

minutes

Ordinary Meeting of Council

MEETING HELD ON TUESDAY 9 DECEMBER 2025

Acknowledgement of Traditional Custodians

The City of Joondalup acknowledges the traditional custodians of the land, the Whadjuk people of the Noongar nation, and recognises the culture of the Noongar people and the unique contribution they make to the Joondalup region and Australia. The City of Joondalup pays its respects to their Elders past and present and extends that respect to all Aboriginal and Torres Strait Islander peoples.

18	CLOSURE	207

CITY OF JOONDALUP

COUNCIL MEETING HELD IN THE COUNCIL CHAMBER, JOONDALUP CIVIC CENTRE,
BOAS AVENUE, JOONDALUP ON TUESDAY 9 DECEMBER 2025

1 ACKNOWLEDGEMENT OF TRADITIONAL CUSTODIANS

2 DECLARATION OF OPENING AND ANNOUNCEMENT OF VISITORS

2.1 MEETING OPENING AND ATTENDANCE

The Mayor declared the meeting open at 6.30pm.

Mayor:

MAYOR DANIEL KINGSTON

Councillors:

CR ADRIAN HILL	North Ward	
CR LEWIS HUTTON	North Ward	
CR DENISE MERCER	North Central Ward	<i>absent from 9.07pm to 9.09pm</i>
CR REBECCA PIZZEY	Central Ward	<i>absent from 8.46pm to 8.47pm</i> <i>absent from 8.47pm to 8.51pm</i>
CR RUSS FISHWICK, JP	South Ward	
CR JOHN RAFTIS	South Ward	
CR MATTHEW COUNT	South-West Ward	<i>absent from 8.46pm to 8.48pm</i>
CR PHILLIP VINCIULLO	South-West Ward	<i>absent from 9.07pm to 9.10pm</i>
CR JOHN CHESTER	South-East Ward	
CR ROHAN O'NEILL	South-East Ward	<i>absent from 10.45pm to 10.47pm</i>

Officers:

MR JAMES PEARSON	Chief Executive Officer	
MR JAMIE PARRY	Director Governance and Strategy	
MR MAT HUMFREY	Director Corporate Services	<i>absent from 9.38pm to 9.39pm</i>
MR NICO CLAASSEN	Director Infrastructure Services	<i>absent from 9.33pm to 9.39pm</i>
MR CHRIS LEIGH	Director Planning and Community Development	<i>absent from 7.38pm to 7.40pm</i>
MR SHANE FRASER	Manager Community Development and Library Services	<i>to 8.12pm</i>
MRS KYLIE BERGMANN	Manager Governance	<i>absent from 9.51pm to 9.54pm</i>
MRS REBECCA MACCARIO	Manager Strategic and Organisational Development	<i>absent from 8.59pm to 9.02pm</i> <i>to 9.38pm</i>
MS HANNAH TAGORE	Manager Communications and Stakeholder Relations	<i>to 10.46pm</i>
MS TYLER CLINCH	Internal Communications Officer	<i>to 10.46pm</i>
MRS LAURA NAPIER	Senior Governance Officer	<i>absent from 9.44pm to 9.47pm</i>
MS CAITLIN WOOD	Governance Officer	

There were 23 members of the public and no member of the press in attendance.

2.2 REQUESTS FOR ELECTRONIC ATTENDANCE

Nil.

3 DECLARATIONS OF FINANCIAL INTEREST / PROXIMITY INTEREST / INTEREST THAT MAY AFFECT IMPARTIALITY

3.1 DISCLOSURES OF FINANCIAL INTEREST / PROXIMITY INTEREST

A declaration under this section requires that the nature of the interest must be disclosed. Consequently, a member who has made a declaration must not preside, participate in, or be present during any discussion or decision-making procedure relating to the matter the subject of the declaration. An employee is required to disclose their financial interest and if required to do so by the Council must disclose the extent of the interest. Employees are required to disclose their financial interests where they are required to present verbal or written reports to the Council. Employees are able to continue to provide advice to the Council in the decision-making process if they have disclosed their interest.

Name / Position	Mr Mat Humfrey, Director Corporate Services.
Meeting Type	Ordinary Council Meeting.
Meeting Date	9 December 2025.
Item No. / Subject	Item 14.2 - Job Description Form - Chief Executive Officer (Ward – All).
Nature of Interest	Financial Interest.
Extent of Interest	Relates to the recruitment of Mr Humfrey's immediate supervisor.

3.1 DISCLOSURES OF INTEREST AFFECTING IMPARTIALITY

Elected Members (in accordance with clause 22 of Schedule 1 of the *Local Government [Model Code of Conduct] Regulations 2021*) and employees (in accordance with the Code of Conduct) are required to declare any interest that may affect their impartiality in considering a matter. This declaration does not restrict any right to participate in or be present during the decision-making process. The Elected Member / employee is also encouraged to disclose the nature of their interest.

Name / Position	Mayor Daniel Kingston.
Meeting Type	Ordinary Meeting of Council.
Meeting Date	9 December 2025.
Item No. / Subject	Item 12.9 – Wildlife Protection Infrastructure to Support Native Wildlife Movement (Ward – All).
Nature of Interest	Interest that may affect Impartiality.
Extent of Interest	Mayor Kingston is the Treasurer of the Friends of Yellagonga Regional Park, which has an interest in the management of wildlife within the Regional Park.

Name / Position	Cr John Chester.
Meeting Type	Ordinary Meeting of Council.
Meeting Date	9 December 2025.
Item No. / Subject	Item 12.9 – Wildlife Protection Infrastructure to Support Native Wildlife Movement (Ward – All).
Nature of Interest	Interest that may affect Impartiality.
Extent of Interest	Cr Chester is a member of the Department of Biodiversity, Conservation and Attractions (DBCA) Yellagonga Regional Park Community Advisory Committee.

Name / Position	Cr Rebecca Pizzey.
Meeting Type	Ordinary Meeting of Council.
Meeting Date	9 December 2025.
Item No. / Subject	Item 12.9 – Wildlife Protection Infrastructure to Support Native Wildlife Movement (Ward – All).
Nature of Interest	Interest that may affect Impartiality.
Extent of Interest	Friend groups Beenyup and Yellagonga and wildlife carers and activists are known to Cr Pizzey.

4 DEPUTATIONS

This item was dealt with at the Briefing Session.

5 PUBLIC QUESTION TIME

5.1 QUESTIONS ASKED PRIOR TO AND VERBALLY AT THE BRIEFING SESSION HELD ON 2 DECEMBER 2025

Questions asked prior to and verbally at the Briefing Session held on 2 December 2025 are included in the Agenda for this Ordinary Meeting of Council.

5.2 QUESTIONS ASKED PRIOR TO AND VERBALLY AT THE COUNCIL MEETING HELD ON 9 DECEMBER 2025

The following summarised questions were received prior to the Council meeting held on 9 December 2025:

P Ryan, Mullaloo:

Re: Pinnaroo Point – Access to the Small Boat Launching Facility and Regress to the Water.

Reference 1: Extracts ~ Small boat launching facility at Pinnaroo Point:

08/2001 – City of Joondalup installed signs - "Safety notices to identify the place as a launching facility..."

16/11/2010 – Beach Management Plan Adopted, P33 Pinnaroo Point - "Designated beach launching and landing areas...John Wilkie Tarn Access Path"

Reference 2: 09/12/2020 Jetties Act 1926 as amended:

Jetties Act 1926 - [03-g0-00].pdf (legislation.wa.gov.au)

*Jetty definition {page 1 Version 03-g0-00 As at 09 Dec 2020};
jetty includes –*

- (a) *any jetty, pier, wharf, quay, grid, slip, landing place, stage, platform (other than a platform that is a vessel for the purposes of the Western Australian Marine Act 1982) or similar structure, whether fixed or floating, erected or placed, wholly or in part, in, on or over any waters; and*
- (b) *any ramp which is or which may be used for the purpose of launching or landing a vessel;*

Reference 3: Department of Transport (DoT) – Kite and windsurfing

<https://www.transport.wa.gov.au/imate/kite-and-windsurfing.asp>

"A sailboard, kite surfboard or any other similar recreational equipment used by a person in the course of sailboarding or kiteboarding is taken to be a vessel."

Reference 4: Department Planning Lands and Heritage - Crown land roads and accessways - Closure of roads and accessways

<https://www.wa.gov.au/organisation/department-of-planning-lands-and-heritage/crown-land-roads-and-accessways>

"A copy of Council resolution to request the closure of the road...A copy the advertisement to close the road...Copies of any submissions and objections to the advertisement as well as comments which address any comments or objections..."

Figure 1 - DoT safety sign erected at Pinnaroo Point to identify the place as a "launching facility"

Figure 2 - Rigging Area

- Q1 *Given that wind-sports at Pinnaroo Point have suffered major disruptions for long periods over several years for construction and maintenance, will the City please advise when will the Department of Transport safety sign (Reference 1, Figure 1) be re-erected adjacent to the BEN J125 "landing place" (Reference 2) to identify the place as a launching facility for small vessels (Reference 3)?*
- A1 The City has not been involved in the removal of the sign depicted in Figure 1 above and suggests this question is best posed directly to the Department of Transport.
- Q2 *Can the City advise when the trailer turning circle and rigging area (Figure 2) will be re-opened?*
- A2 The rigging area is currently scheduled to be reopened and accessible to the public on Friday, 12 December 2025.
- Q3 *Can the City confirm that the small boat launching facility road (John Wilkie Tarn / BEN J125) and accessways (BEN J123, J124) will remain open, unless the Department Planning Lands and Heritage requirements (Reference 4) are met?*
- A3 There are currently no plans to close the small boat launching facility road and it is acknowledged that there is a defined process that would be required to be undertaken if a closure was contemplated.

Re: Pinnaroo Point Beach Park – Bookable Parkland.

Reference: <https://apps.imscomply.com.au/joondalupbm/publiccalendar.php>

Figure 3 - Pinnaroo Point Beach Park event set-up adjacent to BEN J123 access pathway.

Q4 *Given that wind-sports have enjoyed historic and enduring access and egress to the small boat launching facility at Pinnaroo Point since the 1980s, can the City please advise whether the City’s bookable parkland can block this egress, and why there was no booking 31 October 2025 to 1 November 2025 for the event pictured (Figure 3)?*

A4 The City approved a booking to take place at Pinnaroo Point Beach Park on Friday 31 October 2025 for a wedding ceremony. The City does not believe that access or egress to the beach was impeded by this event as there is sufficient space for all activities to take place.

Re: Tom Simpson Park – Construction of a Bookable Gazebo, Project BCW2691.

Q5 *Can the City please advise the position and outline for the bookable gazebo including any “area for entertainment” and whether consideration was given to access and egress pathways for watercrafts?*

A5 Specifications are progressing for the proposed Tom Simpson Park bookable gazebo/shelter (BCW2691) which is to be in the vicinity of the existing shelters in the southern park area, as such no consideration for watercraft access is required.

S Jarvis, Kallaroo:

Re: Item 11.4 and 11.5 - Petition in Relation to Requesting the City Consider the Full Scope and Impact of the Traffic Management Improvements and Provision of an Additional Car Park to Northshore Drive, Kallaroo.

Q1 *Can the City advise what is the purpose of these changes?*

A1 By way of background, Council, at its meeting held on 15 November 2022 (CJ138-11/12 refers) requested a report be prepared on potential intersection improvements at Northshore Drive and Northshore Avenue, Kallaroo as well as Northshore Drive and the Northshore Drive beach car park taking into consideration traffic volumes and accident data along this part of the coastal road. A comprehensive assessment was subsequently undertaken of Northshore Drive to confirm the operation and performance of this road and potential upgrade options were considered by Council at its meeting held on 27 June 2023 where Council, resolved as follows ([CJ102-06/23](#) refers):

- "1 NOTES the outcomes of the Northshore Drive, Kallaroo Technical Assessment;*
- 2 SUPPORTS a road upgrade of Northshore Drive, Kallaroo as a staged project subject to successful State or Federal government grant funding;*
- 3 NOTES that the upgrading of Northshore Drive, Kallaroo if supported by Council will be considered as part of future budget development processes."*

The City applied for and was successful in obtaining Federal Black Spot funding to upgrade the 600m section of the road from 200m south of the Northshore beach carpark entry/exit to 140m north of the Northshore Avenue intersection.

As part of this project, Northshore Drive between Whitfords Avenue and 140m north of the Northshore Drive will be upgraded from the existing 2 lane single carriageway to a 2 lane dual carriageway with 2m sealed shoulders on both sides divided by a raised central median treatment. Additionally, a single lane roundabout is proposed at the Northshore Drive / Northshore Avenue intersection. A right turn entry slip lane will be provided for the Northshore beach carpark and right-turn exit movements from the carpark will be physically restricted with the movements being facilitated by performing u-turns at the new roundabout at Northshore Avenue. In addition, a new carpark is proposed to be constructed on the east side of Northshore Drive opposite the existing Northshore beach carpark.

The SBS2101 Northshore Drive Treatment project (as detailed above) was considered as part of the 2025-26 budget development process and approved by Council at its meeting held on 24 June 2025 (CJ173-06/25 refers), as a multi-year project with detailed design scheduled for 2025-26 and construction scheduled to commence late FY2025-26 / early FY2026-27.

This project is specifically directed toward addressing the road safety concerns following the fatal crash that occurred on 18 September 2022 and will improve the layout and operation of the Northshore Drive Parking Station entry, which was identified as a contributing factor to that crash.

Q2 *Can the City please explain the research done into the volume of traffic using this area?*

A2 Northshore Drive forms part of the City's coastal boulevard network and carries high traffic volumes associated with both local movement and coastal recreation. The proposed design treatment aligns with the broader coastal boulevard character and provides additional capacity to meet future demand. The project was assessed as detailed in A1 above.

Q3 *Can the City advise, if the project goes ahead, is the City considering changing the road from two lanes to four lanes?*

A3 The City is not considering changing Northshore Drive from two lanes to four lanes.

Q4 *If the answer to Question 1 is a matter of safety, can the City consider the suggestion of reducing the speed limit and installing crossings in the proximity of the bus stops?*

The West Coast Highway 'humps' have reduced speed successfully, I therefore suggest they would do the same for Northshore Drive, Kallaroo.

A4 The reduction of the speed limit on the City's coastal roads was previously considered by Council at its meeting held on 18 May 2021 (CJ063-05/21 refers) with the following decision made:

“3.1 NOTES Main Roads WA is the regulatory authority responsible for speed zoning of roads;

3.2 NOTES Main Roads WA requires all requests for new or amended speed zones to meet the Main Roads WA speed Zoning Policy and Application Guidelines;

3.3 SUPPORTS a maximum 50 kilometres per hour speed limit along all City of Joondalup roads adjoining the foreshore between the suburbs of Burns Beach and Marmion;

3.4 NOTES the City will continue to monitor the City wide road network and where appropriate, or where significant changes in the road environment occur, will proactively engage with Main Roads WA to review the speed zoning;”

This position of Council was reconfirmed by Council at its meeting held on 21 September 2021 (C97-09/21 refers), where the following decision was made:

“ADVISES the Minister for Transport, Planning, Ports, the Acting Commissioner of Main Roads WA, and the Local State Members for Hillarys and Joondalup, that it reiterates Part 3.3 of its resolution of 18 May 2021 (CJ063 05/21 refers) regarding Council’s support for a maximum 50 kilometres per hour speed limit along all City of Joondalup roads adjoining the foreshore between the suburbs of Burns Beach and Marmion.”

Following this decision, the then Mayor wrote to the Minister for Transport requested Main Roads WA (MRWA) to undertake a speed review within the City of Joondalup along the coast from Marmion to Burns Beach.

Following this review MRWA noted that reducing speed limits would require local area traffic management measures to enable changing driver behaviour.

This project, although specifically directed toward addressing the road safety concerns following the fatal crash that occurred on 18 September 2022 and will improve the layout and operation of the Northshore Drive Parking Station entry, and crossing points will be considered as part of the detailed design.

Altogether, these improvements will contribute towards changing driver behaviour to enable the City to again advocate to MRWA for the reduction of speed limits on this section of road.

Please note that construction of speed humps is not supported on distributor type roads.

S Thompson, Duncraig:

Re: *Sorrento Surf Life Saving Club Development – 189 West Coast Drive, Sorrento.*

Q1 *I note that the clubhouse floor plans have already entered the public domain via the acoustic report, can the City publish the full architectural and fit-out plans for both the clubrooms and the proposed café on the City’s project landing page, so the community can clearly understand what is being delivered and what ratepayers are funding?*

A1 Architectural and fit-out plans cannot be provided for the entire project as the City is currently within the procurement process, with documentation to be made publicly available during the tender process in early 2026. The Council endorsed concept design is available as part of the Council minutes ([CJ240-11/23](#) refers).

Design documentation for the commercial building is available through the Department of Planning Lands and Heritage website ([Café/Restaurant, Sorrento - Application under the Metropolitan Region Scheme | Have Your Say, WA!](#)) as part of the development application consultation process.

- Q2 *Does the current total project estimate include any internal fit-out items for the new clubhouse, and if so, what specifically is covered (for example, commercial kitchen equipment, refrigeration, freezer units, and other operational equipment)?*
- Q3 *If internal fit-out items are not included, please state what additional costs (if any) the City anticipates may fall to ratepayers or the Club?*
- A2-3 The City is not contributing to any fit-out items outside the Council approved scope of works for this project. The Club is responsible for overall fit-out of the facility post-construction and the associated costs which are not known by the City.
- Q4 *Has the City sought or received clarification from the Sorrento Surf Life Saving Club regarding the intended purpose and operational use of the proposed 108 sqm commercial kitchen?*
- A4 The facilities within the Sorrento Surf Lifesaving Club will be to service their members and club related activities.
- Q5 *Are any parameters or conditions being placed around the use of the clubhouse facilities, including the kitchen, please detail?*
- A5 The City has not commenced formal discussions on the tenure arrangements for the new facility. Any conditions and/or restrictions in line with the City's *Property Management Framework* would form part of these discussions.

D Blackburn, Kingsley:

Re: *Community Safety.*

- Q1 *Does the City have a position titled "Coordinator Community Safety" or similar?*
- A1 The City has a Community Safety Business Unit. The structure of this business unit includes several coordinators, the most relevant to the query being the City's Coordinator Specialist Services. The City's Public Safety Advisor reports to the Coordinator Specialist Services.
- Q2 *If so, what is the role of this position and the organisational unit the position is part of?*
- A2 The key responsibilities of the Public Safety Advisor includes the City's Chief Warden duties and the training of all City Wardens; providing advice to planning and facility management stakeholders on Crime Prevention through Environmental Design (CPTED) principles; performing the role of superintendent of the City's Security Services contracts; maintaining strong working relationships and operational liaison with Hazard Management Agencies; undertaking City event security risk assessments; and managing the City's CCTV Rebate Scheme.

Q3 *Can the City provide statistics on incidents of crime or anti-social behaviour, such as theft, burglary, vandalism, assault, harassment and so forth, reported to the City or the police over the last 5 years, by specific location and observed offender transport mode?*

A3 The Western Australia Police Force is responsible for responding to incidents of crime or anti-social behaviour such as theft, burglary, vandalism, assault and harassment and is therefore the most appropriate agency for this question to be directed to. The City does not collect or maintain statistics on crime or anti-social behaviour.

Q4 *Is the advent of enhanced mobility provided by e-bikes, e-scooters and the new path networks connected to train stations recognised as a factor causing an increase in crime and anti-social behaviour?*

A4 This question is most appropriately directed to the Western Australia Police Force.

Q5 *Can the City advise if electric bikes or scooters are allowed on the City's pump and jump tracks, and if not allowed what compliance enforcement action is undertaken?*

A5 Electric bikes, scooters and other powered vehicles are not permitted on the City's pump and jump tracks. This requirement is outlined on the 'Rules' signage installed at each facility.

To support compliance, the City's Community Safety team undertakes targeted patrols of these locations on a regular basis. Officers monitor behaviour, engage with riders, and provide education about the safe and lawful use of the facilities. Where necessary, officers may also issue directions to leave under the City's *Local Government and Public Property Local Law 2014*.

If unsafe activity is observed, including the use of powered vehicles on the tracks, community members are encouraged to contact the City's Community Safety team on 9400 4000.

F Gilbert, Kallaroo:

Re: *Item 11.4 and 11.5 - Petition in Relation to Requesting the City Consider the Full Scope and Impact of the Traffic Management Improvements and Provision of an Additional Car Park to Northshore Drive, Kallaroo.*

Q1 *Can the City confirm if the Blackspot Funding for this project is contingent on building a car park at this location?*

A1 Although the car park was included in the blackspot funding application, it was specifically noted that the car park did not form part of the works to be funded under the blackspot program. It must be noted, however, that the car park at this location compliments the works to be undertaken under the Blackspot Funding application and as such, any implications for amendments to the scope of works would need to be considered in consultation with Main Roads WA (MRWA).

Q2 *Can the City confirm if the building of a carpark is funded solely by the City of Joondalup?*

A2 Refer A1 above.

Q3 *Can the City please advise if a City of Joondalup car park would be considered a community facility?*

A3 Community facilities, generally, refers to the provision of buildings on City managed or owned land for use by the community such as sporting facilities.

Q4 *Informal on-street parking in St Ives Loop is often used by patrons of the Northshore Community Hub.*

Can the City provide statistics on how many complaints it has received from residents of St Ives Loop regarding this informal parking over how many years?

A4 During December 2020 to December 2025, the City has received one parking complaint from a resident on St Ives Loop.

Q5 *These works are part of the City's Coastal Boulevard network, with Whitfords Avenue (Distributor A) transitioning to Northshore Drive (Distributor B), then transitioning to Oceanside Promenade (Distributor B) in Mullaloo.*

Is it correct that to achieve this connection, the 'Boulevard Treatment' will need to continue along Northshore Drive to the Mullaloo roundabout and will impact what the City has for years signposted as Merrifield Park located alongside the road?

A5 By way of background, Council, at its meeting held on 15 November 2022 (CJ138-11/12 refers) requested a report be prepared on potential intersection improvements at Northshore Drive and Northshore Avenue, Kallaroo as well as Northshore Drive and the Northshore Drive beach car park taking into consideration traffic volumes and accident data along this part of the coastal road. A comprehensive assessment was subsequently undertaken of Northshore Drive to confirm the operation and performance of this road and potential upgrade options were considered by Council at its meeting held on 27 June 2023 where Council, resolved as follows ([CJ102-06/23](#) refers):

"1 *NOTES the outcomes of the Northshore Drive, Kallaroo Technical Assessment;*

2 *SUPPORTS a road upgrade of Northshore Drive, Kallaroo as a staged project subject to successful State or Federal government grant funding;*

3 *NOTES that the upgrading of Northshore Drive, Kallaroo if supported by Council will be considered as part of future budget development processes."*

The City applied for and was successful in obtaining Federal Black Spot funding to upgrade the 600 metre section of the road from 200 metres south of the Northshore beach carpark entry/exit to 140 metres north of the Northshore Avenue intersection.

The SBS2101 Northshore Drive Treatment project (as detailed above) was considered as part of the 2025-26 budget development process and approved by Council at its meeting held on 24 June 2025 (CJ173-06/25 refers), as a multi-year project with detailed design scheduled for 2025-26 and construction scheduled to commence late FY2025-26 / early FY2026-27.

Whilst the City's coastal boulevard network is intended to provide a continuous corridor from Whitfords Avenue through Northshore Drive to Oceanside Promenade, achieving this connection would ultimately require the boulevard treatment to extend along Northshore Drive to the Mullaloo roundabout. However, any future works would be subject to planning, detailed design, and Council approval, in the future.

V Funston, Kallaroo:

Re: Item 11.4 and 11.5 - Petition in Relation to Requesting the City Consider the Full Scope and Impact of the Traffic Management Improvements and Provision of an Additional Car Park to Northshore Drive, Kallaroo.

Q1 It was not our intention to submit two petitions on the Northshore Drive works, rather to have an e-petition and a written petition which would be combined once submitted. I created the e-petition and, working alongside a fellow resident, created a written petition with precisely the same wording.

We note that the petition is listed separately on the agenda and would like to know how the City will deal with counting, verification of signatures and processing of the petition?

A1 The requirements for a petition are set out in the City's [Meeting Procedures Local Law 2013](#) as well as the City's [Frequently Asked Questions](#) (FAQs) document. The FAQs provide that there can only be one lead petitioner for a petition. As the hard copy petition and ePetition have different lead petitioners listed, the two petitions have been submitted to the Council as separate petitions. The City has validated both petitions and confirm there were no duplicate signatures.

Q2 Can the City please clarify if the estimated \$1.4 million cost for the construction of an additional beach car park at this location is funded by the Blackspot Funding?

A2 The cost for proposed construction of a carpark as part of this project is not funded by the Blackspot funding. The City estimates that the car park will cost approximately \$320,000.

Q3 *Now that the petitions have been received regarding these works, will a response be provided prior to further works being undertaken by the City on this project?*

A3 The two petitions regarding the SBS2101 Northshore Drive Treatment project are to be formally presented to Council for its consideration at its meeting to be held on 9 December 2025. If Council resolved to receive the petitions and refer them to the Chief Executive Officer for action, the City will investigate the matters raised in the petition and inform Council of the action to be taken, either as a report to Council or via the Status of Petitions quarterly report. The lead petitioners will be informed of the City's proposed course of action in the lead up to Council's decision on the matter.

Q4 *The existing beach carpark located west of Northshore Drive is rarely at capacity and serves an unpatrolled beach with no public facilities such as showers or toilets. Has the City conducted a Parking Demand Assessment for this carpark and what were the results?*

A4 This car park is not for the exclusive use of beachgoers. Parking demand in this area is already well-established, given its proximity to key destinations such as the North Shore Community Hub and the Mullaloo Surf Life Saving Club, both of which experience significant overflow parking requirements during peak periods. In addition, the expanded parking area will support community events where temporary parking demand frequently exceeds existing capacity. The car park is therefore designed to serve a broader community function rather than being dedicated exclusively to beach-related activities.

Please also note that Council considered a report on potential intersection improvements at Northshore Drive and Northshore Avenue, Kallaroo as well as Northshore Drive and the Northshore Drive beach car park taking into consideration traffic volumes and accident data along this part of the coastal road at its meeting held on 27 June 2023 where Council, resolved as follows ([CJ102-06/23](#) refers):

- "1 NOTES the outcomes of the Northshore Drive, Kallaroo Technical Assessment;*
- 2 SUPPORTS a road upgrade of Northshore Drive, Kallaroo as a staged project subject to successful State or Federal government grant funding;*
- 3 NOTES that the upgrading of Northshore Drive, Kallaroo if supported by Council will be considered as part of future budget development processes."*

Q5 *How did the Parking Demand Assessment inform the decision to construct a new carpark at this blackspot location?*

A5 Refer to A4 above.

M Sideris, Mullaloo:

Re: Native Vegetation Removal.

Q1 *The City of Joondalup has received a Coastal and Estuarine Risk Mitigation Program (CERMP) with a project total funding of \$943,697, a program intended to focus on the upgrading of the City's coastal assets.*

Can the City please provide a detailed financial funding breakdown of the \$943,697, confirming that the focus includes the key aspects such as nature-based designs (wetlands, revegetation), infrastructure, risk reduction, and community resilience?

A1 *The Coastal and Estuarine Risk Mitigation Program aims to fund projects that reduce the risks and impacts of disasters on coastal communities and economies. The City was successful in obtaining a Coastal and Estuarine Risk Mitigation Program 2022–23 grant towards implementation of actions within the City's *Coastal Infrastructure Adaptation Plan* to maintain, repair and refurbish the City's coastal protection infrastructure including existing seawalls and groynes. The funding covers construction costs, consultant design and advice, project management costs, and contingency.*

Q2 *Further to Question One, can the City advise when the grant proposal was submitted to and agreed by Council, and the Community CHRMAP Reference group?*

A2 *Council endorsed the City's *Coastal Infrastructure Adaptation Plan* in May 2018 (CJ082-05/18 refers). Council endorsed the amendment of the *2022-23 Capital Works Budget* and acceptance of the funding under the *Coastal and Estuarine Risk Mitigation Program* at the December 2022 meeting (CJ211-12/22 refers). The CHRMAP Community Reference Group was established in April 2025 and as per the Terms of Reference it is the group's role to input into the development of the City's CHRMAP project.*

Q3 *In response to questions submitted to the Council meeting held on 25 November 2025, Question Four and Question Five referred to earthworks by the City at J131 pathway. The City advised it was limited to clearing the pathway and "involved no removal of native vegetation, they did not require a clearing permit". As the attached pre-photos clearly show a fragile rehabilitated dune mix of native coastal seedlings undertaken by the City Natural Areas team, and post with this section with mechanically removed dune structure and no plants, the question is resubmitted as follows:*

Further to Question Four, these earth works at J131 and other adjacent access pathways subjected to similar dune remodeling. Can the City kindly advise the DWER Clearing Permit reference approving the removal of, and ground disturbance of, fragile dune stabilising native coastal vegetation?

Southside

Northside

Southside after

A3 The photographs submitted with the question (labelled southside, northside and southside after) all depict conditions after the works were completed and do not show a rehabilitated dune containing established native coastal vegetation. As previously advised, the works undertaken at J131 did not involve the removal of native vegetation and therefore did not trigger the requirement for a DWER clearing permit. The sand removed from the area shown in the southside photograph was reused to rebuild the existing beach access ramp following erosion events. As previously outlined, sand regularly accumulates in this location and frequently overflows into the adjacent car park and footpath, requiring management to maintain safe access.

Pre-works photographs from February 2025 (provided below) demonstrate that while *Tetragonia decumbens* was present on the slope, the area did not comprise a rehabilitated dune planted with a mix of native coastal species. A comparison of aerial imagery from 1 February 2025 (pre-works) and 30 August 2025 (post-works) further shows that only a limited area of *Tetragonia* on the slope and along the former fence line was affected. No broader native dune vegetation was removed.

With respect to the reference to other access pathways, these are existing, established accessways with concrete paths. The works undertaken did not alter the alignment or footprint of these pathways. Activities were limited to the removal and redistribution of wind-blown sand, which was placed back onto the foreshore to replenish sections of the beach access ramps impacted by erosion.

- Q4 *The attached photo at the beach near J131 shows the creation of a super pit excavation of in excess of 24 cubic metres into the beach and into the steep wall of the dune, can the City explain the purpose of these earth works and what rehabilitation and re-compaction works are intended, in order to ensure the dune will not collapse any further?*

- A4 The excavation shown in the provided photograph relates to the City's removal of soil containing low levels of asbestos fragments and fines (AF/FA), identified during the recently completed Asbestos in Soils Investigation (ASBINS). The original scope of works involved the removal of approximately 24 m³ of soil. During excavation, an additional layer of suspected asbestos-containing material (ACM) was encountered, and some adjacent material collapsed into the excavation due to the steep dune profile. As a result, the total volume of soil removed increased to approximately 43m³. The excavation was temporarily left barricaded and not backfilled while the City awaited laboratory validation results to confirm the successful removal of AF/FA. Upon receiving confirmation that the validation samples returned clear results, the excavation was subsequently backfilled and reinstated (refer to image below).

Following completion of the ASBINS, the City is now preparing a remediation options assessment to inform the development of a Remediation Action Plan (RAP). This plan will guide long-term site management, including dune stability, rehabilitation and ongoing monitoring.

Q5 *As this work is combined with remodeling and building sand paths down from pathway to beach level effectively causing “ground disturbance of native coastal vegetation, can the City kindly advise the DWER Clearing Permit reference approving the ground disturbance of fragile dune stabilising native coastal vegetation?*

A5 As previously advised, the City did not remove any native vegetation and, as such, a DWER clearing permit was not required. The beach access ramps were reconstructed to restore safe public access following storm-related erosion. These works involved replenishing sand that had been lost during the August 2025 storm event and did not result in disturbance to native coastal vegetation, as no vegetation was present in the affected areas at the time of the works. The August 2025 storm event eroded approximately two metres from the foredune, creating steep drop-offs between the accessways and the beach. The sand reinstated as part of these works replaced material that had been washed away and restored pre-storm conditions.

S Romingnon, Marmion:

Re: *Item 12.7 – Status of Petitions – Road Safety Improvements Freeman Way, Marmion.*

Q1 *Can the City elaborate on Part 5.4 of the Recommendation: “NOTES that Freeman Way, Marmion has an existing traffic treatment that encourages speed compliance with the 50km/h speed limit”, leading to the non-support of any improvement proposed?*

A1 Freeman Way has an existing traffic treatment which consists of a flush red asphalt median, median islands and a roundabout at the intersection with High Street. The purpose of the treatment is to modify the road environment by separating vehicle flows and to encourage compliance to the speed limit.

This existing traffic treatment provides many road safety benefits as it narrows the carriageway width to encourage speed compliance and has median island trees which provides vertical elements that also modify the road environment. This type of treatment is commonly used throughout the City and roads within other local government areas.

Q2 *With reference to the 24 October 2025 City News, there are nine selected solar speed sign locations with none in Marmion, can the City please advise if it would consider the expansion of the solar speed signs campaign to increase the speed awareness on Freeman Way and/or any painted signage on the road?*

A2 The solar speed awareness signs are part of a grant funded program. Roads were identified for the signs if they met the following criteria:

- The road had a confirmed 85th percentile speed (the speed at which 85 per cent of vehicles are travelling at or below the speed limit under free-flowing conditions) of 10km/h or more over the speed limit.
- Roads that are located within school precincts.

In the case of Freeman Way, the criteria were not met as the highest 85th percentile speed was 54km/h and it is not located within a school precinct. As there are a limited number of signs, the City was required to prioritise locations based on the above criteria. Freeman Way has been placed on the City's Traffic Count Program and surveys are likely to occur sometime between February and April 2026. Should the 85th percentile speed be 10km/h or more over the speed limit, the WA Police will be contacted. Freeman Way can be considered for the speed radar signs should the above criteria be met.

Main Roads WA (MRWA) approve and install pavement markings on the road network, and it is unlikely there is any appropriate signage that would be permitted to be painted on the carriageway on Freeman Way.

M Kwok, Ocean Reef:

Re: Item 16.3 – Notice of Motion No. 3 – Cr Vinciullo – Protections for Elected Members.

With reference to Part 6.1 of the Recommendation:

“6.1 reviewing the City’s Legal Representation for Council Members and Employees Policy to allow for costs to be reimbursed for matters related to defamation, harassment or intimidation of an elected member whilst undertaking their official role; and”

If this is in place, Elected Members to commence legal proceedings against defamatory comments made of a personal nature may constitute the conferral of a benefit that is private and domestic in nature.

Q1 *Can the City advise will the funds approved for use by an employee constitute as a Fringe Benefit and be subject to Fringe Benefit Tax (FBT)?*

A1 This question was taken on notice and the following response is now provided by the City:

In normal circumstances, any amount paid by an employer to an employee in the form of expense reimbursement is subject to FBT as it is considered as expense payment fringe benefit. However, if the legal representation cost incurred is tied to the matter arising while undertaking official duties then it may be considered as a business expense for the City and may not be subject to FBT. One of the payment criteria within the policy excludes the legal representation costs that relate to a matter that is of a personal or private nature.

Q2 *Can the City advise will the funds approved for use by a Councillor constitute income and may be required to be reported as such on their Activity Statement?*

A2 This question was taken on notice and the following response is now provided by the City:

In general, any payment made by a local government to an Elected Member is considered as an assessable income in the hands of the elected member. The City can only provide comments in relation to payment to elected members in accordance with the policy but is unable to provide comment about such payments being considered as income for elected members as it relates to their personal tax affairs.

Q3 *If the litigation is unsuccessful, costs would almost inevitably be awarded against the unsuccessful party. Can the City advise if the City will contribute towards those costs?*

A3 The City cannot comment on a hypothetical situation.

Q4 *Can the City advise if it will ensure the residents have transparency in respect of the total legal expenditure incurred as a result of implementation of a policy to reimburse legal expenses using municipal funds?*

A4 This would be a matter for the Policy Committee/Council to determine when reviewing the *Legal Representation for Council Members and Employees Council Policy*.

Q5 *Can the City confirm if it is correct to say that Section 8 of the Work Health and Safety Act 2020 (WHS Act) defines the meaning of a workplace and the comments section of posts written in private groups on social media are NOT considered the employee or Councillors work environment, and that therefore this is outside of the City's duty of care and not something the City needs to mitigate against?*

A5 Online material can fall under the definition of a workplace when those pages are used for official duties. Under Section 8 of the *Work Health and Safety Act 2020* (WA), a workplace is defined as "a place where work is carried out for a business or undertaking and includes any place where a worker goes, or is likely to be, while at work." For Elected Members, this definition extends to the virtual spaces they are required to occupy as part of their role, such as public forums and their own official social media pages.

The legal basis is:

- Section 8 – definition of workplace includes any place where work is carried out, which can extend to online environments when work occurs there.
- Section 19 – the City's primary duty of care to ensure, so far as reasonably practicable, a work environment without risks to health and safety, including psychosocial hazards.
- WA's Code of Practice: Psychosocial Hazards in the Workplace and Safe Work Australia guidance confirm that online abuse connected to work is a recognised psychosocial hazard.

The City's duty applies when online abuse arises from an Elected Member's official role and impacts their mental health or ability to perform Council duties. This includes comments on public social media pages used for Council business and engagement. While the City does not need to monitor or control private platforms, it must take reasonably practicable steps to minimise the impact. These steps include providing guidance and training, establishing reporting pathways, offering EAP and wellbeing support, and documenting actions taken.

Employees are covered by the *Social Media Protocol*, which sets expectations for personal use and prohibits engaging in official comment sections. Private social media spaces are outside the City's control and generally outside work health and safety obligations unless conduct spills into the workplace and creates a psychosocial hazard.

The City's duty of care does not extend to controlling private social media platforms. However, if online comments connected to official duties cause harm that affects an Elected Member's mental health or ability to perform their role, the City must take reasonably practicable steps to minimise that risk.

B Gould, Iluka:

Re: Item 16.3 - Notice of Motion No. 3 – Cr Vinciullo – Protections For Elected Members.

Q1 Under this Notice of Motion, who would be the decision-maker responsible for determining whether a resident's conduct constitutes harassment, bullying, intimidation or misinformation, and what legislated definitions, evidentiary standards or thresholds would be applied in making that determination?

Q2 What specific procedural safeguards would be included in any amended policy to ensure that lawful criticism, questioning of decisions, public advocacy, endorsements and political commentary by residents and community groups are not misclassified as harassment, intimidation or misconduct?

*A1&A2 This would be a matter for the Policy Committee/Council to determine when reviewing the *Legal Representation for Council Members and Employees Council Policy*.*

Q3 Given the Officer's report confirms that Elected Members already have protections under the Criminal Code, the Restraining Orders Act, Defamation Law and the Work Health and Safety Act, what specific legal gap has been identified that this motion is intended to address?

A3 The City cannot comment on behalf of a Councillor as to the intended outcomes of the motion.

Q4 *Does the City consider comments made by residents on Councillors' publicly accessible social media pages to fall within a Councillor's "workplace" for the purposes of Work Health and Safety obligations, and if so, on what legal basis?*

A4 Online material can fall under the definition of a workplace when those pages are used for official duties. Under Section 8 of the *Work Health and Safety Act 2020* (WA), a workplace is defined as "a place where work is carried out for a business or undertaking and includes any place where a worker goes, or is likely to be, while at work." For Elected Members, this definition extends to the virtual spaces they are required to occupy as part of their role, such as public forums and their own official social media pages.

The legal basis is:

- Section 8 – definition of workplace includes any place where work is carried out, which can extend to online environments when work occurs there.
- Section 19 – the City's primary duty of care to ensure, so far as reasonably practicable, a work environment without risks to health and safety, including psychosocial hazards.
- WA's Code of Practice: Psychosocial Hazards in the Workplace and Safe Work Australia guidance confirm that online abuse connected to work is a recognized psychosocial hazard.

The City's duty applies when online abuse arises from an Elected Member's official role and impacts their mental health or ability to perform Council duties. This includes comments on public social media pages used for Council business and engagement. While the City does not need to monitor or control private platforms, it must take reasonably practicable steps to minimise the impact. These steps include providing guidance and training, establishing reporting pathways, offering EAP and wellbeing support, and documenting actions taken.

Employees are covered by the *Social Media Protocol*, which sets expectations for personal use and prohibits engaging in official comment sections. Private social media spaces are outside the City's control and generally outside work health and safety obligations unless conduct spills into the workplace and creates a psychosocial hazard.

The City's duty of care does not extend to controlling private social media platforms. However, if online comments connected to official duties cause harm that affects an Elected Member's mental health or ability to perform their role, the City must take reasonably practicable steps to minimise that risk.

Q5 *As the term "proxy campaigning" does not exist in the Local Government Act or the Electoral Regulations, how does the City propose to define this term, and how will it be distinguished from lawful political communication, endorsements and community commentary during an election period?*

A5 This would be a matter for the Policy Committee/Council to determine when reviewing the *Legal Representation for Council Members and Employees Council Policy*.

The following summarised questions were submitted verbally at the Council meeting held on 9 December 2025:

G Hinchliffe, Kallaroo:

Re: Item 11.4 and Item 11.5 – Northshore Drive Petitions.

Q1 *Regarding the improvements on Northshore Drive, has it been considered to place a roundabout leading into the car park, instead of a separated highway, to lower costs and improve safety?*

A1 The Director Infrastructure Services responded that various options have been considered in terms of safety improvements and access to the coastal car park. The proposal to construct a roundabout at Northshore Drive / Northshore Avenue, with a right turn pocket into the car park was deemed the best solution and the safest option to improve traffic movements along that stretch of road.

Q2 *Is it correct, that the road will not have a median strip and will not be split, with only the roundabout into the carpark?*

A2 The Director Infrastructure Services answered that was not correct. There is a right turn in the median to the car park. The boulevard treatment proposed is similar to the treatment by the dog beach, at Whitfords Avenue.

F Gilbert, Kallaroo:

Re: Item 11.4 and Item 11.5 – Northshore Drive Petitions.

Q1 *The works on Northshore Drive will negatively impact on the environment, the community, character and local amenity. In consultation with our community, could the City consider taking a lower impact approach to these road works?*

A1 The Director Infrastructure Services responded that the negative impacts referred to are unclear, and that as part of the detailed design process, the City is considering options that retain as many of the existing trees as possible.

Re: Item 12.8 – 2024-2025 Customer Satisfaction Survey.

Q2 *Given the low scores for community consultation, under the survey results in this month's agenda, what steps will the City take to restore community confidence in the consultation process?*

A2 The Director Governance and Strategy answered that while this is one of the lowest scores, the City of Joondalup does exceptionally well in terms of consultation when benchmarked against other local governments. The City acknowledges that improvements can still be made and attached to the report is an improvement plan. That improvement plan may give confidence that the City is reviewing community consultation and looks forward to improving scores during the next customer satisfaction monitoring in 2 years' time.

A Sheehan, Kallaroo:

Re: Notice of Motion No. 3 – Cr Vinciullo – Protections for Elected Members.

Q1 How does the notice of motion for the protection of Elected Members align with community consultation, given the motion aims to restrict what the community is allowed to post on social media whilst seeking greater freedom of speech for Councillors, and having ratepayers fund any legal expenses incurred by Council?

A1 The Director Governance and Strategy responded that a notice of motion is permitted to be put forward by individual Elected Members to the Council. The Council will determine the way in which it will vote, and whether to further consult with the community.

Re: Cr Jones Reimbursement Expense.

Q2 Can the City explain the specific breach of conduct regarding Councillor Jones' expense claim for the beer at the Crazy Horse Club, is it the expense itself (a beer while alone in a club near midnight) or the inappropriate venue?

A2 The Chief Executive Office answered that an explanation is to be found in the public register of the behavioural breaches, which appears on the City's website.

Mayor Kingston answered that the finding on the Code of Conduct Register relates to both the attendance of the venue and then also seeking reimbursement.

M Sideris, Mullaloo:

Re: Native Vegetation Removal.

Q1 The answer provided to the written questions 3 and 4, is that the photos regarding the south side of the dune for the pathway were J 131 and is done after. However, the date stamp on that photo is February this year and shows vegetation on the western end of that pathway that was removed by the City during its' earthworks. Can the City advise of the clearing permit for that action?

A1 The Director Infrastructure Services took this question on notice and the following response is now provided by the City:

The City has re-assessed the four photographs provided in your email dated 7 December 2025. The City response remains the same being that no native vegetation has been cleared and therefore no native vegetation clearing permit is required under the *Environmental Protections Act 1986*.

Q2 *Question 5 regarding the earthworks at the base on the beach web work refers to ground disturbance. Ground disturbance is evident, and ground disturbance is a condition under the native vegetation regulations of the Environmental Protection Act. Where is the clearing permit for that work?*

A2 The Director Infrastructure Services answered that a clearing permit was not required, as the works were undertaken to reconstruct beach access ramps damaged during a storm event in August 2025.

B Gould, Iluka:

Re: *Item 16.3 - Notice of Motion No. 3 – Cr Vinciullo – Protections For Elected Members.*

Q1 *The answer provided to question 4 explained that the definition of a Councillor’s workplace extends to virtual spaces they are required to occupy as part of their role, such as public forums and their own official social media pages. Can the City clarify which online spaces are considered “required”?*

A1 The Director Governance and Strategy responded that online spaces where the Councillor is representing themselves as an Elected Member of the City of Joondalup, rather than as a private citizen, would constitute as virtual extensions of the workplace.

The Director Governance and Strategy took this question on notice and the following response is now provided by the City:

The concept of a workplace under the WHS Act is based on where work occurs, which may include virtual environments when Elected Members are acting in their official capacity. An online space becomes a workplace when an Elected Member is directed, authorised, or expected by the City to use or attend that space. For Elected Members, this applies only when they are acting in their official capacity and engaging in City business, such as City-managed platforms, virtual council meetings, or Elected Member branded pages used for official purposes.

It does not include private or third-party social media pages, even if they post City-related content or are critical of an Elected Member, because there is no requirement to engage and the City has no control over those spaces. These pages are not considered a workplace under the Act. Simply being aware of or exposed to content does not make the page a workplace.

Q2 *Is it a requirement for Elected Members to have a Facebook page?*

A2 The Director Governance and Strategy answered that it is not a requirement for Elected Members to have an official Facebook page.

J Heyes, Kallaroo:

Re: Car park at Northshore Country Club.

Q1 Regarding the proposed car park at Northshore Country Club, has the Council considered allowing parking on the grass?

A1 The Director Infrastructure Services answered that parking is currently allowed on the grass verge. The Council has considered this and deemed it as appropriate to formalise the parking on that verge. There will also be several other areas where the City will formalise parking for the community.

Q2 Can the City confirm there will not be a concrete car park there?

A2 The Director Infrastructure Services confirmed that the current proposal includes an asphalt car park.

**EXTENSION OF PUBLIC QUESTION TIME
(Resolution No: CJ339-12/25)**

MOVED Mayor Kingston, SECONDED Cr O'Neill that Public Question Time be extended for a period of 10 minutes.

The Motion was Put and

CARRIED (11/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

M Kwok, Ocean Reef:

Re: Elected Member Meeting Fees.

Q1 What would be the mechanism for the City to change the meeting fees for Elected Members from an annual payment to payment by attendance?

A1 The Director Governance and Strategy responded that a Council resolution would determine how the fees are to be paid.

6 PUBLIC STATEMENT TIME

The following summarised statements were submitted verbally at the Council meeting held on 9 December 2025:

J Lewis, Kallaroo:

Re: Item 11.4 and Item 11.5 – Northshore Drive Petitions.

Ms Joanne Lewis spoke on behalf of residents, to request transparency and community consultation before works commence on the Northshore Drive boulevard treatment. Ms Lewis questioned why the intersection is prioritised as a black spot over 120 other locations, considering the fatality of 2022 occurred 400 metres from that location. Ms Lewis explained that widening the road to 20 metres, with an eight-metre median, encourages speeding and threatens safety, the environment and amenity. Ms Lewis asked why the design is based on the aesthetic of Whitfords Avenue, a road that carries twice the traffic volume. Ms Lewis stated that residents question why the design is incongruent with the treatment of Oceanside Promenade. Ms Lewis questioned why a car park is included at a beach that is not patrolled, does not have public facilities, and nearby car parks are rarely full. Ms Lewis requested that the City consult with the community to understand concerns and work on finding an alternative.

M Moore, Edgewater:

Re Item 13.3.1 - Joondalup Performing Arts Centre – Update.

Mr Michael Moore addressed the Council in relation to the update to the Joondalup Performing Arts Centre and spoke of the potential to enliven the City of Joondalup. Mr Moore noted that in comparison to the centre of Fremantle, the Joondalup City Centre is empty at night. Mr Moore suggested that a focal point is needed, other than the shopping centre. Mr Moore explained that such a focal point could be a town square flanked by the library, the City Administration Building and a performing arts centre. Mr Moore stated that a performing arts centre would provide a place for the arts of the City to call home, while attracting visitors into the centre both day and night.

B Gould, Iluka:

Re: Notice of Motion No. 3 – Cr Vinciullo – Protections For Elected Members.

Ms Bettina Gould spoke regarding Notice of Motion No. 3 – Cr Vinciullo - Protections for Elected Members, to emphasise the importance of open community participation by which residents can question and hold elected representatives accountable. Ms Gould drew attention to the right of the community to speak openly about decisions made with public funds, in terms of publicly available facts. Ms Gould explained that cases of harassment, defamation, threats and harmful conduct are already covered under existing laws. Ms Gould argued that Councillors already have access to legal protections and that qualified privilege already protects good faith speech by Councillors. Ms Gould questioned the intended use for expanded protections on Councillors' speech. Ms Gould suggested that new rules and standards should be applied fairly to both residents and Elected Members, or else risk blurring the line between genuine misconduct and normal democratic participation.

G Hitchliffe, Kallaroo:

Re: Item 11.4 and Item 11.5 – Northshore Drive Petitions.

Mr Greg Hitchliffe raised concerns in relation to the proposed works at Northshore Drive, urging the Council to consider an alternative that is better favoured by the community. Mr Hitchliffe extended the previous statement from Ms Joanne Lewis, by highlighting the opportunity at Northshore Drive to enhance the coastal tourist route with low-cost passive traffic measures that provide safety, protect amenity and maintain Kallaroo's community character.

Mr Hitchliffe argued that a right-hand-turn lane heading south into the western car park does not alleviate the danger of having a car turn in front of the cars coming down the hill. Mr Hitchliffe suggested that having one roundabout instead of a 600-metre stretch of divided road, and removing the median strip altogether, would be a preferable option that saves costs.

7 APOLOGIES AND LEAVE OF ABSENCE

7.1 LEAVE OF ABSENCE PREVIOUSLY APPROVED

Cr Nige Jones 29 November to 24 December 2025 inclusive.

7.2 REQUESTS FOR LEAVE OF ABSENCE CR CHRISTOPHER MAY, JP, CR REBECCA PIZZEY, CR ROHAN O'NEILL, CR LEWIS HUTTON AND CR JOHN RAFTIS (Resolution No: CJ340-12/25)

MOVED Cr O'Neill, **SECONDED** Cr Vinciullo that Council **APPROVES** the request for leave of absence from Council duties for:

- 1** Cr Christopher May, JP covering the period 18 December 2025 to 9 January 2026 inclusive;
- 2** Cr Rebecca Pizzey covering the period 24 December 2025 to 4 January 2026 inclusive;
- 3** Cr Lewis Hutton covering the period 24 December 2025 to 11 January 2026 inclusive;
- 4** Cr John Raftis covering the period 9 February to 13 February 2026 inclusive.
- 5** Cr Rohan O'Neill covering the period 20 February to 23 February 2026 inclusive;
- 6** Cr Rohan O'Neill covering the period 4 August to 6 August 2026 inclusive.

The Motion was Put and

CARRIED (11/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

7.3 APOLOGIES

Cr Christopher May, JP.

8 CONFIRMATION OF MINUTES

8.1 MINUTES OF THE ORDINARY COUNCIL MEETING HELD ON 25 NOVEMBER 2025 (Resolution No: CJ341-12/25)

MOVED Cr Vinciullo **SECONDED** Cr Mercer that the Minutes of the Council Meeting held on 25 November 2025 be **CONFIRMED** as a true and correct record.

The Motion was Put and

CARRIED (11/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

9 ANNOUNCEMENTS BY PRESIDING MEMBER WITHOUT DISCUSSION

Valentine's Concert

Mayor Kingston announced the music of Elton John and George Michael will take centre stage at Joondalup Resort for the City's annual Valentine's Concert – one of WA's best outdoor concert experiences.

Mayor Kingston said on Thursday 12 February 2026, Anthony Callea, Tim Campbell and an incredible band will deliver their acclaimed live show, *The Songs of Elton & George*.

Mayor Kingston advised that tickets and full event details can be found at joondalup.wa.gov.au. The Valentine's Concert is supported by major partners Edith Cowan University and Joondalup Health Campus and venue partner Joondalup Resort.

Joondalup Christmas Lunch

Mayor Kingston announced that the City is again proud to sponsor the Joondalup Christmas Lunch in 2025, which will be held at Joondalup's Central Park on Thursday 25 December.

Mayor Kingston commented now in its 18th year, local church groups and volunteers organise this free annual event to bring together people who would otherwise spend Christmas Day alone.

Mayor Kingston gave a special thank you to the more than 100 volunteers who take time away from their own celebrations to spread some Christmas cheer.

Mayor Kingston shared that more details are available at joondalupchristmaslunch.com.

Season's Greetings

Mayor Kingston shared on behalf of the City and the Council, I would like to take this opportunity to wish everyone in the City of Joondalup a very happy Christmas and a safe and prosperous New Year.

Mayor Kingston said thank you to the many people and groups who have made invaluable contributions to the City of Joondalup throughout 2025.

Mayor Kingston gave a thank you to the Chief Executive Officer and staff of the City of Joondalup for delivering outstanding services, programs and events for our local community with imagination, enthusiasm and care.

Mayor Kingston shared I would like to thank all our Elected Members, who will be taking a short break in January after another year of dedicated service to the District, before tackling the challenges, and realising the opportunities, that 2026 will bring.

Farwell to the Director Planning and Community Development

Mayor Kingston announced that tonight is the last meeting for the Director Planning and Community Development, Chris Leigh.

Mayor Kingston stated that for the Council, Chris has been a voice of wisdom on matters of planning and community development.

Mayor Kingston said that we are sad to hear that Chris is leaving the City, commencing at the City of Wanneroo later in the month, and would like to extend a public thank you on behalf of the City and Elected Members for his years of service at the City of Joondalup.

Mayor Kingston thanked Director Leigh.

10 IDENTIFICATION OF MATTERS FOR WHICH THE MEETING MAY BE CLOSED TO THE PUBLIC

- Item 12.4 - Confidential – Status of Legal Actions Report.
- Confidential Attachment 12.12.3 - Item 12.12 - Tender 018/25 Provision of Planting, Maintenance and Truck Watering Service for the City of Joondalup Leafy City Program.
- Item 12.13 - Confidential – Review of Insurance Services.
- Item 13.3.2 - Confidential – Status Update - Project Axiom.
- Item 13.3.3 - Confidential – MPP2077 Burns Beach Cafe Restaurant Update.

MOTION TO CHANGE ORDER OF BUSINESS

to be discussed after “Motions of which previous notice has been given”.

The Motion was Put and

CARRIED (11/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

11 PETITIONS

11.1 PETITION IN RELATION TO THE IMPACT OF THE MRWA FREEWAY AND PSP PROJECT WORKS (HESTER AVENUE TO WARWICK ROAD) ON THE CITY'S RESIDENTS AND ASSETS

A 40 signature petition has been received from residents of the City of Joondalup in relation to the impact of the MRWA Freeway and PSP project works (Hester Avenue to Warwick Road) on the City's residents and assets, requesting the City to seek revenue recovery from MRWA/State Government and address the resulting amenity loss, road damage, prolonged construction impacts, vegetation clearance, required park restoration, and improved monitoring and community engagement for future State infrastructure projects.

11.2 PETITION IN RELATION TO REQUESTING THE CITY INSTALL A SPEED HUMP (OR EQUIVALENT TRAFFIC CALMING MEASURE) ON COUNTRY CLUB BOULEVARD, CONNOLLY

A 27 signature petition has been received from residents of the City of Joondalup in relation to requesting the City install a speed hump (or an equivalent traffic calming measure) on Country Club Boulevard, Connolly, between the roundabout at Fairway Circle and Joondalup Resort.

11.3 PETITION IN RELATION TO REQUESTING THE CITY ADD AMENITIES TO BARWON PARK, CRAIGIE

A 158 signature petition has been received from residents of the City of Joondalup in relation to requesting the City add amenities, such as a BBQ area, drink fountain, toilet block and shade sails, to Barwon Park, Craigie.

11.4 PETITION IN RELATION TO REQUESTING THE CITY CONSIDER THE FULL SCOPE AND IMPACT OF THE TRAFFIC MANAGEMENT IMPROVEMENTS AND PROVISION OF AN ADDITIONAL CAR PARK TO NORTHSHORE DRIVE, KALLAROO

A 64 signature petition has been received from residents of the City of Joondalup in relation to requesting the City consider the full scope and impact of the Traffic Management Improvements and provision of an additional car park to Northshore Drive, Kallaroo and provide nearby residents with detailed plans and consultation opportunities prior to commencement of work.

11.5 PETITION IN RELATION TO REQUESTING THE CITY CONSIDER THE FULL SCOPE AND IMPACT OF THE TRAFFIC MANAGEMENT IMPROVEMENTS AND PROVISION OF AN ADDITIONAL CAR PARK TO NORTHSHORE DRIVE, KALLAROO

A 55 signature petition has been received from residents of the City of Joondalup in relation to requesting the City consider the full scope and impact of the Traffic Management Improvements and provision of an additional car park to Northshore Drive, Kallaroo and provide nearby residents with detailed plans and consultation opportunities prior to commencement of work.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ343-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that the following petitions be **RECEIVED** and **REFERRED** to the Chief Executive Officer for action:

- 1** A 40 signature petition has been received from residents of the City of Joondalup in relation to the impact of the MRWA Freeway and PSP project works (Hester Avenue to Warwick Road) on the City's residents and assets, requesting the City to seek revenue recovery from MRWA/State Government and address the resulting amenity loss, road damage, prolonged construction impacts, vegetation clearance, required park restoration, and improved monitoring and community engagement for future State infrastructure projects;
- 2** A 27 signature petition has been received from residents of the City of Joondalup in relation to requesting the City install a speed hump (or an equivalent traffic calming measure) on Country Club Boulevard, Connolly, between the roundabout at Fairway Circle and Joondalup Resort;
- 3** A 158 signature petition has been received from residents of the City of Joondalup in relation to requesting the City add amenities, such as a BBQ area, drink fountain, toilet block and shade sails, to Barwon Park, Craigie;
- 4** A 64 signature petition has been received from residents of the City of Joondalup in relation to requesting the City consider the full scope and impact of the Traffic Management Improvements and provision of an additional car park to Northshore Drive, Kallaroo and provide nearby residents with detailed plans and consultation opportunities prior to commencement of work;
- 5** A 55 signature petition has been received from residents of the City of Joondalup in relation to requesting the City consider the full scope and impact of the Traffic Management Improvements and provision of an additional car park to Northshore Drive, Kallaroo and provide nearby residents with detailed plans and consultation opportunities prior to commencement of work.

The Motion was Put and

CARRIED (11/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

12 REPORTS

12.1 DEVELOPMENT AND SUBDIVISION APPLICATIONS - OCTOBER 2025 (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Chris Leigh Director Planning and Community Development
FILE NUMBER	07032, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for 'noting').

PURPOSE

For Council to note the number and nature of applications considered under delegated authority during October 2025.

EXECUTIVE SUMMARY

Schedule 2 (deemed provisions for local planning schemes) of the *Planning and Development (Local Planning Schemes) Regulations 2015* (the Regulations) provide for Council to delegate powers under a local planning scheme to the Chief Executive Officer (CEO), who in turn has delegated them to employees of the City.

The purpose of delegating certain powers to the CEO and officers is to facilitate the timely processing of development and subdivision applications. The framework for the delegations of those powers is set out in resolutions by Council and is reviewed annually, or as required.

This Report identifies the development applications determined by the administration under delegated authority powers during October 2025 (Attachment 1 refers), as well as the subdivision application referrals processed by the City during October 2025 (Attachment 2 refers).

BACKGROUND

Clause 82 of Schedule 2 (deemed provisions for local planning schemes) of the Regulations enables Council to delegate powers under a local planning scheme to the CEO, and for the CEO to then delegate powers to individual employees. At its meeting held on 27 May 2025 (CJ113-05/25 refers), Council considered and adopted the most recent Town Planning Delegations.

DETAILS

Subdivision Referrals

The number of subdivision and strata subdivision referrals processed under delegated authority during October 2025 is shown in the table below:

Type of subdivision referral	Number of referrals	Potential additional new lots
Subdivision applications	6	4
Strata subdivision applications	7	9
TOTAL	13	13

Of the subdivision referrals, eight were to subdivide in housing opportunity areas, with the potential for 10 additional lots.

Development Applications

The number of development applications determined under delegated authority during October 2025 is shown in the table below:

	Number	Value (\$)
Development applications processed by Planning Services	107	\$31,424,508

Of the 107 development applications, 13 were for new dwelling developments in housing opportunity areas, proposing a total of 16 additional dwellings.

The total number and value of development applications determined between October 2022 and October 2025 is illustrated in the graph below:

The number of development applications received during October 2025 was 112.

The number of development applications current at the end of October was 195. Of these, 15 were pending further information from applicants and 10 were being advertised for public comment.

In addition to the above, 258 building permits were issued during the month of October with an estimated construction value of \$61,152,400.25.

Issues and options considered

Not applicable.

Legislation / Strategic Community Plan / Policy implications

Legislation *City of Joondalup Local Planning Scheme No. 3.
Planning and Development (Local Planning Schemes) Regulations
2015.*

10-Year Strategic Community Plan

Key theme 3. Place.

Outcome 3-2 Well-planned and adaptable - you enjoy well-designed, quality buildings and have access to diverse housing options in your neighbourhood.

Policy Not applicable.

Clause 82 of Schedule 2 of the Regulations permits the local government to delegate to a committee or the local government CEO the exercise of any of the local government's powers or the discharge of any of the local government's duties. Development applications were determined in accordance with the delegations made under Clause 82 of Schedule 2 of the Regulations.

All subdivision applications were assessed in accordance with relevant legislation and policies, and a recommendation made on the applications to Western Australian Planning Commission.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	REPUTATION
Risk Event Description	Ineffective / improper decision making	Loss of community trust
Risk Responsibility	Director Governance and Strategy	Chief Executive Officer
Residual Risk	High	
Control Effectiveness	Strong	
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	
Risk Control	The relevant control, to mitigate risk, is the detailed practices within the delegation process including supported by peer review, to ensure decisions taken are lawful, proper and consistent.	

Financial / budget implications

A total of 107 development applications were determined for the month of October with a total amount of \$90,476.43 received as application fees.

All amounts quoted in this report are exclusive of GST.

Regional significance

Not applicable.

Sustainability implications

Not applicable.

Consultation

Consultation may be required by the provisions of the R-Codes, any relevant policy and/or LPS 3 and the Regulations.

COMMENT

Large local governments use levels of delegated authority as a basic business requirement in relation to town planning functions. The process allows for timeliness and consistency in decision-making for rudimentary development control matters. The process also allows the Elected Members to focus on strategic business direction for the Council, rather than day-to-day operational and statutory responsibilities.

All proposals determined under delegated authority are assessed, checked, reported on and cross-checked in accordance with relevant standards and codes.

VOTING REQUIREMENTS

Simple Majority.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION (Resolution No: CJ344-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council **NOTES** the determination and recommendations made under delegated authority in relation to the:

- 1** development applications described in Attachment 1 to this Report during October 2025;
- 2** subdivision applications described in Attachment 2 to this Report during October 2025.

The Motion was Put and CARRIED (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

12.2 ACCESS AND INCLUSION PLAN, AGE-FRIENDLY PLAN, REGIONAL HOMELESSNESS PLAN AND RECONCILIATION ACTION PLAN PROGRESS REPORTS (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Chris Leigh Director Planning and Community Development
FILE NUMBER	17823, 101515
AUTHORITY / DISCRETION	Executive - The substantial direction setting and oversight role of Council, such as adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

PURPOSE

For Council to note the annual progress reports for the City of Joondalup's *Access and Inclusion Plan*, *Age-Friendly Plan* and *Regional Homelessness Plan*.

EXECUTIVE SUMMARY

The City of Joondalup implements actions as guided by the City's Access and Inclusion Plan 2021-22 – 2023-24, Age-Friendly Plan 2018-19 – 2023-24, and the Regional Homelessness Plan 2022-23 – 2025-26. All three plans respond to outcomes from the City's *Strategic Community Plan 2032*.

This report provides an annual update on these plans for the 2024-25 financial year.

In addition, Reconciliation Australia approved the City's Innovate Reconciliation Action Plan (RAP) in August 2025. The City intends to include an annual progress update on the RAP in this report. As the RAP was only approved at the start of the 2025-26 period, the first progress report will be presented for Council's consideration in next iteration of this report in late 2026.

Access and Inclusion Plan

The *Disability Services Act 1993* requires public authorities (including local governments) to ensure their services, buildings and information is accessible to people with a disability. Actions and strategies relating to access are required to be informed and managed by an Access and Inclusion Plan.

The City of Joondalup's current Access and Inclusion Plan 2021-22 – 2023-24 (Attachment 1 refers) was endorsed by Council at its meeting held 16 November 2021 (CJ152-11/21 refers). At this meeting Council also requested that the Chief Executive Officer provide an annual progress report to Council, detailing the performance progress and achievements against all actions in the plan, each financial year.

A summary of actions is included within this Report and detailed in Attachment 2 to this Report.

Age-Friendly Plan

At its meeting held on 16 April 2019 (CJ035-04/19 refers), Council adopted the Age-Friendly Plan 2018-19 – 2022-23 (Attachment 3 refers) which is based on the World Health Organisation's Framework for Age-Friendly Cities and is the City's first iteration of a plan under the framework.

As the Council requested annual updates on the Access and Inclusion Plan, the City considers it appropriate to also provide an annual update on the Age-Friendly Plan.

A summary of actions is included within this Report and detailed in Attachment 4 to this Report.

Regional Homelessness Plan

At its meeting on 28 June 2022 (CJ084-06/22 refers), Council endorsed the City's second Regional Homelessness Plan 2022-23 – 2025-26 (Attachment 5 refers). The plan was developed and is managed in partnership with the City of Wanneroo. As this is a regional document created in partnership with the City of Wanneroo, both Cities are responsible for the implementation of this plan.

As the Council requested annual updates on the Access and Inclusion Plan, the City considers it appropriate to also provide an annual update on the Regional Homelessness Plan.

A summary of actions is included within this report and detailed in Attachment 6 to this Report.

It is therefore recommended that Council NOTES the progress updates for the 2024-25 period of the Access and Inclusion Plan, Age-Friendly Plan, and Regional Homelessness Plan.

BACKGROUND

Access and Inclusion Plan

The *Disability Services Act 1993* requires all public authorities to prepare and manage an *Access and Inclusion Plan* that addresses seven prescribed outcomes in the areas of accessible services, buildings, information, customer service, consultation, complaints, and employment.

The Council endorsed the City's Access and Inclusion Plan at its meeting held on 16 November 2021 (CJ152-11/21 refers).

As well as presenting the annual progress report to the Minister, Council resolved at its meeting held on 16 November 2021 (CJ152-11/21 refers), that Council:

“REQUIRES the Chief Executive Officer to provide an annual progress report to Council, detailing the performance progress and achievements against all listed actions in the Access and Inclusion Plan (2021-22 to 2023-24).”

Age-Friendly Plan

At its meeting held on 13 December 2022 (CJ035-04/19 refers), Council supported the extension of the Age-Friendly Plan 2018-19 – 2022-23 to be completed in 2023-24, in line with the expiry of the Access and Inclusion Plan. The intention of this extension was to allow the City to undertake a consolidated review of both plans as well as other objectives within the City's proposed Community Plan.

The *Age Friendly Plan* was endorsed by Council at its meeting held on 16 April 2019 (CJ035-04/19 refers). The plan is based on the World Health Organisation's eight domains of liveability for age-friendly communities as follows:

- Outdoor Spaces and Buildings.
- Transport.
- Housing.
- Respect And Inclusion.
- Social Participation.
- Civic Participation and Employment.
- Communication and Information.
- Community Support and Health Services.

Regional Homelessness Plan

In 2015, in response to the increasing homelessness, unemployment and housing affordability pressures in the region, the Cities of Joondalup and Wanneroo developed a Regional Homelessness Plan 2018-19 – 2021-22, which was adopted by both Councils in late 2018 (CJ216-12/18 refers).

The Regional Homelessness Plan 2022-23 – 2025-26 was endorsed by Council at its meeting held on 28 June 2022 (CJ084-06/22 refers).

The regional vision is underpinned by the following three key pillars:

- Building capacity, understanding and engagement.
- Prevention and early intervention.
- Responding to homelessness.

The Regional Homelessness Plan aims to do the following:

- Clarify the Cities' roles in addressing homelessness.
- Work towards a strong and coordinated response to homelessness.
- Maximise efficiency of community resources in responding to homelessness.
- Seek to understand the nature and breadth of homelessness.
- Use data wisely to inform evidence-based change and decision making.
- Engage and inform the community.
- Provide strategic direction for the Cities in relation to homelessness.
- Advocate at a state and national level.

DETAILS

Access and Inclusion Plan

A detailed progress report for the implementation of actions undertaken throughout 2024-25 is provided in Attachment 2 to this Report and is summarised below:

- 119 staff attended general access and inclusion training.
- 10 students with a disability undertook supported work placements.
- Eight City events provided an AUSLAN interpretation during their performance.
- Nine footpaths were upgraded to universal access and eight new accessible picnic tables and 21 access bench seats were installed.
- 28 access ramps and 21 new and upgraded accessible pathways were completed.
- An accessibility audit of Joondalup Library was completed and will inform future projects that consider the layout and functionality of the library space.

Age-Friendly Plan

A detailed progress report for the implementation of actions undertaken throughout 2024-25 is provided in Attachment 4 to this Report and is summarised below:

- The Seniors Lifestyle Expo was held on 10 June 2025 at Westfield Whitford City with 14 external organisations exhibiting along with City of Joondalup programs and services.
- The Community Transport Program conducted a total of 446 bus trips to local shopping centres, Whitford Senior Citizens Centre and Joondalup Library.
- Five nominations were received for Senior Citizen of the Year as part of the City's Australia Day Awards.
- 10 projects supporting seniors were awarded funding via the Community Funding Program.
- Anything You Can Do, an intergenerational performance at the Joondalup Festival 2025, paired six older community members with younger artists to co-create a show enjoyed by audiences of all ages.
- The first Volunteer Expo was held on 24 May 2025 with over 200 people attending to engage with 19 volunteer involving organisations.
- 12 Digital Drop-In sessions were held at Woodvale Library with 231 participants learning how to better engage and utilise technology.

Regional Homelessness Plan

The City of Joondalup, along with the Joondalup Wanneroo Ending Homelessness Group (JWEHG), have implemented various actions from the Regional Homelessness Plan in 2024-25. A detailed progress report is provided in Attachment 6 to this Report and is summarised below:

- The Department of Communities continued to fund the Homeless Engagement Assessment Response Team (HEART) outreach service, delivered by Uniting WA in the northern corridor. Throughout 2024-25 the City received 323 reports of people sleeping rough, with 265 of those referred to the HEART service.
- Approximately 8,550 of the City's A Hand Up Hardship and Crisis Support Services pocket guides have been distributed since July 2023 to City of Joondalup Libraries and relevant service providers. It provides emergency assistance and support lines and lists service providers in the Joondalup region.
- Supported by the City, the Joondalup Wanneroo Ending Homelessness Group (JWHEG) updated its Terms of Reference, appointed new leadership, and progressed shared priorities through its advocacy and early intervention subgroups.

Reconciliation Action Plan

At its meeting on 12 December 2023 (CJ258-12/23 refers), Council endorsed the City's draft Innovate Reconciliation Action Plan (RAP). This plan was subsequently submitted to Reconciliation Australia for final approval, which after several rounds of review was approved in August 2025.

As the RAP was only approved at the start of the 2025-26 period, the first progress report will be presented for Council's consideration in late 2026.

Issues and options considered

The progress updates provide a consolidated report of the actions and activities in the access and inclusion, age-friendly, and homelessness spaces undertaken by the City during the 2024-25 financial year.

Legislation / Strategic Community Plan / Policy implications

Legislation *Disability Services Act 1993.*

10-Year Strategic Community Plan

Key theme 1. Community.

Outcome 1-2 Inclusive and connected - you enjoy local services and programs that cater for different ages, abilities and backgrounds.
1-3 Active and social - you enjoy quality local activities and programs for sport, learning and recreation.
1-5 Cultural and diverse - you understand, value and celebrate the City's unique Aboriginal and other diverse cultures and histories.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS
Risk Event Description	Ineffective / improper decision making
Risk Responsibility	Director Governance and Strategy
Residual Risk	High
Control Effectiveness	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.
Risk Control	The relevant control, to mitigate risk, is the provision of a report that provides a progress update on plan implementation that significantly contribute to strategic objectives.

Financial / budget implications

City actions and deliverables that come from the plans are considered as part of the annual budgeting process and included within the operating budget approved by Council.

Regional significance

The City of Joondalup area provides a hub of services and amenities which benefit the greater north metropolitan region. Enhanced services, programs and amenities to vulnerable groups bolster community wellbeing and City's profile in the region while making a significant contribution in addressing the City's corporate social responsibility.

Sustainability implications

Social

An accessible, inclusive, and empowered community is where the needs of everyone are met and people have access to information, feel safe, healthy, and enhanced wellbeing contributes to a sustainable community. It is acknowledged that when services and environments are enhanced for vulnerable groups, the benefits cascade through the whole community.

Consultation

Not applicable.

COMMENT

The Access and Inclusion Plan and the Age-Friendly Plan have both now lived beyond their original time periods.

A report will be presented for Council's consideration in 2026 to consider the completion of the Age-Friendly and Access and Inclusion Plans and a proposed consolidated Community Development Strategy.

The City has commenced work with the City of Wanneroo and the JWEHG on the review of the existing Regional Homelessness Plan which expires in 2026, along with the planning for a new Regional Homelessness Plan.

VOTING REQUIREMENTS

Simple Majority.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ345-12/25)

12.3 EXECUTION OF DOCUMENTS (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr James Pearson Chief Executive Officer
FILE NUMBER	15876, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for 'noting').

PURPOSE

For Council to note the documents executed by means of affixing the Common Seal during November 2025.

EXECUTIVE SUMMARY

The City enters into various agreements by affixing the Common Seal. The *Local Government Act 1995* states that the City is a body corporate with perpetual succession and a Common Seal.

It is therefore recommended that Council NOTES the Signing and Common Seal Register for November 2025.

BACKGROUND

Documents that are to be executed by affixing the Common Seal or signed by the Mayor and the Chief Executive Officer are reported to Council for information on a regular basis. The last report to Council was made at its meeting held on 25 November 2025.

DETAILS

During November 2025, three documents were Executed by affixing the Common Seal as provided below:

Type of document	Property	Description
Deed of Assignment and Assumption and Extension of Lease	2 Caley Road, Padbury	To execute the Deed of Assignment and Assumption and Extension of Lease between the City and Child and Adolescent Health Services (CAHS) for Padbury Child Health Centre – 2 Caley Road, Padbury.
Restrictive Covenant and Road and Rail Noise Notification	Lot 187 (153) Mullaloo Drive, Mullaloo	The parent Lot (the subject site) is being subdivided to create new lots 1 and 2. As part of the conditional subdivision approval granted by the WAPC (SU128-25) The landowner is required to register a restrictive covenant in favour of the City over Lot 2 to restrict the development of Lot 2 for the purpose of aged and dependent persons only.
Section 70A Notification	110 Oxley Avenue, Padbury	In accordance with condition 7 of subdivision approval SU966-20, a notification on title is required to advise current and future owners that the subject site is located within a transport corridor and may be affected by transport noise.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Government Act 1995.*

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-1 Capable and effective - you have an informed and capable Council backed by a highly-skilled workforce.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS
Risk Event Description	Ineffective / improper decision making
Risk Responsibility	Director Governance and Strategy
Residual Risk	High
Control Effectiveness	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.
Risk Control	The relevant control, to mitigate risk, is the execution of documents in accordance with section 9.49A of the <i>Local Government Act 1955</i> ; followed by the provision of a regular Execution of Documents Report to Council.

Financial / budget implications

This process is carried out using budgeted resources.

Regional significance

Effective and consistent approach to the execution of documents enhances the City's capability to deliver services to the district, and beyond, as required.

Sustainability implications

Effective and consistent approach to the execution of documents enhances the City's capability to operate sustainably particularly when third parties must ensure that the premises and/or properties are capable of being lawfully used for the permitted use including environmental matters such as contamination, waste and dangerous goods.

Consultation

Not applicable.

COMMENT

Using a common seal to execute documents provides for consistency and accuracy and helps to reduce errors to ensure the execution of documents is undertaken correctly for it to be valid, binding and enforceable.

Such documents also provide third parties with assurance, and ensures parties comply with and obey the requirements of all laws and relevant authorities. They can also indemnify the City against any action, demand, costs or liability rising from damages.

VOTING REQUIREMENTS

Simple Majority.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ346-12/25)

MOVED Cr Vinciullo, SECONDED Cr O'Neill that Council NOTES the Signing and Common Seal Register for November 2025.

The Motion was Put and CARRIED (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

12.4 CONFIDENTIAL - STATUS OF LEGAL ACTIONS REPORT (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr James Pearson Chief Executive Officer
FILE NUMBER	72574
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for 'noting').

This item was dealt with later in the meeting, after 'Motions of which previous notice has been given', page 202 refers.

12.5 STATUS OF COUNCIL DECISIONS - DECEMBER 2025 (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	48638, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for ‘noting’).

PURPOSE

To inform Council of the action taken in relation to Council decisions.

EXECUTIVE SUMMARY

At its meeting held on 22 August 2023 (CJ169-08/23 refers), Council endorsed a monthly report to Council on all outstanding matters that direction has been given on, including an update on any legal action that may have a contingent liability and are unresolved.

It is therefore recommended that Council NOTES the Status of Council Decisions Report for the month of December 2025, as provided in Attachment 1 to this Report.

BACKGROUND

At its meeting held on 22 August 2023 (CJ169-08/23 refers), Council resolved as follows:

“That Council REQUESTS the Chief Executive Officer to prepare a monthly report to Council, on all outstanding matters that direction has been given on, including an update on any legal action that may have a contingent liability and are unresolved.”

A monthly report on all outstanding Council decisions and any action that has been taken in relation to them has been presented to the Council from 1 July 2023.

The content and format of outstanding legal matters is the subject of a separate report to Council.

DETAILS

The Status of Council Decisions Report (Actions Register) is included as Attachment 1 to this Report.

The Status of Council Decisions Report details all outstanding items where a decision has been made by Council and/or a Committee and a status update has been provided by relevant officers.

