding Member)
- Cr Russell Poliwka
- Cr John Raftis
- Cr Suzanne Thompson (Presiding Member)

Committee members (Nov 2023–Jun 2024)

- Mayor Hon Albert Jacob JP
- Cr John Chester
- Cr Lewis Hutton (Deputy Presiding Member)
- Cr Daniel Kingston (Presiding Member)
- Cr Rebecca Pizzey
- Cr John Raftis
- Cr Phillip Vinciullo

Deputy members (Jul 2023–Oct 2023)

- Cr Nige Jones
- Cr Tom McLean JP
- Cr Christopher May JP
- Cr John Logan
- Cr Christine Hamilton-Prime JP
- Cr Russ Fishwick JP

Deputy members (Nov 2023–Jun 2024)

- Cr Christine Hamilton-Prime JP
- Cr Adrian Hill
- Cr Russ Fishwick JP
- Cr Nige Jones
- Cr Christopher May JP
- Cr Rohan O'Neill

Major Projects and Finance Committee

The role of the Major Projects and Finance Committee is to oversee the progress of the City's annual capital works program and review of the City's 5-Year Capital Works Program. This committee can make recommendations to Council on modifications of capital works projects and major strategic capital projects, and the services to be provided by the City. It oversees the City's financial management activities, funding proposals and long-term strategic financial planning.

The Major Projects and Finance Committee met on six occasions in FY2023–24.

- > The Minutes for Major Projects and Finance Committee meetings are available on the City's website joondalup.wa.gov.au

Committee members (Jul 2023–Oct 2024)

- Mayor Hon Albert Jacob JP
- Cr Russ Fishwick JP
- Cr Christine Hamilton-Prime JP
- Cr Adrian Hill (Deputy Presiding Member)
- Cr Nige Jones
- Cr John Logan (Presiding Member)
- Cr Christopher May JP

Committee members (Nov 2023–Jun 2024)

- Mayor Hon Albert Jacob JP
- Cr Russ Fishwick JP
- Cr Adrian Hill (Presiding Member)
- Cr Nige Jones
- Cr Christopher May JP
- Cr Rohan O'Neill
- Cr Phillip Vinciullo (Deputy Presiding Member)

Deputy members (Jul 2023–Oct 2024)

- Cr John Chester
- Cr Daniel Kingston
- Cr Tom McLean JP
- Cr Russell Poliwka
- Cr John Raftis
- Cr Suzanne Thompson

Deputy members (Nov 2023–Jun 2024)

- Cr John Chester
- Cr Christine Hamilton-Prime JP
- Cr Lewis Hutton
- Cr Daniel Kingston
- Cr Rebecca Pizzey
- Cr John Raftis

External councils, committees and boards

In addition to performing their duties on the City's committees and reference groups, a number of Elected Members represent the City on external councils, committees and boards. These are positions appointed by Council and are listed in the table below. At its meeting on 16 August 2022, Council determined that the City should also include the period of service for each Elected Member, as well as a statement directing readers to external annual reports for more information.

- > For more information about these external councils, committees and boards, including remuneration and attendance information, please review the specific Annual Reports for the individual organisations.

*Note: The name of the Metro Outer Joint Development Assessment Panel was changed to Metro Outer Development Assessment Panel on 1 March 2024.

Reference groups

The City has three reference groups that help facilitate community participation in our decision-making process. These groups provide an opportunity for the City to capture the views of the community, which assists Elected Members and Council to address strategic issues.

Joondalup Design Review Panel

The Joondalup Design Review Panel is a Council-appointed panel providing independent expert advice on architecture, urban design, landscape design and sustainability of planning proposals. The panel has an advisory function only, with the advice considered as part of the planning assessment process. Meetings are not open to the public, excluding proponents.

The panel is made up of the Chief Executive Officer or their delegate (Director Planning and Community Development) and up to 10 other members, including a Chairperson and Deputy Chairperson. All panel members are required to be registered with their professional body and have substantial experience in their relevant fields. Appointment to the panel is for a period of two years, in accordance with the ordinary local government election cycle. Meetings are held at the City's Civic Centre each month, and details are provided on the City's website.

- > The Minutes for Joondalup Design Review Panel meetings are available on the City's website joondalup.wa.gov.au

Panel members (Jul 2023–Oct 2023)

- Director Chris Leigh (Presiding Member)
- Graham Agar
- Jane Bennett
- Tony Blackwell
- Robin Burnage
- Jackson Liew
- Munira Mackay (Deputy Chairperson)
- Kukame McPierzie
- Nerida Moredoundt (Chairperson)
- Aaron Sice
- Simon Venturi

Panel members (Nov 2023–Jun 2024)

- Director Chris Leigh (Presiding Member)
- Graham Agar
- Tony Blackwell
- Robin Burnage
- James Christou
- Andrew Howe
- Jackson Liew
- Munira Mackay (Chairperson)
- Kukame McPierzie
- Nerida Moredoundt (Deputy Chairperson) (resigned May 2024)
- Simon Venturi

▲ Strategic Community Reference Group

Strategic Community Reference Group

The Strategic Community Reference Group is a Council-appointed reference group that provides community input on matters of significant community interest and strategic initiatives. After each Ordinary Local Government Election, community members nominate to be a member of the group and Council appoint the representatives. Meetings are not open to the public, but outcomes reports are provided following each meeting, and these are published on the City's website.

The reference group consists of 12 community representatives, two youth representatives (aged 16–24 years) and four Elected Members. One of the Elected Members is the Presiding Member. Subject matter experts are also invited to provide expert advice on specific topics. Community and youth representatives are appointed for two years and meet up to three times per year. For the 2023–24 term, the Council also approved an additional youth representative.

- > The Meeting Outcomes Reports for Strategic Community Reference Group meetings are available on the City's website joondalup.wa.gov.au

Reference group members (Jul 2023–Oct 2023)

- Mayor Hon Albert Jacob JP (Presiding Member)
- Cr Christine Hamilton-Prime JP

Reconciliation Action Plan Community Reference Group

The Reconciliation Action Plan Community Reference Group is a Council-appointed reference group that is guiding the development of the City's inaugural Reconciliation Action Plan. The group first met in late 2020 and has now commenced the process of developing the City's 'Innovate' level Reconciliation Action Plan in accordance with Reconciliation Australia's guidelines and principles. The City's draft plan was finalised by the group in mid-2023, and the formal approval process with Reconciliation Australia has commenced.

The reference group consists of up to eight community member representatives, four organisational representatives and three Elected Members. The Presiding Member is appointed from the group's membership. Representatives are appointed for two years and meet approximately every two months. For FY2023-24, one vacancy remains for a community member representative, and one vacancy remains for an organisational representative.

Reference group members (Jul 2023–Oct 2023)

- Mayor Hon Albert Jacob JP
- Cr Christine Hamilton-Prime JP
- Cr Russ Fishwick JP
- Ken Aitchison
- Mihi Betham
- Pauline Boscato
- Jane Burns
- Marcus Kaden
- Kathy Kickett
- Dennis Simmons
- Philippa Taylor
- Amanda Weall
- Audrey Williams
- Sharon Wood-Kenny (Presiding Member)

Reference group members (Nov 2023–Jun 2024)

- Mayor Hon Albert Jacob JP
- Cr Lewis Hutton
- Cr Rebecca Pizzey
- Ken Aitchison
- Mihi Betham
- Pauline Boscato
- Jane Burns
- Marcus Kaden
- Kathy Kickett
- Philippa Taylor
- Amanda Weall
- Audrey Williams
- Sharon Wood-Kenny (Presiding Member)

Our organisation

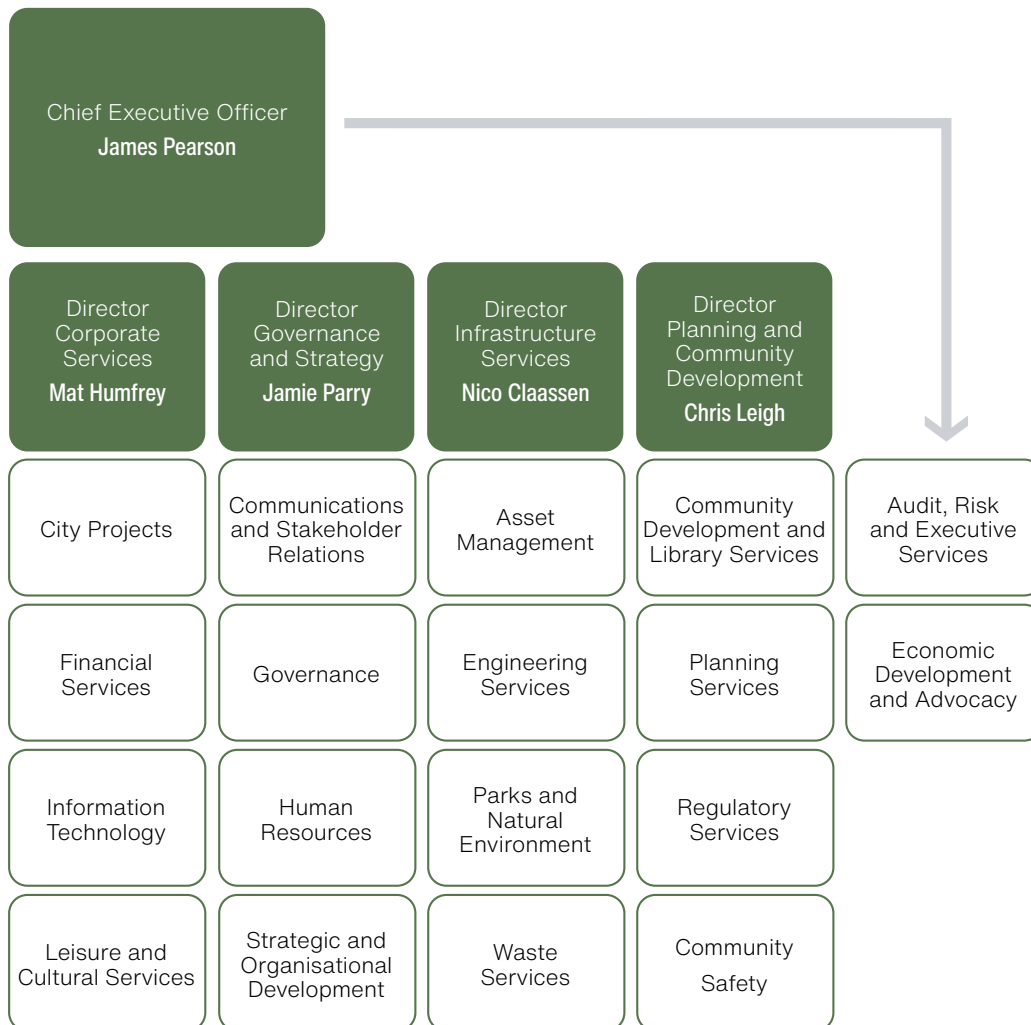

▲ City of Joondalup workers

Organisational structure

The City’s organisational structure is designed to facilitate the delivery of programs and activities within the five key themes of *Joondalup 2032*.

The organisation is led by the Chief Executive Officer who is supported by an Executive Leadership Team made up of four Directors. Each Director oversees the operations of Business Units that are structured to meet the City’s strategic and operational objectives and its legislative responsibilities, and to ensure services are delivered in the most efficient and effective manner.

Executive Leadership Team

James Pearson Chief Executive Officer

James Pearson has been the Chief Executive Officer at the City of Joondalup since March 2021.

His priorities are to attract investment and support local businesses, advocate and provide for the needs of the community, and work with the Mayor, Council and community to realise Joondalup's vision to be a global city: bold, creative and prosperous.

James has held senior roles in business and government, including:

- Leading Australia's largest national business policy and advocacy network as Chief Executive Officer of the Australian Chamber of Commerce and Industry.
- Leading public affairs for two of Australia's largest public companies in the resources industry.
- Supporting Australian commercial and political interests in Africa, the Pacific and China as an Australian trade negotiator and diplomat.

James has an MBA from Deakin University and an Honours degree in Science from the University of Western Australia. He is an Adjunct Professor at Deakin University Business School, a life member and Fellow of the Australian Institute of Management, and a Fellow of the Australian Institute of Company Directors.

Mat Humfrey
Director Corporate Services

Mat Humfrey is the Director Corporate Services. He commenced with the City of Joondalup in 2020 and has worked in local government for over 25 years. Mat has a Bachelor of Commerce, majoring in Business Law and Accounting.

Mat's career, prior to the City of Joondalup, included roles at the Town of Cottesloe, firstly as Executive Manager of Corporate Services and then as Chief Executive Officer. Prior to this, Mat worked in rural and metropolitan local governments, including the Shires of Dalwallinu and Chittering, and the City of Wanneroo.

Jamie Parry
Director Governance and Strategy

Jamie Parry is the Director Governance and Strategy. He commenced with the City of Joondalup in 2009 and has worked in local government for more than 35 years. He has undergraduate qualifications in Marketing and Public Sector Management, a Postgraduate Diploma in Management, a Master of Business Administration, and is a Graduate of the Australian Institute of Company Directors.

Jamie's career in local government has extended from regional to metropolitan positions, including with the Shire of Beverley, the Cities of Stirling and Perth, and his current role at the City of Joondalup. He currently serves as a Board Member of Local Government Professionals Western Australia.

Nico Claassen

Director Infrastructure Services

Nico Claassen is the Director Infrastructure Services. He commenced with the City of Joondalup in 2012 and has worked in senior management roles in local government for over 25 years. He has a Bachelor of Engineering (Civil) obtained from the University of Pretoria. Nico is a registered member of Engineers Australia and a previous member of the Institute for Professional Engineers New Zealand.

Nico's career in local government commenced in South Africa in the early 1990s and continued as the Group Manager Infrastructure Services with the Rotorua Lakes District Council in New Zealand, before commencing with the City of Joondalup.

Chris Leigh

Director Planning and Community Development

Chris Leigh is the Director Planning and Community Development. He commenced with the City of Joondalup in November 2016. He has a Bachelor of Science, a Masters in Urban and Regional Planning, and is a Graduate of the Australian Institute of Company Directors. His experience includes senior roles in both local government and private practice, having worked on a range of urban infill, commercial, industrial, and heritage projects, as well as leading a number of significant land development projects.

Chris is an active member in the planning and development industry. He participates in a range of industry working groups and is the Vice-President of the Local Government Planners Association.

Organisational governance

Governance Framework

The *Governance Framework 2021* provides guidance to Elected Members and the City's workforce on good governance practices and ensures the City can manage its many complex responsibilities effectively and in the best interests of the community. The practice of good governance ensures the City meets both legal and ethical compliance, make decisions in the interests of all stakeholders, and behaves as a good corporate citizen.

The *Governance Framework 2021* consists of four key principles required to achieve excellence in governance:

1. Culture and vision — a clear vision and a positive organisational culture and value system in place.
2. Roles and relationships — clarity and understanding of roles and responsibilities and effective working relationships.
3. Decision-making and management — effective decision-making processes that are transparent and accountable.
4. Accountability — all activities must be accounted for, and systems and processes must be in place that support accountability.

> The *Governance Framework 2021* is available on the City's website at joondalup.wa.gov.au

Codes of conduct

The City has two codes of conduct:

- Code of Conduct for Elected Members, Committee Members and Candidates
- Code of Conduct for Employees

The codes of conduct set out the standards of behaviour which must be observed when performing a person's respective duties and are intended to promote accountable and ethical decision-making. This enables professional relationships to be established and maintained in the interests of providing good governance, overall integrity and good government for the community. Each code should be read in conjunction with the *Local Government Act 1995* and other legislation that affects Elected Members, Committee Members, candidates and employees when performing their roles and duties, as the codes do not override or affect those provisions or requirements.

> The two codes of conduct are available on the City's website at joondalup.wa.gov.au

Delegated authority

The *Local Government Act 1995* allows for both the Council and Chief Executive Officer to delegate authority to perform functions and duties on their behalf. Delegations form part of the City's decision-making. The use of delegated authority means that the large volume of the routine work of Council can be effectively managed and acted on promptly. This, in turn, facilitates efficient service delivery to the community. Delegated authority allows Council to concentrate on policy development, representation, strategic planning, and community leadership.

The City is required to maintain a Register of Delegation of Authority and delegations are reviewed on an annual basis. The aim of the register is to assist with improving the time taken to make decisions within the constraints allowed by the relevant legislation. This is consistent with the City's commitment to a strong customer service focus.

A Special Council Meeting was held on 2 April 2024, as Council moved a motion to amend the Register of Delegation of Authority. The motion was not carried, and no amendments were made to the register.