The Status of Council Decisions Report is run through Doc Assembler, which went live on 1 July 2023. Any actions that were outstanding prior to 1 July 2023, have been added into the system manually (historical actions). It is to be noted that these items do not have a date displayed in the ‘Meeting Date’ column. Rather, it is included under the ‘Action Required’ heading. From 1 July 2023, all actions will appear in the Register in date order.

Issues and options considered

Council may choose to:

- accept the Status of Council Decisions Report
or
- not accept the Status of Council Decisions Report.

Legislation / Strategic Community Plan / Policy implications

Legislation Not applicable.

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-1 Capable and effective - you have an informed and capable Council backed by a highly-skilled workforce.
5-3 Engaged and informed - you are able to actively engage with the City and have input into decision-making.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	EXPECTATIONS	REPUTATION
Risk Event Description	Ineffective / improper decision making	Inability to understand community expectations	Loss of community trust
Risk Responsibility	Director Governance and Strategy		Chief Executive Officer
Residual Risk	High		
Control Effectiveness	Strong		
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.		
Risk Control	The relevant control, to mitigate risk, is the provision of an accurate monthly report to Council to inform on the progression of the implementation of Council decisions, by the responsible Director. In order to remain transparent, and to facilitate timely and appropriate decision making, it is recommended that action items be reviewed at each Council meeting.		

Financial / budget implications

Not applicable.

Regional significance

Not applicable.

Sustainability implications

Not applicable.

Consultation

Not applicable.

COMMENT

The Status of Council Decisions Report includes decisions made at a Council meeting and/or Committee meetings. Where a recommendation is made at a Committee meeting, and the decision subsequently made by Council, the Council decision will only be included in the Status of Council Decision Report.

VOTING REQUIREMENTS

Simple Majority.

12.6 MINUTES OF REGIONAL COUNCIL MEETINGS (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	41196, 03149, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for 'noting').

PURPOSE

For Council to note the minutes of various bodies on which the City has current representation.

EXECUTIVE SUMMARY

The following minutes are provided:

- Minutes of the Special Mindarie Regional Council Meeting held on 13 November 2025.
- Minutes of the Special Catalina Regional Council Meeting held on 13 November 2025.

DETAILS

Special Mindarie Regional Council Meeting – 13 November 2025.

A special meeting of the Mindarie Regional Council was held on 13 November 2025.

At the time of this meeting Cr Fishwick, JP and Cr Hill were Council's representatives at the Special Mindarie Regional Council meeting.

The attached minutes detail those matters that were discussed at this external meeting that may be of interest to the City of Joondalup (Attachment 1 refers).

Special Catalina Regional Council Meeting – 13 November 2025.

A special meeting of the Catalina Regional Council was held on 13 November 2025.

At the time of this meeting Cr Hutton and Cr May, JP were Council's representatives at the Special Catalina Regional Council meeting.

The attached minutes detail those matters that were discussed at this external meeting that may be of interest to the City of Joondalup (Attachment 2 refers).

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION (Resolution No: CJ349-12/25)

MOVED Cr Raftis, **SECONDED** Mayor Kingston that Council:

- 1** **NOTES** the status of outstanding petitions submitted to Council during the period 16 August 2016 to 20 November 2025, forming Attachment 1 to this Report;
- 2** in relation to the petition opposing the redevelopment of Glengarry Shopping Centre (DA25/0332) at 59 Arnisdale Road, Duncraig:
 - 2.1** **NOTES** that the Outer-Metro Development Assessment Panel (DAP) considered the redevelopment of the Glengarry Shopping Centre proposal and resolved to approve the application on 3 September 2025;
 - 2.2** **NOTES** that the lead petitioner has been advised of the DAP's decision;
- 3** in relation to the petition requesting updates to Windermere Park, Joondalup, as an off-lead dog area during times when the park is not being used for scheduled sporting or community events:
 - 3.1** **NOTES** the requirements of the *Dog Act 1976* regarding dog control measures;
 - 3.2** **DOES NOT SUPPORT** the petition request to specify Windermere Park, Joondalup as an off-lead dog area during times when the park is not being used for scheduled sporting or community events at this time;
 - 3.3** **NOTES** that the City's Dog Management Plan is currently in development;
 - 3.4** **ADVISES** the lead petitioner of Council's decision;

- 4 in relation to the petition to install barbecue facilities, shelter and water access at Sandalford Park, Beldon:**
- 4.1 NOTES that Sandalford Park, Beldon is classified as a Neighbourhood Recreation Park and infrastructure such as a barbeque, shelter and water access are listed as optional only;**
 - 4.2 NOTES that the installation of a barbeque, shelter and water access will be assessed and prioritised against other similar projects across the City with the highest priority projects listed for consideration as part of the annual budget development process;**
 - 4.3 ADVISES the lead petitioner of Council's decision;**
- 5 in relation to the petition for road safety improvements on Freeman Way, Marmion, requesting that the City manage the speed restriction between the intersection of Marmion Avenue and High Street:**
- 5.1 NOTES that the enforcement of hooning and speeding behaviour is the responsibility of the West Australian Police;**
 - 5.2 NOTES that traffic counts are undertaken periodically to monitor the road network and that the two most recent traffic counts have indicated a very high level of compliance with the 50km/h speed limit;**
 - 5.3 NOTES that Freeman Way, Marmion has an existing traffic treatment that encourages speed compliance with the 50km/h speed limit;**
 - 5.4 DOES NOT SUPPORT the request for the installation of additional traffic treatments such as s-shaped road offsets, speed humps and raised platforms, as there is an existing traffic treatment in place;**
 - 5.5 NOTES that the approval, installation, and maintenance of speed limit signage is the sole responsibility of Main Roads WA who do not support 50km/h signage in built up areas;**
 - 5.6 ADVISES the lead petitioner of Council's decision.**

The Motion was Put and

CARRIED (11/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

12.8 2024-25 CUSTOMER SATISFACTION SURVEY (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	111992, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for 'noting').

PURPOSE

For Council to receive the results of the 2024-25 Customer Satisfaction Survey.

EXECUTIVE SUMMARY

The Customer Satisfaction Survey is conducted every two years to measure the level of overall satisfaction with the City, as well as assess the performance of externally facing (resident relevant) services.

The City appointed Survey Research Centre, Edith Cowan University. to design and deliver the 2024-25 Customer Satisfaction Survey. The survey was conducted by computer assisted telephone interviewing (CATI) and undertaken in May 2025 and involved random sampling and interviewing of 601 respondents living in the City. The sample was cross-checked to ensure that it matched the demographic profile and population spread of Joondalup in terms of age, gender and location, to obtain a representative sample.

Overall, the 2024-25 results indicated high levels of community satisfaction (6+/10), with 88.2% satisfied with the services provided by the City. In addition, the results indicated that:

- 96.3% were satisfied with Joondalup as a place to live
- 74% were satisfied with their value for money from Council Rates
- 85.8% were satisfied with the City's customer service experience.

At an individual service level, a high level of satisfaction was achieved across all 20 externally facing services that were measured. Services with the highest satisfaction levels recorded were Library Services (96%), Craigie Leisure Centre (94%), Parks (93%) and Waste Management (88%). The services with the lowest satisfaction levels were Tourism and Visitor Attraction (74%), Parking (71%) and Community Consultation (71%).

It is therefore recommended that Council:

- 1 *NOTES the results of the 2024-25 Customer Satisfaction Survey;*
- 2 *NOTES the actions provided in the 2024-25 Customer Satisfaction Survey Improvement Plan provided as Attachment 1 to this Report.*

BACKGROUND

The Customer Satisfaction Survey is conducted every two years to measure the level of overall satisfaction with the City, as well as the performance in delivering individually specific services.

Through a Request for Quotation process, the City appointed Survey Research Centre, Edith Cowan University, to design and deliver the 2024-25 Customer Satisfaction Survey which aimed to measure familiarity and satisfaction with individual services as well as the following:

- Overall satisfaction with the City of Joondalup.
- Satisfaction with Joondalup as a place to live.
- Satisfaction with the value for money provided by Council rates.
- Satisfaction with the City's customer satisfaction experience.

The survey was undertaken in May 2025 and involved random sampling via computer assisted telephone interviewing (CATI) for 601 respondents living in the City. The sample was cross-checked to ensure that it significantly matched the demographic profile and population spread of Joondalup, in terms of age, gender and location, to obtain a representative sample.

DETAILS

Respondents were asked to rate their level of satisfaction on a scale of 0 to 10, where 0 is "completely dissatisfied" and 10 is "completely satisfied". Overall community satisfaction was indicated by a score of 6+/10.

Result generally indicated high levels of community satisfaction (6+/10), with 88.2% satisfied with the services provided by the City. In addition, the results indicated that:

- 96.3% were satisfied with Joondalup as a place to live
- 74% were satisfied with their value for money from Council Rates
- 85.8% were satisfied with the City's customer service experience.

Respondents were asked to rate their satisfaction with 20 services provided by the City. The services included in the questionnaire provided information to respondents on what the service entailed, and those with no experience of the service were able to opt out of providing a satisfaction rating.

At an individual service level, a high level of satisfaction was achieved across all 20 externally facing services that were measured, with more than half of respondents being *very* satisfied (rating 8+/10) with 11 of the 20 services. Satisfaction levels were recorded from those respondents who were familiar enough with the service to be able to comment.

Services with the highest satisfaction levels recorded were Library Services (96%), Craigie Leisure Centre (94%), Parks (93%) and Waste Management (88%). The services with the lowest satisfaction levels were Tourism and Visitor Attraction (74%), Parking (71%) and Community Consultation (71%).

The following table provides an indication of satisfaction levels against all 20 externally facing services that were measured.

Service	Overall satisfaction (6+/10)
City communications	81%
City website	81%
Community consultation to seek community feedback	71%
Community programs	83%
Community venues	87%
Community safety	81%
Conservation and natural area management	86%
Cultural events, festivals, art exhibitions and public art	90%
Emergency management	92%
Roads	82%
Environmental health services	86%
Landscape design for streetscapes, parks and play equipment	86%
Craigie Leisure Centre	94%
Libraries services	96%
Parking	71%
Parks	93%
Pool inspections	83%
Tourism and visitor attraction	74%
Transport and traffic management	81%
Waste management	88%

Issues and options considered

Data collected from the 2024-25 Customer Satisfaction Survey will be used to inform future service reviews and service level planning.

Legislation / Strategic Community Plan / Policy implications

Legislation Not applicable.

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-3 Engaged and informed - you are able to actively engage with the City and have input into decision-making.

5-4 Responsible and financially sustainable - you are provided with a range of City services which are delivered in a financially responsible manner.

Policy *Community Consultation Council Policy.*

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS
Risk Event Description	Ineffective / improper decision making
Risk Responsibility	Director Governance and Strategy
Residual Risk	High
Control Effectiveness	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.
Risk Control	The relevant control, to mitigate risk, is the provision of reports that provide context to future decisions regarding service provision.

Other risk information

Surveying levels of customer satisfaction with services provided by the City is essential to assist in the planning and delivery of effective and efficient services to the community. These results will inform the City's approach to continuous improvement.

Financial / budget implications

The cost of engaging consultants to undertake the 2024-25 Customer Satisfaction Survey is approximately \$40,000.

All amounts quoted in this report are exclusive of GST.

Regional significance

Not applicable.

Sustainability implications

Customer satisfaction is a measure of an organisation's sensitivity to customer needs. From an organisational perspective, collecting longitudinal data is essential for determining long-term success and sustainability.

Consultation

The sampling size of around 600 respondents for the overall Customer Satisfaction Survey produces a sampling precision of +/- 4% at the 95% confidence interval. That is, there is a 95% certainty that the results obtained will be within +/- 4% if a census was conducted of all households within the City of Joondalup. This percentage is in accordance with the level specified by the Auditor General.

COMMENT

The 2024-25 Customer Satisfaction Survey results show that overall satisfaction with the City of Joondalup remains high, and most residents are satisfied with the services provided by the City of Joondalup. The City's consultant has highlighted areas for improvement where there is opportunity to increase satisfaction ratings. There are three City services where this opportunity is most evident:

- Community Consultation
- Parking
- Tourism and Visitor Attraction.

An Improvement Plan has been developed to identify actions that can be implemented for the services above to increase the level of very satisfied scores. The Improvement Plan is provided as Attachment 1 to this Report.

A summary of the results of the 2024-25 Customer Satisfaction Survey will be developed and published on the City's website in a similar manner to previous years.

The next Customer Satisfaction Survey is scheduled for 2026-27. As part of the state government's reform of the local government sector, it is likely that Class 1 and 2 local governments will be *required* to undertake "ratepayer satisfaction surveys" with "some standardised questions". At this stage, limited detail has been provided on how these surveys might be undertaken, or how the survey outcomes might be evaluated, compared and reported. Notwithstanding, this may affect the methodology, content and reporting of future City of Joondalup Customer Satisfaction Surveys; however, it may also present an opportunity for detailed comparisons between Class 1 local governments.

VOTING REQUIREMENTS

Simple Majority.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION

(Resolution No: CJ350-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council:

- 1 NOTES the results of the 2024-25 Customer Satisfaction Survey;**
- 2 NOTES the actions provided in the 2024-25 Customer Satisfaction Survey Improvement Plan provided as Attachment 1 to this Report.**

The Motion was Put and CARRIED (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

12.9 WILDLIFE PROTECTION INFRASTRUCTURE TO SUPPORT NATIVE WILDLIFE MOVEMENT (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	102082, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for ‘noting’).

PURPOSE

For Council to consider information relating to the request for a report examining costs and benefits of installing ‘virtual’ fencing, land bridges and other alternate methods to aid in the movement of wildlife.

EXECUTIVE SUMMARY

At the Council meeting on 19 November 2024 (CJ318-11/24 Notice of Motion 1 refers), Council resolved for a report to be prepared examining the costs and benefits of installing 'virtual fencing', a land bridge or any other alternate method the City believes would aid in the movement of native wildlife at Pinnaroo Valley Memorial Park, at Whitfords Avenue in Padbury, and Yellagonga Regional Park, at Duffy Terrace and Woodvale Drive in Woodvale.

Options for wildlife protection infrastructure have been researched, at a high level, as detailed below. Whilst options and indicative costs have been identified, to determine the actual costs, ongoing maintenance costs, benefits and the impacts of installation of fit for purpose infrastructure, within specific areas of the City, considerable research, stakeholder engagement and consultation would need to be undertaken.

It is therefore recommended that Council:

- 1 *NOTES the options presented in this report for infrastructure to support fauna movement;*
- 2 *NOTES that to determine costs, benefits and potential risks considerable research, investigation and stakeholder engagement would be required;*
- 3 *NOTES that no budget allocation is available to fund any additional research or infrastructure options;*
- 4 *NOTES that the City will continue to work in partnership with key stakeholders to implement measures to reduce the risks to fauna with urban environments.*

BACKGROUND

Community members have raised concerns regarding the conflict between fauna and vehicles in areas adjacent to natural areas within the City. Like other built-up urban areas within the Perth Metropolitan Area fauna management is a complex issue to manage within the City of Joondalup and is a shared responsibility with the State Government.

In particular kangaroo management within Yellagonga Regional Park is challenging due to high population numbers as well as connectivity and fencing issues. There are also kangaroo management issues between Pinnaroo Valley Memorial Park and Craigie Bushland with reported kangaroo vehicle incidents occurring on Whitfords Avenue in Padbury.

The City works in partnership with the Department of Biodiversity, Conservation and Attractions (DBCA), key landholders and neighbouring local governments and is implementing a collaborative integrated approach to the management of kangaroos within Yellagonga Regional Park including community education, signage and fencing initiatives to prevent negative impacts to kangaroos.

At the Council meeting on 25 March 2025 (CJ053-03/25 refers), Council resolved for the City to request the DBCA to facilitate development of a Kangaroo Management Plan in collaboration with key stakeholders.

In June 2025, the City requested that the DBCA lead on the development of a Kangaroo Management Plan for Yellagonga Regional Park, in collaboration with key stakeholders such as the Cities of Joondalup and Wanneroo. The DBCA advised that they do not consider that a formal Kangaroo Management Plan is required for Yellagonga Regional Park, however they have agreed for a simple kangaroo management action plan to be developed in collaboration with the Cities of Joondalup and Wanneroo.

The City implements natural area management plans for all major conservation areas to provide strategic ongoing management and protect native vegetation and ecosystems. The *Lilburne Park Management Plan* and *Hepburn Heights Conservation Area Management Plan* include recommended management actions related to investigating potential installation of fauna crossings between Pinnaroo Valley Memorial Park to Craigie Open Space to provide ecological linkages and preliminary research has been undertaken by the City.

DETAILS

Options for wildlife protection infrastructure have been researched, at a high level, as detailed in Table 1.

Infrastructure option	Detail	Comments	Estimated Cost
Virtual fence devices	Virtual fencing devices are placed at 25 metre intervals on alternating sides of the road and are activated by approaching headlights which causes devices to emit a combination of sound and flashing light stimuli that alert animals and deter them from crossing. The devices have an urban setting which is higher pitched and quieter to prevent noise impacts to adjacent residential areas (8kHz and 80dB at 1 metre).	Virtual fencing is currently being trialled over a length of 1.5km in Brabham in the City of Swan in Western Australia, as well as numerous other locations in other states across Australia. Whilst virtual fences have been trialled for cattle and for kangaroos in rural areas with infrequent vehicles using roads, it is unknown whether the technology is suitable for use within urban environments within the Perth Metropolitan area.	Research indicates cost between \$10,000 to \$26,000 for a length of around 800m to 2.5kms.
Fauna bridges	Fauna bridges are most commonly used for small animals that live in trees like possums or gliders to allow them to cross the road via bridges between trees.	Fauna bridges are often made out of materials such as ropes and aluminium and would not be suitable for the management of larger fauna such as kangaroos.	It is estimated that a fauna bridge of 65 metres in length would cost approximately \$80,000 to \$100,000.

Infrastructure option	Detail	Comments	Estimated Cost
Fauna overpasses	The purpose of a fauna overpass is to allow native animals access to nearby habitat in environments where bushland has been fragmented. Fauna overpasses can be made from concrete and steel and require extensive ramps to achieve the necessary height.	Fauna overpasses have substantial costs associated and may also have negative environmental impacts through requiring clearing of native vegetation for the installation.	Research indicates that capital costs would range from \$4 million to \$15 million, dependant on location and construction methods and materials.
Fauna underpasses	The aim of fauna underpasses is to allow native animals unrestricted access to habitat that has been fragmented by the construction of a road. Fauna underpasses should be designed to cater primarily for the fauna species at risk of habitat fragmentation and the dimensions of the underpass should be relative to the size of the animals that will use it.	Catering for larger species such as kangaroos may require substantial engineering works to allow for an underpass between 800mm to 1800mm in height (internal height). The development of fauna underpasses requires advice from the DBCA and consideration should be given to the depth from ground level to the groundwater table.	The cost of a fauna underpass varies significantly based on size, materials, and location, ranging from thousands of dollars for smaller projects to tens of millions for large-scale works. Factors such as the width, length, and type of construction material are key cost drivers.
Fencing maintenance and installation	Fencing would usually have a minimum height of 1.8 metres to prevent kangaroos jumping over them and an apron to prevent kangaroos digging under them.	<p>The City continues to collaborate with stakeholders such as the DBCA regarding the installation of sufficient fencing to contain kangaroos within Yellagonga Regional Park.</p> <p>The City also continues to engage with the Metropolitan Cemeteries Board regarding fencing in Pinnaroo Valley Memorial Park being fit for purpose to prevent kangaroos accessing Whitfords Avenue.</p>	<p>It is estimated that the cost to install kangaroo proof fencing is approximately \$130-\$150 per metre.</p> <p>The cost of standard conservation fencing is approximately \$70 per metre.</p>

Whilst options and indicative costs have been identified, to determine the actual costs, ongoing maintenance costs, feasibility, benefits and the impacts of installation of fit for purpose infrastructure, within specific areas of the City, considerable research, stakeholder engagement and consultation would need to be undertaken.

Issues and options considered

It is recommended that Council note the outcomes of initial research into the available options for methods to aid in the movement of wildlife and notes that the feasibility of the infrastructure has not been established, in addition the costs involved are significant.

The City, in partnership with the State Government and neighbouring local governments, is implementing a number of strategies to manage the interaction of wildlife populations with the urban environment.

Legislation / Strategic Community Plan / Policy implications

Legislation *Biodiversity Conservation Act 2016.*
Environment Protection and Biodiversity Conservation Act 1999
(Cwth).
Environmental Protection Act 1986.

10-Year Strategic Community Plan

Key theme 2. Environment.

Outcome 2-1 Managed and protected - you value and enjoy the biodiversity in local bushland, wetland and coastal areas.

Policy *Sustainability Council Policy.*

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	EXPECTATIONS	REPUTATION	ENVIRONMENT
Risk Event Description	Ineffective / improper decision making	Inability to understand community expectations	Loss of community trust	Unsustainable environmental and natural resource management
Risk Responsibility	Director Governance and Strategy		Chief Executive Officer	Director Infrastructure Services
Residual Risk	High			
Control Effectiveness	Strong			
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.			
Risk Control	The relevant control, to mitigate risk, is the provision of infrastructure to mitigate long term risks of declining native species.			

Other risk information

The installation of wildlife protection infrastructure tailored to kangaroos may have potential negative impacts on kangaroos and other native fauna species. Some infrastructure such as fauna overpasses or underpasses may also have environmental impacts such as requiring the clearing of native vegetation.

Financial / budget implications

The financial impact of the installation of infrastructure to aid in the movement of wildlife is dependent on a number of variables. Whilst options and indicative costs have been identified, to determine the actual costs, ongoing maintenance costs, benefits and the impacts of installation of fit for purpose infrastructure within specific areas of the City, significant research would be required.

The City does not have the internal capability to undertake the required resource and would need to engage external consultants to undertake this work. No budget allocation is available to fund any additional research.

All amounts quoted in this report are exclusive of GST.

Regional significance

The City is located within the Southwest Australian biodiversity hotspot, one of 36 biodiversity hotspots in the world, with approximately 8,000 plant species, the majority of which are endemic to this region. There are a number of regionally, nationally and internationally significant natural areas located within or adjacent to the City including Yellagonga Regional Park, Marmion Marine Park and Neerabup National Park.

Sustainability implications

Kangaroos are protected as a native species under the *Biodiversity Conservation Act 2016* and associated regulations. Kangaroos form an important part of our natural ecosystems and have been impacted by clearing and fragmentation of native vegetation for a variety of land uses. Kangaroos also hold cultural and spiritual significance in Aboriginal culture. Conserving and protecting kangaroo populations is important for ecological balance and also to preserve the cultural heritage of Aboriginal communities.

Consultation

Not applicable.

COMMENT

The City continues to work in partnership with the State Government and neighbouring local governments to implement strategies to manage the interaction of wildlife populations with the urban environment, this includes the development of a kangaroo management action plan for Yellagonga Regional Park which includes initiatives such as the following:

- Fencing upgrades including wire mesh at the base of the fencing and spring-loaded pedestrian gates where applicable.
- Review of speed limits and signage on the roads surrounding Yellagonga Regional Park.
- Seeking grant funding to conduct research into kangaroo movements as well as the genetic sustainability of the kangaroo population.
- Investigating the establishment of a monitoring program.
- Continuing to engage with the community on fauna awareness initiatives.

Whilst there are multiple options for wildlife protection infrastructure, there are varying costs, benefits and potential risks for each option and requires considerable research, investigation and stakeholder engagement to ensure the best possible impacts for both native wildlife and community safety. The costs associated with the installation of these options are also significant and the City does not currently have the budget to fund these types of projects, other than continuing to install and maintain fencing on City managed land.

The City does not have the internal capability to undertake additional research and for any technical studies the City would need to engage external consultants to undertake this work. No budget allocation is available to fund any additional research.

VOTING REQUIREMENTS

Simple Majority.

The Director Planning and Community Development left the Chamber at 7.38pm and returned at 7.40pm.

OFFICER'S RECOMMENDATION

That Council:

- 1 NOTES the options presented in this report for infrastructure to support fauna movement;
- 2 NOTES that to determine costs, benefits and potential risks considerable research, investigation and stakeholder engagement would be required;
- 3 NOTES that no budget allocation is available to fund any additional research or infrastructure options;
- 4 NOTES that the City will continue to work in partnership with key stakeholders to implement measures to reduce the risks to fauna with urban environments.

During debate Cr Raftis foreshadowed an Alternate Motion.

ALTERNATE RECOMMENDATION

MOVED Cr Pizzey, SECONDED Cr O'Neill that Council:

- 1 NOTES the options presented in this report for infrastructure to support fauna movements;
- 2 REQUESTS the Chief Executive Officer to implement Virtual Fencing along Woodvale Drive in the Joondalup-owned section, from Ancestor Retreat around the bend towards the High School, between the two Yellagonga regional parks, at an estimated cost of \$25,000 (excluding GST), inclusive of investigation required to determine the location and impact of fencing;
- 3 CONSIDERS the allocation of funding for Part 2 above as part of the 2026-27 budget;
- 4 REQUESTS that the City conduct a post-implementation review after an 18-month period;
- 5 NOTES that the City will continue to work in partnership with key stakeholders to implement measures to reduce the risks to fauna in urban environments.

The Alternate Motion was Put and

LOST (4/7)

In favour of the Alternate Motion: Cr Mercer, Cr O'Neill, Cr Pizzey and Cr Vinciullo.

Against the Alternate Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton and Cr Raftis.

The Manager Community Development and Library Services left the Chamber at 8.12pm.

ALTERNATE RECOMMENDATION

MOVED Cr Raftis, SECONDED Mayor Kingston that Council:

- 1 NOTES the options presented in this report for infrastructure to support fauna movements;
- 2 NOTES that to determine costs, benefits and potential risks considerable research, investigation and stakeholder engagement would be required;
- 3 CONSIDERS the allocation of funding for a study to determine the feasibility, priority locations, costs, benefits and impacts of the installation of virtual fencing in the City of Joondalup, at an estimated cost of \$10,000 (excluding GST), as part of the 2026-27 Budget;
- 4 NOTES that the City will continue to work in partnership with key stakeholders to implement measures to reduce the risks to fauna with urban environments.

AMENDMENT MOVED Cr Pizzey, SECONDED Cr O'Neill that an **additional Part BE ADDED to the Motion to read as follows:**

"5 REQUESTS that the feasibility study be presented to Council in quarter one of 2026-27."

The Amendment was Put and

LOST (3/8)

In favour of the Amendment: Cr Chester, Cr Fishwick and Cr Pizzey.

Against the Amendment: Mayor Kingston, Cr Count, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Raftis and Cr Vinciullo.

During debate Cr Hutton foreshadowed the Officer's Recommendation.

ALTERNATE RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ351-12/25)

MOVED Cr Raftis, SECONDED Mayor Kingston that Council:

- 1 NOTES the options presented in this report for infrastructure to support fauna movements;**
- 2 NOTES that to determine costs, benefits and potential risks considerable research, investigation and stakeholder engagement would be required;**
- 3 CONSIDERS the allocation of funding for a study to determine the feasibility, priority locations, costs, benefits and impacts of the installation of virtual fencing in the City of Joondalup, at an estimated cost of \$10,000 (excluding GST), as part of the 2026-27 Budget;**
- 4 NOTES that the City will continue to work in partnership with key stakeholders to implement measures to reduce the risks to fauna with urban environments.**

The Alternate Motion was Put and

CARRIED (11/0)

In favour of the Alternate Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Alternate Motion: Nil.

12.10 LIST OF PAYMENTS MADE DURING THE MONTH OF OCTOBER 2025 (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Mat Humfrey Director Corporate Services
FILE NUMBER	09882, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for 'noting').

PURPOSE

For Council to note the list of accounts and card transactions paid under the Chief Executive Officer's delegated authority during the month of October 2025.

EXECUTIVE SUMMARY

This report shows the list of payments made under delegated authority during October 2025 totalling \$22,266,120.67 and presents the card transactions incurred during the month of October 2025, comprising of corporate credit card and fuel card transactions totalling \$105,205.35.

It is therefore recommended that Council NOTES the Chief Executive Officer's list of accounts and card transactions for October 2025 paid under delegated authority in accordance with Regulation 13(1) and 13A of the Local Government (Financial Management) Regulations 1996 forming Attachments 1, 2 and 3 to this Report, for list of accounts totalling \$22,266,120.67 and Attachment 4 and 5 for card transactions totalling \$105,205.35.

BACKGROUND

Council has delegated, to the Chief Executive Officer, the exercise of its power to make payments from the City's Municipal and Trust funds. In accordance with Regulation 13 and Regulation 13A of the *Local Government (Financial Management) Regulations 1996* a list of accounts and payments made by credit, debit, purchasing or other cards by employees paid by the Chief Executive Officer is to be provided to Council, where such delegation is made.

The (former) Department of Local Government, Sport and Cultural Industries has advised the City that the intent of Regulation 13A is to present transactions incurred in a month, whether payment, that is, transfer of funds from the City to a supplier, has taken place or not.

DETAILS

The table below summarises the payments drawn on the funds during the month of October 2025. Lists detailing the payments made are appended as Attachments 1 and 2 to this Report.

The vouchers for the month are appended as Attachment 3 to this Report.

FUNDS	DETAILS	AMOUNT
Municipal Account	113525 – 113537 & EF133124 – EF133462 & EF133473 – EF133622 & EF133627 & EF133629 – EF133984	\$15,601,206.57
	Net of cancelled payments Vouchers 4084A - 4101A	\$6,645,345.10
	Bond Refund Cheques & EFT Payments EF133117 - EF133123 & EF133463 – EF133472 & EF133623 – EF133626 & EF133628 Net of cancelled payments.	\$19,569.00
Total		\$22,266,120.67

The City incurred the following card transactions during the month of October 2025.

Corporate credit card transactions	\$41,996.07
Fuel card transactions	\$63,209.28
Total for the month	\$105,205.35

Details of transactions from corporate credit cards and fuel cards are contained in Attachments 4 and 5 to this Report respectively.

The City's corporate credit cards are issued and managed in accordance with the *Corporate Credit Cards Policy*. Suppliers from whom goods or services are procured using the corporate credit cards are paid at the time of purchase by the card issuer who the City subsequently pays for all card transactions during the month. Payment to the card issuer typically occurs at the end of the transaction month or early in the following month. All the City's corporate credit cards have been issued by the City's bankers, Westpac.

Fuel cards are attached to specific vehicles and plant items, such as ride-on mowers, that require fuel. The City has a contract with Ampol engaged through the State Government Common Use Arrangements. Fuel cards are utilised at Ampol outlets under the terms of the contract and record the cost of fuel supplied at the time of the transactions. Ampol invoices the City at the end of each month for all fuel charges incurred via the issued fuel cards. Invoices are typically paid the month after the fuel charges are incurred.

Issues and options considered

There are two options in relation to the list of payments.

Option 1

That Council declines to note the list of payments and card transactions for the month of October 2025 paid under delegated authority. The list is required to be reported to Council in accordance with Regulation 13(1) and 13A(1) of the *Local Government (Financial Management) Regulations 1996*, and the payments listed have already been paid under the delegated authority. This option is not recommended.

Option 2

That Council notes the list of payments and card transactions paid under delegated authority. This option is recommended.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Government (Financial Management) Regulations 1996.*

The Council has delegated to the Chief Executive Officer the exercise of its authority to make payments from the Municipal and Trust Funds, therefore in accordance with Regulation 13(1) and 13A of the *Local Government (Financial Management) Regulations 1996*, a list of accounts paid by the Chief Executive Officer is prepared each month showing each account and amount paid since the last list was prepared.

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-4 Responsible and financially sustainable - you are provided with a range of City services which are delivered in a financially responsible manner.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	FINANCIAL
Risk Event Description	Ineffective / improper decision making	Lack of financial sustainability
Risk Responsibility	Director Governance and Strategy	Director Corporate Services
Residual Risk	High	Medium
Control Effectiveness	Strong	
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	Medium risk is acceptable without variation to existing control activities.
Risk Control	The relevant control, to mitigate risk, is the provision of an accurate monthly report of the list of payments including credit card transactions made under delegated authority to Council by the responsible Director.	

Other risk information

An external auditor has been engaged to undertake the Chief Executive Officer's three yearly reviews, in accordance with the *Local Government (Financial Management) Regulations 1996* and *Local Government (Audit) Regulations 1996*.

Regulation 5 (2) (c) of the *Local Government (Financial Management) Regulations 1996* requires that the Chief Executive Officer of a local government is to undertake reviews of the appropriateness and effectiveness of the financial management systems and procedures of the local government regularly (and not less than once in every three financial years) and report to the local government the results of those reviews. Regulation 17 of the *Local Government (Audit Regulations) 1996* requires the Chief Executive Officer to review the appropriateness and effectiveness of a local government's systems and procedures in relation to risk management, internal control and legislative compliance.

Any risks and weaknesses identified during the reviews will be addressed by introducing new controls and/or improving the current controls and control environment; with progress of the implementation of any improvements identified from both reviews to be reported to future meetings of the Audit and Risk Committee.

Financial / budget implications

All expenditure from the Municipal Fund was included in the Annual Budget as adopted or revised by Council.

Regional significance

Not applicable.

Sustainability implications

Expenditure has been incurred in accordance with budget parameters, which have been structured on financial viability and sustainability principles.

Consultation

Changes in the treatment of bonds received and repaid, from being held in the Trust Fund to now being reflected in the Municipal Fund, have arisen from a directive by the Office of the Auditor General.

COMMENT

All Municipal Fund expenditure included in the list of payments and card transactions is incurred in accordance with the City of Joondalup *2025-26 Annual Budget* as adopted by Council at its meeting held on 24 June 2025 (CJ173-06/25 refers) or has been authorised in advance by the Mayor or by resolution of Council as applicable.

VOTING REQUIREMENTS

Simple Majority.

Cr Pizzey and Cr Count left the Chamber at 8.46pm.

Cr Pizzey entered the Chamber at 8.47pm and left the Chamber at 8.47pm.

Cr Count entered the Chamber at 8.48pm.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION (Resolution No: CJ352-12/25)

MOVED Cr O'Neill, SECONDED Cr Raftis that Council:

- 1 NOTES the Chief Executive Officer's list of accounts for October 2025 paid under Delegated Authority in accordance with Regulation 13(1) of the *Local Government (Financial Management) Regulations 1996* forming Attachments 1, 2 and 3 to this Report, totalling \$22,266,120.67;**
- 2 NOTES the reported card transactions for the month ended 31 October 2025 in accordance with Regulation 13A(1) of the *Local Government (Financial Management) Regulations 1996* as shown in Attachments 4 and 5 to this Report, totalling \$105,205.35.**

The Motion was Put and

CARRIED (10/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

ATTACHMENTS

1. Chief Executive Officers Delegated Municipal Payment List for the month of October 2025 [**12.10.1** - 84 pages]
2. Chief Executive Officers Delegated Municipal Payment List (Bond Refunds) for the month of October 2025 [**12.10.2** - 2 pages]
3. Municipal Vouchers for the month of October 2025 [**12.10.3** - 1 page]
4. Credit card transaction for October 2025 [**12.10.4** - 2 pages]
5. Fuel Tax report October 2025 [**12.10.5** - 14 pages]

12.11 FINANCIAL ACTIVITY STATEMENT FOR OCTOBER 2025 (SUBJECT TO END OF YEAR FINALISATION) (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Mat Humphrey Director Corporate Services
FILE NUMBER	07882, 101515
AUTHORITY / DISCRETION	Information – includes items provided to Council for information purposes only that do not require a decision of Council (that is for ‘noting’).

PURPOSE

For Council to note the Financial Activity Statement for the period ended 31 October 2025, subject to end of year finalisation.

EXECUTIVE SUMMARY

At its meeting held on 24 June 2025 (CJ173-06/25 refers), Council adopted the *2025-26 Annual Budget*. The figures in this report are compared to the adopted budget.

The October 2025 Financial Activity Statement Report shows an overall variance of \$12,888,782 from operations and capital, after adjusting for non-cash items. This variance does not represent a projection of the end of year position. It represents the year-to-date position to 31 October 2025 and results from a number of factors identified in the report, including the opening funds position that is subject to the finalisation of the 2024-25 Annual Financial Statements.

A range of factors influence the favourable variance, but it is predominantly due to timing of revenue and expenditure compared to the budget estimate in October. The finalisation of the 2024-25 end of year means that the opening funds amount is currently not included. The notes in Attachment 4 to this Report identify and provide commentary on the individual key material revenue and expenditure variances to date.

The key elements of the variance are summarised below:

Key variances for October were:

Materials and Contracts

\$2,616,686

Materials and Contracts expenditure is \$2,616,686 below budget. This is spread across a number of different areas including External Service Expenses \$741,963, Furniture, Equipment and Artworks \$447,789, Computing \$345,557, Waste Management Services \$262,919 and Professional Fees and Costs \$231,857.

Opening Funds

\$213,967

Opening Funds for October 2025 are \$213,967 above budget. The drivers for the decreased end of year deficit, after taking end of year reserve movements and other offsets into account, are increases in operating revenue, operating expenditure and net distribution from Catalina Regional Council as well as a decrease in capital expenditure. Adjustment to opening funds will be reflected in the Mid Year Budget Review.

Employee Costs

\$907,346

The variance is due to favourable timing variances for Salaries and Wages \$1,545,027 arose from vacancies in various areas. Casual wages at Craigie Leisure Centre were higher than estimated (\$57,832), partially offset by lower than estimated casual wages for Marketing \$66,611. Other unfavourable variances occurred on Agency Employees (\$639,622) and Employee Allocations and Recoveries (\$176,259).

It is therefore recommended that Council NOTES the Financial Activity Statement for the period ended 31 October (subject to end of year finalisation) forming Attachment 1 to this Report and the Financial Position Statement at 31 October 2025 (subject to end of year finalisation) forming Attachment 2 to this Report.

BACKGROUND

The *Local Government (Financial Management) Regulations 1996* require a monthly Financial Activity Statement to be prepared according to nature classification and a monthly Financial Position Statement.

DETAILS

Issues and options considered

The Financial Activity Statement for the period ended 31 October 2025 is appended as Attachment 1 to this Report and the Financial Position Statement at 31 October 2025 is appended as Attachment 2 to this Report.

Legislation / Strategic Community Plan / Policy implications

Legislation Section 6.4 of the *Local Government Act 1995* requires a local government to prepare an annual financial report for the preceding year and such other financial reports as are prescribed.

Regulation 34(1) of the *Local Government (Financial Management) Regulations 1996* requires the local government to prepare each month a statement of financial activity reporting on the revenue and expenditure as set out in the annual budget.

Regulation 35(1) of the *Local Government (Financial Management) Regulations 1996* requires the local government to prepare each month a statement of financial position reporting on the financial position as at the reporting date.

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-4 Responsible and financially sustainable.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	FINANCIAL
Risk Description Event	Ineffective / improper decision making	Lack of financial sustainability
Risk Responsibility	Director Governance and Strategy	Director Corporate Services
Residual Risk	High	Medium
Control Effectiveness	Strong	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	Medium risk is acceptable without variation to existing control activities.
Risk Control	The relevant control, to mitigate risk, is the provision of an accurate monthly Financial Activity Statement – according to nature classification – and a monthly Financial Position Statement to Council by the responsible Director.	

Other risk information

An external auditor has been engaged to undertake the Chief Executive Officer's three yearly reviews, in accordance with the *Local Government (Financial Management) Regulations 1996* and *Local Government (Audit) Regulations 1996*.

Regulation 5 (2) (c) of the *Local Government (Financial Management) Regulations 1996* requires that the Chief Executive Officer of a local government is to undertake reviews of the appropriateness and effectiveness of the financial management systems and procedures of the local government regularly (and not less than once in every three financial years) and report to the local government the results of those reviews. Regulation 17 of the *Local Government (Audit Regulations) 1996* requires the Chief Executive Officer to review the appropriateness and effectiveness of a local government's systems and procedures in relation to risk management, internal control and legislative compliance.

Any risks and weaknesses identified during the reviews will be addressed by introducing new controls and/or improving the current controls and control environment; with progress of the implementation of any improvements identified from both reviews to be reported to future meetings of the Audit and Risk Committee.

Financial / budget implications

All amounts quoted in this report are exclusive of GST.

Regional significance

Not applicable.

Sustainability implications

Expenditure was incurred in accordance with budget parameters, structured on financial viability and sustainability principles.

Consultation

In accordance with section 6.2 of the *Local Government Act 1995*, the Annual Budget was prepared having regard to the Strategic Financial Plan, prepared under Section 5.56 of the *Local Government Act 1995*.

KEY INDICATORS

Rates Collection

Rates collections as a percentage of rates issued (debtors) are ahead compared to previous financial year at the end of October.

Economic Indicators

Note: Perth CPI and Wage Price Index figures are released by Australian Bureau of Statistics on a quarterly basis. Wage Price Index Current values reflect annual percentages as at June 2025 and previous values reflect data as of March 2025 for the Wage Price. CPI Current values reflect annual percentages as at September 2025 and previous values reflect data as of June 2025.

The higher annual consumer price inflation in Perth resulted mainly from relatively strong base effects in electricity prices. The State household electricity credit program was not extended in 2025-26, while the \$150 Commonwealth energy bill relief was credited to Western Australian households in early Q4, somewhat later than in some other states.

COMMENT

All expenditure included in the Financial Activity Statement is incurred in accordance with the provisions of the 2025-26 adopted Budget or has been authorised in advance by Council where applicable.

VOTING REQUIREMENTS

Simple Majority.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION (Resolution No: CJ353-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council **NOTES** the Financial Activity Statement for the period ended 31 October 2025 (subject to end of year finalisation) forming Attachment 1 to this Report and the Financial Position Statement at 31 October 2025 (subject to end of year finalisation) forming Attachment 2 to this Report.

The Motion was Put and CARRIED (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.
Against the Motion: Nil.

12.12 TENDER 018/25 PROVISION OF PLANTING, MAINTENANCE AND TRUCK WATERING SERVICE FOR THE CITY OF JOONDALUP LEAFY CITY PROGRAM (WARD - ALL)

WARD	North-Central Central
RESPONSIBLE DIRECTOR	Mr Mat Humfrey Director Corporate Services
FILE NUMBER	112260, 101515
AUTHORITY / DISCRETION	Executive - The substantial direction setting and oversight role of Council, such as adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

PURPOSE

For Council to accept the tender submitted by Baroness Holdings Pty Ltd (Tree Planting and Watering) for the provision of planting, maintenance and truck watering services for the City of Joondalup Leafy City Program.

EXECUTIVE SUMMARY

Tenders were advertised on 30 July 2025 through state-wide public notice and published by Tenderlink for the provision of planting, maintenance and truck watering services for the City of Joondalup Leafy City Program. Tenders closed on 21 August 2025. A submission was received from each of the following:

- Baroness Holdings Pty Ltd (Tree Planting and Watering).
- Environmental Industries Pty Ltd.
- Sanpoint Pty Ltd as Trustee for Fiore Family Trust (LD Total).

The submission from Tree Planting and Watering represents best value to the City. The company demonstrated considerable experience providing tree installation, watering and maintenance services to the Cities of Joondalup, Wanneroo, Melville and Canning. It demonstrated a thorough understanding of the required tasks and has the capacity in terms of personnel and equipment to carry out this project.

It is therefore recommended that Council ACCEPTS the tender submitted by Baroness Holdings Pty Ltd (Tree Planting and Watering) for the provision of planting, maintenance and truck watering services for the City of Joondalup Leafy City Program as specified in Tender 018/25 for a period of two years and five months with the option of one further term of one year, at the submitted schedule of rates.

BACKGROUND

The City has a requirement for the provision of planting, maintenance, and truck watering services for the Leafy City Program. The requirement sets out the programmed and ad hoc planting of trees during the initial contract period.

Tender assessment is based on the best value for money concept. Best value is determined after considering whole of life costs, fitness for purpose, tenderers' experience and performance history, productive use of City resources and other environmental or local economic factors.

DETAILS

The tender for the provision of planting, maintenance and truck watering services for the City of Joondalup Leafy City Program was advertised through statewide public notice and published by Tenderlink on 30 July 2025. The tender period was for three weeks and tenders closed on 21 August 2025.

Tender Submissions

A submission was received from each of the following:

- Baroness Holdings Pty Ltd (Tree Planting and Watering).
- Environmental Industries Pty Ltd.
- Sanpoint Pty Ltd as Trustee for the Fiore Family Trust (LD Total).

The schedule of items listed in the tender is provided in Attachment 1 to this Report.

A summary of the tender submissions including the location of the tenderer is provided in Attachment 2 to this Report.

A confidential tender summary is provided in Attachment 3 to this Report.

Evaluation Panel

The evaluation panel comprised four members, being:

- one with tender and contract preparation skills
- three with the appropriate operational expertise and involvement in supervising contracts.

The panel conducted the assessment of the submissions in accordance with the City's evaluation process in a fair and equitable manner.

Evaluation Method and Weighting

The qualitative weighting method of tender evaluation was selected to evaluate the offer for this requirement. Prior to assessment of the submission, a determination was made, based on the selection criteria, of what would be an acceptable qualitative score that would indicate the ability of the tenderer to satisfactorily deliver the services.

The standard minimum acceptable qualitative score for tenders at the City is 50%, but the specific circumstances of tender requirements may, from time to time, require the minimum score to be set higher than 50%, where the specification has complex design or technical requirements. This is a high-profile capital works project. The contractor appointed must be able to clearly demonstrate their capacity and ability to deliver the services.

The predetermined minimum acceptable pass score was set at 60%.

The qualitative criteria and weighting used in evaluating the submissions received were as follows:

Qualitative Criteria		Weighting
1	Demonstrated understanding of the required tasks	35%
2	Capacity	30%
3	Demonstrated experience in providing similar services	30%
4	Social and economic effects on the local community	5%

Compliance Assessment

The following offers received were assessed as fully compliant:

- Tree Planting and Watering.
- Environmental Industries Pty Ltd.

The following offer received was assessed as partially compliant:

- LD Total – The submission noted that it could not meet the required program and therefore did not comply with the specification. Its response to the compliance criterion financial capacity was not fully compliant. It was included for assessment on the basis that clarification could be sought should it progress to the stage two price assessment.

On this basis, all submissions were considered for further evaluation.

Qualitative Assessment

LD Total scored 34.8% and was ranked third in the qualitative assessment. It demonstrated limited understanding of the requirements. The company made general references to working around existing services and included items not applicable to the works and the methodology had minimal consideration of maintenance and watering schedules, peak event planning, or communication strategies. The company demonstrated some capacity to undertake the works however it cannot meet the commencement date due to current workloads. Its proposed personnel have suitable experience and capability, however asset allocation to this project is unclear, and reliance on a single water cart across all projects poses a significant risk. It demonstrated experience in undertaking landscape projects with planting, but none referenced watering, maintenance, work near services, traffic management, or regular reporting.

Environmental Industries Pty Ltd scored 58.8% and was ranked second in the qualitative assessment. It demonstrated the capacity in terms of personnel to undertake the works, with operations based in Canning Vale and a supporting depot in Carabooda. However, it did not supply a fleet register and would need to procure additional equipment to meet the City's requirements. The company provided a detailed methodology for water events, demonstrating sound task understanding, and clear truck and staff allocation. However, the approach relies on fleet that is not currently available and would need to be purchased if awarded the contract, posing a significant delivery risk. The submitted traffic management plan lacks detail, and ad hoc and busy-road watering requirements were not addressed. It demonstrated experience in undertaking similar tree planting and watering projects for local government clients including the Cities of Wanneroo, Stirling, South Perth, Bayswater and Canning. The examples referenced streetscape and other planting, watering, but did not go into detail on the traffic management and work around services requirements.

Tree Planting and Watering scored 81% and was ranked first in the qualitative assessment. The company submitted a comprehensive Contract Management Plan demonstrating a strong understanding of the City's requirements. The plan detailed installation works, watering and maintenance schedules, relevant legislation, key contract dates, tree locations, water sources, planting methods, traffic management, equipment, and reporting processes. It demonstrated excellent capacity to undertake the works. The company operates from O'Connor with a satellite depot in Wanneroo. It employs 35 full-time water truck operators and maintains contingent staff for peak demands. Contract management will be handled by an experienced eight-person team, supported by a fleet of 35 dedicated trucks (24 dual control), six utility vehicles, 17 trailers, and one excavator. The Director and Operations Manager have delivered three previous Leafy City contracts for the City of Joondalup and bring extensive experience in tree installation, watering, and maintenance for multiple local governments.

Given the minimum acceptable qualitative score of 60%, Baroness Holdings Pty Ltd (Tree Planting and Watering) qualified to progress to the stage two assessment.

Price Assessment

The panel conducted a comparison of the rates offered by the tenderers to assess value for money to the City.

The estimated expenditure over a 12-month period will vary based upon demand and is subject to change in accordance with operational needs of the Leafy City Program. For the purposes of comparison of the financial value of the tender, the estimate of the number of trees intended to be planted, watered and maintained was applied to the tendered rates offered by each respondent for the scheduled items. This provides a value for comparative evaluation purposes based on the assumption that the program is maintained.

Tenderer	Year 1	Year 2	Total
Tree Planting and Watering	\$495,121	\$199,225	\$694,346

During the last financial year 2024-25 the City incurred \$228,223 for the maintenance and truck watering services for the City's Leafy City Program and is expected to incur in the order of \$694,346 over the initial contract term and up to \$844,693 should the City exercise the optional extension.

Evaluation Summary

The following table summarises the results of the qualitative and price evaluation as assessed by the evaluation panel:

Tenderer	Weighted Percentage Score	Qualitative Ranking	Estimated Total Comparative Price	Price Ranking
Tree Planting and Watering	81%	1	\$694,346	1

Based on the evaluation result the panel concluded that the offer from Baroness Holdings Pty Ltd (Tree Planting and Watering) provides best value to the City and is therefore recommended.

Issues and options considered

The City has a requirement for the planting, maintenance and truck watering services for the City of Joondalup's Leafy City Program. The City does not have the internal resources to supply the required goods/services and as such requires an appropriate external service provider.

Legislation / Strategic Community Plan / Policy implications

Legislation A state-wide public tender was advertised, opened and evaluated in accordance with regulations 11(1) and 18(4) of Part 4 of the *Local Government (Functions and General) Regulations 1996*, where tenders are required to be publicly invited if the consideration under a contract is, or is estimated to be, more, or worth more, than \$250,000.

10-Year Strategic Community Plan

Key theme 1. Community.

Outcome 1-1 Healthy and Safe – you feel healthy and safe in your local community.

Key theme 2. Environment.

Outcome 2-4 Resilient and prepared – you understand and are prepared for the impacts of climate change and natural disasters.

Key theme 3. Place.

Outcome 3-3 Attractive and leafy – you have access to quality public open spaces and enjoy appealing streetscapes.

Policy *Development in housing Opportunity Areas Local Planning Policy.*
Environmentally Sustainable Design Local Planning Policy.
Vandalism to Vegetation on City Land Council Policy.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	EXPECTATIONS	REPUTATION
Risk Description	ineffective /improper decision making	Inability to understand community expectations	Loss of community trust
Risk Responsibility	Director Governance and Strategy		Chief Executive Officer
Residual Risk	High		
Control Effectiveness	Strong		
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.		
Risk Control	The relevant control, to mitigate risk, is the provision of a report detailing the application of internal tender procedures and to comply with the Register of Delegation of Authority.		

Other risk information

Should the contract not proceed, the risk to the City will be high, as the Leafy City Program is a high-profile planting program and has a high degree of political sensitivity. The tree stock supplied by the City for this program is proposed to be contract grown. Additional ad hoc watering will also be required for selected trees under the direction of the Urban Forest Coordinator to ensure tree failure is limited as much as possible.

Financial / budget implications

Current financial year impact

Account no.	Project Code - SSE2057
Budget Item	Leafy City Program
Budget amount	\$ 500,000
Estimated expenditure	\$ 180,000
Proposed cost	\$ 190,000
Balance	\$ 130,000

The balance does not represent a saving at this time. The actual expenditure will depend on actual usage under the contract and will not exceed the approved budget.

The estimated expenditure relates to a separate contract in the Leafy City Program.

All amounts quoted in this report are exclusive of GST.

Regional significance

To reduce the environmental impact of climate change and rapid urban growth, the City's Leafy City Program aims to increase its overall canopy cover, and create cooler, inviting green urban spaces that will improve the comfort of pedestrian movement and reduce the 'urban heat island' effect generated by existing hardstand surfaces.

Sustainability implications

Environmental

Increasing canopy cover throughout the City will create cooler, inviting green urban spaces that will improve the comfort of pedestrian movement and reduce the 'urban heat island' effect generated by existing hardstand surfaces.

Social

Outdoor activity is encouraged, and the provision of shaded spaces combined with other sun protection practices contributes to a healthier environment for the community.

Economic

Capital and on-going maintenance costs for enhanced urban forest initiatives will have the potential to have a large financial impact for the City.

Consultation

Not applicable.

COMMENT

The evaluation panel carried out the evaluation of the submissions in accordance with the City's evaluation process and concluded that the offer submitted by Baroness Holdings Pty Ltd (Tree Planting and Watering) represents best value to the City.

VOTING REQUIREMENTS

Simple Majority.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ354-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council **ACCEPTS** the tender submitted by Baroness Holdings Pty Ltd (Tree Planting and Watering) for the provision of planting, maintenance, and truck watering services for the City of Joondalup Leafy City Program as specified in Tender 018/25, for a period of two years and five months, with the option of one further term of one year, at the submitted schedule of rates.

The Motion was Put and **CARRIED (11/0)** by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

13.1 AUDIT AND RISK COMMITTEE - 10 NOVEMBER 2025

13.1.1 APPOINTMENT OF EXTERNAL MEMBER TO THE AUDIT AND RISK COMMITTEE (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr James Pearson Chief Executive Officer
FILE NUMBER	107022, 101515
AUTHORITY / DISCRETION	Executive - The substantial direction setting and oversight role of Council, such as adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

PURPOSE

For Council to note the composition of the Audit and Risk Committee (Committee), leading up to the proclamation of the local government reforms relating to audit, risk and improvement committees.

EXECUTIVE SUMMARY

At its meeting held on 27 February 2024 (CJ031-02-24 refers), Council resolved by absolute majority to appoint Mr Mark Hall to the position of external member of the Committee. Mr Hall is no longer able to continue in this position.

At the Special Meeting of Council held on 3 November 2025 Council resolved (in part) that Council:

- 6 *NOTES that the current Audit and Risk Committee Terms of Reference and Charter will be updated to align with the current local government reforms, yet to be proclaimed, which will require a revised audit, risk and improvement committee, as presented to Council via a future meeting of the Audit and Risk Committee;*
- 7 *BY AN ABSOLUTE MAJORITY APPOINTS the following members and deputy members to the Audit and Risk Committee:*

Members

- | | | |
|-----|--------------------|------------|
| 7.1 | Mayor | |
| 7.2 | Central Ward | Cr May |
| 7.3 | North Ward | Cr Hill |
| 7.4 | North Central Ward | Cr Mercer |
| 7.5 | South Ward | Cr Raftis |
| 7.6 | South-East Ward | Cr O'Neill |
| 7.7 | South-West Ward | Cr Count |

Deputy Members

7.8	Central Ward	Cr Pizzey
7.9	North Ward	Cr Hutton
7.10	North Central Ward	Cr Jones
7.11	South Ward	Cr Fishwick
7.12	South-East Ward	Cr Chester
7.13	South-West Ward	Cr Vinciullo

- 8 *NOTES that Council will be required to appoint an independent presiding member and deputy presiding member to the new Audit, Risk and Improvement Committee, once the current local government reforms relating to audit, risk and improvement committees, are proclaimed;*

Part of the current local government reforms, yet to be proclaimed, will require a revised audit, risk and improvement committee, which includes having an independent presiding member to ensure a level of neutrality and impartial oversight in chairing meetings. An independent presiding member must be a person who is not a council member of any local government or an employee of the local government; and if a deputy presiding member is appointed, they must also be independent.

Once the proclamation of the local government reforms occurs, Council will be required to amend the composition of the Committee to appoint the independent presiding member and, if decided, an independent deputy presiding member.

In preparation for this decision, and to make the best use of the time remaining before the proclamation, it is recommended that the Chief Executive Officer prepare a process for the selection and appointment of the independent member(s) for decision by Council once the reforms are proclaimed, and that the terms of reference and charter be updated to reflect the new membership and responsibilities as required by relevant legislation and regulation, following Council endorsement.

It is therefore recommended that Council:

- 1 *NOTES the current composition of the Audit and Risk Committee only includes elected members of the City of Joondalup; and*
- 2 *AGREES that the Chief Executive Officer will prepare a process for the selection and appointment of the independent presiding member and independent deputy presiding member, including a recommendation as to remuneration for the independent member(s), for consideration by the Council once the proclamation of the reforms is confirmed.*

BACKGROUND

The *Local Government Act 1995* and the *Local Government (Audit) Regulations 1996* require local governments to establish an audit committee with certain roles and responsibilities. Members of the audit committee of a local government are to be appointed by the local government (absolute majority) and at least three of the members, and the majority of the members, are to be council members.

Part of the current local government reforms, yet to be proclaimed, will require a revised audit, risk and improvement committee, which includes having an independent presiding member to ensure a level of neutrality and impartial oversight in chairing meetings. An independent presiding member must be a person who is not a council member of any local government or an employee of the local government; and if a deputy presiding member is appointed, they must also be independent.

DETAILS

Composition of Committee

An external member, who was appointed by Council in February 2009, resigned in January 2013.

Prior to this, and following the 2015 and 2017 local government elections, the Committee was re-established without an external member representative in its composition.

In October 2018, Council by an absolute majority, amended the composition of the Committee to include external member representation.

Mr Richard Thomas – was appointed as external member by Council in October 2018 and re-appointed to the position by Council in November 2021.

The most recent external member – Mr Mark Hall – was appointed by Council in February 2024; the position became vacant at the 2025 local government elections.

The current composition of the Committee is:

- Mayor.
- One elected member representative from each of the City's six wards (with corresponding deputy member).

Proposed Local Government Reforms – Independent Members

To assist with the recruitment of independent members, WALGA has assembled a pool of suitably qualified and experienced independent persons who are available for consideration for appointment to audit, risk, and improvement committees; currently 29 members bringing a range of skills and experience, including candidates who are available for each WALGA Zone. The WALGA expression of interest invitation is attached for information (Attachment 1 refers).

Each local government will be responsible for undertaking their own assessment and due diligence as WALGA has not verified the information provided; pool members have been advised that local governments may seek further information from them as part of their selection processes.

In preparation for the proclamation of the local government reforms relating to audit, risk and improvement committees, the Chief Executive Officer will prepare a process for the selection and appointment of the independent presiding member and independent deputy presiding member. The Committee's current Terms of Reference and Charter will also be updated at this time, where applicable. Both the process and the updates will be brought to a future meeting of the Committee, and subsequent meeting of Council, for consideration.

Department of Local Government's Local Government Operational Guidelines Number 09 – Audit in Local Government

This Guideline – which was revised in September 2013 – states under Membership that:

"... local governments may decide to appoint a committee involving only elected members or they may appoint one or more persons who are external to the Council. If a Council considers it appropriate, the whole Council can be appointed to the audit committee. If the local government wishes to appoint one or more persons other than elected members to the committee, which is recommended, it should ensure that they have the requisite knowledge and skills to provide benefit to the committee".

Remuneration

The Council can decide to appropriately compensate independent committee members depending on the skills and expertise they bring to the committee.

As part of the State Government's reform of the *Local Government Act 1995*, after 1 January 2024, local governments may remunerate independent committee members; with the Salaries and Allowances Tribunal issuing a Determination on 4 April 2025 stating committee meeting and prescribed meeting fees per meeting for Band 1 to 4 local governments being minimum \$0 and maximum \$450.

Clause 6.4 Meeting attendance fees for independent committee members – per meeting of the Determination states:

- (1) *The range of fees in table 8 apply where a local government or regional local government decides to pay an independent committee member a fee referred to in:*

(a) section 5.100(2)(b) of the LG Act for attendance at a committee meeting;

or

(b) section 5.100(3)(a) of the LG Act for attendance at a meeting of a type prescribed in regulation 30(3A) of the LG Regulations.

- (2) *The range is provided to enable local governments to appropriately compensate independent committee members depending on the skills and expertise they bring to the committee.*

Table 8: Committee meeting and prescribed meeting fees per meeting for independent committee members – local government and regional local governments

<i>Independent Committee Member</i>		
Bands	Minimum	Maximum
1 – 4	\$0	\$450

- (3) *In accordance with sections 5.100(4), (5) and (6) of the LG Act, an independent committee member can be reimbursed for attending committee meetings referred to in 6.4(1) above.*

- (4) *The extent to which an independent committee member can be reimbursed for attending committee meetings is the actual travel and associated costs incurred by the independent member demonstrated to the satisfaction of the local government.*

Issues and options considered

Council can either:

- adopt the recommendation
- replace the recommendation with an alternate course of action
or
- amend the recommendation.

The first option is recommended as it enables the Administration to prepare for the implementation of the reforms once proclaimed subject to Council decision.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Government (Audit) Regulations 1996.
Local Government Act 1995.*

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-1 Capable and effective - you have an informed and capable Council backed by a highly skilled workforce.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City’s long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS
Risk Event Description	Ineffective / improper decision making
Risk Responsibility	Director Governance and Strategy
Residual Risk	High
Control Effectiveness	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.
Risk Control	<p>The relevant control, to mitigate risk, is the provision of information relating to committees that comply with legislation, and to ensure effective decision making.</p> <p>The establishment of committees assists Council in performing some of its legislative responsibilities and functions. If Council does not establish committees this may hinder the overall decision-making process and place an onerous burden on Council as a whole.</p> <p>Previous external members added value to the Audit and Risk Committees role through their experience, qualifications and independence. The inclusion of an external member(s) offers an independent view of the City’s systems of internal control, risk management, legislative compliance and internal and external audit reporting, and reduces risks associated with being perceived as non-objective or non-independent.</p>

Financial / budget implications

As part of the State Government's reform of the *Local Government Act 1995*, after 1 January 2024, local governments may remunerate independent committee members; with the Salaries and Allowances Tribunal issuing a Determination on 4 April 2025 stating committee meeting and prescribed meeting fees per meeting for Band 1 to 4 local governments being minimum \$0 and maximum \$450.

Section 5.100 – Fees paid and expenses reimbursed to committee members of the Local Government Act 1995 states:

(1) *In this section —*

committee member means a person who is a committee member but who is neither a council member nor an employee;

determined means determined by the Salaries and Allowances Tribunal under the Salaries and Allowances Act 1975 section 7BAA.

(2) *A committee member who attends a meeting of the committee is entitled to be paid —*

(a) the fee determined for attending a committee meeting; or

(b) if the local government has set a fee within the range determined for committee meeting attendance fees — that fee.

(3) *A committee member who attends a meeting of a prescribed type at the request of the council is entitled to be paid —*

(a) the fee determined for attending a meeting of that type; or

(b) if the local government has set a fee within the range determined for meetings of that type — that fee.

(4) *Subsection (5) applies if a committee member incurs —*

(a) an expense that is of a kind prescribed as being an expense to be reimbursed by all local governments; or

(b) an expense —

(i) that is of a kind prescribed as being an expense which may be approved by any local government for reimbursement by the local government; and

(ii) which has been approved by the local government for reimbursement.

(5) *The committee member must be reimbursed for the expense —*

(a) if the extent of reimbursement for the expense has been determined — to that extent; or

(b) if the local government has set the extent to which the expense can be reimbursed and that extent is within the range determined for reimbursement — to that extent.

- (6) *If an expense is of a kind that may be approved by a local government for reimbursement, the local government may approve reimbursement of the expense either generally or in a particular case but nothing in this subsection limits the application of subsection (5) if the local government has approved reimbursement of the expense in a particular case.*
- (7) *A local government cannot make any payment to, or reimburse an expense of, a person who is a committee member in that person's capacity as committee member unless the payment or reimbursement is in accordance with this section.*

Regional significance

The inclusion of external member(s) on the Committee allows for an independent view of the City's systems of internal control, risk management, legislative compliance and internal and external audit reporting; this enhances the City's capability to deliver services to the district, and beyond, as required.

Sustainability implications

An independent view of the City's systems of internal control, risk management, legislative compliance and internal and external audit reporting enhances the City's capability to operate sustainably.

Consultation

Not applicable.

COMMENT

Not applicable.

VOTING REQUIREMENTS

1. WALGA Expression of Interest Invitation [13.1.1.1 - 12 pages]

13.2 POLICY COMMITTEE - 17 NOVEMBER 2025

13.2.1 REVIEW OF THE TELECOMMUNICATIONS INFRASTRUCTURE LOCAL PLANNING POLICY (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Chris Leigh Director Planning and Community Development
FILE NUMBER	101289, 101515
AUTHORITY / DISCRETION	Legislative - includes the adoption of local laws, planning schemes and policies.

PURPOSE

For Council to consider a review of the operation of the *Telecommunications Infrastructure Local Planning Policy* and consider proposed amendments for the purpose of public advertising.

EXECUTIVE SUMMARY

The *Telecommunications Infrastructure Local Planning Policy* provides complementary guidance to *State Planning Policy 5.2 Telecommunications Infrastructure* on assessing telecommunications infrastructure. It sets out the considerations that will be taken into account by the City when determining applications for telecommunications infrastructure or making recommendations to the Western Australian Planning Commission (WAPC).

A review of the operation of the Policy has been undertaken to ensure it aligns with relevant legislation and current practices. Amendments to the Policy are proposed to update references to legislation and policy and to amend the City's position on advertising applications to align with Council and community feedback and expectations.

It is therefore recommended that Council supports the draft revised Telecommunications Infrastructure Local Planning Policy for the purposes of public advertising for a period of 21 days.

BACKGROUND

Local planning policies are prepared in accordance with the provisions of the *Planning and Development (Local Planning Scheme) Regulations 2015* (LPS Regulations). While there is currently no requirement in the LPS Regulations for local planning policies to be reviewed, it is good practice to regularly review the operation of policies to ensure that the policy framework reflects changes in the planning legislation and current practices.

The *Telecommunications Infrastructure Local Planning Policy* (Attachment 1 refers) was adopted by Council at its meeting held on 17 December 2002 (CJ172-12/02 refers). It was last reviewed in March 2020 (CJ033-03/20 refers), and therefore it is considered appropriate that it be reviewed to ensure operational effectiveness and relevance.

DETAILS

The *Telecommunications Infrastructure Local Planning Policy* provides complementary guidance to State Planning Policy 5.2 Telecommunications Infrastructure (SPP 5.2) and sets out the considerations that will be taken into account when determining applications for telecommunications infrastructure or making recommendations to the WAPC.

The proposed amendments to the Policy are outlined below. A tracked changes version of the draft revised Policy is included as Attachment 2 to this Report and a clean version is included as Attachment 3 to this Report.

Updates to policy/legislation references

There are several erroneous or outdated references throughout the Policy, as well as a reference to a Council policy that has been revoked. These have been updated in the draft revised Policy. The Policy also makes reference to compliance with the *Telecommunications Code of Practice 1997*, which is a code of practice that sets out the obligations of telecommunications carriers. The code of practice is not relevant to either the City or to planning applications and reference to this code in the policy has therefore been removed.

Advertising of development applications

The *Telecommunications Infrastructure Local Planning Policy* currently states: "Upon receiving a development application for telecommunications infrastructure, which is not a low-impact facility, the proposal will be advertised for comment in accordance with the City's *Planning Consultation Local Planning Policy*."

When referring to the *Planning Consultation Local Planning Policy*, Clause 5.3 states the following:

5.3 *Development applications where the City is not the responsible authority or decision-maker*

Where the City is not the responsible authority or decision-maker for a development application:

- a. *The City will not undertake community consultation for the development application.*
- b. *In providing a recommendation to the responsible authority the City will provide advice on whether community consultation is appropriate, and if so, will outline the recommended consultation methods and relevant stakeholders having regard to the requirements of this policy.*

In accordance with the above, the City currently does not undertake community consultation on applications for telecommunications infrastructure that are referred to the City for comment by another determining authority, such as the WAPC. Such authorities may not undertake consultation with the broader community, with any consultation generally being limited to relevant State government agencies and the relevant local government.

Modifications are proposed to the Policy to enable the City to undertake community consultation for applications for telecommunications infrastructure referred to the City for comment where the City is not the decision-maker, notwithstanding Clause 5.3 of the *Planning Consultation Local Planning Policy* above. This would enable the City to gather community feedback and responses regarding the application for inclusion in the City's submission to the decision-maker in the event that consultation with the community is not undertaken by the decision-making authority as has occurred in the past.

The *Planning Consultation Local Planning Policy* requires a development application for telecommunications infrastructure to be advertised for 28 days. However, a 28 day advertising period does not provide sufficient time for the City to meet referral timeframes imposed by the decision-making authority, which are typically 42 days. Therefore, it is proposed that a minimum consultation period of 14 days is provided in the draft revised Policy, with a 21 day consultation period preferred where referral timeframes allow. All other consultation methods are proposed to be consistent with the *Planning Consultation Local Planning Policy* as follows:

- Notification letters sent to stakeholders within 400 metres of the site.
- A notice and relevant documents published on the City's website.
- On-site signage providing notice of the application.

Issues and options considered

Council may choose to:

- advertise the draft revised *Telecommunications Infrastructure Local Planning Policy*, without modifications
- advertise the draft revised *Telecommunications Infrastructure Local Planning Policy* with modifications
or
- not advertise the revised *Telecommunications Infrastructure Local Planning Policy*.

Legislation / Strategic Community Plan / Policy implications

Legislation *City of Joondalup Local Planning Scheme No. 3.
Planning and Development (Local Planning Schemes) Regulations
2015.*

10-Year Strategic Community Plan

Key theme 3. Place.

Outcome 3-3 Attractive and leafy - you have access to quality public open spaces and enjoy appealing streetscapes.

Policy *Telecommunications Infrastructure Local Planning Policy.*

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	EXPECTATIONS	REPUTATION
Risk Description	Ineffective / improper decision making	Inability to understand community expectations	Loss of community trust
Risk Responsibility	Director Governance and Strategy		Chief Executive Officer
Residual Risk	High		
Control Effectiveness	Strong		
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.		
Risk Control	The relevant control, to mitigate risk, is the provision of an updated Policy that also allows greater transparency when the City is not the responsible authority or decision-maker.		

Other risk information

If the policy review is not progressed, Council's position on telecommunications infrastructure will remain unchanged. The City will continue to not undertake community consultation for applications where it is not the decision-maker, in line with the *Planning Consultation Local Planning Policy*.

As a result, the community may not be notified of proposed telecommunications infrastructure in cases where another authority is responsible for the decision. This lack of notification may lead to community dissatisfaction, particularly if residents perceive the City as being responsible for consultation. Such perceptions could result in reputational risks, including criticism of the City's transparency and responsiveness, reduced public trust, and increased complaints or enquiries to elected members and staff.

Progressing the policy review provides an opportunity to enable greater community transparency and trust, as well as clarify the City's role and manage community expectations.

Financial / budget implications

The costs associated with any public advertising of the draft revised *Telecommunications Infrastructure Local Planning Policy* will be approximately \$180.

If the City advertises a development application for public comment where it is not the determining authority, there is no ability to recoup the cost from the applicant. Advertising costs may be in the order of \$1,000 - \$1,500 not including staff time spent preparing advertising, responding to enquiries and reviewing submissions.

Regional significance

Not applicable.

Sustainability implications

Not applicable.

Consultation

The consultation requirements for proposed amendments to a local planning policy are stipulated in the LPS Regulations and the City's *Planning Consultation Local Planning Policy*.

The LPS Regulations require an amendment to a policy to be advertised for public comment for a period of not less than 21 days. The local government may make an amendment to a local planning policy without advertising if, in the opinion of the local government, the amendment is a minor amendment.

The *Planning Consultation Local Planning Policy* states minor amendments include correction of typographical or formatting errors, updates to legislation references and similar, but does not include an amendment to development provisions or standards. As some amendments are proposed to the development provisions of the Policy, consultation is considered appropriate in this instance.

The draft revised Policy is proposed to be advertised for 21 days as follows:

- A notice published in the local newspaper.
- Letter sent to registered resident and ratepayer groups.
- An email to the Community Engagement Network.
- A notice and documents placed on the City's website.
- A notice on the City's social media platforms.

If, in the opinion of the City, the Policy is inconsistent with a State planning policy, then notice of the proposed policy is to be given to the WAPC. The proposed Policy is not considered to be inconsistent with any State planning policy, particularly SPP 5.2.

COMMENT

While the *Telecommunications Infrastructure Local Planning Policy* has been working adequately since adoption, it is considered that minor amendments are needed to address outdated references and to update the City's position on community consultation on telecommunications infrastructure to align with community expectations.

It is recommended that Council supports the proposed amendments to the *Telecommunications Infrastructure Local Planning Policy* for the purposes of public consultation for a period of 21 days.

VOTING REQUIREMENTS

Simple Majority.

COMMITTEE RECOMMENDATION

The committee recommendation to Council for this Report (as detailed below) was resolved by the Policy Committee at its meeting held on 17 November 2025.

The committee recommendation is the same as recommended by City officers.

COMMITTEE RECOMMENDATION / COUNCIL RESOLUTION

(Resolution No: CJ356-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council, in accordance with Clauses 3 and 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **ADVERTISES** the draft revised *Telecommunications Infrastructure Local Planning Policy*, provided as Attachment 3 to this Report, for a period of 21 days.

The Motion was Put and CARRIED (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

ATTACHMENTS

1. Telecommunications Infrastructure Local Planning Policy [**13.2.1.1** - 3 pages]
2. Telecommunications Infrastructure Local Planning Policy - Tracked Changes [**13.2.1.2** - 4 pages]

13.2.2 REVIEW OF VARIOUS LOCAL PLANNING POLICIES (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Chris Leigh Director Planning and Community Development
FILE NUMBER	44588, 57155, 101515, 102788, 106888, 108939
AUTHORITY / DISCRETION	Legislative - includes the adoption of local laws, planning schemes and policies.

PURPOSE

For Council to consider a review of the operation of a number of existing local planning policies.

EXECUTIVE SUMMARY

The City has a suite of local planning policies that provide guidance on a range of planning matters, including specifying development standards and guiding the exercise of discretion.

Local planning policies are prepared in accordance with the *Planning and Development (Local Planning Schemes) Regulations 2015* (LPS Regulations). While there is currently no requirement under the LPS Regulations for local planning policies to be reviewed regularly, it is good practice to ensure that the City's local planning policy framework remains appropriate and relevant to changes in planning legislation.

This report addresses the following local planning policies:

- *Closure of Pedestrian Access Ways Local Planning Policy.*
- *Consulting Rooms Local Planning Policy.*
- *Container Deposit Scheme Infrastructure Local Planning Policy.*
- *Non-Residential Development in the Residential Zone Local Planning Policy.*
- *Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy.*

Following a review of the operation of the above policies, it is recommended that amendments are made to the policies, including updates to legislation and policy references, and improvements to policy operation, clarity and consistency, with the exception of the *Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy* which is recommended to be revoked.

While the amendments proposed to the policies below are not significant, in accordance with the provisions of the City's *Planning Consultation Local Planning Policy* and the LPS Regulations, the proposed amendments are not considered to be defined as minor in nature, and therefore are required to be advertised for public comment:

- *Consulting Rooms Local Planning Policy.*
- *Closure of Pedestrian Access Ways Local Planning Policy.*
- *Non-Residential Development in the Residential Zone Local Planning Policy.*

The amendments proposed to the *Container Deposit Scheme Infrastructure Local Planning Policy* are considered to be defined as minor in nature and as such, consistent with the City's *Planning Consultation Local Planning Policy* and LPS Regulations, the proposed amendments to this policy are not required to be advertised for public comment.

It is recommended that the *Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy* is revoked as the policy provisions are sufficiently addressed elsewhere in the State and local planning framework or are no longer relevant to development within the City. There is no requirement under the *Planning Consultation Local Planning Policy* or LPS Regulations for the revocation of local planning policies to be advertised for public comment.

It is therefore recommended that Council proceeds with the advertising, amendment and revocation of policies as relevant as outlined in this Report.

BACKGROUND

Local planning policies are prepared in accordance with the provisions of the LPS Regulations. While there is currently no requirement for local planning policies to be reviewed, it is good practice to ensure that the policy framework remains relevant to changes in the planning legislation and framework.

The subject local planning policies were adopted between 2001 and 2020 and last reviewed between 2012 and 2020, and it is therefore considered appropriate that they be reviewed to ensure operational effectiveness and relevance.

DETAILS

Closure of Pedestrian Access Ways Local Planning Policy

The *Closure of Pedestrian Access Ways Local Planning Policy*, initially adopted in 2001, sets out a process and criteria for the City to assess requests for the closure of pedestrian access ways, aiming to preserve the pedestrian movement network in suburban areas characterised by cul-de-sacs and loop roads. Although the City does not receive a large number of pedestrian access way closure applications, the policy is considered relevant and provides procedural guidance to the City as well as the community on how applications are to be considered. Therefore, the policy is recommended for retention with proposed modifications including the following:

- Clarification of the policy objectives.
- Removal of redundant definitions and updating the definition of pedestrian access way.
- General updates to policy wording and terminology to improve clarity with no change to policy provisions.
- Updated provision to guide how community consultation (known within the policy as 'Community Impact Assessment') will be undertaken to be more consistent with the Planning Consultation LPP, which does not apply to pedestrian access way closure requests.
- Removal of sections that are not relevant and go beyond the scope of the policy.
- Conversion of the policy from a local planning policy to a Council Policy.
-

The above modifications aim to improve the clarity and functionality of the policy. Noting that the matter of the closure of a pedestrian accessway is not a planning matter guided by the *Planning and Development Act 2005* or the *Planning and Development (Local Planning Schemes) Regulations 2015*, it is recommended that this local planning policy be changed to a Council Policy. The proposed amendments to the policy are outlined in Attachment 1.

Consulting Rooms Local Planning Policy

The *Consulting Rooms Local Planning Policy*, initially adopted in June 2013, sets out development standards for the 'consulting rooms' land use, including requirements for location, setbacks, building height and design, and car parking. Its objective is to ensure appropriate development and avoiding the clustering of consulting rooms in residential areas, which could negatively affect local amenity.

The policy remains relevant and is recommended for retention, with minor amendments proposed. These include updated legislative references and formatting, clarified terminology, and a modest increase to the maximum building height to align with the current Residential Design Codes (R-Codes) noting that at the time of adoption and during subsequent reviews, the policy's height provisions were intentionally consistent with the R-Codes. The proposed adjustment maintains that consistency following recent changes to the R-Codes. The proposed amendments are outlined in Attachment 2.

Container Deposit Scheme Infrastructure Local Planning Policy

The *Container Deposit Scheme Infrastructure Local Planning Policy* was initially adopted in August 2020 in response to the *Container Deposit Scheme Infrastructure Position Statement*, released by the Western Australian Planning Commission. The overarching objectives of the policy are to guide the development and siting of container deposit scheme infrastructure to prevent negative impacts on local amenity, and to ensure infrastructure is complementary to the character, functionality and amenity of urban localities.

The policy is still considered relevant and is recommended for retention, with minor amendments to formatting, updates outdated references to legislation and policy, and to remove reference to the 'Rural' zone, as there is no longer any land zoned 'Rural' within the City. The proposed amendments are outlined in Attachment 3.

Non-Residential Development in the Residential Zone Local Planning Policy

The *Non-Residential Development in the Residential Zone Local Planning Policy* was initially adopted by Council in 2018 to provide standards for non-residential development that were previously contained in the City's former scheme, District Planning Scheme No. 2.