A requirement of the *Local Government Act 1995* is for the City to undertake an annual review of the Register of Delegation of Authority to ensure the listed delegations continue to be appropriate. A report on the review was presented to Council on 28 May 2024.

> The Register of Delegation of Authority is available on the City's website joondalup.wa.gov.au

Compliance

Regulation 14 of the *Local Government (Audit) Regulations 1996* requires local governments to carry out a compliance audit for the period 1 January–31 December every year. The City's Compliance Audit Return for 2023 was similar to previous years and focused on high-risk areas of compliance and statutory reporting as prescribed in Regulation 13 of the *Local Government (Audit) Regulations 1996*. The 2023 return revealed a high level of compliance with legislation by the City, with two areas of non-compliance being identified, relating to the review of delegations and completion of annual returns.

1. Council reviewed its delegations within the FY2022–23 at its meeting held on 27 June 2023. The Chief Executive Officer reviewed his delegations on 29 August 2023. This was due to significant changes resulting from the major review; the Chief Executive Officer conducted a review after the Council had adopted its changes.
2. Four out of 150 employees failed to lodge an Annual Return by 31 August 2023. Three employees were on leave during the period 1 July–31 August 2023, and subsequently lodged late returns, and one was an administrative oversight due to the position being split between two employees. To mitigate similar occurrences of late returns being lodged, Managers will be advised, prior to 1 July each year, of the requirement for returns to be lodged. This will ensure employees taking leave during the submission period submit the returns prior to their leave.

The 2023 Compliance Audit Return was adopted by Council at its 26 March 2024 Council Meeting. The certified copy of the return and the relevant section of the Council resolution were submitted to the Department of Local Government, Sport and Cultural Industries by 31 March 2024.

Integrity and controls

The City expects its Elected Members, Committee Members and employees to act in compliance with the codes of conduct and behave ethically and honestly when performing their functions and during their interactions with each other, the community and all stakeholders of the City. A zero-tolerance attitude is taken to fraudulent or corrupt conduct, and such conduct is thoroughly investigated with the appropriate reporting, disciplinary, prosecution and recovery actions initiated.

The objective of the City's *Fraud, Corruption and Misconduct Control Council Policy* is to communicate our zero-tolerance approach and response actions to fraudulent and corrupt conduct within the performance of our functions and interactions with contractors and suppliers, the community and all other stakeholders of the City.

To support this, the following service levels are in operation:

- Maintaining our whistleblowing program to ensure regular awareness is provided to employees, contractors, suppliers and the public.
- Provision of programs, including the use of data analytics for fraud, misconduct and corruption detection and prevention.
- Reporting to external oversight agencies.

Each year, the City completes the Public Sector Commission Integrity and Conduct Annual Collection which is used to identify areas for improvement. The continued focus to strengthen integrity and conduct controls shows our commitment to ethical behaviour. Where the standards of behaviour fall below what is expected, including misconduct, the City takes the appropriate action, which may include notifications to the Corruption and Crime Commission or Public Sector Commission.

The City submitted the Annual Collection Survey to the Public Sector Commission on 26 July 2023.

Integrity Framework 2022

The City's *Integrity Framework 2022* guides us in providing the highest level of integrity for the community. The framework brings together the instruments, processes and structures within the organisation that foster integrity and help prevent corruption and misconduct from taking place. It also considers factors and conditions for implementation that may have internal and external influence on the City's operations.

Integrity and conduct training

The City commenced the roll out of integrity and conduct training for all employees. Seventy-six per cent of Directors and Managers completed the training by 30 June 2024. The training sessions included topics on values and behaviours (accountable and ethical decision-making), code of conduct, and use of City resources, behaviours and reporting. The remainder of the organisation will be required to complete the training by the end of 2024.

External audits

An audit by the Office of the Auditor General assessed if eight local government entities effectively and efficiently manage the exiting of staff to minimise security, asset and financial risks. The City was one of the eight local government entities selected due to employing a large number of staff, often across multiple locations, many of whom are casual or temporary employees. The Office of the Auditor General submitted its findings to Parliament on 28 June 2024 (*Report 25: 2023–24 — Staff Exit Controls at Large Local Government Entities*).

Information security

At its meeting held on 11 March 2024, the Audit and Risk Committee received a confidential report on a review of two reports by the Office of the Auditor General, entitled *Cyber Security in Local Government and Implementation of the Essential Eight Cyber Security Controls*. The internal review compared the City's previous findings from the Office of the Auditor General's Information System Audits against the 15 local government entities within the *Cyber Security in Local Government* report. Relevant City controls in place, such as policies, plans, frameworks and protocols, were also reviewed against the Department of Local Government, Sport and Cultural Industries *Information and Communications Technology Strategic Framework*.

The City is entrusted with information relating to Elected Members, employees, ratepayers, contractors and suppliers, the community, and other stakeholders. It is critical the City ensures it provides the best security and protection of this information. While cyber security risks cannot be eliminated, a comprehensive and systematic approach aids in reducing the level of cyber security risk to the City and the information it holds.

Risk

The City is committed to ensuring that effective risk management remains central to all of our operations while delivering a wide and diverse range of services to the community, including residents, ratepayers, businesses and visitors. The management of risk is the responsibility of everyone and should be an integral part of organisational culture. This is reflected in the City's policies, protocols, systems and processes used to ensure efficient and effective service delivery.

The City's *Risk Management Council Policy* and *Risk Management Framework* reflect good practice and sound corporate governance, and both are consistent with *ISO 31000:2018 Risk Management — Guidelines*. The *Risk Management Council Policy* outlines our commitment and approach to managing risks; risks are recorded, analysed and reported based on the context of the individual risk and the risk portfolio it belongs to. The *Risk Management Framework* requires a strategic risk portfolio to outline an internal or external risk that may impact the City achieving its long-term goals, as defined in *Joondalup 2032*.

Strategic Risk Register

In FY2023–24, the City finalised its *Strategic Risk Register* which reflects an assessment of strategic risks to the City. The register was developed with Elected Members and the Executive Leadership Team. Twelve initial strategic risks were identified, and a gap analysis was used that compared the register with other public sector organisations nationally. The *Strategic Risk Register* was adopted by Council at its meeting on 26 March 2024; it will be reviewed on an annual basis.

Reporting to external oversight agencies

The City regularly reviews the fraud, corruption and misconduct risks it is exposed to, and develops and refines strategies and processes to address those risks. It is through internal audits, investigations and/or tip-offs that allegations of misconduct may be identified. When the Chief Executive Officer suspects, on reasonable grounds, that misconduct has occurred, the appropriate notification is made to the relevant external oversight agency on a timely basis. This is a requirement of the *Corruption, Crime and Misconduct Act 2003*.

At its meeting held on 11 March 2024, the Audit and Risk Committee were provided with details regarding serious misconduct of four employees. The matter related to the failure to lodge an Annual Return by 31 August 2023, as described in the Compliance section of this report. The Corruption and Crime Commission assessed the information provided and formed a suspicion of serious misconduct; however, pursuant to section 33(1)(d) of the *Corruption, Crime and Misconduct Act 2003*, decided to take no action. This is an option available to the Corruption and Crime Commission and is a decision that was made with consideration to section 18(3) of the *Corruption, Crime and Misconduct Act 2003*.

Celebrating 25 years with our staff: Christine Robinson – 25 years with the City of Joondalup

Christine Robinson has been part of some significant milestones at the City. In 1999, corporate records were maintained on microfiche, which was considered the leading technology at the time.

Looking back, the way the City kept records, and the amount of records the City captures, has changed dramatically. The City was the first local government in Western Australia to receive approval to retain electronic-only records. Christine is now the Manager of Audit, Risk and Executive Services.

“The City has always been very good at offering professional development opportunities and the ability to work in cross-functional teams, which builds relationships and understanding of service delivery by others. This fosters great bonds between people.” Christine Robinson (Audit, Risk and Executive Services)

Contracts and procurement

All purchasing is conducted in compliance with the requirements of the *Local Government Act 1995*, the *Local Government (Functions and General) Regulations 1996*, and in accordance with the City's *Purchasing Council Policy*, internal protocols and codes of conduct.

Ethical selection of suppliers, best practice and value for money underpin the procurement process and the assessment of quotations and tenders. The principle of value for money considers the following: financial viability, being fit-for-purpose, past performance of suppliers, safety standards, quality of the product, and sustainable practices within the supply chain.

Quotations are required for all purchases with a value ranging from \$5,001 to \$250,000. The purchase of goods and services for more than \$250,000 requires a public tender.

e-Procurement Portal

The City's e-Procurement Portal is an online system for advertising tenders and expressions of interest, and for managing the procurement process through to the contract award state. The portal is a free service for registered suppliers who can view any associated documentation, participate in question-and-answer forums and, where required, submit electronic bid responses through the secure e-tender box facility.

Tenders

The City tenders for goods and services valued at \$250,000 and above. The City awarded 20 tenders in FY2023-24. Significant tenders included:

- Bulk hard waste collection and processing services — \$11,337,437.
- Design, supply, and construction of a skate facility at the proposed Percy Doyle Outdoor Youth Facility — \$1,101,218.
- Invitation to join the panel of pre-qualified suppliers for the provision of tree maintenance services (general pruning) — \$2,325,855.
- Invitation to join the panel of pre-qualified suppliers for the provision of tree maintenance services (powerline pruning) — \$2,011,040.
- Provision of an Integrated Parking and Compliance Management System — \$1,828,918.
- Provision of bulk green waste collection and processing services — \$7,878,884.
- Provision of cleaning services for Craigie Leisure Centre — \$1,784,265.

- Provision of plumbing maintenance services and minor plumbing works (of value less than \$100,000) — \$3,103,700.
- Provision of road works and services — \$23,301,951.
- Provision of waterproofing to podium slab at the Joondalup Civic Centre and Library complex — \$1,299,257.
- Provision of wet plant hire — \$1,061,262.
- Refurbishment and extension of the Percy Doyle Reserve Community Sporting Facility — \$1,281,727.
- Replacement of balustrade wall at the Joondalup Administration Building — \$1,223,440.
- Supply and application of turf enhancement products and top dressing — \$1,090,269.

The estimated value of all contracts awarded is \$63,764,382.

National Competition Policy

The City adheres to the *National Competition Policy* that aims to promote effective competition in situations where it will enhance the welfare of our community. Local governments administer legislation and deliver services which have a significant impact on state economies, businesses and consumers. Local governments are also providers of monopoly services, such as water, sewerage and waste collection. Local government is affected mainly where it operates significant business activities which compete, or could compete with, private sector businesses. Local governments will also be affected where local laws unnecessarily affect competition.

Competitive neutrality

The City adheres to competitive neutrality principles whenever we conduct commercial activity. One of these principles is ensuring that government-controlled businesses do not enjoy competitive advantages simply because they are publicly owned and backed by public money. Local governments are only required to implement the above principles to the extent that the benefits to be realised from implementation outweigh the costs in respect of individual business activities exceeding an annual income of \$500,000. Within these criteria, we previously identified the following business activity: Craigie Leisure Centre. The public benefit tests for these activities revealed that competitive advantages and disadvantages existed in the leisure centre, and it was beneficial to the local community to continue the operational subsidies to enable the services to be maintained into the future.

Records management

The City's *Records Management Council Policy* outlines the process for the management and disposal of records in accordance with the *State Records Act 2000* and other legislation. The City is committed to recordkeeping that ensures and facilitates a structured approach using corporate systems. General recordkeeping applies to all Elected Members, staff and contractors. Retaining corporate documents in an electronic records management system delivers best practice in recordkeeping and provides an efficient document processing service to meet customer needs and volume demands.

The number of records captured in the City's corporate recordkeeping system in FY2023-24 was 361,080. This includes incoming and outgoing letters, emails, faxes, online forms and internal documentation. Training in recordkeeping practices and the use of the City's document and records management systems is provided to all new staff upon commencement. Ongoing training for all staff is made available throughout the year.

Number of records captured in the City's corporate recordkeeping system, five-year trend:

Celebrating 25 years with our staff: Jane Scott-Malcolm – 30 years with the City of Joondalup

When Jane Scott-Malcolm started at the City of Wanneroo 30 years ago, recordkeeping meant microfilming all mail and human resource documents.

This process, that began in 1986, was replaced by scanning in 1998. In 2009, Jane implemented TRIM, a fully electronic document management system, aimed at reducing paper. Looking back, change management was a significant issues and recordkeeping was not nearly as good as it is today. Now, the biggest challenge is managing electronic records, stored across multiple systems, in the ever-evolving electronic recordkeeping world.

“Some memories I have of the past 30 years are trying to dodge the kangaroos when getting into my car, and the experience of watching a city being built around me.”
Jane Scott-Malcolm (Governance)

Freedom of information

Under the *Freedom of Information Act 1992*, the City is required to provide a general right of access to documents and records we hold (note that some documents cannot be accessed and are exempt). Documents and records that can be accessed can be either personal or non-personal.

The *Freedom of Information Act 1992* requires the City to publish an annual Freedom of Information Statement. The City's *Freedom of Information Guide* serves as that statement and as a reference to the City's functions, responsibilities and information it holds.

The guide details the structure and function of the City, ways in which the public can participate in the City's decision-making processes and how the public can gain access to City documents.

> The Freedom of Information Guide is available on the City's website joondalup.wa.gov.au

In FY2023–24, the City completed a total of 82 Freedom of Information applications, with an average completion time of 30 days. One hundred per cent of applications were completed within the legislative timeframe of 45 days.

Gift disclosures

The *Local Government Act 1995* requires Elected Members to disclose any gifts over \$300 in writing to the Chief Executive Officer within 10 days of receipt. This includes any gifts received while in their official capacity, including contributions to travel. The Chief Executive Officer is required to publish an up-to-date Gift Register for Elected Members and Chief Executive Officer on the City's website within 10 days after a disclosure is made.

The City also maintains an *Electoral Gifts Register* that contains certain information on electoral gift declarations made by candidates and donors during local government elections. Following each election, any declarations made by unsuccessful candidates are removed from the register. Any declarations made by candidates that are successful in being elected to office are maintained in the register for the term relating to that election.

The City's current *Gift Register for Employees* contains disclosures made since 1 January 2021 of any gift valued between \$50 and \$299.

> The Gift registers are available on the City's website joondalup.wa.gov.au

Quality frameworks

The *Australian Business Excellence Framework* is an integrated leadership and management system that describes the elements essential to sustainable organisational performance. The framework is used to assess and improve any aspect of an organisation, including financial benefits, efficiencies in time and process, increased effectiveness representing value for money, improvements in quality, reduced environmental impact, reduced risk, greater compliance, and improved governance. Since 2005, the City has used the framework as a way of improving the organisation and delivering better services. The City is committed to delivering best practice, high quality and efficient services to all stakeholders.

The City's Infrastructure Services Directorate also uses the ISO 9001:2015 Standard for its Quality Management System. The ISO standard is an internationally benchmarked quality management system standard that is used by organisations of all sizes and industries, all over the world. The standard provides a framework for improving quality across products and services in a consistent and reliable manner. Certification to ISO 9001 demonstrates ongoing commitment to customers, validated by an independent

A Seniors' Expo

third party. Some of the key benefits to organisations that certify to the standard include a demonstrated focus on the customer, a commitment to service, high quality product, and a cycle of continuous improvement.

Continuous improvement

The City is committed to delivering best practice, high quality and efficient services to all stakeholders in order to deliver on our vision and our community's expectations outlined in *Joondalup 2032*. In 2023, the City developed the *Benefits Realisation Framework* to achieve two overarching objectives:

- To embed the principles of benefits realisation across the organisation, including outlining the value of monitoring and reporting on benefits.
- To implement a clear and consistent process for the identification, categorisation, measurement, and reporting of the benefits arising from internal business improvement activities.

In 2024, a *Continuous Improvement Plan* was established to provide a more visible and coordinated approach to business and process improvement activities. Projects identified in the Continuous Improvement Plan align with the *Australian Business Excellence Framework* and

the *Australian Business Excellence Framework Council Policy*, which the City uses as a guide to assess our performance and identify improvements.

Progress reports against the *Continuous Improvement Plan* are provided to the Executive Leadership Team annually. Over the year, progress on the development and implementation of the *Benefits Realisation Framework* has been reported to the Audit and Risk Committee, with formal reporting on benefits derived from improvement activities to commence in FY2024–25.

Local government reform

In 2019, the State Government introduced reforms to the *Local Government Act 1995*, with the recent amendments implementing the most significant changes. In May 2023, the reforms made changes to Special Electors' Meetings and electoral gifts. From 1 July 2023, reforms to parental leave for Council Members and the recording of votes in minutes at Council Meetings came into effect. Changes to wards, boundaries and councillor numbers were implemented ahead of the 2023 Ordinary Local Government Election.