At its October 2022 meeting, as part of its consideration and approval for a day respite centre in a residential area Council also requested the consideration of a planning framework that specifically considers such uses. Subsequent consultation with Elected Members was undertaken in December 2024, and it is recommended that the policy be updated to include guidance on the preferred location of non-residential uses within the 'Residential' zone and the requirement for an operational management plan to accompany development applications.

The operational management plan would outline measures to protect residential amenity, such as limits on the number of patrons and staff, operating hours, parking arrangements, and noise mitigation strategies. These changes have been incorporated into the draft updated policy.

Additional changes proposed to the policy include formatting updates and the removal of street setback provisions, with setbacks to instead be in accordance with the R-Codes. A modest increase in the maximum building height is also proposed to reflect recent updates to the R-Codes. At the time of adoption and throughout subsequent reviews, the policy's height provisions intentionally aligned with the R-Codes, and the proposed adjustment ensures that alignment continues.

These changes aim to further protect residential amenity whilst providing opportunities for compatible non-residential activities, where appropriate. The proposed amendments are outlined in Attachment 4.

Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy

The *Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy* (Attachment 5 refers) was initially adopted in 2000 and last reviewed in 2012. The policy intent was to provide guidelines for the design of subdivisions and dwelling developments adjoining areas of public space, with provisions related to fencing, surveillance and the layout of lots, pedestrian accessways and dwellings.

Significant changes to the State and local planning framework have occurred since the policy was last reviewed, which notably include implementation of the LPS Regulations, *Local Planning Scheme No. 3*, the Western Australian Planning Commission's *Operational Policy 2.2 – Residential Subdivision (OP 2.2)* and multiple amendments to the R-Codes (as augmented by the City's residential local planning policies).

The policy provisions related to subdivision layout are suitably addressed by *Liveable Neighbourhoods*, which is a State Government operational policy for the design and assessment of structure plans and subdivisions. The design and establishment of pedestrian accessways is also addressed by *Liveable Neighbourhoods* in conjunction with other supporting documents including *Safer Places by Design* and the *Reducing Crime and Anti-Social Behaviour in Pedestrian Access Ways Planning Guidelines*.

The policy includes provisions related to fencing along major reserves associated with major subdivisions. This element is also no longer relevant as planning for large greenfield development within the City is complete, and notwithstanding, is sufficiently addressed by *Liveable Neighbourhoods* and OP 2.2. It is noted that this section of the policy also references operational requirements, including the requirement for landscaping plans and uniform fencing plans, which do not need to be included in a policy.

The design of dwellings is regulated by the R-Codes, noting that single houses (and incidental additions/alterations) that are fully compliant with the R-Codes deemed to comply provisions are exempt from requiring planning approval in accordance with the LPS Regulations. The R-Codes designate requirements for surveillance of the primary street, visual privacy and the location and size of outdoor living areas. Although this does not specifically address the policy provisions related to surveillance of public space and pedestrian access ways, it is considered that these should be facilitated through subdivision and dwelling orientation where possible and are not necessary to retain as policy provisions. In addition, as complaint single houses are exempt from requiring development approval, the provisions cannot be enforced through a local planning policy.

The height and visual permeability of fencing within the primary street setback area of dwellings are also subject to provisions of the R-Codes. Dividing fencing located outside the primary street setback area (such as, side and rear fencing) is governed by the *Dividing Fences Act 1961* and is exempt from requiring planning approval in accordance with the LPS Regulations, therefore provisions related to dividing fencing cannot be enforced through a local planning policy.

Given that the policy provisions are suitably addressed elsewhere in the planning framework, are no longer required or are no longer able to be enforced, it is recommended that the policy be revoked.

Issues and options considered

Council may choose to:

- proceed with the review of the various policies as recommended
- proceed with the review of the various policies, with modifications or
- not proceed with the review of the various policies.

Legislation / Strategic Community Plan / Policy implications

Legislation *City of Joondalup Local Planning Scheme No. 3.*

10-Year Strategic Community Plan

Key theme 3. Place.

Outcome 3-2 Well-planned and adaptable - you enjoy well-designed, quality buildings and have access to diverse housing options in your neighbourhood.

Policy *Closure of Pedestrian Accessways Local Planning Policy.
Consulting Rooms Local Planning Policy.
Container Deposit Scheme Infrastructure Local Planning Policy.
Non-residential Development in the Residential Zone Local Planning Policy.
Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy.*

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS
Risk Event Description	Ineffective / improper decision making
Risk Responsibility	Director Governance and Strategy
Residual Risk	High
Control Effectiveness	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.
Risk Control	The relevant control to mitigate risk is the provision of a report that provides the outcome of various policy reviews to maintain alignment to current planning documents and processes.

Other risk information

If the review of the policies is not progressed there is a risk that outdated policies could lead to decisions that do not meet current expectations, requirements or processes. Policies may remain that are considered to be out of date or no longer fit for purpose. Not progressing with a review of these policies will also mean references to outdated planning documents and processes will be retained, with associated impacts to decision-making.

Financial / budget implications

The costs associated with public advertising of the proposed amendments to the policies will be approximately \$180.

There will be no cost associated with the notice of final adoption or revocation of the policies as they can be implemented by placing a notice on the City's website.

Regional significance

Not applicable.

Sustainability implications

Not applicable.

Consultation

The consultation requirements for proposed amendments to, or revocation of, a local planning policy are stipulated in the LPS Regulations and the City's *Planning Consultation Local Planning Policy*.

The LPS Regulations require an amendment to a policy to be advertised for public comment for a period of not less than 21 days. The local government may make an amendment to a local planning policy without advertising if, in the opinion of the local government, the amendment is a minor amendment.

The *Planning Consultation Local Planning Policy* states minor amendments include correction of typographical or formatting errors, updates to legislation references and similar but does not include an amendment to development provisions or standards.

The proposed amendments to the *Container Deposit Scheme Infrastructure Local Planning Policy* do not include modifications to development provisions or standards, comprising updates to formatting and legislation references, therefore advertising is not required.

Regarding revocation of the *Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy*, the LPS Regulations and *Planning Consultation Local Planning Policy* do not require revocation of a local planning policy to be advertised for public comment.

The amendments to the *Consulting Rooms Local Planning Policy*, *Closure of Pedestrian Access Ways Local Planning Policy* and *Non-Residential Development in the Residential Zone Local Planning Policy* contain amendments that go beyond those considered to be minor, therefore advertising is required.

If Council resolves to proceed to advertise the policies, advertising would be carried out in accordance with the *Planning Consultation Local Planning Policy* and the LPS Regulations by way of the following:

- A notice published in the local newspaper.
- Letter sent to registered resident and ratepayer groups.
- An email to the Community Engagement Network.
- A notice and documents placed on the City's website.

If, in the opinion of the City, a local planning policy is inconsistent with any State planning policy, then notice of the proposed policy is to be given to the Western Australian Planning Commission. The proposed amendments to the policies are not considered to be inconsistent with any State planning policy.

COMMENT

The policies reviewed in this report are recommended for amendment, with the exception of one proposed for revocation. The suggested changes include minor formatting and wording updates to align with the current legislative framework and enhance clarity and consistency, as well as revisions to improve policy functionality and ensure development standards align with the R-Codes where relevant.

It is recommended that the *Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy* is revoked as this policy is no longer required given that the policy provisions are sufficiently addressed elsewhere in the planning framework or are generally no longer relevant to development within the City.

It is recommended that the *Consulting Rooms Local Planning Policy*, *Closure of Pedestrian Access Ways Local Planning Policy* and *Non-Residential Development in the Residential Zone Local Planning Policy* are advertised for public comment. The policies will then be re-presented to Council for consideration for final adoption.

The modified *Container Deposit Scheme Infrastructure Local Planning Policy* is recommended for adoption as the amendments are of a minor nature and do not require public advertising.

VOTING REQUIREMENTS

Simple Majority.

COMMITTEE RECOMMENDATION

The committee recommendation to Council for this Report (as detailed below) was resolved by the Policy Committee at its meeting held on 17 November 2025.

The committee recommendation is the same as recommended by City officers.

COMMITTEE RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ357-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council:

- 1 In accordance with Clauses 3 and 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **PROCEEDS** with amendments to the *Container Deposit Scheme Infrastructure Local Planning Policy* in accordance with Attachment 3 and **NOTES** the policy will come into effect when published on the City's website;
- 2 In accordance with Clause 6 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **REVOKES** the *Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy* and **NOTES** the revocation will come into effect when published on the City's website;
- 3 In accordance with Clauses 3 and 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **ADVERTISES** the following draft policies for a period of 21 days:
 - 3.1 *Consulting Rooms Local Planning Policy*, with amendments detailed in Attachment 2;
 - 3.2 *Closure of Pedestrian Access Ways Local Planning Policy*, with amendments detailed in Attachment 1;
 - 3.3 *Non-Residential Development in the Residential Zone Local Planning Policy*. with amendments detailed in Attachment 4.

The Motion was Put and CARRIED (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

13.2.3 DRAFT NEW RESIDENTIAL DEVELOPMENT LOCAL PLANNING POLICY AND AMENDMENTS TO THE MEDIUM-DENSITY SINGLE HOUSE DEVELOPMENT STANDARDS LOCAL PLANNING POLICY (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Chris Leigh Director Planning and Community Development
FILE NUMBER	101515, 106380, 109496
AUTHORITY / DISCRETION	Legislative - includes the adoption of local laws, planning schemes and policies.

PURPOSE

For Council to consider the following:

- The draft new Residential Development Local Planning Policy following determination by the Western Australian Planning Commission.
- Amendments to the *Medium-density Single House Development Standards Local Planning Policy*.

EXECUTIVE SUMMARY

The State Government announced the release of the updated *Residential Design Codes Volume 1* (R-Codes) on 8 March 2024, with the R-Codes formally coming into effect on 10 April 2024. A special transition period of 24 months applies whereby local planning policies that have not been amended to align with the updated R-Codes will cease to have effect on 10 April 2026. To ensure the City's planning framework is updated to align with the new R-Codes, a review was undertaken of the City's two main local planning policies relating to residential development, the *Residential Development Local Planning Policy* (RDLPP) and the *Development in Housing Opportunity Areas Local Planning Policy* (HOALPP).

The RDLPP and HOALPP augment or replace some provisions of the R-Codes to provide development controls for residential development in the City. The revised R-Codes now include additional provisions which provide development control for medium density residential developments and have been restructured into key parts to accommodate this change.

To respond to the new provisions and amended structure of the updated R-Codes, a draft new Residential Development Local Planning Policy was prepared to replace the RDLPP and HOALPP. The draft new local planning policy will continue to include development provisions applicable to lower density development and development at the higher density code within Housing Opportunity Areas. The review identified existing development provisions within the RDLPP and HOALPP to be retained, removed or modified in the new local planning policy, giving consideration to their relevance and whether the provisions are now adequately addressed through the new and updated development provisions in the R-Codes.

Council at its meeting held on 19 November 2024 (CJ310-11/24 refers) considered the draft new Residential Development Local Planning Policy and resolved to advertise the policy for a period of 21 days, with a total of six submissions received.

Council at its meeting held on 27 May 2025 (CJ126-05/25 refers) resolved to support the draft policy with minor amendments following advertising. The draft policy (Attachment 1 refers) was subsequently referred to the Western Australian Planning Commission (WAPC) for consideration of the clauses which require WAPC approval.

The draft policy was considered at the WAPC's Statutory Planning Committee meeting held on 10 September 2025, where it was determined that modifications to the policy are required for greater alignment with the R-Codes and the City's *Local Planning Scheme No. 3* (LPS3). An updated draft policy incorporating the WAPC modifications is now presented to Council for final consideration.

As a consequence of the updated R-Codes and above local planning policy review, a separate review was undertaken of the City's *Medium-density Single House Development Standards Local Planning Policy*, which currently only applies to a small number of single house lots within the former MacNaughton Crescent Structure Plan area in Kinross. Amendments to the policy are proposed to remove the development provisions for R60 coded lots for alignment with the R-Codes, with the development provisions for R25, R30 and R40 lots to remain in effect.

It is therefore recommended that Council proceeds with the draft new Residential Development Local Planning Policy and draft revised Medium-density Single House Development Standards Local Planning Policy.

BACKGROUND

Current residential local planning policies

The existing [Residential Development Local Planning Policy](#) currently applies to all residential development outside a Housing Opportunity Area (HOA) or land developed at the lower density code (R20) within a HOA.

The [Development in Housing Opportunity Areas Local Planning Policy](#) applies to all residential development within a HOA which is being developed at the higher applicable density code in LPS3. For example, developing at the R60 density in areas with a density code of R20/60.

Amended Residential Design Codes Volume 1 2024

The current version of the [Residential Design Codes Volume 1](#) (R-Codes) came into effect on 10 April 2024.

The amended R-Codes are divided into five parts:

R-Codes volume and part	Title	Description
R-Codes Volume 1 – Part A	Operation of the code	Explanatory section establishing the operation of the R-Codes Volume 1.
R-Codes Volume 1 – Part B	Part B	Applies to: <ul style="list-style-type: none"> • Single houses R40 and below. • Grouped dwellings R25 and below. • Multiple dwellings R10 to R25.
R-Codes Volume 1 – Part C	Part C	Applies to: <ul style="list-style-type: none"> • Single houses R50 and above. • Grouped dwellings R30 and above. • Multiple dwellings R30 to R60.
R-Codes Volume 1 – Part D	Land	Applies to: <ul style="list-style-type: none"> • Single houses and grouped dwellings (all density codes). • Multiple dwellings R10-R60.
R-Codes Volume 2	Apartments	Applies to all multiple dwellings R80 and above.

With the introduction of the amended R-Codes Volume 1 2024, Part B (formerly 2021 R-Codes) and the R-Codes Volume 2 – Apartments are both generally unchanged, with only consequential amendments made following the introduction of the Part C provisions.

The Part C provisions introduce a new set of development criteria for medium density development that have been implemented to deliver higher quality built form outcomes and development with a greater emphasis on functional open space, landscaping and tree planting.

Most of the residential properties within the City of Joondalup are zoned 'Residential' and are coded R20 or lower (approximately 80%) and therefore will not be affected by the new Part C provisions. The remainder of the 'Residential' zone (approximately 20%) includes small areas of medium density and the HOA areas which are coded R20/R25, R20/R30, R20/R40 and R20/R60. Therefore, all HOAs, except HOA 3 which is coded R20/25, are affected by the implementation of the new Part C provisions. It is also noted that developments within HOAs for single houses on R20/R30 and R20/R40 dual coded lots which are developed at the lower density will still be subject to assessment against Part B of the R-Codes.

Implementation of the R-Codes Volume 1 2024

The R-Codes Volume 1 2024 came into effect on 10 April 2024 with a 24-month special transition period to allow local governments to review and update local planning policies to align with the amended R-Codes. Policies that have not been reviewed and updated will cease to have effect from 10 April 2026.

Ability to modify the R-Codes through the local planning framework

The R-Codes allow a local government to adopt a local planning policy that amends, replaces and/or augments a deemed to comply requirement of the R-Codes Volume 1, with some provisions able to be modified without approval from WAPC, and others requiring approval from the WAPC.

Draft new Residential Development Local Planning Policy

A draft new Residential Development Local Planning Policy has been prepared and includes Part B and Part C to align with the R-Codes. In addition, the new draft Policy also includes development provisions based on locational application similar to how the RDLPP and HOALPP are currently applied as outlined below:

- 'general residential' application which will apply to all lots outside of HOAs and lots within HOAs which are being developed at the lower density code (R20)
- 'higher dual density code' application which will apply to all lots within a HOA which are being developed at the higher density code.

Council at its meeting held on 19 November 2024 (CJ310-11/24 refers) resolved to advertise the draft policy for a period of 21 days, and six submissions were received (Attachment 2 refers). The submissions necessitated correction of minor drafting errors only, with Council at its meeting held on 27 May 2025 (CJ126-05/25 refers) resolving to support the draft policy.

WAPC final approval is required for policy provisions in the new Residential Development Local Planning Policy which augment or replace R-Code provisions for the following elements:

- Part B – Outdoor living areas.
- Part B – Landscaping.
- Part B – Solar access for adjoining sites.
- Part C – Access (sightlines).
- Part C – Private open space.
- Part C – Trees and landscaping.
- Part C – Parking.
- Part C – Building height.
- Part C – Solar access for adjoining sites.
- Part D – Site area.

The draft policy was forwarded to the WAPC for determination of the above clauses only. The draft policy was considered by the WAPC's Statutory Planning Committee meeting held on 10 September 2025, where it was determined that modifications to the policy are required prior to final Council approval. The extent of modifications required are detailed later in this Report.

DETAILS

The draft new Residential Development Local Planning Policy requires final consideration following determination of certain clauses of the draft policy by the WAPC. The draft revised *Medium-density Single House Development Standards Local Planning Policy* requires minor amendments to align with the updated template in *Planning Bulletin 112/2024 Single house development standards (R25 to R40) – Development Zones* and the R-Codes. Details on the proposed policies are provided below.

Issues and options considered

Draft new Residential Development Local Planning Policy

The draft policy provisions which require WAPC approval were considered at the WAPC's Statutory Planning Committee meeting held on 10 September 2025, with the determination on each proposed R-Codes clause/policy provision outlined in the table below (Attachment 3 also refers).

R-Codes clause/policy provision	WAPC determination
Part B – clause 5.3.1 outdoor living areas	Approved subject to modifications
Part B – clause 5.3.2 landscaping	Approved subject to modifications
Part C – clause 1.1 private open space	Approved subject to modifications
Part C – clause 1.2 trees and landscaping	Approved subject to modifications
Part C – clause 3.7 access	Approved subject to modifications
Part B – clause 5.4.2 solar access for adjoining sites	Refused
Part C – clause 2.3 parking	Refused
Part C – clause 3.2 building height	Refused
Part C – clause 3.9 solar access for adjoining sites	Refused
Part D – clause 1.1 site area	Refused

Policy provisions approved subject to modifications

The modifications required by the WAPC are listed in Attachment 4 to this Report.

The draft policy provisions regarding vehicle sightlines detailed in Part C – clause 3.7 access were submitted to the WAPC with equivalent wording included for Part B – clause 5.2.5 sightlines. The WAPC have requested modifications to clause 3.7 for alignment with the R-Codes wording, however were unable to recommend changes to clause 5.2.5 as this clause does not require WAPC approval. It is recommended that the wording in clause 5.2.5 be amended for consistency with clause 3.7, which has been updated in the draft policy.

The City supports the modifications required by the WAPC and notes they do not alter the desired outcome of each provision and are intended for clarity and alignment with the updated R-Codes.

Refused policy provisions

The WAPC did not support the proposed provisions relating to building height and parking (Part C) as it was not considered that a specific local variation was warranted. The impact of this decision is that the R-Codes Part C provisions will apply for building height and parking, resulting in the following changes from the City's current policy position:

Current policy position	WAPC decision
Building Height	
Development at R60 Maximum 2 storey building height	Development at R60 Maximum 3 storey building height
Car parking	
Location A – minimum parking space(s) Studio and 1 bedroom dwelling – 1 space 2 bedroom dwelling – 1 space	0 spaces 0 spaces
Location B – minimum parking space(s) 3+ bedroom dwelling – 2 spaces	1 space

Location A includes all land located within 800m walkable catchment of a train station on a high frequency rail route; 250m walkable catchment of a transit stop: on a high frequency transit route; or that has multiple transit routes, that when combined stop every 15 minutes during weekday peak periods (7am-9am and 5pm -7pm) or the defined boundaries of an activity centre. Location B includes all land that is not within Location A.

The provisions related to solar access (Part B and C) and site area (Part D) were refused by the WAPC on the basis that these provisions already exist within clause 26 of the City's *Local Planning Scheme No. 3* and therefore should not be duplicated. The WAPC has provided advice that these provisions may still be referenced in the policy, however the policy must clearly state that the provisions are included for completeness only and remain scheme provisions. Reference to these provisions in the draft policy have been updated accordingly, noting that this change is administrative and development proposals assessed by the City will still be subject to these requirements regardless.

In accordance with clause 3A of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015* (LPS Regulations), Council is unable to override the decision of the WAPC and therefore the proposed policy cannot include provisions refused by the WAPC.

Policy consideration

The WAPC determination only relates to the clauses which required WAPC determination under the R-Codes, with the balance of policy provisions to remain in accordance with Council's previous decision to support the policy.

A revised draft policy incorporating the required modifications is provided as Attachment 5 to this Report.

Medium-density Single House Development Standards Local Planning Policy

The *Medium-density Single House Development Standards Local Planning Policy* was adopted in 2017 to support implementation of the *MacNaughton Crescent Structure Plan* in developing a four-hectare site in Kinross bounded by Grangemouth Turn, Lochnagar Way, MacNaughton Crescent and MacNaughton Park. The area has now been developed and the structure plan has been revoked, however the policy continues to apply to the lots highlighted in the aerial image below which are coded R25, R30 and R40.

The policy replaces deemed to comply provisions in the R-Codes for single house development coded R25, R30, R40 and R60, noting that none of the affected lots are coded R60. The policy follows the template outlined in the WAPC's *Planning Bulletin 112/2016 Medium-density single house development standards – Development Zones*, which was superseded in 2024 by *Planning Bulletin 112/2024 Single house development standards (R25 to R40) – Development Zones*.

The revised planning bulletin template aligns with the R-Codes by removing the R60 development provisions, which are now addressed by Part C (medium density) provisions of the R-Codes. The remaining provisions for R25, R30 and R40 single house development have been modified to remove references to the R60 provisions and update text for clarification where appropriate, however no changes are proposed to the assessment criteria within the development provisions. As there are no R60 coded lots currently subject to the policy, the changes proposed will not impact the overall operation of the policy.

A tracked changes and clean version of the draft revised policy are included as Attachments 6 and 7 to this Report respectively.

Options

Draft new Residential Development Local Planning Policy

The options available to Council in considering the proposed local planning policy are to:

- proceed with the draft new local planning policy as amended by the WAPC, without modification

This option is recommended as this aligns with Council's previous decision to support the draft new policy.

- proceed with the draft new local planning policy as amended by the WAPC, with modifications

This option is not recommended as modifying the draft policy may require the policy to be readvertised for public comment and/or referred to the WAPC for approval and then reconsidered by the Policy Committee and Council. This would likely mean that a new policy would not be adopted by the 10 April 2026 deadline and the existing policies would lapse, leaving the City unable to implement the variations to the R-Codes that are considered appropriate in the City of Joondalup context.

- not proceed with the draft new local planning policy.

This option is not recommended as not proceeding with the draft policy would mean that the existing policies will lapse on 10 April 2026 and all residential development would be assessed in accordance with the R-Codes.

If Council resolves to proceed with the draft new local planning policy, then the existing *Development in Housing Opportunity Areas Local Planning Policy* and *Residential Development Local Planning Policy* are required to be revoked to avoid duplication.

Medium-density Single House Development Standards Local Planning Policy

The options available to Council in considering the proposed local planning policy amendments are to:

- proceed with the draft revised local planning policy, without modification
- proceed with the draft revised local planning, with modifications
or
- not proceed with the draft revised local planning policy

The first option is recommended as this will bring the policy into alignment with the State planning framework. If these amendments are not progressed, then the policy will conflict with the R-Codes and create uncertainty for future residential development on lots subject to the policy.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Planning Scheme No. 3.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	REPUTATION
Risk Event Description	Ineffective / improper decision making	Loss of community trust
Risk Responsibility	Director Governance and Strategy	Chief Executive Officer
Residual Risk	High	
Control Effectiveness	Strong	
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	
Risk Control	The relevant control, to mitigate risk, is the provision of an updated policy that complies with requirements prior to the expiry of current arrangements.	

Other risk information

The draft new *Residential Development Local Planning Policy* proposes to modify provisions of the R-Codes to reflect the local context and character of the City’s residential areas. If the draft new policy is not adopted by Council, then once the City’s HOALPP and RDLPP lapse on 10 April 2026, the policy provisions will cease to have effect and the R-Codes, in its entirety, will prevail. This may result in some of the specific provisions important to the City, Council and its community not being included in the assessment framework for residential development.

The proposed amendments to the *Medium-density Single House Development Standards Local Planning Policy* will bring the policy into alignment with the State planning framework. If these amendments are not progressed, then the policy will conflict with the R-Codes and create uncertainty for future residential development for lots subject to the policy.

Financial / budget implications

Not applicable.

Regional significance

The R-Codes Volume 1 2024 is a state planning code and as such the provisions impact residential development throughout Western Australia.

Sustainability implications

The new R-Codes Part C requirements include development standards that expand on sustainability initiatives. These include the following:

- An increase in deep soil areas and trees for medium density single house and grouped dwellings.
- Incentives regarding the retention of trees.
- Built form provisions to better access sunlight and natural ventilation to reduce reliance on artificial heating and cooling of dwellings.

Consultation

The consultation requirements for proposed amendments to, or revocation of, a local planning policy are stipulated in the LPS Regulations and the City's *Planning Consultation Local Planning Policy*.

The draft new Residential Development Local Planning Policy has previously been advertised and supported by Council. As the modifications directed by the WAPC relate to minor drafting amendments or deletion of development provisions only, re-advertising of the policy is not required.

In regard to the proposed amendments to the *Medium-density Single House Development Standards Local Planning Policy*, the LPS Regulations require an amendment to a policy to be advertised for public comments for a period of not less than 21 days. The local government may make an amendment to a local planning policy without advertising if, in the opinion of the local government, the amendment is a minor amendment. As the proposed modifications are required to align with the State planning framework, they do not require advertising.

COMMENT

The draft new Residential Development Local Planning Policy has been updated to amend and remove certain clauses as required by the WAPC's determination, noting that Council is unable to override the WAPC decision. The draft new policy will replace the existing HOALPP and RDLPP, which are required to be revoked.

The proposed amendments to the *Medium-density Single House Development Standards Local Planning Policy* do not result in any significant modifications to the policy operation and are required to bring the policy into alignment with the State planning framework.

It is therefore recommended that Council proceeds with the draft new Residential Development Local Planning Policy and draft revised *Medium-density Single House Development Standards Local Planning Policy*.

VOTING REQUIREMENTS

Simple Majority.

COMMITTEE RECOMMENDATION

The committee recommendation to Council for this Report (as detailed below) was resolved by the Policy Committee at its meeting held on 17 November 2025.

The committee recommendation is the same as recommended by City officers.

COMMITTEE RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ358-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council:

- 1 In accordance with Clauses 3, 4 and 6 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **REVOKES** the existing *Development in Housing Opportunity Areas Local Planning Policy* and *Residential Development Local Planning Policy* and **PROCEEDS** with the draft new Residential Development Local Planning Policy provided as Attachment 5 to this Report;
- 2 In accordance with Clauses 3 and 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **PROCEEDS** with the draft revised *Medium-density Single House Development Standards Local Planning Policy* provided as Attachment 7 to this Report;
- 3 **NOTES** that the new Residential Development Local Planning Policy and revised *Medium-density Single House Development Standards Local Planning Policy* will come into effect when published on the City's website.

The Motion was Put and **CARRIED (11/0)** by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

13.2.4 PROPOSED SHORT-TERM RENTAL ACCOMMODATION AMENDMENT TO LOCAL PLANNING SCHEME NO. 3 AND AMENDMENTS TO THE SHORT-TERM RENTAL ACCOMMODATION LOCAL PLANNING POLICY - CONSIDERATION FOLLOWING ADVERTISING (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Chris Leigh Director Planning and Community Development
FILE NUMBER	72584, 101515, 112060
AUTHORITY / DISCRETION	Legislative - includes the adoption of local laws, planning schemes and policies.

PURPOSE

For Council to consider following public advertising:

- A proposed amendment to *Local Planning Scheme No. 3* to align land use categories and permissibility for short-term rental accommodation in accordance with the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.
- Proposed amendments to the *Short-term Accommodation Local Planning Policy*.

EXECUTIVE SUMMARY

On 18 September 2024, amendments to the *Planning and Development (Local Planning Schemes) Regulations 2015* (LPS Regulations) came into effect that facilitate changes to the management of short-term rental accommodation (STRA).

The amended LPS Regulations introduced new land use categories for STRA are as follows:

- 'Hosted short-term rental accommodation' (hosted STRA), where the owner or property manager lives on site while the property is used for STRA. This land use, which replaces the existing 'bed and breakfast' land use, is exempt from the requirement to obtain planning approval.
- 'Unhosted short-term rental accommodation' (unhosted STRA), where a property is rented on a short-term basis with the landowner living offsite. This land use, which replaces the existing 'holiday house' land use, is exempt from the requirement to obtain planning approval if operating for 90 nights or less in a 12-month period, otherwise planning approval is required. Unhosted STRA permits a maximum of 12 guests per night.

The implementation of hosted and unhosted STRA land uses have been incorporated into the LPS Regulations as 'deemed' provisions, meaning that they automatically apply to all local planning schemes and are unable to be altered, varied or excluded by local governments. To reflect these changes, the Western Australian Planning Commission (WAPC) is requiring that all local planning schemes are amended by 1 January 2026 to align with the STRA amendments. The proposed scheme amendment to *Local Planning Scheme No. 3* (LPS3) is consistent with the deemed provisions of the LPS Regulations.

Development applications for STRA proposals are assessed in accordance with the City's *Short-term Accommodation Local Planning Policy* (the Policy). It is proposed to amend the Policy to reflect the changes to the LPS Regulations.

At its meeting held on 25 March 2025 (CJ062-03/25 refers), Council resolved to advertise the proposed scheme amendment and Policy modifications for public comment, with advertising subsequently conducted for 42 days.

A total of 13 submissions were received, comprising five submissions in support, seven submissions objecting and one neutral submission. In response to the submissions received, modifications to the Policy are proposed to introduce the potential to apply a 12-month time limited approval period for STRA proposals, modified minimum car parking requirements and to clarify how the overall maximum occupancy of a STRA is calculated. A minor administrative correction is also proposed to the scheme amendment, which does not alter the intent of the proposal.

It is therefore recommended that Council resolve to proceed with the proposed scheme amendment and modified Short-term Accommodation Local Planning Policy.

BACKGROUND

The limited regulation of STRA (such as Airbnb) outside of traditional hotel and resort style accommodation has been identified as a significant concern by the State Government, industry stakeholders and local communities. Consequently, several reforms have been implemented by State Government regarding the management of STRA including the following:

- Commencement of amendments to the LPS Regulations from 18 September 2024 introducing new STRA land uses and definitions. Exemptions from planning approval for all hosted STRA, and unhosted STRA operating for 90 nights or less in a 12-month period, have also been introduced.
- Implementation of a Short-Term Rental Accommodation Register, which requires all STRA operators to register their premises with Department of Energy, Mines, Industry Regulation and Safety (DEMIRS) from 1 January 2025.
- Publication of a Position Statement and associated Guidelines to assist local governments in long-term planning for tourism and STRA.

The WAPC requires all local governments to amend their local planning schemes to introduce the 'hosted short-term rental accommodation' and 'unhosted short-term rental accommodation' land uses to replace the existing 'bed and breakfast' and 'holiday house' land uses respectively. STRA scheme amendments are required to be approved by the Minister for Planning by 1 January 2026, which necessitates local governments initiating the scheme amendments as early as possible.

The WAPC has recommended that local planning policies relevant to the regulation of STRA are amended concurrently with the required scheme amendment for consistency. The City's *Short-term Accommodation Local Planning Policy* has been in effect since 2011 (CJ159-09/11 refers) and has been updated several times since its inception, most recently in 2020 (CJ033 03/20 refers).

The requirement for STRA operators to register their property using the Short-Term Rental Accommodation Register in accordance with the *Short-term Rental Accommodation Act 2024* is managed by DEMIRS. Registration is separate to the requirement for planning approval under the LPS Regulations and LPS3, therefore there is no requirement for the City to amend LPS3 or the *Short-term Accommodation Local Planning Policy* to facilitate this process.

Consultation

At its meeting held on 25 March 2025 (CJ062-03/25 refers), Council resolved to advertise the proposed amendment to LPS3 and Policy modifications for 42 days.

DETAILS

The STRA amendments to the LPS Regulations require an amendment to LPS3, with concurrent amendments to the *Short-term Accommodation Local Planning Policy* proposed to ensure consistency between LPS3 and the *Short-term Accommodation Local Planning Policy*. Detail on the proposed amendments to LPS3 and the Policy is provided below.

Issues and options considered

Proposed amendment to *Local Planning Scheme No. 3*

Land use definitions

Short-term accommodation was the previous term used for temporary accommodation within the City, which has now been superseded by the terms 'short-term rental accommodation' and 'short-term rental arrangement' in the LPS Regulations. A comparison between the definitions has been provided in Table 1 of Attachment 1 to this Report.

The LPS Regulations have also introduced the new 'hosted short-term rental accommodation' and 'unhosted short-term rental accommodation' land uses to replace the existing 'bed and breakfast' and 'holiday house' land uses respectively. A comparison between the land uses has been provided in Tables 2 and 3 of Attachment 1 to this Report.

The definitions of 'short-term rental accommodation', 'hosted short-term rental accommodation' and 'unhosted short-term rental accommodation' are 'deemed' provisions within the LPS Regulations, which means they are automatically written into local planning schemes and supersede the existing short-term accommodation definition and 'bed and breakfast' and 'holiday house' land uses. As deemed provisions, they are not required to be inserted into LPS3 to replace the superseded land use definitions.

To align with the LPS Regulations, the following amendments to land use definitions in LPS3 are proposed (Attachment 2 refers):

- In clause 37, 'Terms Used' delete the definition for 'short-term accommodation'.
- In clause 38, 'Land Use Terms Used' delete the definitions for 'bed and breakfast' and 'holiday house'.

Land use permissibility

Land use permissibility throughout the City is regulated by the following zoning tables of LPS3:

- Table 3 Zoning Table.
- Table 3a Whitford Activity Centre Zoning Table.
- Table 3b Joondalup Activity Centre Zoning Table.

Additionally, deemed clause 61 of the LPS Regulations outlines exemptions from requiring planning approval for STRA land uses operating from a dwelling ('dwelling' applies to single dwellings, grouped dwellings and multiple dwellings), in the following circumstances:

- 'Hosted short-term rental accommodation' is in all cases exempt from requiring planning approval.
- 'Unhosted short-term rental accommodation' is exempt from requiring planning approval if operating for 90 nights or less in a 12-month period.

As the 'bed and breakfast' and 'holiday house' land uses have been superseded, these are proposed to be deleted from the zoning tables of LPS3. The 'hosted short-term rental accommodation' and 'unhosted short-term rental accommodation' land uses are proposed to be inserted into each zoning table within LPS3 in accordance with Tables 4, 5 and 6 of Attachment 1 and Attachment 2 to this Report. Following advertising, a minor correction to the proposed scheme amendment in Attachment 2 is proposed for item 7, where the Joondalup Activity Centre Zoning Table is referenced as table 3a, not 3b, in LPS3. This has no impact on land use permissibility or the intent of the scheme amendment.

For each zoning table, it is a requirement that hosted STRA is a 'P' (permitted) use in any zone where a dwelling is permitted, as this will reflect the exemption from planning approval in the LPS Regulations. In zones where dwellings are an 'X' (not permitted) use, hosted STRA is also proposed to be an 'X' use.

For unhosted STRA, there is no requirement to incorporate the 90-night exemption from planning approval into LPS3. Instead, land use permissibility is required to be a 'D' (discretionary) or 'A' (discretionary with advertising) use in any zone where a dwelling is permitted. In zones where dwellings are an 'X' use, unhosted STRA is also proposed to be an 'X' use.

It is proposed to designate unhosted STRA as a 'D' use in zones where a dwelling is permitted. It is noted that the City's *Planning Consultation Local Planning Policy* requires advertising of new or intensified short-term accommodation in the 'Residential' zone, and the City has discretion to advertise 'D' uses in other zones where there may be an amenity impact on adjoining properties.

Model provisions of the LPS Regulations

In addition to the deemed provisions of the LPS Regulations, the published STRA amendments also included the following amendments to the 'model' provisions:

- An updated definition of 'cabin'.
- An updated definition of 'chalet'.
- A new land use for 'tourist and visitor accommodation'.

Unlike the deemed provisions of the LPS Regulations, model provisions are not automatically written into local planning schemes. It is a general requirement for local governments to align their local planning schemes with the model provisions of the LPS Regulations, and it is the future intent for LPS3 to be amended to align with the updated definitions for 'cabin' and 'chalet' and introduce the new 'tourist and visitor accommodation' land use, however the WAPC have not stated this as being mandatory by 1 January 2026.

The updated 'tourist and visitor accommodation', if adopted, would replace the existing 'holiday accommodation', 'motel', 'serviced apartment' and 'tourist development' land uses in LPS3. These existing land uses are varied and operate at different scales which do not currently have a uniform land use permissibility in LPS3, therefore consolidating these uses into one single land use is not recommended without further investigation into appropriate land use permissibility and development provisions. It is therefore considered appropriate for the currently proposed scheme amendment to only align with the amended deemed provisions of the LPS Regulations.

Short-term Accommodation Local Planning Policy

The proposed *Short-term Accommodation Local Planning Policy* amendments are intended to align the development requirements with the updated terminology and land uses incorporated into the proposed concurrent amendment to LPS3. Other minor modifications to the Policy are also proposed to improve its operation.

The advertised draft proposed to amend the Policy as follows:

- Rename the Policy to the 'Short-term Rental Accommodation Local Planning Policy' and update wording of 'short-term accommodation' to 'short-term rental accommodation'.
- Delete definitions for 'bed and breakfast', 'holiday house' and 'short term accommodation'.
- Add definitions for 'hosted short-term rental accommodation', 'short-term rental accommodation', 'short-term rental arrangement' and 'unhosted short-term rental accommodation'.
- Remove all development requirements for the 'bed and breakfast' and 'holiday house' land uses.
- Add development requirements for 'unhosted-short-term rental accommodation'.
- Minor modifications to wording and references within the development requirements for 'holiday accommodation' and 'serviced apartment' land uses.
- Reformat clause 5.1 relating to general development requirements for all short-term rental accommodation.
- Introduce a maximum occupancy for all STRA subject to this Policy of two persons per bedroom.

Following advertising, the following further Policy amendments are proposed:

- Clarify that the overall maximum STRA occupancy is calculated on a ratio of two persons per bedroom, rather than there being a two person limit in each bedroom.
- Include minimum car parking provisions based on the maximum capacity of the STRA.
- Include the ability to apply an initial 12-month time limited approval period to a STRA proposal when considered appropriate, and how continuation of the use at the end of this period will be considered.

An overview of the proposed amendments to the Policy is outlined below. The existing Policy is included as Attachment 3 to this Report, with the advertised draft Policy and modified draft Policy post advertising included as Attachments 4 and 5 respectively.

STRA terminology

The Policy is proposed to be renamed the 'Short-term Rental Accommodation Local Planning Policy' to align with the updated terminology for STRA within the LPS Regulations. References in the Policy to 'short-term accommodation' are also proposed to be replaced with 'short-term rental accommodation', except within the existing definitions of 'holiday accommodation' and 'serviced apartment', as these land uses will be reviewed separately in the future.

Policy definitions

The definitions for 'bed and breakfast', 'holiday house' and 'short term accommodation' are proposed to be deleted and replaced with the new equivalent definitions 'hosted short-term rental accommodation', 'unhosted short-term rental accommodation' 'short-term rental accommodation' and 'short-term rental arrangement'. This is proposed for consistency with the deemed provisions of the LPS Regulations and the proposed concurrent amendment to LPS3.

Specific development requirements

As the Policy will no longer apply to 'bed and breakfast' and the equivalent 'hosted short-term rental accommodation' is exempt from requiring planning approval, all specific development requirements for 'bed and breakfast' development applications are proposed to be deleted.

The existing 'holiday house' specific development requirements will apply to 'unhosted short-term rental accommodation' development applications, with minor modifications to the wording in the relevant clause to clarify the applicable development requirements.

It is proposed that the development requirements for 'holiday accommodation' and 'serviced apartment' will continue to apply as these land uses are being retained. Minor modifications are proposed to the wording in the relevant clauses to clarify the applicable development requirements, consistent with unhosted STRA above.

General development requirements and maximum guest occupancy

The general development requirements for all STRA land uses subject to the Policy have been reformatted and reworded in places to clarify some provisions and improve legibility of the document. The existing requirement for a management plan, inclusive of a complaints procedure and the owner/managing agent's (current) contact number being made available to neighbouring properties, will continue to apply to unhosted STRA that requires planning approval.

It is noted that the definition of unhosted STRA allows a maximum of 12 guests per dwelling, which may adversely impact on the amenity neighbouring properties. To reduce potential impacts such as noise and parking, it is proposed to limit guest numbers based on the number of bedrooms.

Further, the Policy regarding the calculation of the maximum occupancy of a STRA can be improved to clarify that the overall maximum occupancy is calculated on a ratio of two persons per bedroom, rather than there being a two person limit in each bedroom. This allows the ability to configure individual bedroom occupancy based on the guest party composition, for example, allowing bunk beds for family bookings.

To address some concerns raised in submissions, it is also considered appropriate that the minimum car parking rates be updated to be based on the maximum number of guests (rather than the current requirement for the provision of car parking bays to be in accordance with the *Residential Design Codes*) to provide clear minimum car parking requirements based on the capacity of the STRA, noting that all car parking bays are required to be provided on-site.

Approval period and impact of STRA on neighbouring amenity

Objections received during advertising highlighted significant concern regarding the potential detrimental amenity impact of STRA proposals on neighbouring properties, particularly within established residential areas. Concern was also raised regarding the implementation and compliance with management plans by STRA operators once planning approval is received.

All STRA proposals subject to the Policy are required to be accompanied by a management plan providing details on the management of car parking, anti-social behaviour, waste disposal and management of complaints, amongst other matters outlined in the Policy. The assessment of a management plan is completed on its merits in accordance with the Policy provisions when a development application for STRA is lodged, and modifications may be required to a management plan prior to an application being approved. Compliance with this management plan is applied as a condition of planning approval, with the City able to investigate allegations of non-compliance when received. The City is unable to prejudice a planning decision on the basis of potential future non-compliance.

Notwithstanding, to address concerns raised in submissions, it is proposed to modify the draft Policy to include the potential to apply a 12-month time limited approval period for STRA proposals. At the conclusion of the initial 12-month approval period, the STRA operator will be required to apply for the continuation of the STRA use and demonstrate that the ongoing operation of the STRA use will not be unreasonably detrimental to adjoining and surrounding landowners, which may require an updated management plan or identify that operation of the STRA is/is not appropriate. This does not prevent compliance action being undertaken by the City if complaints are received during the 12-month approval period.

Options

Scheme Amendment

The options available to Council in considering the proposed scheme amendment are to:

- support the amendment to the local planning scheme without modifications
- support the amendment to the local planning scheme with modifications
- not support the amendment to local planning scheme.

Short-term Accommodation Local Planning Policy

The options available to Council in considering the proposed policy amendments are to:

- proceed with the revised *Short-term Accommodation Local Planning Policy*, without modifications
- proceed with the revised *Short-term Accommodation Local Planning Policy*, with modifications
- not proceed with the revised *Short-term Accommodation Local Planning Policy*.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Planning Scheme No. 3.*
Planning and Development (Local Planning Schemes) Regulations
2015.
Planning and Development Act 2005.

10-Year Strategic Community Plan

Key theme 3. Place.

Outcome 3-2 Well-planned and adaptable - you enjoy well-designed, quality buildings and have access to diverse housing options in your neighbourhood.

Policy *Short-term Accommodation Local Planning Policy.*

Planning and Development Act 2005 and Planning and Development (Local Planning Schemes) Regulations 2015

Part 5 of the *Planning and Development Act 2005*, in conjunction with the LPS Regulations, enables a local government to prepare or amend a local planning scheme and sets out the process to be followed.

Under the LPS Regulations, scheme amendments are classified as being basic, standard, or complex amendments. In resolving to proceed with an amendment, Council needs to specify the amendment type and explain the reason for that classification. The proposed scheme amendment is considered to be a standard amendment as it is not a basic or complex amendment and does not result in any significant environmental, social, economic or governance impacts on land within the City. This classification as a standard amendment is consistent with advice provided by the WAPC and *Planning Bulletin 115/2024 Short-Term Rental Accommodation – Guidance for Local Government*.

At its meeting held on 25 March 2025 (CJ062-03/25 refers), Council resolved to advertise the proposed scheme amendment for 42 days. The amendment was referred to the Environmental Protection Authority, who advised that referral of the proposal was not required in accordance with clause 33(2)(d) of the *Environmental Protection Amendment Regulations 2024* and was therefore not assessed.

Upon closure of the advertising period, Council is required to consider all submissions received and decide whether to support the amendment, with or without modifications, or not support the amendment. The decision is then forwarded to the WAPC, which makes a recommendation to the Minister for Planning. The Minister can either grant final approval to the amendment, with or without modifications, or refuse the amendment.

It is noted that the minor administrative error proposed to be corrected in the scheme amendment is not considered to change the classification of the amendment from being a standard amendment. Section 51 of the LPS Regulations allows a local government to determine whether to advertise proposed modifications to a standard amendment. As the proposed modification relates to correcting a minor administrative error, it is not necessary to advertise the proposed modification.

Short-term Accommodation Local Planning Policy

Clause 4, Schedule 2, Part 2 of the LPS Regulations enables a local government to prepare or amend a local planning policy and sets out the process to be followed. At its meeting held on 25 March 2025 (CJ062-03/25 refers), Council resolved to advertise the proposed policy amendments for 42 days. Modifications to the policy are proposed following advertising to address submissions received. In accordance with the City's *Planning Consultation Local Planning Policy*, the modifications are considered minor and are not required to be advertised. Council is now required to determine whether to proceed with the policy, with or without modifications, or not proceed.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	REPUTATION
Risk Event Description	Ineffective / improper decision making	Loss of community trust
Risk Responsibility	Director Governance and Strategy	Chief Executive Officer
Residual Risk	High	
Control Effectiveness	Strong	
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	
Risk Control	The relevant control, to mitigate risk, is the provision of updated policies that allow compliance with current requirements.	

Other risk information

The WAPC has required that all local planning schemes be amended to implement the new 'hosted short-term rental accommodation' and 'unhosted short-term rental accommodation' land uses by 1 January 2026. If the proposed scheme amendment is not supported by Council, there will be insufficient time available for a new amendment to be prepared and approved by Council and the WAPC before 1 January 2026. Should this occur, Council may be directed to prepare an amendment by the Minister for Planning in accordance with Section 76 of the *Planning and Development Act 2005*.

The City's *Short-term Accommodation Local Planning Policy* requires amendments to reflect the new and superseded STRA land uses. If this policy is not amended concurrently with LPS3, there will be uncertainty for applicants and landowners regarding the applicable development provisions for different STRA land uses.

Financial / budget implications

The City, as the proponent, is required to cover the costs associated with the cost of publishing a notice in the local newspaper and the Government gazette should the amendment be approved by the Minister for Planning. The cost of publishing the amendment in the local newspaper is approximately \$130 and the cost of publishing within the Government Gazette is approximately \$160.

Regional significance

Changes to the regulation and management of short-term rental accommodation will impact all local governments in Western Australia.

Sustainability implications

Not applicable.

Consultation

The proposed scheme amendment and modifications to the *Short-term Accommodation Local Planning Policy* were advertised concurrently for a period of 42 days, from 5 June 2025 to 17 July 2025, by way of the following:

- A notice published in the local newspaper.
- Emails to registered resident and ratepayer groups.
- An email to the Community Engagement Network.
- A notice on the City's social media platforms.
- A notice and documents placed on the City's website.

A total of 13 submissions were received, comprising five submissions in support, seven submissions objecting and one neutral submission.

The main comments of support were as follows:

- The proposed scheme amendment is ‘common sense’ and removes ambiguity.
- Queried whether existing STRA approvals will require amendment in accordance with the proposed new requirements to continue operating.
- STRA requires greater regulation, with the Policy proposal to limit guests based on the number of bedrooms an important change.

The main issues of objection have been grouped into themes as follows:

Theme	Issues raised
Amenity	<ul style="list-style-type: none"> • STRA is a commercial land use with the potential to detrimentally impact the amenity of neighbouring properties through noise, parking and anti-social behaviour, particularly in residential areas. • STRA may erode the sense of belonging and neighbourliness of local communities. • The Policy measures are insufficient to protect the amenity of properties neighbouring or nearby to STRA.
Zoning and exemptions	<ul style="list-style-type: none"> • Unhosted STRA should either not be permitted, or significantly restricted, in the Residential zone. • The timeframe for unhosted STRA being exempt from requiring planning approval should be reduced.
Compliance	<ul style="list-style-type: none"> • The City should be more proactive in monitoring the impact of properties operating as STRA and identifying if these properties are compliant with the management plans forming part of their approval. • The Policy should list the penalties for breaching the requirements of a management plan. • A template for management plans would be beneficial for STRA operators and the community.
General	<ul style="list-style-type: none"> • STRA may result in loss of neighbouring property values. • STRA is contributing to the housing shortfall across Joondalup and Metropolitan Perth. • The proposed scheme and Policy amendments should be presented more clearly in simple plain English.

The neutral submission stated support for the scheme amendment and broad support for the Policy amendments, subject to the following policy modifications:

- Remove the Policy objective to establish a clear framework for the assessment and determination of STRA.
- Remove the requirement for any variations to be assessed against the Policy objectives.
- Remove any definitions duplicated in the LPS Regulations or LPS3.
- Remove the proposed limitation of two guests per bedroom and the requirement for details of guests to be made available to the City.

A schedule of submissions is provided which includes verbatim comments received and the City responses to the matters raised (Attachment 6 refers).

COMMENT

Amendments to LPS3 and the *Short-term Accommodation Local Planning Policy* are required to align the City's local planning framework with STRA amendments to the deemed provisions of the LPS Regulations which came into effect on 18 September 2024.

The scheme amendment will replace the superseded 'bed and breakfast' and 'holiday house' land use definitions and permissibility in LPS3 with 'hosted short-term rental accommodation' and 'unhosted short-term rental accommodation' respectively.

Amendments to the *Short-term Accommodation Local Planning Policy* are proposed for consistency with the proposed concurrent scheme amendment and minor improvements to the operation of the Policy, including further modifications following public advertising in response to concerns regarding the potential detrimental amenity impact of STRA proposals on neighbouring properties, particularly within established residential areas.

It is therefore recommended that Council resolve to proceed with the proposed scheme amendment and modified *Short-term Accommodation Local Planning Policy*.

VOTING REQUIREMENTS

Simple Majority.

COMMITTEE RECOMMENDATION

The committee recommendation to Council for this Report (as detailed below) was resolved by the Policy Committee at its meeting held on 17 November 2025.

The committee recommendation is the same as recommended by City officers.

OFFICER'S RECOMMENDATION

That Council:

- 1 Pursuant to section 75 of the *Planning and Development Act 2005* and Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, SUPPORTS Scheme Amendment No. 20 to the City of Joondalup *Local Planning Scheme No. 3* as shown in Attachment 2;
- 2 AUTHORISES the Mayor and the Chief Executive Officer, in accordance with Section 9.49a of the *Local Government Act 1995*, to execute under Common Seal the amendment to the City of Joondalup *Local Planning Scheme No. 3*;
- 3 Pursuant to Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, FORWARDS Scheme Amendment No. 20 and Council's decision to the Western Australian Planning Commission for consideration;
- 4 In accordance with Clauses 3 and 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, PROCEEDS with the draft revised *Short-term Accommodation Local Planning Policy* provided as Attachment 5 to this Report and NOTES the policy will come into effect when published on the City's website.

ALTERNATE RECOMMENDATION

MOVED Cr Hutton, **SECONDED** Mayor Kingston that Council:

- 1** Pursuant to section 75 of the *Planning and Development Act 2005* and Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **SUPPORTS** Scheme Amendment No. 20 to the City of Joondalup *Local Planning Scheme No. 3* as shown in Attachment 2;
- 2** **AUTHORISES** the Mayor and the Chief Executive Officer, in accordance with Section 9.49a of the *Local Government Act 1995*, to execute under Common Seal the amendment to the City of Joondalup *Local Planning Scheme No. 3*;
- 3** Pursuant to Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **FORWARDS** Scheme Amendment No. 20 and Council's decision to the Western Australian Planning Commission for consideration;
- 4** In accordance with Clauses 3 and 4 of Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **PROCEEDS** with the draft revised *Short-term Accommodation Local Planning Policy* provided as Attachment 5 to this Report and **NOTES** the policy will come into effect when published on the City's website;
- 5** **REQUESTS** the Chief Executive Officer include options for differential rating for short-term rental accommodation in the 2026-27 Budget development process.

The Manager Strategic and Organisational Development left the Chamber at 8.59pm and returned at 9.02pm.

During debate it was requested that Part 5 be voted upon separately.

ALTERNATE RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ359-12/25)

MOVED Cr Hutton, SECONDED Mayor Kingston that Council:

- 1 Pursuant to section 75 of the *Planning and Development Act 2005* and Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, SUPPORTS Scheme Amendment No. 20 to the City of Joondalup *Local Planning Scheme No. 3* as shown in Attachment 2;**

13.2.5 PROPOSED AMENDMENT TO LOCAL PLANNING SCHEME NO. 3 - LOT 55 (15) DELAGE STREET, JOONDALUP - CONSIDERATION FOLLOWING ADVERTISING (WARD - NORTH)

WARD	North
RESPONSIBLE DIRECTOR	Mr Chris Leigh Director Planning and Community Development
FILE NUMBER	16996, 101515, 112192
AUTHORITY / DISCRETION	Legislative - includes the adoption of local laws, planning schemes and policies.

PURPOSE

For Council to consider a proposed amendment to *Local Planning Scheme No. 3* to permit the additional land uses 'Warehouse/Storage' and 'Bulky Goods Showroom' at Lot 55 (15) Delage Street, Joondalup, following public advertising.

EXECUTIVE SUMMARY

The City has received an application for an amendment to *Local Planning Scheme No. 3* (LPS3), on behalf of the owners of Lot 55 (15) Delage Street, Joondalup.

The site is zoned 'Centre' under LPS3 and is located within the City Centre Precinct of the *Joondalup Activity Centre Plan* (JACP). The City Centre Precinct functions as the core of the Joondalup Activity Centre with a key objective to encourage the highest intensity of mixed-use development and the greatest concentration of employment intensive land uses.

The amendment to LPS3 proposes to allow the land uses 'Warehouse/Storage' and 'Bulky Goods Showroom' on Lot 55 (15) Delage Street, Joondalup. These land uses are currently designated 'X' (not permitted) within the City Centre Precinct. It is also proposed that the minimum 13.5 metre building height (notionally four storeys) required under the JACP would not apply to development of the 'Warehouse/Storage' and 'Bulky Goods Showroom' land uses on the subject site.

The subject site is currently vacant and is located within the Winton Road business park portion of the City Centre Precinct, which is characterised currently by a range of light industry and service commercial land uses. The proposed permitting of 'Warehouse/Storage' and 'Bulky Goods Showroom' land uses on the subject site is consistent with this existing surrounding development.

At its meeting held on 27 May 2025 (CJ127-05/25 refers), Council resolved to initiate and advertise the proposed scheme amendment for public comment. The proposal was subsequently advertised for 42 days, closing on 18 September 2025.

A total of six submissions were received, comprising four submissions in support and two neutral responses. Three responses from external service agencies were also received which stated either no objection or provided comments relating to future development of the site. It is not considered that any comments received during advertising necessitate any modifications to the proposed scheme amendment.

It is therefore recommended that Council SUPPORTS the proposed amendment to LPS3 and forwards it to the Western Australian Planning Commission for consideration.

BACKGROUND

Suburb/Location	Lot 55 (15) Delage Street, Joondalup.
Applicant	Dynamic Planning and Developments.
Owner	Apache Investments Australia Pty Ltd.
Zoning	LPS Centre.
	MRS Urban.
Site area	3,768m ² .
Structure plan	Joondalup Activity Centre Plan.

Lot 55 (15) Delage Street, Joondalup, is bounded by Delage Street to the north and various light industry and service commercial land uses to the east, south and west (Attachment 1 refers). The land is vacant and although development approval was issued in 2013 for a two-storey showroom and warehouse, the site has never been developed.

The site is zoned 'Centre' under LPS3 and is subject to the JACP, which was adopted by Council at its meeting held on 27 June 2017 and approved by the WAPC on 23 October 2018. The JACP establishes the strategic direction for the Joondalup Activity Centre and provides development provisions for distinct precincts.

The site is located within the City Centre Precinct of the JACP, which is the core of the Joondalup Activity Centre and is intended to function as the key transport and employment hub with a focus on facilitating high-density, mixed-use development. The City Centre Precinct is separated by Joondalup Drive, with the subject site to the west of Joondalup Drive within the Winton Road business park.

The existing built form within the Winton Road business park consists predominantly of concrete tilt-up panel buildings accommodating land uses such as bulky goods showrooms, warehouses, motor vehicle repairs and trade displays. The long-term vision for the City Centre Precinct within the Winton Road business park is a transition to mixed-use development, with the existing land uses to only remain in the Joondalup West Precinct (Attachment 2 refers).

Land use permissibility

Land use permissibility within the JACP is regulated by Table 3b – Joondalup Activity Centre Zoning Table of LPS3. Within the City Centre Precinct, 'Warehouse/Storage' and 'Bulky Goods Showroom' are identified in Table 3b of LPS3 as 'X' land uses, meaning these uses are not permitted. Existing 'Warehouse/Storage' and 'Bulky Goods Showroom' businesses can continue to operate in accordance with the non-conforming use rights afforded under LPS3.

Consultation

At its meeting held on 27 May 2025 (CJ127-05/25 refers), Council resolved to proceed advertise the proposed scheme amendment to LPS3 for 42 days.

DETAILS

Proposed amendment to Local Planning Scheme No. 3

The proposed scheme amendment would allow the land uses 'Warehouse/Storage' and 'Bulky Goods Showroom' to occur on Lot 55 (15) Delage Street, Joondalup, subject to development approval being issued for the built form component. These land uses are currently 'X' (not permitted). The scheme amendment also proposes to remove the minimum 13.5 metre building height requirement for the built form development associated with these land uses.

'Warehouse/Storage' land uses generally comprise large indoor or outdoor storage facilities which may include display or sale by wholesale of goods. 'Bulky Goods Showroom' land uses are used to sell retail goods and accessories of a bulky nature, for example automotive parts, household appliances and camping supplies.

Applicant justification

The applicant has submitted justification to support the proposal (Attachment 3 refers) summarised as follows:

- The proposed additional uses are consistent with the existing surrounding light industry and service commercial businesses in the Winton Road business park and would be capable of approval on the north side of Delage Street (Joondalup West Precinct).
- The proposed additional uses, despite not comprising mixed-use development, would facilitate employment and activation at the vacant site in accordance with the only applicable objective of the City Centre Precinct.
- The future development would be capable of achieving the relevant development provisions of the JACP excluding the minimum 13.5 metre building height requirement, which is proposed to be waived as a condition of the additional uses being permitted.
- Examples of 'Warehouse/Storage' development have been provided at Lot 10 (88) Roberts Street, Osborne Park and Lot 11 (65) Edward Street, Osborne Park, which are located within a similar light industrial area. These examples were able to incorporate an incidental office component and provide an active and attractive streetscape.

Assessment of this justification has been incorporated into the issues and options considered below.

Issues and options considered

Land use considerations and development standards

City Centre Precinct objectives assessment

The primary objective of the JACP City Centre Precinct is as follows:

- a) *Encourage the highest intensity of mixed-use development and the greatest concentration of employment intensive land uses.*

The JACP zoning table identifies 'Warehouse/Storage' and 'Bulky Goods Showroom' as 'X' uses within the City Centre Precinct as these land uses typically comprise large floorspace buildings with a low number of employees. Due to the nature of goods sold, these land uses encourage a high car dependence and associated parking requirement.

The applicant has provided warehouse and office development examples in Osborne Park to demonstrate that a high-quality built form to the streetscape can be achieved. The City would have the opportunity to assess future development of the lot through a development application for works on-site, including referral to the City’s Joondalup Design Review Panel if required. This would support the City in encouraging high-quality built form for the site, however this cannot be guaranteed, and no elements of the scheme amendment are proposed that ensure future built form is developed to a high standard.

Compatibility with the surrounding area

The proposed additional land uses of ‘Warehouse/Storage’ and ‘Bulky Goods Showroom’ on the subject site are consistent with the existing light industry and service commercial land uses within the Winton Road business park, which is yet to see any transition to high intensity mixed-use development contemplated by the JACP. Since adoption of the JACP, one mixed-use development within the City Centre Precinct of the Winton Road business park has been approved at Lot 45 (8) Elcar Lane, Joondalup, however development has not commenced at this point.

It is acknowledged that the subject site is currently the only vacant site in the area, and therefore it could be argued that allowing the additional land uses on the site will not set any precedent for similar requests from surrounding properties. However, it is also considered that support of additional use and built form controls over a single site may set a precedent and possibly lead to similar requests to entrench the ‘Warehouse/Storage’ and ‘Bulky Goods Showroom’ land uses and remove minimum building height requirements on individual sites. Council is required to balance these considerations in its decision whether to support the proposed amendment.

Development standards

There is no development proposed directly through the scheme amendment and the City has not received any recent development applications for the subject site. Future proposals would be subject to the requirements of LPS3 and the JACP (the general development standards and City Centre Precinct specific development standards). The table below provides a summary of the key development standards that would apply to future development.

Development standard	Comment
Building height: Minimum height* = 13.5 metres Maximum building height = 45 metres	A condition associated with the additional uses proposes that no minimum building height requirement would apply to development of ‘Warehouse/Storage’ and ‘Bulky Goods Showroom’ land uses. Development of all other land uses would be assessed against the 13.5 metre minimum building height requirement.
Street setback: Nil setback at ground level for 75% of the building frontage with a maximum 3 metre setback.	This is achievable, however there are minimal examples of this being achieved within the Winton Road business park and may be difficult to achieve without basement car parking.

Development standard	Comment
<p>Street interface (semi-active frontage):</p> <ul style="list-style-type: none"> • Continuous pedestrian shelter of 2.5 metres minimum width and a minimum 3 metres and maximum 4 metres height clearance above the footpath shall be provided to a minimum of 50% of street frontage. • Primary building entrances shall be visible from the public realm and provide pedestrian shelter and be accessed directly from the primary frontage. • Glazing shall be provided, be visible from the public realm and at ground floor to a minimum of 50% of the area of any street frontage. • There shall be no fencing to any public road or public space. • There shall be no on-site parking adjacent to any public road. 	<p>These standards are achievable, however there are minimal examples of this being achieved within the Winton Road business park.</p>
<p>Non-residential parking: 1 bay per 75 square metres of net lettable area.</p>	<p>This is achievable dependent on the future development proposed.</p>
<p>R-Coding: R-AC-0</p>	<p>No residential component is proposed based on the additional uses proposed, however multiple dwellings are a permitted use at the subject site.</p>

The applicant has noted in their supporting justification that the development standards of the JACP can all be achieved excluding the minimum building height requirement, which would likely result in future development being approximately two storeys consistent with existing development in the Winton Road business park.

Joondalup Activity Centre Plan review

The JACP is due to expire on 23 October 2028, with a review of the structure plan intended to be completed before this date. This review will identify if any modifications are required to the scope and development provisions of the JACP precincts to facilitate intended future development within the structure plan area. Land use permissibility and built form outcomes will also be considered through the overall review process for a consistent planning approach within the Joondalup Activity Centre.

Options

The options available to Council in considering the proposed scheme amendment are to:

- support the amendment to the local planning scheme without modification
- support the amendment to the local planning scheme with modifications
or
- not support the amendment to the local planning scheme.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Planning Scheme No. 3.*
Planning and Development (Local Planning Schemes) Regulations
2015.
Planning and Development Act 2005.

10-Year Strategic Community Plan

Key theme 3. Place.

Outcome 3-2 Well-planned and adaptable - you enjoy well-designed, quality buildings and have access to diverse housing options in your neighbourhood.

Policy Not applicable.

Planning and Development Act 2005 and Planning and Development (Local Planning Schemes) Regulations 2015

Part 5 of the *Planning and Development Act 2005* in conjunction with the *Planning and Development (Local Planning Schemes) Regulations 2015* (LPS Regulations) enables a local government to prepare or amend a local planning scheme and sets out the process to be followed.

Under the LPS Regulations, scheme amendments are classified as being basic, standard or complex amendments. In resolving to proceed with an amendment, Council needs to specify the amendment type and explain the reason for that classification. The proposed amendment is considered to be a standard amendment as it is not a basic or complex amendment and would have minimal impact on land in the broader scheme area.

At its meeting held on 27 May 2025 (CJ127-05/25 refers), Council resolved to advertise the proposed scheme amendment for 42 days. The amendment was referred to the Environmental Protection Authority, who advised that referral of the proposal was not required in accordance with clause 33(2)(d) of the *Environmental Protection Amendment Regulations 2024* and therefore was not assessed.

Upon closure of the advertising period, Council is required to consider all submissions received and to either support the amendment, with or without modifications, or not support the amendment. The decision is then forwarded to the WAPC, which makes a recommendation to the Minister for Planning. The Minister can either grant final approval to the amendment, with or without modifications, or refuse the amendment.

Local Planning Scheme No. 3 and Joondalup Activity Centre Plan

The JACP is the relevant planning instrument for regulating development within the Joondalup Activity Centre. The JACP is a 'due regard' document, meaning that decision makers for development within the activity centre plan area are not bound by the JACP, however are obliged to adhere to the JACP provisions and objectives in determining subdivision and development proposals unless there is a valid reason for these to be varied.

The JACP refers to land use permissibility within the Joondalup Activity Centre as being in accordance with LPS3 Table 3b – Joondalup Activity Centre Zoning Table. Unlike an activity centre plan, the provisions of LPS3 are not due regard and must be adhered to by decision makers in considering whether a land use is capable of approval, noting that the proposed additional uses are not permitted due to being specified as 'X' uses in Table 3b.

In considering whether to support the scheme amendment application, Council is required to have due regard to the overall vision of the JACP and the relevant objectives of the City Centre Precinct. However, it is open to Council to consider the merits of the proposal and depart from the JACP if there is considered good reason to do so and with consideration of submissions received during advertising.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	ATTRACTION	FINANCIAL
Risk Event Description	Ineffective / improper decision making	Lack of desirability as a place to visit live, work, invest and do business	Lack of financial sustainability
Risk Responsibility	Director Governance and Strategy	Director Planning and Community Development	Director Corporate Services
Residual Risk	High	Medium	
Control Effectiveness	Strong	Strong	
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	Medium risk is acceptable without variation to existing control activities.	
Risk Control	The relevant control, to mitigate risk, is the provision of a report outlining land use changes, the impact of changes to current City plans and the outcome of public comment on the proposed changes.		

Other risk information

If Council resolves to support the scheme amendment and it is ultimately approved by the Minister for Planning, there is a risk that a precedent may be set for future similar requests associated with the redevelopment of sites within the City Centre Precinct.

Financial / budget implications

The applicant has paid fees of \$6,549.24 (including GST) to cover the costs associated with the assessment of the scheme amendment. The applicant has also paid a separate fee of \$792 to cover the advertising signage cost associated with the proposal.

Regional significance

Not applicable.

Sustainability implications

Not applicable.

Consultation

The amendment was advertised for a period of 42 days, from 7 August 2025 to 18 September 2025, by way of the following:

- Letters to adjoining and nearby landowners.
- A sign on site.
- An email to the community engagement network.
- A notice published in the local newspaper.
- A notice on the City's social media platforms.
- A notice and documents placed on the City's website.

A total of six submissions were received, comprising four submissions in support and two neutral responses.

The main comments of support were as follows:

- The amendment would facilitate successful sale of the land.
- The proposal would allow for the construction of buildings which would positively contribute to Delage Street and the broader Winton Road business park.
- The amendment would encourage development consistent with existing surrounding land uses.

The main neutral comments were as follows:

- No objection to the proposal overall.
- Concern regarding the requirement for a scheme amendment to facilitate potential development of the site.

Three responses from external service agencies were also received which stated either no objection or provided comments relating to future development of the site.

A schedule of submissions and service agency responses is provided which includes verbatim comments received and City responses to the matters raised (Attachment 4 refers).

COMMENT

It is not considered that any comments received during advertising necessitate any modifications to the proposal and it is therefore recommended that Council proceeds with the proposed scheme amendment.

VOTING REQUIREMENTS

Simple Majority.

COMMITTEE RECOMMENDATION

The committee recommendation to Council for this Report (as detailed below) was resolved by the Policy Committee at its meeting held on 17 November 2025.

The committee recommendation is the same as recommended by City officers.

COMMITTEE RECOMMENDATION / COUNCIL RESOLUTION

(Resolution No: CJ360-12/25)

MOVED Cr Vinciullo, **SECONDED** Cr O'Neill that Council:

- 1 Pursuant to section 75 of the *Planning and Development Act 2005* and Part 5 of the *Planning and Development (Local Planning Schemes) Regulations 2015*, **SUPPORTS** Scheme Amendment No. 21 to the City of Joondalup *Local Planning Scheme No. 3* to insert additional use No. 7 in Table 4a 'Specified additional uses for zoned land within Joondalup Activity Centre':

No.	Description of land	Additional use	Condition
7	Lot 55 (15) Delage Street, Joondalup	Warehouse/Storage – 'P' Bulky Goods Showroom – 'P'	Development of the Warehouse/Storage and Bulky Goods Showroom land uses will not be subject to minimum building height requirements.

- 2 **AUTHORISES** the Mayor and the Chief Executive Officer, in accordance with Section 9.49a of the *Local Government Act 1995*, to execute under Common Seal the amendment to the City of Joondalup *Local Planning Scheme No. 3*;
- 3 Pursuant to Part 5 of the *Planning and Development (Local Planning Schemes) Regulations*, **FORWARDS** Scheme Amendment No. 21 and Council's decision to the Western Australian Planning Commission for consideration.

The Motion was Put and **CARRIED** (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

13.3 MAJOR PROJECTS AND FINANCE COMMITTEE - 24 NOVEMBER 2025

13.3.1 JOONDALUP PERFORMING ARTS CENTRE - UPDATE (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr. Mat Humfrey Director Corporate Services
FILE NUMBER	75577, 101515
AUTHORITY / DISCRETION	Executive - The substantial direction setting and oversight role of Council, such as adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

PURPOSE

To update Council on the progress of the Joondalup Performing Arts Centre (JPAC) project.

EXECUTIVE SUMMARY

The City has been progressing early planning for a potential performing arts facility in the Joondalup City Centre. A consultant architect was engaged to lead a scoping phase focused on identifying opportunities and constraints for the Boas Place site. This phase involves collaboration with internal stakeholders to establish a shared vision, assess spatial and functional requirements, and evaluate site conditions, environmental factors, and regulatory considerations. The outcome will be a refined project brief and conceptual layouts that align with Council's strategic objectives and community expectations.

Initial ideas will be presented to the Major Projects and Finance Committee by Ashton Raggatt McDougall Pty Ltd (ARM Architecture), providing elected members with an opportunity to engage with the emerging direction. The next phase would build on the scoping work by developing a high-level precinct framework. This framework will guide future planning and design, explore siting options, evaluate facility models, and incorporate technical studies such as traffic analysis and indicative massing. It will also include visual material and staging considerations to support strategic decision-making.

To support the advancement of the project, the City submitted a grant application to the Australian Government's *Urban Precincts and Partnerships Program*. If successful, the funding will enable detailed planning, feasibility studies, and community consultation, forming a critical step toward developing a business case for a vibrant and functional cultural facility within the Joondalup City Centre.

It is therefore recommended that Council:

- 1 *NOTES the Joondalup Performing Arts Centre – Update Report;*
- 2 *SUPPORTS the continued investigation into options for the delivery of a performing arts centre in the Joondalup City Centre, as detailed in this report;*
- 3 *NOTES further updates on the Joondalup Performing Arts Centre will be presented to a future meeting of the Major Projects and Finance Committee;*
- 4 *LISTS for consideration as part of the 2025-26 mid year review process an amount of \$75,360 to cover costs associated with progressing planning and design for the Joondalup Performing Arts Centre project, as detailed in this report.*

BACKGROUND

At its meeting held on 19 May 2020 (CJ066-05/20 refers), Council considered a recommendation from the Major Projects and Finance Committee from its meeting held on 4 May 2020 (Item 3 refers) and resolved as follows:

- “1 *DEFERS progressing the Joondalup Performing Arts and Cultural Facility project until the 2023-24 financial year;*
- 2 *NOTES that a further report will be presented to the Major Projects and Finance Committee prior to recommencing work on the project”.*

At its meeting held on 14 August 2023, the Major Projects and Finance Committee considered a report (Item 8.3 refers) on progression options for the project. At its meeting held on 28 November 2023 (CJ243-11/23 refers), considered this report and resolved as follows:

- “1 *INSTRUCTS the Chief Executive Officer to recommence a project to investigate options for a dedicated facility for performing arts and cultural events and activities within the Joondalup City Centre;*
- 2 *NOTES that a further report will be presented to the Major Projects and Finance Committee outlining options to progress the project”.*

Project Philosophy and Parameters for the Joondalup Performing Arts Centre were subsequently prepared and were endorsed by Council at its meeting on 23 April 2024 (CJ091-04/24 refers), resolving the following:

- “1 *ENDORSES the Joondalup Performing Arts Centre Project Philosophy and Parameters as detailed in Attachment 1 to this Report, to articulate the intent and purpose of Council progressing the project;*
- 2 *NOTES that status reports will be presented to the Major Projects and Finance Committee.”*

At its meeting on 17 March 2025, the Major Projects and Finance Committee supported continued investigation into ‘Boas Place’ as the preferred location for the JPAC and noted that initial concept designs would be presented at a future meeting (Item 8.4 refers).

DETAILS

Since the consideration of a report by the Major Projects and Finance Committee at its meeting held on 17 March 2025 (Item 8.4 refers), the City engaged ARM Architecture to lead a scoping phase, aimed at identifying opportunities for the development of a facility at Boas Place. The City also prepared a grant application to assist with future design and planning costs associated with the project.

Project scoping

The City engaged with the ARM Architecture and key internal stakeholders to set expectations, possibilities, and constraints, and establish a shared vision for the scoping phase. This work will be undertaken over a number of weeks and will result in the preparation of a preliminary schedule of functional areas to identify spatial requirements and relationships for a facility in the Boas Place locality. The work will assess site conditions and constraints, and test conceptual layouts against site parameters. The work will evaluate environmental, access, and regulatory considerations, and identify potential challenges and mitigation strategies.

This phase will deliver a refined project brief, a shared understanding of opportunities and constraints, and a foundation for conceptual design work. It will provide an opportunity to present initial thoughts to Elected Members, ensuring the project direction remains aligned with Council's endorsed strategic objectives. This phase is essential for confirming that the project meets community expectations and delivers a facility that will serve as a foundation of the City's cultural future.

Initial ideas will be discussed at this Major Projects and Finance Committee meeting in a presentation by ARM Architecture.

Subject to future budget considerations the second phase of the project scoping exercise would build on the initial scoping work by developing a high-level precinct framework to guide future planning and design. This framework will establish a strategic arrangement for the precinct, explore siting options, and evaluate facility models to ensure functionality and flexibility. It will also draw on project benchmarks and precedents to inform best practice and incorporate indicative program layouts, block and stack diagrams, and staging considerations where required. Further technical work will include site traffic and loading analysis, as well as indicative massing studies supported by visual material.

Project funding

To support the advancement of the JPAC project, in October 2025 the City submitted an application to the Australian Government's *Urban Precincts and Partnerships Program – Stream One: Precinct Development and Planning* funding opportunity. This funding request formed a key component of a broader initiative to progress an integrated City Centre Plan, which aims to guide future investment and sustainable growth within the Joondalup City Centre.

If successful, the funding could be used to undertake detailed planning and design, feasibility work, and community consultation to progress the project and develop a business case to inform future investment decisions. Progressing the project remains subject to Council approvals, and future updates will be provided on the outcome of the funding application.

Issues and options considered

Council may choose to:

- note the update report and support the continued investigation into options for the delivery of a performing arts centre in the Joondalup City Centre (as recommended)
- note the update report and request an alternative approach to progressing the project (not recommended).
and/or
- decide not to progress the project at this time (not recommended).

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Government Act 1995.*

10-Year Strategic Community Plan

Key theme 1.Community.

Outcome 1-4 Artistic and creative - you celebrate, support and participate in art and events in your local area.

Key theme 3. Place.

Outcome 3-2 Well-planned and adaptable - you enjoy well-designed, quality buildings and have access to diverse housing options in your neighbourhood.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	ATTRACTION
Risk Event Description	Ineffective / improper decision making	Lack of desirability as a place to visit live, work, invest and do business
Risk Responsibility	Director Governance and Strategy	Director Planning and Community Development
Residual Risk	High	Medium
Control Effectiveness	Strong	Strong
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	Medium risk is acceptable without variation to existing control activities.
Risk Control	The relevant control, to mitigate risk, is the provision of a report providing a progress update for a major project that contributes to strategic objectives.	

Financial / budget implications

All amounts quoted in this report are exclusive of GST.

Current financial year impact

Account no.	1-220-A2201-3073
Budget Item	Performing Arts Centre
Budget amount	\$ 40,000
Amount spent to date	\$ Nil
Proposed cost	\$ 18,720
Balance	\$ 21,280

The City has currently budgeted for the initial scoping phase but has not yet budgeted for the next phase to deliver further planning and concept designs as described in this report. These costs, estimated at \$75,360, will be required to be allocated in the 2025-26 mid-year budget review.

The business case will detail the estimated annual operating income and expenditure and capital replacement costs for the facility.

All amounts quoted in this report are exclusive of GST.

Regional significance

It is envisaged that the construction of a performing arts centre will enhance Joondalup as the major commercial, educational, recreational and arts and cultural centre for the northern corridor of the Perth metropolitan area.

Sustainability implications

Sustainability implications including matters of social, economic, and environmental sustainability will be considered and incorporated into the business case for the facility.

Consultation

Commencing with a comprehensive youth, audience, venue and performing art organisations survey in 2001, the City has consulted widely on the idea of developing a performing arts centre for the City over several years. Further community and stakeholder engagement should be undertaken during the preparation of a new business case for the project. Steps will include identification of, and ongoing liaison with, strategic user groups and gaining an understanding of the requirements of individual user groups and will possibly include the creation of a dedicated steering committee for the project.

COMMENT

The JPAC project represents a significant strategic initiative for the City of Joondalup. It is identified as a key project within the City's Corporate Business Plan, reflecting its importance in delivering long-term cultural, social, and economic benefits to the community.

The project's intent is to create a business case for a dedicated facility for performing arts and cultural events and related activities within the Joondalup City Centre. Such a facility has the potential to become a landmark piece of cultural infrastructure, enhancing the City's reputation as a vibrant, connected, and creative hub.

To date, the City has undertaken several steps to progress the project, including the following:

- Development and endorsement of the Project Philosophy and Parameters to articulate the vision and purpose.
- Completion of a Site Options Analysis to identify the most suitable location.
- Major Projects and Finance Committee noting further investigations into 'Boas Place' as the preferred site for JPAC.

The current and future work on the project will collectively shape a cohesive vision for an integrated and thriving cultural precinct that positions the JPAC as a landmark facility within the City Centre.

VOTING REQUIREMENTS

Simple Majority.