Workforce

The City is one of the largest local governments in Western Australia and consistently aims to be a high performing organisation and a great place to work. Our employees benefit from excellent conditions that support flexible work arrangements, encourage a culture of learning and development, and promote health and wellbeing programs.

Workforce profile

Number of employees by age and gender (headcount) at 30 June 2024:

Percentage employee's length of service (permanent and fixed-term) at 30 June 2024:

41% 

Employees living within the City of Joondalup (permanent and fixed-term) at 30 June 2024

59% 

Employees living outside the City of Joondalup (permanent and fixed-term) at 30 June 2024

**Celebrating 25 years with our staff:
Mark Alfieri – 30 years with the City of Joondalup**

At the start of his career, Mark had no experience with outside work operations.

Now, 30 years later he is thankful to the City for taking him on. Mark started working laying slabs and later became an all-round helper in engineering operations. He is now a Senior Team Leader.

“Working for the City has been interesting and rewarding. I have gained many skills. The City has supported me in my development, providing training and guidance. I have been very happy here over the last 30 years and thank all the team members and all the staff at Joondalup for their friendships and support.”
Mark Alfieri (Engineering Services)

Workforce planning

The City's *Workforce Plan* is one of the Resourcing components of our *Integrated Planning and Reporting Framework* and is reviewed annually. The purpose of the plan is to determine the workforce requirements necessary to achieve the strategic objectives of *Joondalup 2032* and deliver the services, projects and activities in the 5-Year Corporate Business Plan.

The effective delivery of the City's services, projects and activities depends on a workforce which is skilled, knowledgeable, responsive and appropriately resourced. Planning for future workforce requirements enables us to be responsive to emerging challenges and changes in the labour market before they impact on services and operations.

In FY2023–24, the City undertook an organisation-wide review of workforce planning processes, resulting in Business Units developing individual Workforce Plans, which will be reviewed and updated annually as part of business planning and budgeting. The City's broader *Workforce Plan* is scheduled for a major review in FY2024–25.

Recruitment

Recruiting new employees represents a significant investment of time and effort by the City. Contemporary recruitment and selection practices are used to attract and select the right workforce. Robust and well-planned recruitment processes mean that we are more likely to select people who are appropriate for the role and the organisation, and who are able to flourish. This in turn improves retention rates.

The City's recruitment process includes:

- Job analysis of vacancies prior to advertising to ensure roles being recruited remain valid and necessary.
- Targeted and themed job adverts designed to attract and align applicants with vacant roles.
- Behavioural-based interviewing techniques.
- Practical assessments (where appropriate).
- Rigorous referee and qualification checks.

In FY2023–24, the City received a total of 4,941 job applications; an increase of 959 from the previous year.

Conditions of employment

The City's enterprise agreements include a range of terms and conditions of employment designed to provide a fair, equitable and flexible workplace, including:

- Allowances
- Consultation, representation and dispute resolution procedures
- Flexible working arrangements
- Hours of work, rosters, rest breaks and meal breaks
- Overtime
- Penalty rates
- Various leave provisions

In FY2023–24, the City continued to work on the enterprise agreement for the inside workforce. Actions to date include, providing regular updates through newsletters, and a message from the Chief Executive Officer. An employee consultation group and a negotiating committee were also formed and continue to hold meetings.

Diversity, equity and inclusion

The City is committed to promoting fair treatment in recruitment, training and development, and conditions of employment. With a focus on authentic and actionable change within our overall *Workforce Plan*, the City's *Diversity and Inclusion Plan 2021–2024* was developed with three key focus areas:

- Employment pathways — improving representation in our workforce of people from diverse groups, and reducing structural, procedural, and cultural barriers to employment.
- Education and training — promoting inclusive culture by acknowledging and embracing differences, along with informing on best practices and resources, both internal and external.
- Celebrating a diverse and inclusive culture — championing our diverse workforce and highlighting initiatives and events that promote diversity.

Employee performance

As required by the *Local Government Act 1995*, employee performance appraisals are conducted on an annual basis. The process involves aligning employee work goals with organisational objectives, establishing performance expectations and targets, and identifying learning and development needs.

Central to the City's approach is the *Individual Development Achievement Plan*, which is developed between the supervisor and employee. It involves a two-way communication process on both setting employee performance targets and, just as importantly, setting each employee's personal and professional development needs and aspirations.

Learning and development

The City's corporate training program provides our employees with access to development opportunities that meet the needs of the individual and build greater capability within the organisation. Development opportunities for eligible employees include:

- Access to the online training platform, LinkedIn Learning, for employees to access self-paced training courses.
- Formal arrangement between the City and the Australian Institute of Management WA for employees to access the institute's suite of training courses at a reduced cost.
- Study assistance program which provides eligible employees with access to tertiary education.

- Employee mentoring program in conjunction with Edith Cowan University, North Metropolitan TAFE, and the Western Australia Police Academy.
- Workshops and conferences to upskill, extend knowledge and keep up-to-date with changes in their related field.
- Secondment opportunities to gain experience in alternative roles and organisations.

Access and inclusion training

The City continued to rollout mandatory access and inclusion training for all staff. The sessions provided important information on the following topics:

- Cultivating inclusive cultures
- Customising service and supporting individual needs
- Insight into representation and role models
- Language and communication tools
- Social model of disability — why and how to apply it
- Understanding types of disability

The sessions were led by a facilitator from EvolveWA and featured a guest speaker with lived experience of disability.

Accidental counsellor training

The City provided accidental counsellor training on 2 October 2023 for any staff members who have ever been caught without the words to help a client, customer or co-worker who was dealing with a distressing situation. The one-day workshop provided information on the following topics:

- Desirable traits and skills for an accidental counsellor
- Differences between supporting, helping and rescuing
- Role of accidental counsellor
- Self-care strategies
- Significance of self-awareness, emotions, personal perception filters and empathy

The training was well received by employees and is scheduled to be provided again in 2024.

Women in Leadership training

Throughout the year, the City provided opportunities for female leaders to attend a number of training and development activities.

Fifteen women from across the organisation attended a three-day Women in Leadership workshop, facilitated by Dr Melissa Langdon

on behalf of the Australian Institute of Management Western Australia. Participants shared experiences, gained knowledge and skills, and established an ongoing network to support each other through their journeys towards leadership.

Eight female staff also attended a one-day Adaptive Resilience workshop, facilitated by Cathryn Urquhart on behalf of the Google Search Inside Yourself program. This interactive program used a mindfulness-based approach to build the behaviours, mental habits, and practices that promote personal resilience while growing a culture of resilience within teams and organisations.

Three women in leadership roles also attended the Search Inside Yourself two-day leadership course. The program developed mindfulness and emotional intelligence skills for sustained peak performance, strong collaboration and effective leadership. In addition, two female Business Unit Managers completed the Australian Institute of Company Directors – Company Directors Course.

Highlight FY2023–24

Future Female Leaders program

The City has supported the Future Female Leaders program since its inception in 2021. The Program, aimed at year 11 female students, provides learning and development for participants over a six-month program, and includes topics such as self-awareness, leadership purpose, building an entrepreneurial mindset, communicating with influence, and critical thinking.

Participants also create a social impact project based on one of the United Nations Sustainable Development Goals. To add even greater strength to the program, professional female leaders, from a broad range of backgrounds and industries, volunteer as mentors to provide additional support and encouragement to the young female leaders participating in the program. This year, the City supported two local high school students to participate in the 2024 program, and provided four female leaders as co-mentors.

Workplace giving

The City supports staff to donate to a range of charities through its Workplace Giving program. The donations are automatically deducted from employees' fortnightly pay. Staff who participate in the program are permitted to wear casual clothes on Fridays in recognition of their ongoing charitable contributions. The table below shows the funds raised through the Workplace Giving program in FY2023–24.

Charity	Amount donated through Workplace Giving
Arthritis Foundation	\$714
Autism Foundation	\$1,746
Cancer Foundation	\$4,622
Dogs Refuge Home (WA)	\$1,154
Fred Hollows Foundation	\$420
Make A Wish Foundation	\$1,490
Motor Neurone Disease Association of WA	\$630
MSWA	\$432
Parkinsons Western Australia	\$411
Perth Children's Hospital	\$2,546
RSPCA	\$2,630
Salvation Army	\$1,662
SAFE Perth – Saving Animals from Euthanasia	\$650
Wheelchairs for Kids	\$954
World Vision Australia	\$2,425
Other	\$3,616
Total	\$26,102

Payments to employees

Regulation 19B of the *Local Government (Administration) Regulations 1996* requires the City to include the following information in its Annual Report:

- Number of employees of the City entitled to an annual salary of \$130,000 or more.
- Number of those employees with an annual salary entitlement that falls within each band of the \$10,000 over \$130,000.

To eliminate issues associated with the treatment of benefits other than cash salary, the City has adopted a total employee cost approach to reporting remuneration. This involves all remuneration being added to produce a total number. This is considered a far more transparent and open approach to payment, which exceeds the requirements of the Regulations.

The following table is based on the amount each employee actually received over the period of this Annual Report, whether employed for a full year or not, and includes:

- Allowances for motor vehicles
- Annual cash components
- Cash-out of leave (either on request or termination)
- Higher duties (where applicable)
- Novated lease refunds (at conclusion of lease)
- Overtime payments
- Salary sacrifices
- Statutory 11% superannuation, plus City matching contributions to additional superannuation of 3.5% (where applicable)
- Termination payments

Number of employees entitled to an annual remuneration of \$130,000 or more:

Salary bands	Male	Female	X	Total
\$130,000-\$139,999	13	10	0	23
\$140,000-\$149,999	8	5	0	13
\$150,000-\$159,999	3	2	0	5
\$160,000-\$169,999	2	0	0	2
\$170,000-\$179,999	1	0	0	1
\$180,000-\$189,999	0	0	0	0
\$190,000-\$199,999	0	0	0	0

Total employees	42	24	0	66

Remuneration paid to the Chief Executive Officer

Regulation 19B of the *Local Government (Administration) Regulations 1996* requires the City to include the remuneration paid or provided to the Chief Executive Officer during the financial year in its Annual Report.

In FY2023-24, the Chief Executive Officer was paid a salary of \$357,147.44 and superannuation of \$39,286.20. The total remuneration paid was \$396,433.64.

Work health and safety

The City takes a proactive and committed approach to risk minimisation by continuing to improve our safety culture and management system. Work health and safety services provided, include:

- Accident investigation and safety audits
- Fire safety and evacuation procedures
- Injury management
- Risk management
- Safety awareness and information
- Workers' compensation administration and management
- Safety and Risk Management Advisor at the Works Operation Centre

Safety Management Plan

The City's *Strategic Work Health and Safety Management Plan 2021-2024* supports our vision to be leaders in safety management through the elimination of work-related injuries and unsafe work practices. The plan promotes health, safety and wellbeing of all workers and provides direction to the organisation by focussing on five key areas:

- Health and wellbeing culture
- Managing risk
- Safety culture
- Safety leadership
- Safety management system

Strategies and actions in each focus area ensure a structured approach to the health and safety of all employees.

Strategic Safety Alliance

The City is a member of a formal Strategic Safety Alliance that is aligned with the Local Government Insurance Services. In partnership with other local governments, we share resources and work together to improve work, health and safety practices and strategies. The following key objectives were identified by the alliance:

- Apply project management plans and a standardised project management methodology for each project.
- Use coaching and mentoring to improve the strategic capability of internal resources.
- Provide strategic occupational safety and health advice and consultancy services to all key stakeholders.

- Use an agreed set of key performance indicators to measure and improve safety and health performance.
- Consider work health and safety in the development, implementation, and evaluation for all local government policy.

Work health and safety incidents

The City records all work health and safety incidents in a dedicated safety management software system. Effective recording, investigation, tracking, resolution, and reporting of incidents ensures hazards are minimised. In FY2023-24, there were 188 work health and safety incidents; of these, 13 were linked to a hazard. This is an increase from the previous year (138 incidents/22 linked to a hazard).

Number of work health and safety incidents, five-year trend:

Lost time injury frequency rate is the number of occurrences of lost time due to injury for each one million hours worked. To calculate each frequency rate for a period (over 12 months), this formula is used: $Lost\ time\ injuries\ in\ the\ period \div Hours\ worked\ in\ the\ period \times 1,000,000$. The lower the rate, the better the performance of the organisation as it represents fewer injuries in the reporting period.

Lost time injury frequency rate, five-year trend (with trendline):

Health and wellbeing programs

The City offers ongoing programs which contribute to the health and wellbeing of our employees. The programs are well-received by our employees and are provided on an ongoing basis.

- Employee Assistance Program
- Flu vaccinations
- Health assessments
- Skin cancer screening
- Wellbeing education and assistance programs
- Workmate Support Program, including an initiative to assist employees experiencing family and domestic violence

Consultants

The City engages consultants to assist in delivering services that require specific specialist skills. Consultants are appointed according to the City's procurement and approval processes, and approved budgets. Examples of consultancy services appointed in FY2023-24 include:

- Data capture, peer review and valuation services for infrastructure asset inventory management
- Design, engineering and quantity surveying services for building construction and maintenance works
- Development of a *Public Art and Masterplan Strategy*
- Development of the *Asset Management Strategy 2024-2034*
- Development of the City's new website
- Legal and valuation services for building and property management
- Monitoring and research of quendas in the Craigie Bushland
- Preparation of reports on ecological surveys at Ocean Reef Foreshore Reserve, Sorrento Foreshore Reserve, and Warwick Bushland
- Preparation of the Activity Centre Needs Assessment to inform the review of the City's *Local Planning Strategy*
- Preparation of the *Local Heritage Survey*
- Preparation of a transport assessment for the Ocean Reef Marina

Volunteers

Volunteers support the City to deliver a range of programs, including the Community Transport Program and the Joondalup Volunteer Resource Centre. Volunteers assist with library programs, including Books on Wheels, Genie Exchange, transcription of oral history interviews, library shelving and Keystrokes (one-on-one sessions where volunteers assist people with using their devices to navigate the internet or use apps). At the City, we acknowledge and show our appreciation of the dedicated volunteers that serve our community through a series of appreciation functions hosted at the City's Civic Centre.

Joondalup Volunteer Resource Centre

The Joondalup Volunteer Resource Centre assists community members to find a volunteer role within organisations that are best suited to their skills and interests. The centre is located within the Whitford Library and provides a centralised service within Joondalup. In FY2023-24, a total of 775 potential volunteers were engaged through the Joondalup Volunteer Resource Centre.

Celebrating 25 years of delivering services to our community: Books on Wheels

The Books on Wheels service began in 1975 and, for the first 15 years, it was funded by the Duncraig-Sorrento Red Cross on behalf of the City.

From the early 1990s to 2005, volunteers delivered library items to homes while City staff delivered to aged care facilities. Books on Wheels is a vital community service, benefiting a range of residents who are unable to visit the library due to illness, infirmity or disability. The service

celebrated its 45-year anniversary in 2020. In FY2023-24, the Books on Wheels service delivered 20,317 items to more than 150 clients.

Our performance

Performance

This section provides detailed information on the City’s achievements and performance for FY2023–24 presented under the five key themes of our 10-Year Strategic Community Plan, *Joondalup 2032*: Community, Environment, Place, Economy and Leadership.

This section includes updates on the key priorities identified by the Council in our 5-Year Corporate Business Plan.

Key themes and goals

Community	Environment	Place	Economy	Leadership
<p>1. COMMUNITY</p> <p>Our goal</p> <p>We have a vibrant cultural scene, and our community is friendly, welcoming, caring and supportive. We are prepared for emergencies and feel strong and resilient. We encourage and support local organisations and community-led activities, and feel connected and safe in our neighbourhoods.</p>	<p>2. ENVIRONMENT</p> <p>Our goal</p> <p>We have a beautiful natural environment which we care for and protect. We demonstrate best-practice in sustainability and environmental management. Our community is actively involved in conservation and sustainability initiatives, and we share responsibility for preserving our natural assets for future generations.</p>	<p>3. PLACE</p> <p>Our goal</p> <p>We have well-planned and attractive suburbs and streetscapes, supported by a range of integrated transport options. Our urban landscapes are connected, useable and accessible. A high standard of liveability is enjoyed by our community who can access quality facilities and public open spaces.</p>	<p>4. ECONOMY</p> <p>Our goal</p> <p>We are a global facing City with a prosperous and resilient economy. Our City is home to diverse industries that generate a wide-range of local job opportunities. We encourage creativity and innovation, and we support opportunities to build the City’s brand as a popular business and tourism destination.</p>	<p>5. LEADERSHIP</p> <p>Our goal</p> <p>We have a diverse elected body that represents, promotes and reflects the composition of our community. Our Council and workforce are accountable and transparent and make balanced decisions based on sound, professional advice. Quality services are delivered by our highly-skilled and effective workforce.</p>

Community

^ Joondalup Library

Key theme 1: Community

OUR GOAL

We have a vibrant cultural scene, and our community is friendly, welcoming, caring and supportive. We are prepared for emergencies and feel strong and resilient. We encourage and support local organisations and community-led activities, and feel connected and safe in our neighbourhoods.