COMMITTEE RECOMMENDATION

The committee recommendation to Council for this Report (as detailed below) was resolved by the Major Projects and Finance Committee at its meeting held on 24 November 2025. The committee recommendation is the same as recommended by City officers.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ361-12/25)

MOVED Cr Vinciullo, SECONDED Cr O'Neill that Council:

- 1 NOTES the Joondalup Performing Arts Centre – Update Report;**
- 2 SUPPORTS the continued investigation into options for the delivery of a performing arts centre in the Joondalup City Centre, as detailed in this report;**
- 3 NOTES further updates on the Joondalup Performing Arts Centre will be presented to a future meeting of the Major Projects and Finance Committee;**
- 4 LISTS for consideration as part of the 2025-26 mid year review process an amount of \$75,360 to cover costs associated with progressing planning and design for the Joondalup Performing Arts Centre project, as detailed in this report.**

The Motion was Put and CARRIED (11/0) by Exception Resolution after consideration of Item 13.4.1.

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

PURPOSE

For Council to consider and accept the *2024-25 Annual Financial Report* and Independent Auditor's Report.

EXECUTIVE SUMMARY

In accordance with Section 6.4 of the *Local Government Act 1995*, the *2024-25 Annual Financial Report* has been prepared and, together with the City's accounts, was submitted to the Office of the Auditor General of Western Australia (OAG) to conduct the annual financial audit.

The OAG has completed its audit, in accordance with the terms of their engagement and the requirements of Part 7 Division 3 of the *Local Government Act 1995* and the Independent Auditor's Report has been issued. The *Annual Financial Report* will form part of the City's 2024-25 Annual Report.

It is therefore recommended that Council:

- 1 *BY AN ABSOLUTE MAJORITY, ACCEPTS the Annual Financial Report of the City of Joondalup for the financial year 2024-25, forming Attachment 1 to this Report;*
- 2 *BY AN ABSOLUTE MAJORITY, ACCEPTS the Independent Auditor's Report for the financial year 2024-25, forming Attachment 2 to this Report;*
- 3 *NOTES the Auditor's Management Letter in respect of the financial audit for the year ended 30 June 2025, forming Attachment 3 to this Report;*
- 4 *NOTES the Auditor's Management Letter in respect of the information systems audit for the year ended 30 June 2025, forming Attachment 4 to this Report;*
- 5 *NOTES the Auditor's Management Letter in respect of the interim financial audit for the year ended 30 June 2025, forming Attachment 5 to this Report;*
- 6 *NOTES the Audit Exit Report in respect of the financial audit for the year ended 30 June 2025, forming Attachment 6 to this Report.*

BACKGROUND

Section 6.4 of the *Local Government Act 1995* requires local governments to prepare an Annual Financial Report and to submit both the report and its accounts to its auditor by 30 September each year. The City of Joondalup has met those requirements and the City's auditor, the OAG, has now completed its audit of the accounts and the *2024-25 Annual Financial Report*.

The OAG undertook its audit in two stages. The interim audit was undertaken before end of the financial year and an interim management letter was issued (Attachment 5 refers), while the final audit commenced late September 2024. Following the completion of the final audit, the OAG issued a management letter which incorporated responses from management on the items noted (Attachment 3 refers).

The *2024-25 Annual Financial Report* is included as Attachment 1 to this Report.

DETAILS

The preparation and submission of the Annual Financial Report to the auditors for audit are statutory requirements under the *Local Government Act 1995*.

The Annual Financial Report is required to be accepted by Council prior to the holding of the Annual General Meeting of Electors, at which the City's Annual Report containing the Annual Financial Report will be considered.

Issues and options considered

Outcome of the Financial Audit

The financial audit has been completed with an unqualified audit report issued (Attachment 2 refers). The audit report contains emphasis of matter with respect to restatement of comparative figures for 2023-24 financial year on account of accounting treatment for implementation cost of Enterprise Resource Planning (ERP) system, such as Project Axiom as detailed in Note 26 of the Financial Report.

The OAG has issued a final management letter in respect of the financial audit (Attachment 3 refers). An interim management letter was also issued following completion of the interim financial audit (Attachment 5 refers). The OAG has also issued a final management letter in respect of the information systems audit (Attachment 4 refers).

End of Financial Year Position

The City has finished the financial year with a Rate Setting Statement deficit of \$194,531 which was lower than the estimated deficit. An anticipated end of year deficit as at 30 June 2025 of \$408,498 was used as the opening balance in the *2025-26 Annual Budget*.

When comparing the actual end of year results to the estimate shown in the *2025 -26 Annual Budget*, in summary terms the variance comprises:

Description	Sub Total	Total
Increased Operating Cash Surplus	\$ 3,898,844	
Reduced Capital Revenue	(\$ 587,364)	
Reduced Capital Expenditure	\$5,213,302	\$8,649,739
Increased Equity Investment movement		\$413,014
Reduced Net Funding		(\$ 8,848,787)
Net Variance		\$213,967

The increased cash operating surplus relative to forecast is driven primarily by a \$3,975,947 advance of the City's 2025-26 Federal Assistance Grants allocation. Lower materials and contracts expenditure \$1,575,219 was fully offset by higher employee cost of \$1,573,865.

The higher employee costs were caused due to outcome of the inside staff enterprise bargaining agreement arbitration process as higher pay rates were awarded compared to what was paid administratively by the City while the negotiations were underway.

Lower materials and contracts costs were primarily due to lower than forecast expenditure on Waste Management Services \$346,381, Professional Fees and Consultancy \$411,361, External Service Expenses \$306,521, Public Relations and Advertising costs \$157,709.

Reduced capital expenditure pertains mainly to capital works projects that progressed to a lesser extent than anticipated by 30 June 2025, including projects that received grant funds which were not fully expended by year end. These are progressing into the following financial year. Municipal and reserve funding unspent on these projects has been carried forward or retained in reserves, respectively.

Management Letter – Financial Audit

The financial audit management letter (Attachment 3 refers) contained no significant findings, two moderate findings and one minor finding. The matters raised as well as the management responses are detailed in Attachment 3 to this Report.

Management Letter – Information Systems Audit

The scope of financial audit also covered audit of key information systems controls. The information systems audit management letter (Attachment 4 refers) contained no significant findings, four moderate findings and one minor finding. The matters raised as well as the management responses are detailed in Attachment 4 to this Report.

Consultation

There is no legislative requirement to consult on the preparation of the Annual Financial Report, although the *Local Government Act 1995* requires the local government to hold an Annual General Meeting of Electors and the City's Annual Report, incorporating the Annual Financial Report is to be made available publicly.

COMMENT

The *Annual Financial Report for 2024-25* reflects the City's financial performance and position for the year ended 30 June 2025.

The Annual Financial Report will be made available on the City's public website as part of the City's Annual Report. A limited number of printed, bound colour copies of the Annual Report, including the Annual Financial Report, will be available for viewing at libraries, leisure centres and the customer service centre.

VOTING REQUIREMENTS

Absolute Majority.

COMMITTEE RECOMMENDATION

The committee recommendation to Council for this Report (as detailed below) was resolved by the Special Audit and Risk Committee at its meeting held on 24 November 2025. The committee recommendation is the same as recommended by City officers.

COMMITTEE RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ362-12/25)

14 REPORTS OF THE CHIEF EXECUTIVE OFFICER

14.1 EXTRAORDINARY ELECTION - NORTH-CENTRAL WARD (WARD - NORTH-CENTRAL)

WARD	North-Central
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	112536
AUTHORITY / DISCRETION	Legislative - includes the adoption of local laws, planning schemes and policies.

PURPOSE

For Council to appoint the Western Australian Electoral Commissioner (WAEC) to conduct an extraordinary election, following the resignation of Councillor Nige Jones, and to consider the method of that election.

EXECUTIVE SUMMARY

On 26 November 2025 Councillor Nige Jones provided the Chief Executive Officer with written notice of his resignation as a Councillor for the North-Central ward, to take effect from 22 February 2026.

Clause 2(1) of Schedule 4.1A of the *Local Government Act 1995* sets out the conditions for filling an extraordinary vacancy by backfilling under that schedule. This includes clause 2(1)(c) which specifies that "*the office becomes vacant on a day (the vacancy day) that is within the period of 12 months beginning on the day on which the former member's term began*".

As Councillor Jones was elected during the 2023 ordinary local government election, the vacancy therefore arises more than 12 months after the member's term began and cannot be backfilled using the provisions in Schedule 4.1A.

An extraordinary election must therefore be held to fill the vacancy in the North-Central ward.

Local government elections must be conducted in accordance with the *Local Government Act 1995* (the Act) and associated Regulations, and Council may choose the method of election it wishes to use being either a postal voting method or in-person method.

If choosing the postal voting method, then the Electoral Commissioner must be responsible for the conduct of the election.

The procedure required by the Act is that written agreement (from the Electoral Commissioner) is required before Council can take a vote. On 3 December 2025, the Chief Executive Officer received a letter from the Electoral Commissioner agreeing to be responsible for the conduct of an extraordinary election, on a date to be determined by the Council (Attachment 1 refers).

It is therefore recommended that Council:

- 1 *NOTES the WA Electoral Commissioner has agreed in writing to be responsible for the City of Joondalup Extraordinary Election for the North-Central ward;*
- 2 *DECLARES, in accordance with section 4.20(4) of the Local Government Act 1995, the Electoral Commissioner to be responsible for the conduct of the 2026 extraordinary election, together with any other elections or polls which may be required;*
- 3 *DECIDES, in accordance with section 4.61(2) of the Local Government Act 1995 that the method of conducting the election will be as a postal election;*
- 4 *DECIDES, in accordance with section 4.9(1)(b) of the Local Government Act 1995, the date for the Extraordinary Election for North-Central Ward, to be Thursday 26 March 2026.*

BACKGROUND

On 26 November 2025 Councillor Nige Jones provided the Chief Executive Officer with written notice of his resignation as a Councillor for the North-Central ward, to take effect from 22 February 2026.

On receipt of a resignation, the Chief Executive Officer must notify the Director General of the Department of Local Government (section 2.32(2) of the Act). The Director General was notified via email on 28 November 2025.

Clause 2(1) of Schedule 4.1A of the *Local Government Act 1995* sets out the conditions for filling an extraordinary vacancy by backfilling under that schedule. This includes clause 2(1)(c) which specifies that “*the office becomes vacant on a day (the vacancy day) that is within the period of 12 months beginning on the day on which the former member’s term began*”.

As Councillor Jones was elected during the 2023 ordinary local government election, the vacancy therefore arises more than 12 months after the member’s term began and cannot be backfilled using the provisions in Schedule 4.1A.

An extraordinary election must therefore be held to fill the vacancy in the North-Central ward.

The election day for the extraordinary election is required to be a day that allows enough time for the electoral requirements to be complied with and cannot be more than 4 months after the vacancy occurs, unless the Electoral Commissioner approves a later date (s.4.9(2)). The vacancy occurs when the CEO receives the notice of resignation even if the resignation takes effect on a later day (s.4.10(a)).

Advice has been received from the WAEC that should the WAEC be appointed as responsible for the conduct of the Extraordinary Election, that the preferred date for the election is Thursday 26 March 2026, coinciding with other extraordinary elections on the same date.

DETAILS

The Act gives a local government the option of voting in-person or via a postal election. A local government election shall be a voting-in-person election unless the local government decides (by absolute majority) to conduct the election as a postal election.

The decision to conduct the election as a postal election must be made at least 80 days before election day and can only be made after or in conjunction with a declaration that the Electoral Commissioner is to be responsible for the election.

The WAEC have indicated that the preferred date for the Extraordinary Election is Thursday 26 March 2026. Meaning the decision to appoint the WAEC and conduct the election as a postal election must be made by Monday 5 January 2026.

The options for Council are as follows (Council must first decide on the method by which an election is to be held as other available options are determined by the method of the election):

1 Voting in-person election

For an in-person election the Chief Executive Officer is to be the returning officer, unless other arrangements are made.

Council may, having first obtained the permission of the person concerned and the written approval of the WA Electoral Commissioner, appoint a person other than the Chief Executive Officer to be the returning officer for an election or for all elections held while the appointment of that person subsists (such an appointment is to be made at least 80 days before an election and cannot be rescinded after 80 days before election day). That is, the decision to hold a voting in-person election must be made by 5 January 2026.

There are a number of matters that need to be considered with regard to conducting an in-person election, these are as follows:

- The City does not have the in-house expertise or capacity to conduct an in-person election for the City of Joondalup local government elections. On the other hand, the WAEC has extensive experience in managing elections, ensuring that the process is conducted smoothly and efficiently.
- It is important that there be no perceptions of impartiality which may be endured if the City were to manage the electoral process. As an independent body, the WAEC ensures that elections are fair and unbiased, maintaining public trust in the electoral process.
- The WAEC provides standardised procedures and processes developed over many years of experience, which help maintain consistency across different elections. If the City were to conduct the election it would be required to create purpose specific procedures and processes which would include development of software for counting purposes.
- The WAEC implements robust security measures to protect the integrity of the voting process, including measures against fraud and tampering. If the City were to conduct the election it would be required to create purpose specific security processes/procedures.
- The City has not estimated the resources required to manage an election of the City of Joondalup's scale, however, it would require employing a number of persons or appointing an agency with significant experience in conducting elections in order to manage the risk implications aligned to such an undertaking.

2 Postal election

A decision to conduct a postal election can only be made after or in conjunction with a declaration by Council that the WA Electoral Commissioner be responsible for the conduct of the election (this declaration must be made at least 80 days before an election day and cannot be rescinded after 80 days before election day and can only be made after the WA Electoral Commissioner has provided a written agreement to do so).

The current procedure required by the Act, is that written agreement (from the Electoral Commissioner) is required before Council can take a vote.

On 3 December 2026, the CEO received a letter from the Electoral Commissioner agreeing to be responsible for the conduct of the Extraordinary Election, should the Council decide to do so (Attachment 1 refers).

There are a number of matters that need to be considered with regard the option of undertaking a postal election versus an in-person election, which includes but is not limited to the following:

- Postal voting allows more people to participate, including those who may have difficulty reaching polling stations due to mobility issues, work commitments or other personal circumstances.
- With postal voting, voters can complete their ballots at their own convenience.
- Statistics show that postal voting can lead to a higher voter turnout, as it removes barriers that might prevent people from voting in person.
- Whilst there are initial costs associated with setting up a postal voting system, it can be more cost-effective in the long run by reducing the need for staffing and maintaining numerous polling stations, particularly for a district the size of the City of Joondalup.
- With proper measures and systems in place, postal voting can be secure and reliable where verification of voter identity can be better assured. Despite concerns, measures such as signature verification, unique barcodes on ballots, and secure drop boxes help ensure the integrity of the voting process. It is recognised that in person elections provide an opportunity for electoral officers to verify voter identities in real-time, ensuring that only eligible voters participate; however, opportunities for fraud also exist unless there are strict procedures in place for identification purposes.

Issues and options considered

Council may choose to:

- 1 Request the WA Electoral Commissioner to undertake the City's local government elections on its behalf as well as retain the postal voting method. This option is recommended based on the City's prior experiences with the WAEC conducting postal elections for the City.
- 2 Request the Chief Executive Officer to be the returning officer for the election and change the voting to an in-person method. This option is not recommended as the City does not have the in-house expertise or capacity to undertake an in-person election.
- 3 Request the WA Electoral Commissioner to be the returning officer for the election and change the voting to an in-person method. The City has not sought advice from the WAEC as to whether they could conduct the Extraordinary Election on behalf of the City as an in-person election. This option is not recommended.

Legislation / Strategic Community Plan / Policy implications

Legislation *Local Government Act 1995.*

10-Year Strategic Community Plan

Key theme 5. Leadership.

Outcome 5-3 Engaged and informed - you are able to actively engage with the City and have input into decision-making.

Policy Not applicable.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	EXPECTATIONS	REPUTATION
Risk Description	Ineffective / improper decision making	Inability to understand community expectations	Loss of community trust
Risk Responsibility	Director Governance and Strategy		Chief Executive Officer
Residual Risk	High		
Control Effectiveness	Strong		
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.		
Risk Control	The relevant control, to mitigate risk, is the provision of a report to provide Council a report detailing choices of election methods in compliance with the Local Government Act 1995 (the Act) and associated Regulations.		

Council must ensure compliance with the relevant legislation.

Financial / budget implications

On 3 December 2025, the City received a letter from the WAEC estimating the cost of undertaking the Extraordinary Election as a postal election would be \$90,000 (ex GST) (Attachment 2 refers).

The cost estimate has been based on the following assumptions:

- The method of election will be postal
- 1 councillor vacancy
- 21,900 electors
- Response rate of approximately 30%
- Appointment of a local Returning Officer
- Count to be conducted at the City of Joondalup using CountWA.

No funds have been allocated in the 2025-26 Annual Budget for the cost of the Extraordinary Election. An adjustment will need to be made in the mid-year budget review to include the amount of \$100,000 (\$90,000 for the WAEC to conduct the election, as well as other incidental costs including advertising, venue hire and contingencies).

Account No.	526-A5206-3227-0000
Budget Item	Council Election Costs
Budget amount	\$100,000 (ex GST)

All amounts quoted in this report are exclusive of GST.

Regional significance

Sustainability implications

Not applicable.

Consultation

Advice has been received from the WAEC that the Electoral Commissioner is willing to be responsible for the City's Extraordinary Election to be held on a date to be fixed by the Council (preferably Thursday 26 March 2026).

COMMENT

The City of Joondalup has been conducting postal elections since its inaugural election in December 1999. The voting turnout figures are as follows:

Election Date	Election Method	Voter turn-out
May 1997	In-person	6.51%
December 1999	Postal	28.2%
May 2001	Postal	29.7%
May 2003	Postal	25.9%
May 2006*	Postal	27.2%
October 2007	Postal	27.2%
October 2009	Postal	26.9%
October 2011	Postal	23.8%
October 2013	Postal	22.1%
October 2015	Postal	20.2%
October 2017	Postal	31.3%
October 2019	Postal	23.8%
October 2021	Postal	27.9%
October 2023	Postal	27.7%

For a number of elections, and as part of the post local government election processes, the City has undertaken an election candidate survey, seeking feedback as to candidate satisfaction on the City's election process, and in particular, the performance of the WA Electoral Commission. The results from candidates, and that of the City's officer's have demonstrated a high level of satisfaction with the performance of the WA Electoral Commission and that of the City's appointed Returning Officer.

VOTING REQUIREMENTS

Absolute Majority.

During debate Cr Hutton foreshadowed an Alternate Motion.

OFFICER'S RECOMMENDATION / COUNCIL RESOLUTION
(Resolution No: CJ364-12/25)

MOVED Mayor Kingston, SECONDED Cr Fishwick that Council:

- 1** NOTES the WA Electoral Commissioner has agreed in writing to be responsible for the City of Joondalup Extraordinary Election for the North-Central ward;
- 2** **DECLARES**, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the 2026 extraordinary election, together with any other elections or polls which may be required;
- 3** **DECIDES**, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the election will be as a postal election;
- 4** **DECIDES**, in accordance with section 4.9(1)(b) of the *Local Government Act 1995*, the date for the Extraordinary Election for North-Central Ward, to be Thursday 26 March 2026.

The Motion was Put and

CARRIED (10/1)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.
Against the Motion: Cr Hutton.

Meeting Type	Ordinary Council Meeting.
Meeting Date	9 December 2025.
Item No. / Subject	Item 14.2 - Job Description Form - Chief Executive Officer (Ward – All).
Nature of Interest	Financial Interest.
Extent of Interest	Relates to the recruitment of Mr Humfrey's immediate supervisor.

14.2 JOB DESCRIPTION FORM - CHIEF EXECUTIVE OFFICER (WARD - ALL)

WARD	All
RESPONSIBLE DIRECTOR	Mr Jamie Parry Director Governance and Strategy
FILE NUMBER	74574, 101515
AUTHORITY / DISCRETION	Executive - The substantial direction setting and oversight role of Council, such as adopting plans and reports, accepting tenders, directing operations, setting and amending budgets.

PURPOSE

For the Council to approve the total remuneration package and Job Description Form (JDF) for the position of Chief Executive Officer (CEO) of the City of Joondalup, which sets out:

- the duties and responsibilities of the position; and
- the selection criteria for the position determined in accordance with subclause 5.1 of the *City of Joondalup Standards for CEO Recruitment, Performance and Termination Council Policy*.

EXECUTIVE SUMMARY

At the Council meeting held on 24 June 2025 (CJ178-06/25 refers) it was agreed to advertise for the position of CEO for the City of Joondalup, for a term of five years.

The *Local Government Legislation Amendment Act 2019* included a requirement for model standards covering the recruitment and selection, performance review and termination of employment of local government CEOs. These reforms intend to ensure best practice and greater consistency in these processes between local governments.

The Council has adopted these model standards in its *City of Joondalup Standards for CEO Recruitment, Performance Review and Termination Council Policy* (Attachment 2).

Clause 5 of the standards require the Council, by resolution of an absolute majority of the Council, to approve a JDF for the position of CEO which sets out:

- the duties and responsibilities of the position; and
- the selection criteria for the position determined in accordance with subclause 5.1.

A JDF has been prepared for the Council's consideration which includes selection criteria for the position of CEO, based on the Council's consideration of the knowledge, experience, qualifications and skills necessary to effectively perform the duties and responsibilities of the position of CEO of the City.

The JDF has been prepared utilising the WA Local Government Association (WALGA) JDF Template, the current CEO JDF, and advice from the appointed independent HR Consultant to support the recruitment process, Beilby Downing Teal Pty Ltd.

Beilby Downing Teal Pty Ltd facilitated a review of the draft JDF at the CEO Selection Panel meeting held on 26 November 2025 to workshop and finalise the JDF and selection criteria for presentation to the Council. The revised JDF as agreed to by the CEO Selection Panel is presented to Council for approval.

In order to proceed with advertising the role Regulations require a number of administrative matters to be addressed including the term of the contract and details of the remuneration and benefits offered. Section 7A of the *Salaries and Allowances Act 1975* outlines that the Tribunal determines the amount of remuneration provided to CEOs of local governments. The most recent determination in relation to Local Government Chief Executive Officers was issued on 4 April 2025, with effect from 1 July 2025. The City of Joondalup is currently classified as a Band 1 local government with a total remuneration package between \$288,727 to \$439,682 per annum.

It is proposed that the Council approve the remuneration package within the Salaries and Allowances Tribunal determination, being advertised as a total remuneration package of up to \$439,682 per annum. The remuneration package offered will be a matter for negotiation between the Council and preferred applicant.

It is therefore recommended that Council APPROVES BY AN ABSOLUTE MAJORITY:

- 1 *the Job Description Form for the position of Chief Executive Officer of the City of Joondalup, as provided in Attachment 3, which sets out:*
 - 1.1 *the duties and responsibilities of the position; and*
 - 1.2 *the selection criteria for the position determined in accordance with subclause 5.1 of the City of Joondalup Standards for CEO Recruitment, Performance and Termination Council Policy;*
- 2 *the remuneration package within the Salaries and Allowances Tribunal determination, being advertised as a total remuneration package of up to \$439,682 per annum.*

BACKGROUND

At the Council meeting held on 24 June 2025 (CJ178-06/25 refers) it was agreed to advertise for the position of CEO for the City of Joondalup, for a term of five years.

Further, the Council endorsed the process for the recruitment of a CEO as per the minimum standards for recruitment and selection of a CEO as outlined in the *Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination* (Attachment 1 refers).

At the Council meeting held on 26 August 2025 (CJ247-08/25 refers), the proposed timeline/process for the recruitment and selection of a CEO for the City of Joondalup was endorsed.

At the Council meeting held on 23 September 2025 (CJ278-09/25 refers) it was agreed to appoint Beilby Downing Teal Pty Ltd as the external and independent Human Resources expert to support the CEO Recruitment and Performance Review Committee to facilitate the recruitment process of the CEO position.

In relation to progressing the recruitment, the Council is to observe the adopted model standards in its *City of Joondalup Standards for CEO Recruitment, Performance Review and Termination Council Policy*.

Clause 5 of the standards require the Council, by resolution of an absolute majority of the Council, to approve a JDF for the position of CEO which sets out:

- the duties and responsibilities of the position; and
- the selection criteria for the position determined in accordance with subclause 5.1.

The CEO Selection Panel reviewed and agreed to the JDF, with amendment, presented at its meeting held on 26 November 2025.

The Council is requested to consider endorsement of the JDF and selection criteria for the CEO role.

DETAILS

Guidelines for Local Government CEO Recruitment and Selection, Performance Review and Termination

The Department's Guidelines provide that a local government should carefully consider the role of the CEO. This includes the CEO's legislated powers and functions and their role as the head of the administrative arm of the local government. In determining the selection criteria for the position of CEO, it will be important for a local government to consider the needs of the community and the specific skills and experience that will be required of the CEO in that particular local government. The competencies the Council looks for in its CEO should reflect the Council's strategic community plan.

Once the essential skills and experience for the position have been established, the local government must set out the selection criteria (essential and desirable) and the responsibilities of the position in a JDF. If emphasis is placed on certain selection criteria, this should be highlighted in the JDF so that applicants are aware of this.

The Guidelines provide that the minimum standard for recruitment and selection will be met if, in part, *the Council has identified and agreed to the qualifications and selection criteria necessary to effectively undertake the role and duties of the CEO within that particular local government context.*

City of Joondalup Standards for CEO Recruitment, Performance Review and Termination Council Policy

Clause 5 of the *City of Joondalup Standards for CEO Recruitment, Performance Review and Termination Council Policy* require the Council, by resolution of an absolute majority of the Council, to approve a JDF for the position of CEO which sets out:

- the duties and responsibilities of the position; and
- the selection criteria for the position determined in accordance with subclause 5.1.

Job Description Form

It is considered that a JDF for a CEO role should be high level document, succinctly capturing the overarching purpose and strategic impact of the role, avoiding excessive detail. Focusing on the strategic elements of the role is important for the following reasons:

- The CEO operates at the highest level of the organisation, focusing on strategic leadership, governance, and long-term planning. A strategic JDF assists in setting the tone of the role.
- A high-level JDF allows the CEO to respond to changing circumstances, priorities, and external factors (eg legislative changes, community needs, economic shifts). Overly prescriptive detail can constrain the CEO's ability to adapt and lead effectively.
- The CEO is accountable to the Council and must operate within a governance framework. A strategic JDF ensures clarity around accountability, decision-making authority, and performance expectations, without micromanaging how those are achieved.
- The emphasis should be on what the CEO is expected to achieve, rather than how they do it. This outcome-oriented approach supports performance evaluation and strategic alignment.
- When recruiting a CEO, the Council is seeking a leader with vision, influence, and strategic capability. A high-level JDF helps attract candidates who understand and are capable of fulfilling that leadership mandate, rather than those focused on operational execution.

A draft JDF for the City of Joondalup was developed in consultation with the independent HR consultant Beilby Downing Teal Pty Ltd using the WALGA CEO Template and current City of Joondalup CEO JDFs and principles and presented to the CEO Selection Panel at its meeting held on 26 November 2025.

The JDF primarily comprises a number of elements, including the following:

- Key objectives, summarising the CEO's primary functions.
- Key responsibilities which outlines major duties.
- Selection criteria. Clause 5.1 of the Policy provides that *the Council must determine the selection criteria for the position of CEO, based on the Council's consideration of the knowledge, experience, qualifications and skills necessary to effectively perform the duties and responsibilities of the position of CEO of the City.*
- Extent of authority.

Advertising Requirements

Clause 6.1 of the Council Policy requires that if the position of CEO is vacant, the City must ensure it complies with section 5.36(4) of the Act and the *Local Government (Administration) Regulations 1996 regulation 18A*.

In general, the regulatory requirements include the following:

- The details of the remuneration and benefits offered. Section 7A of the *Salaries and Allowances Act 1975* outlines that the Tribunal determines the amount of remuneration provided to CEOs of local governments. The most recent determination in relation to Local Government Chief Executive Officers was issued on 4 April 2025, with effect from 1 July 2025. The City of Joondalup is currently classified as a Band 1 local government with a total rewards package between \$288,727 to \$439,682 per annum.
- The duration of the proposed contract. At the Council meeting held on 24 June 2025 (CJ178-06/25 refers) it was agreed to advertise for the position of CEO for the City of Joondalup, for a term of five years.
- Details of the place where further information can be sought and for submissions to be made. These responsibilities will be undertaken by the consultant.

Issues and options considered

Council may choose to:

- approve the JDF for the position of CEO of the City of Joondalup, which sets out:
 - the duties and responsibilities of the position; and
 - the selection criteria for the position determined in accordance with subclause 5.1 of the *City of Joondalup Standards for CEO Recruitment, Performance and Termination Council Policy*.or
- approve with amendment the JDF for the position of CEO of the City of Joondalup, which sets out:
 - the duties and responsibilities of the position; and
 - the selection criteria for the position determined in accordance with subclause 5.1 of the *City of Joondalup Standards for CEO Recruitment, Performance and Termination Council Policy*.

Risk management considerations

Risk management considerations in reports to Council consider the relevant strategic risk(s).

This category of risk requires input from Council and is managed by the Chief Executive Officer and relevant Director(s).

Strategic risks are external or internal risks that affect the achievement of the City's long-term objectives.

Strategic Risk Relationship

Risk	DECISIONS	WORKFORCE
Risk Event Description	Ineffective / improper decision making	Inability to attract or retain skilled and competent workforce
Risk Responsibility	Director Governance and Strategy	
Residual Risk	High	
Control Effectiveness	Strong	
Risk Appetite	High risk requires close monitoring with assurance of the highest levels of controls – strong – including plans for improving effectiveness levels.	
Risk Control	The relevant control, to mitigate risk, is the provision of details in that allow compliance with responsibilities and to support workforce planning outcomes.	

Other risk information

The Council has a statutory responsibility to undertake the recruitment process in accordance with the Act, Regulations and *City of Joondalup Standards for CEO Recruitment, Performance and Termination Council Policy*.

Financial / budget implications

At the 23 September 2025 meeting of the Council (CJ278-09/25 refers) it approved by an absolute majority to amend the 2025-26 Annual Budget by the addition of \$60,000 to the Operating Budget for the appointment of an independent Human Resources consultant.

All amounts quoted in this report are exclusive of GST.

COMMENT

At the Council meeting held on 26 August 2025 (CJ247-08/25 refers) the proposed timeline/process for the recruitment and selection of a CEO for the City of Joondalup was endorsed.

A key element of the recruitment process, as detailed in the model standards and Council Policy, is for the Council to endorse the JDF in order to proceed to advertising the role.

In accordance with its Terms of Reference, the CEO Selection Panel reviewed the JDF and selection criteria; and remuneration package, presented at its meeting held on 26 November 2025, and supports the recommendation to the Council.

VOTING REQUIREMENTS

Absolute Majority.

The Director Infrastructure Services left the Chamber at 9.33pm.

The Manager Strategic and Organisational Development and the Director Corporate Services left the Chamber at 9.38pm.

16 MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN

16.1 NOTICE OF MOTION NO. 1 – CR O’NEILL – ELECTED MEMBER ATTENDANCE

In accordance with Clause 4.6 of the *City of Joondalup Meeting Procedures Local Law 2013*, Cr Rohan O’Neill has given notice of his intention to move the following Motion at the Council meeting to be held on 9 December 2025:

That Council REQUESTS the Chief Executive Officer to publish the attendance records of all elected members, on the City’s website, on a quarterly basis, for the following meetings:

- **Strategy Sessions**
- **Briefing Sessions**
- **Ordinary Council Meetings**
- **Special Council Meetings**
- **Electors’ meetings**
- **Council-created Committee meetings (Audit & Risk, Policy, Major Projects & Finance, CEO Performance Review).**

REASON FOR MOTION

This Motion seeks to improve public transparency and strengthen community confidence by requiring the CEO to publish quarterly attendance records for all Elected Members on the City’s public register. The published information would include attendance at all internal and external committee meetings, providing a comprehensive and consistent view of councillor participation.

Currently attendance information is released only once per year. This limits the ability to understand the level of active engagement their representatives maintain throughout the year. Annual reporting also delays awareness of emerging attendance patterns that may be relevant to performance and representation of the elected member.

By moving to quarterly reporting, the City will ensure that residents receive timely and relevant information, rather than waiting many months for a single consolidated update.

Quarterly publication supports best practice transparency. Ratepayers rightfully expect clear insight into how their elected members contribute to decision making, committee work, and community representation and gives the rate payers in the COJ better understanding as to how the members they elect attend to the needs of the city residents.

OFFICER'S COMMENT

There is no current legislative requirement to publish a public register of Elected Member meeting attendance.

The City already publishes attendances at Council meetings, Committee meetings and workshops in its annual report. The City currently maintains attendance records for the following meetings, which, other than Strategy Sessions, are a matter of public record published on the City's website following each meeting:

- Strategy Sessions.
- Briefing Sessions.
- Ordinary Council Meetings.
- Special Council Meetings.
- Electors' meetings.
- Council-created Committee meetings (Audit & Risk, Policy, Major Projects and Finance, CEO Performance Review).

Elected Member attendance records for these meetings could be published on the City's website on a quarterly basis.

The recommendation is not supported given the information is already publicly available and the benefits of compiling and publishing information on a quarterly basis is considered minimal, noting the information is also published as part of the City's annual reporting.

The Senior Governance Officer left the Chamber at 9.44pm and returned at 9.47pm.

RECOMMENDATION / COUNCIL RESOLUTION

(Resolution No: CJ366-12/25)

MOVED Cr O'Neill, SECONDED Cr Hutton that Council REQUESTS the Chief Executive Officer to publish the attendance records of all elected members, on the City's website, on a quarterly basis, for the following meetings:

- **Strategy Sessions**
- **Briefing Sessions**
- **Ordinary Council Meetings**
- **Special Council Meetings**
- **Electors' meetings**
- **Council-created Committee meetings (Audit & Risk, Policy, Major Projects & Finance, CEO Performance Review).**

The Motion was Put and

CARRIED (11/0)

In favour of the Motion: Mayor Kingston, Cr Chester, Cr Count, Cr Fishwick, Cr Hill, Cr Hutton, Cr Mercer, Cr O'Neill, Cr Pizzey, Cr Raftis and Cr Vinciullo.

Against the Motion: Nil.

16.2 NOTICE OF MOTION NO. 2 – CR HUTTON – SISTER CITY RELATIONSHIP

This item was withdrawn.

16.3 NOTICE OF MOTION NO. 3 – CR VINCIULLO – PROTECTIONS FOR ELECTED MEMBERS

In accordance with Clause 4.6 of the *City of Joondalup Meeting Procedures Local Law 2013*, Cr Phillip Vinciullo has given notice of his intention to move the following Motion at the Council meeting to be held on 9 December 2025:

That Council:

- 1 ACKNOWLEDGES** the increasing vulnerability of local government Elected Members to online bullying, harassment, intimidation, and reputational harm, and the associated psychosocial safety risks under the *Work Health and Safety Act 2020*, particularly where harmful conduct occurs through social media and digital platforms;
- 2 RECOGNISES** that unlike State and Federal Parliamentarians, local government Elected Members do not benefit from absolute parliamentary privilege and only hold limited qualified privilege in the chamber when debating agenda matters. This leaves Elected Members vulnerable to significant personal legal and reputational risk when responding to misinformation, harassment or defamatory claims made outside formal Council proceedings;
- 3 REQUESTS** that the City writes to the:
 - Minister for Local Government;
 - Department of Local Government, Industry Regulation and Safety (LGIRS);
 - The Work Health and Safety Commissioner; and
 - Western Australian Local Government Association (WALGA),advocating for
 - 3.1** the consideration of legislative reform to introduce protections of local government elected members in the course of their official duties, including during Council and Committee meetings;
 - 3.2** a review of Western Australia’s local government electoral regulations to better address misinformation and anonymous or proxy campaigning designed to unfairly influence election outcomes or disadvantage candidates;
 - 3.3** stronger legislative or regulatory measures to:
 - 3.3.1** address defamatory content and bullying behaviours online, including enabling appropriate investigation and sanctions against individuals or organisations who coordinate or operate pages that deliberately target Elected Members in a harmful or defamatory manner;
 - 3.3.2** enhanced guidance and election integrity measures that discourage Elected Members and candidates from engaging with or leveraging third party online platforms to disseminate defamatory content or targeted harassment, including clarification on how such behaviour may constitute a breach of the Model Code of conduct;

- 4 REQUESTS the Department of Local Government, Sport and Cultural Industries provide strengthened legal and procedural guidance for elected members responding to targeted misinformation, digital disinformation, or online harassment arising from the performance of their role and further considers reviewing the Legal Representation Guidelines to clarify or broaden circumstances where representation may be available in such matters;**
- 5 REQUESTS that WALGA State Council examine options which address the motion;**
- 6 REQUESTS the Chief Executive Officer to examine and report on measures available to the City to better manage psychosocial risks to elected members arising from online harassment, bullying or intimidation, including:
 - 6.1 reviewing the City's Legal Representation for Council Members and Employees Policy to allow for costs to be reimbursed for matters related to defamation, harassment or intimidation of an elected member whilst undertaking their official role; and**
 - 6.2 identifying practical improvements to current processes and support mechanisms for responding to harmful online conduct;****
- 7 REQUESTS the Minister for Local Government and the Department of Local Government, Industry Regulation and Safety to commission a review into the use and/or influence of social media pages positioned as community or resident groups, and potential proxy pages, during the 2025 Western Australian Local Government Elections, to identify any breaches of existing codes or misuse of position, and to inform the development of stronger legislative and regulatory frameworks for future elections.**

REASON FOR MOTION

Local government is the closest tier of government to our community, and trust in the democratic process is critically essential to maintaining that relationship. Increasingly, City of Joondalup Elected Members and Elected Members across the state are encountering targeted online harassment, misinformation campaigns, and coordinated digital attacks that seek to undermine their integrity, reputation, and ability to fulfil their duties.

These impacts are real and increasing. They present risks to good governance and also to the mental health, safety and confidence of those who put up their hand to represent their community. The City, under the *Work Health and Safety Act 2020*, has a responsibility to manage psychosocial hazards, and this includes harassment and intimidation directed at elected members because of their role.

Unlike State and Federal representatives, local government elected members do not have the benefit of absolute parliamentary privilege and only hold limited qualified privilege within formal debate on agenda business. This leaves elected members vulnerable when attempting to correct misinformation or rebut defamatory content that is spread outside Council proceedings. The consequence is that harmful narratives can remain unchallenged, impacting community confidence and the integrity of Council decision making.

This motion therefore proposes a proactive and responsible approach in partnership with the Minister for Local Government, WALGA and relevant regulatory agencies to:

- improve protections and guidance for elected members who are targeted online while performing their official role
- strengthen election integrity by addressing anonymous or proxy campaigning designed to mislead or intimidate
- ensure the City meets its duty of care for the safety and wellbeing of its elected members
- maintain confidence in Joondalup's governance and democratic processes.

Ultimately, this motion is about supporting a healthy democratic process, ensuring high quality representation, and most importantly protecting the safety and dignity of those who step forward to serve the City of Joondalup.

OFFICER'S COMMENT

Local governments in Western Australia have significant obligations under the *Work Health and Safety Act 2020* (WHS Act) and the *Work Health and Safety (General) Regulations 2022*.

It is important that the City of Joondalup, being the Council and administration, acknowledge its legislative obligations and the importance of fostering a safe and respectful environment for its elected members.

This commitment is particularly significant when managing challenging interactions with community members who may not fully understand or support Council decisions or the role of the Council/elected members.

While healthy public discourse remains a foundation of democratic governance, it must be balanced with the wellbeing of those who serve the community. The Mayor and Councillors are elected representatives entrusted to act in the best interests of the community. Supportive and respectful two-way engagement is essential for effective governance.

Qualified privilege is referred to within the Notice of Motion with regard the ability to respond to 'misinformation, harassment or defamatory claims'. In a Council meeting, an elected member fulfils a public duty and is therefore given limited legal protection. However, unlike Members of Parliament, an elected member's privilege is qualified. This means that protection is only provided as long as the statements are made in good faith. Statements made with malice or made recklessly are not protected by qualified privilege. Statements made by elected members outside Council and Committee meetings are unlikely to attract qualified privilege.

However, under section 9.57A of the Act a local government is not liable to an action for defamation in relation to matter published on its official website as part of a broadcast, audio recording, or video recording, of a meeting of the Council or a Committee, but does not include other meetings (such as Briefing Sessions).

The City of Joondalup has a statutory duty of care to provide a safe and healthy work environment for all employees, and other persons at the workplace which includes elected members. This responsibility encompasses the management of risks associated with psychosocial safety and wellbeing. Additionally, the *WHS Act*, s.29 informs that the duty of other persons at the workplace:

- must take reasonable care for their own safety.
- not to adversely affect the health and safety of others.
- comply with reasonable instructions so the City can meet its obligations.

The *Code of Conduct for Council Members, Committee Members and Candidates* also states that an elected member must not make improper use of their office as an Elected Member to cause detriment to the local government of any other person. This provision has relevance to what an elected member can say whilst performing in their role as an Elected Member.

Division 4 of Part 5 of the Act also protects elected members, committee members and employees from any actions in negligence that the person has done, or has not done, in the performance of their functions under the Act or any other written law. However the City may not be necessarily protected from claims of negligence.

Whilst the City can review its own practices and measures to better manage psychosocial risks to elected members and 'harassment, bullying or intimidation' (as referenced in the Notice of Motion) and establishing conduct expectations, a key to mitigating these risks is if there is a legislative framework which aims to reduce the likelihood of psychosocial harm and provides advice and guidance to support a positive, respectful governance environment, whilst recognising the City's *WHS Act* roles and obligations.

The Department of Local Government, Industry Regulation and Safety has already recognised and committed to provision of safer online environments for the local government sector, and its elected representatives, holding a webinar in November 2025 presented by the eSafety Commissioner aimed at providing elected members with the tools to navigate social media; manage online abuse and strengthen digital wellbeing. WALGA has also developed *Guidelines on Local Government Council Member Use of Social Media*.

Whilst the provision of tools is helpful, it also recognises, as the Notice of Motion alludes to, there being a challenge that is relevant to the local government sector as a whole and as such, it requires a holistic approach. The social media environment has rapidly evolved and administering information conveyed has become increasingly difficult to manage, and as such it is considered that it would be beneficial for wider dialogue to occur within the sector examining whether mechanisms need review or introduction/implementation to manage the challenges being experienced with the aim of better managing psychosocial safety risks and higher standards of conduct. These might include, but not be limited to:

- A review of the legislative framework as it relates to online 'bullying, harassment, intimidation and reputational harm' and available protections for elected members in the course of their official duties. This might also extend to the local government electoral process.
- Development of guidelines and frameworks to provide a consistent approach to local governments and elected members in managing allegations of bullying, harassment, intimidation, and reputational harm, and the associated psychosocial safety risks under the *WHS Act*, particularly where harmful conduct occurs through social media and digital platforms.

- A Departmental review of its *Guidelines Related to Legal Representation for Council Members and Employees*, and in particular, guidance related to payment of legal representation costs for a personal or private nature including defamation action instituted by an elected member, currently not permitted unless in extraordinary circumstances (not defined). The City of Joondalup's own *Legal Representation for Council Members and Employees Policy* is based on the Department's Guidelines and model policy.
- A review of the Model Code of Conduct prescribed by s5.103(1) of the *Local Government Act 1995* as it might apply to psychosocial safety, noting it does contain references to bullying and harassment.

It is considered that the recommendation can be supported as it seeks to explore opportunities to better manage risks associated with safety and wellbeing including psychosocial safety whilst strengthening democratic governance practices.

The Manager Governance left the Chamber at 9.51pm and returned at 9.54pm.

RECOMMENDATION

MOVED Cr Vinciullo, SECONDED Cr Hill that Council:

- 1 ACKNOWLEDGES the increasing vulnerability of local government Elected Members to online bullying, harassment, intimidation, and reputational harm, and the associated psychosocial safety risks under the *Work Health and Safety Act 2020*, particularly where harmful conduct occurs through social media and digital platforms;**
- 2 RECOGNISES that unlike State and Federal Parliamentarians, local government Elected Members do not benefit from absolute parliamentary privilege and only hold limited qualified privilege in the chamber when debating agenda matters. This leaves Elected Members vulnerable to significant personal legal and reputational risk when responding to misinformation, harassment or defamatory claims made outside formal Council proceedings;**
- 3 REQUESTS that the City writes to the:**
 - Minister for Local Government;
 - Department of Local Government, Industry Regulation and Safety (LGIRS);
 - The Work Health and Safety Commissioner; and
 - Western Australian Local Government Association (WALGA),**advocating for**
 - 3.1 the consideration of legislative reform to introduce protections of local government elected members in the course of their official duties, including during Council and Committee meetings;**
 - 3.2 a review of Western Australia's local government electoral regulations to better address misinformation and anonymous or proxy campaigning designed to unfairly influence election outcomes or disadvantage candidates;**

- 3.3 stronger legislative or regulatory measures to:**
- 3.3.1 address defamatory content and bullying behaviours online, including enabling appropriate investigation and sanctions against individuals or organisations who coordinate or operate pages that deliberately target Elected Members in a harmful or defamatory manner;**
 - 3.3.2 enhanced guidance and election integrity measures that discourage Elected Members and candidates from engaging with or leveraging third party online platforms to disseminate defamatory content or targeted harassment, including clarification on how such behaviour may constitute a breach of the Model Code of conduct;**
- 4 REQUESTS the Department of Local Government, Sport and Cultural Industries provide strengthened legal and procedural guidance for elected members responding to targeted misinformation, digital disinformation, or online harassment arising from the performance of their role and further considers reviewing the Legal Representation Guidelines to clarify or broaden circumstances where representation may be available in such matters;**
- 5 REQUESTS that WALGA State Council examine options which address the motion;**
- 6 REQUESTS the Chief Executive Officer to examine and report on measures available to the City to better manage psychosocial risks to elected members arising from online harassment, bullying or intimidation, including:**
- 6.1 reviewing the City’s Legal Representation for Council Members and Employees Policy to allow for costs to be reimbursed for matters related to defamation, harassment or intimidation of an elected member whilst undertaking their official role; and**
 - 6.2 identifying practical improvements to current processes and support mechanisms for responding to harmful online conduct;**
- 7 REQUESTS the Minister for Local Government and the Department of Local Government, Industry Regulation and Safety to commission a review into the use and/or influence of social media pages positioned as community or resident groups, and potential proxy pages, during the 2025 Western Australian Local Government Elections, to identify any breaches of existing codes or misuse of position, and to inform the development of stronger legislative and regulatory frameworks for future elections.**

During debate it was requested that all Parts be voted upon separately.

RECOMMENDATION / COUNCIL RESOLUTION

(Resolution No: CJ367-12/25)

MOVED Cr Vinciullo, SECONDED Cr Hill that Council:

- 1 ACKNOWLEDGES the increasing vulnerability of local government Elected Members to online bullying, harassment, intimidation, and reputational harm, and the associated psychosocial safety risks under the *Work Health and Safety Act 2020*, particularly where harmful conduct occurs through social media and digital platforms;**

Access and Inclusion Plan

2021/22-2023/24

This plan is available in
alternative languages and
formats upon request.

joondalup.wa.gov.au

The City of Joondalup acknowledges the traditional custodians of the land, the Whadjuk people of the Noongar nation, and recognises the culture of the Noongar people and the unique contribution they make to the Joondalup region and Australia. The City of Joondalup pays its respects to Elders past and present and extends that respect to all Aboriginal and Torres Strait Islander peoples.

2 City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24

1. Background

1.1 About the City of Joondalup

The City of Joondalup (the City) is the regional centre of one of Australia's fastest growing areas located in the North-West Metropolitan Region of Perth.

Across its 22 suburbs, Joondalup has approximately 160,000 residents and is recognised globally for its liveability, engaged and connected community and the many healthy lifestyle options it offers to its residents.

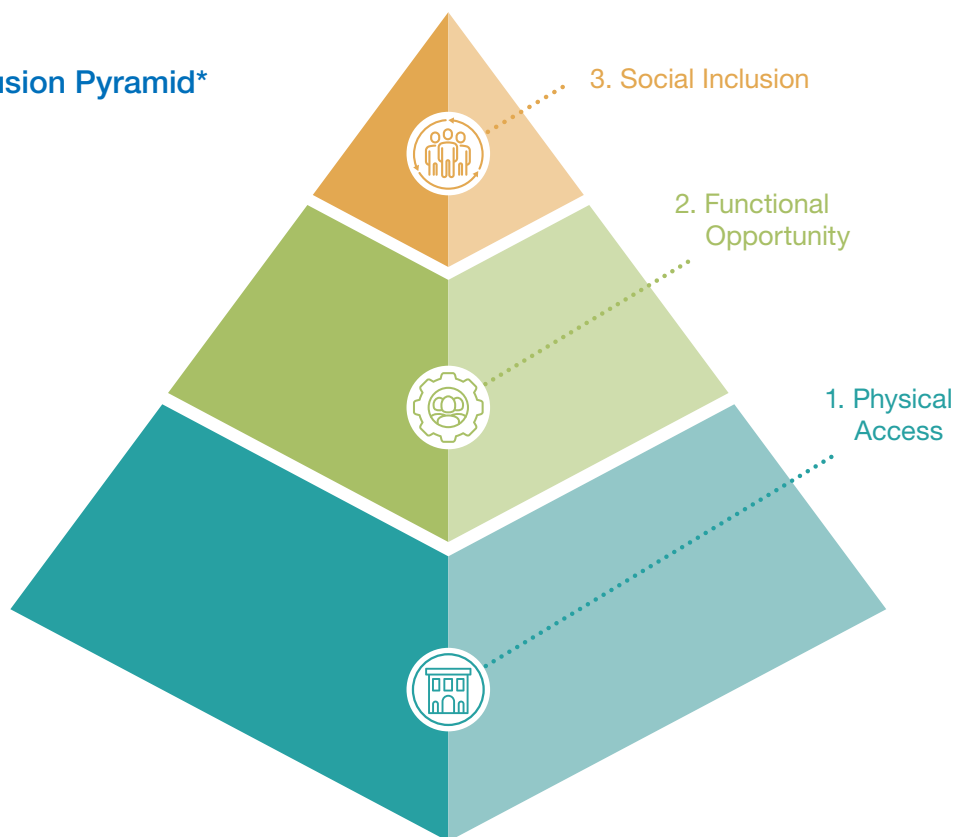

Joondalup has a thriving events and entertainment scene and has gained a reputation for first class cultural events. Set between 17km of coastline, the stunning Lake Joondalup and Yellagonga Regional Park, Joondalup contains more than 500 hectares of natural bushland managed by the City, with a unique range of flora and fauna. With over 350 parks and reserves, the City provides key sporting and recreational facilities for its diverse community.

1.2 What is access and inclusion?

The City takes a holistic approach to increasing access and inclusion in the community, striving to create accessible and inclusive communities for people of all ages, abilities, genders, and backgrounds.

The City has strategies across eight outcome areas which address physical access to the natural and built environment including buildings, recreational facilities, parks, footpaths and beaches, as well as access to the City's services, events and information. Using the principles of the Inclusion Pyramid (Schleien, Green, and Stone, 2013) and the Seven Pillars of Inclusion (Downs, 2013), the City will implement strategies to foster a feeling of belonging, supporting people of all abilities and backgrounds to engage and connect within their community.

Inclusion Pyramid*

Physical Access*

The first step towards inclusion is physical access. For everyone to have the same opportunities to participate in community life, all spaces must cater to the access requirements of all people.

Functional Opportunity*

Functional opportunity enables people who are otherwise excluded or marginalised to participate and connect with others in their community, doing the same activities in the same spaces.

Social Inclusion*

Everyone can participate in the same activities, in the same space. True social inclusion is a cultural change. It is the change of attitude towards those who have historically been excluded.

Seven Pillars of Inclusion

Access – providing physical, functional, and social access opportunities to all community members.

Attitude – being adaptive and responsive.

Choice – giving all community members choice and control as to how they participate.

Partnership – fostering partnerships between the City, service organisations and the community.

Communication – open and transparent communication about the City's progress in access and inclusion and options for people to be involved.

Policy – considering how the City takes organisational responsibility for inclusion.

Opportunities – exploring what options are available for everyone to be involved.

* Information provided by Inclusion Solutions, partner organisation with the City of Joondalup on the Socially Inclusive Communities WA initiative 2018/19.

1.3 Community profile and disability in Australia

The *People with Disability in Australia* report estimates that **one in six or 4.4 million** Australians live with disability. The report also estimates that:

One in three people living with disability (1.4 million people) have a profound or severe disability

One in four people living with disability have a mental or behavioural disorder as their form of disability

One in 10 people living with disability experience discrimination

In 2019

44%

of all complaints received by the Human Rights Commission were related to disability discrimination; **over the past five years this number has increased by 20%**

Three in five people living with disability need assistance with at least one activity of daily life.

The 2016 census demonstrates the diversity of the Joondalup community:

- **One in 10** residents speak a language other than English at home (led by Afrikaans, Mandarin and Italian)
- **One in 100** residents do not speak English well or at all
- **Four in 10** residents were born overseas (led by the United Kingdom, South Africa and New Zealand and includes 116 nations in total)
- **Three in 100** residents require assistance in their daily lives due to disability
- **One in 10** residents provided unpaid care or assistance for a person with a disability, long-term illness or of older age.

1.4 Who is this Plan for?

The City of Joondalup *Access and Inclusion Plan 2021/22 – 2023/24* (the Plan) is for all people who live in, work in, or visit the City. The City strives to foster a community that is accessible and inclusive not only to people with disability, their families and carers, but also for people:

- from culturally and linguistically diverse (CaLD) backgrounds
- of all ages
- who use prams
- with temporary injury or illness
- with mental health conditions.

The Plan will inform specific actions that ensure all practicable measures are taken by the City and its agents and contractors to create an accessible and inclusive community for all.

1.5 Planning for better access

Planning for better access for people of all abilities has become an increasingly important area of focus for decision-makers in all spheres of government.

On 30 March 2007, Australia was one of 80 nations that signed the United Nations *Convention on the Rights of Persons with Disability* and in doing so agreed to join a global effort to “promote the equal and active participation of all people with a disability.”

The National Disability Insurance Scheme (NDIS) was launched in July 2013 and is a way of providing personalised support to Australians with disability, their families and carers. The NDIS will provide about 460,000 Australians under the age of 65 with a permanent and significant disability with the reasonable and necessary supports they need to live an ordinary life. The NDIS takes a lifetime approach, investing in people with disability early to improve their outcomes later in life.

The NDIS helps people with disability to:

- access mainstream and community services and supports
- maintain informal support arrangements
- receive reasonable and necessary funded supports.

The NDIS rollout commenced in the North Metro area (which includes the City of Joondalup) in July 2018 and was completed in 2020.

On 3 December 2020, the State Government launched its *State Disability Strategy 2020-2030* (the Strategy), a 10-year whole-of-community vision to protect, uphold and advance the rights of people with disability in Western Australia.

The Strategy sets the foundation for building a more inclusive Western Australia, empowering people with disability to participate meaningfully in all parts of society and to have the resources to do so.

The Strategy is the State Government's commitment to promote transformative change including equitable opportunities and outcomes in all areas of life. Four Pillars of Change were developed by a co-design group and underpin the Strategy:

- Rights and equality
- Inclusive communities
- Participation and contribution
- Living well.

1.6 Alignment of the Plan

The Plan is a legislative requirement set out in the *Disability Services Act 1993*, while also being informed by additional legislation, including the:

- *Western Australian Equal Opportunity Act 1984*
- *Commonwealth Disability Discrimination Act 1992*
- *Disability (Access to Premises Buildings) Standards 2010.*

The Plan is connected through the City’s Integrated Planning Framework as outlined below:

1.7 Progress since 2018

Since the adoption of the most recent *Access and Inclusion Plan* in 2018, the City has implemented many initiatives and made significant progress towards improving access for all. Some highlights include:

- Trial of sensory-friendly hours at City libraries and leisure centres
- Introduction of sensory-friendly spaces at events
- Provision of Auslan interpreting at Music in the Park events
- Formation of and participation with the Accessible Beaches for All working group
- Partnership and participation in the 'This Bay is Someone's Day' Australian Council for Rehabilitation of Disabled (ACROD) parking campaign in 2020
- Introduction of Disability Awareness Storytime at all libraries on International Day of People with Disability
- Installation of accessible pathways in Craigie bushland
- Inclusion of Afrikaans, Hindi, Mandarin (simplified Chinese), Noongar and Urdu language in the City's annual report
- Partnership and participation in the Socially Inclusive Communities WA program
- Accreditation and opening of a Changing Places facility (accessible changing room and toilet) at Sorrento Beach
- Installation or upgrades of 13 universal accessible toilets and 14 ambulant toilets within the City
- Completion of the facilities at Penistone Park including an accessible toilet with adult change table and other accessible park features including dual height BBQ, accessible picnic bench seating and play equipment
- Inclusion of additional accessible features in the planning of the redevelopment of Craigie Leisure Centre.

2.0 Development and review of the Access and Inclusion Plan

2.1 Responsibility for the planning process

The City oversees the development, implementation, review, and evaluation of the Plan. This includes responsibility for ensuring that the Plan is distributed throughout the organisation and that it is integrated into the plans and budgets of relevant business units.

2.2 Community consultation process

The community was invited to provide feedback from 4 February to 3 March 2021 on how well the City is currently addressing access and inclusion concerns, and what improvements still need to be made. The City specifically sought feedback from people with lived experience in relation to

disability and inclusion, people from culturally and linguistically diverse backgrounds, as well as people who volunteer and work in those sectors. Feedback was sought by an online survey form and a series of online and in-person focus groups.

A total of 151 consultation participants were involved in the survey and focus groups. This included 141 valid responses to the survey and 13 focus group attendees across three focus group sessions. A total of 71 participants identified themselves as someone who is:

- a person with disability
- a carer, family member or friend of a person with disability

- an employee or volunteer of an organisation working with those with disability
- a person from a CaLD background
- a carer, family member or friend of a person from a CaLD background
- an employee or volunteer of a CaLD support organisation.

2.3 Findings of the consultation

Overall, participants provided positive feedback about the City's current approach to access and inclusion. In regard to events, the majority of survey respondents "agreed" or "strongly agreed" that accessibility information was easy to find, event signage was easy to understand, event layouts allowed for easy access, accessible toilets were available and easy to access, and that they felt included in the event. Similarly, positive feedback was received regarding accessing City services, interacting with City staff, and applying for employment and volunteering positions.

Consultation themes indicate some of the ways the City could create a more accessible and inclusive community:

- establishment of a disability reference group
- increased co-design with people with disability
- continual expansion of accessible footpaths and kerb ramps
- expansion of accessible parks, playgrounds, and beaches
- increased accessible parking and dedicated parking for seniors and parents with prams
- increase access to information by improving City websites and providing access specific information on events and services.

2.4 Responsibility for implementing the Access and Inclusion Plan

It is a requirement of the *Disability Services Act* that all practicable measures be undertaken to ensure that the Plan is implemented by the City, its agents and contractors.

The Plan provides clear measurable actions and areas of responsibility for the City.

2.5 Review and evaluation mechanisms

The City of Joondalup *Access and Inclusion Plan 2021/22 - 2023/24* is subject to approval by the City of Joondalup Council and the Department of Communities.

In July of each year of the Plan, the City will submit an annual progress report to the Department of Communities. This report will outline progress against the desired outcomes of the Plan by the City.

2.6 Communicating the Plan

The community will be informed of the Plan via the City's website and social media platforms. Community members will be informed that the Plan has been published, and that paper and electronic copies of the Plan are available, as well as copies in alternative formats upon request. Alternative formats could include large print, electronic format, audio format, alternative languages, or braille.

Paper copies of the Plan are available at the City's Administration Building and libraries.

Should the City amend the Plan, the community will be advised accordingly. As required by the Act, the Plan will be made available to all agents and contractors of the City.

3.0 Strategies to improve Access and Inclusion

The following strategies under each outcome area aim to increase access and inclusion in the community.

These strategies will guide the actions the City of Joondalup will undertake during the life of the Plan.

Outcome 1:

The City of Joondalup will provide events and services that are planned to maximise physical accessibility and social inclusivity.

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
1.1 Events offered by the City are planned to maximise physical accessibility and social inclusivity.	1.1.1 General and specific physical access issues are considered and catered for at City events.	85% of items on the Access Institute General and Specific Access Issues Checklists for events are met.	✓	✓	✓	All business units that manage and plan events.
		Advice on specific and general access requirements of events is sought from the Community Development Officer - Access and Inclusion.	✓	✓	✓	
	1.1.2 Make provision for additional accessible parking and alternatives at events.	Where practical, at least 5% of parking bays at major City events will be accessible parking bays.	✓	✓	✓	All business units that manage and plan events.
Provide alternatives to parking at City events such as pick up and drop off areas.		✓	✓	✓		
1.1.3 City events include sensory-friendly opportunities.	Social Stories (part of creating a sensory-friendly environment) are available on the City's website to a minimum of four events annually. A minimum of four City events include a sensory-friendly zone.	✓	✓	✓	All business units that manage and plan events.	
		✓	✓	✓		

14 City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
	1.1.4 Programming at City events considers the social inclusion needs of people with different abilities.	Music in the Park events have Auslan interpreting.	✓	✓	✓	Arts and Cultural Services supported by Community Development.
		Provide accessible and inclusive additional features at a minimum of four City events such as access matting, audio interpretations of events, sensory-friendly programming.	✓	✓	✓	All business units which manage and plan events supported by Community Development.
	1.1.5 Youth Programs accommodate young people with disability.	Youth School Holiday Program places to be reserved for young people with disability.	✓	✓	✓	Youth Services.
		The City's youth workers and truck attend local Education Support Centres programs at least six times each year.	✓	✓	✓	Youth Services.

Outcome 2: The City of Joondalup will provide buildings and facilities that maximise physical accessibility and social inclusivity.

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
2.1 New and redevelopment works provide access to people of all abilities.	2.1.1 Where relevant and practical, consideration is given to redevelopments and new buildings exceeding the minimum accessibility requirements.	Additional accessibility features are considered in new, and redevelopment works and incorporated into design where relevant and practical.	✓	✓	✓	Asset Management, Operation Services, Leisure and Cultural Services.
	2.1.2 Install additional accessible seating in parks and along walking trails.	Investigate appropriate locations for increased seating based on demographics and walkability in specific suburbs.	✓			Operation Services supported by Community Development.
		Install accessible seating in approved locations based on outcome of investigation.		✓	✓	
		Respond to 100% of requests for seating.		✓	✓	
2.1.3 Consider the provision of more than the minimum required number of accessible parking bays at City facilities where relevant and practical.	New and redeveloped City car parking includes provision of more than the required amount of accessible parking bays as assessed by building use.	✓	✓	✓	Infrastructure Management Services, Asset Management, Leisure and Culture Services.	
	2.1.4 Consider provision of parallel ACROD parking bays as well as angled bays to accommodate rear loading vehicles where practical.	New and redeveloped City car parking includes provision of parallel ACROD parking bays as well as angled bays to accommodate rear loading vehicles where appropriate.	✓	✓	✓	

16 City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
	2.1.5 Consult with Community Development Officer - Access and Inclusion or an external Access Consultant where appropriate, when designing and planning new City buildings or redeveloping/renovating current City buildings.	The City's Community Development Officer – Access and Inclusion or, if appropriate, an external access consultant, is consulted for access advice during the design and planning of 100% of new or redeveloped buildings.	✓	✓	✓	Asset Management, Leisure Planning, City Projects supported by Community Development.
	2.1.6 Investigate improving the accessibility of beaches and foreshore environments.	Build a storage locker for beach wheelchairs at Mullaloo and Sorrento beaches.	✓			Asset Management supported by Community Development.
		Plan and budget for the replacement of the City's two beach wheelchairs.		✓		Community Development.
		Participate as an active partner in the Accessible Beaches for All working group.	✓	✓	✓	Community Development.
		Investigate and identify beach and foreshore locations that may benefit from upgrades to pathways, toilets and accessible parking and other features which impact accessibility.	✓	✓		Community Development supported by IMS.
		Budget for and implement accessibility upgrades in approved locations.		✓	✓	IMS supported by Community Development.

City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24 17

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
	2.1.7 Where practical and relevant, include accessible features (such as continuous accessible paths of travel to major equipment/facilities, tables (to fit wheelchairs), signage, accessible toilets, drinking fountains (height access), shade, accessible and sensory play equipment) in new or refurbished park and public open space facilities.	Community Development Officer - Access and Inclusion is consulted to provide access advice in the design and planning of new or refurbished parks and public open space facilities.	✓	✓	✓	Operation Services supported by Community Development.
		Accessible features (including play equipment) are included in new and refurbished park and public open space facilities where practical.	✓	✓	✓	
	2.1.8 Investigate an access upgrade to the parking and entry of Joondalup Library.	A feasibility study on increasing accessibility of Joondalup Library is prepared and considered.			✓	Assets Management and Library Services supported by Community Development.
2.2 Provide accessible streetscapes.	2.2.1 Pathways are monitored for obstruction by vehicles. Accessible parking bays are monitored for misuse.	Infringements are issued where obstructions of pathways are caused by parking and when accessible parking bays are used without displaying an ACROD parking permit.	✓	✓	✓	Parking Services.
	2.2.2 Ensure maintenance, repair and upgrades of pathways and kerb ramps.	Required repairs of pathways and kerb ramps are completed in a timely manner.	✓	✓	✓	Operation Services.

Outcome 3: The information that the City of Joondalup provides publicly will be accessible to all community members

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
3.1 All City websites are accessible and user-friendly.	3.1.1 All City websites meet Level A level as a mandatory minimum, preferably with Level AA level features where reasonably practicable, and aspiring to the Level AAA of the Web Content Accessibility Guidelines 2.0.	Undertake an access audit of the Youth Services website.	✓			Youth Services Supported by Community Development.
		Implement recommendations of audit in the Youth Services website.	✓			
		Corporate website is reviewed every two years by a Web Access Consultant.	✓		✓	Communications and Stakeholder Relations supported by Community Development.
		Implement the accessibility recommendation from the two yearly access audits.	✓	✓	✓	Information Technology.
3.2 Make City publications accessible to people of all abilities.	3.2.1 Review and update the City's Guidelines for accessibility of printed material.	A Web Access Consultant is consulted during the development of any new websites, or existing website that are significantly upgraded or redeveloped.	✓	✓	✓	Information Technology, Communications and Stakeholder Relations, Leisure Centres, Youth Services.
		Guidelines for accessibility of published material are reviewed and updated.	✓			Community Development and Communications and Stakeholder Relations.
		Guidelines for accessibility of printed and digital material are included in current marketing guidelines and process.		✓	✓	Communications and Stakeholder Relations.

City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24 19

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
	3.2.2 City publications are designed in line with the City's Guidelines for accessibility of printed material.	90% of marketing material produced by or for the City meets the City's Guidelines for accessibility of printed material.	✓	✓	✓	Communications and Stakeholder Relations supported by all City Business units.
	3.2.3 Ensure the statement 'Available in alternative formats and languages upon request' is printed on City publications.	95% of City publications listed in Guidelines for accessibility of printed material state 'Available in alternative formats and languages upon request' in a minimum 11 point font.	✓	✓	✓	Communications and Stakeholder Relations.
3.3 Improve community awareness of the accessibility of City of Joondalup services and events.	3.3.1 Produce a publication or marketing campaign for staff and the community which outlines the City's accessible services and events.	Accessible and Inclusive Communities for Everyone brochure is reviewed.	✓			Community Development supported by Communications and Stakeholder Relations.
		Recommendations for review of Accessible and Inclusive Communities for Everyone brochure are implemented.		✓	✓	Community Development and Customer Service supported by Communications and Stakeholder Relations.

Outcome 4: All community members will receive the same level and quality of service from the staff of the City of Joondalup.

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
4.1 Improve and sustain staff and Elected Member awareness of access and inclusion issues and improve skills to provide a good service to people of all abilities.	4.1.1 Staff to attend mandatory training on access and inclusion.	All employees participate in access and inclusion training at least once over the three-year life of this Plan.	✓	✓	✓	Human Resources supported by Community Development.
	4.1.2 Provide training for Elected Members on access and inclusion.	All Elected Members are offered access and inclusion training as part of their induction process.	✓		✓	Governance supported by Community Development.

Outcome 5: All community members will have the same opportunities to provide feedback and lodge complaints to the City of Joondalup.

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
5.1 Ensure that current grievance mechanisms and satisfaction survey forms are accessible to people of all abilities.	5.1.1 Ensure a variety of ways are available for customers to lodge a complaint or complaint with the City.	100% of requests for an alternative method to lodge a compliment or complaint are met.	✓	✓	✓	All City business units supported by Customer Service.

Outcome 6: Community consultation processes and tools will be designed to be accessible and inclusive

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
6.1 Improve community awareness about consultation processes in place.	6.1.1 Provide alternative engagement feedback methods when appropriate.	As part of the engagement processes feedback methods will include consideration for those experiencing disabilities and/or social isolation.	✓	✓	✓	All City business units supported by Strategic and Organisational Development.

Outcome 7: All community members have equal employment opportunities at the City of Joondalup.

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
7.1 Review recruitment policies and practices.	7.1.1 Develop and implement guidelines which facilitate greater interview opportunities for people with disability, people from CaLD backgrounds and Aboriginal and Torres Strait Islander people.	Guidelines are developed and implemented relating to recruitment practices for interviewing diverse candidates.	✓	✓	✓	Human Resources and Business Unit Managers
	7.1.2 Develop a recruitment Diversity Statement that reflects the City's commitment to workplace diversity	100% of vacancies advertised to include the Diversity Statement.	✓	✓	✓	Executive Leadership Team supported by Human Resources.

22 City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
	7.1.3 Distribute eligible vacancies through Jobs and Skills WA and target specialist employment service providers, networks, and social media to attract diverse candidates.	100% of eligible vacancies are advertised through non-mainstream avenues.	✓	✓	✓	Human Resources.
	7.1.4 Seek opportunity to implement section 66S and 66R of the <i>Equal Opportunity Act 1984</i> to increase the representation of people with disability.	Application of section 66S or 66R for at least one vacancy per year.	✓	✓	✓	Human Resources and all business units.
7.2 Provide employment pathways.	7.2.1 Identify entry level pathways and opportunities for the establishment of apprenticeships, traineeships and cadetships.	Creation of at least one entry level pathway role each year.	✓	✓	✓	All business units supported by Human Resources.
	7.2.2 Expand the application of the work placement program and identify additional areas to support diversity group placements.	Provide work experience and/or employment opportunities for a minimum of 12 people with barriers to employment annually.	✓	✓	✓	Human Resources and Business Unit Managers.
7.3 Increase collaborations and partnerships.	7.3.1 Develop partnership opportunities with employment agencies and organisations to facilitate employment opportunities for diverse candidates.	Establishment of a partnership with one service provider annually to facilitate employment opportunities for diverse candidates.	✓	✓	✓	Human Resources supported by Community Development

Outcome 8: The City of Joondalup will provide opportunities and advocate for an increase in inclusion.

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
8.1 Investigate and implement ways of encouraging and supporting access and inclusion in the community.	8.1.1 City officers to play an advocacy role in relation to access and inclusion issues for individual community members, and on matters of broader community impact.	Access and inclusion issues brought to the City's attention are investigated and responded to with advocacy, referral or support.	✓	✓	✓	Community Development supported by relevant business units.
	8.1.2 People with lived experience are given the opportunity to collaborate directly with the City on matters of access and inclusion.	Investigate the establishment of an Inclusion Working Group which may include City officers, local service providers and community members with lived experience. Meetings are held by City officers with local service providers and community members to consult on matters of access and inclusion as required.	✓	✓	✓	Community Development.

24 City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24

Strategy	Action	Performance Measure	2021/22	2022/23	2023/24	Responsible area
	8.1.3 Undertake an advocacy role with the Public Transport Authority in relation to accessibility of transport infrastructure in the City. Advocate for the installation of shelters, seating, and lighting at bus stops at locations of identified need.	City officers advocate to the Public Transport Authority when issues regarding the accessibility of Public Transport Authority infrastructure in the City are raised by the public. Advocacy for the installation of shelters, seating, and lighting at bus stops at locations of identified need is undertaken.	✓	✓	✓	Infrastructure Management Services supported by Community Development
	8.1.4 Review the <i>Disposal of Minor Assets Policy</i> to support donating minor surplus assets to community groups and organisations that support people with barriers to participation.	<i>Disposal of Minor Assets Policy</i> is reviewed and updated to reflect donating minor surplus assets to community groups and organisations that support people with barriers to participation.	✓	✓	✓	Community Development.

4.0 Implementation

The implementation plan, as detailed in this document, has specific strategies, actions, performance indicators, timeframes and responsibility areas that will be in place for the life of the Plan.

The implementation plan may be amended upon annual review, by adding new action items as they are identified at each annual review or amending or removing actions that have been completed or were not successful in enhancing access and inclusion. All items will be listed for consideration in the relevant budget cycle but are not guaranteed to be funded.

This document will inform specific actions to ensure all practicable measures are taken by City officers, agents, and contractors to adhere to the City of Joondalup *Access and Inclusion Plan 2021/22 – 2023/24*. The City will provide a progress report annually to the Department of Communities and Council on the progress of all listed strategies and actions including those that are removed or amended.

City of Joondalup Access and Inclusion Plan 2021/22 – 2023/24 2024/25 Progress Report

Status Key:	Proceeding according to plan	
	Target partially met	
	Target not met	
	Completed	
	Carried forward (to next financial year)	

Outcome 1: The City of Joondalup will provide events and services that are planned to maximise physical accessibility and social inclusivity.

	Strategy	Action	Performance Measure	Status	Comments
1.1	Events offered by the City are planned to maximise physical accessibility and social inclusivity	General and specific physical access issues are considered and catered for at City events.	85% of items on the Access Institute <i>General and Specific Access Issues Checklists for events</i> are met.		85% of the Access Institute's <i>General and Specific Access Issues Checklist</i> items for events were met including provisions for general physical access, mobility, sensory, and social inclusion.
			Advice on specific and general access requirements of events is sought from the Community Development Officer - Access and Inclusion.		Advice is provided where requested as well as through the City's internal assessment process for public events.
		Make provision for additional accessible parking and alternatives at events.	Where practical, at least 5% of parking bays at major City events will be accessible parking bays.		Wheelchair accessible pick-up and drop-off areas were provided for the Valentine's Concert, along with general access areas. 100 allocated ACROD bays were fully utilised.
			Provide alternatives to parking at City events, such as pick up and drop off areas.		Two accessible shuttle buses operated throughout the Valentine's Concert event, supported by a designated rideshare / drop-off zone and accessible buggy transport between parking areas and the event site.

	Strategy	Action	Performance Measure	Status	Comments
		City events include sensory- friendly opportunities.	Social Stories (part of creating a sensory-friendly environment) are available on the City’s website to a minimum of four events annually.		Social Stories were created for Little Feet Festival held on 13 October 2024.
			A minimum of four City events include a sensory-friendly zone.		Sensory friendly zones were included at Little Feet Festival held on 13 October 2024.
		Programming at City events considers the social inclusion needs of people with different abilities.	Music in the Park events have Auslan interpreting.		Auslan interpreter services were available at two Music in the Park concerts: <ul style="list-style-type: none"> • Warrandyte Park, Craigie, 2 November 2024. • Bramston Park, Burns Beach, 9 November 2024.
			Provide accessible and inclusive additional features at a minimum of four City events such as access matting, audio interpretations of events, sensory-friendly programming.		Auslan interpreter services were available at: <ul style="list-style-type: none"> • Valentines Concert held 13 February 2025 • Joondalup Festival events <ul style="list-style-type: none"> ○ A One Man Circus ○ The Waiting Room ○ Lady Macbeth Played Wing Defence ○ Anything You Can Do ○ Common People Dance Eisteddfod Sensory friendly activities available at Little Feet Festival and Joondalup Festival. Sensory Story Time sessions were delivered at Whitford Library during school terms, 32 sessions were held in 24/25.
		Youth Programs accommodate young people with disability.	Youth School Holiday Program places to be reserved for young people with disability.		No places were taken up during 2024/25.

	Strategy	Action	Performance Measure	Status	Comments
			The City's youth workers and truck attend local Education Support Centres programs at least six times each year.		No school visits were undertaken in 2024/25.

Outcome 2: The City of Joondalup will provide buildings and facilities that maximise physical accessibility and social inclusivity.

	Strategy	Action	Performance Measure	Status	Comments	
2.1	New and redevelopment works provide access to people of all abilities	Where relevant and practical, consideration is given to redevelopments and new buildings exceeding the minimum accessibility requirements.	Additional accessibility features are considered in new, and redevelopment works and incorporated into design where relevant and practical.		<p>The City's new and redeveloped facilities comply with the Australian Standards minimum requirements.</p> <ul style="list-style-type: none"> • Adding handrails in the toilets at Padbury Hall, as requested by Leisure and Culture Booking Office • Gibson Park UAT – new built. • Sir James McCusker UAT – new built. • Percy Doyle Community Sports Facility – refurbishment and extension. • Grove Child Care UAT <p>The new Duncraig Adventure Hub construction commenced which incorporated a sensory playground incorporated into the design which exceeds the accessibility standards relevant to playgrounds. This was completed in 2025-26.</p>	
		Install additional accessible seating in parks and along walking trails.	Investigate appropriate locations for increased seating based on demographics and walkability in specific suburbs.			<p>The following accessible features were installed in parks:</p> <ul style="list-style-type: none"> • 21 bench seats with back rests. • Eight accessible table and chair sets. • Nine universal access footpaths.
			Install accessible seating in approved locations based on outcome of investigation.			

			Respond to 100% of requests for seating.		No requests were received in 2024-25
		Consider the provision of more than the minimum required number of accessible parking bays at City facilities where relevant and practical.	New and redeveloped City car parking includes provision of more than the required amount of accessible parking bays as assessed by building use.		<p>Carpark upgrades implemented at various public open spaces, reserves and community facilities, including:</p> <ul style="list-style-type: none"> • Tom Simpson Park North and South carparks • Padbury Hall Community Centre • Christchurch Park
		Consider provision of parallel ACROD parking bays as well as angled bays to accommodate rear loading vehicles where practical.	New and redeveloped City car parking includes provision of parallel ACROD parking bays as well as angled bays to accommodate rear loading vehicles where appropriate.		No parallel ACROD bays were completed during 2024/25.
		Consult with Community Development Officer - Access and Inclusion or an external Access Consultant where appropriate, when designing and planning new City buildings or redeveloping/renovating current City buildings.	The City's Community Development Officer - Access and Inclusion or, if appropriate, an external access consultant, is consulted for access advice during the design and planning of 100% of new or redeveloped buildings.		Engaged external consultants to assess accessibility across the Joondalup Library facility in 2024/25. Assessment was completed, along with the development of a concept design that considers upgraded entry points and routes and revised main entry to support better accessibility and meet all relevant standards. This will be considered as part of a future Joondalup Library project.
		Investigate improving the accessibility of beaches and foreshore environments.	Participate as an active partner in the Accessible Beaches for All working group.		Working group was halted due to external funding ceasing.

		Investigate and identify beach and foreshore locations that may benefit from upgrades to pathways, toilets and accessible parking and other features which impact accessibility.		All building renewal, upgrade and new construction works are required to meet the relevant standards, this is included in the scope and design processes.
		Budget for and implement accessibility upgrades in approved locations.		No upgrades during this period.
	Where practical and relevant, include accessible features (such as continuous accessible paths of travel to major equipment/facilities, tables (to fit wheelchairs), signage, accessible toilets, drinking fountains (height access), shade, accessible and sensory play equipment) in new or refurbished park and public open space facilities.	Community Development Officer - Access and Inclusion is consulted to provide access advice in the design and planning of new or refurbished parks and public open space facilities.		No consultation during this period, noting that the inclusion of accessibility features is part of the design process for all new projects covering both legislative and building requirements as well as functionality and community requirements.
	Investigate an access upgrade to the parking and entry of Joondalup Library.	Accessible features (including play equipment) are included in new and refurbished park and public open space facilities where practical.		Assessment was completed by access consultants, along with the development of a concept design that considers upgraded entry points and routes and revised main entry to support better accessibility and meet all relevant standards.
		A feasibility study on increasing accessibility of Joondalup Library is prepared and considered.		Accessible paths were constructed at Trappers Park, Mawson Park, Annato Park and Balanus Park, and to the new pump tracks at Gibson Park and Lysander Park, and the Elcar Dog Park extension. Universal access play equipment was included in Mawson Park and Percy Doyle higher-classification parks in line with the City's Public Open Space Framework, with recent installations at Mawson Park play space. Installation of a universal access drink fountain at Warrandyte Park.

2.2	Provide accessible streetscapes.	Pathways are monitored for obstruction by vehicles. Accessible parking bays are monitored for misuse.	Infringements are issued where obstructions of pathways are caused by parking and when accessible parking bays are used without displaying an ACROD parking permit.		Community safety reviewed, amended & implemented the Parking Local Law 2024 with Council approval. Private property agreements were under review, with assessments conducted for ACROD Bays statutory compliance.
		Ensure maintenance, repair and upgrades of pathways and kerb ramps.	Required repairs of pathways and kerb ramps are completed in a timely manner.		28 access ramps and 21 new and upgraded accessible pathways modified and installed. Including improvements of access ramp connections to Public Access Ways (PAW).

Outcome 3: The information that the City of Joondalup provides publicly will be accessible to all community members.

	Strategy	Action	Performance Measure	Status	Comments
3.1	All City websites are accessible and user- friendly.	All City websites meet Level A level as a mandatory minimum, preferably with Level AA level features where reasonably practicable, and aspiring to the Level AAA of the Web Content Accessibility Guidelines 2.0.	Undertake an access audit of the Youth Services website.		The Youth Services independent website has been closed and integrated with the City's main website.
			Implement recommendations of audit in the Youth Services website.		The City's website meets WCAG2.1 AA accessibility compliance standard.
			Corporate website is reviewed every two years by a Web Access Consultant.		Joondalup Festival minor redevelopment scope included meeting Web Content Accessibility Guidelines 2.0. Development completed in November 2024.
			Implement the accessibility recommendation from the two-yearly access audits.		The Craigie Leisure Centre website averages an AA (middle level of accessibility compliance) rating with the majority of it being rated AAA (the highest level, offering maximum accessibility), per the Web Content Accessibility Guidelines (WCAG) 2.0. The City's website meets WCAG2.1 AA accessibility compliance.
			A Web Access Consultant is consulted during the development of any new websites, or existing website that are significantly upgraded or redeveloped.		A web consultant was brought in at two key stages during the website redevelopment process to provide expert guidance and ensure alignment with best practices. Their involvement helped shape the strategic direction early on and later ensured the final implementation met the project's goals and WCAG2.1 AA accessibility compliance.
3.2	Make City publications accessible to	Review and update the City's Guidelines for accessibility of printed material.	Guidelines for accessibility of published material are reviewed and updated.		The City's Writing Style Guide was reviewed and updated in 2024, including a dedicated Accessibility and Inclusion Writing Guide.

	Strategy	Action	Performance Measure	Status	Comments
	people of all abilities.	City publications are designed in line with the City's Guidelines for accessibility of printed material.	90% of marketing material produced by or for the City meets the City's Guidelines for accessibility of printed material.		The City's marketing materials are compliant with this target and the City's brand style guide supports this accessibility.
		Ensure the statement 'Available in alternative formats and languages upon request' is printed on City publications.	95% of City publications listed in Guidelines for accessibility of printed material state 'Available in alternative formats and languages upon request' in a minimum 11-point font.		Statement is provided near the front of each annual report, corporate business plan, and the Strategic Community Plan, <i>Joondalup 2032</i> .
3.3	Improve community awareness of the accessibility of City of Joondalup services and events.	Produce a publication or marketing campaign for staff and the community which outlines the City's accessible services and events.	Accessible and Inclusive Communities for Everyone brochure is reviewed.		Publication has been reviewed and will be re-published in 2025/26

Outcome 4: All community members will receive the same level and quality of service from the staff of the City of Joondalup.

	Strategy	Action	Performance Measure	Status	Comments
4.1	Improve and sustain staff and Elected Member awareness of access and inclusion issues and improve skills to provide a good service to people of all abilities.	Staff to attend mandatory training on Access and Inclusion.	All employees participate in Access and Inclusion Training at least once over the three-year life of this Plan.		119 staff attended the Disability Access and Inclusion face to face workshop 39 staff completed the Special Broadcasting Service (SBS) Core Inclusion module 110 new staff attended the Access & Inclusion induction
		Provide training for Elected Members on Access and Inclusion.	All Elected Members are offered Access and Inclusion training as part of their induction process.		No new Elected Members were inducted during this period.

Outcome 5: All community members will have the same opportunities to provide feedback and lodge complaints to the City of Joondalup.

	Strategy	Action	Performance Measure	Status	Comments
5.1	Ensure that current grievance mechanisms and satisfaction survey forms are accessible to people of all abilities.	Ensure a variety of ways are available for customers to lodge a compliment or complaint with the City.	100% of requests for an alternative method to lodge a compliment or complaint are met.		100% of Access and Inclusion related enquiries were responded to.

Outcome 6: Community consultation processes and tools will be designed to be accessible and inclusive.

	Strategy	Action	Performance Measure	Status	Comments
6.1	Improve community awareness about consultation processes in place.	Provide alternative engagement feedback methods when appropriate.	As part of the engagement processes feedback methods will include consideration for those experiencing disabilities and/or social isolation.		All City consultations include feedback methods with consideration of people living with disabilities and social isolation.

Outcome 7: All community members have equal employment opportunities at the City of Joondalup.

	Strategy	Action	Performance Measure	Status	Comments
7.1	Review recruitment policies and practices.	Develop and implement guidelines which facilitate greater interview opportunities for people with disability, people from CaLD backgrounds and Aboriginal and Torres Strait Islander people.	Guidelines are developed and implemented relating to recruitment practices for interviewing diverse candidates.		These guidelines were incorporated into the City's internal Diversity and Inclusion Plan.
		Develop a recruitment Diversity Statement that reflects the City's commitment to workplace diversity.	100% of vacancies advertised to include the Diversity Statement.		100% of vacancies advertised to include the Diversity Statement
		Distribute eligible vacancies through Jobs and Skills WA and target specialist employment service providers, networks, and social media to attract diverse candidates.	100% of eligible vacancies are advertised through non-mainstream avenues.		100% of eligible vacancies are advertised through non-mainstream avenues.

	Strategy	Action	Performance Measure	Status	Comments
		Seek opportunity to implement section 66S and 66R of the <i>Equal Opportunity Act 1984</i> to increase the representation of people with disability.	Application of section 66S or 66R for at least one vacancy per year.		No applications were identified for advertisement via the 66S and 66R provisions for 2024/25.
7.2	Provide employment pathways.	Identify entry level pathways and opportunities for the establishment of apprenticeships, traineeships and cadetships.	Creation of at least one entry level pathway role each year.		No new apprenticeships, traineeships or cadetships were considered for creation in 2024/25.
		Expand the application of the work placement program and identify additional areas to support diversity group placements.	Provide work experience and/or employment opportunities for a minimum of 12 people with barriers to employment annually.		Ten (50%) work experience placement students from 2024/25 self-identify as living with disability.
7.3	Increase collaborations and partnerships.	Develop partnership opportunities with employment agencies and organisations to facilitate employment opportunities for diverse candidates.	Establishment of a partnership with one service provider annually to facilitate employment opportunities for diverse candidates.		The City has partnered with Ability WA, APM Communities, Autism Association, RSL, and Working Spirit to provide opportunities to diverse candidates.

Outcome 8: The City of Joondalup will provide opportunities and advocate for an increase in inclusion.

	Strategy	Action	Performance Measure	Status	Comments
8.1	Investigate and implement ways of encouraging access and inclusion in the community.	City officers to play an advocacy role in relation to access and inclusion issues for individual community members, and on matters of broader community impact.	Access and inclusion issues brought to the City's attention are investigated and responded to with advocacy, referral or support.		<p>The City received access and inclusion related requests during 2024/25. All requests were responded to, and some highlights include:</p> <ul style="list-style-type: none"> • Advocating for the removal of a bollard which impeded access to a shopping centre. • Provision of information on accessible parking relating to events to community. • Improvement of internal process regarding event applications. • Encouragement of event organisers to include provision for patrons that may require accessible entry.
		People with lived experience are given opportunity to collaborate directly with the City on matters of Access and Inclusion.	Investigate the establishment of an Inclusion Working Group which may include City officers, local service providers and community members with lived experience.		<p>The City maintains regular contact with local service providers and community members with lived experience who will be key contact for future consultations. This includes through the ongoing facilitation of the Disability Interagency Network in partnership with the Cities of Wanneroo and Stirling. While these mechanisms have proven effective, the City has considered the need for a dedicated Inclusion Working Group and determined that current structures sufficiently meet consultation requirements at this time. The approach will be reviewed as community needs evolve.</p>
			Meetings are held by City officers with local service providers and community members to consult on matters of access and inclusion as required		<p>The Disability Interagency Network review outcome has transitioned the group to a community-led model with the initial workshop held delivered by Ability WA in May.</p>

	Strategy	Action	Performance Measure	Status	Comments
		Undertake an advocacy role with the Public Transport Authority in relation to accessibility of transport infrastructure in the City.	City officers advocate to the Public Transport Authority when issues regarding the accessibility of Public Transport Authority infrastructure in the City are raised by the public.		As part of the Public Transport Authority (PTA) Bus Shelter Subsidy Program (BSSP), the City installed 8 new bus shelters. These all included upgrades to the bus stop pad ensuring accessibility.
			Advocacy for the installation of shelters, seating, and lighting at bus stops at locations of identified need is undertaken.		The City installed additional bus stop seating and undertook streetlight upgrades on the road network to improve street lighting as needed.
		Review the <i>Disposal of Minor Assets Policy</i> to support donating minor surplus assets to community groups and organisations that support people with barriers to participation.	<i>Disposal of Minor Assets Policy</i> is reviewed and updated to reflect donating minor surplus assets to community groups and organisations that support people with barriers to participation.		The review of the policy will be considered in 2025/26.

4 City of Joondalup Age-Friendly Plan 2018/19 – 2022/23

Communities *in-focus* program 2018 participants of the Asset Based Community Development Workshop with WA Senior of the Year Peter Kenyon. Communities *in-focus* supports community groups and agency leaders.

Mayor's Message

The City of Joondalup boasts significant natural areas, quality infrastructure, vibrant community groups, strong transport networks, opportunities for lifelong learning and high general liveability, making it an attractive place for older adults to live and visit.

The City of Joondalup is committed to fostering an age-friendly community that supports the inclusion, diversity and contributions of older adults in all aspects of life. The *City of Joondalup Age-Friendly Plan 2018/19 – 2022/23* serves as a guide for the City to make further improvements that increase age-friendly features and, by doing so, enable good health, strong social connectivity and active participation.

The City has a growing proportion of older residents, with this trend expected to continue. This plan is intended to provide an effective localised approach for responding to the ageing demographic.

The *City of Joondalup Age-Friendly Plan 2018/19 – 2022/23* was informed by an extensive consultation process with older residents, not-for-profit service providers, business sector community groups and City employees.

The World Health Organisation's Age-Friendly Cities Policy Framework underpins the City's plan, a holistic approach that optimises opportunities for quality of life.

I look forward to the implementation of this plan and encourage your ongoing feedback and involvement in advancing our vision to be "A Global City: Bold, Creative and Prosperous".

Hon. Albert Jacob JP
Mayor

6 City of Joondalup Age-Friendly Plan 2018/19 – 2022/23

Dun Craig Edible Garden committee member Kath Moller. The City has a Memorandum of Understanding (MOU) with the volunteer run community group Dun Craig Edible Garden. The MOU includes the provision of land surrounding the Dun Craig Library and storage space.

Purpose

The purpose of the *Joondalup Age-Friendly Plan 2018/19 – 2022/23* is to articulate the City's commitment toward fostering active-ageing environments, where opportunities for health, wellbeing, security and participation are maximised to achieve optimal quality of life.

What is an age-friendly community?

An age-friendly community is one that anticipates and responds to the needs of its ageing population in a respectful and inclusive way. This understanding is shared by the community who value the contributions of older adults and encourage meaningful connections in everyday life. When a community is designed with older residents in mind, it becomes more accessible for everyone.

The World Health Organisation (WHO) has taken an active leadership role in researching, creating and promoting age-friendly cities. WHO is widely recognised and accepted for setting the international benchmark for age-friendly communities. WHO facilitates a global network of practitioners to make advances in creating “a world where you want to grow older” through continued learning and sharing of knowledge.

The World Health Organisation states:

“Age-friendly environments (such as in the home, community) foster healthy and active ageing by building and maintaining intrinsic capacity across the life course and enabling greater functional ability in someone with a given level of capacity.”

“Age-friendly environments foster healthy and active ageing. They enable older people to: age safely in a place that is right for them; be free from poverty; continue to develop personally; and to contribute to their communities while retaining autonomy, health and dignity. Because older people know best what they need, they are at the centre of any effort to create a more age-friendly world.”

In practical terms, age-friendly environments are free from physical and social barriers and are supported by policies, systems, services, products, programs and technologies that promote wellbeing over the course of one's life. Age-friendly communities strive to support people who may be facing individual challenges to continue to do the things they value.

Age-friendly communities:

- Recognise the wide range of capacities and resources among older people.
- Anticipate and respond flexibly to ageing-related needs and preferences.
- Respect older people's decisions and lifestyle choices.
- Reduce inequities.
- Protect those who are vulnerable.
- Promote older people's inclusion in and contribution to all areas of community life.

The WHO has established eight 'domains' that are interconnected and combine to create an age-friendly community where older adults can thrive. The WHO's eight domains, with key themes identified through worldwide research, are:

1. Outdoor spaces and buildings

Suitable outside environments and public buildings support the mobility, independence and quality of life of older people.

2. Transportation

A variety of transport options that are accessible, affordable and available to support older adults maintain independence and travel to destinations of choice safely and reliably.

3. Housing

Suitable, adequate and affordable housing located near services and social networks that supports older people to age in place.

4. Respect and inclusion

A healthy community includes programs, services and events that maximise the participation and involvement of older people with dignity and understanding.

5. Social participation

Strong and regular social connections are vital to fostering positive relationships, wellbeing, physical health and a sense of belonging.

6. Civic participation and employment

Enabling older people to continue making valuable contributions to their communities in any way, including through paid employment or voluntary work if they so choose.

7. Communication and information

Effective access to timely, accurate communication in a variety of formats is vital for older people to feel included and continue to make informed choices about their life.

8. Community support and health services

Age-friendly communities meet the desire of older adults to have health support and care that is of good quality, available, accessible and affordable.

The *City of Joondalup Age-Friendly Plan 2018/19 – 2022/23* is based on the eight domains above, with community feedback influencing the strategies and actions in each domain.

What is an Age-Friendly Plan?

An age-friendly plan is a strategic document outlining specific actions to create an age-friendly community for a specific region. The plan sets the direction to identify and address localised needs of an ageing population through the development of effective strategies and actions related to the physical and social environment.

Background to an Age-Friendly Joondalup

The City's natural beauty, amenities, programs, services and cultural activities provide an age-friendly environment across all generations. In 2011, Joondalup was named 'most liveable City' in the International Awards for Liveable Communities (Livcom).

In 2008 the City of Joondalup consulted with older residents and community stakeholders under the Guidelines of the State Government Age-Friendly Communities Toolkit. This toolkit was based on the WHO Age-Friendly Cities Guide with a local context. Following the community engagement, the City developed the *Positive Ageing Plan 2009 – 2012*. The Plan had 82 strategies under the WHO Age-Friendly Cities domains, 62 of which have been imbedded into ongoing City practices.

In 2013 the City commissioned a report: *Planning for and Accommodating an Ageing Population* which has provided guidance to foster an age-friendly community and plan for the changes in demographics.

The City of Joondalup received funding in 2016 from the State Government, Department for Communities, to develop an age-friendly plan for Joondalup. Concurrently, the Department supported the Cities of Stirling and Wanneroo to collaborate as part of a tri-cities partnership with Joondalup to ensure the needs of older adults were addressed in a regional context. It is intended that this regional approach will provide an opportunity for collaboration and resource-sharing between the Local Governments into the future.

The three tiers of government in Australia take on different responsibilities in relation to an ageing population. In a local government context, the City of Joondalup's role in creating an age-friendly community is one of advocacy, facilitation, coordination and referral. The City of Joondalup is not a direct service provider of aged care, a responsibility held mainly within State Government, community organisations and commercial sector. The City takes on the implementation of policy as directed by State or Federal Government and develops its own policy, practice and projects at a local level.

The *City of Joondalup Age-Friendly Plan 2018/19 – 2022/23* is based on robust research and consultation with key stakeholders to ensure a strong foundation for positive change.

Ageing in place

The Council on the Ageing (COTA) in WA defines ageing in place as “remaining living in the community, with some level of independence, rather than in residential care”. This generally means continuing to live comfortably in one’s own home by choice as an individual gets older, rather than moving into a care facility.

The factors most likely to influence the desire for adults to age in place or move include: ease of access to community and services, financial suitability, comfort, preferred location, sense of belonging and proximity to family and friends. Ageing in place enables people to maintain independence and confidence for longer which is of benefit to both older people and their families. It also reduces stress on aged care accommodation providers and public infrastructure.

Ageing in place can take considerable planning, home modification and adaptive technologies to enable older adults to live independently and safely in their own home. It also requires an individual to be aware of self-capabilities if needs change which may necessitate moving into a higher level of support.

Who are the City’s older adults?

Like any demographic cohort, the characteristics and attributes of older adults in the City of Joondalup vary greatly which, in turn, shapes the nature of services and lifestyle opportunities that would be most meaningful for an individual.

Age is one way of defining the target group for this Age-Friendly Plan and, for the purposes of this plan, the City has proposed the age bracket of 65 years plus because it aligns with the current age pension eligibility in Australia.

Using age alone to define older adults has limitations, because lifestyle and other factors can impact significantly on day to day activities for older people. Some of the differences experienced by older adults include, for example:

- vocation – working full-time, working part-time, retired, volunteering
- mobility – fully mobile, partially mobile, mobile with aids (such as walker or gopher), immobile

- health – healthy and active, poor health, diagnosed ill-health, palliative care
- care for others – dependent children, grandchildren, providing childcare, providing care to a partner, needing assistance, needing full-time care
- connectivity – active and social, involvement in community, involvement in family, being housebound, social isolation
- financial – wealth and continued financial growth, financial stability, low financial stability or financial disadvantage.

The City acknowledges that every older adult has a unique set of personal circumstances that combine to create different challenges and opportunities in everyday life. The City is committed to fostering a local community that supports every older adult to thrive.

Community demographic profile – ageing population

The City of Joondalup has a population of 160,995 (2016 Census). The age and character composition of the community provides key insights into the level of demand for age-based services and facilities. The profile of the City's older adults such as age, ancestry, education, community and need for assistance can help the City and service providers understand the current need for services and how that demand is changing.

12 City of Joondalup Age-Friendly Plan 2018/19 – 2022/23

Joondalup Health Campus is the largest health care facility in the northern suburbs of Perth including rehabilitation and acute aged care medicine who works closely with patients, carers and family. Services for older people include Falls, Balance and Mobility, Memory Clinic, Osteoporosis Clinic, and a Parkinson's Support Group.

Ageing in context

The City of Joondalup reports that older workers and retirees (aged 50-59 years) account for 14.7% of the population, which is slightly higher than the Greater Perth average of 12.2%. Similarly, the empty nesters and retirees group for Joondalup is also slightly higher, representing 11.9% of the population compared to 9.7% across Greater Perth. Residents over 70 years constitute seniors (7%) and elderly (1.6%) and are both lower than Greater Perth which are 7.5% and 1.8% respectively.

From 2011 to 2016, the City of Joondalup’s population increased by 2,039 (1.3%) with the largest change in age structure being empty nesters and retirees (an additional 3,078) and seniors (an additional 2,121).

The census reports that net population growth has plateaued in recent years, with more births than deaths, but more emigration than immigration. Older residents are currently more likely to live in the southern and coastal suburbs of the City. It is likely that this may change over time, with the northern suburbs likely to report increasing numbers of older adults in coming years due to the existing young families ageing in place.

Future ageing population

The City’s population is likely to grow moderately in the future from 160,995 in 2016 to approximately 178,000 by 2036. The number of older residents is likely to increase significantly, and the proportion of older residents is likely to increase moderately. The proportion of seniors and pensioners (65-84 years) is likely to increase significantly while the proportion of older workers and retirees is likely to decrease.

An additional 10,000 residents are predicted to reach the age of 65 every five years for the next 25 years. Many older residents are involved in the City’s community groups and play an important role in their families and the broader community.

Ageing population (future): Joondalup population growth 1991 – 2041

Ancestry

Ancestry defines the cultural association and ethnic background of an individual going back three generations. Ancestry is a good measure of the total size of cultural groups in the City of Joondalup, regardless of where they were born or what language they speak.

The three largest ancestries reported in the 2016 Census in the City of Joondalup were English, Australian and Irish.

Some of the key ethnicity information for older adults in the City of Joondalup is listed below:

- Half of the City’s older residents were born overseas.
- Of those who were born overseas, over half moved to Australia between 1966 and 1985 (30-50 years ago).
- Over 85% of older people in the City speak only English.
- Of those who speak another language at home (2,048), few (less than 300) speak English “not well” or “not at all”.
- Although Afrikaans (followed by Mandarin) is the highest reported language other than English spoken at home across the whole City, for residents over 65 the most common language after English is Italian (followed by German).
- Older residents are more likely to have been born in the United Kingdom (UK) than younger residents.
- Older residents from the UK primarily live in the northern and central suburbs (Connolly, Edgewater and Iluka).
- Older residents from South Africa primarily live the northernmost suburbs (Burns Beach and Kinross).
- Almost three-quarters of older residents are Christian.

Cultural diversity of older people: Languages spoken at home 2016 (Top 10)

City of Joondalup (total population)

City of Joondalup (65+ years)

Education, employment and volunteering

Tertiary education qualifications are one of the most important indicators of socio-economic status. In 2016, 23.5% of the City's population (43,099) held a tertiary qualification, which is slightly higher when compared to Greater Perth at 22.9% of the population.

The 2016 Census reports the following for the City of Joondalup:

- Older residents have less formal education and are less likely to have completed high school than those under 65 years.
- Older residents have higher levels of education attainment than the Australian average.
- Older residents are slightly less likely to do volunteer work than the Australian average.
- Older residents spend longer doing housework than the Australian average.
- Older residents are more likely to provide unpaid childcare for grandchildren than the Australian average.
- More than half of older residents earn less than \$500.00 per week.
- Over 60% of older residents receive the age pension.

Information sourced from Volunteering WA suggests that people aged 45-54 years were the most likely to be volunteers (44%), followed by those aged 55-64 years (43%). The City is aware that it has many older volunteers who support the delivery of City and community services, proving to be an essential part of creating overall community well-being.

Need for assistance

Of the whole City of Joondalup population 5,054 (or 3.3%) reported needing help in their day-to-day lives due to disability. In relation to older residents specifically, it was identified that the need for assistance increases with age, with the census reporting that:

- 13% of older residents require assistance with core activities.
- 12% of older residents provide unpaid care to a person with disability.
- The provision of unpaid care decreases with age.

This information can help State Government and support agencies determine the need for service provision in the City of Joondalup to cater for people in need of assistance.

Methodology - consultation and engagement

With the uptake of age-friendly practices globally, the City of Joondalup recognises the importance of this Plan to reflect the specific needs and aspirations of the local community. This requires giving older adults a voice to express their desires for ageing in place, identifying challenges that affect their daily quality of life, and nurturing the positive aspects of community that already exist. The City acknowledges that creating an age-friendly community is the responsibility of a wide variety of different key agencies and stakeholders who together can make a big difference to the quality of life for older adults.

In 2016 the City undertook a rigorous, community-led consultation that was consistent with the publication *Age-Friendly Communities: A Western Australian Approach and the Global Age-Friendly Cities: A Guide*. The consultation was structured to reflect the eight age-friendly domains established by WHO.

The community engagement and consultation process included the following:

- Distribution of print and online surveys to participants.
- Group discussions and interviews at community centres, aged care facilities, senior centres and a Community Home Support Program day centre.
- Interviews and discussions with service providers, representatives of government and non-government agencies, businesses and City of Joondalup employees.
- Prioritisation workshops where participants considered the most important areas of focus, with workshops involving older adults, carers and family members, city employees, and representatives of business, government and non-government agencies.

Overall, the consultation methods above involved 534 participants contributing their views and ideas about how to create an age-friendly City, including 383 survey responses, 67 older adults participating in workshops and the remainder being other stakeholders. This included City employees, representatives from government and non-government agencies, community groups and individuals.

Of the older adults who completed the survey, 33% were male and 67% were female. The age breakdown of respondents was 18% aged 50-59 years, 40% aged 60-69 years, 26% aged 70-79 years and 16% were 80 years plus.

The City drew from the community consultation findings and relevant research to guide the City's commitments included in the *City of Joondalup Age-Friendly Plan 2018/19 – 2022/23*.

The Keystrokes program provides one-to-one tutoring with a volunteer for technology including smartphones, tablets and computers with an average of 11 participants a week.

Community Wellbeing Survey

In 2016, the City of Joondalup delivered its first Community Wellbeing Survey with the aim to better understand the overall level of wellbeing experienced by people living and working within the City. Hard-copy questionnaires were sent to a random sample of 3,000 ratepayers. There were also online questionnaires available to the whole community.

The Community Wellbeing Survey collected 1,180 completed surveys (39% response rate). A total of 435 residents who responded to the survey were over 60 years of age.

The survey results noted that older residents:

- Are more likely to perceive their lifestyle as more affordable and healthy than other residents.
- Value living close to health services, retail, public transport, parks, and hospitality and entertainment.
- Perceive their community to be less safe than other residents, particularly at train stations, bus stops and entertainment precincts, especially at night.

The City can use this information to help allocate resources in a way that brings most meaningful improvement.

Community feedback: City of Joondalup age-friendly consultation outcomes

Strengths and areas for improvement regarding living in the City of Joondalup were highlighted in the consultation as:

Strengths

- An abundance of open spaces that are well maintained and safe in the community.
- A broad range of accessible public amenities providing opportunities for community connections and leisure activities.
- An array of active community groups, organisations and clubs.
- A wide range of low cost or free leisure and lifelong learning programs, events and activities.
- Extensive volunteering opportunities available with support from the Joondalup Volunteer Resource Centre.
- Provision of transport through the Community Transport Program for those who are unable to drive or access public transport.
- A wealth of knowledge and experience within the senior population.
- Ability to live independently in the community with affordable assistance.

Challenges

- Social participation barriers experienced with many contributing factors cited including lack of access to transport, the digital divide and isolation.
- Insufficient availability of information to help make informed choices around ageing.
- Reported lack of shelter, seating and timetable information at some bus stops.
- Reported lack of public toilets, seating, and shade near seating in some outdoor spaces.
- Cost of parking and limited number of ACROD and senior bays at public facilities.

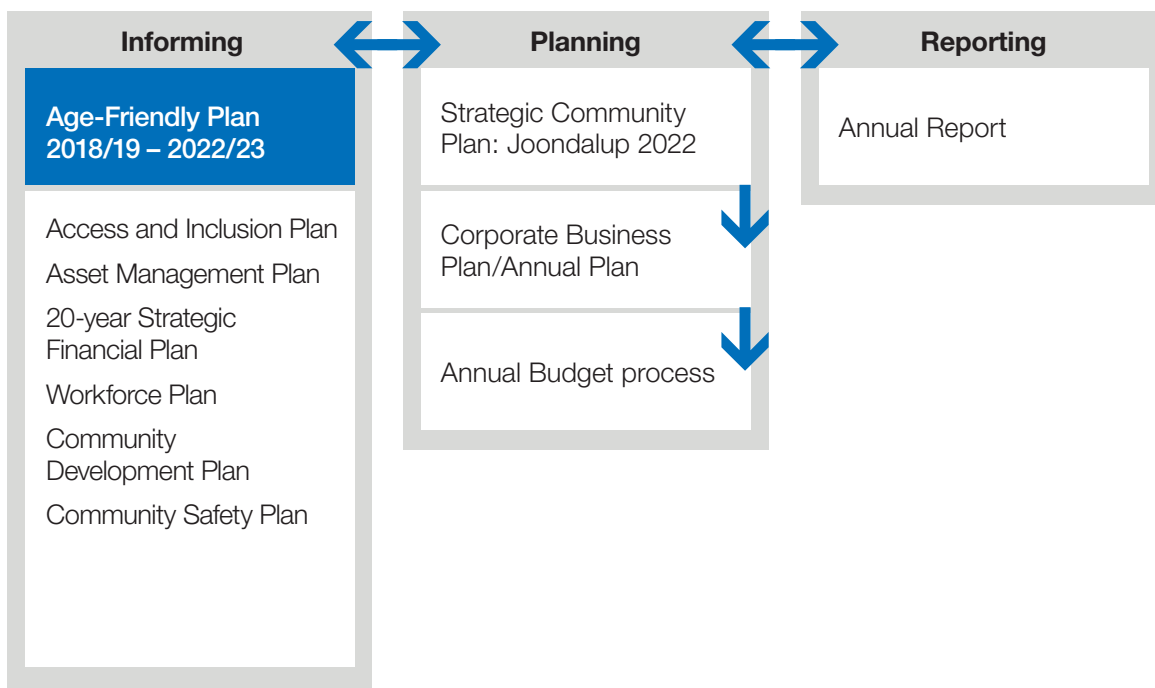

The Age-Friendly Plan is informed by a wide range of research including contributions from the community and stakeholders. The information was analysed and assessed to form priorities consistent with community need and expressed desire.

Strategic alignment

Planning and collaboration is required to support residents to age with dignity, maintain their independence, play active and valued roles in the community and have their rights respected and upheld.

The City of Joondalup has several existing documents which have strong links to the Age-Friendly Plan:

- *Joondalup 2022 – Strategic Community Plan*
- *Corporate Business Plan*
- *Asset Management Plan*
- *20 Year Strategic Financial Plan*
- *Workforce Plan*
- *Access and Inclusion Plan 2018 – 2021*
- *Community Development Plan 2015 – 2020*

Current Age-Friendly Practices

The City of Joondalup was a finalist in the 2018 Seniors Awards, organised by COTA, in recognition of its commitment to implementing strategies that support positive ageing.

The City has made significant contributions in support of its ageing population, which will continue through the life of this Plan. Some of the City's recent highlights that support age friendly communities include:

- Delivering events and activities at City of Joondalup Libraries that target participation by older adults, including Live and Learn Sessions, Discovery Sessions and opportunities for social interaction with groups such as knitting, Game On and Mah-Jong.
- Ensuring City of Joondalup Libraries remain relevant for older adults, including large print material and audiobooks, provision of a door-to-door Books on Wheels Service and free internet to access online services.
- Supporting older adults to improve their digital literacy with programs including Keystrokes, ECU Enactus Net-Uni and Digital Drop-in.
- Implementing initiatives such as Get on Board to assist older adults to use public transport, and age-friendly training with shopping centres and businesses.
- Maintaining the Local History and Reference Library that encourages lifelong learning, researching family history and celebrating heritage.
- Implementing Platinum Fitness, offering a range of Pump, Aqua, Circuit and Pilates classes specifically for those over the age of 50 years.
- Implementing Platinum Adventure, offering a wide range of activities and excursions to people aged over 50 years who are residents of the City of Joondalup or a member of the City of Joondalup Leisure Centres.
- Supporting active ageing by enabling residents and ratepayers who are older adults or have a pension card to a discount on health and fitness memberships at the City of Joondalup Leisure Centres.
- Establishing the Community Choral Project, which is a highly successful community choir that is open to all, attracting mainly adults aged 50 years and older.
- Continuing to stage the popular Sunday Serenades, a monthly music performance tailored for older adults, including free transport for eligible participants.
- Partnering with the Joondalup Volunteer Resource Centre (JVRC), promoting the benefits of volunteering by older adults to share their skills and promote active ageing.
- Strong representation of older adults in the City's consultation and engagement activities.
- Participating in professional industry networks to better understand sector needs, share resources and advance age-friendly practices.
- Promoting social connections through the Act Belong Commit campaign, 55+ Activity Guide, online Community Directory, Community Information Line and City Showcase which includes services, programs and events.
- Embedding Universal Design Principles into the planning and construction of upgraded facilities, new public buildings and public open space which has improved access for older adults (and all people) to these amenities.

- Continuing operations of the Community Transport Program, a door to door service run by volunteers that helps older residents with transport barriers to visit nominated shopping centres, the City of Joondalup Library or senior citizens centres in the City.
- Equal Opportunity and Employment Protocol outlines the City's commitment to providing equal employment opportunities for all including older people.
- Implementation of a *Walkability Plan* that increases and improves networks and infrastructure for walkways.
- Provision of free or subsidised community facilities to clubs and groups for older people.
- Provision and maintenance of public open space grounds and accessible infrastructure.
- Provision of an art gallery for the Joondalup Community Arts Association, with a high proportion of senior membership.
- Facilitation of the Seniors Club Network which fosters relationships, information sharing and capacity building for 30 local groups.
- Delivery of *Communities in-focus*, a capacity building program for community clubs and organisations, many of whom support seniors.
- Support for the re-location and establishment of the Joondalup Men's Shed at Winton Road, Joondalup.
- Commitment to ensure contractors are made aware of their responsibilities to comply with the access and inclusion requirements as part of engagement.
- Demographic profiling and research undertaken to support effective social and facility planning.
- Financial contribution to the delivery of the CAT bus service, which offers free accessible transport from the Joondalup Train Station to key amenities in the City centre.
- Local Planning Scheme No. 3 allows the subdivision of blocks in specified areas close to shops, train stations and high frequency bus routes. This provides residents within these areas the option to age in place within their existing community and in close proximity to existing services. It also provides an opportunity to release equity from their property and contribute to their retirement funds.
- The change to allow ancillary dwellings to be rented to tenants other than relatives provides affordable small dwellings for older people or the opportunity for a passive income stream.

City of Joondalup Age-Friendly Plan 2018/19 – 2022/23 2024/25 Progress Report

Status Key:	Proceeding according to plan	
	Target partially met	
	Target not met	
	Completed	
	Carried forward (to next financial year)	

Domain 1: Outdoor Spaces and Buildings

Suitable outside environments and public buildings support the mobility, independence and quality of life of older people.

	Strategy	Action	Measure	Status	Action in 2024/25
1.1	Continue to ensure the City's public buildings and open spaces are safe, functional, accessible and welcoming for older adults.	Identify and address access barriers to City buildings, facilities and built environment.	The principles of Crime Prevention through Environmental Design (CPTED) and Universal Design are utilised when planning for upgraded spaces. (Community Safety and Crime Prevention Plan)		All upgrades and new constructions comply with the National Construction Code and have consideration of CPTED and Universal Design principles, these included: <ul style="list-style-type: none"> • Added handrails in the toilets at Padbury Hall, as requested by Leisure and Culture Booking Office • Gibson Park UAT – new build. • Sir James McCusker UAT – new build. • Percy Doyle Community Sports Facility – refurbishment and extension. • Grove Child Care UAT
		Ensure that implementation of the City's five-year Capital Works Program takes into consideration the needs of older adults.	Number of places and spaces improved. (Capital Works Program and the Active Reserve and Community Facilities Review)		The following park upgrades and renewals incorporated universal access footpaths, picnic settings, and benches: <ul style="list-style-type: none"> • Cliff Park – universal access footpath and one bench with backrest. • Gibson Park – universal access footpath, one universal access toilet, one accessible picnic setting, and one bench with backrest. • Balanus Park – one bench with backrest. • Lysander Park – universal access footpath, one accessible picnic setting, and one seat with backrest.

	Strategy	Action	Measure	Status	Action in 2024/25
					<ul style="list-style-type: none"> Annato Park – universal access footpath and one seat with backrest. Glenbank Park – universal access footpath and one seat with backrest. Kanangra Park – universal access footpath and one seat with backrest. Mawson Park – extension of universal access footpath and one new seat with back and armrests. Trappers Park – two seats with backrests. Naturaliste Park – one new seat with backrest installed on a concrete pad connecting to the existing path network, and a new universal access footpath connection to the play space.
		As a part of new or refurbished park facilities, include age-friendly outdoor features.	No specific measure.		In park upgrades, benches with backrests and universally accessible picnic settings are installed as standard, in addition to universal access footpaths. Refer to above.
		Promote the availability of public toilets.	Promotion of public toilets on the National Public Toilet Map.		Public toilets listed on website. All City public toilets listed on the National Public Toilet Map.
1.2	Advocate for shopping centres and other businesses to create and maintain environments that are age-friendly.	Connect shopping centres and other businesses to information and training opportunities	Number of connections and advocacy efforts.		No progress in 2024/25.
		Encourage the modification of environments and customer service to accommodate the needs of older adults.	Number of businesses connected to training opportunities.		No progress in 2024/25.

Domain 2: Transport

A variety of transport options that are accessible, affordable and available to support older adults maintain independence and travel to destinations of choice, safely and reliably.

	Strategy	Action	Measure	Status	Update
2.1	Encourage journey independence of older adults by supporting accessible, affordable and relevant transport options.	Promote the availability and use of the free CAT Bus service in the Joondalup City Centre.	Number of times transport options are promoted.		<p>The Public Transport Authority (Transperth) hosted a stall at the Seniors Lifestyle Expo on 10 June with a high level of public engagement (250 to 300 Seniors estimated in attendance)</p> <p>'Get on Board' public transport education tour was held on 29 April.</p> <p>Transperth listed in 55+ Activities, Groups and Support Guide.</p> <p>Getting Around Town booklet, which includes information about Transperth and the CAT bus, available to download on the City's website and printed copies available at Joondalup Libraries.</p>
		Maintain the City's door-to-door Community Transport Program for people with transport barriers.	Number of participants in the Community Transport Program.		89 program participants.
2.2	Continue to improve suitability of bus stops for older adults.	Advocate to Public Transport Authority (PTA) for improved bus stops in locations with expressed need, including seating, lighting, shelter and suitability of boarding platforms.	Number of bus stops improved.		Seven bus stop upgrades across various locations.
2.3	Encourage suitable parking options for older adults.	Investigate suitability of senior parking and ACROD bays upon request or upgrade.	Number of senior parking bays installed.		Senior and ACROD parking bays are considered as part of all City projects that impact upon parking, and are included where relevant, and effective.

Domain 3: Housing

Suitable adequate, and affordable housing located near services and social networks support older people to age in place.

	Strategy	Actions	Measure	Status	Update
--	----------	---------	---------	--------	--------

3.1	Enable older adults to plan effectively and make informed choices about housing as their needs change.	Connect older adults to relevant, timely and accurate information on housing supplied by State Government and relevant agencies.	Minimum of two promotions annually that highlight housing information for older adults.		<p>The Seniors Housing Advisory Centre (SHAC) is promoted in the Seniors 55+ Activities, Groups and Support Guide.</p> <p>General housing information was provided at the Seniors Lifestyle Expo on 10 June by the Department of Communities Seniors Housing Advisory Centre.</p>
		Raise awareness about the types of housing options available to support people to make informed choices (such as residential care, nursing home, retirement village, etc).	Number of awareness initiatives delivered.		<p>The Seniors Housing Advisory Centre is promoted in the Seniors 55+ Activities, Groups and Support Guide.</p>
		Raise awareness about adaptive technology or home modifications to help people age in place.	Number of awareness initiatives delivered.		<p>LiveUp, a not-for-profit organisation promoting assistive technology, was a stallholder at the Seniors Lifestyle Expo on 10 June 2025</p>
		Investigate opportunities to increase and encourage the uptake of universal design principles in new residential developments to assist people to age-in-place.	Outcome of investigation reported.		<p>The City continues to consider and implement requirements for universal design in relevant planning policies and in the assessment of planning proposals.</p>
3.2	Support an effective affordable housing approach.	Review existing, and identify new opportunities, to optimise affordable housing approaches.	Affordable housing investigations progressed.		<p>Through the current review of the housing component of the City's Local Planning Strategy, it is noted that the strategy, as a land use planning document, has limited influence over housing affordability.</p> <p>Therefore, it is not intended to take further action beyond ensuring that the revised Local Planning Strategy continues to plan for additional dwelling capacity, which may have some influence on housing affordability particularly through the facilitation of a range of lot sizes which includes the potential to accommodate smaller dwellings.</p>

Domain 4: Respect and Inclusion

A healthy community includes programs, services and events that maximise the participation and involvement of older people with dignity and understanding.

	Strategy	Action	Measure	Status	Update
4.1	Support older adults to feel understood, respected, valued and confident.	Provide respectful, age-friendly customer service at all City centres.	Number of staff attending age-friendly training.	Yellow	No age-friendly specific training was delivered. 120 staff received access and inclusion training which incorporated age-friendly principles.
		Connect local businesses to training opportunities about the benefits of, and how to improve, their age-friendliness.	Number of businesses connected to training opportunities.	Red	No progress in 2024/25.
		Promote nominations of older adults in the City's Australia Day Awards.	Number of nominations received for older adults for Australia Day Awards.	Green	The City received 21 nominations in total including five nominations received for Senior Citizen of the Year and four nominations for Award for Active Citizenship (group or event).
		Enter the City into relevant awards to showcase worthy initiatives.	Number of awards entered for City initiatives.	Red	No award nominations submitted.
4.2	Capture and celebrate the City's rich social history.	Identify older residents who have lived in the City of Joondalup for an extended time and record the stories of their life to preserve for future generations.	Number of oral histories captured and made available to the public. (Reference and Local History Action Plan)	Green	Joondalup Local History conducted one oral history recording, and 46 transcriptions were made available of local City of Joondalup residents.
4.3	Ensure that the City portrays the diversity of different ageing cohorts.	Utilise positive images of older adults of different generations and backgrounds.	Positive images used.	Green	Considered and used positive images as appropriate across all City print and digital platforms. For example, Library Services integrated the 55+ demographic into their photo shoots which were then used for library and City promotional materials including the Annual Report.
4.4	Increase awareness between different age groups about the valuable contributions of older people.	Advocate, facilitate and encourage intergenerational initiatives to occur within the City.	Number of intergenerational initiatives supported.	Green	Sunday Serenades is a community concert series that connects and entertains people across generations. The Common People Dance Eisteddfod brought together participants of all ages to perform at the Joondalup Festival 2025. Anything You Can Do, was an intergenerational performance at the Joondalup Festival 2025, which paired six older community members with younger artists to co-create a show enjoyed by audiences of all ages.

--	--	--	--	--	--	--	--	--	--

Domain 5: Social Participation

Strong and regular social connections are vital to fostering positive relationships, wellbeing, physical health and a sense of belonging.

	Strategy	Actions	Measure	Status	Update
5.1	Foster a community that supports older adults to be healthy, socially connected, involved and embracing opportunities for lifelong learning.	Ensure the needs of older adults are catered for with a variety of sport, recreation, leisure, arts, culture and library options on offer by the City.	Number and nature of events, programs and initiatives for older adults.		<p>Libraries offer a range of in-house programs, clubs, and groups to encourage social connection and lifelong learning, including Discovery Sessions, Meet the Author events, Games, Chess, Jigsaws, Mahjong, Genealogy, English and French Conversation classes, Brain Games, Technology Support, Book Clubs, Crochet and Knitting, Writers' Group, and Camera Club. Tech help sessions are also available for older people to assist with engaging in the online and business world.</p> <p>Libraries hosted events for Mental Health Month in October 2024, with topics including "Boost Your Wellbeing."</p> <p>Local History offers tailored genealogy and local history information sessions. 104 sessions were held with 400 attendees.</p> <p>The Books on Wheels program serviced 200 clients with 2,500 visits including to homes and aged care facilities for people who are unable to visit a library, carry books, or who are carers for people in those categories.</p> <p>The Craigie Leisure Centre (CLC) offers a range of programs and activities for people over 50 years of age. These provide a way to remain active and foster social connection. Programs include access to the gym, along with a variety of group fitness classes such as Pump, Aqua, Circuit, and Pilates. CLC operates 50 platinum classes a week with an average attendance of over 800.</p> <p>The City's annual cultural program includes five events and program streams designed to have a positive impact on the community, including the older demographic. While not specifically targeted to older age groups, Sunday Serenades is attended predominately by older adults.</p>

	Strategy	Actions	Measure	Status	Update
		Promote the Meet Your Neighbour Program to the City's Seniors Club Network and resident's associations.	Increasing trend for uptake of Meet Your Neighbour program.		The Meet Your Neighbour program has been reviewed and discontinued during this period. The Communities in-focus program will provide support and guidance for local community projects going forward.
		Deliver the 'Live and Learn' program and annual showcase.	Customer satisfaction rating over 85% on surveys undertaken.		Live and Learn program was ceased in 2020 and replaced with the Libraries Discovery Sessions program and the Seniors Lifestyle Expo.
5.2	Encourage older adults to get involved with their local community and have regular social connections.	Implement a Seniors' Expo showcasing local service providers and opportunities for older adults.	Number of stalls and attendees at the 55+ Seniors Expo.		The Seniors Lifestyle Expo was held at Westfield Whitford City Shopping Centre on 10 June featuring 14 stallholders attracting approximately 263 attendees. Exhibitors included Council on the Ageing, Advocare, The Spiers Centre, Services Australia, and Northern Suburbs Legal Centre, alongside a range of community, health, and wellbeing providers.
		Update and promote availability of the 55+ Seniors Activity Guide, Community Directory, and Community Information Line.	Number of promotions of information availability.		The Community Directory had a significant refresh in preparation for the new website launch in September 2024 with search and reporting functionality improvements with 333 listings related to aged and disability service and 33 seniors' clubs and groups. The 55+ Seniors Guide will not be reprinted as the Community Directory enquiries can be tailored to each request and printed on demand with up-to-date information.
		Link with the 'Act-Belong- Commit' message.	Number of initiatives linked to the Act Belong Commit campaign. (Community Development Plan)		Two programs were linked to Act Belong Commit during this reporting period: <ul style="list-style-type: none"> • Step Into Volunteering session • Senior Lifestyle Expo 2025
5.3	Empower the community to identify and address matters affecting older adults in the City.	Maintain the Community Funding Program with 'Age-Friendly' projects as a key objective, and older adults as a priority target group.	Number of age-friendly projects supported by the Community Funding Program. (Community Development Plan)		The following age-friendly projects were supported by the Community Funding Program: <ul style="list-style-type: none"> • Joondalup Community Coastcare Forum's Australian Pollinator Week event at Iluka Foreshore Park on 12 November 2024.

	Strategy	Actions	Measure	Status	Update
					<ul style="list-style-type: none"> • Joondalup Men’s Shed’s upgrade of the air filtration system for shed members to improve health and safety, as well as their female friendly training sessions. • Joondalup Symphony Orchestra’s ‘Annual Choral Program’ project to deliver a year-long engagement of a community choir. • Motion by the Ocean’s ‘More Rides and Better Promotion’ project, which purchased additional trishaw batteries to allow the provision of more rides. • Mullaloo Surf Life Saving Club’s ‘Beachside Community Inclusion Day,’ which provided basic first aid training workshops on 5 February 2025. • No Limits Perth’s ‘Cover for Care’ project to ensure the safe transport of emergency aid, including essential food and household items, to vulnerable individuals. • Northern Lights Music Western Australia’s ‘Orchestral Instruments Loan and Scholarship Program – Servicing and Repairs’ project, aimed at catering to people experiencing financial or other barriers to participation in music. • Undercroft Bridge Club’s first aid kit and first aid training course held on 10 February 2025. • Peter Cowan Writers Centre’s ‘Come. Create. Contribute. Connect.’ project, which will deliver a series of workshops to develop local writers’ works.

Domain 6: Civic Participation and Employment

An age-friendly community provides options for older people to continue to contribute to their communities in many ways, including through paid employment or voluntary work if they so choose.

	Strategy	Actions	Measure	Status	Update
6.1	Promote volunteering as a way for older adults to share their skills, improve self-confidence and	Actively encourage the benefits of volunteering by older adults and promote how to get involved.	Number of initiatives that encourage volunteering		<p>Two Step into Volunteering sessions were delivered, with a total of 63 attendees.</p> <p>The inaugural Volunteer Expo was held on Saturday, 24 May, at Joondalup Library during National Volunteer Week (10am–1pm). The event was well received by both the public and volunteer-involving organisations (VIOs). A total of 162 information bags</p>

	contribute meaningfully to the community.				were distributed, with over 200 people attending. Stallholders included 14 VIOs, five Friends Groups, and three Library Groups. The Volunteer Joondalup Resource Centre provides information about volunteering, volunteering opportunities, and referrals to volunteer-involving organisations. A total of 850 enquiries and referrals were made through the centre.
			Activities are reported in the City's Annual Report.		A number of volunteer related activities are reported within the City's 2024/25 Annual Report which was released during this reporting period.
6.2	The views of older adults are sought and valued in helping to shape the strategic directions for the City of Joondalup.	The views of older adults are sought through consultation and engagement opportunities.	Percentage of older adults who respond to community consultation activities.		41.4 percent of residents aged 55 years or older participated in the City's Customer Satisfaction Survey completed in early 2025.
6.3	Show civic leadership by participating in collaborative efforts to foster age-friendly communities.	Participate in the Local Government Professionals Age-Friendly Network.	Number of network meetings and initiatives attended.		One Local Government Professionals Age-Friendly Network committee meetings attended. Senior Community Development Officers attended the local Government Seniors Community Development Officer Network meetings.
		Join the WHO Global Network for Age-friendly Cities and Communities.	Membership to the WHO Global Network.		Not progressed.
		Actively participate in the Regional Age-Friendly Regional Partnership with the Cities of Stirling and Wanneroo	Number of network meetings and initiatives attended.		No meetings held during reporting period, the partnership is maintained by regular information sharing.

Domain 7: Communication and Information

Effective access to timely, accurate communication in a variety of formats is vital for older people to feel included and continue to make informed choices about their life.

	Strategy	Action	Measure	Status	Update
7.1	Ensure that traditional print media continues to be utilised where suitable, especially for City information that would impact older adults.	Review and update the City's 'Guidelines for accessibility of printed material'. Information where the target audience is older adults includes a print format.	Marketing material produced by or for the City meets the City's Guidelines for accessibility of printed material. (refer Access and Inclusion Plan).		The City's marketing materials are compliant with this target and the City's brand style guide supports this accessibility.
7.2	Empower older adults to participate fully in everyday activities by improving digital literacy.	Provision and promotion of free digital literacy training through Joondalup Libraries on how to use new technology, smart devices, computers, online platforms and social media. Delivery of the Be Connected program.	Number of participants in digital training. Be Connected Grants acquittal (phase one) and application (phase two).		557 Keystrokes sessions were held with 641 attendees at all City libraries 12 Digital Drop-in sessions were held at Woodvale library with 231 attendees. Topics included 'What to do with your photos', 'Stay safe online' and 'Computer basics'. The program was completed in April 2021.
7.3	Support older adults to be informed and feel confident making choices relevant to their individual circumstances as they age.	Deliver Live and Learn lifelong learning program, provide guest speakers and services information on a range of topics that affect older adults.	Number and satisfaction of attendees		Joondalup Libraries delivered Discovery Sessions and Community Discovery Sessions for adults, with a total of 73 sessions attracting 1,971 attendees. Topics included 'Building Strong Bones', 'Laughing Yoga', 'Scams and Scones', 'Musical Theatre', 'Wills and Power of Attorney', and 'Serenades of the Season'. Discover Outbound, designed for adults aged 55 and over, offered 24 sessions with 789 attendees. Outings included Motion by the Ocean, the Army Museum, Kaarakin Black Cockatoo Conservation Centre, and Yanchep Caves. One Get on Board public transport education session was held on 29 April 2025. Libraries supported Lions Healthy Hearing pop-up sessions at each branch.

	Strategy	Action	Measure	Status	Update
			Number of Community Directory updates and new entries.	Green	The City launched a newly designed website and Community Directory in September 2024. The Community Directory held 525 records as of 30 June 2025
		Foster relationships with age-friendly organisations to improve the level of information promoted and made available to older adults.	Continue facilitation of Seniors Club Network.	Blue	No Seniors Gatherings were held. Seniors Gatherings were incorporated into the Communities in-focus program in 23/24. Communities in-focus capacity building programs were promoted to seniors' clubs and groups.
			Continue facilitation of Seniors Club Network and investigate the development of an Age-Friendly Joondalup network.	Yellow	As above. Preliminary discussions held with regional local governments for the development of a joint regional Age-Friendly Network.

Domain 8: Community Support and Health Services

Age-friendly communities meet the desire of older adults to have health support and care that is good quality, available, accessible and affordable.

	Strategy	Actions	Measure	Status	Comments
8.1	Increase the knowledge of available community support and health services.	Raise awareness of health and wellbeing options.	Delivery of the Community Information Service.	Green	Information relating to promotion of health services is put on display in Joondalup Libraries Community Information display areas. Local not for profit groups and clubs listed on the City's Community Directory.
		Enhance promotion and referral pathways for the development of community support and health initiatives.	Investigate the development of local Age-Friendly Joondalup network.	Blue	It was determined in 2022 that a local Age-Friendly Joondalup network is not required due to existing networks. These include the North Metro Health Service Health Promotion Network, which provides useful information on existing health initiatives relevant to seniors, and the City's partnership with Mentally Healthy WA, promoting the Act Belong Commit campaign.
8.2	Support and recognise carers as a vital group	Participate in recognising and valuing the importance of carers.	Carers Week initiative (October)	Green	Carers Week initiative – social media post to celebrate the contribution of carers during National Carers Week 2024 (October 13-19).

The Cities of Joondalup and Wanneroo acknowledge the Traditional Custodians of this land, the Whadjuk people of the Noongar nation. We recognise the culture of the Noongar people and the unique contribution they make to our region and Australia. We pay our respects to Elders past, present, and emerging, and all Aboriginal and Torres Strait Islander peoples.

Message from the Mayors

The Cities of Joondalup and Wanneroo are proud to deliver a Regional Homelessness Plan that will help our community to understand, prevent and respond to homelessness.

The Plan is the result of two years of work, with respectful consideration given by both Cities, and includes input from stakeholders in the community who have an interest in the wellbeing of people at-risk of, or experiencing homelessness. Underpinning the Plan is comprehensive research into the complexities and prevalence of, reasons for, and responses to homelessness.

The Regional Homelessness Plan is a framework that will inform how our Cities respond to homelessness and provides milestones for action. We will review and report on the Plan every year.

We are very pleased that the Cities of Joondalup and Wanneroo are working together to bring positive and long-lasting results for our community members with high needs in our growing northern metropolitan suburbs.

Hon Albert Jacob
Mayor, City of Joondalup

Brett Treby
Deputy Mayor,
City of Wanneroo

Background

In 2015, the Cities of Joondalup and Wanneroo were asked to consider a response to homelessness and rough sleeping in the northern corridor. This was prompted as a result of increasing homelessness and unemployment, and housing affordability pressures within the Cities. Together, the Cities developed a Regional Homelessness Plan 2018/19 – 2021/22 which was adopted by both Councils in 2018.

With the Plan due to expire in 2021/22, the Cities recognised that its intention and purpose were still applicable and relevant; therefore, the Cities have decided to extend the Regional Homelessness Plan, with revisions to reflect the current environment. These revisions; most notably address that the homelessness landscape has changed over the past four years, with a global pandemic and housing crisis impacting both the availability and affordability of housing, and other social factors.

The Cities continue to play a key role in responding to homelessness by coordinating, supporting, facilitating and advocating for support services that will improve the lives of our most vulnerable residents. Collaboration with key agencies has been paramount to facilitating successful outcomes, and continues to be a strong theme recognised in the Plan.

The Cities of Joondalup and Wanneroo recognise that homelessness is a complex and growing issue affecting people in the northern suburbs as well as more broadly across Australia. Homelessness is an extreme representation of disadvantage and social exclusion in the community. Adding to the complexity can be a lack of community understanding through negative stigma or stereotypes which can hinder efforts to address homelessness.

The multi-dimensional nature of homelessness necessitates involvement by a wide range of organisations, including all spheres of government, community organisations and groups, the private sector and the broader community. The sharing of resources and knowledge is essential for enhancing social impact in the provision of policy settings, services, infrastructure and awareness raising to support those at risk of and experiencing homelessness.

In 2020 the State Government launched its first strategy to address homelessness. The *All Paths Lead to a Home: 10-Year Strategy on Homelessness 2020-2030* defines a clear role for local government authorities as being best placed to understand communities, facilitate local partnerships and coordinate place-based responses to homelessness.

Understanding homelessness

According to the Australian Bureau of Statistics (ABS) 2016 *Census of Population and Housing*, it is estimated that on any given night in Western Australia around 9,000 people are considered homeless and/or street present. Of these 9,000 people, approximately 1,000 are sleeping rough; with the remaining 8,000 experiencing 'hidden homelessness' – people with no choice but to couch surf or sleep in their cars. There are however, more people who are homeless yet not counted as such. The *Specialist Homelessness Services Annual Report 2020/21* revealed that 24,500 people in Western Australia received homelessness assistance, with family and domestic violence as the top reason for people accessing services.

While there is no broadly agreed definition of homelessness, the Australian Institute of Health and Welfare (AIHW) considers the cultural definition of homelessness incorporating three tiers of homelessness as:

- Primary homelessness: people without conventional accommodation (living in the streets, in deserted buildings, improvised dwellings, under bridges, in parks, etc.);
- Secondary homelessness: people moving between various forms of temporary shelter including friends' houses, emergency accommodation, youth refuges, hostels and boarding houses; and
- Tertiary homelessness: people living in single rooms in private boarding houses without their own bathroom, kitchen or security of tenure.

It is recognised that people will often move between these three tiers adding to the complexity of gathering accurate data of the current state of homelessness.

The Australian Bureau of Statistics defines homelessness as: When a person does not have suitable accommodation alternatives, they are considered homeless if their current living arrangement:

- Is a dwelling that is inadequate; or
- Has no tenure, or if their initial tenure is short and not extendable; or
- Does not allow them to have control of, and access to space for social relations.

The ABS definition of homelessness emphasises the core elements of 'home' in Anglo American and European interpretations as identified in research evidence (Mallet, 2004). These elements may include a sense of security, stability, privacy, safety, and the ability to control living space. Homelessness could therefore be considered as a lack of one or more of the elements that represent a 'home'.

It is known that the causes of homelessness are incredibly varied with each person having a unique set of circumstances that impacts their experience. During Homelessness Week in 2018, the Department of

Communities published its *Homelessness in Western Australia: A review of the research and statistical evidence* report, prepared by The Centre for Social Impact, University of Western Australia. This report outlined the key causal factors, drivers or associations that commonly present in populations of homeless people, these include but are not limited to:

- Trauma and Post Traumatic Stress Disorder (PTSD)
- Mental health issues
- Substance use problems
- Domestic and family violence
- Interactions with the justice system.

According to the report, the above factors may be co-occurring and/or interconnected. Trauma, substance use, and physical and mental illness often occur before, during and after periods of homelessness. Interactions with the justice system are similar in that there is research to indicate that there are high rates of ex-prisoners without a secure home, but also those experiencing homelessness especially chronic forms of homelessness such as rough sleeping, which lack safety, leave people more vulnerable to criminal activities and interacting with police. Domestic violence is the other key individual antecedent for homelessness. The link between domestic and family violence and homelessness is validated across a wide range of statistical data sources, as well as qualitative studies.

Housing stress

Provision of adequate and affordable housing is fundamental to tackling homelessness, acknowledging that causal factors are also required to be considered in the response. A Housing First approach, with wrap-around service support if required, is critical to preventing homelessness; so too is immediate access to suitable crisis accommodation. Understanding the local data to inform what is needed, tracking change and developing evidence-based solutions is critical to guide effective responses to homelessness.

COVID-19 changed the landscape of homelessness and exacerbated the housing crisis in Western Australia. Fiscal policy measures implemented during the first year of the pandemic have had a compounding impact on the economy, driving increased inflation and subsequently impacting the housing market. This has reduced the amount of affordable homes available for purchase and rent, affecting a cohort of people who have not previously required support services or been at risk of experiencing homelessness.

In the *Unlock Housing Heat Map Summary Homelessness and Housing Stress 2021* report, Shelter WA revealed that as of July 2021 the waitlist for social housing across WA was 17,320 households (over 30,000 people), with an average wait time of approximately two years. These wait times result in short and medium term accommodation options being filled to capacity, with 66% of requests for accommodation not being met.

With a strong demand for rental properties, a slow supply of new rental homes and rising rental fees, securing a rental property is more challenging now than ever before. Anglicare's *Rental Affordability Snapshot 2022* revealed that advertisements for rental homes have plummeted by over a third since the previous year. The national vacancy rate has fallen to record lows, halving from 2% to 1%. With these factors in play, there is even more pressure on low income renters to find an affordable home. The report also revealed that couples out of work, single parents on Centrelink payments and people on disability support all face a market where 0.1% of rentals are affordable to them.

Considering these alarming statistics and recognising that access to housing is a primary factor in reducing homelessness, improving opportunities for people to access social and affordable housing in a timely manner is one of the focuses of this Plan.

7 Regional Homelessness Plan

Homelessness in the Cities of Joondalup and Wanneroo

City of Joondalup

In March 2018, the ABS *Estimating Homelessness* report found that of the 154,455 City of Joondalup residents (2016), there were approximately 143 people experiencing homelessness, or 0.1% of the population. It was estimated that 80 individuals were staying temporarily with others, 30 were in supported services accommodation, 22 were in 'severely' crowded dwellings, six were living in boarding houses and four were sleeping rough or in an improvised dwelling. It is likely that the numbers were much higher. People experiencing homelessness are not easily captured in research. Additional resources were provided for the 2021 Census which engaged people with local knowledge to assist with data collection outreach to people who are street present. It is anticipated this has helped to build a more accurate picture of homelessness in the City.

In 2021, the City of Joondalup received 106 reports of people who were street present, with additional reports made by service providers and community run organisations through the Joondalup Wanneroo Ending Homelessness Group.

The City has a Strategic Position Statement in relation to homelessness:

"The City of Joondalup recognises that a whole of community response is required to reduce and prevent homelessness and minimise the impact of homelessness on families, individuals and the community.

The City's role in addressing homelessness will be one of coordination, support and advocacy in responding to homelessness in collaboration and partnership with the State and Federal Government, neighbouring local governments, homeless support services, community organisations and other relevant stakeholders to ensure that people experiencing homelessness are provided with effective and coordinated responses."

Launch of Positive Spin Mobile Laundry services, a collaboration between the Fortuna Foundation, No Limits and the Hepburn Centre.

Foodbank volunteer at the mobile service co-located with Meal Connect and Australian Red Cross.

The City of Joondalup also has an internal protocol which guides staff on the process for reporting rough sleepers and how to engage with a person experiencing homelessness. Under the protocol, staff are provided training on understanding and responding to homelessness, and rough sleepers are offered information, support and referral if they are open to it.

The City of Joondalup CBD is a service provider hub for the greater northern corridor, with 17 service providers and the Joondalup Health Campus including an Emergency Department and Mental Health division. The city centre is considered a safe place for people who are street present, providing a high level of amenities including access to transport, services and the Joondalup Library which provides access to free Wi-Fi and computer use.

In 2020, the poverty line benchmark income was \$457.00 a week or less (*Poverty in Australia 2020* Australian Council of Social Services). There were approximately 11,000 City of Joondalup residents with a weekly income of \$499.00 or less (ABS 2016 Census data). The Joondalup local government area is ranked in the top ten most advantaged local government areas in the Western Australia Socio Economic Index, which may contribute to residents who are of low socio-economic status being further marginalised. The City of Joondalup has a higher than average Western Australian median house price, which has been compounded by the current housing crisis. As a result, some residents, for example, young people leaving home, women escaping domestic violence and older women separating from long term partners with a lack of superannuation and divided assets, have been priced out of the local market possibly resulting in a need for them to relocate away from Joondalup and away from their local community and support networks.

City of Wanneroo

Findings in the 2018 ABS Estimating *Homelessness Report* state that of the 199,882 individuals living in the City of Wanneroo, 367 of them are experiencing homelessness, 0.18% of the total population. Of these 367 persons, none are sleeping rough or in improvised dwellings, eight are living in boarding houses, 26 are in supported accommodation for the homeless, 95 are staying temporarily with others and 232 are living in 'severely' crowded dwellings. These numbers are not an accurate representation of homelessness in the City due to difficulties in identifying people sleeping rough, in vehicles or couch surfing, particularly with the City's vast geographical spread. People experiencing homelessness are often transient, making it challenging to collect accurate data on the number of people experiencing homelessness.

Reports received from the City by local residents and service providers also challenge the ABS data. Over a 12-month period, from 31 March 2021 to 31 March 2022, the City received 98 reports of people sleeping rough in the community. Comparatively, in 2018 the City received 34 reports over a similar 12 month period. This significant increase in numbers is a result of improved data collection methods, increased awareness of homelessness, which was prompted by the development and implementation of the Plan, and an actual increase in the number of people experiencing homelessness. Improving data collection and alignment with state practices and methodologies continues to be a priority in the Plan.

The City of Wanneroo has many suburbs in the bottom 50th percentile on the SEIFA Index, with Girrawheen in the bottom sixth and Koondoola in the bottom third

percentile. The ABS report identified a number of suburbs in the South Ward as most at risk of or affected by homelessness. The suburbs of Pinjar and Wanneroo are in the top three suburbs in Australia experiencing mortgage stress, with Merriwa also included in the top ten. Furthermore, the Shelter WA *Unlock Housing Heat Map 2021* highlighted that nearly 43% of residents in Butler and 40% of residents in Girrawheen are experiencing rental stress.

The City has seen a large increase in the complexity and severity of homelessness reports, with a 37.6% increase in cases requiring agency involvement from 2020 to 2021. The City has also experienced the challenge of accommodating and supporting persons experiencing homelessness who are not yet ready to accept long-term support. Another challenge the City has experienced is the increasing demand for outreach and support services. Local volunteer organisations are overwhelmed and unable to meet the demand for their services, compounded by funded outreach services stating they have limited timely, or no capacity, to provide responsive assistance.

Preventative measures such as financial counselling, tenancy support and social connection are increasingly important given the high numbers of people at-risk, forecasted population growth, and economic factors such as increasing cost of living and lack of available and affordable housing. Additionally, responsive measures are needed to address those who are experiencing homelessness. In addressing this, the City will direct advocacy efforts to the State Government for increased funding towards assertive outreach programs and crisis accommodation within the City.

Case Study

Since the development of the Plan, the City's response to homelessness has been evolving. The Plan led to the development of an internal procedure to guide City staff on how to respond to reports of homelessness in the community. The procedure supports a compassionate, person-centric approach, aligning with the vision of the Plan, ensuring that people at-risk of, or experiencing homelessness, have the optimum opportunity to improve their circumstances.

In May 2020, a number of tents were erected at a local park by people experiencing homelessness. The City made contact with homelessness support services to engage with the individuals and also increased patrols in the area for the period. The City's compassionate approach to the situation provided the opportunity for the people experiencing homelessness to stay in situ whilst local voluntary organisations provided essential supplies. Unfortunately, due to the limited funded assertive outreach services and other resources available, this situation lasted approximately three months and the City was inundated with community enquiries; some voicing compassionate welfare concerns for the people sleeping rough, and others raising complaints about community safety and disruption to the local amenity. Eventually, as a result of collaboration between homelessness support agencies and the City, the majority of these people were supported to move into more appropriate accommodation and transition out of homelessness.

This compassionate approach has proved to be effective in supporting people to transition into appropriate housing; however has associated challenges, including meeting community expectations of moving people on quickly. The City strives to continue to build awareness of homelessness in the community to broaden understanding and empathy with the goal of removing negative stigma. The City also continues to advocate for the appropriate level of funded outreach services and transitional accommodation to be made available for this region.

Joondalup Wanneroo Ending Homelessness Group

In 2011, the Cities of Joondalup and Wanneroo were founding members of the Joondalup Wanneroo Homelessness Action Group (JWHAG) which was renamed the Joondalup Wanneroo Ending Homelessness Group (JWEHG) in 2018 to encapsulate the vision of the group.

The ambition to end homelessness aligns with the WA Alliance to End Homelessness which released its state-wide plan in 2018. Led by a not-for-profit homelessness service provider (currently Red Cross), JWEHG meets regularly and membership is open to members of government, community members with lived experience, not for profit, corporate and faith based organisations, and anyone else who works within the homelessness sector or related industry, in and around the Joondalup and Wanneroo region. The aims and functions of the group include:

- Providing a space where coordinated responses, partnerships and collaboration between stakeholders are encouraged.
- Promoting an integrated approach to service delivery and accommodation services in the region.
- Data collection and analysis, identifying service gaps, raising awareness, and advocacy.
- Information sharing on early intervention and homelessness services, programs, and events.
- Implementing responsibilities and actions in the Regional Homelessness Plan.
- Monitoring and responding to related industry and government developments including policy, funding and trends.

Since the development of the Plan, JWEHG have continued to strengthen and prosper in the homelessness space. The structure of the group has transformed to include subgroups of identified key priorities including advocacy, data collection and food relief. This serves to separate strategic goals and operational challenges, acknowledging the importance of both elements. Case conferencing at each meeting has led to a number of positive outcomes for vulnerable people, including people transitioning out of homelessness.

The group has experienced some challenges over the past few years, resulting in delays to the progress of the Plan. These challenges include limited resourcing and lack of a centralised, uniform approach to data collection. Recognising the challenges and identifying capacity building opportunities for JWEHG continues to be paramount to the success of the group.

The Chair of JWEHG has active involvement in both the Food Relief Collaboration Group, and the North West Metropolitan District Leadership Group (NWM DLG), ensuring that localised knowledge and data regarding homelessness in the region is shared. This allows the NWM DLG to support outcome based initiatives and advocate for local needs to be addressed and/or funded by relevant government agencies.

Case Study – A collaborative approach to ending homelessness

In 2020, JWEHG discussed a local family of five that were made homeless due to sudden unplanned unemployment. The children attended a local school in the area, and one of the family members presented with health conditions. The family experienced homelessness for the majority of a year.

To maintain hygiene standards and food security, the family accessed City facilities such as beach showers and barbeque stations; encountering a variety of challenges whilst experiencing homelessness, including the breakdown of their vehicle. This made accessing essential services such as food relief and washing facilities more difficult, resulting in further entrenchment in poverty which saw both the physical and mental health of the family decline.

Through a multi-agency response and effective collaboration, JWEHG came together to identify opportunities to support the family to transition out of homelessness into appropriate accommodation. The follow up and wrap-around services provided by JWEHG members were also vital to ensure the family maintained their new housing arrangement.

Whilst the above case study highlights the role of JWEHG in an operational capacity, the strategic element of JWEHG is paramount to preventing homelessness.

Regional Homelessness Plan 2018/19 – 2022 Launch

Community consultation

In 2015, the Cities of Joondalup and Wanneroo simultaneously adopted recommendations to develop a joint Regional Homelessness Plan; continuing to collaborate on strategic and operational initiatives and discussions since then.

In October 2016, a community stakeholder workshop was jointly hosted with 64 attendees from local government, state government departments, faith-based organisations, shopping centres, community-based homelessness and hardship services, real estate agents and people with lived experience.

In 2017, each City held workshops with their respective Elected Members who welcomed the opportunity to contribute towards the development of the Plan. Pertinent actions in the Plan were formed as a result of these workshops.

Key themes that emerged from all consultation include a targeted advocacy program to State and Federal governments to fund early intervention services; an exploration of partnership opportunities with service providers, local churches and businesses; the establishment of ongoing specialist homeless support programs and the identification of affordable housing options.

In 2018, consultation and contributions to the development of the Regional Homelessness Plan were focussed on key external stakeholders such as peak bodies, other local governments, and industry drivers such as Shelter WA, Red Cross Australia and the Western Australian Local Government Association.

In 2022, both Cities worked with JWEHG to assess the progress of the 2018/19 – 2021/22 Regional Homelessness Plan's actions, and reviewed information and data from local service providers and industry bodies over the period, with a particular focus on the past 12 months. This consultation acknowledged that the vision, and three key pillars are still relevant today and should continue to form the basis of the revised Action Plan, while also identifying revisions within the Action Plan that update the Plan in the current environment.

Snapshot of outcomes from the 2018/19 – 2021/22 Regional Homelessness Plan

The Regional Homelessness Plan 2018/19-2021/22 has resulted in a number of positive outcomes to support and improve the lives of people experiencing homelessness. Examples include:

Pillar 1: Building Capacity, Understanding and Engagement

- ✓ Training was delivered for key employees on important topics such as the role of Local Government in responding to homelessness and challenging existing beliefs and stereotypes to broaden understanding and foster empathy. This supports the Cities in delivering a compassionate, person-centric response to homelessness.
- ✓ Capacity building and collaboration with JWEHG resulted in multiple targeted initiatives such as the implementation of a Food Relief Collaboration Group, which aims to maximise food relief services for community, and reduce duplication across the region.
- ✓ Partnerships were formed with agencies that deliver support to people at risk of, or experiencing homelessness to facilitate collaboration and support people to transition out of homelessness.
- ✓ Assistance provided to community groups to support development and submission of successful funding applications to facilitate local community initiatives that benefit the wider community including vulnerable community members.
- ✓ National Volunteer Week 2019 campaign featured a series of videos developed to profile local volunteer services delivering support to people at risk of, and experiencing homelessness. The aim of this was to acknowledge the importance of volunteers and highlight the impact they can have.
- ✓ The Cities worked with Community Field Officers from the Australian Bureau of Statistics in 2021 to aid accurate data collection for the census to better inform homelessness statistics in the north metropolitan region.
- ✓ Research and engagement with businesses located in areas where people sleeping rough frequent to broaden understanding of homelessness and facilitate a more effective and compassionate response.
- ✓ Delivery of the Regional Homelessness Networking Forum in August 2021, highlighted key state priorities and funding opportunities in the homelessness space. The forum was attended by approximately 85 people from across the homelessness sector including CEOs and senior executives.

Pillar 2: Prevention and Early Intervention

- ✓ Development and distribution of the Joondalup and Wanneroo Hardship and Homelessness Directory which incorporates local and metro key service providers so information on homelessness support services is easily accessible.
- ✓ Facilitation of partnerships with a number of agencies that align with the prevention of homelessness such as financial counselling and food relief groups to ensure the community has access to key support services.
- ✓ Advocacy for the continuation or implementation of key homelessness support services that support vulnerable community members and enable them to improve their circumstances.
- ✓ Development and implementation of the Community Response and Recovery Fund in July 2021 which supported community response and recovery during the COVID-19 pandemic.
- ✓ Delivery of annual awareness campaign throughout Homelessness Week and Anti-poverty Week to increase community understanding on the issues that surround poverty and raise awareness on available support services.
- ✓ Implementation of a variety of initiatives in response to the COVID-19 Pandemic such as “Emerge Stronger” and provision of community care packs to minimise social isolation and facilitate community connection.

Pillar 3: Responding to Homelessness

- ✓ Development of a Homelessness Management Procedure guiding City employees on demonstrating a compassionate approach to people experiencing homelessness. The procedure is delivered in collaboration with service providers and considers both public and private property.
- ✓ Coordinating services to respond and support people experiencing homelessness on public property to ensure access to essential goods such as food and to facilitate opportunities to transition out of homelessness.
- ✓ Program of regular engagement with community groups and organisations and individuals has enabled better understanding of community need, the development of targeted responses, connections, and collaborations, and contributed to the Local Impact Assessment and Recovery Response report, which was presented to the state Government
- ✓ The Cities worked together to identify and liaise with agencies to encourage them to apply for state funding to provide homelessness outreach services in the northern suburbs.

The vision of the Plan

The Cities of Joondalup and Wanneroo are committed to ensuring that people at-risk of or experiencing homelessness have the optimum opportunity to improve their circumstances. The purpose of the Plan is to publicly articulate a collective commitment of prevention and response, to end homelessness in the region.

Actions in the Plan will be achieved through the development and implementation of agreed actions through each City's role to coordinate, support, advocate, collaborate and facilitate within their respective communities. This regional vision is underpinned by three key pillars:

- Building community capacity, understanding and engagement;
- Prevention and early intervention; and
- Responding to homelessness.

The Plan aims to:

- Clarify the Cities' roles in addressing homelessness;
- Work towards a strong and co-ordinated response to homelessness;
- Maximise efficiency of community resources in responding to homelessness;
- Seek to understand the nature and breadth of homelessness;
- Use data wisely to inform evidence based change and decision making;
- Engage and inform the community;
- Provide strategic direction for the Cities in relation to homelessness; and
- Advocate at a state and national level.

The role of local government

The Cities of Joondalup and Wanneroo role in responding to and addressing homelessness in our communities is to:

- Facilitate local partnerships;
- Coordinate place-based responses to homelessness;
- Advocate in identified areas where resource allocation or policy changes are needed;
- Ensure that information on local services and supports are available and accessible;
- Utilise land and assets to create places that are inclusive and can support vulnerable people, such as libraries and community centres; and
- Ensure Rangers, Field Officers and front line staff are informed and supported to interact with people experiencing homelessness.

The Cities acknowledge that different sectors and levels of government play different roles in responding to homelessness, and that collaboration and partnerships are vital to ensure best practice.

Further information regarding the roles of others can be found in the State Homelessness Plan – [All Paths Lead to a Home](#).

Measurement and accountability

The Cities of Joondalup and Wanneroo will oversee the implementation, review, evaluation and reporting of the Plan in context of their own local government area.

This includes ensuring the Plan is distributed both externally and internally, integrated into the business plans and budgets of relevant business units and reported on annually.