Key priorities

Key capital works projects for FY2023–24

Sorrento Surf Life Saving Club redevelopment

The project will redevelop the existing Sorrento Surf Life Saving Club and will include a commercial component. A new surf club facility, public amenities, passive recreation areas, additional car parking, and a commercial café/restaurant will be included. The State Government has committed funding of \$8 million to the project, and the Sorrento Surf Life Saving Club has committed \$1 million. The City will fund the remaining \$5 million.

Progress FY2023–24

Council considered the new concept design and cost estimates at its 28 November 2023 meeting and agreed to proceed with stakeholder engagement and the detailed design stage of the project. The tender for architectural services was advertised and the submissions have been assessed. Construction is scheduled for completion in FY2026–27.

Status: On schedule

Celebrating 25 years with our community: Local Heritage Survey

The City developed its first *Local Heritage Survey* in 2023, following community consultation and historical research.

The *Local Heritage Survey* is a record of places that are, or may become, of cultural heritage significance to the City. It plays an important role in recognising places that have contributed towards the

City becoming what it is today. Places listed in the *Local Heritage Survey* may then be listed in the *Local Heritage List* which provides statutory protections. The City currently has one place in the *Local Heritage List*: Duffy House at Lot 69 (108) Duffy Terrace, Woodvale. Another 20 places were identified in the *Local Heritage Survey*, with each assessed and classified according to heritage value.

Highlight FY2023-24

Please Slow Down Consider our Kids

The City reviewed its bin supply contract and the information provided on residential bins. In the past, we supplied 'Please Slow Down Consider our Kids' bin stickers to our residents.

The stickers remind and prompt drivers to restrict their speed and be aware of children. Approximately 2,000 stickers were provided annually at a cost to the City of \$2.25 each. Working with our bin supplier, a hot stamp with the same message was created and is now a standard on all bins produced for the City. Importantly, the hot stamp is provided at no additional cost. The City is the first local government to undertake this cost saving, and potentially lifesaving, road safety initiative.

A City of Joondalup waste contractor meeting a young fan

Key non-capital projects and initiatives for FY2023–24

Community Safety Plan

The new Community Safety Plan 2024–2028 will address community safety initiatives across the City, including parking management, animal management, CCTV, graffiti removal, and community amenity. The plan aims to ensure our community feels connected and safe through direct service provision, as well as supporting and encouraging local organisations and community-led activities.

Progress FY2023–24

The development of a draft plan commenced with preliminary research and benchmarking. Changes were made to the method of consultation in the project plan, causing consultation on the draft plan to be rescheduled. The draft plan will be presented to Elected Members in FY2024–25.

Status: Behind schedule

Public Art Masterplan and Strategy

The new Public Art Masterplan and Strategy 2023–2033 will define the principles and priorities for public art in the City. It will guide resources and funding towards relevant public art projects that enhance the City's built environment, distinctive natural assets, significant Indigenous sites, historic locations and key destinations.

Progress FY2023–24

The proposed objectives and themes for the new masterplan and strategy were presented to the Strategic Community Reference Group at its 31 July 2023 meeting. The outcomes were presented to Elected Members in August 2023. Elected Members then provided feedback on the draft at the 4 June 2024 Strategy Session. The draft masterplan and strategy will be presented to Council for endorsement in FY2024–25.

Status: Behind schedule

Highlight FY2023–24

Sensory Story Time

Throughout FY2023–24, the Whitford Library has been trialling a Sensory Story Time program designed to make story time inclusive for children who have additional needs or find regular story time too overwhelming.

Sensory Story Time focuses on early literacy and social skills in a quiet, small group setting for children aged between two and five years. While all families are welcome, the program is designed to benefit children with Autism Spectrum Disorder or with other sensory processing issues. As with the regular Story Time sessions, Sensory Story Time encourages literacy through stories and song, as well as incorporating tactile sensory activities to encourage language and participation. Key Word Sign Language is also used throughout the session to introduce new ways of communicating for children. Due to the success of the program, the City will continue to provide Sensory Story Time to the community in 2024.

Reconciliation Action Plan

The new Reconciliation Action Plan will set out the City's commitment to reconciliation with Aboriginal and Torres Strait Islander peoples.

Progress FY2023-24

The draft Reconciliation Action Plan was endorsed by the Reconciliation Australia Community Reference Group and subsequently resubmitted to Reconciliation Australia for consideration. The action plan was endorsed by Council at its 12 December 2023 meeting. The final document will feature a unique commissioned artwork designed by an Aboriginal artist and be provided to Reconciliation Australia for final endorsement in FY2024-25.

Status: Behind schedule

Celebrating 25 years with our staff: Denise Woodhead — 25 years with the City of Joondalup

Denise Woodhead's journey with the City commenced in 1998, when she began working in the library.

Now as the City's Collection Management Team Leader, Denise is tasked with the acquisitions of library stock, such as books and DVDs, eBooks and audiobooks for the Cloud digital library, and supervising the Books on Wheels team and volunteers.

Looking back, Denise notes how much Libraries have adapted to be more customer-focused and interesting. The highly knowledgeable and passionate staff have guided the City's Library Services to their current high standing within the community.

"Systems used for both a Library and the City have changed for the better as the years have passed. Technical tasks have been simplified, while new systems allow new possibilities, so work is always interesting and frequently different."
Denise Woodhead (Community Development and Library Services)

Environment

Key theme 2: Environment

OUR GOAL

We have a beautiful natural environment which we care for and protect. We demonstrate best-practice in sustainability and environmental management. Our community is actively involved in conservation and sustainability initiatives, and we share responsibility for preserving our natural assets for future generations.

Key priorities

Key capital works projects for FY2023–24

Coastal and Estuarine Mitigation Program

As part of the Federal Government's Coastal and Estuarine Mitigation Program, the City was awarded \$943,697, from the Emergency Response Fund. The funding will support the City's *Coastal Infrastructure Adaptation Plan* to upgrade coastal assets and mitigate the impact of coastal erosion and inundation.

Progress FY2023–24

The Coastal Monitoring Program commenced, and photo monitoring and survey profiles were completed for October 2023 and March 2024. The sand bypassing program was conducted, and 10,000 cubic metres of sand was transported from Sorrento Beach to Hillarys Beach. Concept design options for the Coastal and Estuarine Mitigation Program were completed.

Status: On schedule

Highlight FY2023–24

▲ Craigie Bushland

Reclassification in works

In December 2023, Council adopted an amendment to its *Local Planning Scheme No 3* that could result in approximately 30 hectares of bushland being reclassified from Public Open Space to Environmental Conservation Reserve.

The reclassification would offer these natural areas greater protection from future development. These 31 areas of land have high biodiversity and conservation values and form significant ecological links.

Key non-capital projects and initiatives for FY2023–24

Climate Change Plan

The draft Climate Change Plan 2024–2034 guides the City’s planning for the future impacts of climate change across a range of areas relevant to local government, including infrastructure, health services, water management, emergency management and the natural environment.

Progress FY2023–24

The draft plan was presented to Elected Members in September 2023, and to Council at its 28 November 2023 meeting for endorsement to conduct community consultation. As requested by Council, further information on the proposed corporate emissions in the draft plan was presented on 2 April 2024. Council endorsed the draft plan for community consultation at its 25 June 2024 meeting. The community consultation will be conducted in mid-late 2024.

Status: Behind schedule

Coastal Hazard Risk Management and Adaptation Plan

The draft Coastal Hazard Risk Management and Adaptation Plan, developed under *State Planning Policy 2.6*, identified areas and assets that could potentially be impacted by coastal erosion and inundation hazards due to storm events and projected sea level rise. The plan provided recommendations and actions for how the City can respond and adapt to these coastal hazards.

Progress FY2023–24

The draft Coastal Hazard Risk Management and Adaptation Plan community consultation outcomes were presented to Council at its 12 December 2023 meeting. Council resolved that a new Coastal Hazard Risk Management and Adaptation Plan be developed to align with the *State Planning Policy 2.6* and relevant guidelines, coastal monitoring and research. Council also resolved to develop a Community and Stakeholder Engagement Strategy and establish a Community Reference Group.

Status: Behind schedule

Highlight FY2023–24

New electric vehicles

The City procured three electric vehicles, each with a range of 480 kilometres.

These have joined the general pool of fleet vehicles and seven other electric vehicles available for use by staff. In addition, two dual point electric vehicle chargers were installed at the City’s Works Operation Centre and three at the Joondalup Library/Civic Centre.

Environment Strategy

The draft Environment Strategy 2024–2034 outlines the City’s commitment to conserving, enhancing and rehabilitating the City of Joondalup’s natural assets to ensure the long-term protection of the environment for future generations.

Progress FY2023–24

Council endorsed the draft Environment Strategy 2024–2034 for community consultation at its 26 March 2024 meeting. Community consultation was undertaken from 18 April–9 May 2024. The finalised strategy will be presented to Council seeking endorsement in August 2024.

Status: On schedule

Local Government Waste Plan — City of Joondalup

The Local Government Waste Plan — City of Joondalup (2022) guides the City’s waste management practices to ensure increased diversion from landfill. The plan focuses on improving practices and providing the groundwork to inform the long-term planning for waste.

Progress FY2023–24

The City conducted 12 community waste education events, which included free interactive workshops or presentations on waste. The events provided information on waste services available to residents and how to properly dispose of waste, including e-waste and batteries. Waste disposal guides and resources were also provided. The City sponsored 76 waste education school sessions, which is curriculum-aligned and delivered by professional educators.

Status: On schedule

Celebrating 25 years with our staff: Alan Doust — 40 years with the City of Joondalup

Turf Supervisor Alan Doust has witnessed a lot of change at the City over the last four decades.

His career began as a mowing operator and, by 1994, Alan supervised 27 staff doing mowing and turf renovations. The team grew to 37 staff before a review in 2012 saw the team reduced to a mix of 17 staff and external contractors. Looking back, changes in technology over the years have greatly assisted Alan’s role. Today, he leads a team of 9 and manages 15 contracts; he is responsible for managing 66 sporting grounds, beach cleaning, and mowing maintenance.

“What I do is changing every day, whatever you plan is always impacted by something. But being able to adjust to these changes and being able to manage what I do keeps me here.”
Alan Doust (Parks and Natural Environment)

Correction of material errors in previous Annual Report

The following are corrections to reporting errors made in the Annual Report FY2022-23:

- On page 113, it was incorrectly reported that the amount of native vegetation protected under the City's Local Planning Scheme No 3, Metropolitan Region Scheme and Bush Forever was ~519 hectares; the correct amount was 1,211 hectares.

Highlight FY2023-24

Highlight FY2023-24: Native plant giveaway initiative

As part of the City's Environmental Education Program, we delivered a free native plant giveaway. The aim was to create cool, green and waterwise native gardens that residents and local wildlife can enjoy. The initiative was popular, with all 7,500 plants and 350 trees allocated to eligible residents within 24 hours. The initiative was co-funded through the Water Corporation's Waterwise Greening Scheme.

Place

▲ City of Joondalup workers

Key theme 3: Place

OUR GOAL

We have well-planned and attractive suburbs and streetscapes, supported by a range of integrated transport options. Our urban landscapes are connected, useable and accessible. A high standard of liveability is enjoyed by our community who can access quality facilities and public open spaces.

Key priorities

Key capital works projects for FY2023–24

Burns Beach — café development

The project is to develop a café on City-managed Crown land within the Burns Beach Coastal Node. It will incorporate a two-storey food and beverage facility to be leased to commercial contractors.

Progress FY2023–24

The City will lodge a clearing permit application with the Department of Water and Environmental Regulation. The detailed design for the development will progress in FY2024–25.

Status: Behind schedule

Burns Beach Coastal Node redevelopment

The project will redevelop the infrastructure of the Burns Beach Coastal Node aligning with the construction of a café at Burns Beach foreshore, as per the *Burns Beach Masterplan*.

Progress FY2023–24

In accordance with section 3.59 of the *Local Government Act 1995*, the City is preparing and advertising a business plan for this project. The application for a clearing permit cannot progress until the business plan process has been completed. The business plan for the project will be advertised in FY2024–25.

Status: Behind schedule

Christchurch Park change rooms refurbishment

The project refurbished and upgraded the existing Christchurch Park (Currambine) toilets and change room, improving functionality for facility users. Works included the upgrading of the change rooms to support unisex standards and construction of a new kiosk and additional storage areas.

Progress FY2023–24

Construction works commenced and the project was completed in April 2024.

Status: Completed

Civic Centre slab waterproofing

The project will deliver waterproofing of the suspended roof slabs at the Civic Centre and Joondalup Library undercroft parking areas. Works will include replacing drainage outlets, installing a membrane around the drainage, creating a recess in the slab and repairing deteriorated expansion joints.

Progress FY2023–24

A construction contract was awarded, and replacement of drainage outlets and installation of a membrane commenced. Construction will be completed in FY2024–25.

Status: On schedule

Eddystone Avenue – Joondalup Drive to Honeybush Drive

The project will deliver upgrades to Eddystone Avenue from Joondalup Drive to Honeybush Drive. Works will include construction of an additional westbound lane and modification of turning lanes at Joondalup Drive and Honeybush Drive intersections.

Progress FY2023–24

The detailed design for this project commenced and will be completed in FY2024–25. Construction will be completed in FY2025–26.

Status: On schedule

Greenwood Scout Hall refurbishment

The project will refurbish the existing Greenwood Scout Hall, improving functionality for facility users, and will include construction of additional storage areas.

Progress FY2023–24

The detailed design for this project was completed, and a construction contract was awarded. Construction commenced and will be completed in FY2024–25.

Status: On schedule

Hepburn Avenue – Lilburne Avenue to Walter Padbury Boulevard

The project will deliver upgrades to Hepburn Avenue, between Lilburne Avenue and Walter Padbury Boulevard. Works will include the installation of traffic signals at Lilburne Avenue intersection and a dual-lane roundabout at Walter Padbury Boulevard intersection.

Progress FY2023–24

The detailed design for this project commenced and construction will be completed in FY2024–25.

Status: On schedule

Hepburn Avenue/Amalfi Drive/Howland Road roundabout improvement

The project will deliver improvements to the Hepburn Avenue/Amalfi Drive/Howland Road roundabout. Works will include pre-deflection on east approach, skid resistance treatments and upgrades to lighting, pedestrian and cyclist facilities.

Progress FY2023–24

The detailed design for this project was completed, and construction will be completed in FY2024–25.

Status: On schedule

Hepburn Avenue/Karuah Way intersection improvement

The project will deliver improvements to the Hepburn Avenue/Karuah Way intersection. Works will include left and right turn pockets, eastbound shoulder, kerb realignments, crossing relocation and upgrades to lighting, pedestrian and cyclist facilities.

Progress FY2023–24

The detailed design for this project was completed and construction commenced. Construction is taking longer than expected; completion is anticipated in FY2024–25.

Status: Behind schedule

Hepburn Avenue/Moolanda Boulevard roundabout construction

The project will deliver upgrades to the Hepburn Avenue and Moolanda Boulevard intersection to a two-lane roundabout, with pre-deflections on east and west leg approaches.

Progress FY2023–24

The detailed design for this project commenced and will be completed in FY2024–25. Construction is scheduled for completion in FY2025–26.

Status: On schedule

Hillarys cycle network expansion

This multi-year project will deliver upgrades to the coastal shared pathway. Works will include other pathway-associated upgrades (between Hillarys and Burns Beach) and the installation of a shared pathway along Hepburn Avenue (between Gibson Avenue and Whitfords Avenue).

Progress FY2023–24

The construction of the shared pathway along Hepburn Avenue (between Gibson Avenue and Whitfords Avenue) was completed. The design for the southern section (from Hillarys Boat Harbour to the West View car park) was completed with a portion of this section (from Tom Simpson Park to the West View car park) awarded for construction. The design for the northern section (north of the Ocean Reef Marina to Burns Beach) has progressed.

Status: Behind schedule

Joondalup Administration roof balustrades

The project will replace the rooftop height safety balustrades, building surround balustrades, and footing walls.

Progress FY2023–24

The detailed design for this project was completed, and the design and construction will be completed in FY2024–25.