Regional Homelessness Networking Forum August 2021

Action Plan

Pillar 1: Building Capacity, Understanding and Engagement

Goal: Stakeholders communicate and collaborate effectively with clear purpose to end homelessness

Focus	Action	Timeline	Responsibility
1.1 Joondalup Wanneroo Ending Homelessness Group (JWEHG) Collaborative approach to identify, understand and improve local needs and outcomes	a. Support JWEHG to develop annual priorities	Annually	CoW & CoJ
	b. Build capacity of JWEHG as the group responsible for leading this collaborative approach	Ongoing	CoW & CoJ
	c. Bi-annual review of the Joondalup Wanneroo Ending Homelessness Group (JWEHG) and its alignment to sector strategies, policy and membership	2023/24 & 2025/26	CoW & CoJ
	d. Support JWEHG to collaborate with the North West Metropolitan District Leadership Group to generate strategic support and awareness of homelessness matters within the region	Ongoing	CoW, CoJ & JWEHG
1.2 Data Collection and Analysis Ensure relevant, accurate and consistent data is collected and made available in the region to inform advocacy and sound decision making by stakeholders	a. Research different approaches and mechanisms for centrally collecting and sharing data between local governments and service providers in the region	2022/23	JWEHG
	b. Define the type and potential uses of data collection and opportunities for sharing of analytics across the region	2022/23	CoW & CoJ
	c. Collect and share meaningful qualitative data on homelessness with stakeholders and different levels of government	Ongoing	JWEHG
	d. Advocate for local government and service providers within the Perth metropolitan area to have access to a centralised data sharing platform	2022/23 & 2023/24	CoW, CoJ & JWEHG
1.3 Strategic Relationships Build effective relationships and partnerships to address homelessness in the northern suburbs	a. Build effective relationships with key government agencies and peak bodies and ensure awareness of and respond to strategic and policy directions and funding opportunities for the region	Ongoing	CoW & CoJ
	b. Improve understanding and build knowledge and capacity of stakeholders within the region to deliver services and focussed efforts that addresses homelessness	Ongoing	JWEHG
1.4 Community and Stakeholder Education Engage the wider community to better understand homelessness and promote an individualised approach	a. Coordinate and support initiatives that challenge negative stereotypes, dispel myths and foster understanding	Ongoing	CoW & CoJ
	b. Build capacity of local businesses and stakeholders in hotspot areas to respond to reports of homelessness	Ongoing	CoW & CoJ
	c. Educate community on options available to assist in the prevention of and direct response to homelessness	Ongoing	CoW & CoJ

SPOTLIGHT PROJECT
Capacity building for businesses
 The Cities of Joondalup and Wanneroo are investigating capacity building for local businesses and shopping centre management to address homelessness, in line with the *No Wrong Door* approach.

Pillar 2: Prevention and Early Intervention

Goal: People have a strong sense of wellbeing and are capable of recognising triggers that lead to homelessness enabling them to take action early action

Focus	Action	Timeline	Responsibility
2.1 Services Supporting the region to have an optimal supply of services to meet demand	a. Explore service gaps, oversupply or duplicated effort in the region b. Collaborate with service providers to address and/or advocate for required service provision in the region	2022/23 Ongoing	CoW, CoJ & JWEHG CoW, CoJ & JWEHG
2.2 Community Connection and Support Support opportunities that benefit the wellbeing of the community, keep people connected and enable access to services	a. Advocate for and support programs that enhance community wellbeing and address social isolation b. Provide and facilitate access to affordable services to the community to enhance social connection c. Advocate, facilitate, support and promote community initiatives and services that address prevention and early intervention of homelessness consistent with the role of local government d. Raise awareness of the early warning signs of homelessness and encourage people to seek help if they are experiencing them	Ongoing Ongoing Ongoing	CoW & CoJ CoW & CoJ CoW & CoJ in partnership with organisations CoW & CoJ
2.3 Housing Accessibility Improve opportunities for people to access social and affordable housing in a timely manner	a. Advocate for more social and affordable housing in the region b. Support the provision of affordable housing in local housing strategies	Ongoing 2022/23 & 2023/24	CoW, CoJ & JWEHG CoW & CoJ

SPOTLIGHT PROJECT
Social connection for isolated people
 Investigate gaps, resources and models to improve social connection for isolated people and trial models to develop tailored approaches to reduce loneliness in the northern suburbs.

17 Regional Homelessness Plan

Pillar 3: Responding to Homelessness

Goal: People experiencing homelessness or sleeping rough have their basic needs met and ultimately are transitioned into appropriate support services

Focus	Action	Timeline	Responsibility
3.1 Direct Response Respond proactively to reports of people who are experiencing homelessness, being cognisant of differing needs	<ul style="list-style-type: none"> a. Provide information about available services and support for people who identify as experiencing homelessness b. Support the provision of homelessness support services in the region c. Support and participate in key initiatives to identify and address homelessness in the region d. Provide a person-centric direct response to people experiencing homelessness in the region 	<ul style="list-style-type: none"> Ongoing Ongoing Ongoing Ongoing 	<ul style="list-style-type: none"> CoW, CoJ & JWEHG CoW & CoJ CoW, CoJ, JWEHG CoW, CoJ, Service Providers
3.2 Advocacy Advocate for crisis and social accommodation services and funded outreach in the region	<ul style="list-style-type: none"> a. Advocate for the expansion of funded, specialised homelessness outreach services in the region b. Advocate for the provision of crisis accommodation, social housing and associated wrap around services in the region 	<ul style="list-style-type: none"> Ongoing Ongoing 	<ul style="list-style-type: none"> CoW, CoJ & JWEHG CoW, CoJ & JWEHG

SPOTLIGHT PROJECT

Local government collaborative approach

The Cities of Joondalup and Wanneroo are contributing to the Local Government Homelessness Knowledge Hub Project being led by Shelter WA, and are members of the Reference Group to help inform and guide the project.

SPOTLIGHT PROJECT

Local government collaborative approach

The Cities of Joondalup and Wanneroo will advocate for Government funded assertive outreach services and crisis accommodation in the region to support people to improve their situation.

City of Joondalup Regional Homelessness Plan 2022/23 – 2025/26 2024/25 Progress Report

Status Key:	Proceeding according to plan	
	Target partially met	
	Target not met	
	Completed	
	Carried forward (to next financial year)	

Pillar 1 – Building Capacity, Understanding and Engagement

Goal: Stakeholders communicate and collaborate effectively with clear purpose to end homelessness

	Strategy	Action	Status	Action in 2024/25
1.1	Collaborative approach to identify, understand and improve local needs and outcomes	a. Support JWEHG to develop annual priorities		<p>The City continued to collaborate with the City of Wanneroo and the Joondalup Wanneroo Ending Homelessness Group (JWEHG) to coordinate regional responses and strengthen service collaboration.</p> <p>During the year, JWEHG updated its Terms of Reference, appointed new leadership, and progressed shared priorities through its advocacy and early intervention subgroups.</p> <p>Key focus areas included increasing housing and support options, improving rental affordability, and advancing the development of a regional By-Name List (BNL) in partnership with the WA Alliance to End Homelessness.</p> <p>The group also raised awareness for campaigns including Homelessness Week, and the 16 Days in WA campaign and planned a joint initiative for Anti-Poverty Week.</p>
		b. Build capacity of JWEHG as the group responsible for leading this collaborative approach		<p>The City continued to support JWEHG in partnership with the City of Wanneroo, providing administrative and strategic support to the JWEHG Chair and Deputy Chair.</p> <p>During the year, JWEHG endorsed updated Terms of Reference, introduced a member communication list to enhance collaboration, and trialed improved meeting and communication processes.</p> <p>Advocacy and Early Intervention and Prevention subgroups met regularly to advance shared priorities including advocacy platforms, crisis accommodation,</p>

	Strategy	Action	Status	Action in 2024/25
				<p>crisis services hub, and developing a regional BNL, a promotional campaign for early intervention and prevention services and a joint project.</p> <p>The City supported JWHEG to engage speakers from agencies to inform members on best-practice approaches to tenancy support, harm reduction, inclusive housing, and prevention strategies.</p> <p>The group collaborated to support activities including Homelessness Week, Anti-Poverty Week, and 16 Days in WA, promoting greater public understanding and cross-sector advocacy on homelessness issues.</p>
		c. Bi-annual review of the Joondalup Wanneroo Ending Homelessness Group (JWEHG) and its alignment to sector strategies, policy and membership		The City worked with the JWHEG Chair, Deputy Chair, and the City of Wanneroo to coordinate meetings, strengthen governance, and enhance engagement across the Group. The meeting format was refined to align with key focus areas, clarify leadership roles, and formalise the membership process, with both Cities jointly assessing new membership applications.
		d. Support JWEHG to collaborate with the North West Metropolitan District Leadership Group (DLG) to generate strategic support and awareness of homelessness matters within the region		<p>The JWHEG Chair provided regular updates to the Group on discussions from the District Leadership Group (DLG). In November, the DLG expressed in-principle support for a regional BNL. In February, the JWHEG Chair presented to the DLG on JWEHGs current trends, service challenges, and the review of its Terms of Reference to ensure alignment with the Regional Homelessness Plan and strengthen member engagement.</p> <p>In June, the JWEHG Chair reported ongoing DLG concerns about limited land supply constraining critical infrastructure, including community services. The DLG also expressed strong support for Anti-Poverty Week and interest in participating by providing practical community information, including Department of Housing guidance on accessing housing support.</p>
1.2	<p>Data Collection and Analysis</p> <p>Ensure relevant, accurate and consistent data is collected and made available in the region to inform</p>	a. Research different approaches and mechanisms for centrally collecting and sharing data between local governments and service providers in the region		<p>It was determined in 2022/23 that gathering existing data (from sources such as the Australian Bureau of Statistics, Australian Institute of Health and Welfare, and Specialist Homelessness Services) to assess local need and issues is more successful and in line with the role of the group than trying to develop a central collection method.</p> <p>In November, the DLG expressed in-principle support for a regional BNL.</p>

	Strategy	Action	Status	Action in 2024/25
	advocacy and sound decision making by stakeholders	b. Define the type and potential uses of data collection and opportunities for sharing of analytics across the region		<p>The Cities of Joondalup and Wanneroo keep a record of the number of reports of people experiencing homelessness to refer individuals to outreach when appropriate and to advocate for services in the region.</p> <p>The City contributes to a shared data collection platform, which feeds into the HEART outreach team data, and supports case management of specific individuals.</p>
		c. Collect and share meaningful qualitative data on homelessness with stakeholders and different levels of government		Qualitative data and positive stories are informally shared at JWEHG meetings.
		d. Advocate for local government and service providers within the Perth metropolitan area to have access to a centralised data sharing platform		The BNL proposal was presented to DLG on 6 February by Anglicare WA and the JWHEG on 26 February The Adoption of Project Zero and the BNL would provide a centralised service providers data sharing platform across the Cities of Joondalup and Wanneroo regions to assist with case management of specific individuals and to avoid duplication of support.
1.3	Strategic Relationships Build effective relationships and partnerships to address homelessness in the northern suburbs	a. Build effective relationships with key government agencies and peak bodies and ensure awareness of and respond to strategic and policy directions and funding opportunities for the region		<p>The Department of Communities continues to fund Uniting WA to deliver the HEART outreach service in the northern corridor. Regular meetings are held with the Department of Communities to discuss emerging issues and review progress updates.</p> <p>The City has been a member of the Perth Metro area Homelessness Working Group convened by the Department of Communities.</p> <p>The City is represented at the DLG which has homelessness as a priority area.</p>
		b. Improve understanding and build knowledge and capacity of stakeholders within the region to deliver services and focussed efforts that addresses homelessness		<p>The City supported a Community Hub coordinated by No Limits Perth with the provision of the Central Park Car Park; the monthly events provide support for people experiencing hardship and homelessness. The City promoted the Hub throughout community channels.</p> <p>The City provides information to the sector through the Hardship and Homelessness Directory and the Community Directory which builds understanding and knowledge of support services enhancing referral pathway options.</p>

	Strategy	Action	Status	Action in 2024/25
1.4	Community and Stakeholder Education Engage the wider community to better understand homelessness and promote an individualised approach	a. Coordinate and support initiatives that challenge negative stereotypes, dispel myths and foster understanding		Homelessness Week (5 – 11 August) was observed via a paid and organic Facebook post linking to a news article on the City’s website. It provided information on the causes, the City’s role and how the community can help. The paid ad had a reach of 14,136 with 299 engagements. The organic post had a reach of 2,745 with 20 engagements. The webpage had a total of 246 views. An internal news post provided staff with similar information and included the reporting process with 80 views. One workshop was held for staff by lived experience speaker Matt Vapor from Beneath the Surface, to increase understanding of homelessness.
		b. Build capacity of local businesses and stakeholders in hotspot areas to respond to reports of homelessness		The City hosted a <i>Communities in-Focus</i> event, Understanding Homelessness in Our Community on 19 June. The event aimed to raise awareness of local homelessness drivers and available support services. The session, promoted through the Joondalup Business Association, attracted 74 registrations and 44 attendees. The event focused on building awareness, empathy and understanding of homelessness and outlined the City’s approach to homelessness, the role of businesses and individuals in responding, and provided information on the HEART service, referral pathways, and escalation processes for safety and emergency situations.
		c. Educate community on options available to assist in the prevention of and direct response to homelessness		The City’s website provides information about homelessness, the City’s response, and resources for people experiencing or at risk of homelessness, including the Hardship and Homelessness Services booklet. Homelessness Week (5–11 August) was recognised through both paid and organic social media activity linking to a dedicated news article on the City’s website promoting hardship support services. Refer to 1.4a.

Pillar 2 – Prevention and Early Intervention

Goal: People have a strong sense of wellbeing and are capable of recognising triggers that lead to homelessness enabling them to take action early.

	Strategy	Action	Progress	Results for 2024/25
2.1	Services Supporting the region to have an optimal supply of services to meet demand	a. Explore service gaps, oversupply or duplicated effort in the region		At the JWHEG meeting held on 19 September at the City of Wanneroo, members confirmed priorities for 2024/25 focused on advocacy, early intervention, and centralised data.
		b. Collaborate with service providers to address and/or advocate for required service provision in the region		The City refers reports of people experiencing homelessness to the Department of Communities who refer on to the HEART service delivered by Uniting WA. There were 265 referrals made to outreach in 2024/25.

	Strategy	Action	Progress	Results for 2024/25
				<p>A new shared referral spreadsheet was introduced between Department of Communities, Uniting WA (HEART) and City of Joondalup in August 2024 to increase efficiency and enable real time updates on reports.</p> <p>The City hosted key agency and community support group stakeholders at the Service Group Appreciation Function on 4 June including 33 agencies and groups which support vulnerable cohorts across early intervention and prevention and homelessness response services.</p>
2.2	<p>Community Connection and Support</p> <p>Support opportunities that benefit the wellbeing of the community, keep people connected and enable access to services</p>	<p>a. Advocate for and support programs that enhance community wellbeing and address social isolation</p>		<p>Joondalup Libraries provided a range of activities to support wellbeing and social connection, offering 18 different social inclusion programs across the year.</p> <p>The City also provides a range of (35) cultural and (two) sustainability programs which enhance social connection and wellbeing of participants.</p> <p>The Community Funding Program supports community-led events, programs and services which promote wellbeing and address social isolation including the No Limits Perth 'Cover for Care' project to ensure the safe transport of emergency aid, including essential food and household items, to vulnerable individuals.</p>
		<p>b. Provide and facilitate access to affordable services to the community to enhance social connection</p>		<p>The City's four libraries provide safe spaces and free services located in Duncraig, Joondalup, Whitford and Woodvale. The Libraries' range of community groups and lifelong learning programs, cultural events program caters for a broad range of ages and interests and encourages social connection.</p> <p>The City provides 35 hireable community facilities (halls, meeting rooms, clubrooms) for booking by community organisations and groups enhancing social connection and wellbeing.</p>
		<p>c. Advocate, facilitate, support and promote community initiatives and services that address prevention and early intervention of homelessness consistent with the role of local government</p>		<p>Refer to 1.3 b</p> <p>The City regularly promotes early intervention, prevention and frontline homelessness services through a circular email to JWHEG members.</p>

	Strategy	Action	Progress	Results for 2024/25
		d. Raise awareness of the early warning signs of homelessness and encourage people to seek help if they are experiencing them		The City's website provides information about homelessness (including the different types and causes), and resources for people experiencing or at risk of homelessness including the <i>Hardship and Homelessness Services</i> booklet.
2.3	Housing Accessibility Improve opportunities for people to access social and affordable housing in a timely manner	a. Advocate for more social and affordable housing in the region		The City of Wanneroo's Wellbeing Advocacy Project – Homelessness Support and Accommodation Services aligns with those in the RHP by outlining that locally based support and accommodation services are required in the region. The City of Joondalup is a secondary advocate for the Project along with JWHEG.
		b. Support the provision of affordable housing in local housing strategies		The City's <i>Local Planning Strategy</i> has limited influence over housing affordability. It is recommended that the City does not take further action beyond ensuring that the revised <i>Local Planning Strategy</i> continues to plan for additional dwelling capacity. Regarding limited access to housing, it is noted that the current strategy provides capacity through density zoning that allows for the development of additional dwellings and additional dwelling typologies which provides the capacity for smaller and potentially more affordable housing options and recommends this capacity is maintained.

Pillar 3 – Responding to homelessness

Goal: People experiencing homelessness or sleeping rough have their basic needs met and ultimately are transitioned into appropriate support services.

	Strategy	Actions	Progress	Results for 2024/25
3.1	Direct Response Respond proactively to reports of people who are experiencing homelessness, being cognisant of differing needs	a. Provide information about available services and support for people who identify as experiencing homelessness		<p><i>A Hand Up Hardship and Crisis Support Services</i> pocket guide provides emergency assistance and support lines and lists service providers in the Joondalup region. The guide is available at Joondalup Libraries and has been distributed to several service providers. The City's Community Safety, Parks and Youth Development teams also distribute when appropriate.</p> <p>The <i>Hardship and Homelessness Services</i> booklet can be viewed and downloaded from the City's website.</p>
		b. Support the provision of homelessness support services in the region		<p>Groups and organisations can utilise local government facilities at low cost to deliver services.</p> <p>JWEHG networking and information sharing supports enhanced referral pathways and provision of support services.</p>

		c. Support and participate in key initiatives to identify and address homelessness in the region		Refer to 2.1 b and 3.1 b
		d. Provide a person-centric direct response to people experiencing homelessness in the region		The City utilises an electronic reporting form to streamline the staff reporting process which provides a platform to link up individuals and is transposed to the HEART service platform for correlation of individual cases 323 reports of homelessness were received by the City of Joondalup for the 2024/25 financial year. Where appropriate, people were referred to HEART for assistance.
3.2	Advocacy Advocate for crisis and social accommodation services and funded outreach in the region	a. Advocate for the expansion of funded, specialised homelessness outreach services in the region		Department of Communities are continued to fund Uniting WA to deliver HEART outreach services.
		b. Advocate for the provision of crisis accommodation, social housing and associated wrap around services in the region		The City is listed as secondary advocate for the City of Wanneroo's Wellbeing Advocacy Project – Homelessness Support and Accommodation Services. It aims to influence state and federal government decision making by outlining that locally based support and accommodation services are required in the region.

	Major Projects and Finance Committee	1.11	ITEM 2 - STATUS REPORT ON CITY FREEHOLD PROPERTIES PROPOSED FOR DISPOSAL AND POTENTIAL CROWN LAND ACQUISITIONS	Not yet started	<p>That the Major Projects and Finance Committee:</p> <p>3 SUPPORTS investigations with the Department of Planning Lands and Heritage into the City's concessional acquisition of Lot 2277 (15) Selkirk Drive, Kinross, Lot 14564 (5) Ascot Way, Currambine and an area yet to be defined on the northern boundary of Lot 15074 (46) Warwick Road, Duncraig;</p>	<p>24/03/2025 Due to current project priorities, investigations regarding the potential acquisition and optimisation of Lot 2277 (15) Selkirk Drive, Kinross and Lot 14564 (5) Ascot Way, Currambine have been deferred to July 2026 however, these investigations can be initiated anytime bore this date if resources and circumstances allow.</p> <p>During the MPFC of 21 July 2021, EMs noted the investigations into the potential acquisition of part of Lot 14077 (40) Warwick Road, Duncraig were discontinued - this part of the action is now closed</p>	14-07-2026	
	Ordinary Meeting of Council	1.4	CJ185-12/21 - INSTALLATION OF UNDERGROUND POWER AND LED UPGRADES	In Progress	<p>Action from Minutes - Report Request - Council Meeting - 14 December 2021</p> <p>8 REQUESTS the Chief Executive Officer to prepare a business case detailing:</p> <p>8.1 Converting an area to smart-metered, LED City owned streetlights;</p> <p>8.2 Converting an area from overhead power lines to underground power including the installation of smartmetered, LED City owned streetlights.</p>	<p>16/04/2024 The City has commenced the development of a business case as requested by Council. To inform the options identified, the City included two projects, being STL2140 Relighting Dampier Avenue, Mullaloo and STL2142 Relighting of Venturi Drive, in the 2023-24 Capital Works Program and the draft 2024-25 Capital Works Program to convert two small areas to smart-metered, LED City owned streetlights. The purpose of these projects is to develop a handover process between Western Power (current owner) and the City of Joondalup. Western Power has now indicated that they are no longer supportive of handing over these assets to the City. The City is currently reviewing the assumptions underpinning the business case.</p> <p>26/02/2025 Following the approval of the WALGA Power Purchase Agreement by Council at its meeting held on 25 February 2025, the business case will be updated using these new tariffs to determine the most viable option to be progressed.</p> <p>27/08/2025 At its meeting held on 22 July 2025, when considering a Notice of Motion Council resolved to request the Chief Executive Officer to prepare a report on how the City of Joondalup can progress underground power being implemented in the suburbs of the district where residents are still serviced by overhead power lines and financial models to make it more affordable for them to meet the cost of their contribution.</p> <p>Noting that based on Western Power priorities that underground power within the City of Joondalup is unlikely to be considered for inclusion in the Targeted Underground Power Program (TUPP) for another ten to fifteen years, the report will be scheduled for consideration by Council in Q4 of the 2025/26 financial year.</p> <p>22/09/2025 The City is progressing the investigation and compiling information to inform a report to Elected Members in Q4 FY2025-26.</p>		
	Ordinary Meeting of Council	1.5	C56-05/22 - NOTICE OF MOTION NO. 2 - CR CHRISTOPHER MAY - MITCHELL FREEWAY WIDENING WORKS	In Progress	<p>Action from Minutes - Report Request - Council Meeting - 17 May 2022</p> <p>5 REQUESTS the CEO to prepare a report regarding adopting the position of supporting the retention of all existing land between the Mitchell Freeway and residential areas, acting as a buffer, and encourage Main Roads WA to adopt the efficient use of land minimising the footprint of future infrastructure such as cycle paths and noise walls to preserve vegetation;</p>	<p>06/11/2023 The City is progressing the investigation into the matter raised in the Notice of Motion and compiling information to inform a report to Council in 2024.</p> <p>05/06/2024 The City is continuing to work with Main Roads WA (MRWA) during the Mitchell Freeway widening works in an attempt to retain as much as possible of the existing vegetation and to agree on a revegetation plan post the completion of the civil works.</p>		

Meeting Date	Document	Item No.	Item	Status	Action Required	Action Taken	Due Date	Completed (Overdue)
						<p>21/05/2025 A report on Protection and Enhancement of Native Vegetation by External Agencies is being prepared for consideration by Council during Q1 of 2025-26.</p> <p>27/08/2025 Based on the progress by Main Roads WA on the revegetation works the report is now scheduled for Q3 of the 2025/26 financial year.</p>		
	Ordinary Meeting of Council	1.7	C150-12/22 - NOTICE OF MOTION NO.2 – CR CHRISTOPHER MAY – PEDESTRIAN ACCESSIBILITY	Completed	<p>Action from Minutes - Report Request - Council – 13 December 2022</p> <p>MOTIONS OF WHICH PREVIOUS NOTICE HAS BEEN GIVEN</p> <p>C150-12/22 NOTICE OF MOTION NO.2 – CR CHRISTOPHER MAY – PEDESTRIAN ACCESSIBILITY</p> <p>That Council:</p> <p>That Council REQUESTS the Chief Executive Officer to prepare a report on options to consider a Pedestrian Accessibility and Amenity Improvement Program within higher density areas, particularly infill (HOA) areas, considering the following:</p> <p>1 Missing footpath connections and pedestrian refuges on distributor roads leading to neighbourhood centres, parks, high frequency bus routes and other amenities;</p> <p>2 Footpath width in areas considered to have higher pedestrian usage – such as outside of major parks/sporting ovals, schools and neighbourhood centres;</p> <p>3 Analysis of what additional budgetary impact to prioritise additional footpath and pedestrian infrastructure within high density areas would have.</p>	<p>27/10/2023 Report currently being prepared for Quarter 3 of 2023-24.</p> <p>30/04/2024 Report rescheduled to Quarter 1 of 2024-25 due to resourcing requirements.</p> <p>05/09/2024 Report prepared for consideration by Council at its meeting to be held on 17 September 2024.</p> <p>08/10/2024 Council, at its meeting held on 17 September 2024 (CJ248-09/24 refers) considered a report in response to the Notice of Motion.</p>		
	Ordinary Meeting of Council	1.16	CJ149-09/22 Petition in relation to Extension of Animal Exercise Areas in Hillarys	In Progress	<p>Action from Minutes - Actions - Council - 20 September 2022</p> <p>That Council:</p> <p>3 REQUESTS the City to undertake a holistic review of its animal exercise areas and develop a framework to guide the planning, identification and delivery of animal exercise areas to be presented to Council by June 2023;</p>	<p>06/11/2023 A presentation was made and workshop held with Elected Members at the Strategy Session on 6 June 2023 to seek their feedback on community expectations, dog exercise parks and the proposed way forward.</p> <p>The first step in developing a Dogs in Public Open Space Strategy is to seek the views of the residents via a City-wide consultation. The City is currently preparing a consultation package which will be circulated to Elected Members and then residents. The results will then help inform the strategy which the City is aiming to provide to Elected Members during the third quarter of 2023-24.</p> <p>05/12/2023 The City proposed the inclusion of a Dog Management Plan in the Corporate Business Plan 2023 – 2027 to provide transparency regarding the development of this Plan which will provide clear direction to the City and confirm the position of the City on dogs in public open spaces.</p> <p>At the Council meeting held on 28 November 2023, Council under item 12.9 was requested to consider the inclusion of a project and milestones for the development of a Dog Management Plan within the City's Corporate Business Plan 2023 – 2027 which Council subsequently endorsed.</p>		

Meeting Date	Document	Item No.	Item	Status	Action Required	Action Taken	Due Date	Completed (Overdue)
						<p>In line with the adopted milestones by Council, the City is currently preparing a specification and request for quotation for the engagement of a specialist consultant to assist the City in the preparation of the Plan.</p> <p>16/04/2024 In line with the adopted milestones by Council in the City's Corporate Business Plan 2023 - 2027, the City has appointed an external consultant to assist the City in developing a draft Dog Management Plan.</p> <p>05/06/2024 In line with the Strategic Community Reference Group (SCRG) adopted work plan, the development of a draft Dog Management Plan is scheduled to be considered by the SCRG at its meeting on 27 May 2024.</p> <p>19/06/2024 SCRG Meeting held on 27 May 2024. The City is currently liaising with WALGA to identify potential consultants that will be included in a new RFQ to be advertised.</p> <p>18/03/2025 New Request for Quotation targeting 64 companies was advertised and closed on the 12 March 2025. The City received one submission which is currently being assessed.</p> <p>16/04/2025 A consultant has been engaged to prepare a report in line with Council's request. The outcomes are proposed to be considered by Elected Members in the first instance at a Strategy Session and the timing of the report to Council will be determined following that discussion</p> <p>21/05/2025 A report on the Feasibility of Reducing Chemical Weed Control is being developed for consideration by Elected Members at a Strategy Session to be held in Q1 of 2025-26.</p> <p>05/08/2025 The City's administration has been working with the consultant in developing a feasibility report on reducing glyphosate and pesticides by the targets mentioned above. A presentation to Elected Members was planned for the Strategy Session on 5 August 2025.</p> <p>At its meeting held on 22 July 2025, when considering Tender 009/25 Provision of Non-Chemical Application for Control of Weeds to Nominated Locations (Item 12.15 refers), Council adopted an alternate position to request the Chief Executive Officer to investigate the in-house provision of non-chemical application for the control of weeds and to investigate other locations within the City that may be suitable for the use of non-chemical application for the control of weeds.</p> <p>Based on the above decision, the City will now investigate these options and include the outcomes in conjunction with the feasibility report on reducing glyphosate and pesticides, to ensure Elected Members are fully informed. As such the report will now be scheduled for the 1 December 2025 Strategy Session.</p>		
28-05-2024	28 May 2024 - Ordinary Meeting of Council - MINUTES ONLY	16.1	NOTICE OF MOTION NO. 1 – CR CHRISTOPHER MAY, JP – ELECTRIC VEHICLE (EV) CHARGING STATIONS	In Progress	<p>COUNCIL RESOLUTION (Resolution No: CJ137-05/24)</p> <p>MOVED Cr May, SECONDED Cr Pizzey that Council:</p>	<p>13/01/2025 The City is progressing the relevant actions in accordance with Council's decision.</p> <p>10/09/2025</p>		

Meeting Date	Document	Item No.	Item	Status	Action Required	Action Taken	Due Date	Completed (Overdue)
					<p>1 REQUESTS the Chief Executive Officer investigate options to permit the provision of a small number of electric vehicle charging stations at key City-managed off-street parking destinations to provide convenience and encourage visitation and activations;</p> <p>2 REQUESTS the Chief Executive Officer investigate options to permit electric vehicle charging to be either cost neutral or revenue positive, with users to pay their electricity usage;</p> <p>3 NOTES the City supports the State Government's Electric Vehicle Strategy for Western Australia and aims to install infrastructure to transition the City owned fleet to electric vehicles;</p> <p>4 NOTES the City is not responsible for providing electric vehicle charging infrastructure or power for public use however, is able to permit charging infrastructure at carparks in key locations.</p> <p>The Motion was Put and CARRIED (9/4)</p> <p>In favour of the Motion: Mayor Jacob, Cr Chester, Cr Fishwick, Cr Hamilton-Prime, Cr Hutton, Cr Kingston, Cr May, Cr Raftis and Cr Vinciullo.</p> <p>Against the Motion: Cr Hill, Cr Jones, Cr O'Neill and Cr Pizzey.</p>	<p>The City has recently prepared an Integrated Transport Plan and made changes to the City's off-street car parks and investigations into options to permit the provision of a small number of electric vehicle charging stations at key City-managed off-street parking destinations will progress based on feedback from these changes.</p>		
2-09-2024	2 September 2024 - Policy Committee - MINUTES	11.2	Cr Kingston - Minutes	In Progress	<p>Cr Kingston requested that the Chief Executive Officer prepare a report in relation to State Planning Policy 4.2 - Activity Centres and the requirements for Precinct Structure Plans for Strategic, Secondary, District and Specialised activity centres within the City. What timelines are expected for the remaining activity centres without a structure plan to have one created, and whether any major development of an activity centre is likely.</p>	<p>18/03/2025 The City is progressing the relevant actions in accordance with Council's decision.</p> <p>02/07/2025 At its meeting held on 27 May 2025, in response to a motion received at the Annual General Meeting Council resolved (CJ053-03/25 refers) that:</p> <p>"17 in relation to Motion No. 17 carried at the Annual General Meeting of Electors REQUESTS a report to be prepared that considers the need for the preparation of precinct structure plans over the City's activity centres, the prioritisation of preparation of those plans, and the allocation of necessary funds and resources to progress preparation of the plans;"</p> <p>The request for a report will be addressed as part of the work being progressed following Council's resolution above.</p>		
22-10-2024	22 October 2024 - Ordinary Meeting of Council	12.6	WORKERS COMPENSATION INSURANCE (WARD - ALL)	Not yet started	<p>The Original Motion as Amended being / COUNCIL RESOLUTION (Resolution No: CJ272-10/24)</p> <p>MOVED Mayor Jacob, SECONDED Cr Pizzey that Council:</p> <p>1 NOTES the report on the City's Workers Compensation (WorkCare) Policy with Local Government Insurance Services;</p> <p>2 NOTES an independent consultant is to be engaged to undertake a market analysis on whether the City's Workers Compensation Policy provides best value and report to the Council on the outcomes:</p>	<p>10/06/2025 The City officers were unable to progress this request in timely manner for 2025-26 insurance renewal due to commencement of a new Manager Financial Services in October 2024 and long service leave taken by Director Corporate Services. The insurance renewal process generally begins in January each year. A request for quotation is expected to be released in June 2025 with the aim of engaging the consultant by August 2025, subject to council approval, to undertake review of the workers' compensation policy for the year 2025-26. This timeline will enable us to take further steps, if necessary, before the insurance renewal process begins for the 2026-27 financial year.</p> <p>30/09/2025 A consultant has been engaged to provide a report on workers compensation insurance and the report is expected to be presented at the November 2025 ordinary council meeting.</p>	30-11-2025

19-05-2025	19 May 2025 - Audit and Risk Committee	11.2	Requests for Reports - Minutes	In Progress	Cr Raftis requested the following reports: 2 That the Chief Executive Officer prepare a report for the Audit and Risk Committee on the performance of obligations and compliance of the lessor and lessee for the current lease for the Duncraig Leisure Centre. The report should include, but not be limited to the following: A detailed analysis and review of the rent payable for each year, including confirmation of payment. Details of any capital works required to be undertaken at the expense of the City. Details of inspections conducted by the City to view and examine the state of repair etc under clause 3.6 of the lease including any remedial works required. Details of the cost of maintaining the carparks on the immediate exterior of the Duncraig Leisure Centre. Details of how clause 3.14 of the lease is complied with. Confirmations provided by the lessee of insurance policies in place over the term of the lease. Details of any confirmations or approvals for alterations and improvements provided by the City under clause 3.21. Details as to the compliance of the lessee with clause 3.24 given the use of space by external parties such as the Australian Electoral Commission and Armstrong Basketball. Details as to the compliance of the lessee with clause 3.25 given the signage on the external wall for Armstrong Basketball. Details of the lessee's compliance with Item 7 of the Schedule, including the submissions provided by the Lessee to the Lessor on an annual basis regarding the Hire Fee Schedule charged to clubs and users of the Premises. Details of the lessor's responses to the annual review of the hire fees and charges under Schedule 7 and supporting details of the reviews performed to ensure the Lessee's compliance to rates charged for similar facilities in the Perth Metropolitan area. Details of the any reviews conducted by the City as to where the prior users of the Duncraig Leisure Centre relocated their activities due to the impacts of the Lease that was executed.	23/06/2025 The City has considered this request to prepare a report and, based on the extent of the information requested that will require significant officer time to research and collate the information required to address the inclusions requested, a timeframe cannot be provided at this stage. 27/08/2025 The City has commenced preparation of the report and based on the initial assessment the report will be scheduled for consideration by the Audit Committee in the second half of the 2025/26 financial year.

5. ANNOUNCEMENT BY THE PRESIDING PERSON

Welcome all returning members and congratulations to those who were successful in the Local Elections.

Welcome to Adrian Hill, newly appointed MRC member.

Also acknowledge Cr Phil Bedworth and Cr Michael Dudek who have likewise been newly appointed - unfortunately they are unable to join us this evening.

I would like to thank the outgoing Councillors, Cr Andrea Creado, Cr Christopher May and Cr Paul Miles for their service on the MRC and for their commitment and valuable contributions during their tenure.

A warm welcome and thank you to Cr Thornton and Cr Giudici who are standing in for Cr Dudek and Cr Ferrante for this evenings meeting.

We also have two councillors on line tonight, Cr Vernon and Cr Wright.

Finally, at the end of this meeting the CEO will provide a briefing to Councillors.

Minutes CRC Special Meeting of Council – 13 November 2025

DECLARATION BY NEWLY ELECTED MEMBERS

In accordance with Section 2.29 (1) of the *Local Government Act 1995* a person elected as Councillor is to make a Declaration in the prescribed form before acting in the office.

A formal declaration was verbally made by all Councillors present and declaration forms were signed to indicate that members agree to abide by the *Local Government (Model Code of Conduct) Regulations 2021*.

1. OFFICIAL OPENING

The Chief Executive Officer, Mr Chris Adams, assumed the chair at 6:08pm in order to conduct the meeting until election of a Chair and formally declared open the Special Meeting of the Catalina Regional Council of 13 November 2025.

The Chief Executive Officer congratulated Councillors on their election to the Catalina Regional Council and wished them well in their deliberations over the next two years.

APOLOGIES AND LEAVE OF ABSENCE

Apologies: Nil

Leave of Absence: Cr Coetzee requested leave of absence for the Ordinary Meeting of Council scheduled to be held 11 December 2025.

Moved Cr Migdale, Seconded Cr Doshi

The Motion was put and declared CARRIED (12/0).

For: Councillors Anderson, Coetzee, Doshi, Hutton, Krsticevic, May, Mayes Migdale, Olow, Parker, Perkov and Xamon.

Against: Nil.

2. ELECTION OF CHAIR

In accordance with Clause 4(2) of Schedule 2.3 of the *Local Government Act 1995*, the Chief Executive Officer presided over the conduct of the election of the Chair.

The CEO advised the meeting that he had received two nominations in writing for the position of Chair of Catalina Regional Council, being:

- Councillor Tony Krsticevic
- Councillor Suzanne Migdale

The CEO called for any further nominations. There being none, the CEO declared nominations for Chair closed.

In accordance with Regulation 11A of the *Local Government (Constitution) Regulations 1998*, ballot papers were prepared, with the nominated Councillors listed in order drawn by lot. The CEO authenticated each ballot paper by initialling it.

A ballot box was provided to Councillors and a secret ballot was undertaken.

Minutes CRC Special Meeting of Council – 13 November 2025

The Office Manager oversaw the counting of the votes for Chair by the CEO.

In accordance with Regulation 11F of the *Local Government (Constitution) Regulations 1998*, the CEO declared Councillor Tony Krsticevic elected as Chair of Catalina Regional Council until 16 October 2027.

Cr Krsticevic made the declaration of office in the prescribed form.

3. ELECTION OF DEPUTY CHAIR

In accordance with Clause 8(2) of Schedule 2.3 of the *Local Government Act 1995*, the Chief Executive Officer presided over the conduct of the election of the Deputy Chair.

The CEO informed the meeting that he had received two nominations in writing for the position of Deputy Chair of Catalina Regional Council, being:

- Councillor Raj Doshi
- Councillor Lewis Hutton
- Councillor Suzanne Migdale

After the CEO called for any further nominations, Cr Hutton withdrew his nomination. There being no other nominations, the CEO declared nominations for Deputy Chair closed.

In accordance with Regulation 11A of the *Local Government (Constitution) Regulations 1998*, ballot papers were prepared, with the nominated Councillors listed in order drawn by lot. The CEO authenticated each ballot paper by initialling it.

A ballot box was provided to Councillors and a secret ballot was undertaken.

The Office Manager oversaw the counting of the votes for Deputy Chair by the CEO.

In accordance with Regulation 11F of the *Local Government (Constitution) Regulations 1998*, the CEO declared Councillor Suzanne Migdale elected as Deputy Chair of Catalina Regional Council until 16 October 2027.

Cr Migdale made the declaration of office in the prescribed form.

The Chair assumed the Chair to conduct the remainder of the meeting.

4. DISCLOSURE OF INTERESTS

Nil

5. PUBLIC STATEMENT/QUESTION TIME

Nil

6. ANNOUNCEMENTS BY CHAIR (WITHOUT DISCUSSION)

Nil

Minutes CRC Special Meeting of Council – 13 November 2025

7. PETITIONS

8. ELECTION OF AUDIT, RISK and IMPROVEMENT COMMITTEE

The Chair called for nominations from elected members for the Audit, Risk and Improvement Committee membership.

The following nominations were received:

- Cr Raj Doshi
- Cr Lewis Hutton
- Cr Tony Krsticevic
- Cr Christopher May
- Cr Ben Mayes
- Cr Karlo Perkov

No further nominations were received.

Moved Cr Xamon, Seconded Cr Hutton.

[The recommendation in the agenda]

1. **That in accordance with the provisions of the *Local Government Act 1995*, the following Council members be APPOINTED to the Audit, Risk and Improvement Committee:**
 - a. **Cr Raj Doshi**
 - b. **Cr Lewis Hutton**
 - c. **Cr Tony Krsticevic**
 - d. **Cr Christopher May**
 - e. **Cr Ben Mayes**
 - f. **Cr Karlo Perkov**
2. **That Council REQUESTS the CEO to conduct an Expression of Interest process seeking applications from relevantly experienced individuals to become independent members of the Audit, Risk and Improvement Committee for the period December 2025 to 16 October 2027.**

The Motion was put and declared CARRIED by ABSOLUTE MAJORITY (12/0).

For: Councillors Anderson, Coetzee, Doshi, Hutton, Krsticevic, May, Mayes Migdale, Olow, Parker, Perkov and Xamon.

Against: Nil.

Minutes CRC Special Meeting of Council – 13 November 2025

9. ELECTED MEMBERS MOTIONS OF WHICH NOTICE HAS BEEN GIVEN

Nil

10. QUESTIONS BY ELECTED MEMBERS OF WHICH DUE NOTICE HAS BEEN GIVEN

Nil

11. FORMAL CLOSURE OF MEETING

The Chair declared the meeting closed at 6:34pm.

STATUS OF PETITIONS PRESENTED TO COUNCIL

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
<p>A 51 signature petition has been received from residents of the City of Joondalup requesting that Council create a working group that includes representatives from the City’s planning department to review and develop appropriate signage guidelines and policy that allows small business to have a say on signage and placemaking within the City of Joondalup.</p> <p>RPC00105 (Governance and Strategy)</p>	<p>16 August 2016</p>	<p>Outstanding</p>	<p><u>Update as at November 2025</u> A report is expected to be presented to Elected Members in Quarter 3 of 2025-26 in relation to election signage, which will inform the development of the Local Government and Public Property Local Law.</p> <p><u>Update as at August 2025</u> As provided in the update for February 2025, given the upcoming Local Government elections in October 2025, the drafting of the revised Local Government and Public Property Local Law is not expected to be presented until later in 2025 following the election, as there are elements of the local law that relate to election signage.</p> <p><u>Update as at May 2025</u> Updated WALGA Guidelines on Implied Freedom of Political Communication were released on 17 April 2025. The updated guidelines will be considered in light of the changes requested to Part 9 of the proposed local law around advertising signs.</p> <p><u>Update as at February 2025</u> Given the upcoming Local Government elections in October 2025, the drafting of the revised Local Government and Public Property Local Law is not expected to be presented until later in 2025 following the election, as there are elements of the local law that relate to election signage.</p> <p><u>Update as at November 2024</u> A report is expected to be presented to the first Policy Committee meeting in 2025.</p> <p><u>Update as at August 2024</u> A meeting was held with Cr Kingston on 14 August 2024 to clarify some aspects of the request made at the Policy Committee meeting held on 20 November 2023.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p><u>Update as at May 2024</u> A review of the additional requests from the Policy Committee on 20 November 2023 is continuing.</p> <p><u>Update as at February 2024</u> A review of the additional requests from the Policy Committee on 20 November 2023 has begun, with a report expected back to the Policy Committee later in 2024.</p> <p><u>Update as at November 2023</u> A report on the proposed Local Government and Public Property Local Law was presented to the Policy Committee on 20 November 2023. The Policy Committee resolved as follows:</p> <p>That Item 8.6 – Proposed Local Government and Public Property Local Law 2023 – Consent to Advertise – be REFERRED BACK to the Chief Executive Officer to consider the following matters:</p> <ul style="list-style-type: none"> • Amending clause 10.6(2) from 3 to 24 hours. • Redrafting Part 9 – Advertising Signs – to: <ul style="list-style-type: none"> ○ Impose conditions under a policy in accordance with Clause 12.6 rather than under conditions that are in the text of the local law. ○ Remove clauses 9.3, 9.4, 9.5, 9.6, 9.7, 9.8, 9.9. ○ Provide an additional clause to empower the local government to issue permits for signage with conditions imposed under a policy. ○ Create a new policy ‘Local Government and Public Property Signage Policy’. ○ Review the definitions for types of signage. ○ Provide additional clauses for permit conditions for different types of signage reflecting clauses 9.3, 9.4, 9.5, 9.6, 9.7, 9.8, 9.9.

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<ul style="list-style-type: none"> ○ Review signage definitions at 9.1 and appropriate conditions to be imposed under a policy to take into account the implied freedom of political communication which may operate outside of elections. Signage that is political communication can only be regulated but not prohibited by the local law. • Consolidating determinations from the register of determinations into Schedule 2 (see Register-of-Determinations-City-of-Joondalup.pdf). • Remove footnotes regarding 2019 amendments from the consolidated law on pages 9, 16, and 17. • Review current authorised persons and whether current authorisations are valid. <p>A further report will be presented to the Policy Committee in February 2024.</p> <p><u>Update as at August 2023</u> A revised Local Government and Public Property Local Law did not progress to the Policy Committee in August 2023. It is expected to proceed to the Policy Committee later in 2023.</p> <p><u>Update as at May 2023</u> A revised Local Government and Public Property Local Law did not progress to the Policy Committee in May 2023. It is expected to proceed to the Policy Committee in August 2023.</p> <p><u>Update as at February 2023</u> A revised Local Government and Public Property Local Law did not progress to the Policy Committee in February 2023. It is expected to proceed to the Policy Committee in May 2023.</p> <p><u>Update as at November 2022</u> As stated below, a revised Local Government and Public Property Local Law (incorporating the changes on signage) is expected to be presented to the Policy Committee in February 2023.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p><u>Update as at August 2022</u> The Amendment Local Law was presented to Council on 16 August 2022. The Council resolution was as follows:</p> <p><i>That Item CJ124-08/22 Amendment Local Law 2021 – Final Adoption BE REFERRED BACK to the Policy Committee for further consideration and so that each local law can be considered separately.</i></p> <p>A revised Local Government and Public Property Local Law (incorporating the changes on signage) is expected to be presented to the Policy Committee in February 2023.</p> <p><u>Update as at June 2022</u> Letters were sent to the lead petitioners on 1 April 2022, advising of Council’s decision at the February 2022 Council Meeting. The Amendment Local Law is expected to be presented back to Council in July or August for consideration of submissions and final adoption.</p> <p><u>Update as at February 2022</u> A report was presented to the 15 February 2022 Council meeting to advertise the City of Joondalup Amendment Local Law 2021 (CJ014-02/22 refers). Once the Amendment Local Law is advertised, there is a six week submission period, with a further report to be presented to Council at the conclusion of the submission period.</p> <p><u>Update as at November 2021</u> The City is currently reviewing the Amendment Local Law with a report to be presented to Council in February 2022.</p> <p><u>Update as at May and August 2021</u> A report in relation to the <i>Advertisements Local Planning Policy</i> was submitted to Council at its meeting held on 16 March 2021 (CJ037-03/21 refers). The lead petitioner has been notified of Council’s decision.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p>At its meeting held on 16 February 2021 (CJ006-02/21 refers) Council endorsed a review of the City's <i>Local Government and Public Property Local Law 2014</i> to consider possible amendments to the local law provisions around the permissibility of temporary advertising signs in thoroughfares and road verges. A local law amendment will be submitted to a future Council meeting to consider detailing any possible changes that can be made.</p> <p><u>Update as at February 2021</u> A report will be presented to the 16 March 2021 Council meeting to consider the draft <i>Advertisements Local Planning Policy</i> following public advertising, which details signage requirements on private property.</p> <p><u>Update as at November 2020</u> A new draft policy was presented to Council at its meeting held on 20 October 2020 (CJ162-10/20 refers). The Draft Advertisement Local Planning Policy will be advertised for public consultation for 21 days before the end of 2020.</p> <p><u>Update as at February, May and August 2020</u> Review of signs policy is continuing.</p> <p><u>Update as at August and November 2019</u> Review of signs policy is continuing.</p> <p><u>Update as at May 2019</u> Review of signs policy has commenced.</p> <p><u>Update as at February 2019</u> Work will commence shortly on the review of the <i>Signs</i> policy.</p> <p><u>Update as at November 2018</u> <i>Local Planning Scheme No. 3</i> was gazetted on 23 October 2018. Now that the City knows the exact wording of the scheme, work will commence on the review of the <i>Signs Policy</i>. A decision will be made shortly how best to engage small business in the review of the policy.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p><u>Update as at August, May and February 2018</u> The review of the City's <i>Signs Policy</i> will commence once <i>Local Planning Scheme No. 3</i> has been endorsed by the Western Australian Planning Commission.</p> <p><u>Update as at February, May, August and November 2017</u> The review of the City's <i>Signs Policy</i> is yet to commence.</p> <p><u>Update as at November 2016</u> The review of the City's <i>Signs Policy</i> is yet to commence.</p> <p><u>Update as at August 2016</u> It is anticipated that a review of the City's <i>Signs Policy</i> will commence in late 2016. The request to form a working group will be considered as part of the review process.</p>

			<p><u>Update as at August 2022</u> A report will be presented to Major Projects and Finance at its meeting scheduled for 28 November 2022.</p> <p><u>Update as at June 2022</u> The evaluation of the Social Needs Analysis is still in progress and once that is complete a report will be presented to the Major Projects and Finance Committee as per the February 2022 resolution.</p> <p><u>Update as at February 2022</u> A report was presented to Council at its meeting held on 15 December 2021 (CJ177-12/21 refers) where Council resolved the following:</p> <p><i>“That Council:</i></p> <ol style="list-style-type: none"> 1 <i>NOTES that on finalisation of the City of Joondalup’s evaluation of the Social Needs Analysis, which will occur in early 2022, a report will be presented to a future meeting of the Major Projects and Finance Committee that assesses what will be required to meet the community’s future needs at the Whitford Library and Whitford Senior Citizens’ Centre;</i> 2 <i>ADVISES the lead petitioner of Council’s decision as detailed in Part 1 above.”</i> <p><u>Update as at November 2021</u> A report will be presented to Council at its meeting scheduled for 14 December 2021.</p> <p><u>Update as at August 2021</u> The City is currently reviewing the request and a report will be presented to a future Council meeting.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
<p>A 30-signature petition has been received from residents of the City of Joondalup in relation to a request to halt all imminent road works to Merrifield Place, Mullaloo and a request for community consultation in regards to pedestrian, fire and car safety.</p> <p>RCP00132 (Infrastructure Services)</p>	<p>25 June 2024</p>	<p>Outstanding</p>	<p><u>Update as at November 2025</u> The review of the Parking Improvement Plan for Merrifield Place has commenced and the City will engage with the lead petitioner in early December 2025.</p> <p><u>Update as at August 2025</u> The Parking Improvement Plan will be reviewed in the current financial Year.</p> <p><u>Update as at May 2025</u> The City has not yet reviewed the Parking Improvement Plan for Merrifield Place. This will be rephrased for the 2025-26 financial year.</p> <p><u>Update as at February 2025</u> The City has not yet reviewed the Parking Improvement Plan for Merrifield Place.</p> <p><u>Update as at November 2024</u> The City has not yet reviewed the Parking Improvement Plan for Merrifield Place.</p> <p><u>Update as at August 2024</u> The petition was presented to Council on 25 June 2024, where it was received and referred to the Chief Executive Officer for action.</p> <p>The lead petitioner was advised on 3 July 2024, that the Merrifield Place Parking Improvement project had been put on hold pending further investigation by the City, including a review of the concerns raised to date with further consultation to be undertaken along with consideration of alternate options.</p> <p>The City has since terminated the construction contract with the contractor and will be in touch with the lead petitioner when alternate options are available for further consideration.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
<p>A 101 signature petition has been received from residents of the City of Joondalup in relation to a request for the City to investigate Main Roads WA's (MRWA) location selection for the five metre noise wall along Twickenham Drive, Kingsley.</p> <p>RCP00133 (Planning and Community Development)</p>	23 July 2024	Outstanding	<p><u>Update as at November 2025</u> Further information has been provided by the lead petitioner and the City now awaits release of the Main Roads WA post-construction noise report in order to finalise its reporting on the matter. It is anticipated that the City's report will be progressed to Council in early 2026.</p> <p><u>Update as at August 2025</u> The Lead Petitioner requested that the report to Council be postponed pending further information to be provided to the City. Once that information has been received, a report will be progressed to Council.</p> <p><u>Update as at May 2025</u> It is anticipated that a report on this matter will be presented to the June 2025 Council.</p> <p><u>Update as at February 2025</u> A second meeting was held with Main Roads WA in early 2025. The City is currently preparing a report for Council's consideration.</p> <p><u>Update as at November 2024</u> The City has commenced its investigations and recently met with Main Roads WA to discuss the matter.</p> <p><u>Update as at August 2024</u> The petition was presented to Council on 23 July 2024, where it was received and referred to the Chief Executive Officer for action.</p>
<p>A 627 signature petition has been received from residents of the City of Joondalup in relation to opposing the redevelopment of Glengarry Shopping Centre (DA25/0332) at 59 Arnisdale Road, Duncraig.</p> <p>RCP00144 (Planning and Community Development)</p>	22 July 2025	Completed	<p><u>Update as at November 2025</u> At its meeting held 3 September 2025, the Outer-Metro Development Assessment Panel (DAP) considered the redevelopment of the Glengarry Shopping Centre proposal and resolved to approve the application.</p> <p>The Lead Petitioner has been advised of the DAP's decision.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p><u>Update as at August 2025</u> The development application will be determined at a future date by the Metro Outer Development Assessment Panel (DAP). All submitters (including the lead petitioner) will be notified in writing once the meeting details are confirmed, and provided with information on how to request to make a presentation to the DAP ahead of their consideration of the proposal.</p> <p>At this stage, the City expects the DAP meeting to be held in early-mid September.</p> <p><u>Update as at July2025</u> The petition was presented to Council on 22 July 2025, where it was received and referred to the Chief Executive Officer for action.</p>
<p>A 78 signature petition has been received from residents of the City of Joondalup in relation to updating Windermere Park, Joondalup, as an off-lead dog area during times when the park is not being used for scheduled sporting or community events.</p> <p>RCP00145 (Infrastructure Services)</p>	<p>26 August 2025</p>	<p>Outstanding</p>	<p><u>Update as at November 2025</u> In researching the petition request, it was found that Council, when considering a report on dog control measures in June 2014 (CJ096-06/14 refers), supported an amendment which read as follows:</p> <p><i>“2 BY AN ABSOLUTE MAJORITY determines its intention to specify the following area as a place where dogs are prohibited during seasonal scheduled sporting activities pursuant to section 31(2B)(b) of the Dog Act 1976:</i></p> <p><i>2.1 Windermere Park being Reserve No. 42556;”</i></p> <p>Following Council’s decision, the City advised via a public notice of its intention to specify the areas detailed in the resolution (including the amendment as per point 2 above) in accordance with section 31(3C) of the <i>Dog Act 1976</i>.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p>In September 2014 (CJ169-09/14 refers), Council considered a further report to approve specification of dog prohibited areas and dog on leash areas following advertising.</p> <p>In this second report, it was noted that the resolution of 24 June 2014 specified Council's intention that Windermere Park was to have dogs prohibited during seasonal scheduled sporting activities. It was identified in this report that this description was not specific enough to satisfy the requirements of the <i>Dog Act 1976</i> and that applying the provisions of section 31(2B)(b) of the <i>Dog Act 1976</i> is not practical.</p> <p>In the report it was stated, "<i>To meet the requirements of the Dog Act 1976 for a prohibition to apply as specified times it would need to stipulate specific days and times. This would be quite impractical to do as the scheduled of sport training varies from day to day and on game day, activity varies according to fixtures</i>".</p> <p>As such, Council resolved, amongst other things, to specify Windermere Park as a place where dogs must be on leash at all times (extract provided below):</p> <p>2 NOTES that the following are places where dogs must be on leash at all times pursuant to section 31(1) of the Dog Act 1976:</p> <p>2.1 Warwick Open Space, being Reserve No 50441; 2.2 Lilburne Park Conservation Area, being Reserve No 35545; 2.3 Hepburn Conservation Area, being Reserve No 42987; 2.4 Shepherds Bush Park, being Reserve No's 26052 and 39941; 2.5 On the coastal dual use path that extends through Foreshore Reserve 47831; 2.6 Horse beach, being part of Foreshore Reserve 47831, from the constructed horse access path northwards for 160 metres as designated by signs; 2.7 Windermere Park being Reserve No. 42556;</p> <p>The requirements of the <i>Dog Act 1976</i> have not changed since this decision in 2014.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p>Additionally, the City is currently developing a Dog Management Plan to guide the designation of parks as on-leash, off-leash or no-dog areas. Consideration will be given to the park classification, existing infrastructure such as playspaces, natural areas and other park functions such as sporting or community events to ensure designations are applied consistently and appropriately across the City to strike a balance between community use, environmental protection and public safety.</p> <p>It is envisaged that the finalised Dog Management Plan will be presented to Council for consideration during the third quarter of FY2025-26. While the process has taken longer than anticipated, this approach will allow the City to deliver a comprehensive and evidenced-based Plan that reflects community input and complies with relevant legislation.</p> <p><i>It is therefore recommended that Council:</i></p> <ol style="list-style-type: none"> 1 <i>NOTES the requirement of the Dog Act 1976 regarding the dog control measures;</i> 2 <i>DOES NOT SUPPORT the petition request to specify Windermere Park, Joondalup as an off-lead dog area during times when the park is not being used for scheduled sporting or community events at this time;</i> 3 <i>NOTES that the City's Dog Management Plan is currently in development;</i> 4 <i>ADVISES the lead petitioner of Council's decision.</i> <p><u>Update as at August 2025</u> The petition was presented to Council on 26 August 2025, where it was received and referred to the Chief Executive Officer for action.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
<p>A 50 signature petition has been received from residents of the City of Joondalup in relation to installing barbecue facilities, shelter and water access at Sandalford Park, Beldon.</p> <p>RCP00146 (Infrastructure Services)</p>	23 September 2025	Outstanding	<p><u>Update as at November 2025</u> The City receives many requests for new or improved infrastructure within its public open spaces.</p> <p>These requests are assessed firstly against the <i>Public Open Space Framework</i> and then, if supported, prioritised against other similar projects across the City.</p> <p>Sandalford Park, Beldon is classified as a Neighbourhood Recreation Park and infrastructure such as a barbeque, shelter and water access are listed as optional only.</p> <p>The playspace at Sandalford Park was renewed in April 2021 which included a basketball pad and a short footpath linking the playspace and seating. The petition request for the additional infrastructure items will be listed for consideration as part of the annual budget development process.</p> <p><i>It is therefore recommended that Council:</i></p> <ol style="list-style-type: none"> 1 <i>NOTES that Sandalford Park, Beldon is classified as a Neighbourhood Recreation Park and infrastructure such as a barbeque, shelter and water access are listed as optional only;</i> 2 <i>NOTES that the installation of a barbeque, shelter and water access will be assessed and prioritised against other similar projects across the City with the highest priority projects listed for consideration as part of the annual budget development process;</i> 3 <i>ADVISES the lead petitioner of Council's decision.</i> <p><u>Update as at October 2025</u> The petition was presented to Council on 23 September 2025, where it was received and referred to the Chief Executive Officer for action.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
<p>A 43 signature petition has been received from residents of the City of Joondalup in relation to the Chief Executive Officer providing the full plans and usage details for Chichester Park, Woodvale, including the upgrades to the play space and extended sport facilities.</p> <p>RCP00147 (Infrastructure Services)</p>	23 September 2025	Outstanding	<p><u>Update as at November 2025</u> The Lead Petitioner was advised via a response to Questions to Council at the October 2025 Council Meeting and by email on 24 October 2025 that: <i>“the tender process for the design and construction of the skate park facility at Chichester Park closed on 28 August 2025 and is currently being assessed by the City. A decision on the award of the tender is scheduled following the conclusion of the caretaker period 18 October 2025. Subject to the successful appointment of a contractor, it is anticipated that the final detailed design documentation will be submitted to the City in early April 2026.”</i></p> <p>The tender for the design and construction of the skate park facility at Chichester Park has been awarded with the detailed design scheduled to be provided to the City in April 2026.</p> <p>In the interim, the City is preparing to make updated concept plans available on its website in December 2025.</p> <p><u>Update as at September 2025</u> The petition was presented to Council on 23 September 2025, where it was received and referred to the Chief Executive Officer for action.</p>
<p>A 31 signature petition has been received from residents of the City of Joondalup in relation to the proposed construction of a footpath between Carew Place and Merivale Road, requesting that City abandon the proposed works.</p> <p>RCP00148 (Infrastructure Services)</p>	14 October 2025	Completed	<p><u>Update as at November 2025</u> A report addressing the petition was considered by Council at its meeting to be held on 25 November 2025.</p> <p><u>Update as at October 2025</u> The petition was presented to Council on 14 October 2025, where it was received and referred to the Chief Executive Officer for action.</p>
<p>A 38 signature petition has been received from residents of the City of Joondalup in relation to the proposed construction of a footpath in Birch Place between Birch</p>	14 October 2025	Completed	<p><u>Update as at November 2025</u> A report addressing the petition was considered by Council at its meeting to be held on 25 November 2025.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
<p>Park and Merivale Road, requesting that the City abandon the proposed works.</p> <p>RCP00149 (Infrastructure Services)</p>			<p><u>Update as at October 2025</u> The petition was presented to Council on 14 October 2025, where it was received and referred to the Chief Executive Officer for action.</p>
<p>A 28 signature petition has been received from residents of the City of Joondalup in relation to road safety improvements on Freeman Way, Marmion, requesting that the City manage the speed restriction between the intersection of Marmion Avenue and High Street.</p> <p>RCP00150 (Infrastructure Services)</p>	14 October 2025	Outstanding	<p><u>Update as at November 2025</u> Speeding and hooning concerns should in the first instance be reported to WA Police who are the responsible authority to enforce speed either by calling 131 444 or by visiting the nearest police station.</p> <p>Notwithstanding the above, speeding issues reported to the City are assessed by considering and reviewing the 85th percentile speed (defined as the speed at or below which 85% of vehicles travel under free-flowing conditions past a nominated point) from speed data. If the 85th percentile speed varies by ± 10 km/h or more from the speed limit, the road is considered to have a speeding issue, and the City can request speed enforcement from the WA Police's Traffic Intelligence Service.</p> <p>Traffic surveys were undertaken on Freeman Way in June 2019 and confirmed that the highest 85th percentile speed was 54km/h. This did not meet the criteria for the City to request speed enforcement.</p> <p>Traffic surveys were undertaken again on Freeman Way in October 2022 and confirmed that the highest 85th percentile speed was 51km/h. This also did not meet the criteria to request speed enforcement. Further surveys are due to be undertaken during FY2026-27.</p> <p>The approval, installation, and maintenance of speed limit signage is the sole responsibility of Main Roads WA. The installation of regulatory speed signage is required to comply in accordance with Main Roads WA's Speed Zone Policy (Policy) which specifically outlines that 50km/h signs will not be installed on roads in built-up-areas unless the road transitions along its' length from a higher speed limit to a 50km/h speed limit.</p>

PETITION DETAILS	DATE OF PRESENTATION TO COUNCIL	STATUS	COMMENT
			<p>Freeman Way, Marmion has an existing traffic treatment which consists of a median island treatment and provides many road safety benefits. The treatment narrows the carriageway width to encourage speed compliance, has median island trees which provides vertical elements that also modify the road environment, a roundabout with High Street that has a traffic calming effect as well as assisting with vehicle flows and provides pedestrian facilities. The options therefore to add additional treatments is limited as the functionality of Freeman Way does not suit traffic treatments such as speed humps or raised platforms.</p> <p><i>It is therefore recommended that Council:</i></p> <ol style="list-style-type: none"> 1 <i>NOTES that that the enforcement of hooning and speeding behaviour is the responsibility of the WA Police;</i> 2 <i>NOTES that traffic counts are undertaken periodically to monitor the road network and that the two most recent traffic counts have indicated a very high level of compliance with the 50km/h speed limit;</i> 3 <i>NOTES that Freeman Way, Marmion has an existing traffic treatment that encourages speed compliance with the 50km/h speed limit;</i> 4 <i>DOES NOT SUPPORT the request for the installation of additional traffic treatments such as s-shaped road offsets, speed humps and raised platforms are not supported as there is an existing traffic treatment;</i> 5 <i>NOTES that the approval, installation, and maintenance of speed limit signage is the sole responsibility of Main Roads WA who do not support 50/km/h signage in built up areas;</i> 6 <i>ADVISES the lead petitioner of Council's decision.</i>

<p>A 40 signature petition has been received from residents of the City of Joondalup in relation to the impact of the MRWA Freeway and PSP project works (Hester Avenue to Warwick Road) on the City's residents and assets, requesting the City to seek revenue recovery from MRWA/State Government and address the resulting amenity loss, road damage, prolonged construction impacts, vegetation clearance, required park restoration, and improved monitoring and community engagement for future State infrastructure projects.</p> <p>RCP00153 (Infrastructure Services)</p>	<p>9 December 2025</p>	<p>Outstanding</p>	<p><u>Update as at November 2025</u> The petition will be presented to Council on 9 December 2025.</p>

2024/25 CUSTOMER SATISFACTION MONITOR — IMPROVEMENT PLAN

Five of the City’s service areas were identified as potential opportunities to increase very satisfaction ratings (8+/10). Ratings and corresponding improvement actions are listed in the table below.

SERVICE	2022/23 RATING	2024/25 RATING	IMPROVEMENT ACTIONS
Tourism and visitor attraction	39% very satisfied (8-10/10) 78% overall satisfied (6-10/10)	38% very satisfied (8–10/10) 74.4% overall satisfied (6–10/10)	<p>To address results of the survey, particularly responses from residents in the Northern sections of the City, the City will continue to:</p> <ul style="list-style-type: none"> • Create an appealing and welcoming destination for Joondalup, that is places and activities, within the City of Joondalup to visit and explore. This will be achieved by focusing on enhancing experiences and promoting our unique assets. • Invest in activation, communication, and partnerships to increase satisfaction and encourage repeat visitation. • invest in the North and North Central wards and partner in the delivery of new places, being Burns Beach redevelopment and Ocean Reef Maria. • Invest in the place activation of the Joondalup City Centre. • Create and deliver a series of destination marketing tools, including a destination marketing website, local business directory and social media activities to better engage the community to experience the City’s existing tourism and visitor attractions, including Joondalup’s natural beauty and cultural heritage, including parks, beaches, and trails like Yalbunullup. <p><i>Note: The creation of new places and activations are at the early stage of development and it is expected they will increase the satisfaction of all Joondalup residents, and in particular younger people (18-34 year olds) and those in the North and North Central of the City in coming years.</i></p>

SERVICE	2022/23 RATING	2024/25 RATING	IMPROVEMENT ACTIONS
Parking	37% very satisfied (8–10/10) 72% overall satisfied (6–10/10)	35% very satisfied (8–10/10) 71% overall satisfied (6–10/10)	The City will: <ul style="list-style-type: none"> • Develop and distribute improved communication regarding parking initiatives through FAQs, information on the City’s website, social media, and targeted community engagement. This could include clarification on: <ul style="list-style-type: none"> ○ How parking fees are considered. ○ Distinguishing which areas/locations the City enforces parking and limitations on private property. ○ Alternatives to parking such as public transport and ride share options. ○ Future plans for parking locations/expansion. ○ Transition to residential e-permits. ○ Explanation of specific Parking Local Laws to provide education. • Implement parking related actions that will be included in the City’s Community Safety Plan, currently in development. • Continue to implement the City’s parking fee strategy including the first 30 minutes free and decrease of daily parking fee. • Continue to implement greater payment options for parking meters including options for cash/card in areas identified as having historic demand for these methods of payment. • Continue to implement an internal working group to facilitate optimal parking management strategies to improve parking arrangements and safe parking throughout the City.
Community consultation	33% very satisfied (8-10/10) 65% overall satisfied (6-10/10)	33% very satisfied (8–10/10) 71% overall satisfied (6–10/10)	The City will continue to: <ul style="list-style-type: none"> • Raise awareness of the City’s <i>Community Consultation Council Policy</i> and the <i>Planning Consultation Local Planning Policy</i> and publication of consultation outcome reports. • Encourage residents and key stakeholders to subscribe to the Community Engagement Network eNewsletter. • Hold Reference Groups to inform key projects and to enable community input into strategic matters. • Investigate alternative mechanisms of communicating open community consultation activities to the community to encourage increased engagement.

NOTES TO AND FORMING PART OF THE FINANCIAL ACTIVITY STATEMENT FOR THE PERIOD ENDED 31 OCTOBER 2025 (Subject to 24-25 End of Year Finalisation)

1. Rates (\$257,389)

This unfavourable timing variance is mainly driven by a delay in the interim rates (\$259,389).

2. Grants and Subsidies \$256,124

Favourable variance for State – Other Grants Subsidies – Operating \$818,364 mainly as a result of Better Bins Grant relating to balances remaining as part of unspent grants liability. This was offset by General Purpose grant of (\$519,930) with advance payment having been received in the prior financial year.

3. Contributions, Reimbursements and Donations \$480,771

This favourable variance is mainly driven by the recent settlement in relation to the Eco Shark Barrier \$500,000.

4. Profit on Asset Disposals \$110,345

This unfavourable variance arose due to higher than estimated profit on disposals of fleet and plant.

5. Fees and Charges \$74,274

	YTD Budget	YTD Actual	Variance
a) Sports and Recreation Fees	\$4,841,618	\$5,004,591	\$162,973
b) Inspection and Control Fees	\$1,331,188	\$1,422,831	\$91,643
c) Fines and Penalties	\$393,077	\$222,644	(\$170,433)
d) Other Fees and Charges	\$1,155,588	\$1,084,063	(\$71,525)
Other Categories	\$26,799,429	\$26,861,045	\$61,616
	<u>\$34,520,900</u>	<u>\$34,595,174</u>	<u>\$74,274</u>

a) A favourable variance mainly due to higher than estimated Membership Fees received from Craigie Leisure Centre \$201,908 and lower than estimated Craigie Leisure Centre Admission Fees (\$67,020).

b) A favourable timing variance mainly due to environmental health inspections \$85,766.

c) Unfavourable variance mainly due to lower than anticipated parking infringements of (\$164,096).

- d) This unfavourable variance was mainly due to Rates Administration Fee (\$35,627) and Traffic Management Plan Fees (\$33,354).

6. Interest Earnings \$276,486

This favourable variance arose mainly due to higher than estimated Interest from Other Financial Institutions \$368,271 due to the impact of higher interest rates. In addition, Interest on Pensioners Deferred Rates were lower than estimated (\$85,000).

7. Other Revenue/Income \$1,198,722

This favourable variance arose from Net Revenue from the Catalina Regional Council - Catalina Estate Sales \$1,193,577.

8. Employee Costs \$907,346

	YTD Budget	YTD Actual	Variance
a) Salaries and Wages	\$27,852,394	\$26,405,223	\$1,447,171
b) Other Employment Costs	\$2,328,396	\$2,868,221	(\$539,825)
	<u>\$30,180,790</u>	<u>\$29,273,444</u>	<u>\$907,346</u>

- a) Favourable timing variances in Salaries and Wages were driven by vacancies across several areas. Casual wages at Craigie Leisure Centre were higher than estimated (\$57,832), partially offset by lower than estimated casual wages for Marketing \$66,611.
- b) Unfavourable variances arose in relation to Agency Employees of (\$639,622) and Standard Labour Recovery for Capital Works (\$176,259). This was partially offset in lower Staff Training \$55,242.

9. Materials and Contracts \$2,616,686

	YTD Budget	YTD Actual	Variance
a) External Service Expenses	\$6,630,484	\$5,888,521	\$741,963
b) Furniture, Equipment and Artworks	\$1,050,816	\$603,028	\$447,788
c) Computing	\$2,243,221	\$1,897,664	\$345,557
d) Waste Management Services	\$7,606,764	\$7,343,845	\$262,919
e) Professional Fees & Costs	\$1,285,674	\$1,053,817	\$231,857
f) Public Relations, Advertising and Promotions	\$446,457	\$305,774	\$140,683
g) Telephones and Communication	\$378,151	\$244,269	\$133,882
h) Contributions & Donations	\$349,080	\$257,066	\$92,014
i) Other Materials	\$867,023	\$795,656	\$71,367
j) Travel, Vehicles & Plant	\$671,449	\$618,627	\$52,822
Other Materials & Contracts	\$1,147,589	\$1,051,755	\$95,834

\$22,676,708	\$20,060,022	\$2,616,686
--------------	--------------	-------------

- a) A favourable timing variance arose from External Contractors and Services \$755,656 mainly as a result of System Implementation \$911,591, Asset Management \$241,513, Natural Areas \$227,277, Building Capital Works \$136,400, Communications and Stakeholder Relations \$110,369 and Marketing and Communications \$81,011. This was partially offset by higher than estimated Parks (\$483,149), Roads (\$134,595), Buildings (\$88,891) and Craigie Leisure Centre (\$61,969).
- b) A favourable variance arose from Plant & Equipment Maintenance \$176,873, Computer & Communications Equipment Purchase Minor \$109,737, Plant & Equipment Purchase Minor \$97,163 and Hire of Equipment \$66,880.
- c) Favourable timing variance arose mainly as a result of Computer Software Maintenance \$184,057 and Computer Software Subscriptions \$108,465.
- d) A favourable timing variance occurred mainly due to Parks and Animal Waste Dispenser Collections \$116,016, Bulk Green Waste Collections \$77,472, General Waste Tipping Fees \$56,748 and Recycling Processing \$56,570. This was partially offset by Domestic Green Waste Processing (\$59,955).
- e) A favourable variance arose mainly as a result of Consultancy \$291,145, partially offset by Legal Expenses (\$64,939).
- f) A favourable timing variance occurred mainly due to Promotions \$58,356 and General Advertising \$52,441.
- g) A favourable timing variance arose due to Mobile Phones \$72,037.
- h) Favourable variance occurred mainly due to Grants and Contributions made \$39,580.
- i) Favourable timing variance arose mainly as a result of External Material Purchases Contract \$23,888.
- j) Favourable variance occurred mainly due to lower than estimated Fuel \$54,304, offset by Vehicle Licensing (\$70,547).

10. Utilities

\$153,418

Favourable timing variance arose mainly due to lower than estimated electricity charges \$199,558 mainly for Parks \$164,142 and Roads \$117,607, partially offset by Buildings (\$87,696).

11. Depreciation & Amortisation of Non-Current Assets

(\$78,452)

Unfavourable timing variance arose mainly due to higher than estimated Depreciation Buildings (\$478,135), Depreciation Roads Infrastructure (\$194,477), Depreciation Open Reserves (\$86,508). This was partially offset by lower than estimated Impairment/Write off of assets \$626,223, Depreciation Other Infrastructure Assets \$126,715 and Depreciation Footpaths Infrastructure \$53,584.

12. Loss on Asset Disposal **(\$29,515)**

Unfavourable variance arose on disposal of assets.

13. Interest Expenses **\$6,530**

Favourable variance arose due to Interest of Lease Liability \$6,530.

14. Insurance Expenses **\$210,143**

This favourable variance arose from lower than anticipated premiums.

15. Other Expenses **\$335,954**

Favourable timing variance mainly due to FESA ESL Payment \$143,242 and lower than estimated Contributions to Community Groups \$90,850.

16. Movement in Non-current items **(\$144,969)**

This timing variance arose in respect to increases in Non-current Long Service Leave Liability compared to budget estimates.

17. Capital Grants and Subsidies **\$2,232,995**

	YTD Budget	YTD Actual	Variance
a) Commonwealth Grants & Subsidies Capital Black Spot	\$574,612	\$1,287,413	\$712,801
b) Other Grants and Subsidies – Capital Other	-	\$696,271	\$696,271
c) State Government Grants – Capital Other	\$4,130,514	\$4,583,864	\$453,350
d) State Government Grants – Capital Black Spot	\$1,381,058	\$1,604,909	\$223,851
e) State Government Grants – Capital Black Spot	-	\$68,986	\$68,986
f) State Government Grants – Capital Direct Grant Roads	\$765,880	\$817,148	\$51,268
Other Capital Grants and Subsidies	-	\$26,468	\$26,468
	\$6,852,064	\$9,085,059	\$2,232,995

a) SBS2101 Northshore Drive Boulevard Treatment approved as fully funded Australian Government Black Spot Project and eligible for further funding, first claim resulting in a positive variance of \$712,800.

- b) First milestone of Thriving Suburbs grant funding claimed earlier than planned for RDC2030 Moolanda Blvd Pedestrian Bridge \$474,573 and funds received from Department of Creative Industries, Tourism and Sport for 2024-25 carried forward project STL2122 Santiago Park Sports Lights Installation \$80,973. In addition, final claim for Arena EV Chargers received \$140,723.
- c) Significant favourable variance relates to early claimed grant funding from Main Roads as part of RDC2030 Moolanda Blvd Pedestrian Bridge \$1,000,000. Payment received for upgrade works at Whitfords Senior Citizen Club from Department of Communities, not originally budgeted, showing a variance to BCW2025 Building Capital Upgrades for \$120,000. Final payments received for funds expected in 24-25 for PEP2891 Gibson Park Youth Wheels Facility \$50,000, PEP2893 Lysander Park Youth Wheels Facility \$50,000 and PEP2885 Kingsley Playgroup Playspace Renewal \$66,401. Remaining variance of \$236,613 relates to balances remaining as part of unspent grants liability. The above is offset by delays to next claim for RDC2031 Hepburn Ave- Lilburn/Walter Padbury (\$1,086,294) with works due for completion in February 2026.
- d) Favourable variance resulted mainly from transfer of funds from 24-25 as part of unspent grants liability adjustment for RDC3032 Eddystone Ave - Joondalup to Honeybush with a variance of \$247,851.
- e) Second 40% claim received from Main Roads for 2024-25 completed project SBS2098 Hepburn Ave/Waraker Rd \$68,986.
- f) Direct grant 2025-26 received and higher than anticipated.

18. Other Non-Operating Revenue \$467,913

This favourable timing variance predominately arose from GST reimbursements in respect of the City's share of CRC land sales undertaken.

19. Capital Projects (\$69,883)

This unfavourable variance arose from the carry forward project Speed Awareness and Education Campaign (\$62,784) and higher than estimated Integrated Parking and Compliance Management System Project (\$51,299), partially offset by CCTV Upgrade Joondalup Libraries \$64,660.

20. Capital Works \$2,763,137

Please see attached Capital Works Summary - Attachment 5.

21. Vehicle and Plant Replacements \$597,516

A favourable timing variance arose due to elevated work platform \$230,000, two mowers \$140,000, an Isuzu D-Max \$50,000, a Ford Ranger \$50,000 and three custom trailers \$150,000. This was partially offset by a Massey which was ordered last year (\$123,745) and an Isuzu Truck (\$93,238).

22. Proceeds from Disposal **\$569,039**

A favourable variance arose due to higher than estimated proceeds received from the disposal of fleet \$569,039.

23. Opening Funds **\$213,967**

Variations in the actual results for 2024-25 compared to the budget estimate gave rise to a favourable variance of \$213,967 in opening funds. The drivers for the decreased end of year deficit, after taking end of year reserve movements and other offsets into account, are increases in operating revenue, operating expenditure and net distribution from Catalina Regional Council as well as a decrease in capital expenditure. Adjustment to opening funds will be reflected in the Mid Year Budget Review.

24. Closing Funds (subject to end of year finalisation) **\$12,888,782**

Net Current assets used in the Statement of Financial Activity		
	June 2025*	October 2025*
Total Current Assets	181,172,535	278,038,186
Less: Total Current Liability	(52,203,243)	(49,076,650)
Less: Total adjustments to net current asset	(129,163,823)	(130,471,327)
Surplus or (deficit) after imposition of general rates	(194,531)	98,490,209

Adjustments to net current assets		
	June 2025*	October 2025*
Less: Reserve Accounts	(131,017,425)	(131,017,425)
Current portion of developers contributions held in reserve	1,221,867	1,221,867
Current portion of lease liabilities	631,736	371,647
Sales Proceeds/Asset clearing pending adjustment	-	(1,047,415)
Total adjustments to net current assets	(129,163,822)	(130,471,327)

*Pending finalisation of 2024-25 end of year.