Status: On schedule

Joondalup Drive/Hodges Drive intersection upgrade

The project will deliver upgrades to the Joondalup Drive/Hodges Drive intersection. Works will include an additional right turn lane (from Hodges Drive to Joondalup Drive southbound) and upgrades to turning pockets, lighting, pedestrian facilities and Mitchell Freeway southbound access.

Progress FY2023-24

The detailed design for this project progressed, and will be completed in FY2024-25.

Status: On schedule

Joondalup Drive/Lakeside Drive (north) roundabout

The project will deliver upgrades to the Joondalup Drive/Lakeside Drive (north) intersection to a roundabout. Works will include a northbound cycle lane bypass, skid resistance treatments and upgrades to lighting, and pedestrian and cyclist facilities.

Progress FY2023-24

The detailed design for this project progressed, and the design and construction will be completed in FY2024-25.

Status: On schedule

Moolanda Boulevard pedestrian footbridge

The project will renew the pedestrian footbridge over Moolanda Boulevard (Kingsley). Works will include removing the existing footbridge.

Progress FY2023-24

A detailed business case to critically assess the replacement of the pedestrian bridge was undertaken which informed the overall budget. The detailed design for this project progressed and will be completed in FY2024-25. Construction is scheduled for completion in FY2025-26.

Status: On schedule

Percy Doyle Reserve Community Sporting Facility

The project will refurbish and upgrade the existing Percy Doyle Reserve Community Sporting Facility (Duncraig), improving functionality for facility users. Works will include the upgrade of change rooms to support unisex standards, and construction of an external park universal access toilet and additional storage areas.

Progress FY2023-24

The detailed design for this project was completed, and a construction contract was awarded. Construction will be completed in FY2024-25.

Status: On schedule

Celebrating 25 years of delivering services to our community: Environmentally sustainable road surfacing

Over the past two decades, the City has been proactive in using recycled products in infrastructure projects.

The City has already seen the benefits of rehabilitating road pavements using 100 per cent Recycled Cold Mixed Asphalt. Now, the City is the first local government in Western Australia to trial an environmentally sustainable product as part of its Road Resurfacing Program. CarbonBind, is a bio-based asphalt and sprayed seal binder which reduces the carbon footprint of flexible pavements. The trial is part of the City's commitment to implementing strategies to ensure it is prepared and able to adapt to current and future impacts of climate change.

The City, in consultation with its asphalt supplier, is using CarbonBind in the resurfacing of the westbound lane of Whitfords Avenue at the intersection of Dampier Avenue (Kallaroo).

▲ Coastal shared-use path

Duncraig Adventure Hub

The project will develop a youth facility at Percy Doyle Reserve (Duncraig). The project will include a skate park, BMX pump and jump track, multi-purpose court, play space, and a youth plaza with picnic infrastructure, barbecues, toilets, lighting, CCTV, and food truck bays.

Progress FY2023–24

The detailed design for this project was finalised and contracts were awarded for the design and construction of the skate park and pump and jump track. The contract for the civil forward works was awarded and the tender for landscape construction was advertised. Construction will be completed in FY2024–25.

Status: On schedule

Prince Regent Park facility refurbishment

The project will refurbish and upgrade the existing Prince Regent Park (Heathridge) toilets and change rooms, improving functionality for facility users. Works will include the upgrade of change rooms to support unisex standards and construction of an external park universal access toilet, a new kiosk and additional storage areas.

Progress FY2023–24

The detailed design did not progress in the year due to the discovery of a Water Corporation sewer main. Potential alternative locations will be investigated in FY2024–25.

Status: Behind schedule

Warwick north cluster parks revitalisation

The project will deliver landscaping improvements to Hillwood Park North, Carr Park and Hillwood Park South (Warwick).

Progress FY2023–24

Construction commenced and works were completed in Carr Park and Hillwood Park South. Construction in Hillwood Park North is taking longer than expected and will be completed in FY2024–25.

Status: Behind schedule

Key non-capital projects and initiatives for FY2023–24

Burns Beach café development

The Burns Beach café will be developed on City-managed Crown land within the Burns Beach Coastal Node. The development will incorporate a two-storey food and beverage facility and be leased to commercial operators.

Progress FY2023–24

Due to the complexity of submissions received from the expression of interest process for the development of the café, the City sought expert advice from a speciality hospitality consultant and probity advisor; this delayed the expression of interest process. Submissions were shortlisted by Council at its 19 September 2023 meeting and progressed to stage two. It is anticipated a report following stage two will be presented to Elected Members in FY2024–25.

Status: Behind schedule

Heathridge Park Masterplan

The Heathridge Park Masterplan is an investigation of two options, to replace/ refurbish the existing facilities, or to turn the existing community facilities into a single, new multi-purpose facility.

Progress FY2023–24

The financial evaluation and business case for the Heathridge Park Masterplan was finalised. A report on the options for progressing development was presented to the Major Projects and Finance Committee at its 25 March 2024 meeting. A report on the options for progressing development was presented to Council at its 23 April 2024 meeting. Council endorsed community consultation on the concept design options, which will commence in July 2024.

Status: On schedule

Integrated Transport Plan

The *Integrated Transport Plan 2024–2034* will guide multi-modal transport planning and inform strategic policy, advocacy and infrastructure decisions in the City over the next 10 years.

Progress FY2023–24

A review of the findings from the consultant and stakeholders was undertaken and further research was conducted to inform the development of a draft plan. The *Integrated Transport Plan 2024–2034* was endorsed by Council at its 23 April 2024 meeting.

Status: On schedule

▲ City of Joondalup school cycling event

Joondalup City Centre Development – Boas Place

The project will include investigation into future opportunities for the development of Boas Place, across 90 Boas Avenue and 70 Davidson Terrace (Joondalup) to incorporate a variety of land uses. The aim of the development is to unite the City's existing civic, cultural, retail, transport, recreation and education elements.

Progress FY2023–24

An internal City Centre Development and Activation Steering Group was formed to guide and progress the development in accordance with Council's vision. The finalisation of a strategy for investigating opportunities into the development was delayed until the project philosophy and parameters were endorsed by Council. The Major Projects and Finance Committee considered the draft project philosophy and parameters at its 6 May 2024 meeting, which were later endorsed by Council at its 28 May 2024 meeting.

Status: Behind schedule

Local Planning Strategy review

The review of the City's *Local Planning Strategy* aims to ensure the ongoing applicability of our strategic direction for land use planning and development. The review is inclusive of the City's Local Housing Strategy and Local Commercial Strategy.

Progress FY2023–24

Council endorsed the technical scope of phase two of the review at its 25 July 2023 meeting. A report on the outcomes of phase two and scope for phase three was presented to the Policy Committee at its 30 April 2024 meeting. The report and scope were endorsed by Council at its 28 May 2024 meeting, and phase three commenced.

Status: On schedule

Ocean Reef Marina

The Ocean Reef Marina will be a world-class waterfront precinct, providing recreational, tourism, residential and boating facilities. The project is managed by DevelopmentWA with support and contributions provided by the City. The development is a transformational project that will create an iconic coastal destination in the City.

Progress FY2023–24

The City continued to support and provide technical feedback and guidance to DevelopmentWA and other key stakeholders to ensure the construction progresses according to the Development Agreement. Development opportunities for land within the marina continue to be explored and progress updates were provided to Council at its 22 August 2023 meeting, and to the Major Projects and Finance Committee at its 25 March 2024 meeting.

Status: On schedule

Celebrating 25 years with our staff: Gwen Boswell – 30 years with the City of Joondalup

As Senior Projects Officer, Gwen assists with City freehold and managed Crown land-related projects and enquiries.

Her career started in local government in the United Kingdom in a role that had nothing to do with land. Looking back, starting on the planning enquiries public counter was challenging but also an interesting working environment and good fun.

“A work/life balance approach didn't exist back then as being something important and I think the improvements in this area have been wonderful. Besides career opportunities that I have appreciated, I have enjoyed being on various teams and taskforces over the years.”
Gwen Boswell (City Projects)

*Note: Value of facility hire subsidisation is calculated as the difference between the subsidised rate and standard community rate. These subsidised hours were provided to different groups as per the *Facility Hire Subsidy Council Policy*. This dataset of total hours at subsidised rate and value of subsidisation is only available up until 31 December 2023 as that is when the *Facility Hire Subsidy Council Policy* concluded. The *Venue Hire Fees and Charges Council Policy* came into effect from 1 January 2024.

Economy

^ Destination Joondalup Business Forum

Key theme 4: Economy

OUR GOAL

We are a global facing City with a prosperous and resilient economy. Our City is home to diverse industries that generate a wide range of local job opportunities. We encourage creativity and innovation, and we support opportunities to build the City's brand as a popular business and tourism destination.

Key priorities

Key capital works projects for FY2023-24

There were no key capital works projects in FY2023-24.

Highlight FY2023-24

Destination Joondalup Business Forum

Hon Rita Saffioti MLA, Deputy Premier; Treasurer; Minister for Tourism; Transport was the keynote speaker at the City's Destination Joondalup Business Forum on 9 November 2023. The forum provided insight and a broader understanding of the initiatives shaping Joondalup's tourism landscape, and explored the state's tourism priorities and the role Joondalup will play as a leading destination.

Central Walk Swap Up event

Key non-capital projects and initiatives for FY2023–24

Economic Development Strategy

The *Economic Development Strategy 2024–2029* guides economic development activities within the City by providing support to local businesses, stimulating investment, and driving economic growth.

Progress FY2023–24

The draft *Economic Development Strategy 2024–2029* was presented to Elected Members on 4 December 2023. Council endorsed the draft strategy for community consultation at its 27 February 2024 meeting. Community consultation was undertaken from 14 March–6 April 2024, and Council endorsed the strategy at its 25 June 2024 meeting.

Status: On schedule

Event attraction

The City works with external stakeholders and event promoters to attract and support significant events that are unique to Joondalup. Events enhance Joondalup's image as an attractive destination for visitors, tourists and business.

Progress FY2023–24

The City worked with external stakeholders and event promoters to attract a number of significant events to Joondalup, including the National Basketball League One (NBL1) finals at HBF Arena (Joondalup). The Joondalup Festival of Motoring was delayed due to a bushfire in the City of Wanneroo and forecasted extreme weather conditions, and was instead held in May 2024.

Status: On schedule

Joondalup Innovation Precinct

The project will support the development of a Joondalup Innovation Precinct for new and emerging technology and industries in urban robotics, a digital innovation centre, and education and health precincts.

Progress FY2023–24

The City advocated to the State and Federal Governments for the key priorities of digital, health and City Centre development. The City worked directly with State Government agencies and key stakeholders, such as the Joondalup Joint Economic Development Initiative, for the scoping of the vision and communications of the precinct.

Status: On schedule

Place activation

Place activation promotes and facilitates City and community-led activities and projects that support the activation of spaces and places that are important to the wellbeing of the community and the economy.

Progress FY2023–24

A variety of place activation projects and activities were delivered throughout Joondalup and the City Centre. The City supported the Town Team Heartbeat Joondalup social media launch, delivered projects in Central Walk, hosted Town Team Convergence (Western Australia's annual placemaking conference) and provided business support and engagement, such as the Animals Uptown sculpture trail.

Leadership

Key theme 5: Leadership

OUR GOAL

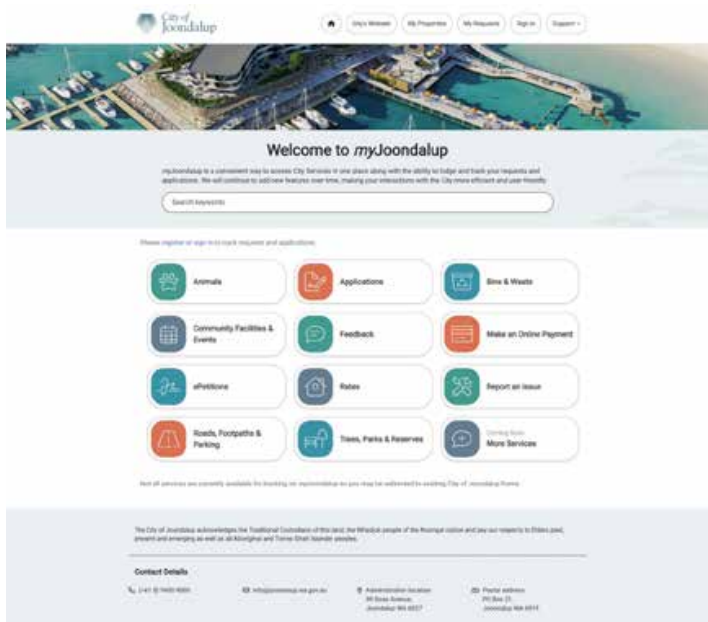

We have a diverse elected body that represents, promotes and reflects the composition of our community. Our Council and workforce are accountable and transparent and make balanced decisions based on sound, professional advice. Quality services are delivered by our highly-skilled and effective workforce.

Key priorities

Key capital works projects for FY2023–24

There were no key capital works projects in FY2023–24.

Highlight FY2023–24

myJoondalup

As part of Project Axiom, the City launched *myJoondalup* on 20 March 2024, a customer portal for lodging building and planning applications online. This marks a very exciting first step in the City's digital transformation journey. The transition for customers and staff using the new systems went smoothly, with some minor issues that were resolved quickly. Since launching the new portal, over 350 *myJoondalup* accounts have been registered, and over 450 applications have been created in the new system. Project Axiom is transforming the way we serve our community.

▲ Remembrance Day service

Key non-capital projects and initiatives for FY2023–24

10-Year Strategic Financial Plan

The *10-Year Strategic Financial Plan 2023* is a high-level document that outlines the City's approach to delivering infrastructure and services to the community in a financially-sustainable and affordable manner.

Progress FY2023–24

The plan was presented to the Major Projects and Finance Committee at its 4 August 2023 meeting. Due to the caretaker provisions under the City's *Elections Caretaker Council Policy*, the plan was not presented to Council until the 28 November 2023 meeting. A review of major project timings and assumptions was conducted in October and November 2023, which informed the FY2023–24 mid-year review of the plan, the FY2024–25 budget, and the development of the draft *10-Year Strategic Financial Plan 2024*. The draft plan includes updates to economic projections, projects, operating assumptions, and baselines. The *Financial Sustainability Guiding Principles 2024* were reviewed, and the findings were presented to the Major Projects and Finance Committee at its November 2024 meeting.

Status: On schedule

Advocacy Framework

The *Advocacy Framework 2022* provides a strategic approach to advocacy activities to ensure evidenced-based decision making, greater stakeholder engagement, and the development of processes to maximise opportunities for support and investment into the City.

Progress FY2023–24

The City created marketing material for the five advocacy priorities identified by Elected Members – Ocean Reef Marina, City Centre Development, Innovation and the Digital Economy, World-Class Health Precinct, and LED Streetlighting Conversion. The materials were provided to State and Federal Governments and key stakeholders during advocacy meetings.

Status: On schedule

Core system replacement project (Project Axiom)

Project Axiom will be a core information technology solution, which will include a customer relationship management system, online customer portal, and finance and asset management systems.

Progress FY2023-24

Elected Members were provided with a project plan and release schedule at a workshop on 12 February 2024; Project Axiom is progressing according to this plan. The technical development of stage one of the customer relationship management system and finance system was completed, and the system was prepared for training and community consultation activities prior to a public launch. The new Building and Planning Applications Portal was released to the public in March 2024. A new Waste Management Services portal was completed and is ready for public release to coincide with the waste services contractor commencing the new bulk waste service. The new Feedback Portal (Complaints and Compliments) and online Health Application forms will be released to the public on 1 July 2024.

Status: On schedule

Customer service centralisation

The customer service centralisation project will centralise the City's main customer service functions to achieve greater organisational efficiency and a higher rate of first point of contact resolution.

Progress FY2023-24

The auto-attendant function was launched in August 2023, which integrated call flows for various services. Research continued for procuring an Omni-Channel system for the City's contact centre. Development of the quality assurance objectives, metrics, standards and criteria of the draft Contact Centre Quality Assurance Framework commenced. The draft framework has been designed and developed to monitor customer interactions; it is aimed at measuring customer experience and identifying potential service delivery improvements.

Status: On schedule

Celebrating 25 years with our staff: Darwin Myint – 28 years with the City of Joondalup

When Darwin Myint first started in the Parks Department at the then City of Wanneroo in 1996, information technology was a mixture of mainframe systems and desktop Personal Computers.

Looking back, software on computers had to be installed by 3.5-inch floppy disk, each disk holding 1.44 megabytes. To put that into current day perspective, the average storage capacity of a smart phone or USB stick is about 32 gigabytes – approximately 22,800 floppy disks. Now, with the computing power to analyse large amounts of data, the City can make better, informed decisions.

“The main challenge for all of us as a City, a service provider and as a community, is keeping up with the fast-changing information technology landscape while trying to harness and embrace the capabilities and opportunities that it presents.”
Darwin Myint (Information Technology)

Year ahead

▲ NAIDOC Week

Year ahead

The following projects and initiatives have been identified by Council as key priorities for FY2024–25 in our *Corporate Business Plan 2024–2028*. Detailed descriptions, planned completion dates, and total budgets are provided under the five key themes of our 10-Year Strategic Community Plan, *Joondalup 2032: Community, Environment, Place, Economy and Leadership*.

> The *Corporate Business Plan 2024–2028* is available on the City's website joondalup.wa.gov.au

Key capital works projects for FY2024–25

Key theme 1: Community

Duncraig Adventure Hub

The project will develop a youth facility at Percy Doyle Reserve (Duncraig). The project will include a skate park, BMX pump and jump track, multi-purpose court, play space, and a youth plaza with picnic infrastructure, barbecues, toilets, lighting, CCTV and food truck bays. Construction will be completed in FY2024–25.

Gibson Park pump track

The project will include a pump track in Gibson Park (Padbury) designed to cater for entry level BMX users. The facility will incorporate a loop circuit and asphalt track with a range of rolling humps (rollers). The project may include complementary infrastructure, such as seating, an accessible pathway and a picnic setting. Construction will be completed in FY2024–25.

Santiago Park sports lighting installation

The project will install four new lighting poles and sports lights to the required standards for large ball sports at Santiago Park (Ocean Reef). Construction will be completed in FY2024–25.

Sorrento Surf Life Saving Club redevelopment

The project will redevelop the existing Sorrento Surf Life Saving Club facility. The redevelopment will include a commercial component and aims to support and enhance usage. The existing facility is currently leased by the Sorrento Surf Life Saving Club, which is one of the largest clubs in the City with over 2,000 members. The detailed design will be completed in FY2024–25.

^ School planting day

Key theme 2: Environment

Coastal and estuarine mitigation program

Under this program, existing coastal protection assets will be renewed and upgraded over the next three years. The assets scheduled for renewal and upgrade include the Marmion Angling and Aquatic Club seawall, Sorrento seawall, Mullaloo Surf Life Saving Club seawall, and the Sorrento central and southern groynes. The detailed design will be completed in FY2024–25.

▲ Sorrento Beach

Key theme 3: Place

Eddystone Avenue – Joondalup Drive to Honeybush Drive

The project will upgrade Eddystone Avenue (from Joondalup Drive to Honeybush Drive). Works will include the upgrade of the existing single lane roundabout to a dual-lane roundabout, and the construction of additional turning lanes at Joondalup Drive and Honeybush Drive intersections. The detailed design will be completed in FY2024–25.

Greenwood Scout Hall refurbishment

The project will refurbish the existing Greenwood Scout Hall (Greenwood), improving functionality for facility users, and includes construction of additional storage areas. Construction will be completed in FY2024–25.

Hepburn Avenue – Lilburne Avenue to Walter Padbury Boulevard

The project will upgrade Hepburn Avenue between Lilburne Avenue and Walter Padbury Boulevard, including the installation of traffic signals at Lilburne Avenue intersection and a dual-lane roundabout at Walter Padbury Boulevard intersection. Construction will be completed in FY2024–25.

Hepburn Avenue/Amalfi Drive roundabout improvement

The project will deliver improvements to the Hepburn Avenue/Amalfi Drive roundabout. Works will include the pre-deflection on the east approach, skid resistance treatments and upgrades to lighting, and pedestrian and cyclist facilities. The works will include kerbing and drainage upgrades to the median island of Hepburn Avenue eastbound, and modifications to the entry statement into Harbour Rise estate on Amalfi Drive. Construction will be completed in FY2024–25.

Hepburn Avenue/Moolanda Boulevard roundabout construction

The project will upgrade the Hepburn Avenue and Moolanda Boulevard intersection to a two-lane roundabout, with pre-deflections on east and west leg approaches, and upgrades to lighting and pedestrian facilities. The detailed design will be completed, and construction will commence in FY2024–25.

Hillarys cycle network expansion

This expansion is a joint project with the State Government and the Department of Transport, delivered by the City of Joondalup. The project will involve an upgrade to the coastal shared pathway, including other pathway-associated upgrades between Hillarys Boat Harbour and Burns Beach foreshore. The project will include the installation of a shared pathway along Hepburn Avenue (between Gibson Avenue and Whitfords Avenue) to create a continuous shared pathway connection along Hepburn Avenue (from Wanneroo Road to Hillarys Boat Harbour). The construction of the middle section of the network from Tom Simpson Park (Mullaloo) to Key West Car Park (Ocean Reef) will be completed, and construction will commence on the southern section of the network in FY2024–25.

Joondalup Drive/Hodges Drive intersection upgrade

The project will upgrade the Joondalup Drive/Hodges Drive/Grand Boulevard intersection. Specific aspects of the upgrade will include an additional right turn lane from Hodges Drive to Joondalup Drive southbound, and upgrades to turning pockets, lighting, pedestrian facilities and Mitchell Freeway southbound access. Construction will be completed in FY2025–26.

Joondalup Drive/Lakeside Drive (north) roundabout

The project will upgrade the Joondalup Drive/Lakeside Drive (north) intersection to a dual-lane roundabout. Planned works will include a northbound cycle lane bypass, skid resistance treatments, and upgrades to lighting and pedestrian/cyclist facilities. The upgrades will include the installation of a single-lane roundabout at the Lakeside Drive/Aldgate Street intersection. Construction will be completed in FY2024–25.

Moolanda Boulevard pedestrian footbridge

The project will replace the pedestrian bridge over Moolanda Boulevard (Kingsley). The detailed design will be completed, and construction will commence in FY2024–25.

Percy Doyle Reserve Community Sporting Facility

The project will refurbish and upgrade the existing Percy Doyle Reserve Community Sporting Facility (Duncraig), improving functionality for facility users. Works will include the upgrade of change rooms to support unisex standards, and construction of an external park universal access toilet, and additional storage areas. Construction will be completed in FY2024–25.

Prince Regent Park facility upgrade

The project will refurbish and upgrade the existing Prince Regent Park (Heathridge) toilets and change rooms, improving functionality for facility users. Works will include the upgrade of change rooms to support unisex standards and construction of an external park universal access toilet, a new kiosk, and additional storage areas. The detailed design will be completed, and construction will commence in FY2024–25.

Tom Simpson Park north/south car parks improvements

The project will include upgrading the north and south car parks servicing Tom Simpson Park (Mullaloo) to align with the coastal shared pathway. Works will include a reconfiguration to optimise the layout and resurfacing. The detailed design will be completed, and construction will commence in FY2024–25.

Warwick north cluster parks revitalisation

The project will deliver landscaping improvements to Hillwood Park North, Carr Park and Hillwood Park South (Warwick). Works include improvements to pathways, turf areas, irrigation upgrades, mulching and tree planting. Construction will be completed in FY2024–25.

v Duncraig Adventure Hub (artist impression)

▲ Burns Beach food and beverage facility (artist impression)

Whitfords West Park – amenity improvement

This project is for landscape upgrades at Whitfords West Park (Kallaroo). The works will include additional play equipment (flying fox and nature play), new picnic shelters and tables, bench seat, barbecue, drinking fountain and dog bowl, and additions to the existing footpath network. Construction will be completed in FY2024–25.

Whitfords West Park – pump and jump

This project is for the design and construction of a pump track, jump line, and basketball pad with hoops at Whitfords West Park (Kallaroo). The new pump track and jump track will be designed for intermediate to advanced riders. The works for the bike track will combine an asphalt and/or gravel jump line and pump track into one facility, linked via an entry berm. The jump line will consist of multiple tracks, each with a series of jumps set at different heights providing varying levels of difficulty. The facility may incorporate complementary infrastructure, such as seating, accessible pathway and a picnic setting. The detailed design will be completed, and construction will commence in FY2024–25.

Key theme 4: Economy

Burns Beach – café/kiosk/restaurant

The project will deliver a food and beverage facility at the Burns Beach foreshore. The facility will provide opportunities for the local population and visitors to enjoy the coastal environment and increase the vibrancy of the area as a destination beyond daylight hours. An additional flora survey will be undertaken, a clearing permit application will be submitted, and the detailed design will progress in FY2024–25.

Burns Beach Coastal Node redevelopment

The project includes the redevelopment of infrastructure to align with the construction of a food and beverage facility at the Burns Beach foreshore. The project has been planned in accordance with the *Burns Beach Masterplan 2016*. An additional flora survey will be undertaken, a clearing permit application will be submitted, the detailed design will progress in FY2024–25.

Key theme 5: Leadership

There were no key capital works projects in FY2024–25.

Key non-capital projects and initiatives for FY2024–25

Key theme 1: Community

Dog Management Plan

The Dog Management Plan is a new plan that will guide the City's approach to managing dogs within the district, and will include legislative and regulatory instruments, behavioural management, and community education and awareness. In FY2024–25, the proposed approach to developing the plan will be presented to Elected Members for feedback. Community consultation will be undertaken to inform the development of the plan, and the Dog Management Plan 2025–2035 will be finalised.

Joondalup performing arts centre

The City will investigate the proposal for an arts facility to host performing arts and cultural events and other activities within the Joondalup City Centre. In FY2024–25, the City will develop a business case for a Joondalup performing arts centre.

Key theme 2: Environment

Climate Change Plan

The Climate Change Plan is a new plan that will guide the City's planning for the future impacts of climate change across a range of areas relevant to local government, and will include infrastructure, health services, water management, emergency management, and the natural environment. The new plan was drafted and endorsed by Council for community consultation at its 25 June 2024 meeting. Community consultation will be undertaken in FY2024–25.

Coastal Hazard Risk Management and Adaptation Plan

The Coastal Hazard Risk Management and Adaptation Plan is a new plan to be developed under *State Planning Policy 2.6*, which will identify areas and assets that could potentially be impacted by coastal erosion and inundation hazards due to storm events and projected sea level rise. The plan will provide recommendations and actions for how the City can respond and adapt to these coastal hazards. In FY2024–25, the draft project plan and a draft Terms of Reference for the establishment of a Coastal Hazard Risk Management and Adaptation Plan Community Reference Group will be presented to Council for feedback.

Key theme 3: Place

Heathridge Park Masterplan

The Heathridge Park Masterplan is an investigation of two options, to replace/ refurbish the existing facilities, or to turn the existing community facilities into a single, new multi-purpose facility. In FY2024–25, the results of the community consultation on the concept design will be presented to Elected Members for feedback. Guided by Council, the City will develop and implement a set of actions in relation to the project.

Integrated parking compliance system

A new integrated parking solution will manage all parking-related activities, and will include the implementation of pay-by-plate parking meters, a parking application, e-permit solution, infringement and enforcement management systems, and upgrading of car park and mobile parking infrastructure. In FY2024–25, a new parking application will be launched throughout paid parking areas in the Joondalup City Centre, and existing parking ticket machines will be replaced or upgraded at the Reid Promenade Multi-Storey Car Park.

Joondalup City Centre development

The project will include investigation into future opportunities for the development of Boas Place, across 90 Boas Avenue and 70 Davidson Terrace (Joondalup), to incorporate a variety of land uses. The aim of the development is to unite the City's existing civic, cultural, retail, transport, recreation and education elements. In FY2024–25, a business case for these development opportunities will be progressed.

Local Planning Strategy review

This ongoing review of the *City's Local Planning Strategy* includes a review of the *Local Housing Strategy* and the *Local Commercial Strategy*. The review will ensure the ongoing applicability of the stated strategic direction for land use planning and development in the City. In FY2024–25, the City will engage an external consultant to progress the review, undertake community consultation for phase three, and undertake a spatial option analysis.

Ocean Reef Marina

The ongoing Ocean Reef Marina project is the construction of a world-class waterfront precinct, providing recreational, tourism, residential and boating facilities. This project is being managed by DevelopmentWA with support and contributions provided by the City. In FY2024–25, the City will continue to provide support to DevelopmentWA and undertake agreed activities to progress the development of the marina as per the Development Agreement.

Key theme 4: Economy

Investment Attraction Framework

A new Investment Attraction Framework will support the City to develop targeted investment strategies to encourage private and public investment in the City. In FY2024–25, the draft framework will be presented to Elected Members for feedback, and the Investment Attraction Framework will be finalised.

Joondalup Innovation Precinct

The development of a Joondalup Innovation Precinct, for new and emerging technology and industries, will support urban robotics, a digital innovation centre, and the education and health precincts. In FY2024–25, the development of the Joondalup Innovation Precinct will be progressed.

Place activation

Place activation involves City and community-led activities and projects that support the activation of spaces and places that are important to the wellbeing of the community and economy. In FY2024–25, the City will continue to deliver actions from the *Joondalup City Centre Place Activation Plan 2022*.

Key theme 5: Leadership

Core system replacement project (Project Axiom)

Project Axiom is a core information technology solution for the City, which will include a customer relationship management system, online customer portal, finance, and asset management system. In FY2024–25, the City will continue to progress the development of the project with the focus on three systems – finance, supply chain management, and customer engagement.

City of Joondalup website redevelopment project

The redevelopment of the City's website will improve accessibility, provide more efficient online services, and enhance the experience of users. In FY2024–25, the City will undertake final testing before launching the website.

Customer service centralisation

The aim of the project is to centralise the City's main customer service functions to achieve greater organisational efficiency and a higher rate of first point-of-contact resolution. In FY2024–25, the City will continue the centralisation of businesses processes and workflows.

Performance measures

A new set of performance measures will be developed to measure the success of the City's 10-Year Strategic Community Plan, and a new set of efficiency and effectiveness measures will be developed to measure and report on the City's performance. In FY2024–25, an external consultant will be appointed to develop the measures in consultation with Elected Members, and a draft set of performance measures will be developed.

Privacy and Responsible Information Sharing reforms

The Privacy and Responsible Information Sharing reforms include the implementation of new Western Australian legislation that will form the basis of privacy and responsible information sharing. The reforms build on extensive consultation that commenced in 2019 to develop a model that is right for Western Australia. In FY2024–25, the City will update internal processes and documentation in accordance with the reforms, develop relevant Council policies, and develop training and awareness programs, as required.

Challenges

Urban renewal and growth

The City is experiencing urban renewal and growth. Being able to meet the expectations from the community to provide and improve our services as well as our sporting and community infrastructure is a challenge. Housing in the City is predominantly single homes at 87 per cent, with high density housing only in the suburb of Joondalup, at one per cent of total housing stock. The current household types reflect the typical makeup of an ageing urban growth area, with families with children forming a very high proportion of households at 65 per cent.

The City is committed to providing access to affordable, diverse and liveable housing; crucial to the development of inclusive and connected communities. Housing allows people to establish roots within their community and can facilitate ageing in place. The challenge

is integrating land use and transport planning to create safe, efficient and sustainable movement throughout the City. Having vibrant neighbourhoods where people can live, work, and play, and protecting and enhancing the amenity of residential areas and streetscapes is a key element of the City's *Integrated Transport Plan 2024-2034*.

The City aims to facilitate urban renewal and increase investment across the City. Development of a marina at Ocean Reef and café facilities at Burns Beach will complement the ongoing management of the City's coastline and natural areas. The redevelopments of Craigie Leisure Centre and Tom Simpson Park, and the development of the Greenwood Pump and Jump facility and Duncraig Adventure Hub, are examples of excellence in how the City develops its community facilities.

A School planting day

Energy and climate management

The summer of FY2023–24 was one of the hottest in Perth's history, with February 2024 breaking the record for the most days over 40 degrees Celsius in a single calendar month. There was also less rain, with just 21.8 millimetres of rainfall recorded from October 2023 to the end of March 2024, making this the lowest October–March rainfall on record.

The City plays a crucial role in improving and maintaining tree cover in its parks, public open spaces and road verges. Since 2017, the City's Leafy City Program has used thermal mapping and tree canopy surveying to identify suburban street hot spots and plant trees accordingly. The City has planted 6,280 new trees under the Leafy City Program since 2017. The trees add to the urban canopy in our neighbourhoods and create cooler, inviting, green urban spaces for residents, and mitigate the increasing heat island effect. Other initiatives to increase canopy cover have received strong interest from the community, including the winter tree planting program, native plant giveaway, and natural area conservation works.