TENDER 018/25 – PROVISION OF PLANTING, MAINTENANCE AND TRUCK WATERING SERVICES FOR THE CITY OF JOONDALUP LEAFY CITY PROGRAM

SCHEDULE OF ITEMS

Item	Description	UOM
1.0	Preliminaries for tree planting (April 2026 to August 2026)	
1.1	Mobilisation, include all associated costs with establishment of a basic site storage facility throughout construction, insurances, administration, work site safety and security	Item
2.0	Tree planting (April 2026 to August 2026)	
2.1	Pick-up and delivery of trees (incl. contingency)	Each
2.2	Planting of trees in soft scapes as per STD Drawing No. 109 (35Lt)	Each
2.3	Planting of trees in soft scapes as per STD Drawing No. 109 (75Lt)	Each
2.4	Planting of trees in hardstands as per STD Drawing No. 108, 111 and 112 (35Lt)	Each

Item	Description	UOM
3.0	Maintenance of all trees	
3.1	Watering per tree, per event	Each
3.2	Rate for Glyphosate weed control and litter removal, per tree, per event	Each
3.3	Rate for Clopyralid, Diflufenican & MCPA weed control and litter removal, per tree, per event	Each
3.4	Rate for Fluazifop weed control and litter removal, per tree, per event	Each
3.5	Rate for Trifloxysulfron weed control and litter removal, per tree, per event	Each
3.6	Supply and application of wetting agent (Bi-agra) - (per specification frequency), per tree, per event	Each
3.7	Supply and application of fertiliser (Seasol) - (per specification frequency), per tree, per event	Each
3.8	Rate for mulch top-up in soft-scape as per STD Drawing No. 109, per tree, per event	Each
3.9	Rate for mulch top-up in hardstands as per STD Drawing No. 108, 111 and 112, per tree, per event	Each
3.10	Rate for formative pruning, per tree, per event	Each

TENDER 018/25 PROVISION OF PLANTING, MAINTENANCE AND TRUCK WATERING SERVICES FOR THE CITY OF JOONDALUP LEAFY CITY PROGRAM

SUMMARY OF TENDER SUBMISSIONS

Tenderer & Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Evaluation Score	Price	Rank
		Demonstrated understanding of the required tasks	Capacity	Demonstrated experience in providing similar services	Social and economic effects on the local community			
<p>Baroness Holdings Pty Ltd (Tree Planting and Watering)</p> <p>All requirements have been met.</p>	Yes	<p>It provided a detailed Contract Management Plan in its demonstration of a thorough understanding of the City's requirements. The plan addressed how it will carry out the installation works and watering and maintenance schedule for the period of the contract. It addressed relevant legislation, key contract dates, tree locations and water sources, planting and excavation methods, traffic management, required plant and equipment, and reporting.</p>	<p>It was established in 1990, with current ownership since 2016. It employs 35 full-time water truck operators supported by contingent staff and operates from O'Connor with a satellite depot in Wanneroo. An eight-person management team with relevant qualifications will oversee the Contract. The fleet includes 35 trucks (24 dual-control), 6 utility vehicles, 17 trailers and 1 excavator. The Director and Operations Manager have delivered three previous Leafy City contracts for the City of Joondalup, providing strong local knowledge and stakeholder insight.</p>	<p>The company demonstrated considerable experience providing tree installation, watering and maintenance services to the Cities of Joondalup, Wanneroo, Melville and Canning.</p>	<p>Tree Planting and Watering Services have secured a satellite depot in Wanneroo to service the City's requirements. The depot will house the vehicles, equipment and materials required for the project. It employs local residents and would employ an additional three new operators to assist with their commitments and will prioritise local Joondalup applicants.</p>	81%	\$694,346	1

TENDER 018/25 PROVISION OF PLANTING, MAINTENANCE AND TRUCK WATERING SERVICES FOR THE CITY OF JOONDALUP LEAFY CITY PROGRAM

Tenderer & Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Evaluation Score	Price	Rank
		Demonstrated understanding of the required tasks	Capacity	Demonstrated experience in providing similar services	Social and economic effects on the local community			
Environmental Industries Pty Ltd All requirements have been met.	Yes	Its methodology for water events is detailed and demonstrates a good understanding of the required tasks, including truck and staff allocation. However, the approach relies on fleet that is not currently available and would need to be purchased if awarded the contract. The traffic management plan lacks detail, and there is no mention of ad hoc watering requirements. The need to acquire additional equipment poses a significant risk to project delivery.	The company demonstrated capacity to perform the work. Personnel summaries were detailed, demonstrating the scale of the business, although the maintenance organisational chart was illegible. While the methodology for delivery is broadly outlined, the fleet register was not provided, and the number of ticketed traffic controllers does not align with contract requirements. The tenderer does not currently have all necessary equipment and intends to purchase additional fleet if awarded the contract, which introduces delivery risk.	Its submission included recent and ongoing examples of similar tree planting and watering projects, one of which was a panel contract indicating current operational activity. The examples referenced planting and watering of street trees and trees in other locations, however the explanation of the scope of work did not detail the traffic control requirements or work around services in detail. Limited examples of regular reporting were provided. Clients include the Cities of Wanneroo, Stirling, South Perth, Bayswater, Canning and DM Roads.	The business is located in Canning Vale with a depot in Carabooda. It currently has 11 staff that live in the City. It engages local business suppliers through the purchase of sundry items such as fuels, chemicals and machine parts and PPE. It supports local businesses such as Bunnings, Ampol, Totally Workwear and assorted cafes all located in Joondalup. It promotes local events through raffling various tickets to staff throughout the year including to events within the City of Joondalup.	58.8%	\$1,208.369	2

TENDER 018/25 PROVISION OF PLANTING, MAINTENANCE AND TRUCK WATERING SERVICES FOR THE CITY OF JOONDALUP LEAFY CITY PROGRAM

Tenderer & Description of Response	Is it Compliant? Yes or No	Comment Against Criteria				Evaluation Score	Price	Rank
		Demonstrated understanding of the required tasks	Capacity	Demonstrated experience in providing similar services	Social and economic effects on the local community			
<p>Sanpoint Pty Ltd as Trustee for Fiore Family Trust (LD Total)</p> <p>All requirements have not been met. The submission advised it could not meet the required program and therefore did not comply with the Specification. Its response to the compliance criterion financial capacity was not fully compliant.</p>	Partial	<p>It demonstrated a limited understanding of the requirements. The proposal refers to working around existing services in general terms, and at times includes references to items not relevant to this project (e.g., POS Works). The project management staff structure and QA accreditation are clearly outlined, however there is limited detail regarding overall project management. Additionally, the submission lacks consideration of the maintenance and watering schedule, planning around peak events, and provides minimal information on communication strategies. The tenderer only has one water truck, which is insufficient to meet the watering schedule, particularly during peak periods. A detailed methodology was also not provided.</p>	<p>It demonstrated some capability, with experience in projects with a planting component. While the tenderer proposes allocating 5% of its workforce, it is unable to meet the commencement date due to current workload. No details were provided on its business tenure. Proposed personnel are acceptable, but the location of the dedicated team, which is critical to project delivery, was not disclosed. A full plant and fleet list was included, though it is unclear which assets are committed to this project. Notably, reliance on a single water cart across all projects presents a significant risk.</p>	<p>It provided examples of three projects; however, there was no reference to watering or maintenance activities. Details regarding working near services and traffic management measures were also absent. Additionally, no examples of regular reporting on similar projects were included.</p>	<p>It has a main office in Burswood and operates from depots in Anketell, Wangara, and Carabooda.</p> <p>It did not provide any information relating to social and economic effects of the local community.</p>	34.8%	\$1,908,927	3

WALGA Pool of Independent Presiding Members for Local Government Audit, Risk and Improvement Committees

Expression of Interest - Invitation

Expression of Interest Process

The Western Australian Local Government Association (WALGA) is seeking expressions of interest from suitably qualified and experienced persons to be included in a Pool from which Local Governments may select persons for appointment to their Local Government's Audit, Risk and Improvement Committee in the roles of:

- Independent Presiding Member
- Independent Deputy of the Presiding Member
- Independent Deputy Presiding Member (optional)

The Pool will be available to all Local Governments, enabling the Local Government to identify potential candidates, evaluate credentials, and determine to appoint independent Committee members at their own discretion.

Inclusion in the WALGA Pool does not guarantee appointment to a position on a Local Government's Audit, Risk and Improvement Committee.

We invite experienced professionals with **expertise in risk and financial management** to express their interest in serving as independent presiding members on a Local Government Audit, Risk and Improvement Committee.

This is a unique opportunity to contribute to governance excellence and improved Local Government performance.

Selection for inclusion in the Pool

WALGA will conduct this initial Expression of Interest using the below selection criteria to determine persons with qualifications and experience suitable to performance of the roles and responsibilities of an independent presiding member, deputy of the presiding member or deputy presiding member of a Local Government Audit, Risk and Improvement Committee.

Selection criteria: Applicants must:

1. Be a natural person, who is either an Australian Citizen or a Permanent Resident.
 - a. Companies or other corporate entities are not eligible.
2. Have current qualifications and / or demonstrate extensive senior experience relevant to one or more of the following:
 - a. Financial management
 - b. Audit and assurance
 - c. Governance, compliance
 - d. Risk Management
 - e. Fraud, cyber security, internal controls
3. Not have been subject to bankruptcy or insolvency proceedings under the *Bankruptcy Act 1966* (Cth).
4. Not have been convicted of a serious local government offence; or convicted of a criminal offence for which the indictable penalty was or included imprisonment for more than 5-years.

Desirable:

WALGA Pool of Independent Presiding Members
for Local Government Audit Risk and Improvement Committees

Expression of Interest – Invitation

5. Demonstrate experience in working with government and/or institutional governing bodies responsible for diverse and complex legislative functions.
6. Demonstrate knowledge and or experience in working in or with Local Government.
7. Experience in presiding at Local Government council or committee meetings and / or meetings conducted in accordance with formal rules for conduct, participation and voting.
8. Have demonstrated leadership, facilitation and communication skills, in complex compliance environments.

Application Requirements

Applicants are required to complete the **Expression of Interest – Respondent Form**, providing relevant information requested in each field of the Form.

Applicants may submit additional information, as the applicant considers appropriate, limited to a maximum of 3 x A4 pages.

Applicants must not submit copies of qualifications – Local Governments will conduct their own due diligence when selecting suitable candidates from the Pool.

Applications are requested to be submitted:

By email to governance@walga.asn.au

WALGA has established the initial Pool, however Expressions of Interest will remain open to enable suitably qualified and experienced applicants to be accepted into the Pool on an ongoing basis.

Need more information

For any enquiries, please contact Felicity Morris, Manager Governance and Procurement at fmorris@walga.asn.au or (08) 9213 2093.

WALGA Pool of Independent Presiding Members
for Local Government Audit Risk and Improvement Committees

Expression of Interest Invitation - Supporting Information

1. Introduction

The Western Australian Local Government Association (WALGA) is curating a Pool of persons who demonstrate qualifications, experience and expertise, relevant to performing the function of a Presiding Member for a Local Government Audit, Risk and Improvement Committee.

WALGA's Local Governments members will access information about the qualifications, experience and expertise of persons included in this Pool, to assist Local Governments in conducting a process to select Independent Committee Member(s) to perform the Presiding Member role in the Local Government's Audit, Risk and Improvement Committee.

2. Background

Recent [Local Government Act 1995](#) (the Act) reforms through the [Local Government Amendment Act 2024](#), will introduce changes to Local Government Audit, Risk and Improvement Committee functions.

The Presiding Member of the Audit, Risk and Improvement Committee will be required to be a person who is not:

- a current Council Member of the Local Government or another Local Government; or
- an employee of the Local Government.

Former Council Members are eligible.

These Act and Regulation amendments are expected to be effective in late 2025 / early 2026. Transitional provisions will allow a further 6-month period for Local Governments to establish their Audit, Risk and Improvement Committee and appoint, in accordance with the amended Act provisions, Committee membership that must include:

- An independent Presiding Member AND
- An independent Deputy of the Presiding Member, and
- Optionally may appoint an independent Deputy Presiding Member.

These reforms are intended to achieve independent oversight through an independent person chairing (presiding over) Committee meetings.

The reforms also provide for two or more Local Governments to agree to establish a shared Audit, Risk and Improvement Committee.

3. Audit, Risk and Improvement Committees

The Committee oversees the Local Government's functions under:

- Part 6 (Financial Management) and Part 7 (Audit) of the Act;
- Regulation 16¹ (Committee Functions) and Regulation 17 (CEO Review) of the [Local Government \(Audit\) Regulations 1996](#), and
- Regulation 5(2) (Financial Management Systems Reviews) of the [Local Government \(Financial Management\) Regulations 1996](#).

The Audit, Risk and Improvement Committee functions include guiding and assisting the Local Government in carrying out its financial management duties, monitoring internal and external financial and performance audits, monitoring and

¹ Audit Regulation 16 is expected to be amended as part of the implementation of the Local Government Act reforms

WALGA Pool of Independent Presiding Members
for Local Government Audit Risk and Improvement Committees

Expression of Interest Invitation – Supporting Information

advising the CEO relevant to internal controls, risk management and compliance, contributing to governance integrity and accountability, enhance transparency and strengthening financial and risk oversight.

Each Local Government determines the scheduling and frequency of its Audit, Risk and Improvement Committee - some Local Governments establish a schedule of meetings for each calendar year, other Local Governments call meetings periodically when required.

Committee meetings are called, convened and conducted in accordance with the *Local Government Act 1995* and [Local Government \(Administration\) Regulations 1996](#). Future reforms will introduce new Meeting Procedures Regulations that replace current Local Government Meeting Procedures or Standing Orders Local Laws that guide the conduct of meetings.

Overview of Committee Administration

- The Local Government's CEO is responsible for determining and preparing meeting agenda, inclusive of officer reports and recommendations for the Committee's consideration.
- The Committee's decision-making authority is limited to making recommendations that are referred to a Council meeting for decision. The Committee therefore cannot instruct, or direct the Local Government's administration, or commit to a particular course of action, unless the Committee's recommendation to do so has been endorsed by the Council.
 - Local Governments may delegate authority to the Committee, in which case the Committee may make decisions, limited to the matters delegated.
- Meetings are held in-person however the Act includes provisions that enable up to half the number of meetings held in any 12-month period to be held by electronic means. Further, committee members may request authorisation to attend by electronic means for up to half the in-person meetings held in any 12-month period.
- The Local Government's Administration provides administrative support, including the CEO and / or the Local Government's professional staff attending meetings, minute taking and provision of advice and support.
- Meeting minutes, including Committee decisions and recommendations to the Council are required to be published on the Local Government's website.
- Appointment to a Committee expires at the next biennial Local Government election day (being the third Saturday in October). An appointment following the 2025 Local Government Election will therefore expire on 16 October 2027, being the 2027 Local Government Election Day.
- Local Government Act reforms will in future require all Committee meetings to be open to the public, with provisions to enable a Committee to resolve to go behind closed doors to discuss matters prescribed as confidential.

4. Independent Member Roles and Responsibilities

Appointment to an Audit, Risk and Improvement Committee, is an appointment to specified office that is a member of the Committee, in accordance with *Local Government Act 1995* provisions. The specified offices prescribed in the Act, include:

- **Presiding Member** – refer LG Act s.5.12(1) and the yet to be proclaimed s.7.1A (*Local Government Amendment Act 2023*),
- **Deputy of the Presiding Member** refer LG Act s.5.11A and the yet to be proclaimed s.7.1B (*Local Government Amendment Act 2023*)
- **Deputy Presiding Member** – refer s.5.12(2) and the yet to be proclaimed s.7.1B (*Local Government Amendment Act 2023*)

An appointment is not a contract for supply of services or employment. It is a legislative appointment to a statutory office.

4.1. Audit, Risk and Improvement Presiding Member

The independent Presiding Member is responsible for ensuring meetings are conducted in accordance with the *Local Government Act 1995* and legislated meeting procedures.

WALGA Pool of Independent Presiding Members
for Local Government Audit Risk and Improvement Committees

Expression of Interest Invitation – Supporting Information

This includes:

- Preparing to attend Committee meetings, including in advance of Committee meetings:
 - prerequisite reading of agenda and attachments to the agenda, and
 - seeking advice, additional information, or clarifications regarding matters included in the agenda from the Local Government’s CEO.

NOTE: The volume of Committee Agenda information will vary between Local Governments, dependent upon the size and scale of the Local Government and the range and complexity of matters included in any agenda.

- Attending and presiding at Committee meetings, facilitating the meeting to progress through the order of business specified in the agenda.
- Maintaining orderly conduct of the meeting, Committee Members and members of the public.
- Complying with the [Local Government \(Model Code of Conduct\) Regulations 2021](#) as applicable to a Committee Member.
- Disclosing Direct Financial, Indirect Financial, Proximity and Impartiality interests in relation to matters considered by the Committee (refer [Local Government Act 1995](#), Part 5, Division 6, Subdivision 1 and the Model Code of Conduct Regulations).
- Facilitating the process of motions, including debate and voting requirements.
- Participating in debate, contributing your expertise and experience in the decision-making process and vote.
- Liaising with the Local Government’s CEO, seeking advice or support to ensure Committee compliance, operational and business requirements are met.

4.2. Audit, Risk and Improvement Committee Deputy of the Presiding Member

Perform the role and responsibilities of the Audit, Risk and Improvement Presiding Member, when the Presiding Member is unable to attend a Committee Meeting.

Local Government’s may additionally choose to appoint the Deputy of the Presiding Member as a Committee Member, with a Committee Member being required to:

- Preparing to attend Committee meetings, including in advance of Committee meetings:
 - prerequisite reading of agenda and attachments to the agenda, and
 - seeking advice, additional information, or clarifications regarding matters included in the agenda from the Local Government’s CEO.

NOTE: The volume of Committee Agenda information will vary between Local Governments, dependent upon the size and scale of the Local Government and the range and complexity of matters included in any agenda.

- Attending Committee meetings.
- Complying with the [Local Government \(Model Code of Conduct\) Regulations 2021](#) as applicable to a Committee Member.
- Disclosing Direct Financial, Indirect Financial, Proximity and Impartiality interests in relation to matters considered by the Committee (refer [Local Government Act 1995](#), Part 5, Division 6, Subdivision 1 and the Model Code of Conduct Regulations).
- Participating in debate, contributing your expertise and experience in the decision-making process and vote.
- Liaising with the CEO, seeking advice or support to ensure your effective participation as a Committee Member.

4.3. Audit, Risk and Improvement Committee, Deputy Presiding Member

(optional Local Government appointment)

WALGA Pool of Independent Presiding Members
for Local Government Audit Risk and Improvement Committees

Expression of Interest Invitation – Supporting Information

Perform the role and responsibilities of the Audit, Risk and Improvement Presiding Member, when the Presiding Member or Deputy of the Presiding Member is unable to attend a Committee Meeting – refer LG Act s.5.13.

Perform the duties of a Committee Member, as outlined above.

5. Remuneration

Local Governments may only remunerate independent Committee Members in accordance with the annually reviewed Salaries and Allowances Tribunal (WA) [Determination for Local Government Chief Executive Officers and Council Members](#), which provides the following arrangements effective from 1 July 2025.

Meeting Attendance Fee – Independent Committee Member

The meeting attendance fee is paid per meeting attended and is inclusive of:

- time required to prepare adequately for meetings (consideration of agenda papers and consultation with Local Government staff), and
- meeting attendance.

Local Governments determine the meeting attendance fee to be paid within the Salaries and Allowances Tribunal Determination range of \$0 to \$450.

The Local Government may also pay the meeting attendance fee where the Council has requested the Committee Member to attend a meeting other than a committee meeting.

Reimbursement of expenses

Committee members are also entitled to be reimbursed for:

- Travel and associated expenses incurred relevant to attending a committee meeting or performing a function with the express approval of the Local Government. The extent to which reasonable travel costs may be reimbursed is:
 - If the committee member lives or works in the local government district or an adjoining local government district, the actual cost for the person to travel from the person's place of residence or work to the meeting and back; or
 - If the person does not live or work in the local government district or an adjoining local government district, the actual costs in relation to a journey from the person's place of residence or work and back;
 - For the person's travel from the person's place of residence or work to the meeting and back; or
 - If the distance travelled is more than 100kms, for the person to travel from the outer boundary of an adjoining local government district to the meeting and back to that boundary.
 - Travel costs incurred while travelling in a privately owned or leased vehicle (rather than a commercially hired vehicle) are to be calculated at the same rate contained in Section 30.6 of the Local Government Officers' (Western Australia) Award 2021 as at the date of the SAT Determination. For electric vehicles, the 1600cc Motor Vehicle Allowance rate will be applied.
- Childcare costs being up to \$35 per hour. If the committee member incurs costs greater than \$35 per hour, the Local Government may reimburse the elected member the actual costs upon provision of sufficient receipts / evidence to satisfy the Local Government that the expense has been legitimately incurred.
- The extent to which accommodation and meal costs may be reimbursed is in the same or similar circumstances under the *Public Service Award 1992* issued by the WA Industrial Relations Commission as at the date of the Salaries and Allowances Tribunal's annual determination.

Reimbursement is subject to the Local Government being satisfied that the expenses have been reasonably incurred. Local Governments will provide procedures for Committee Members to make reimbursement claims.

WALGA Pool of Independent Presiding Members
for Local Government Audit Risk and Improvement Committees

Expression of Interest Invitation – Supporting Information

Local Governments may directly fund a reimbursable expense, without requiring the Committee Member to incur the expense personally.

6. Operation of the WALGA Pool

Once established, the Pool will remain open and dynamic, enabling WALGA to include in the Pool, at any time, new applicants that meet the selection criteria requirements.

On approval by WALGA for inclusion in the Pool, the person's Respondent Form, as submitted in response to the Expression of Interest, will be available to WALGA's Local Government Members on request.

The Pool will be promoted to WALGA's Local Government Members via regular WALGA newsletters and communications.

Local Governments may request WALGA to provide Respondent Forms of Pool Members that have demonstrated qualifications, knowledge, experience and criteria identify by the requesting Local Government as relevant to their specific requirements. **Local Governments must undertake their own due diligence to ensure an informed decision when selecting a Committee Presiding Member and may choose to invite Pool Members to further respond to the Local Government's selection process.**

The WALGA Pool serves only as an opportunity for WALGA's Local Government members to engage with potential candidates for the Local Government's selection of Independent Committee Members for their Local Government's Audit, Risk and Improvement Committee.

WALGA provides no guarantee that any person included in the WALGA Pool will be selected by a Local Government now or at any time in the future.

Pool members may request the details provided in the Respondent Form to be updated or for their details to be removed from the Pool, by advising WALGA by email to governance@walga.asn.au

WALGA may determine at its own discretion to remove a person from appearing in the Pool at any time where WALGA identifies the person:

- no longer demonstrates the prerequisite qualifications or experience required under the selection criteria; and / or
- has failed to reasonably perform the functions of a Presiding Member or independent Committee Member consistent with the requirements of the Local Government Act, Regulations or the Local Government's requirements.

WALGA's decision is final and not subject to review.

**WALGA Pool of Independent Presiding Members
for Local Government Audit, Risk and Improvement Committees**

Expression of Interest - Respondent Form

The information provided in this Form will be the basis by which:

- WALGA determines if a Respondent has met the selection criteria for inclusion in the Pool; and
- Local Governments identify and select suitably qualified and experienced persons to be appointed as an independent Presiding Member of an Audit, Risk and Improvement Committee.

This RESPONDENT FORM has been designed so that Parts 1 to 8 are to be complete electronically, by filling in the form fields.

Telecommunications Infrastructure Local Planning Policy

Responsible directorate: Planning and Community Development

Objective: To outline the City's position on the installation of telecommunications infrastructure in the City of Joondalup.

1. Authority:

This Policy has been prepared in accordance with the deemed provisions of the *Planning and Development (Local Planning Scheme) Regulations 2015*, which allows a local government to prepare local planning policies relating to planning or development within the Local Planning Scheme area.

2. Application:

This Policy applies throughout the City of Joondalup in respect to all above ground telecommunications infrastructure other than those facilities that are exempted under the *Commonwealth Telecommunications Act 1997* (including low-impact facilities).

3. Definitions:

"above ground telecommunications infrastructure" means any line, equipment, apparatus, tower, antenna or any other structure that is visible above ground level.

"low-impact facility" means a facility used for telecommunications as described in Section 3.1 - Facilities of the *Telecommunications (Low-impact Facilities) Determination Act 1997*.

Note: Under the *Telecommunications Act 1997* certain facilities cannot be low-impact facilities, namely designated overhead lines, a tower that is not attached to a building, a tower attached to a building and more than 5 metres high, an extension to a tower that has previously been extended, and/or an extension to a tower if the extension is more than 5 metres high.

"telecommunications carrier" means a telecommunications company that is licensed by the Australian Communications and Media Authority as a carrier.

"telecommunications infrastructure" as defined in State Planning Policy 5.2 Telecommunications Infrastructure means any part of the infrastructure of a telecommunications

network and includes any line, equipment, apparatus, tower, antenna, tunnel, duct, hole, pit or other structure used, or for use, in or in connection with a telecommunications network.

Note: Telecommunications infrastructure, under this Policy, does not include facilities covered by the City's Satellite Dishes, Aerials and Radio Equipment Policy.

4. Statement:

This Policy is complementary to State Planning Policy 5.2: *Telecommunications Infrastructure (SPP 5.2)*. In assessing development applications for telecommunications infrastructure (non low-impact) the City is required to have due regard to SPP 5.2, including visual impact considerations on a case by case basis.

However, SPP 5.2 makes it clear that telecommunications carrier licences incorporate standards set by the Australian Radiation Protection and Nuclear Safety Agency and those licences include substantial safety margins to address human health. It is therefore not within the scope of SPP 5.2, local planning schemes or local planning policy to address health and safety matters, or to outline setback or buffer distances for telecommunications infrastructure.

5. Details:

5.1. Installation of low-impact telecommunications facilities:

The City recognises that it is bound by Federal legislation relating to telecommunications infrastructure and that it has no jurisdiction over the location, installation, or upgrading of low-impact facilities. The City will, however, provide comment when notified of a carrier's intent to install low-impact facilities by way of encouraging background colour matching and the removal of obsolete infrastructure.

5.2. Installation of other telecommunications infrastructure:

The City recognises the right of landowners/applicants to submit development applications for telecommunication infrastructure deemed to be other than low-impact under the *Telecommunications Act 1997*. The City also acknowledges its obligation to make a recommendation to the Western Australian Planning Commission (WAPC) or determine the application in its own right.

Upon receiving a development application for telecommunications infrastructure, which is not a low-impact facility, the proposal will be advertised for comment in accordance with the City's Planning Consultation Local Planning Policy.

In making a recommendation to the WAPC or in determining the application, the Council will have due regard to:

- the provisions outlined in State Planning Policy 5.2: Telecommunications Infrastructure
- compliance with the Telecommunications Code of Practice 1997
- the topography of the site and surrounding area, the size, height and type of the proposed facility, the location and density of surrounding vegetation, and the general visibility of the proposal from surrounding development

- the merits of the particular proposal, including the need for services to be located to optimise coverage
- submissions received in response to public consultation, noting that submissions on health or safety grounds cannot be considered.

Telecommunications Infrastructure Local Planning Policy

Responsible directorate: Planning and Community Development

Objective: To outline the City's position on the installation of telecommunications infrastructure in the City of Joondalup.

1. Authority:

This Policy has been prepared in accordance with the deemed provisions of the *Planning and Development (Local Planning Scheme) Regulations 2015*, which allows a local government to prepare local planning policies relating to planning or development within the Local Planning Scheme area.

2. Application:

This Policy applies throughout the City of Joondalup in respect to all above ground telecommunications infrastructure other than those facilities that are exempted under the *Commonwealth Telecommunications Act 1997* (including low-impact facilities).

3. Definitions:

"above ground telecommunications infrastructure" means any line, equipment, apparatus, tower, antenna or any other structure that is visible above ground level.

"low-impact facility" means a facility used for telecommunications as described in Section 3.1 - Facilities of the *Telecommunications (Low-impact Facilities) Determination Act 1997/2018*.

Note: Under the [Commonwealth Telecommunications Act 1997](#) certain facilities cannot be low-impact facilities, namely designated overhead lines, a tower that is not attached to a building, a tower attached to a building and more than 5 metres high, an extension to a tower that has previously been extended, and/or an extension to a tower if the extension is more than 5 metres high.

"telecommunications carrier" means a telecommunications company that is licensed by the Australian Communications and Media Authority as a carrier.

"telecommunications infrastructure" as defined in State Planning Policy 5.2 *Telecommunications Infrastructure*, means any part of the infrastructure of a telecommunications

network and includes any line, equipment, apparatus, tower, antenna, tunnel, duct, hole, pit or other structure used, or for use, in or in connection with a telecommunications network.

“other telecommunications infrastructure” means telecommunications infrastructure that is deemed to be other than low-impact under the Commonwealth *Telecommunications Act 1997*.

~~**Note: Telecommunications infrastructure, under this Policy, does not include facilities covered by the City’s Satellite Dishes, Aerials and Radio Equipment Policy.**~~

4. **Statement:**

This Policy is complementary to State Planning Policy 5.2: *Telecommunications Infrastructure (SPP 5.2)*. In assessing development applications for telecommunications infrastructure (non low-impact) the City is required to have due regard to SPP 5.2, including visual impact considerations on a case by case basis.

However, SPP 5.2 makes it clear that telecommunications carrier licences incorporate standards set by the Australian Radiation Protection and Nuclear Safety Agency and those licences include substantial safety margins to address human health. It is therefore not within the scope of SPP 5.2, local planning schemes or local planning policy to address health and safety matters, or to outline setback or buffer distances for telecommunications infrastructure.

5. **Details:**

5.1. **Installation of low-impact telecommunications facilities:**

The City recognises that it is bound by Federal legislation relating to telecommunications infrastructure and that it has no jurisdiction over the location, installation, or upgrading of low-impact facilities. The City will, however, provide comment when notified of a carrier’s intent to install low-impact facilities by way of encouraging background colour matching and the removal of obsolete infrastructure.

5.2. **Installation of other telecommunications infrastructure:**

The City recognises the right of landowners/applicants to submit development applications for telecommunication infrastructure deemed to be other than low-impact under the Commonwealth *Telecommunications Act 1997*. The City also acknowledges its obligation to make a recommendation to the Western Australian Planning Commission (WAPC) or determine the application in its own right.

~~Upon receiving a development application for telecommunications infrastructure, which is not a low impact facility, the proposal will be advertised for comment in accordance with the City’s Planning Consultation Local Planning Policy.~~

In making a recommendation to the WAPC or in determining the application, the Council City will have due regard to:

- the provisions outlined in State Planning Policy 5.2: *Telecommunications Infrastructure*
- ~~compliance with the *Telecommunications Code of Practice 1997*~~

- the topography of the site and surrounding area, the size, height and type of the proposed facility, the location and density of surrounding vegetation, and the general visibility of the proposal from surrounding development
- the merits of the particular proposal, including the need for services to be located to optimise coverage
- submissions received in response to public consultation, noting that submissions on health or safety grounds cannot be considered.

5.3. Advertising of other telecommunications infrastructure where the City is the decision-maker:

For applications where the City is the decision-maker, community consultation will be undertaken in accordance with the City's Planning Consultation Local Planning Policy.

5.4. Advertising of other telecommunications infrastructure where the City is not the decision-maker:

For applications referred to the City for comment, where the City is not the decision-maker, the City may undertake community consultation notwithstanding Clause 5.3 of the Planning Consultation Local Planning Policy.

Where consultation is undertaken, it will be carried out as follows:

- Aa minimum consultation period of 14 days, with 21 days preferred where referral timeframes allow
- Notification letters sent to stakeholders within 400 metres of the site
- Aa notice and relevant documents published on the City's website
- On-site signage providing notice of the application.

Closure of Pedestrian Accessways ~~Local~~ ~~Planning Policy~~ Council Policy

Responsible directorate: Planning and Community Development

Objective:

- ~~• To state the City's position on the closure of pedestrian accessways.~~
- ~~• To establish a process to determine whether a request for closure of a pedestrian accessway should be supported.~~
- ~~• To provide guidance on the assessment criteria to be used for requests to close pedestrian accessways.~~

~~1. Authority:~~

~~This Policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area.~~

~~2.1. Application:~~

~~This policy applies to all requests for closure of pedestrian accessways within the City of Joondalup.~~

~~3.2. Definitions:~~

~~“major transit terminal” means a multi-nodal public transport terminal, such as a train and bus terminal.~~

~~“pedestrian accessway” means a path or link in the public domain that provides pedestrian and cyclist access around neighbourhoods, in particular between cul-de-sac and loop roads.~~

~~means any path in the public domain that is available for use by pedestrians, and vehicles that are not regulated by the *Road Traffic Act 1974* (eg: bicycles, skateboards, rollerblades). Does not include pedestrian paths provided within road reserves, or on land zoned Parks and Recreation under the *City of Joondalup District Planning Scheme No 2*.~~

~~“Perth Bicycle Network” means the network of cycling routes across the Perth Metropolitan Area identified by the Department of Transport, and comprised of local bicycle routes, principal shared paths and recreational shared paths.~~

4.3. Statement:

~~Pedestrian accessways play a vital role in ensuring convenient pedestrian and cyclist movement, particularly in suburban areas designed with cul-de-sacs. Pedestrian accessways are essential for enhancing neighbourhood connectivity and supporting access to facilities. As such, the closure of pedestrian accessways is not supported unless in exceptional circumstances. Notwithstanding, any formal request for closure will be assessed in accordance with the process outlined in this policy. This process includes an evaluation of urban design, nuisance impacts, and community usage to determine the appropriateness of closure in specific circumstances.~~

~~The provision and maintenance of pedestrian accessways is important in facilitating safe, convenient and legible pedestrian and cycle movement, particularly in suburban locations designed with cul-de-sacs. Closure shall not be supported, except in particular circumstances, as described in this policy.~~

5.4. Details:

~~In considering requests for the closure of pedestrian accessways, the following assessments will be undertaken. The City will undertake three assessments:~~

- ~~• Urban design assessment~~
- ~~• Nuisance impact assessment~~
- ~~• Community impact assessment~~

~~The above assessments include advertising the proposal to the community and consultation with relevant State agencies. Following the completion of each of the above assessments, the importance of the pedestrian accessway will be rated as either “low”, “medium” or “high” as set out in Table 1. This information will then be used to conduct a cross-analysis as set out in Table 2, which will determine the City’s initial position on the proposed closure.~~

~~Following advertising, the assessment of the closure request as outlined in this policy will be presented to Council for consideration.~~

5.1.4.1. Urban design assessment:

An urban design assessment will be undertaken to determine the significance of the pedestrian accessway in the pedestrian and cycle network through the locality.

In conducting the urban design assessment, the following factors will be considered.

5.1.4.1.1. Access to community facilities:

Where a pedestrian accessway is considered to provide an important access route to a community facility, closure shall generally not be supported. Examples of community facilities include but are not limited to:

- Schools
- Shops
- Public open spaces
- Bus stops
- Libraries
- Churches
- Rail stations

~~To determine whether a pedestrian accessway is considered to provide an important access route to a community facility as above, To illustrate the impact that a pedestrian accessway closure may have on access to community facilities,~~ a walkable catchment diagram ~~in the form of a ped shed~~ will be prepared. A 400- metre catchment applies to a pedestrian accessway close to community facilities; and 800 metres, where the pedestrian accessway is close to an Activity Centre identified in *State Planning Policy 4.2: Activity Centres for Perth and Peel* or a ~~major transit terminal/train station.~~

5.1.2.4.1.2. Availability of alternative access routes:

A safe, clear and direct alternative route must exist which provides access to community services and facilities.

5.1.3.4.1.3. Relationship to the pedestrian network:

Closure of a pedestrian accessway ~~which forms part of a key pedestrian network~~ will not be supported where it forms part of a continuous pedestrian and/or cycle network.:

- ~~• a continuous pedestrian network; or~~
- ~~• a Perth Bicycle Network or similar.~~

~~Following completion of the urban design assessment, the importance of the pedestrian accessway will be rated as either “low”, “medium” or “high” as set out in Table 1.~~

5.2.4.2. Nuisance impact assessment:

A nuisance impact assessment will be undertaken to substantiate claims of nuisance behaviour occurring within the pedestrian accessway.

The City will assess the following types of evidence:

- Evidence provided by the person(s) making the request for closure.
- Evidence provided by relevant agencies/organisations (eg: Western Australian Police).

- c. Evidence provided by the City's Community Safety officers records (eg: Rangers, City Watch).

In conducting the nuisance impact assessment, the following factors will be considered in relation to nuisance behaviour:

- a. Frequency of occurrence
- b. Number of offences
- c. Nature of offences

Following completion of the nuisance impact assessment, the level of nuisance occurring on the pedestrian accessway will be rated as either "low", "medium" or "high" as set out in Table 1.

5.3.4.3. Community impact assessment:

A community impact assessment ~~will be undertaken of the use of the pedestrian accessway will be undertaken to gather information from surrounding residents in order to determine the level of use by the local community. This will be done by:~~

- ~~sSending a letter to landowners and occupiers within a 400 metre radius of the pedestrian access-way seeking comment for a period of 30 days,~~
- ~~pPlacing a sign at each end of the pedestrian access-way giving notice of the proposed closure and details on how to provide comment.~~

~~Comments will be sought for a period of 30 days and will consist of letters and questionnaires to all landowners within a 400 metre radius of the subject pedestrian accessway.~~

~~The following additional consultation may also be undertaken, if considered necessary by the local government:~~

- ~~Insertion of notices in the local newspaper.~~
- ~~Liaison with local community groups.~~
- ~~On site assessment(s) to count pedestrian and cyclist movement through the subject pedestrian accessway.~~

Access for disabled persons and seniors will be given special consideration, as the impact of the pedestrian accessway closure on these groups is likely to be greater.

Following completion of the Community Impact Assessment, the pedestrian accessway's level of use will be rated as either "low", "medium" or "high" as set out in Table 1.

5.4.4.4. Referral to State Government and service agencies:

~~Comments will be sought from relevant public authorities and agencies such as:~~

- ~~Service agencies (such as Water Corporation, Western Power, ATCO Gas), with regard to service relocation and/or easement requirements~~

- ~~Government agencies (such as Landgate, Department of Education, WA Police)~~

~~Requests for closure of pedestrian accessways will be referred to State Government and service agencies, including:~~

- ~~Landgate (who are also to provide a land purchase price to be met by abutting landowners)~~
- ~~Water Corporation~~
- ~~Western Power~~
- ~~Telstra~~
- ~~ATCO Gas~~

~~Comments received from State Government and service agencies will determine if essential services (ie: sewer mains) are located within the pedestrian accessway and whether or not these services need to be relocated and/or an easement put in place, should closure be supported. Comments can also be made for or against the proposal.~~

5.5.4.5. Final Overall assessment:

~~The results of each individual assessment as above will enable an initial determination on the City's position on the closure final determination to be made via cross-analysis, in accordance with Table 2. Scenarios where closure of a pedestrian accessway will be supported or not supported are provided in Table 2.~~

5.5.4.5.1. Referral to the Western Australian Planning Commission:

~~The results of the final overall assessment will be presented to Council for consideration. Where Council supports closure of a pedestrian accessway, a full copy of the closure report will be referred to the Western Australian Planning Commission for determination.~~

5.6. Reconsideration of decision:

~~Where Council has considered a request to close a pedestrian accessway and has determined that the pedestrian accessway should remain open, Council's decision is final and will only be reconsidered where it is clearly demonstrated that the assessment has not been in accordance with the provisions of this policy. In the absence of a reconsideration being heard by Council, a new request for closure may be submitted no less than 18 months from the date of Council's decision.~~

~~In circumstances where Council supports closure of a pedestrian accessway but, the Western Australian Planning Commission does not support closure, Council may request that the Commission reconsider its decision.~~

~~For a request for reconsideration to be initiated, all landowners abutting the pedestrian accessway are required to make a joint request, with the request being supported by "new information" that addresses the matters raised by the Commission in its decision. Council will then consider the request and forward the decision to the Western Australian Planning Commission for reconsideration.~~

~~Once the Western Australian Planning Commission has determined the request for reconsideration no further requests can be made. The City will consider a new request for closure no less than 18 months of the date of the Commission's decision on the reconsideration.~~

~~5.7. Alternatives to closure:~~

~~The results of each individual assessment will enable a final determination to be made via cross analysis. Scenarios where closure of a pedestrian accessway will be supported or not supported are provided in Table 2.~~

~~5.7.1. Request made on the grounds of nuisance behaviour:~~

~~Where a determination is made not to support a request for closure, which was submitted on the grounds of nuisance behaviour, Council may consider upgrading the subject pedestrian accessway. Such improvements may include:~~

- ~~• improvements to lighting;~~
- ~~• improvements to appearance; and/or~~
- ~~• increased security patrols.~~

~~5.7.2. Request made on the grounds of security:~~

~~Where a determination is made not to support a request for closure and a significant security problem is shown to exist for dwellings abutting the pedestrian accessway, Council will give consideration to alternatives or initiatives raised by landowners abutting the subject pedestrian accessway. Options raised shall only be considered where the proposal is:~~

- ~~• considered to significantly improve security;~~
- ~~• supported by abutting landowners;~~
- ~~• deemed to have no significant negative impact on the amenity of the surrounding area; and~~
- ~~• deemed to have no adverse impact on traffic management.~~

Consulting Rooms Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To provide development standards for consulting rooms that assist in facilitating appropriate development in close proximity to local users of the facility.
- To ensure the location, design and siting of consulting rooms does not have a negative impact on residential amenity by way of inappropriate built form, parking or traffic.
- To prevent the conglomeration of consulting rooms in residential areas.

1. Authority:

This policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area.

2. Application:

This policy applies to all consulting rooms in the 'Residential' zone and the 'Urban Development' zone where the applicable structure plan applies the 'Residential' zone.

3. Definitions:

"consulting rooms" as defined by Local Planning Scheme No. 3, means premises used by no more than 2 health practitioners at the same time for the investigation or treatment of human injuries or ailments and for general outpatient care.

"health practitioner" as defined by Local Planning Scheme No. 3, means a medical doctor, dentist, physiotherapist, radiologist, podiatrist, chiropractor, acupuncturist, naturopath or any other health care staff generating their own independent patient load.

4. Statement:

The location of consulting rooms within a residential area provides the opportunity for services to be located close and accessible to the users of those facilities.

In considering applications for consulting rooms within residential areas, the location, siting and design of the consulting room will be taken into consideration to ensure the development does not have an adverse impact on the residential character and amenity of surrounding areas.

5. Details:

In assessing an application for development approval for consulting rooms, the following will be considered.

5.1. Location:

- a. In order to avoid the adverse cumulative impacts of non-residential development in a residential area, a consulting room that would contribute to the concentration of these uses along a street or located in close proximity to another consulting room in the Residential zone will generally not be supported.
- b. Battle-axe lots or sites located at the head of cul-de-sacs should be avoided as they limit the opportunity for the provision of car parking and can cause traffic issues due to the concentration of activity.

5.2. Building setbacks and fencing:

- a. Building setbacks and fencing are to be in accordance with the requirements Part B of the Residential Design Codes (R-Codes) (Volume 1) and the City's Residential Development Local Planning Policy (as relevant) or any relevant structure plan.

5.3. Building height:

- a. The maximum building height as measured from the natural ground level is to be in accordance with the following table:

Maximum building height		
Top of external wall	Top of external wall (concealed roof)	Top of pitched roof
<u>6-7</u> metres	<u>7-8</u> metres	<u>9-10</u> metres

5.4. Building design:

- a. Development is to be in accordance with the following requirements:

Design element	Development standard
a. Appearance	<ul style="list-style-type: none"> i. Although the use is a non-residential land use, the building must be of residential appearance, in keeping with the surrounding environment, and not detract from the amenity of adjoining properties. ii. The building and any additions must: <ul style="list-style-type: none"> • be consistent in style with any existing development on site; and/or

	<ul style="list-style-type: none"> maintain and enhance the character of the local area; and be compatible with the existing and/or desired streetscape character. <p>This can be by the way of:</p> <ul style="list-style-type: none"> scale material and colours roof design detailing window size.
--	--

5.5. Parking and access:

5.5.1. Car parking standard:

a. Car parking bays are to be provided in accordance with the following table:

Use class	Number of on-site parking bays
Consulting rooms	5 bays per practitioner

5.5.2. Car parking location and design:

a. Car park access and design is to be in accordance with the following requirements:

Design element	Development requirement
a. Car park location	<ul style="list-style-type: none"> All car parking is to be provided on-site; verge parking is not permitted. Car parks should, where practicable, be located at the rear of the building and the location clearly sign-posted. Car parking in front of the consulting rooms should be minimised in order to maintain a residential streetscape.
b. Car park design	<ul style="list-style-type: none"> Car parks shall be designed in accordance with Australian Standards AS 2890.1 and/or AS 2890.2 as amended from time to time. Tandem car parking will be considered for employee parking only and must be clearly designated as such.
c. Vehicle access	<ul style="list-style-type: none"> Vehicles are required to enter and exit the site in forward gear. A maximum of two 3 metre wide crossovers or one 6 metre wide crossover is permitted.
d. Pedestrian access	<ul style="list-style-type: none"> A footpath must be provided from the carpark and the street to the building entrance.

5.5.3. Bicycle parking standards:

a. Bicycle parking is to be provided in accordance with the following table and relevant Australian standards.

Use class	Employee/visitor bicycle parking
Consulting rooms	2 spaces

5.6. Landscaping:

- a. Landscaping is to be in accordance with the following requirements:

Design element	Development requirement
a. % Landscaping	i. A minimum of 8% of the area of a lot shall be landscaped. ii. The landscaped area shall include a minimum strip of 1.5 metres wide adjacent to all street boundaries.
b. Size	i. Any landscaped area shall have a minimum width of 1.0 metre and distributed in areas of not less than 4.0 square metres.
c. Shade trees	i. Shade trees shall be provided and maintained in uncovered car parks at the rate of one tree for every four car parking bays.
d. Verge	i. The verge areas of all consulting rooms are required to be suitably landscaped, reticulated and maintained to discourage patrons from parking on the verge. The verge is not permitted to be paved or sealed as this would encourage its use for parking.

5.7. Hours of operation:

- a. The days and hours of operation are to be in accordance with the following:

Days	Operating hours
Monday to Friday	8.00 am to 6.00 pm
Saturday	9.00 am to 5.00 pm
Sunday	Not permitted

5.8. Public consultation:

- a. Refer to the City's Planning Consultation Local Planning Policy.

Creation date:	June 2013 (CJ113-06/13)

Container Deposit Scheme Infrastructure Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To ensure the location, design and siting of container deposit scheme infrastructure is complementary to the character, functionality and amenity of urban localities.
- To prevent any negative impacts on local amenity from the operation of the container deposit scheme infrastructure.
- To enable the timely, cost-effective delivery of essential container deposit scheme infrastructure.
- To provide conveniently located infrastructure to ensure the container deposit schemes' effective reduction of litter, increased recycling and protection of the environment.

1. Authority:

This policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows the local government to prepare local planning policies relating to planning and development within the Scheme Area.

2. Application:

This policy applies to infrastructure associated with the container deposit scheme within the City of Joondalup, as outlined in this policy.

3. Definitions:

“container collection cage” means a cage, or other structure, that is designed to store containers deposited at return points, and is incidental to the predominant land use.

“container deposit scheme infrastructure” means a reverse vending machine or a container collection cage.

“reverse vending machine” means a permanently-located unattended device that accepts empty beverage containers, and is incidental to the predominant land use.

“the Heritage Act” means the *Heritage of Western Australia Act 1990*.

“the Noise Regulations” means *Environmental Protection (Noise) Regulations 1997* (as amended) prepared under the *Environmental Protection Act 1986*.

“the Regulations” means the *Planning and Development (Local Planning Schemes) Regulations 2015* prepared under the *Planning and Development Act 2005*.

“total lot area” means the total land area of a freehold or survey strata lot.

“the Scheme” means the City of Joondalup Local Planning Scheme No. 3.

4. Statement:

The purpose of this policy is to provide an exemption in accordance with Clause 61(1)(i20) and (2)(e) of the *Planning and Development (Local Planning Schemes) Regulations 2015* from the requirement to obtain development approval for container deposit scheme infrastructure proposals which satisfy minimum development standards.

5. Details:

Development approval will not be required for container deposit scheme infrastructure proposals that comply with the provisions of this policy, in accordance with clause 61(1)(i20) and (2)(e) of the deemed provisions of the Scheme provided for by the Regulations, unless the development is proposed on land in a place that is:

- 1.a. entered in the Register of Heritage Places under the Heritage Act; or
- 2.b. the subject of an order under Part 6 of the Heritage Act; or
- 3.c. included on a heritage list prepared in accordance with the Scheme; or
- 4.d. within an area designated under the Scheme as a heritage area; or
- 5.e. the subject of a heritage agreement entered into under section 29 of the Heritage Act.

Container deposit scheme infrastructure proposed to be erected on a temporary basis of not more than 48 hours within a 12-month period are typically exempt from approval, as per the requirements of 61(1)(f17) and (2)(fd) of the deemed provisions provided in the Regulations and contained within the Scheme. As such, the policy provisions would not apply.

5.1. Specified exemptions:

- a. The development or operation of a large reverse vending machine is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, with the exception of the residential and urban development zones:
 - i. residential and urban development zones; and
 - ii. rural zone.

- b. The development of a container collection cage is development for which development approval is not required where it complies with all the relevant development standards outlined below (unless otherwise agreed by the local government), and may take place in any zone, including a residential or rural zone or public purpose reserve where the land is lawfully used for the purposes of:
 - i. Civic use; and/or
 - ii. Community purpose; and/or
 - iii. Educational establishment.

5.2. General:

Where the development of a reverse vending machine and/or container collection cage is proposed, the infrastructure must not result in any change to the approved land use in a way that would result in the use no longer complying with any relevant development standards and/or requirements of the Scheme.

5.2.1. Location:

- a. Container deposit scheme infrastructure must not be erected within 10 metres of an adjoining lot boundary that accommodates a residential use.
- b. Container deposit scheme infrastructure must not restrict any vehicular or pedestrian access to or from, or entry to any building on, the land on which the infrastructure is located.
- c. Container deposit scheme infrastructure must not obstruct the operation of, or access to, any utility services on the land on which the infrastructure is located or on adjacent land.
- d. To preserve pedestrian and vehicular sightlines, and servicing access, container deposit scheme infrastructure must not be erected within two metres of any road reserve or right-of-way intersection or crossover, and shall be located in such a way that it does not reduce existing car park sightlines, aisle widths and manoeuvring spaces.
- e. Where the development of a container collection cage is proposed, the collection cage must be located in a car park or service area to be visually unobtrusive, and must be secured, locked and immovable.

5.2.2. Visual amenity:

- a. Where the development of container deposit scheme infrastructure is proposed outdoors, placement of the infrastructure must not result in the removal of any vegetation, landscaping or street tree.
- b. Container deposit scheme infrastructure must be constructed and clad with low-reflective, graffiti-resistant materials, which provide protection from the elements and, where not consisting of promotional or branding material approved under the operation of the container deposit scheme, are consistent in colour and finish to that of nearby existing buildings.
- c. Where the development of container deposit scheme infrastructure is proposed outdoors, the infrastructure must not display any advertising signage other than

promotional or brand signage approved under the operation of the container deposit scheme.

- d. Where the development of container deposit scheme infrastructure is proposed outdoors, and the infrastructure exceeds a development footprint of 10 square metres, bins for the removal of waste or recyclable materials not accepted by the infrastructure are to be provided and serviced regularly to maintain the amenity of the area, at a rate of one (1) waste bin and 0.5 recycling bins (both 240L in volume) per 10 square metres of development footprint.

5.2.3. Operational amenity:

- a. Where the development of container deposit scheme infrastructure is proposed, the operation of the infrastructure must not prejudicially affect the amenity of the locality due to the emission of light, noise, vibration, electrical interference, smell or any other by-product.
- b. Where the development or operation of a large reverse vending machine is proposed adjacent to land that accommodates a residential use, the machine must operate only between the approved opening hours of the predominant land use, or in the absence of any other use:
 - i. between 7.00am and 7.00pm Monday to Saturday; and
 - ii. between 9.00am and 7.00pm on Sunday and public holidays.
- c. Where the development or operation of a large reverse vending machine is proposed, the reverse vending machine when in operation must not emit noise at a level which exceeds any requirement(s) under the Noise Regulations.
- d. Where the development or operation of container deposit scheme infrastructure is proposed, the infrastructure must be provided with lighting that complies with AS/NZS1158.3.1:~~2005-2020 Lighting for roads and public spaces, Part 3.1: Pedestrian area (Category P) lighting - performance and design requirements (as amended).~~
- e. Where the development or operation of container deposit scheme infrastructure is proposed, the infrastructure must be accessible to any person with a disability.

5.2.4. Development footprint:

- a. Where the development of a container collection cage is proposed outdoors, the cage must not:
 - i. have a development footprint of more than eight (8) square metres; or
 - ii. be more than two (2) metres in height.
- b. Where the development of a large reverse vending machine is proposed outdoors, on land not used for car parking, the machine must not:
 - i. have a development footprint of more than 45 square metres, and
 - ii. be more than three (3) metres in height, or have dimensions greater than eight (8) metres by six (6) metres.

- c. Where the development of a large reverse vending machine is proposed within an existing car park comprising more than 40 car parking spaces, the area occupied by the reverse vending machine must not exceed the greater of the following areas:
- i. The area comprising four (4) car parking spaces; or
 - ii. 45 square metres, where the car park contains 200 car parking spaces or less; or
 - iii. 75 square metres, where the car park contains 200 or more car parking spaces.
- d. Where the development of container deposit scheme infrastructure is proposed outdoors, the infrastructure shall be installed at a rate no greater than:
- i. Container collections cage – one (1) per lot; or
 - ii. Large reverse vending machine proposed on land not used for car parking – one (1) per 15,000 square metres of total lot area; or
 - iii. Large reverse vending machine proposed in an existing car park comprising more than 40 car parking spaces – one (1) per 1000 car parking spaces.

Non-residential Development in the Residential Zone Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To provide development standards for non-residential development in the Residential Zone.
- To ensure that non-residential development is compatible with and complements the character of the surrounding residential area.
- To ensure that non-residential development does not have a negative impact on the surrounding residential amenity.

1. Authority:

This policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area.

2. Application:

This policy applies to all non-residential development (not covered by other local planning policies) in the 'Residential' zone and the 'Urban Development' zone where the applicable structure plan applies the 'Residential' zone.

3. Definitions:

"non-residential development" means development to which the 'Residential Design Codes' (R-Codes) do not apply.

"external fixtures" means utilities, equipment, plant or other structures necessary for a building to achieve efficient, comfortable operating outcomes and may include rainwater storage tanks, air conditioning units, communication, power and water infrastructure, letterboxes or other fixtures necessary for the use of the building.

"height" when used in relation to a building, means the maximum vertical distance between natural ground level and the finished roof height directly above.

“**landscape, landscaping or landscaped**” means land developed with garden beds, shrubs and trees, or by the planting of lawns, and includes such features as rockeries or ornamental ponds.

“**small scale renewable energy system**” means a solar energy system of up to 100 kilowatts capacity or a small wind energy system of up to 10 kilowatts capacity.

“**solar energy system**” means a system which converts energy from the sun into useable electrical energy, heats water or produces hot air or a similar function through the use of solar panels.

“**wind energy system**” means equipment that converts and then stores or transfers energy from the wind into usable forms of energy. This equipment includes any base, blade, foundation, generator, nacelle, rotor, tower, transformer, vane, wire, inverter, batteries or other component used in the system.

4. Details:

4.1. Location:

It is preferred that non-residential uses be located as follows:

- a. Directly adjoining a non-residential use such as a shopping centre, medical centre or consulting room, school, park or community purpose building on at least one boundary
- b. Not be located on lots fronting local roads or cul de sac roads, or lots accessed by a right-of-way, common driveway or battle-axe leg
- c. Where a proposal does not meet the above criteria, the applicant is required to outline measures to ensure that the proposal will not have an undue impact on residential amenity in terms of noise, location of car parking, increased traffic and building scale.

4.1.4.2. Building setbacks:

Building setbacks are to be in accordance with Part B of the Residential Design Codes (R-Codes) (Volume 1) and the City’s Residential Development Local Planning Policy (as relevant) or any relevant structure plan.

- a. Building setbacks are to be in accordance with Part 5 of the R-Codes, with the exception of the following:

R-Code	Minimum primary street setback distance	Minimum secondary street setback distance
R5	12 metres	6 metres
R20 and R25	6 metres	1.5 metres
R30 and above	4 metres	1.5 metres

4.2.4.3. Building height:

- a. The maximum building height as measured from the natural ground level is to be in accordance with the following table:

Land use	Maximum building height		
	Top of external wall	Top of external wall (concealed roof)	Top of pitched roof
Residential Aged Care Facility on a lot of 5,000m ² or more coded R40 or lower	9 metres	10 metres	12 metres
Residential Aged Care Facility on a lot of 5,000m ² or more coded R50 or higher	12 metres	13 metres	15 metres
All other non-residential land uses	<u>6-7</u> metres	<u>7-8</u> metres	<u>9-10</u> metres

4.3.4.4. Building design:

- a. Development is to be in accordance with the following requirements:

Design Element	Development Standard
(a) Appearance	(i) The building must be of residential appearance, in keeping with the surrounding environment, and not detract from the amenity of adjoining properties.

4.4.4.5. Parking and access:

4.4.1.4.5.1. Car parking standard:

- a. Car parking bays are to be provided in accordance with the following table:

Use Class	Number of on-site parking bays
Caravan Park	1 bay per site/chalet plus 1 visitor bay per 10 sites
Civic Use	1 per 4 people accommodated
Home Store	1 per 25m ² NLA
Park Home Park	1 bay per park home plus 1 visitor bay per 10 park homes
Residential Aged Care Facility	1 per 5 beds plus 1 per staff member on duty

4.4.2.4.5.2. Car parking location and design:

- a. Car park access and design is to be in accordance with the following requirements:

Design Element	Development requirement
a. Car park location	i. All car parking is to be provided on-site; verge parking is not permitted.

	ii. Car parks should, where practicable, be located at the rear of the building and the location clearly sign-posted.
b. Car park design	i. Car parks shall be designed in accordance with Australian Standards AS 2890.1 and/or AS 2890.2 as amended from time to time. ii. Tandem car parking will be considered for employee parking only and must be clearly designated as such.
c. Vehicle access	i. The number of crossovers should be kept to the minimum to provide efficient ingress and egress. ii. Vehicles are required to enter and exit the site in forward gear.
d. Pedestrian access	i. A footpath must be provided from the car park and the street to the building entrance.

4.5.4.6. Landscaping:

a. Landscaping is to be in accordance with the following requirements:

Design Element	Development requirement
a. % landscaping	i. A minimum of 8% of the area of a lot shall be landscaped. ii. The landscaped area shall include a minimum strip of 1.5 metres wide adjacent to all street boundaries.
b. Size	i. Any landscaped area shall have a minimum width of 1.0 metre and distributed in areas of not less than 4.0 m² square metres .
c. Shade trees	i. Shade trees shall be provided and maintained in uncovered car parks at the rate of one tree for every 4four car parking bays.

4.6.4.7. Fencing:

a. Any fence located in the street setback is to be in accordance with the requirements of the Residential Design Codes (R-Codes) and the City's Residential Development Local Planning Policy or any relevant structure plan or local development plan.

4.7.4.8. Servicing:

a. Services should be screened from view, and located at the rear of the building where practicable. Servicing is to be in accordance with the following requirements:

Provision	Development requirement
a. Bin storage areas	i. Bin storage areas must be screened from view by a wall not less than 1.8 metres in height, constructed of brick, masonry or other approved material. ii. Bin storage areas must be accessible to waste collection vehicles and not adversely affect car parking and vehicular or pedestrian access.

b. External fixtures	i. External fixtures must be screened from view from the street through building design and located on the roof, basement or at the rear of the building.
c. Lighting	ii. To minimise the negative impacts of lighting, lighting is to be installed in accordance with Australian Standard AS 4282.

4.9. Operations management plan:

Development applications for non-residential uses that are being contemplated in the 'Residential' zone are to be accompanied by an operations management plan that addresses the following, as relevant:

- a. Detailed description of the proposal
- b. Outline measures to ensure that activity will not have undue impact on residential amenity e.g. in relation to noise, car parking, traffic, and building scale, including provision of a noise impact assessment or traffic assessment completed by a suitably qualified professional if required by the City
- c. Maximum number of staff and customers/visitors proposed on any given day
- d. Operating hours
- e. Parking arrangements for staff and customers/visitors
- f. Waste management arrangements
- g. Timing and frequency of additional services/activities associated with the use (e.g. cleaning, gardening, deliveries etc)
- h. Any other relevant matters.

If approved, compliance with the management plan will be an ongoing condition of development approval.

4.8.4.10. Sea containers on private land:

The location and use of sea containers associated with non-residential uses on 'Residential' zoned land should not detract from the amenity, character and streetscape of an area.

- a. The permanent use of a sea container is to be in accordance with the following requirements, demonstrated through an application for development approval:

Provision	Development requirement
(a) Visibility	<ul style="list-style-type: none"> i. The sea container must not be visible from any street. ii. The sea container must be clad with materials and is a colour that matches, or is complementary to, the materials and colour of the existing buildings on the property.

- b. The temporary use of a sea container can be considered in accordance with the following requirements:
- i. The sea container is only used in conjunction with building construction or subdivision work that is occurring or approved to occur on the subject site, up to a maximum of 12 months; or
 - ii. The sea container is only used for the loading or unloading of goods that is occurring on the subject site up to a maximum of 7 days; and
 - iii. The sea container is positioned so as not to obscure vehicle sightlines.
 - iv. A formal request is received and a letter is issued from the City approving the temporary nature of the sea container, and its period of use, in accordance with the provisions of subclause 61(1)(17f) of the *Planning and Development (Local Planning Schemes) Regulations 2015*.
 - v. Clause iv. above does not apply if the sea container is in place for less than 48 hours.

4.9.4.11. Small scale renewable energy systems:

a. The development of small scale renewable energy systems is encouraged in order to reduce the production of greenhouse gas emissions. Small scale renewable energy systems are to be in accordance with the following requirements:

Provision	Development requirement
(a) Solar energy system	(i) Solar energy systems must be integrated into the overall design of the building and located on rooftops so as not to detract from the building itself or impose on the existing streetscape.
(b) Wind energy system	<ol style="list-style-type: none"> i. The system must be well setback from any overhead power lines. ii. The turbine system must be fitted with an automatic and manual braking system or an over-speed protection device. iii. Unless colour-matched to the supporting roof, the wind energy system and any tower structure must remain painted or finished in the colour or finish applied by the manufacturer. iv. No signage, other than the manufacturer's or installer's identification, shall be attached to the system. v. Any electrical components and wires associated with a small wind energy system must not be visible from the street. vi. The system must not be located on a property/building on the City's Heritage List. vii. A maximum of 1 turbine per lot is permitted. viii. Turbines are not permitted on lots less than 350m². ix. The maximum height of a pole mounted system is 5m metres above natural ground level. x. The minimum clearance of a pole mounted system is 3m metres from natural ground level. xi. The maximum height of a roof mounted system is 3m metres above the roofline. xii. The maximum blade diameter is 2m metres. xiii. Not permitted between the building and street.

	<p>xiv. A pole mounted system must be setback from side and rear boundaries not less than the total height of the wind energy system.</p> <p>xv. A roof mounted system must be setback a minimum of 7.5 metres from a major opening of an adjoining building.</p>
--	---

4.10.4.12. Public consultation:

- a. Refer to the City's Planning Consultation Local Planning Policy.

Creation date: October 2018 (CJ183-10/18)

Subdivision and Dwelling Development Adjoining Areas of Public Space Local Planning Policy

Responsible directorate: Planning and Community Development

Objective: To provide guidelines for the design of subdivisions and dwelling developments adjoining areas of public space to maximise the outlook onto and casual surveillance of these areas from adjoining properties and streets.

1. Authority:

This Policy has been prepared in accordance with Clause 8.11 of the City of Joondalup District Planning Scheme No. 2 which allows Council to prepare planning policies relating to planning and development within the Scheme area.

2. Application:

This Policy applies to all subdivisions and other dwelling developments adjoining areas of public space.

This Policy is to be implemented in conjunction with the provisions of the City of Joondalup's Private Property Local Law 1998.

3. Definitions:

“active habitable space” means any habitable room with a floor area greater than 10 square metres and any balcony, verandah terrace or other outdoor living area raised more than 0.5 metres above natural ground level and greater than 1 metre in dimension and 3 square metres in area, as defined within the Residential Design Codes of Western Australia.

“amenity” means all those factors which combine to form the character of the area to residents and passers-by and shall include the present and likely future amenity, as defined within the City of Joondalup District Planning Scheme No. 2.

“habitable room” means a room used for normal domestic activities that includes:

- a bedroom, living room, lounge room, music room, sitting room, television room, kitchen, dining room, sewing room, study, playroom, sunroom, gymnasium, fully-enclosed swimming pool or patio;

but excludes:

- a bathroom, laundry, water closet, food storage pantry, walk-in wardrobe, corridor, hallway, lobby, photographic darkroom, clothes-drying room, verandah and unenclosed swimming pool or patio and other spaces of a specialised nature, occupied neither frequently nor for extended periods;

as defined within the Residential Design Codes of Western Australia.

“height” means the vertical distance from the natural ground level to the upper most part of the structure.

“major opening” means a window, door or other opening in the exterior wall of a habitable room that provides external means of light or view for the room or space, but does not include an opening or openings that:

- in aggregate, do not exceed 1 square metre in any such wall, (provided that adjoining or contiguous windows at the junction of two walls forming an internal angle of 90 degrees or less shall be aggregated); or
- are glazed in an obscure material and are not able to be opened; or have a sill height not less than 1.6 metres above floor level;

as defined within the Residential Design Codes of Western Australia.

“natural ground level” means the levels on a site which precede the proposed development, excluding any site works, unless approved by the Council or established as part of subdivision of the land preceding development, as defined within the Residential Design Codes of Western Australia.

“outdoor living areas” means the area external to a single house, grouped or multiple dwelling, to be used in conjunction with that dwelling, such that it is capable of active or passive use, but excludes any area with a dimension of less than 1 metre minimum dimension or which, by reason of its development or topography, is not readily accessible from the dwelling, as defined within the Residential Design Codes of Western Australia.

“pedestrian accessway” means any path in the public domain that is available for use by pedestrians, and vehicles that are not regulated by the *Road Traffic Act 1974* (e.g.: bicycles, skateboards, rollerblades). Does not include pedestrian paths provided within road reserves, or on land zoned Parks and Recreation under the City of Joondalup District Planning Scheme No. 2.

“primary street” means, unless otherwise designated by the local government, the sole or principal public road that provides access to the major entry (front door) to the dwelling, as defined within the Residential Design Codes of Western Australia.

“**public space**” means any place to which the public has access. This includes public open space, underpasses and any other such areas determined by Council. Public space also includes areas in private ownership that are accessible to the general public on a regular basis.

“**uniform fencing**” means a fence of uniform style erected upon the external boundary of a subdivision of land and/or on boundaries abutting public space.

“**visually permeable**” means, in reference to a wall, gate, door or fence, that the vertical surface has:

- continuous vertical or horizontal gaps of at least 50 millimetres width occupying not less than one third of its face in aggregate of the entire surface or, where narrower than 50 millimetres, occupying at least one half of the face in aggregate, as viewed directly from the street; or
- a surface offering equal or lesser obstruction to view;

as defined within the Residential Design Codes of Western Australia.

4. **Statement:**

The City of Joondalup has developed design criteria for subdivisions and other developments adjoining areas of public space which aim to maximise the outlook onto and casual surveillance of areas of public space from adjoining properties and streets whilst maintaining an appropriate level of privacy for those living on adjoining properties.

5. **Details:**

5.1. **Subdivisions adjoining areas of public space:**

5.1.1. **Subdivision layout:**

The following design criteria will apply to all subdivisions adjoining areas of public space:

- a. Subdivisions should be designed so that areas of public space are bound by streets. Lots should be orientated to front the street and overlook the public space to maximise casual surveillance as demonstrated in Figure 1.

Figure 1. Lots fronting public space across a street

- b. Whilst not generally supported, in some instances it may be deemed acceptable by the City for lots to abut public space where it can be demonstrated that fencing and buildings along the common boundary are designed to promote visual surveillance.
- c. For those lots abutting public space, retaining to a maximum height of 500 millimetres from natural ground level is encouraged. This provides a distinction between public and private property and assists in providing privacy for adjoining lots whilst maintaining visual surveillance as demonstrated in Figure 2.

Figure 2: Retaining adjoining public space

5.1.2. Establishment of pedestrian accessways:

The establishment of new pedestrian accessways between property boundaries is generally not supported due to the resultant anti-social behaviour and loss of privacy. However, the City acknowledges that there may be instances where the establishment of pedestrian accessways is warranted or is the only remaining design solution that will provide a convenient and legible pedestrian network. In these instances, the following requirements will apply:

- a. The applicant must provide written justification for the inclusion of the pedestrian accessway and illustrate how the design will minimise opportunities for anti-social behaviour. Regard shall be given to the Western Australian Planning Commission's Designing out Crime and the Reducing Crime and Anti-Social Behaviour in Pedestrian Accessway Planning Guidelines.
- b. The length of a pedestrian accessway must not exceed 70 metres.
- c. The pedestrian accessway must have a minimum width of 8 metres.
- d. Where the pedestrian accessway is located at a cul-de-sac head that almost abuts a major road, parkland, neighbouring development, or area with future development potential, the pedestrian accessway must be equal to the road reserve width of an accessway under the Western Australian Planning Commission's State Planning Policy 2.6 Residential Road Planning (11.5 metres to 15 metres).
- e. Consideration must be given to the gradient of the pedestrian accessway, particularly its impact on use, safety and security.

- f. To increase security for those lots abutting the pedestrian accessway and the safety of pedestrians using the pedestrian accessway, uninterrupted sight lines must be provided for the entire length of the pedestrian accessway.
- g. The pedestrian accessway must be designed and constructed, at the applicant's expense, in a manner which makes the pedestrian accessway safe, attractive and convenient and shall include the following:
 - i. Landscaping and lighting must have regard to the Reducing Crime and Anti-Social Behaviour in Pedestrian Accessway Planning Guidelines. Lighting and landscaping plans will be required to be submitted to the City for approval.
 - ii. The pedestrian accessway must be designed to generally prevent use by vehicular traffic (emergency access should be considered), and designed to limit the speed of cyclists and other users to ensure a safe but convenient link. Barriers which force users to dismount their bicycles are discouraged.
 - iii. The pedestrian accessway should be integrated with the local pedestrian and cycle movement network (including on street and footpaths) and, wherever possible, orientated to reinforce the visual link between local landmarks and local attractions.

5.1.3. Fencing along major road reserves:

Fencing along major road reserves should be minimised to contribute to an open streetscape and provide passive surveillance. The following will apply to subdivisions and structure plans:

- a. The need for uniform fencing should be eliminated by incorporating alternative design measures, such as cul-de-sac head extensions to major roads, controlled access places and Boulevard treatments where direct lot access to internal subdivisional roads is not permitted under Western Australian Planning Commission policy.
- b. A barrier is required along the common boundaries where cul-de-sac heads and service roads are located immediately adjacent to major roads. Such barriers must consist of bollards, posts and rails or other low, open designs as approved by the City.
- c. Any solid wall infill is prohibited, where open sections of cul-de-sac heads abut major roads to minimise the creation of "walled estates".

Where the Western Australian Planning Commission has imposed conditions for uniform fencing and landscaping on a subdivision approval, the developer must submit a Landscaping Plan, together with Uniform Fencing Plans. The Landscaping Plan will include details of any financial contribution to the City, or a written undertaking of the developer's preparedness to meet future costs for ongoing maintenance of the landscaping for a negotiated period (desired minimum of two years).

Subdivision conditions requiring the construction of uniform fencing shall be constructed prior to seeking subdivision clearance from the City.

5.2. Dwellings adjoining areas of public space:

Except where provided for in an agreed Structure Plan, the following design criteria shall apply to all dwelling developments which adjoin areas of public space.

5.2.1 Dwelling layout:

- a. Dwellings should be designed so that areas of public space are overlooked by major openings. Large expanses of blank walls should be avoided.
- b. For lots abutting public open space, outdoor living areas should be located to ensure that views of the public open space are maximised.
- c. Dwellings adjoining pedestrian accessways which are greater than one storey should provide a minimum of one major opening or unenclosed active habitable space on an upper storey to provide surveillance to the pedestrian accessway.

Regard shall be given to the privacy setback requirements of the Residential Design Codes of Western Australia.

5.2.2. Fencing:

In order to promote casual surveillance, whilst also providing a degree of privacy for private properties, the following should apply:

- a. Fencing between public space and private property should:
 - be a maximum height of 1.8 metres;
 - be visually permeable above 1.2 metres, as measured from natural ground level for a minimum of 50 per cent of the boundary length; and
 - allow surveillance from an outdoor living area and/or major opening as demonstrated in Figure 3.

Figure 3. Surveillance of public space

- b. Fencing along common boundaries with pedestrian accessways should be:
- a maximum height of 1.8 metres; and
 - visually permeable above 1.2 metres, as measured from natural ground level, the greater of the street setback area (as stipulated in the *Residential Design Codes of Western Australia*) in accordance with Figure 4, or the setback of the front of the dwelling closest to the common boundary in accordance with Figure 5.

Figure 4. Fencing adjacent pedestrian accessway

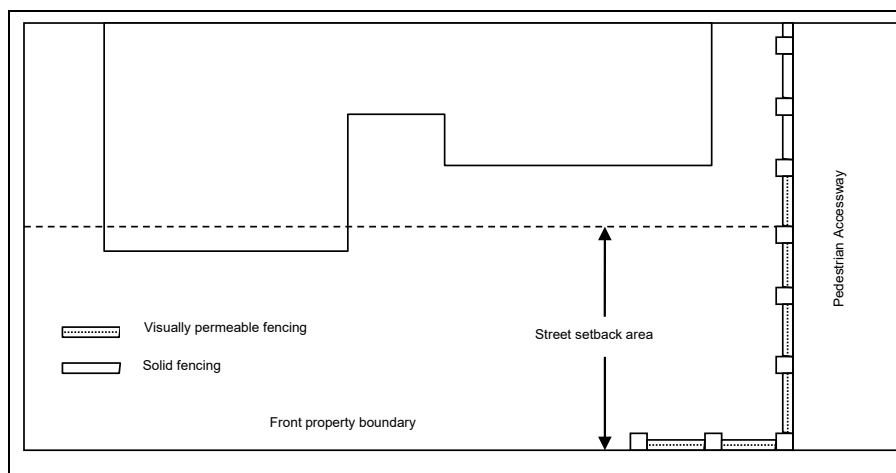

Figure 5. Fencing adjacent pedestrian accessway

- c. Uniform fencing along road reserves, with the exception of a primary street, should be:
- impermeable (solid);
 - constructed to a maximum height of 1.8 metres above natural ground level;
 - constructed of materials or finished treatments to give a long-lasting, aesthetically pleasing appearance;
 - of low-maintenance; and
 - complemented, where appropriate, with landscaping native to the locality.

Additionally, the following applies with regard to construction:

- Uniform fencing construction materials may include brick, masonry, or other materials as approved by the City.
- Brick or masonry piers shall project a maximum of 300 millimetres above the fence line and be provided at intervals of not more than 7.5 metres for brick or masonry and 6 metres for all other fences.
- Where extensive lengths of uniform fencing are proposed, these shall be articulated in the form of planting recesses, a combination of materials, colours, textures and/or other similar detailing to reduce the vertical mass and provide visual interest.

Residential Development Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To provide a planning framework which is complementary to the Residential Design Codes Volume 1 to support a high standard of urban design and amenity for residential developments in the City of Joondalup.
- To ensure that residential development outcomes in the City of Joondalup are reflective of the current and future desired character of the area.
- To ensure that development occurring at the higher dual density code within Housing Opportunity Areas is of a scale that provides an appropriate transition to adjoining land uses.
- To ensure that adequate parking facilities are provided for new developments.
- To contribute to improvement of the City's urban tree canopy and protect and enhance amenity of residents through attractive landscaped streetscapes and increased greening of verges.

1. Authority:

This Policy has been prepared in accordance with Schedule 2, Part 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations)* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area, and in accordance with Clause 3.1 of the Residential Design Codes Volume 1 which allows a local planning policy to amend, replace and/or augment provisions of the Residential Design Codes Volume 1.

2. Application:

This policy applies to residential development in the City of Joondalup.

Appendix 1 of this policy applies to Part B of the R-Codes including the following:

- Single houses: R40 and below
- Grouped dwellings: R25 and below

- Multiple dwellings: R10–R25

Appendix 2 of this policy applies to Part C of the R-Codes including the following:

- Single houses: R50 and above
- Grouped dwellings: R30 and above
- Multiple dwellings: R30–R60

Appendix 3 of this policy applies to Part D of the R-Codes including the following:

- Single houses and grouped (all density codes)
- Multiple dwellings: R10–R60

Locational application of requirements:

General residential:	General residential locations refer to all lots outside of Housing Opportunity Areas and lots within Housing Opportunity Areas which are being developed at the lower (R20) code.
Higher dual density code:	Higher dual density code locations refer to all lots within a Housing Opportunity Area which are being developed at the higher applicable dual density code.

Where this policy does not contain specific requirements for development matters that are otherwise contained in the Residential Design Codes Volume 1, or any approved structure plan or local development plan, then that document’s controls shall prevail in that instance only.

3. Definitions:

“**Housing Opportunity Area**” means an area with a dual density code applied to it in the City’s Local Planning Scheme No 3.

“**verge**” means the portion of land between the road and boundary of the adjacent lot.

4. Statement:

The City of Joondalup supports residential development that provides a diversity of housing typologies, which vary from low-density single houses and grouped dwellings, to medium-density grouped and multiple dwellings and ancillary accommodation. Medium and high-density development should be strategically located to support a more compact sustainable urban form around centres, train stations and public open space.

The City recognises that infill development outcomes for lots developed to the higher dual density code will result in a new scale of development in those areas that may be greater than the existing built form. As such there is a need to moderate the scale of development to provide a considered change from present character to future character. This will ensure a sustainable level of amenity is provided for residents and neighbours, now and into the future.

This policy provides development provisions for residential development that aims to create high-quality built form outcomes which appropriately manage the amenity impacts of infill

development, while ensuring consistency with the Residential Design Codes Volume 1, where appropriate.

5. Details:

This policy provides replacement or additional Residential Design Codes 'deemed-to-comply' requirements for residential development and is structured in accordance with the Residential Design Codes Volume 1. This policy should be used by first identifying the applicable Appendix and associated part (B or C) followed by the locational application as either 'General residential' or 'Higher dual density code' to identify the applicable replacement or additional deemed-to-comply requirements.

This policy is to be read in conjunction with the Local Planning Scheme No. 3, Residential Design Codes Volume 1, relevant structure plans, and/or local development plans.