Like other local governments, the City is balancing its responsibility to enable the timely construction of new and infill housing to address our housing crisis, with the imperative of retaining mature trees wherever possible. We believe a consensus with government, community and industry can be reached on this matter; the City will continue to work with the

State Government to find a workable solution for all parties. Increasing canopy cover is a shared responsibility, and the continuation and expansion of grant funding — such as the Urban Greening Grant Program — is vital to support local governments to conduct additional tree and understorey planting in high urban heat areas to help address the impacts of climate change.

Cost of living pressures

Council approved the City's FY2024–25 Budget at its 25 June 2024 Council Meeting that included a rate-in-the-dollar increase of 2.9% — one of the lowest increases of any local government in Western Australia. This is well below current levels of the Consumer Price Index and recognises the challenges that residents are facing with inflation and other cost of living pressures. The economic environment of high inflation and higher interest rates has influenced the framing of the FY2024–25 Budget.

Other challenges the City faced in preparing the FY2024–25 Budget included increasing costs to provide core services, cost shifting from other tiers of government, and community expectations of the City to provide, or contribute significantly to, sporting and community infrastructure. The Budget provides the resources required to enable the City to provide the services, facilities and works that the community have prioritised in *Joondalup 2032*.

Global Reporting Content Index

Statement of use	The City of Joondalup has reported the information cited in this GRI content index for the period 1 July 2023–30 June 2024 with reference to the GRI Standards.

Financial Information 2024

▲ Burns Beach

How to read the Annual Report: Financial Information

The *Annual Report: Financial Information* shows how the City of Joondalup performed during the financial year 2023–24, and the overall position at 30 June 2024. The financial report is prepared by the City in accordance with *Australian Accounting Standards* as they apply to local government, and in accordance with the *Local Government Act 1995* and the *Local Government (Financial Management) Regulations 1996*. As required, the report is certified by the Chief Executive Officer and audited by an independent auditor. The *Annual Report: Financial Information* is provided in the following documents:

Independent Auditor's Report by the Auditor General

A written undertaking to the Councillors of the City of Joondalup that the *Annual Report: Financial Information* has been audited, and an opinion on whether the financial report presents a true and fair picture of the City's financial position and performance. Independent Auditor's Report is available from page 1.

Statement by the Chief Executive Officer

A written declaration that the financial report fairly presents the City's financial position and performance in compliance with applicable accounting standards and relevant legislation. Statement by the Chief Executive Officer is available on page 7.

Statement of comprehensive income by nature

A summary of the City's financial performance for the year, listing the various types of income and expenses in delivering the City's services. This provides a breakdown of the operating income and expenses for the year, excluding capital expenditure incurred on the cost of infrastructure, building or other assets acquired or constructed during the year, as well as non-operating revenue that pertains to these capital costs. Statement of Comprehensive Income is available on page 6.

Statement of financial position

A snapshot of the City's financial position as at 30 June 2024 showing the assets the City owns and liabilities or money the City owes, including current assets and liabilities that are expected to be recouped or settled within the next 12 months. Statement of Financial Position is available on page 7.

Statement of changes in equity

Shows the movement in the City's equity for the year. A change in equity from the previous year results from:

- a surplus or deficit from the year's operations
- use of money from, or transfer to, the City's reserves
- a change in value of non-current assets following a revaluation of these assets.

Statement of Changes in Equity is available on page 8.

Statement of cash flows

A summary of the City's cash receipts and payments for the year and the amount of cash and cash equivalents held as at 30 June 2024. Cash flow arises from operating activities, investing activities or financing activities. Statement of Cash Flows is available on page 9.

Statement of financial activity by nature

Shows all revenue and expenditure during the year, both operating and capital, as well as the different sources of funding in the year to meet the net costs of these activities, including rates raised and any resulting surplus or deficit at the end of the financial year. Statement of Financial Activity is available on page 10.

Notes to and forming part of the Financial Report

Supplemental notes that explain the bases used to prepare the figures in the financial statements, additional detail to substantiate these, as well as the accounting policies adopted and applied to the financial report. The notes are essential to fully understanding the statements. Notes to and Forming Part of the Financial Report are available from page 11.

Financial sustainability indicator

Financial sustainability guiding principles

The Financial Sustainability Guiding Principles guide the City in the preparation of the Annual Budget and Strategic Financial Plan. The City is committed to financial sustainability where assets and services provide social, economic and/or environmental benefits to the community. The guiding principles summarise the City's:

- financial strategy
- key financial indicators explanation and targets
- key principles for capital expenditure.

The City has reviewed the principles every year since their introduction in 2009. The annual review is undertaken at the commencement of the Annual Budget process, providing direction to the preparation of the Annual Budget and Strategic Financial Plan.

The income received from the sale of land at Catalina Estate has also been removed – the indicators for FY2021-22 and FY2022-23 have been retrospectively adjusted.

City of Joondalup financial sustainability indicator

The following applies to the **financial sustainability indicator** in relation to the table below:

<70 Not sound	70-80 Sound	>80 Good
-------------------------	--------------------	--------------------

Key indicator	Description	FY2023-24	FY2022-23	FY2021-22	FY2020-21	FY2019-20
Operating surplus cash vs operating income*	Measures the adequacy of cash generated from day-to-day operations to fund asset renewal/ upgrade/new	20%	22%	23%	27%	26%
Operating surplus*	Measures operating results (includes depreciation)	2%	4%	2%	7%	7%
Actual asset renewals vs end of life asset renewals	Measures actual timing of asset renewals compared to expected timing (not too early, not too late)	131%	126%	114%	126%	122%
Capital Works Program – upgrade/new vs operating surplus cash	Measures the extent to which new/upgrade capital expenditure is funded by cash from operating activity	34%	34%	51%	40%	31%
Debt service coverage	Measures the extent to which cash from operations services the City's debt	26	29	15	13	9
Net financial liabilities (total liabilities less financial assets)†	Measures whether City liabilities are excessive or not	-1	-1	-1	-1	-1
Current (quick) assets vs current liabilities	Measures liquidity: the extent to which current assets (excluding inventory) can settle current liabilities	4	4	4	5	4
Unrestricted reserves vs rates revenue	Measures whether cash reserves are adequate, and neither excessive nor insufficient	107%	100%	90%	99%	68%
City of Joondalup financial sustainability indicator	Overall weighted score of financial health	62	68	69	75	75

* Excludes profit/loss on disposal, one-off items and is adjusted for federal assistance grants advance receipts. † A negative value means that financial assets > total liabilities.

Auditor General

INDEPENDENT AUDITOR'S REPORT 2024 City of Joondalup

To the Council of the City of Joondalup

Opinion

I have audited the financial report of the City of Joondalup (City) which comprises:

- the statement of financial position as at 30 June 2024, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report is:

- based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the City for the year ended 30 June 2024 and its financial position at the end of that period
- in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2024, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the City is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the City's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements, the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the City of Joondalup for the year ended 30 June 2024 included in the annual report on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the City to confirm the information contained in the website version.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

1. BASIS OF PREPARATION

The financial report of the City of Country which is a Class 1 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996 provide that:

- land and buildings classified as property, plant and equipment; or
- infrastructure; or
- vested improvements that the local government controls; and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 *Property, Plant and Equipment*, which would have required the City to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial assets.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 31 of the financial report.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The balances, transactions and disclosures impacted by accounting estimates are as follows:

- estimated fair value of certain financial assets - note 4
- impairment of financial assets - note 23
- estimation of fair values of land and buildings, and infrastructure - note 8
- estimation uncertainties made in relation to lease accounting - note 11

Fair value hierarchy information can be found in note 25

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2021-2 *Amendments to Australian Accounting Standards - Disclosure of Accounting Policies or Definition of Accounting Estimates*

This standard resulted in terminology changes relating to material accounting policies (formerly referred to as significant accounting policies).

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 *Amendments to Australian Accounting Standards - Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*
- AASB 2020-1 *Amendments to Australian Accounting Standards - Classification of Liabilities as Current or Non-current*
- AASB 2021-7c *Amendments to Australian Accounting Standards - Effective Date of Amendments to AASB 10 and AASB 128 and Editorial Corrections [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]*
- AASB 2022-5 *Amendments to Australian Accounting Standards - Lease Liability in a Sale and Leaseback*
- AASB 2022-6 *Amendments to Australian Accounting Standards - Non-current Liabilities with Covenants*
- AASB 2022-10 *Amendments to Australian Accounting Standards - Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities*

These amendments are not expected to have any material impact on the financial report on initial application.

- AASB 2023-1 *Amendments to Australian Accounting Standards - Supplier Finance Arrangements*

These amendments may result in additional disclosures in the case of applicable finance arrangements.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependant on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Timing of revenue recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	Full payment prior to issue	None	On payment of the licence, registration or approval
Fees and charges - waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Other revenue - private works	Contracted private works	Single point in time	Monthly in arrears	None	At point of service

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2024

Nature	Contracts with customers	Capital grant/contributions	Statutory Requirements	Other	Total
	\$	\$	\$	\$	\$
Rates	0	0	108,795,989	0	108,795,989

Held as			
- Unrestricted cash and cash equivalents		25,908,649	25,197,118
- Restricted cash and cash equivalents	18(a)	24,271,938	19,081,167
		50,180,587	44,278,285

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

4. OTHER FINANCIAL ASSETS

		103,964	101,862
Units in Local Government House Trust - closing balance		103,964	101,862

MATERIAL ACCOUNTING POLICIES

Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 25) due to the observable market rates).

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The City has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has elected to recognise as fair value gains and losses through profit or loss.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 23.

Disclosure of opening and closing balances related to contracts with customers

Information about receivables from contracts with customers along with financial assets and associated liabilities arising from transfers to enable the acquisition or construction of recognisable non financial assets is:	30 June 2024	30 June 2023
Note	Actual	Actual
	\$	\$
Trade and other receivables from contracts with customers	790,156	333,643
Allowance for credit losses of trade receivables	5 (16,483)	(24,257)
Total trade and other receivables from contracts with customers	773,673	309,386

MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 23.

		<u>880,249</u>	<u>760,689</u>
Non-current			
Land held for resale			
Catalina Regional Council - Land held for sale (Note 2)		1,095,804	2,699,325
		<u>1,095,804</u>	<u>2,699,325</u>

The following movements in inventories occurred during the year:

Balance at beginning of year	3,460,014	2,768,026
Inventories expensed during the year	(6,524,533)	(3,379,580)
Additions to inventory	5,040,572	4,071,568
Balance at end of year	<u>1,976,053</u>	<u>3,460,014</u>

Note 1- Assets held for transfer comprises: Two lots of land to be transferred to Development WA for the Ocean Reef Marina development. The two lots were originally recognised and presented at a combined cost of \$554,785. They are now held at their net realisable value, following revaluation in 2019-20. The land was presented in the 2018-19 financial year at a combined fair value of \$63,077,000 following revaluation in 2017. In addition peripheral assets previously held at a value of \$6,598,000 (\$2,745,000 buildings and \$3,853,000 infrastructure) relevant to the development are also held at net realisable value.

Note 2 - This land relates to the Tamala Park Regional Council (TPRC's) subsequently changed to Catalina Regional Council (CRC) on 1st August 2023 which was established in January 2006 for the purpose of the development of the Tamala Park land jointly owned by seven local governments, including the City of Joondalup.

MATERIAL ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for resale (Continued)

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the council's intentions to release for sale.

8. PROPERTY, PLANT AND EQUIPMENT (Continued)

(b) Carrying Value Measurements

(i) Fair Value	Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
	Land and buildings					
	Land	2	Market approach using recent observable market data for similar properties	Independent registered valuer/ Management valuation	June 2020	Price per hectare, with reference to current zoning of land. Market values were used unless there were some restrictions or other factors associated with the land.
	Buildings - specialised	3	Cost approach using depreciated replacement cost	Independent registered valuer/ Management valuation	June 2020	Construction Costs based on recent contract prices and current condition, residual values and remaining useful life assessments
	Artworks					
	Artworks	2	Valuer inspection and appraisal	Independent registered valuer	June 2023	Market based evidence

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs. The valuation techniques applied to property subject to lease was the same as that applied to property not subject to lease.

FOR THE YEAR ENDED 30 JUNE 2024

10. FIXED ASSETS (Continued)

MATERIAL ACCOUNTING POLICIES

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the City's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the City.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the City to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairment

In accordance with *Local Government (Financial Management) Regulations 17A(4C)*, the City is not required to comply with *AASB136 Impairment of Assets* to determine the recoverable amount of its non-financial assets that are land or buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls in circumstances where there has been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the Statement of Comprehensive Income in the period in which they arise.

Total cash outflow from leases		(891,616)		(679,268)
(b) Lease Liabilities				
Current		575,027		653,487
Non-current		6,355,724		6,742,665
	29(b)	6,930,751		7,396,152

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

MATERIAL ACCOUNTING POLICIES

Leases

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 29(b).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

	<u>9,712,934</u>	<u>9,535,247</u>

Amounts recognised in profit or loss for Property, Plant and Equipment Subject to Lease

Rental income	847,907	782,745
---------------	---------	---------

The City leases part of facilities and land to incorporated associations, community groups, government departments and other organisations with rental payable monthly, quarterly or annually. These leases are classified as operating leases as they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets.

Lease payments include CPI increases, percentage increases or market rates. At the end of the current leases, the City typically enters into new operating leases and therefore does not expect any impact from any reduction in residual value at the end of these leases. Expectations about the future residual values are reflected in the fair value of the properties.

MATERIAL ACCOUNTING POLICIES

The City as Lessor

Upon entering into each contract as a lessor, the City assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the City applies AASB 15 to allocate the consideration under the contract to each component.

Bonds and deposits held	2,272,731	2,282,393
	<u>14,991,991</u>	<u>13,241,412</u>

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the City becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises income for the prepaid rates that have not been refunded.

Less than 1 year	<u>9,357,540</u>	<u>5,484,255</u>
	9,357,540	5,484,255

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Grant/contribution liabilities

Grant/contribution liabilities represent the City's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the City which are yet to be satisfied. Grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 25) due to the unobservable inputs, including own credit risk.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

14. BORROWINGS

Secured liabilities and assets pledged as security

Loans are secured by a floating charge over the assets of the City of Joondalup.

The City of Joondalup has complied with the financial covenants of its borrowing facilities during the 2024 and 2023 years

MATERIAL ACCOUNTING POLICIES

Borrowing costs

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature. Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 25) due to the unobservable inputs, including own credit risk.

Risk

Information regarding exposure to risk can be found at Note 23.

Details of individual borrowings required by regulations are provided at Note 29(a).

**CITY OF JOONDALUP

	<u>1,593,462</u>	<u>1,386,222</u>
Total non-current employee related provisions	<u>1,593,462</u>	<u>1,386,222</u>
Total employee related provisions	<u>23,296,092</u>	<u>17,854,235</u>

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered. Other Employee Provisions includes estimated value of increases to wages subject to outcome of the enterprise bargaining agreement negotiations.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

	Note	2024	2023
		\$	\$
Amounts are expected to be settled on the following basis:			
Less than 12 months after the reporting date		21,702,630	16,468,013
More than 12 months from reporting date		1,593,462	1,386,222
		<u>23,296,092</u>	<u>17,854,235</u>

Expected reimbursements of employee related provisions from other WA local governments included within other receivables	5	320,539	322,889
--	---	---------	---------

MATERIAL ACCOUNTING POLICIES

Employee benefits

The City's obligations for employees' annual leave, long service leave, other employee leave entitlements and increases to wages from employment bargaining agreement negotiations are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

16 OTHER PROVISIONS

	Other Provisions	Total
	\$	\$
Opening balance at 1 July 2023		
Current provisions	9,415	9,415
	<u>9,415</u>	<u>9,415</u>
Amounts used	(9,415)	(9,415)
Balance at 30 June 2024	<u>0</u>	<u>0</u>

Other provisions

Amounts which are expected to be paid out within 12 months of the reporting date are classified as current. Exact timing of payment of non-current obligations is unable to be reliably estimated as it is dependent on factors beyond the control of the local government.

Provisions

Provisions are recognised when the City has a present legal or constructive obligation, as a result of past events, for which it is probable that an outflow of economic benefits will result and that outflow can be reliably measured.

Provisions are measured using the best estimate of the amounts required to settle the obligation at the end of the reporting period.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

19. CONTINGENT LIABILITIES

(a) Contaminated site – Mindarie Regional Council Landfill site

The 2021 Mandatory Auditor's Report (MAR) report recommended that further works were required to close out the following:

- The adequacy of the landfill gas monitoring network including confirmation of screening intervals.
- Assessment of the potential for off-site migration of landfill gas particularly with relation to preferential pathways.
- Ongoing assessment of landfill gas and groundwater as part of an ongoing site management plan to inform long term trends and to inform the need or otherwise for mitigation measures.
- The MAR noted further long-term assessment of Perfluoroalkyl and Polyfluoroalkyl Substances (PFAS) (in addition to other Contaminant of Potential Concern (COPCs) in groundwater including arsenic, nickel, ammonia, benzene and pathogens) would be appropriate.

The October 2023 MAR reported on those further investigations completed and provides an update on the conditions of the source site and affected site.

The purpose of the 2023 MAR audit was to:

- Confirm that the investigations undertaken adequately characterized the contamination status of the site.
- Confirm whether potentially significant risks to human health, the environment or environmental values exist on-site or off-site.
- Confirm the suitability of the site for the current and proposed land uses.
- Recommend a site classification under the Contaminated Sites Act 2003

The MAR auditor has determined, based on the analysis contained in the assessed reports, that:

- Source Site: Remains suitable for ongoing use as a Class II landfill, subject to implementation of a site management plan to prevent exposure to landfill gas, soil and groundwater contamination
- Affected Site: Remains suitable for current use as a development "buffer zone". The site is situated to the north of the MRC landfill.

The October 2023 MAR report summary of findings for the Source and Affected sites are listed below:

Source site:

- Soil – No soil investigations were completed in 2021 and 2023
- Groundwater – Groundwater results indicate impact to aquifer immediately below the landfill. Elevated levels of contaminants were above the relevant drinking water guidelines, some also exceeded the criteria for non-potable water use. No COPCs were detected in samples collected from the onsite abstraction bore above the non-potable criteria.
- Landfill gas – The site is considered capable of generating a significant quantity of landfill gases and vapours. Methane was detected at elevated levels in boreholes outside the waste mass and along the northern wall of the landfill. The extraction system appears to be effectively mitigating methane with negligible detections outside of the extraction well network. There are indications of fugitive emissions through damages areas of the cap which would require repair and maintenance.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

19 CONTINGENT LIABILITIES

Affected site:

- Groundwater results indicate some contaminants above the relevant drinking water guidelines but were below criteria for non-potable water uses. Certain COPCs detected above drinking water criteria were considered to be a reflection of natural site conditions.
- No methane has been recorded in recent events at monitoring wells outside the site boundary.

Site management plan (SMP)

A SMP was developed and received by the MRC in May 2020 and updated in May 2022. The SMP was required to provide a management plan for the site to ensure that potential hazards associated with soil, landfill gas, and groundwater contaminants are appropriately managed for the site's continued use as a landfill facility and leachate management. There are no "results" associated with this SMP, it is an ongoing document that continues to evolve to address the comprehensive management of landfill gas and groundwater in light of the most recent information obtained from periodic tests results.

The October 2023 MAR report concludes that:

- The auditor is satisfied that the information contained in the reviewed reports, considered as a whole, is sufficient to inform the current site and surrounding site condition and restrictions that may be applicable.
- Expectations of concerted effort to improve future reporting and reports to comply with relevant standards and guidelines.
- The assessments were sufficient to define the potential extents and types of contaminated media with an appropriate level of confidence.
- Investigation methodologies were sufficient to assess and manage risk.
- Ongoing assessment of landfill gas and groundwater as part of an ongoing Site Management Plan should be undertaken to inform long term trends and to inform the need or otherwise for mitigation measures.

The MRC Contaminated Site Approved Auditor recommended that MRC should continue to provide the auditor with updated information as it becomes available (ie at least a 6 monthly update following sampling and annual reporting, plus immediate notification if things change). Communication received on 3 May 2024 stated "as there has been no change in the risk profile and nothing to indicate that restrictions should change, a MAR should be submitted in 2025 following 2 years of monitoring".

(b) Contaminated sites- other

Under the contaminated sites Act 2003, the City is required to report known and suspected contaminated sites to the Department of Water and Environmental Regulation (DWER). In accordance with the Contaminated Sites Act 2003, DWER classifies these sites on the basis of the risk to human health, the environment and environmental values. Where sites are classified as contaminated - remediation required or possibly contaminated investigation required, the City may have a liability in respect of investigation or remediation expense.

During the year the City reported two suspected contaminated sites to DWER. These have been classified as "Possibly Contaminated Investigation is Required". The City is unable to assess the likely outcome of the classification process, and accordingly, it is not practicable to estimate the potential financial effect or to identify the uncertainties relating to the amount or timing of any outflows.

Trade and other payables	234,902	142,107

Related Parties

The City's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 21(a) and 21(b)

ii. Other Related Parties

An associate person of KMP employed by the City under normal employment terms and conditions.

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the City.

There were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

iii. Entities subject to significant influence by the City

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

The City has significant influence over Mindarie Regional council and Catalina Regional Council; as the City is party to agreements establishing the regional councils and is correspondingly represented on the Council's of these entities.

(b) Mindarie Regional Council

The City of Joondalup, along with the City of Wanneroo, City of Perth, City of Stirling, City of Vincent, Town of Cambridge and Town of Victoria Park is a member of the Mindarie Regional Council. The City holds 1/6 share of the land and establishment costs of the refusal disposal facility.

The City has determined it has significant influence over the Regional Council despite holding less than 20 percent of the voting rights as the City has representation on Council and participates in policy-making decisions including the decisions regarding contributions and distributions

The tables below reflect the summarised financial information of the material investments in associates based on the audited results of the City of Joondalup. This does not reflect the City's share of those amounts. They have been amended to reflect adjustments made by the City when using the equity method, including fair value adjustments and modifications for differences in accounting policy.

22. INVESTMENT IN ASSOCIATES

(c) Catalina Regional Council

Tamala Park Regional Council (TPRC) subsequently changed to Catalina Regional Council (CRC) on 1st August 2023 was established in January 2006 for the purpose of the development of the Tamala Park land jointly owned by seven local governments, including the City of Joondalup, which has 1/6 equity in the land.

The West Australian Planning Commission (WAPC) requested that a portion of this land be retained as "Bush Forever", which the commission was prepared to acquire and pay for. The "Bush Forever" land was disposed of by the joint owners to the WAPC in November 2006. The City of Joondalup's share of the proceeds of disposal was \$2,703,573 which was subsequently contributed to the CRC as equity investment to be used for CRC purposes.

The City has determined it has significant influence over the Regional Council despite holding less than 20 percent of the voting rights as the City has representation on Council and participates in policy-making decisions including the decisions regarding contributions and distributions

The current fair value of the equity is estimated at \$10,286,618. As per the audited financial statements of Catalina Regional Council for the year ended 30 June 2024, the City's share of Net result of operations was a profit of \$341,461. The City has recognised this profit in the Statement of Comprehensive Income in accordance with the equity method of accounting.

The tables below reflect the summarised financial information of the material investments in associates based on the audited results of the City of Joondalup. This does not reflect the City's share of those amounts. They have been amended to reflect adjustments made by the City when using the equity method, including fair value adjustments and modifications for differences in accounting policy.

(d) Contingent liabilities related to investments in associates

Refer to Note 19(a) for contingent liabilities relating to Mindarie Regional Council.

SIGNIFICANT ACCOUNTING POLICIES

Investments in associates

An associate is an entity over which the City has significant influence, that is it has the power to participate in the financial and operating policy decisions of the investee but not control or joint control of those policies.

Investments in associates are accounted for using the equity method. The equity method of accounting, is whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

23. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rates	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance department under policies approved by the council. The finance department identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2024					
Cash and cash equivalents	4.70%	50,180,587	0	50,171,802	8,785
Financial assets at amortised cost - term deposits	5.27%	116,590,000	116,590,000	0	0
2023					
Cash and cash equivalents	4.30%	44,278,285	0	44,269,500	8,785
Financial assets at amortised cost - term deposits	4.43%	107,380,000	107,380,000	0	0

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

23 FINANCIAL RISK MANAGEMENT (Continued)

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2024	2023
	\$	\$
Impact of a 1% movement in interest rates on profit or loss and equity*	501,718	442,695

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 29(a).

(b) Credit risk

Trade and Other Receivables

The City's major trade and other receivables comprise contractual non-statutory user fees and charges, grants, contributions and reimbursements. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies.

The level of outstanding receivables is reported to council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade and other receivables. To measure the expected credit losses, receivables from grants, contributions and reimbursements are separated from other trade receivables due to the difference in payment terms and security.

The expected loss rates are based on the payment profiles of trade and other receivables over a period of 36 months before 1 July 2023 or 1 July 2024 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of users to settle the receivables.

The loss allowance as at 30 June 2024 and 30th June 2023 for rates receivable was determined as follows:

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
30 June 2024					
Rates receivable					
Gross carrying amount	0	3,639,835	0	0	3,639,835
30 June 2023					
Rates receivable					
Gross carrying amount	0	3,560,248	0	0	3,560,248

The loss allowance as at 30 June 2024 and 30 June 2023 was determined as follows for trade receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
30 June 2024					
Trade and other receivables					
Gross carrying amount	1,484,528	5,290	465	13,983	1,504,267
Loss allowance	0	2,035	465	13,983	16,483
30 June 2023					
Trade and other receivables					
Gross carrying amount	1,135,938	28,500	1,690	21,682	1,187,810
Loss allowance	0	885	1,690	21,682	24,257

**CITY OF JOONDALUP

	Actual	Actual	Actual	Actual	Actual	Actual
	\$	\$	\$	\$	\$	\$
Opening loss allowance as at 1 July	24,257	14,106	0	0	0	0
Receivables written off during the year as uncollectible	13,983	21,757	0	0	0	0
Unused amount reversed	(21,757)	(11,606)	0	0	0	0
Closing loss allowance at 30 June	16,483	24,257	0	0	0	0

Trade and other receivables are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the City, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on rates and statutory receivables, trade and other receivables are presented as net impairment losses within other expenditure. Subsequent recoveries of amounts previously written off are credited against the same line item.

FOR THE YEAR ENDED 30 JUNE 2024**

23. FINANCIAL RISK MANAGEMENT (Continued)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 18(c).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
<u>2024</u>					
Trade and other payables	14,991,991	0	0	14,991,991	14,991,991
Lease liabilities	778,396	3,034,791	4,409,002	8,222,189	6,930,751
Borrowings	962,667	0	0	962,667	962,667

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

24. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

There were no material events after 30 June 2024 that require inclusion in the notes to the financial statements.

CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024

25. OTHER MATERIAL ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year.

When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024**

26. FUNCTION AND ACTIVITY

(a) Service objectives and descriptions

City operations as disclosed in this financial report encompass the following service orientated functions and activities.

Objective	Description
<p>Governance To provide a decision making process for the efficient allocation of limited resources.</p>	Governance relates to elected members costs and other costs that relate to the task of assisting elected members and ratepayers on matters which do not concern specific City Services.
<p>General purpose funding To collect revenue to allow for the provision of services.</p>	Rates income and expenditure, Grants Commission and pensioner deferred rates interest.
<p>Law, order, public safety To provide services to help ensure a safer and environmentally conscious community.</p>	Supervision and enforcement of various local laws relating to fire prevention including the animal control and other aspects of public safety.
<p>Health To provide an operational framework for environmental and community health.</p>	Prevention and treatment of human illnesses, including inspection of premises/food control, immunisation and child health services.
<p>Education and welfare To provide services to help disadvantaged persons, family, the elderly, children and youth.</p>	Provision, management and support services for families, children and the aged and disabled within the community, including pre-school playgroups, day and after school care, assistance to schools and senior citizens support groups. Provision of aged persons units and resident funded units.
<p>Housing Provision of housing and leased accommodation</p>	Provision of housing and leased accommodation where the City acts as landlord.
<p>Community amenities To provide services required by the community.</p>	Town planning and development, rubbish collection services, stormwater drainage, the provision of public conveniences, bus shelters, roadside furniture and litter control.
<p>Recreation and culture To establish and effectively manage infrastructure and resources to help the social wellbeing of the community.</p>	Provision of facilities and support for organisations concerned with leisure time activities and sport, support for the performing and creative arts. This includes maintenance of halls, aquatic centres, recreation and community centres, parks, gardens, sports grounds and the operation of libraries.
<p>Transport To provide safe, effective and efficient transport services to the community.</p>	Construction, maintenance and cleaning of streets, roads, bridges, drainage works, footpaths, parking facilities, traffic signs and the City works operation centre, including development, plant purchase and maintenance.
<p>Economic services To help promote the City and its economic well being.</p>	Rural services, pest control and the implementation of building controls.
<p>Other property and services To monitor and control Council's overheads and operating accounts.</p>	Public works overheads, plant/vehicle operations, sundry and other outlays that cannot be assigned to one of the preceding programs

Reserves related to a government policy, direction, written law or agreement
Reserves for any other purpose

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2024
30 RESERVE ACCOUNTS (Continued)

Name of reserve account	Anticipated date of use	Related to gov/policy/law/ agreement	Purpose of the reserve account
(a) Non-current long service leave	Ongoing	Y	Created in 2012/13 to facilitate the funding of the non-current portion of long service leave liabilities to City employees.
(b) Capital works Carried Forward Reserve	Ongoing	N	Created in 2006-07 to hold unspent capital works funds carried forward to subsequent financial year(s). The transfer to accumulated surplus is to fund capital from the reserve will be utilised to fund future car parking requirements. Funds transferred to the reserve includes interest.
(c) Cash in lieu of Parking Reserve	Ongoing	Y	Created in 2000-01 to assist with the design and development of a regional performing arts facility in the Joondalup City Centre. The reserve was renamed in 2005-06 and again in 2008-10 to more appropriately reflect its intent. The transfer from Reserve was mainly to fund the Jhan Garden, at Lot 1001, Teakle Court. The transfer from accumulated surplus represents interest.
(d) Joondalup Performing Arts and Cultural Facility Reserve	Ongoing	N	Created in 2013-14 to receive the State Government's contribution and the unspent portion of City of Joondalup funds for the construction of a car park next to the Marmion Angling and Aquatic Club.
(e) Marmion Car Park Reserve	Ongoing	N	Created in 2008-09 to hold the operating surpluses arising from the paid parking in the Joondalup City Centre to be applied in the development and provision of facilities and services, both parking and non parking, in the Joondalup City Centre. The transfer from accumulated surplus represents parking operating surplus and interest. Transfer to accumulated surplus is to fund repayments on the \$8,500,000 loan taken in 2014-15 to construct the Reid Promenade Car
(f) Parking Facility Reserve	Ongoing	N	Created in 2020-21 for the purposes of providing new infrastructure and improving existing infrastructure at Percy Doyle Reserve. Transfer from accumulated surplus represents initial funding to establish the reserve and interest.
(g) Percy Doyle Infrastructure Reserve	Ongoing	N	Created in 2012-13 for the purpose of providing for the commissioning and purchase of public art works. Transfer from accumulated surplus represents
(h) Public Art Reserve	Ongoing	N	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Harbour Rise specified area. Transfer from accumulated surplus represents interest. Transfers from the reserve are to fund works undertaken in the Harbour Rise specified area.
(i) Specified area rating - Harbour Rise reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Iluka specified area. Transfer from accumulated surplus represents unspent funds levied during the year and interest.
(j) Specified area rating - Iluka reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Woodvale specified area. Transfers from the reserve are to fund works undertaken in the Woodvale area. Transfers from accumulated surplus represents interest.
(k) Specified area rating - Woodvale Waters reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Burns Beach specified area. Transfer from accumulated surplus represents unspent funds levied during the year and interest.
(l) Specified area rating - Burns Beach reserve	Ongoing	Y	The reserve was created in 2010-11 from the merger of the old Strategic Asset Management and Asset Replacement Reserves, and is intended to fund the acquisition and development of new and renewal of existing City infrastructure and building assets. The transfer from accumulated surplus represents interest. Transfer from reserve was for the funding of various capital works projects including Joondalup City Centre lighting.
(m) Strategic Asset Reserve	Ongoing	N	This reserve was created in 2013-14 to receive the City of Joondalup's share of the dividends from the proceeds of the sales of Tamala Park, land to be held and subsequently applied for the purpose of investing in income producing facilities, to build significant one-off community facilities and to assist with the cash flow requirements of developing significant infrastructure assets aligned to the 10 Year Strategic Financial Plan. The transfer from accumulated surplus
(n) Catalina Land Sales Reserve	Ongoing	N	Created in 2008-09 by consolidating the Heavy Vehicle, Light Vehicle and Plant Replacement reserves with the purpose of supporting the funding of vehicle, plant and equipment purchases. The transfer from accumulated surplus represents interest. Renamed to its current name in 2019-20.
(o) Asset Renewal Reserve	Ongoing	N	Renamed in 2009-10 and its purpose updated. The reserve is to fund and support waste management services including but not limited to refuse collection.
(p) Waste Management Reserve	Ongoing	N