The deemed-to-comply requirements of the following clauses of the Residential Design Codes Volume 1 are modified by the provisions set out in Appendices 1–3 of this policy:

- Sightlines/Access — Part B, clause 5.2.5, Part C, clause 3.7
- Site works/Site works and retaining walls — Part B, clause 5.3.7, Part C, clause 3.5
- Setback of garages and carports/Street setbacks — Part B, clause 5.2.1, Part C, clause 3.3
- Outdoor living areas/Private open space — Part B, clause 5.3.1, Part C, clause 1.1
- Landscaping/Trees and landscaping — Part B, clause 5.3.2, Part C, clause 1.2
- Solar access for adjoining sites — Part B, clause 5.4.2, Part C, clause 3.9
- Lot boundary setbacks — Part C, clause 3.4
- Parking — Part C, clause 2.3
- Building Height — Part C, clause 3.2
- Site Area — Part D, clause 1.1

Residential development will be assessed against the applicable replacement or additional deemed to comply requirements of that clause, in addition to any other applicable deemed-to-comply requirements or 'design principles' of the Residential Design Codes Volume 1.

APPENDIX 1

PART B – Residential Design Codes Volume 1	
Replacement and additional deemed-to-comply requirements:	
Deemed-to-comply requirements that replace or add to the ‘deemed-to comply’ requirements of the Residential Design Codes Volume 1 applicable to:	
<ul style="list-style-type: none"> • Single houses: R40 and below • Grouped dwellings: R25 and below • Multiple dwellings: R10–R25 	
Application: General residential	
5.2 Streetscape	
Clause 5.2.5 Sightlines	
Clause 5.2.5, C5 is replaced with the following:	
C5	A pillar to a height of 1.8 m with a maximum dimension of 350 mm x 350 mm may be permitted within 1.5 m of where the vehicle access point meets the front property boundary provided the remainder of the wall within this area is visually permeable above 750 mm.
5.3 Site planning and design	
Clause 5.3.7 Site works	
Clause 5.3.7, C7.1 is replaced with the following:	
C7.1	Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.
Application: Higher dual density code	
5.2 Streetscape	
Clause 5.2.1 Setbacks of garages and carports	
Clause 5.2.1 is amended to include the following additional ‘deemed to comply’ requirements as C1.5 and C1.6:	
C1.5	Garages and carports setback 4.5 m to the secondary street where an existing or planned footpath is located in the adjacent verge area.
C1.6	Garages and carports abutting a right of way which acts as the primary street for the lot, setback 5 m from the street boundary.
Clause 5.2.5 Sightlines	
Clause 5.2.5, C5 is replaced with the following:	
C5	A pillar to a height of 1.8 m with a maximum dimension of 350 mm x 350 mm may be permitted within 1.5 m of where the vehicle access point meets the front property boundary provided the remainder of the wall within this area is visually permeable above 750 mm.

Application: Higher dual density code	
5.3 Site planning and design	
Clause 5.3.1 Outdoor living areas	
Clause 5.3.1 is amended to include the following additional 'deemed-to-comply' requirement as C1.3:	
C1.3	Outdoor living areas may be located in the front setback area where street walls or fences within the primary street setback area are visually permeable above 1.2 m from natural ground level.
Clause 5.3.2 Landscaping	
Clause 5.3.2 is amended to include the following additional 'deemed-to-comply' requirement as C2.3:	
C2.3	The verge(s) adjacent to the lot(s) shall be landscaped to the specification of the City and shall include one street tree for every 9 m of lot frontage width.
Clause 5.3.7 Site works	
Clause 5.3.7, C7.1 is replaced with the following:	
C7.1	Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.
5.4 Building design	
Clause 5.4.2 Solar access for adjoining sites	
As per Clause 26(6) of Local Planning Scheme No. 3:	
Clause 5.4.2, C2.1 and C2.2 are replaced with the following:	
C2.1	For residential areas with a dual code and the higher code is applied, where a development site shares its southern boundary with any other adjoining property, its shadow cast at midday 21 June shall not exceed the following limits: <ul style="list-style-type: none"> i. On adjoining sites coded R60 or greater — 40% of the site area. ii. On adjoining sites coded R30 to R40 inclusive — 35% of the site area. iii. On adjoining sites coded R25 and lower — 25% of the site area. iv. Where an adjoining site is subject to a dual density code and the site is yet to be developed to the higher code, the base density code applied for the purposes of determining the maximum amount of shadow cast permitted. v. Buildings are oriented to maintain 4 hours per day solar access on 21 June for existing solar collectors on neighbouring sites. vi. Where a development site shares its southern boundary with a lot, and that lot is bound to the north by another lots(s), the limit of shading for the development site set out in clause 26(6) i–iii shall be reduced proportionate to the percentage of the affected property's northern boundary that the development site abuts.

Clause 3.4 Lot boundary setbacks			
Clause 3.4, C3.4.4 is replaced with the following:			
C3.4.4 Boundary walls may be built in accordance with the following: <ol style="list-style-type: none"> boundary walls are located behind the street setback; overshadowing does not exceed the limits set out in Local Planning Scheme No 3; and they are finished to an equivalent standard to the rest of the development, to the satisfaction of the decision maker. 			
R-Coding	Maximum boundary wall height	Maximum boundary wall length	Related figure
R30 – R35	3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable up to two lot boundaries.	Figure 3.4f
R40	3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g
R50 – R80	Where frontage is 8.5 m or less	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m. Applicable to all lot boundaries.	Figure 3.4h
	Where frontage is greater than 8.5m	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m, with a cumulative maximum of two-thirds the length of the lot boundary the wall abuts measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g and 3.4h
<p><i>R80 Code standards apply to single houses and grouped dwellings in areas coded R100, R160 and R-AC. Where the subject site is adjacent to a site with a lower density code, the maximum wall length and height of the boundary wall between them is determined by the lower density code.</i></p> <p><i>Where a boundary wall incorporates a retaining wall directly beneath the boundary wall, the retaining wall does not require assessment under clause C3.5.2 and is to be included in the wall height for the purpose of clause C3.4.4 (refer Figure 3.4i).</i></p>			

Application: General residential
Clause 3.5 Site works and retaining walls
Clause 3.5, C3.5.1 is replaced with the following:
C3.5.1 Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.
Clause 3.7 Access
Clause 3.7, C3.7.7 is replaced with the following:
C3.7.7 A pillar to a height of 1.8 m with a maximum dimension of 350 mm x 350 mm may be permitted within 1.5 m of where the vehicle access point meets the front property boundary provided the remainder of the wall within this area is visually permeable above 750 mm.
Application: Higher dual density code
1.0 The garden
Clause 1.1 Private open space
Clause 1.1 is amended to include the following additional 'deemed-to-comply' requirement as C1.1.5:
C1.1.5 For single houses and grouped dwellings, primary garden area may be located in the front setback area where any street walls or fences within the primary street setback area are visually permeable above 1.2 m from natural ground level.
Clause 1.2 Trees and landscaping
Clause 1.2 is amended to include the following additional 'deemed-to-comply' requirement as C1.2.9:
C1.2.9 The verge(s) adjacent to the lot(s) shall be landscaped to the specifications and satisfaction of the City and shall include one street tree for every 9 m of lot frontage width.

Application: Higher dual density code					
2.0 The building					
Clause 2.3 Parking					
Clause 2.3, C2.3.1 is replaced with the following:					
C2.3.1 Occupant car parking is provided on site and in accordance with the following:					
Occupant car parking	Location A		Minimum parking space(s) (per dwelling)	Maximum garage and carport parking (per dwelling)	
	Ancillary dwelling		0	1	
	Studio and 1 bedroom dwelling		1	1	
	2 bedroom dwelling		1	2	
	3+ bedroom dwelling		1	2	
	Location B		Minimum parking space(s) (per dwelling)	Maximum garage and carport parking (per dwelling)	
	Ancillary dwelling		0	1	
	Studio and 1 bedroom dwelling		1	1	
	2 bedroom dwelling		1	2	
	3+ bedroom dwelling		2	2	
3.0 Neighbourliness					
Clause 3.2 Building height					
Clause 3.2, C3.2.1 is replaced with the following:					
C3.2.1 Maximum building heights are in accordance with the following:					
R-Coding	Max number of storeys	Concealed or skillion roof	Pitched, hipped or gabled roof		
		Maximum building height	Maximum height of wall	Maximum total building height	
R30 and above	2	8 m	7 m	10 m	
<p>Refer figure 3.2a (Residential Design Codes Volume 1) for building height and natural ground level measurement guidance.</p> <p>Refer figure 3.2b (Residential Design Codes Volume 1) for wall height and total building height guidance.</p> <p>This table provides a maximum building height only and development will need to consider other elements such as 3.9 Solar access for adjoining sites.</p> <p>Where roof top terraces are proposed, the concealed or skillion roof controls apply.</p>					

Application: Higher dual density code											
Clause 3.3 Street setbacks											
Setback of garages and carports											
Clause 3.3, C3.3.4 and C3.3.6 are replaced by the following:											
C3.3.4 Garages are setback from the primary street boundary in accordance with the following:											
<table border="1"> <thead> <tr> <th>R-Coding</th> <th>Primary street setback</th> </tr> </thead> <tbody> <tr> <td>R30 and above</td> <td>4.5 m</td> </tr> </tbody> </table>		R-Coding	Primary street setback	R30 and above	4.5 m						
R-Coding	Primary street setback										
R30 and above	4.5 m										
C3.3.6 Garages and carports setback from a secondary street, right of way and communal street in accordance with the following:

R30 – R35	3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable up to two lot boundaries.	Figure 3.4f
R40	3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g
R50 – R80	Where frontage is 8.5 m or less	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m. Applicable to all lot boundaries.	Figure 3.4h
	Where frontage is greater than 8.5 m	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m, with a cumulative maximum of two-thirds the length of the lot boundary the wall abuts measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g and 3.4h
<p><i>R80 Code standards apply to single houses and grouped dwellings in areas coded R100, R160 and R-AC.</i></p> <p><i>Where the subject site is adjacent to a site with a lower density code, the maximum wall length and height of the boundary wall between them is determined by the lower density code.</i></p> <p><i>Where a boundary wall incorporates a retaining wall directly beneath the boundary wall, the retaining wall does not require assessment under clause C3.5.2 and is to be included in the wall height for the purpose of clause C3.4.4 (refer Figure 3.4i).</i></p>			
Clause 3.5 Site works and retaining walls			
Clause 3.5, C3.5.1 is replaced with the following:			
C3.5.1 Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.			

Application: Higher dual density code
Clause 3.7 Access
Sightlines Clause 3.7, C3.7.7 is replaced with the following: C3.7.7 A pillar to a height of 1.8 m with a maximum dimension of 350 mm x 350 mm may be permitted within 1.5 m of where the vehicle access point meets the front property boundary provided the remainder of the wall within this area is visually permeable above 750 mm.
Clause 3.9 Solar access for adjoining sites
As per Clause 26(6) of Local Planning Scheme No 3: Clause 3.9, C3.9.1 – C3.9.3 is replaced with the following: C3.9.1 For residential areas with a dual code and the higher code is applied, where a development site shares its southern boundary with any other adjoining property, its shadow cast at midday 21 June shall not exceed the following limits: i. On adjoining sites coded R60 or greater – 40% of the site area. ii. On adjoining sites coded R30 to R40 inclusive – 35% of the site area. iii. On adjoining sites coded R25 and lower – 25% of the site area. iv. Where an adjoining site is subject to a dual density code and the site is yet to be developed to the higher code, the base density code applied for the purposes of determining the maximum amount of shadow cast permitted. v. Buildings are oriented to maintain 4 hours per day solar access on 21 June for existing solar collectors on neighbouring sites. vi. Where a development site shares its southern boundary with a lot, and that lot is bound to the north by another lots(s), the limit of shading for the development site set out in clause 26(6) i-iii shall be reduced proportionate to the percentage of the affected property's northern boundary that the development site abuts.

APPENDIX 3

PART D - Residential Design Codes Volume 1
Replacement and additional deemed-to-comply requirements:
Deemed-to-comply requirements that add to the 'deemed-to-comply' requirements of the Residential Design Codes Volume 1 applicable to:
<ul style="list-style-type: none"> • Single houses and grouped dwellings (all density codes) • Multiple dwellings: R10–R60
Application: Higher dual density code
1.0 Land
Clause 1.1 Site area
As per Clause 26(5) and Clause 26(7) of Local Planning Scheme No 3:
Clause 1.1 of the Residential Design Codes Volume 1, Part D is modified by inserting the additional 'deemed-to-comply' criteria as C1.1.9 and C1.1.10:
C1.1.9: In residential areas where dual coding applies, site areas under the higher coding may be applied subject to the following:
<ul style="list-style-type: none"> i. Development of single and grouped dwellings which complies with a minimum frontage of 9 m at the primary street setback; or ii. Development of grouped dwellings on corner lots with frontage to two streets, with rear common property access, which complies with a minimum frontage of 6 m.
C1.1.10 In addition to Clause 1.1 of the Residential Design Codes Volume 1, Part D and the Primary Controls Table 2.1 of the Residential Design Codes Volume 2, the following development standards apply:
<ul style="list-style-type: none"> i. Development of multiple dwellings which complies with a minimum site width street boundary of 20 m; and ii. For residential areas coded R20–40 multiple dwellings shall comply with the average site area per dwelling requirement specified for a single or grouped dwelling for the applicable density code under the Residential Design Codes Volume 1, unless the site: <ul style="list-style-type: none"> a. has a primary street frontage to a road with scheme reservation classification of Local Distributor Road or Other Regional Road; or b. is located within an 800 m walkable catchment, as defined on the Scheme map, from any existing or proposed strategic metropolitan, secondary or specialised activity centre or railway station on a high frequency rail route; or c. is located within a 400 m walkable catchment, as defined on the Scheme map, from any existing or proposed district activity centre.

**DRAFT NEW RESIDENTIAL DEVELOPMENT LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

NO	SUBMISSION SUMMARY	ADMINISTRATION COMMENTS
1.	<p>Support</p> <p>The changes you have made, make it easier for an architectural designer like myself, to navigate the new medium density guidelines. I would only ask that in your policies section on your website you have a document called 'City of Joondalup's departures from Medium Density design Guidelines.' In that document you should include all the modifications the City makes to the MD guidelines so it is clear and simple to identify. Similar to how you have done the comparison table but delete all clauses that defer to the new R-Codes. I think this would lead to more faster planning applications.</p>	<p>Noted</p> <p>The new Residential Development Local Planning Policy includes the clauses of Part C which are modified by policy provisions.</p> <p>Consideration can be given to how this information on the City's website can be improved.</p>
2.	<p>Oppose</p> <p>I don't believe a continuation of the Housing opportunity LPP and dual zoning in City of Joondalup is required at all and should be removed.</p> <p>Given that the new R-codes addresses that vast majority of reason for the original Housing Opportunity LPP existing and solves these issues significantly better than the LPP, I believe it should simply be abolished and requirements left as per the new R-codes.</p> <p>I believe dual zoning is a cop-out and council need to take a stance on their plan for the future of Joondalup council and zone housing accordingly. Dual zoning and the policies that goes along with it simply means housing is built for years with compromised design and density that will plague city of Joondalup for the next 20-50 years. This is especially relevant in the current housing crisis.</p> <p>While the new LPP is a significant improvement over the previous, which was almost universally hated by owners, planners and designers, it still seems to be making alterations to the R-codes for the sake of it and providing</p>	<p>The new Residential Development Local Planning Policy applies development provisions to residential development in the City of Joondalup and does not in itself apply the dual code zoning to the City's Housing Opportunity Areas, with the dual density coding being applied through Local Planning Scheme No. 3.</p> <p>The provisions of the draft new Residential Development Local Planning Policy are designed to ensure that development outcomes are reflective of the current and future desired development characteristics in the City of Joondalup. It is not considered that R-Code provisions alone would be suitable to deliver housing which is sensitive to the local development context in terms of car parking and building height, for example.</p> <p>The City is currently undertaking a review of its Local Planning Strategy which can consider the appropriateness of dual density codings applied to lots in Housing Opportunity Areas as part of that broader review.</p>

**DRAFT NEW RESIDENTIAL DEVELOPMENT LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

	minimal benefit that could not be provided through justification as lot requirements demand.	
3.	<p>Neutral</p> <p>After reading this proposal, I recognise that some provisions have been added to address the loss of tree canopy in these new developments. What is missing is that there seems to be no mention of requirements of developers to include enough green areas within or adjacent to the housing estate. By this I mean untouched bush corridors and conservation areas that can also be utilized by the residents as well as wildlife. Kingsley has a good example of this as it has Shepherds Bush which is a designated 'Bush Forever' site. Our policy needs to include these requirements for all new developments, especially now as block sizes are shrinking. This should be an urgent priority for the City of Joondalup ensuring the City is liveable for everyone.</p>	<p>Noted.</p> <p>The policy review is being undertaken as a statutory requirement in response to the release of the updated R-Codes, and therefore the scope for change is limited to determining where the new and updated requirements of the R-Codes should be amended through a revised local planning policy. The provision of open space for greenfield developments is outside of the scope of this review.</p>
4.	<p>Support</p> <p>The proposed changes to the HOA LPP and Residential Development LPP represent a good planning outcome, to align with current R Codes requirements and the intention of current planning expectations. The newly proposed policy will provide a clearer pathway for planning compliance in terms of home designs and likely reduce the need for planning applications or reduce application time frames.</p>	<p>Noted.</p>
5.	<p>Neutral</p> <p>R-Codes Part B, 5.1.3 Lot Boundary Setbacks C3.2 (ii) allows for boundary walls up to two side boundaries for areas coded R20 and R25, however did not appear to have been referenced in the comparison table, nor any reasoning why the City is proposing to exclude this from the policy.</p>	<p>R-Codes Part B, 5.1.3 Lot boundary setbacks are referenced in the RDLPP comparison table and in the report to note that all RDLPP provisions are proposed to be removed and the R-Codes prevail, with the exception of boundary wall height provisions being restricted to 3.5m for developments under Part C. As such boundary walls are proposed to be able to be built up to two side boundaries in areas where Part B applies.</p>

**DRAFT NEW RESIDENTIAL DEVELOPMENT LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

	<p>It is also unclear whether the proposed policy will be enforcing elements relative to Part C to all development in the City or if it will be defined as per the R-Codes, i.e. Single dwelling on R20 will still have Part B applicable? I have assumed that "Medium density development types" references any development where Part C is applicable, however wanted to clarify.</p>	<p>Clause 2 of the new Residential Development Local Planning policy specifies the application of replacement deemed to comply provisions for Parts B and C.</p>
<p>6.</p>	<p>Neutral 1. Discretion v judgement As recommended by the R-Codes Volume 1 practice notes please include in the new local planning policy ... <i>"clarification/guidance for the R-Codes Vol. 1 'design principles' by clearly outlining the parameters where discretion would be favourably exercised by the decision-maker."</i></p> <p>Reason: Such a clarification/guidance would help better decision-making and reduce pressure on the decision maker which could be applied from vested interests which will want to exploit the current contradictions and vagueness.</p> <p>Back-up points: CoJ's Provisions Summary Table described on the COJ website as Summary Comparison Table. 4th paragraph under the heading Approval pathway under the R-Codes refers to "... some judgement (referred to as 'discretion') ..." The R-Codes Vol 1 do not mention discretion, only judgement. Yet the Explanatory Guidelines, which are supplementary to, but to be read in conjunction with, the R-Codes Volume 1, refers to discretion in many cases. Discretion and judgement are different in meaning – check (full) dictionaries – and individual decision makers can</p>	<p>1. Discretion v judgement Clause 67(2) of the deemed provisions requires a decision-maker to have due regard to several factors when exercising discretion on planning applications. These include the following:</p> <ul style="list-style-type: none"> • Planning framework that applies to the proposed development; • Surrounding land use and development context; • Social, environmental and economic components; • Suitability of the land for development; • Site servicing requirements; and • Likely impacts of the proposed development on the community. <p>Given the high degree of variation in the above factors between development sites, providing broad clarification/guidance as to how discretion might be applied without considering individual site context would be difficult and may be limiting in the City's ability to effectively exercise discretion. Therefore, this inclusion is not supported.</p> <p>2. Delete proposed C3.5.1 C3.5.1 is a longstanding provision that is proposed to be retained from the current RDLPP. It is considered to provide improved flexibility in the provision of site works and retaining on lots in the City of Joondalup. This is reflective of the unique undulating topography in the City of Joondalup and therefore is considered to respond to the local context appropriately.</p>

**DRAFT NEW RESIDENTIAL DEVELOPMENT LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

<p>have different interpretations, particularly of discretion. This situation leaves the decision maker open to influence by vested interests. A good example exploitation of the application of discretion was the approval of a 43 and 37 storey twin apartment blocks in Scarborough on a site that was zoned in the (then) MRA's Master Plan for max 18 storeys including bonus storeys. The public was told that the decision was based on discretion being applied and nobody could do anything to reverse it. In that sort of case, discretion renders a plan or policy useless. There are many examples breaches of the R-Codes in buildings in my neighbourhood that should not have been approved. The interpretation of discretion needs tightening.</p> <p><u>Extract from Practice Notes</u> 2.5 <i>Exercise of judgement</i> <i>How do decisionmakers exercise judgement to determine if approval should be granted to a proposal which does not meet R-Codes Vol.1 'deemed-to-comply' standards?</i> <i>'Exercise of judgement' is linked to 'discretion'. Judgement and discretion are exercised by the decisionmaker on individual (case-by-case) merit – applying a combination of relevant facts, circumstances and applicable laws and policies to guide decision-making.</i> <i>Guidance on how judgement or discretion is to be exercised is outlined in the R-Codes Vol. 1, the R- Codes Explanatory Guidelines, local planning schemes, local planning policies and should be applied in conjunction with broad planning and administrative law principles. Schedule 2, clause 67 of the Regulations sets out the matters to be considered in determining a development application.</i> <i>Local planning policies can also provide clarification/guidance for the R-Codes Vol. 1 'design</i></p>

Dear Robert

WAPC CONSIDERATION OF PROVISIONS OF THE RESIDENTIAL DEVELOPMENT LOCAL PLANNING POLICY

Thank you for your letter dated 19 June 2025 regarding the City of Joondalup's draft Residential Development Local Planning Policy.

Please be advised that, on 10 September 2025, the Statutory Planning Committee of the Western Australian Planning Commission (WAPC) considered provisions of the draft policy that require WAPC approval and resolved as follows:

1. *Approve the amendments to the deemed-to-comply provisions of the R-Codes:*
 - a. *Clause 5.3.1 of Part B (outdoor living area) to insert an additional requirement;*
 - b. *Clause 5.3.2 of Part B (landscaping) to insert an additional requirement;*
 - c. *Clause 1.1 of Part C (private open space) to insert an additional requirement;*
 - d. *Clause 1.2 of Part C (trees and landscaping) to insert an additional requirement;*
and
 - e. *Clause 3.7 of Part C (access) to replace C3.7.7,*

subject to modifications as set out in Attachment A3.
2. *Refuse the amendments to the deemed-to-comply provisions of the R-Codes:*
 - a. *Clause 2.3 of Part C (parking) to replace C2.3.1; and*
 - b. *Clause 3.2 of Part C (building height) to replace C3.2.1,*

as the proposed amendments are inconsistent with clause 3.1 of the R-Codes because they are not warranted due to a specified need related to the particular locality, are inconsistent with the design principles of SPP 7.0 Design of the Built Environment, are inconsistent with the relevant objectives and design principles of the R-Codes, and are inconsistent with orderly and proper planning.

3. Refuse the amendments to the deemed-to-comply provisions of the R-Codes:

- a. Clause 5.4.2 of Part B (solar access) to replace C2.1 and C2.2;
- b. Clause 3.9 of Part C (solar access) to replace C3.9.1 to C3.9.3; and
- c. Clause 1.1 of Part D (site area) to insert additional requirements,

as the duplication of requirements that form part of clause 26 of the City of Joondalup Local Planning Scheme No. 3 is inconsistent with the governance objectives of the R-Codes and orderly and proper planning.

And:

Advise the City of Joondalup that any reference to these requirements in the Residential Development Local Planning Policy should identify that they do not form part of the policy measures and are in force under clause 26 of the City of Joondalup Local Planning Scheme No. 3.

4. Note that the balance of the Residential Development Local Planning Policy does not require the approval of the Western Australian Planning Commission and therefore does not form part of this decision.

Should you have any queries, please contact [REDACTED] on [REDACTED] or via email to [REDACTED]

Yours sincerely

[REDACTED]

A/ Planning Director Metropolitan North
Land Use Planning

23 September 2025

Enc Attachment A3 - Modifications to Provisions

Attachment A3

Subject Matter	Proposed Provision	Modified Provision (changes in red)	Reason for modification
Outdoor living area	Clause 5.3.1 of Part B – Outdoor living areas: Additional requirement as C1.3		
	Outdoor living areas may be located in the front setback area where street walls or fences within the primary street setback area are visually permeable above 1.2 m from natural ground level.	Outdoor living areas may be located in the street setback area where street walls or fences within the primary street setback area are visually permeable in accordance with clause 5.2.4 C4.1.	<ul style="list-style-type: none"> Align with R-Codes as closely as possible. Avoid duplicating requirements (street wall and fence standards)
	Clause 1.1 of Part C – Private open space: Additional requirement as C1.1.5		
	For single houses and grouped dwellings, primary garden area may be located in the front setback area where any street walls or fences within the primary street setback area are visually permeable above 1.2 m from natural ground level	For single houses and grouped dwellings, a single consolidated primary garden area may be located in the primary street setback area where any street walls or fences within the primary street setback area are visually permeable in accordance with clause 3.6 C3.6.7.	<ul style="list-style-type: none"> Align with R-Codes as closely as possible. Avoid duplicating requirements (street wall and fence standards)
Landscaping	Clause 5.3.2 of Part B – Landscaping: Additional requirement as C2.3		
	The verge(s) adjacent to the lot(s) shall be landscaped to the specification of the City and shall include one street tree for every 9 m of lot frontage width.	Street verge(s) adjacent to the lot(s) shall be landscaped in accordance with any street verge guidelines published by the City of Joondalup and shall include a minimum of one street tree for every 9m of lot frontage width (in addition to the trees required at C2.1 and C2.2). <i>Note: Each retained existing street tree satisfies the requirement one street tree in C2.3.</i>	<ul style="list-style-type: none"> Improve clarity about policy requirements.
	Clause 1.2 of Part C – Trees and Landscaping: Additional requirement as C1.2.9		
	The verge(s) adjacent to the lot(s) shall be landscaped to the specifications and satisfaction of the City and shall include one street tree for every 9 m of lot frontage width.	Street verge(s) adjacent to the lot(s) shall be landscaped in accordance with any street verge guidelines published by the City of Joondalup and shall include a minimum of one street tree for every 9m of lot frontage width (in addition to the trees required at C1.2.4 and C1.2.5). <i>Note: Each retained existing street tree satisfies the requirement for one street tree in C1.2.9.</i>	<ul style="list-style-type: none"> Improve clarity about policy requirements.

Attachment A3

<p>Access</p>	<p>Clause 3.7 of Part C – Access: Replace C3.7.7</p>		
<p>A pillar to a height of 1.8 m with a maximum dimension of 350 mm x 350 mm may be permitted within 1.5 m of where the vehicle access point meets the front property boundary provided the remainder of the wall within this area is visually permeable above 750 mm</p>	<p>Walls, fences and other structures truncated, reduced in height or visually permeable above 0.75m of natural ground level (with solid pillars not more than 1.8m above natural ground level in accordance with clause 3.6 C3.6.8) within 1.5m of where walls, fences, or other structures adjoin:</p> <ul style="list-style-type: none"> i. a driveway that intersects a street, right-of-way or communal street; ii. a right-of-way or communal street that intersects a public street; and iii. two streets that intersect (refer Figure 3.7e). 	<ul style="list-style-type: none"> • Align with the R-Codes as closely as possible . • Avoid duplicating requirements (street wall and fence standards) 	

Residential Development Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To provide a planning framework which is complementary to the Residential Design Codes Volume 1 to support a high standard of urban design and amenity for residential developments in the City of Joondalup.
- To ensure that residential development outcomes in the City of Joondalup are reflective of the current and future desired character of the area.
- To ensure that development occurring at the higher dual density code within Housing Opportunity Areas is of a scale that provides an appropriate transition to adjoining land uses.
- To ensure that adequate parking facilities are provided for new developments.
- To contribute to improvement of the City's urban tree canopy and protect and enhance amenity of residents through attractive landscaped streetscapes and increased greening of verges.

1. Authority:

This Policy has been prepared in accordance with Schedule 2, Part 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015 (Regulations)* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area, and in accordance with Clause 3.1 of the Residential Design Codes Volume 1 which allows a local planning policy to amend, replace and/or augment provisions of the Residential Design Codes Volume 1.

2. Application:

This policy applies to residential development in the City of Joondalup.

Appendix 1 of this policy applies to Part B of the R-Codes including the following:

- Single houses: R40 and below
- Grouped dwellings: R25 and below

- Multiple dwellings: R10–R25

Appendix 2 of this policy applies to Part C of the R-Codes including the following:

- Single houses: R50 and above
- Grouped dwellings: R30 and above
- Multiple dwellings: R30–R60

Locational application of requirements:

General residential:	General residential locations refer to all lots outside of Housing Opportunity Areas and lots within Housing Opportunity Areas which are being developed at the lower (R20) code.
Higher dual density code:	Higher dual density code locations refer to all lots within a Housing Opportunity Area which are being developed at the higher applicable dual density code.

Where this policy does not contain specific requirements for development matters that are otherwise contained in the Residential Design Codes Volume 1, or any approved structure plan or local development plan, then that document’s controls shall prevail in that instance only.

3. Definitions:

“**Housing Opportunity Area**” means an area with a dual density code applied to it in the City’s Local Planning Scheme No 3.

“**verge**” means the portion of land between the road and boundary of the adjacent lot.

4. Statement:

The City of Joondalup supports residential development that provides a diversity of housing typologies, which vary from low-density single houses and grouped dwellings, to medium-density grouped and multiple dwellings and ancillary accommodation. Medium and high-density development should be strategically located to support a more compact sustainable urban form around centres, train stations and public open space.

The City recognises that infill development outcomes for lots developed to the higher dual density code will result in a new scale of development in those areas that may be greater than the existing built form. As such there is a need to moderate the scale of development to provide a considered change from present character to future character. This will ensure a sustainable level of amenity is provided for residents and neighbours, now and into the future.

This policy provides development provisions for residential development that aims to create high-quality built form outcomes which appropriately manage the amenity impacts of infill development, while ensuring consistency with the Residential Design Codes Volume 1, where appropriate.

5. Details:

This policy provides replacement or additional Residential Design Codes 'deemed-to-comply' requirements for residential development and is structured in accordance with the Residential Design Codes Volume 1. This policy should be used by first identifying the applicable Appendix and associated part (B or C) followed by the locational application as either 'General residential' or 'Higher dual density code' to identify the applicable replacement or additional deemed-to-comply requirements.

This policy is to be read in conjunction with the Local Planning Scheme No. 3, Residential Design Codes Volume 1, relevant structure plans, and/or local development plans.

The deemed-to-comply requirements of the following clauses of the Residential Design Codes Volume 1 are modified by the provisions set out in Appendices 1–3 of this policy:

- Sightlines/Access — Part B, clause 5.2.5, Part C, clause 3.7
- Site works/Site works and retaining walls — Part B, clause 5.3.7, Part C, clause 3.5
- Setback of garages and carports/Street setbacks — Part B, clause 5.2.1, Part C, clause 3.3
- Outdoor living areas/Private open space — Part B, clause 5.3.1, Part C, clause 1.1
- Landscaping/Trees and landscaping — Part B, clause 5.3.2, Part C, clause 1.2
- Lot boundary setbacks — Part C, clause 3.4

Residential development will be assessed against the applicable replacement or additional deemed to comply requirements of that clause, in addition to any other applicable deemed-to-comply requirements or 'design principles' of the Residential Design Codes Volume 1.

APPENDIX 1

PART B – Residential Design Codes Volume 1	
Replacement and additional deemed-to-comply requirements:	
Deemed-to-comply requirements that replace or add to the 'deemed-to comply' requirements of the Residential Design Codes Volume 1 applicable to:	
<ul style="list-style-type: none"> • Single houses: R40 and below • Grouped dwellings: R25 and below • Multiple dwellings: R10–R25 	
Application: General residential	
5.2 Streetscape	
Clause 5.2.5 Sightlines	
Clause 5.2.5, C5 is replaced with the following:	
C5	Walls, fences and other structures truncated, reduced in height or visually permeable above 0.75m of natural ground level (with solid pillars not more than 1.8m above natural ground level in accordance with clause 5.2.5 C5) within 1.5m of where walls, fences or other structures adjoin: <ol style="list-style-type: none"> i. a driveway that intersects a street, right-of-way or communal street; ii. a right-of-way or communal street that intersects a public street; and iii. two streets that intersect (refer Figure 10c).
5.3 Site planning and design	
Clause 5.3.7 Site works	
Clause 5.3.7, C7.1 is replaced with the following:	
C7.1	Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.
Application: Higher dual density code	
5.2 Streetscape	
Clause 5.2.1 Setbacks of garages and carports	
Clause 5.2.1 is amended to include the following additional 'deemed to comply' requirements as C1.5 and C1.6:	
C1.5	Garages and carports setback 4.5 m to the secondary street where an existing or planned footpath is located in the adjacent verge area.
C1.6	Garages and carports abutting a right of way which acts as the primary street for the lot, setback 5 m from the street boundary.
Clause 5.2.5 Sightlines	
Clause 5.2.5, C5 is replaced with the following:	
C5	Walls, fences and other structures truncated, reduced in height or visually permeable above 0.75m of natural ground level (with solid pillars not more than 1.8m above natural ground level in accordance with clause 5.2.5 C5) within 1.5m of where walls, fences or other structures adjoin: <ol style="list-style-type: none"> i. a driveway that intersects a street, right-of-way or communal street; ii. a right-of-way or communal street that intersects a public street; and iii. two streets that intersect (refer Figure 10c).

Application: Higher dual density code	
5.3 Site planning and design	
Clause 5.3.1 Outdoor living areas	
Clause 5.3.1 is amended to include the following additional 'deemed-to-comply' requirement as C1.3:	
C1.3	Outdoor living areas may be located in the street setback area where street walls or fences within the primary street setback area are visually permeable in accordance with clause 5.2.4 C4.1.
Clause 5.3.2 Landscaping	
Clause 5.3.2 is amended to include the following additional 'deemed-to-comply' requirement as C2.3:	
C2.3	Street verge(s) adjacent to the lot(s) shall be landscaped in accordance with any street verge guidelines published by the City of Joondalup and shall include a minimum of one street tree for every 9 m of lot frontage width (in addition to the trees required at C2.1 and C2.2). <i>Note: Each retained existing street tree satisfies the requirement for one street tree in C2.3.</i>
Clause 5.3.7 Site works	
Clause 5.3.7, C7.1 is replaced with the following:	
C7.1	Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.
5.4 Building design	
Clause 5.4.2 Solar access for adjoining sites	
Note: Changes to clause 5.4.2, C2.1 and 2.2 as per Clause 26(6) of Local Planning Scheme No. 3 are not affected by this policy and are included for completeness only:	
Clause 5.4.2, C2.1 and C2.2 are replaced with the following:	
C2.1	For residential areas with a dual code and the higher code is applied, where a development site shares its southern boundary with any other adjoining property, its shadow cast at midday 21 June shall not exceed the following limits: <ul style="list-style-type: none"> i. On adjoining sites coded R60 or greater — 40% of the site area. ii. On adjoining sites coded R30 to R40 inclusive — 35% of the site area. iii. On adjoining sites coded R25 and lower — 25% of the site area. iv. Where an adjoining site is subject to a dual density code and the site is yet to be developed to the higher code, the base density code applied for the purposes of determining the maximum amount of shadow cast permitted. v. Buildings are oriented to maintain 4 hours per day solar access on 21 June for existing solar collectors on neighbouring sites. vi. Where a development site shares its southern boundary with a lot, and that lot is bound to the north by another lots(s), the limit of shading for the development site set out in clause 26(6) i–iii shall be reduced proportionate to the percentage of the affected property's northern boundary that the development site abuts.

APPENDIX 2

PART C – Residential Design Codes Volume 1				
Replacement and additional deemed-to-comply requirements:				
Deemed-to-comply requirements that replace or add to the ‘deemed-to-comply’ requirements of the Residential Design Codes Volume 1 applicable to:				
<ul style="list-style-type: none"> • Single houses: R50 and above • Grouped dwellings: R30 and above • Multiple dwellings: R30–R60 				
Application: General residential				
3.0 Neighbourliness				
Clause 3.4 Lot boundary setbacks				
Clause 3.4, C3.4.4 is replaced with the following:				
C3.4.4 Boundary walls may be built in accordance with the following:				
<ul style="list-style-type: none"> i. boundary walls are located behind the street setback; ii. overshadowing does not exceed the limits set out in Local Planning Scheme No 3; and iii. they are finished to an equivalent standard to the rest of the development, to the satisfaction of the decision maker. 				
R-Coding		Maximum boundary wall height	Maximum boundary wall length	Related figure
R30 – R35		3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable up to two lot boundaries.	Figure 3.4f
R40		3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g
R50 – R80	Where frontage is 8.5 m or less	3.5 m	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m. Applicable to all lot boundaries.	Figure 3.4h
	Where frontage is greater than 8.5m	3.5 m	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m, with a cumulative maximum of two-thirds the length of the lot boundary the wall abuts measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g and 3.4h
<p><i>R80 Code standards apply to single houses and grouped dwellings in areas coded R100, R160 and R-AC.</i></p> <p><i>Where the subject site is adjacent to a site with a lower density code, the maximum wall length and height of the boundary wall between them is determined by the lower density code.</i></p> <p><i>Where a boundary wall incorporates a retaining wall directly beneath the boundary wall, the retaining wall does not require assessment under clause C3.5.2 and is to be included in the wall height for the purpose of clause C3.4.4 (refer Figure 3.4i).</i></p>				

Application: General residential	
Clause 3.5 Site works and retaining walls	
Clause 3.5, C3.5.1 is replaced with the following:	
C3.5.1	Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.
Clause 3.7 Access	
Clause 3.7, C3.7.7 is replaced with the following:	
C3.7.7	Walls, fences and other structures truncated, reduced in height or visually permeable above 0.75m of natural ground level (with solid pillars not more than 1.8m above natural ground level in accordance with clause 3.6 C3.6.8) within 1.5m of where walls, fences or other structures adjoin: <ul style="list-style-type: none"> i. a driveway that intersects a street, right-of-way or communal street; ii. a right-of-way or communal street that intersects a public street; and iii. two streets that intersect (refer Figure 3.7e).
Application: Higher dual density code	
1.0 The garden	
Clause 1.1 Private open space	
Clause 1.1 is amended to include the following additional 'deemed-to-comply' requirement as C1.1.5:	
C1.1.5	For single houses and grouped dwellings, a single consolidated primary garden area may be located in the primary street setback area where any street walls or fences within the primary street setback area are visually permeable in accordance with clause 3.6 C3.6.7.
Clause 1.2 Trees and landscaping	
Clause 1.2 is amended to include the following additional 'deemed-to-comply' requirement as C1.2.9:	
C1.2.9	Street verge(s) adjacent to the lot(s) shall be landscaped in accordance with any street verge guidelines published by the City of Joondalup and shall include one street tree for every 9m of lot frontage width (in addition to the trees required at C1.2.4 and C1.2.5).
<i>Note: Each retained existing street tree satisfies the requirement for one street tree in C1.2.9.</i>	

Application: Higher dual density code											
3.0 Neighbourliness											
Clause 3.3 Street setbacks											
Setback of garages and carports											
Clause 3.3, C3.3.4 and C3.3.6 are replaced by the following:											
C3.3.4 Garages are setback from the primary street boundary in accordance with the following:											
<table border="1"> <thead> <tr> <th>R-Coding</th> <th>Primary street setback</th> </tr> </thead> <tbody> <tr> <td>R30 and above</td> <td>4.5 m</td> </tr> </tbody> </table>		R-Coding	Primary street setback	R30 and above	4.5 m						
R-Coding	Primary street setback										
R30 and above	4.5 m										
C3.3.6 Garages and carports setback from a secondary street, right of way and communal street in accordance with the following:											
<table border="1"> <thead> <tr> <th>R-Coding</th> <th>Secondary street setback</th> <th>Right of way setback</th> <th>Communal street</th> </tr> </thead> <tbody> <tr> <td>R30 and above</td> <td>Garages and carports setback in accordance with table 3.3a of the Residential Design Codes Volume 1, except: i. Setback 4.5 m from the street boundary where an existing or planned footpath is located in the verge area immediately adjacent.</td> <td>Garages and carports setback in accordance with Table 3.3a of the Residential Design Codes Volume 1, except: i. Setback 5 m from the street boundary where abutting a right of way which acts as the primary street for the lot.</td> <td>Garages and carports are setback from a communal street in accordance with Table 3.3a of the Residential Design Codes Volume 1.</td> </tr> </tbody> </table>				R-Coding	Secondary street setback	Right of way setback	Communal street	R30 and above	Garages and carports setback in accordance with table 3.3a of the Residential Design Codes Volume 1, except: i. Setback 4.5 m from the street boundary where an existing or planned footpath is located in the verge area immediately adjacent.	Garages and carports setback in accordance with Table 3.3a of the Residential Design Codes Volume 1, except: i. Setback 5 m from the street boundary where abutting a right of way which acts as the primary street for the lot.	Garages and carports are setback from a communal street in accordance with Table 3.3a of the Residential Design Codes Volume 1.
R-Coding	Secondary street setback	Right of way setback	Communal street								
R30 and above	Garages and carports setback in accordance with table 3.3a of the Residential Design Codes Volume 1, except: i. Setback 4.5 m from the street boundary where an existing or planned footpath is located in the verge area immediately adjacent.	Garages and carports setback in accordance with Table 3.3a of the Residential Design Codes Volume 1, except: i. Setback 5 m from the street boundary where abutting a right of way which acts as the primary street for the lot.	Garages and carports are setback from a communal street in accordance with Table 3.3a of the Residential Design Codes Volume 1.								

Application: Higher dual density code			
Clause 3.4 Lot boundary setbacks			
Clause 3.4, C3.4.4 is replaced by the following:			
C3.4.4 Boundary walls may be built in accordance with the following: <ul style="list-style-type: none"> i. boundary walls are located behind the street setback; ii. overshadowing does not exceed the limits set out in Local Planning Scheme No 3; and iii. they are finished to an equivalent standard to the rest of the development, to the satisfaction of the decision maker. 			
R-Coding	Maximum boundary wall height	Maximum boundary wall length	Related figure
R30 – R35	3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable up to two lot boundaries.	Figure 3.4f
R40	3.5 m	Maximum two-thirds the length of the lot boundary the wall abuts, measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g
R50 – R80	Where frontage is 8.5 m or less	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m. Applicable to all lot boundaries.	Figure 3.4h
	Where frontage is greater than 8.5 m	Maximum 14 m length, at which point the wall is to be set back a minimum of 3 m measured from the lot boundary for a minimum length of 3 m, with a cumulative maximum of two-thirds the length of the lot boundary the wall abuts measured from behind the street setback line. Applicable to all lot boundaries.	Figure 3.4g and 3.4h
<p><i>R80 Code standards apply to single houses and grouped dwellings in areas coded R100, R160 and R-AC.</i></p> <p><i>Where the subject site is adjacent to a site with a lower density code, the maximum wall length and height of the boundary wall between them is determined by the lower density code.</i></p> <p><i>Where a boundary wall incorporates a retaining wall directly beneath the boundary wall, the retaining wall does not require assessment under clause C3.5.2 and is to be included in the wall height for the purpose of clause C3.4.4 (refer Figure 3.4i).</i></p>			
Clause 3.5 Site works and retaining walls			
Clause 3.5, C3.5.1 is replaced with the following:			
C3.5.1 Excavation or filling between the street and building, or within the front setback area, whichever distance is lesser, shall not exceed 1 m from natural ground level, except where necessary to provide for pedestrian or vehicle access, drainage works or natural light for a dwelling.			

Application: Higher dual density code	
Clause 3.7 Access	
Sightlines	
Clause 3.7, C3.7.7 is replaced with the following:	
C3.7.7	Walls, fences and other structures truncated, reduced in height or visually permeable above 0.75m of natural ground level (with solid pillars not more than 1.8m above natural ground level in accordance with clause 3.6 C3.6.8) within 1.5m of where walls, fences or other structures adjoin: <ul style="list-style-type: none"> i. a driveway that intersects a street, right-of-way or communal street; ii. a right-of-way or communal street that intersects a public street; and iii. two streets that intersect (refer Figure 3.7e).
Clause 3.9 Solar access for adjoining sites	
Note: Changes to clause 3.9 as per Clause 26(6) of Local Planning Scheme No 3 are not affected by this policy and are included for completeness only:	
Clause 3.9, C3.9.1 – C3.9.3 is replaced with the following:	
C3.9.1	For residential areas with a dual code and the higher code is applied, where a development site shares its southern boundary with any other adjoining property, its shadow cast at midday 21 June shall not exceed the following limits: <ul style="list-style-type: none"> i. On adjoining sites coded R60 or greater – 40% of the site area. ii. On adjoining sites coded R30 to R40 inclusive – 35% of the site area. iii. On adjoining sites coded R25 and lower – 25% of the site area. iv. Where an adjoining site is subject to a dual density code and the site is yet to be developed to the higher code, the base density code applied for the purposes of determining the maximum amount of shadow cast permitted. v. Buildings are oriented to maintain 4 hours per day solar access on 21 June for existing solar collectors on neighbouring sites. vi. Where a development site shares its southern boundary with a lot, and that lot is bound to the north by another lots(s), the limit of shading for the development site set out in clause 26(6) i-iii shall be reduced proportionate to the percentage of the affected property's northern boundary that the development site abuts.

APPENDIX 3

PART D - Residential Design Codes Volume 1	
Replacement and additional deemed-to-comply requirements:	
Deemed-to-comply requirements that add to the 'deemed-to-comply' requirements of the Residential Design Codes Volume 1 applicable to:	
<ul style="list-style-type: none"> • Single houses and grouped dwellings (all density codes) • Multiple dwellings: R10–R60 	
Application: Higher dual density code	
1.0 Land	
Clause 1.1 Site area	
Note: Changes to clause 1.1 C1.1.9 and C1.1.10 as per Clause 26(5) and Clause 26(7) of Local Planning Scheme No 3 are not affected by this policy and are included for completeness only:	
Clause 1.1 of the Residential Design Codes Volume 1, Part D is modified by inserting the additional 'deemed-to-comply' criteria as C1.1.9 and C1.1.10:	
C1.1.9	In residential areas where dual coding applies, site areas under the higher coding may be applied subject to the following: <ul style="list-style-type: none"> i. Development of single and grouped dwellings which complies with a minimum frontage of 9 m at the primary street setback; or ii. Development of grouped dwellings on corner lots with frontage to two streets, with rear common property access, which complies with a minimum frontage of 6 m.
C1.1.10	In addition to Clause 1.1 of the Residential Design Codes Volume 1, Part D and the Primary Controls Table 2.1 of the Residential Design Codes Volume 2, the following development standards apply: <ul style="list-style-type: none"> i. Development of multiple dwellings which complies with a minimum site width street boundary of 20 m; and ii. For residential areas coded R20–40 multiple dwellings shall comply with the average site area per dwelling requirement specified for a single or grouped dwelling for the applicable density code under the Residential Design Codes Volume 1, unless the site: <ul style="list-style-type: none"> a. has a primary street frontage to a road with scheme reservation classification of Local Distributor Road or Other Regional Road; or b. is located within an 800 m walkable catchment, as defined on the Scheme map, from any existing or proposed strategic metropolitan, secondary or specialised activity centre or railway station on a high frequency rail route; or c. is located within a 400 m walkable catchment, as defined on the Scheme map, from any existing or proposed district activity centre.

Medium-density Single House Development Standards Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To ensure the consistent application of acceptable variations to the deemed-to-comply provisions of the Residential Design Codes (R-Codes) to medium-density single houses located in specified development zones or in local structure plans or activity centre plans.
- To implement the Western Australian Planning Commission (WAPC) adopted medium-density single house development standards (R-MD Codes).

1. Authority:

This Policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*, which allows a local government to prepare local planning policies relating to planning and development within the Scheme area.

2. Application:

This policy will apply:

a. To the following properties:

- Lots 1-4 (No. 21, 23, 25 & 27) & 65-67 (No. 31, 33 & 35) Grangemouth Turn, Kinross
- Lots 5-16 (No. 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23 & 25) Lochnager Way, Kinross
- Lots 32-64 (No. 3-38) Darroch Loop, Kinross
- Lots 26-31 (No. 1-11) Skene Lane, Kinross
- Lots 17-25 (No. 17, 19, 21, 23, 25, 27, 29, 31 & 33) MacNaughton Crescent, Kinross

and/or

- b.** Where the approved structure plan identifies that the R-MD Codes Local Planning Policy applies.

This policy should be read in conjunction with the local planning scheme, R-Codes, relevant structure plans, activity centre plans and/or local development plans.

This policy will also be applied when making recommendations to the WAPC on subdivision of land for residential development where the R-MD Codes apply to ensure the lots created can be developed in accordance with this policy.

3. Definitions:

“**approved structure plan**” means a structure plan or activity centre plan that has been approved by the WAPC under Part 4 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

“**front load**” refers to a lot where the primary vehicle access is via the front of the lot and the garage / carport is located at the front of the dwelling.

~~“**medium density**” refers to R25-R60 density codes, as per the R-Codes.~~

“**rear load**” refers to a lot where the primary vehicle access is via the rear of the lot, from a street or right-of-way (ROW) and the garage / carport is located at the back of the dwelling.

~~“**R-MD / R-MD Codes**” refers to single house standards for R25-R40 in Development Zones. refers to medium density single house development standards.~~

4. Statement:

In order to reduce the use of ad-hoc R-Code variations, the WAPC released Planning Bulletin 112/2024~~16~~ ~~Medium density s~~Single house development standards ~~(R25 to R40)~~ – Development Zones. The Planning Bulletin outlines a set of variations to the deemed to comply provisions of the R-Codes that can be consistently applied to medium-density single house development in specified development zones and structure plans.

The City supports the adoption of appropriate mechanisms designed to facilitate the effective delivery of contemporary housing typologies on constrained sites within development areas in a manner that obviates the requirement for obtaining development approval from the City.

5. Details:

The deemed-to-comply provisions of the following clauses of the R-Codes are replaced with those provisions set out in Appendix 1 of this policy:

- Building and garage setbacks – clauses 5.1.2, 5.1.3 and 5.2.1
- Open space – clause 5.1.4
- Front fences – clause 5.2.4
- Outdoor living areas – clause 5.3.1
- Parking – clause 5.3.3

- Vehicular access – clause 5.3.5
- Visual privacy – clause 5.4.1
- Solar access – clause 5.4.2.

Development approval will not be required for a single dwelling that complies with the provisions of this policy (and all other deemed-to-comply requirements of the R-Codes), in accordance with clauses 61(1) of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

Creation date: June 2017 (CJ106-06/17)

Medium-density Single House Development Standards Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To ensure the consistent application of acceptable variations to the deemed-to-comply provisions of the Residential Design Codes (R-Codes) to medium-density single houses located in specified development zones or in local structure plans or activity centre plans.
- To implement the Western Australian Planning Commission (WAPC) adopted medium-density single house development standards (R-MD Codes).

1. Authority:

This Policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*, which allows a local government to prepare local planning policies relating to planning and development within the Scheme area.

2. Application:

This policy will apply:

a. To the following properties:

- Lots 1-4 (No. 21, 23, 25 & 27) & 65-67 (No. 31, 33 & 35) Grangemouth Turn, Kinross
- Lots 5-16 (No. 3, 5, 7, 9, 11, 13, 15, 17, 19, 21, 23 & 25) Lochnager Way, Kinross
- Lots 32-64 (No. 3-38) Darroch Loop, Kinross
- Lots 26-31 (No. 1-11) Skene Lane, Kinross
- Lots 17-25 (No. 17, 19, 21, 23, 25, 27, 29, 31 & 33) MacNaughton Crescent, Kinross

and/or

- b. Where the approved structure plan identifies that the R-MD Codes Local Planning Policy applies.

This policy should be read in conjunction with the local planning scheme, R-Codes, relevant structure plans, activity centre plans and/or local development plans.

This policy will also be applied when making recommendations to the WAPC on subdivision of land for residential development where the R-MD Codes apply to ensure the lots created can be developed in accordance with this policy.

3. Definitions:

“approved structure plan” means a structure plan or activity centre plan that has been approved by the WAPC under Part 4 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

“front load” refers to a lot where the primary vehicle access is via the front of the lot and the garage / carport is located at the front of the dwelling.

“rear load” refers to a lot where the primary vehicle access is via the rear of the lot, from a street or right-of-way (ROW) and the garage / carport is located at the back of the dwelling.

“R-MD / R-MD Codes ” refers to single house standards for R25-R40 in Development Zones.

4. Statement:

In order to reduce the use of ad-hoc R-Code variations, the WAPC released Planning Bulletin 112/2024 Single house development standards (R25 to R40) – Development Zones. The Planning Bulletin outlines a set of variations to the deemed to comply provisions of the R-Codes that can be consistently applied to medium-density single house development in specified development zones and structure plans.

The City supports the adoption of appropriate mechanisms designed to facilitate the effective delivery of contemporary housing typologies on constrained sites within development areas in a manner that obviates the requirement for obtaining development approval from the City.

5. Details:

The deemed-to-comply provisions of the following clauses of the R-Codes are replaced with those provisions set out in Appendix 1 of this policy:

- Building and garage setbacks – clauses 5.1.2, 5.1.3 and 5.2.1
- Open space – clause 5.1.4
- Front fences – clause 5.2.4
- Outdoor living areas – clause 5.3.1
- Parking – clause 5.3.3
- Vehicular access – clause 5.3.5

- Visual privacy – clause 5.4.1
- Solar access – clause 5.4.2.

Development approval will not be required for a single dwelling that complies with the provisions of this policy (and all other deemed-to-comply requirements of the R-Codes), in accordance with clauses 61(1) of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

Proposed STRA Amendments to Local Planning Scheme No. 3

1. In clause 37, 'Terms Used' delete the definition for *short-term accommodation*.
2. In clause 38, 'Land Use Terms Used' delete the definitions for *bed and breakfast* and *holiday house*.
3. In table 3, 'Zoning Table' insert in alphabetical order the following land uses and permissibility:
 - A. *Hosted short-term rental accommodation*; designate as a 'P' use in the Residential, Mixed Use, Commercial and Rural zones and an 'X' use in the Service Commercial, Light Industry and Private Community Purposes zones;
 - B. *Unhosted short-term rental accommodation*; designate as a 'D' use in the Residential, Mixed Use, Commercial and Rural zones and an 'X' use in the Service Commercial, Light Industry and Private Community Purposes zones.
4. In table 3, 'Zoning Table' delete all references to *bed and breakfast* and *holiday house*.
5. In table 3a, 'Whitford Activity Centre Zoning Table' insert in alphabetical order the following land uses and permissibility:
 - A. *Hosted Short-term Rental Accommodation*; designate as a 'P' use all zones;
 - B. *Unhosted Short-term Rental Accommodation*; designate as a 'D' use in all zones.
6. In table 3a, 'Whitford Activity Centre Zoning Table' delete all references to *bed and breakfast*.
7. In table 3b, 'Joondalup Activity Centre Zoning Table' insert in alphabetical order the following land uses and permissibility:
 - A. *Hosted Short-term Rental Accommodation*; designate as a 'P' use in the City Centre, Health and Wellness, Learning and Innovation, Joondalup Edge and Lakeside Residential zones and an 'X' use in the Joondalup West zone;
 - B. *Unhosted Short-term Rental Accommodation*; designate as a 'D' use in the City Centre, Health and Wellness, Learning and Innovation, Joondalup Edge and Lakeside Residential zones and an 'X' use in the Joondalup West zone.
8. In table 3b, 'Joondalup Activity Centre Zoning Table' delete all references to *bed and breakfast* and *holiday house*.

Short-term Accommodation Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To encourage good quality, well managed short-term accommodation for use by visitors that does not compromise the amenity of residential areas or nearby residents.
- To provide guidance and development provisions for operators seeking to establish short-term accommodation within the City of Joondalup.
- To establish a clear framework for the assessment and determination of applications for short-term accommodation.

1. Authority:

This Policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area.

2. Application:

This policy applies to all 'Bed and Breakfast', 'Holiday House', 'Holiday Accommodation' and 'Serviced Apartment' land uses in all zones.

3. Definitions:

"Bed and Breakfast" as defined by Local Planning Scheme No. 3 means a dwelling:

- (a) used by a resident of the dwelling to provide short-term accommodation, including breakfast, on a commercial basis for not more than four (4) adult persons or one family; and
- (b) containing not more than two (2) guest bedrooms.

“**dwelling**” as defined by the Residential Design Codes means a building or portion of a building being used, adapted, or designed or intended to be used for the purpose of human habitation on a permanent basis by a single person, a single family, or no more than six (6) persons who do not comprise a single family.

“**Holiday House**” as defined by Local Planning Scheme No. 3 means a single dwelling on one lot used to provide short-term accommodation but does not include a bed and breakfast.

“**Holiday Accommodation**” as defined by Local Planning Scheme No. 3 means two (2) or more dwellings on one lot used to provide short term accommodation for persons other than the owner of the lot.

“**R-Codes**” means the Residential Design Codes.

“**Serviced Apartment**” as defined by Local Planning Scheme No. 3 means a group of units or apartments providing:

- (a) self-contained short stay accommodation for guests; and
- (b) any associated reception or recreational facilities.

“**short-term accommodation**” as defined by Local Planning Scheme No. 3 means temporary accommodation provided either continuously or from time to time with no guest accommodated for periods totalling more than three (3) months in any 12-month period.

4. Statement:

The City of Joondalup supports diversity of accommodation types to facilitate tourism and other activities within its district. In considering applications for short-term accommodation, the City will take into consideration the siting, design and management of the short-term accommodation to ensure such accommodations are compatible with, and avoid adverse impacts on, the amenity of adjoining and surrounding areas.

5. Details:

5.1. General requirements for all short-term accommodation:

5.1.1. Car parking standards:

- a. Car parking bays are to be provided in accordance with the following table:

Use Class	Number of on-site parking bays
Bed and Breakfast	One car parking bay per guest bedroom. In addition, car parking for permanent residents is to be in accordance with the R-Codes.
Holiday House	In accordance with the R-Codes clause 5.3.3 Location B requirements.
Holiday Accommodation	In accordance with the R-Codes clause 5.3.3 Location B requirements.
Serviced Apartment	In accordance with the R-Codes clause 5.3.3 or 6.3.3 Location B requirements.

5.1.2. Car parking location and design:

- a. Car park access and design is to be in accordance with the following requirements:

Design Element	Development Requirement
(a) Car park location	(i) All car parking is to be provided on-site; verge parking is not permitted. (ii) In the 'Residential' zone, the provision of car parking bays must not detract from the residential appearance of the dwelling or dominate the streetscape.
(b) Car park design	(i) Car parks shall be designed in accordance with the R-codes.
(c) Vehicle access	(i) Vehicles access is to be provided in accordance with the R-codes.

5.1.3. Management plan:

- a. A management plan is required to be submitted at the time of lodging an application for development approval for short-term accommodation. The requirement for the operation of the short-term accommodation in accordance with the management plan will be included as a condition of any development approval issued.
- b. The management plan is to include, but not be limited to the following matters:
- i. A code of conduct detailing the expected behaviour and obligations of guests. The code of conduct shall be displayed in a prominent position within the premises.
 - ii. Management of complaints, in the form of a Complaints Management Procedure (which must include the provision of the short-term accommodation owners/managing agents contact telephone number for adjoining neighbours).
 - iii. Control of anti-social behaviour and the potential conflict between guests and permanent residents of the area, detailing the expected behaviour of guests and control of noise.
 - iv. Details regarding guest check-in and check-out procedures.
 - v. Management of car parking.
 - vi. Details regarding waste management which must include specifying the expectations on guests with regard to general rubbish and bin collection (if applicable).
 - vii. Compliance with Strata By-Laws (if applicable) in the form of a Statement of Compliance.

5.1.4. Guest register:

- a. A register of all persons occupying the short-term accommodation is required to be kept on the premises of the short-term accommodation or at such other

place as agreed by the City and shall be open to inspection on demand by an authorised City officer.

- b. The register shall:
 - i. show the name and address of every occupant staying within the accommodation and the unit occupied; and
 - ii. include the date of arrival and date of departure of the occupants of the accommodation.

5.1.5. Signage:

- a. Any signage associated with short-term accommodation is to be in accordance with the City of Joondalup Signs Policy.

5.1.6. Application information:

- a. In addition to the management plan referred to above and the normal development application submission requirements, the following additional information is required to be submitted with an application for development approval for short-term accommodation:
 - i. Justification as to how and why the proposed accommodation will be compatible with the adjoining area and is consistent with the objectives of this Policy.

5.1.7. Public consultation:

- a. Refer to the City's Planning Consultation Local Planning Policy.
- b. Where an application involves short-term accommodation in a strata title arrangement, the strata body will be consulted. Prior to submission, applicants are encouraged to seek clarification as to whether or not the operation of short-term accommodation is compliant with regulations governing ownership of the property i.e. provisions of the *Strata Titles Act 1985* and associated by-laws.

5.2. Development requirements for a Bed and Breakfast:

- a. The owner/resident of the accommodation must reside on-site at all times while the 'Bed and Breakfast' is in operation.
- b. Meals may only be provided for 'Bed and Breakfast' guests.

5.3. Development requirements for a Holiday House:

- a. Applications for development approval for a 'Holiday House' within an existing dwelling will be processed as a change of use.
- b. Applications for development approval for a purpose built 'Holiday House' are required to meet the relevant single house requirements of the Residential Design Codes, the City of Joondalup Residential Development Local Planning Policy and any relevant structure plan or local planning policy.

5.4. Development requirements for Holiday Accommodation:

- a. Applications for development approval for 'Holiday Accommodation' within existing grouped or multiple dwelling developments will be processed as a change of use.
- b. Applications for development approval for purpose built 'Holiday Accommodation' are required to meet the relevant grouped or multiple dwelling development requirements of the Residential Design Codes, the City of Joondalup Residential Development Local Planning Policy and any relevant structure plan or local planning policy.
- c. Tandem car parking arrangements (one bay behind another) will only be considered where the bays are allocated to the same holiday accommodation unit.

5.5. Development requirements for Serviced Apartments:

- a. Applications for development approval for 'Serviced Apartment' within an existing grouped dwelling or multiple dwelling development will be processed as a change of use and are expected to provide dedicated reception facilities and may provide recreational facilities.
- b. Applications for purpose built 'Serviced Apartment' shall be subject to the siting and design requirements applicable under the relevant local planning policy, and any relevant structure plan. If applicable, serviced apartments are required to be designed to separate short-term accommodation from permanent occupancy dwellings located on the same site or building.
- c. Where a development involves a combination of permanent occupancy dwellings and serviced apartments, parking areas for permanent residents and their visitors shall be clearly separated and delineated from the parking area for the serviced apartments.
- d. Tandem car parking arrangements (one bay behind another) will only be considered where the bays are allocated to the same serviced apartment.
- e. If required, applications for purpose built 'Serviced Apartment' must also demonstrate the sufficient provision of facilities for the loading/unloading of goods on the site.

Short-term Rental Accommodation Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To encourage good quality, well managed short-term rental accommodation that does not compromise the amenity of residential areas or nearby residents.
- To provide guidance and development requirements for operators seeking to establish short-term rental accommodation within the City of Joondalup.
- To establish a clear framework for the assessment and determination of applications for short-term rental accommodation.

1. Authority:

This Policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area.

2. Application:

This policy applies to all 'Holiday Accommodation', 'Serviced Apartment' and 'Unhosted Short-term Rental Accommodation' land uses in all zones.

3. Definitions:

"dwelling" as defined by the Residential Design Codes means a building or portion of a building being used, adapted, or designed or intended to be used for the purpose of human habitation on a permanent basis by a single person, a single family, or no more than six (6) persons who do not comprise a single family.

"Holiday Accommodation" as defined by Local Planning Scheme No. 3 means two (2) or more dwellings on one lot used to provide short-term accommodation for persons other than the owner of the lot.

“Hosted Short-term Rental Accommodation” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015* means any of the following:

- a. Short-term rental accommodation where the owner or occupier, or an agent of the owner or occupier who ordinarily resides at the dwelling, resides at the same dwelling during the short-term rental arrangement.
- b. Short-term rental accommodation that is an ancillary dwelling where the owner or occupier, or an agent of the owner or occupier who ordinarily resides at the other dwelling on the same lot, resides at that other dwelling during the short-term rental arrangement.
- c. Short-term rental accommodation that is a dwelling on the same lot as an ancillary dwelling where the owner or occupier, or an agent of the owner or occupier who ordinarily resides at the dwelling, resides at the ancillary dwelling during the short-term rental arrangement.

“R-Codes” means the Residential Design Codes.

“Serviced Apartment” as defined by Local Planning Scheme No. 3 means a group of units or apartments providing:

- a. self-contained short stay accommodation for guests; and
- b. any associated reception or recreational facilities.

“Short-term Rental Accommodation” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015*:

- a. means a dwelling provided, on a commercial basis, for occupation under a short-term rental arrangement; but
- b. does not include a dwelling that is, or is part of, any of the following:
 - i. An aged care facility as defined in the *Land Tax Assessment Act 2002* section 38A(1).
 - ii. A caravan park.
 - iii. A lodging-house as defined in the *Health (Miscellaneous Provisions) Act 1911* section 3(1).
 - iv. A park home park.
 - v. A retirement village as defined in the *Retirement Villages Act 1992* section 3(1).
 - vi. Workforce accommodation.

“Short-term Rental Arrangement” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015* means an arrangement under which:

- a. a dwelling, or part of a dwelling, is provided for occupation by a person; and
- b. the person occupies the dwelling, or part of the dwelling, for a period or periods not exceeding a total of three (3) months in any 12-month period.

“Unhosted Short-term Rental Accommodation” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015* means short-term rental accommodation that:

- a. is not hosted short-term rental accommodation; and
- b. accommodates a maximum of 12 people per night.

4. Statement:

The City of Joondalup supports diversity of accommodation types to facilitate tourism and other activities within its district. In considering development applications for short-term rental accommodation, the City will take into consideration the siting, design and management of the short-term rental accommodation to ensure such accommodations are compatible with, and avoid adverse impacts on, the amenity of adjoining and surrounding areas.

5. Details:

5.1. General development requirements for all short-term rental accommodation:

5.1.1. Application information:

In addition to the standard development application submission requirements, written justification is required to be provided as to how and why the proposed accommodation will be compatible with the adjoining area and is consistent with the objectives of this Policy.

5.1.2. Car parking requirements:

- a. The required number of car parking bays is to be provided in accordance with the R-Codes or relevant local planning policy that amends or replaces the R-Codes.
- b. Car parking access and design is to be in accordance with the following requirements:

Design Element	Development Requirement
a. Car parking location	<ul style="list-style-type: none"> i. All car parking is to be provided on-site; verge parking is not permitted. ii. In the 'Residential' zone, the provision of car parking bays must not detract from the residential appearance of the dwelling or dominate the streetscape.
b. Car parking design	<ul style="list-style-type: none"> i. Car parking shall be designed in accordance with the R-Codes.
c. Vehicle access	<ul style="list-style-type: none"> i. Vehicle access is to be provided in accordance with the R-Codes.

5.1.3. Management plan:

- a. A management plan is required to be submitted at the time of lodging an application for development approval for short-term rental accommodation. The requirement for the operation of the short-term rental accommodation in accordance with the management plan will be included as a condition of any development approval issued.
- b. The management plan is to include, but not be limited to the following matters:

- i. A code of conduct detailing the expected behaviour and obligations of guests. The code of conduct shall be displayed in a prominent position within the premises.
- ii. Management of complaints, in the form of a Complaints Management Procedure (which is to include the provision of the short-term rental accommodation owners/managing agents contact telephone number for adjoining neighbours and be updated/remain current).
- iii. Control of anti-social behaviour and the potential conflict between guests and permanent residents of the area, detailing the expected behaviour of guests and control of noise.
- iv. Details regarding guest check-in and check-out procedures.
- v. Management of car parking.
- vi. Details regarding waste management which must include specifying the expectations on guests with regard to general rubbish and bin collection (if applicable).
- vii. Compliance with Strata By-Laws (if applicable) in the form of a Statement of Compliance.

5.1.4. Guest numbers and register:

- a. Short-term rental accommodation subject to this policy is to have a maximum occupancy of two (2) persons per bedroom.
- b. A register of all persons occupying the short-term rental accommodation is required to be kept and shall be open to inspection on demand by an authorised City officer.
- c. The register shall:
 - i. show the name and address of every occupant staying within the accommodation and the unit occupied; and
 - ii. include the date of arrival and date of departure of the occupants of the accommodation.

5.1.5. Signage:

Any signage associated with short-term rental accommodation is to be in accordance with the City of Joondalup Advertisements Local Planning Policy.

5.1.6. Public consultation:

Refer to the City's Planning Consultation Local Planning Policy.

5.2 Development requirements for Unhosted Short-term Rental Accommodation:

- a. Development applications for 'Unhosted Short-term Rental Accommodation' within an existing dwelling will be processed as a change of use.

- b. Development applications for purpose built 'Unhosted Short-term Rental Accommodation' are required to meet the relevant single house, grouped dwelling, or multiple dwelling requirements of the R-Codes, the City of Joondalup Residential Development Local Planning Policy and any relevant structure plan, local development plan, or local planning policy.

5.3. Development requirements for Holiday Accommodation:

- a. Development applications for 'Holiday Accommodation' within existing grouped or multiple dwelling developments will be processed as a change of use.
- b. Development applications for purpose built 'Holiday Accommodation' are required to meet the relevant grouped or multiple dwelling development requirements of the R-Codes, the City of Joondalup Residential Development Local Planning Policy and any relevant structure plan, local development plan, or local planning policy.
- c. Tandem car parking arrangements (one bay behind another) will only be considered where the bays are allocated to the same holiday accommodation unit.

5.4. Development requirements for Serviced Apartments:

- a. Development applications for use of a single 'Serviced Apartment' within an existing grouped dwelling or multiple dwelling development will be processed as a change of use.
- b. Development applications for purpose built 'Serviced Apartment' units shall be subject to the siting and design requirements applicable under the R-Codes and/or relevant local planning policy, structure plan, or local development plan. If applicable, 'Serviced Apartments' are required to be designed to separate short-term rental accommodation from permanent occupancy dwellings located on the same site or building.
- c. Where a development involves a combination of permanent occupancy dwellings and 'Serviced Apartments', parking areas for permanent residents and their visitors shall be clearly separated and delineated from the parking area for the 'Serviced Apartments'.
- d. Tandem car parking arrangements (one bay behind another) will only be considered where the bays are allocated to the same 'Serviced Apartment'.
- e. If required, applications for purpose built 'Serviced Apartments' must also demonstrate the sufficient provision of facilities for the loading/unloading of goods on the site.

Short-term Rental Accommodation Local Planning Policy

Responsible directorate: Planning and Community Development

Objectives:

- To encourage good quality, well managed short-term rental accommodation that does not compromise the amenity of residential areas or nearby residents.
- To provide guidance and development requirements for operators seeking to establish short-term rental accommodation within the City of Joondalup.
- To establish a clear framework for the assessment and determination of applications for short-term rental accommodation.

1. Authority:

This Policy has been prepared in accordance with Schedule 2, Part 2 of the deemed provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* which allows the local government to prepare local planning policies relating to planning and development within the Scheme area.

2. Application:

This policy applies to all 'Holiday Accommodation', 'Serviced Apartment' and 'Unhosted Short-term Rental Accommodation' land uses in all zones.

3. Definitions:

"dwelling" as defined by the Residential Design Codes means a building or portion of a building being used, adapted, or designed or intended to be used for the purpose of human habitation on a permanent basis by a single person, a single family, or no more than six (6) persons who do not comprise a single family.

"Holiday Accommodation" as defined by Local Planning Scheme No. 3 means two (2) or more dwellings on one lot used to provide short-term accommodation for persons other than the owner of the lot.

“Hosted Short-term Rental Accommodation” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015* means any of the following:

- a. Short-term rental accommodation where the owner or occupier, or an agent of the owner or occupier who ordinarily resides at the dwelling, resides at the same dwelling during the short-term rental arrangement.
- b. Short-term rental accommodation that is an ancillary dwelling where the owner or occupier, or an agent of the owner or occupier who ordinarily resides at the other dwelling on the same lot, resides at that other dwelling during the short-term rental arrangement.
- c. Short-term rental accommodation that is a dwelling on the same lot as an ancillary dwelling where the owner or occupier, or an agent of the owner or occupier who ordinarily resides at the dwelling, resides at the ancillary dwelling during the short-term rental arrangement.

“R-Codes” means the Residential Design Codes.

“Serviced Apartment” as defined by Local Planning Scheme No. 3 means a group of units or apartments providing:

- a. self-contained short stay accommodation for guests; and
- b. any associated reception or recreational facilities.

“Short-term Rental Accommodation” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015*:

- a. means a dwelling provided, on a commercial basis, for occupation under a short-term rental arrangement; but
- b. does not include a dwelling that is, or is part of, any of the following:
 - i. An aged care facility as defined in the *Land Tax Assessment Act 2002* section 38A(1).
 - ii. A caravan park.
 - iii. A lodging-house as defined in the *Health (Miscellaneous Provisions) Act 1911* section 3(1).
 - iv. A park home park.
 - v. A retirement village as defined in the *Retirement Villages Act 1992* section 3(1).
 - vi. Workforce accommodation.

“Short-term Rental Arrangement” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015* means an arrangement under which:

- a. a dwelling, or part of a dwelling, is provided for occupation by a person; and
- b. the person occupies the dwelling, or part of the dwelling, for a period or periods not exceeding a total of three (3) months in any 12-month period.

“Unhosted Short-term Rental Accommodation” as defined by the *Planning and Development (Local Planning Schemes) Regulations 2015* means short-term rental accommodation that:

- a. is not hosted short-term rental accommodation; and
- b. accommodates a maximum of 12 people per night.

4. Statement:

The City of Joondalup supports diversity of accommodation types to facilitate tourism and other activities within its district. In considering development applications for short-term rental accommodation, the City will take into consideration the siting, design and management of the short-term rental accommodation to ensure such accommodations are compatible with, and avoid adverse impacts on, the amenity of adjoining and surrounding areas.

5. Details:

5.1. General development requirements for all short-term rental accommodation:

5.1.1. Application information:

In addition to the standard development application submission requirements, written justification is required to be provided as to how and why the proposed accommodation will be compatible with the adjoining area and is consistent with the objectives of this Policy.

5.1.2. Car parking requirements:

- a. The required number of car parking bays is to be provided in accordance with the ~~following rates: R-Codes or relevant local planning policy that amends or replaces the R-Codes.~~

Maximum number of guests	Minimum number of car parking bays required
1-3	1
4-6	2
7-8	3
9-12	4

- b. Car parking access and design is to be in accordance with the following requirements:

Design Element	Development Requirement
a- Car parking location	<ul style="list-style-type: none"> i. All car parking is to be provided on-site; verge parking is not permitted. ii. In the 'Residential' zone, the provision of car parking bays must not detract from the residential appearance of the dwelling or dominate the streetscape.
b- Car parking design	i- Car parking shall be designed in accordance with the R-Codes.
c- Vehicle access	i- Vehicle access is to be provided in accordance with the R-Codes.

5.1.3. Management plan:

- a. A management plan is required to be submitted at the time of lodging an application for development approval for short-term rental accommodation. The requirement for the operation of the short-term rental accommodation in accordance with the management plan will be included as a condition of any development approval issued.
- b. The management plan is to include, but not be limited to the following matters:
 - i. A code of conduct detailing the expected behaviour and obligations of guests. The code of conduct shall be displayed in a prominent position within the premises.
 - ii. Management of complaints, in the form of a Complaints Management Procedure (which is to include the provision of the short-term rental accommodation owners/managing agents contact telephone number for adjoining neighbours and be updated/remain current).
 - iii. Control of anti-social behaviour and the potential conflict between guests and permanent residents of the area, detailing the expected behaviour of guests and control of noise.
 - iv. Details regarding guest check-in and check-out procedures.
 - v. Management of car parking.
 - vi. Details regarding waste management which must include specifying the expectations on guests with regard to general rubbish and bin collection (if applicable).
 - vii. Compliance with Strata By-Laws (if applicable) in the form of a Statement of Compliance.

5.1.4. Guest numbers and register:

- a. ~~Short-term rental accommodation subject to this policy is to have a maximum occupancy of two (2) persons per bedroom. Short-term rental accommodation subject to this policy is to have an overall maximum occupancy calculated on the ratio of two (2) persons per bedroom.~~
- b. A register of all persons occupying the short-term rental accommodation is required to be kept and shall be open to inspection on demand by an authorised City officer.
- c. The register shall:
 - i. show the name and address of every occupant staying within the accommodation and the unit occupied; and
 - ii. include the date of arrival and date of departure of the occupants of the accommodation.

5.1.5. Signage:

Any signage associated with short-term rental accommodation is to be in accordance with the City of Joondalup Advertisements Local Planning Policy.

5.1.6. Public consultation:

Refer to the City's of Joondalup Planning Consultation Local Planning Policy.

5.1.7. Approval period:

- a. Where development approval is granted by the City for short-term rental accommodation, this approval may be subject to an initial 12-month approval period following assessment of the proposal, including any potential impact of the proposal on the amenity of adjoining and surrounding landowners.
- b. Prior to the end of an initial 12-month approval period, a development application for the continuation of the use is to be submitted. The application should demonstrate that the ongoing operation of the short-term rental accommodation will not be unreasonably detrimental to adjoining and surrounding landowners.

5.2 Development requirements for Unhosted Short-term Rental Accommodation:

- a. Development applications for 'Unhosted Short-term Rental Accommodation' within an existing dwelling will be processed as a change of use.
- b. Development applications for purpose built 'Unhosted Short-term Rental Accommodation' are required to meet the relevant single house, grouped dwelling, or multiple dwelling requirements of the R-Codes, the City of Joondalup Residential Development Local Planning Policy and any relevant structure plan, local development plan, or local planning policy.

5.3. Development requirements for Holiday Accommodation:

- a. Development applications for 'Holiday Accommodation' within existing grouped or multiple dwelling developments will be processed as a change of use.
- b. Development applications for purpose built 'Holiday Accommodation' are required to meet the relevant grouped or multiple dwelling development requirements of the R-Codes, the City of Joondalup Residential Development Local Planning Policy and any relevant structure plan, local development plan, or local planning policy.
- c. Tandem car parking arrangements (one bay behind another) will only be considered where the bays are allocated to the same holiday accommodation unit.

5.4. Development requirements for Serviced Apartments:

- a. Development applications for use of a single 'Serviced Apartment' within an existing grouped dwelling or multiple dwelling development will be processed as a change of use.
- b. Development applications for purpose built 'Serviced Apartment' units shall be subject to the siting and design requirements applicable under the R-Codes and/or relevant local planning policy, structure plan, or local development plan. If applicable, 'Serviced Apartments' are required to be designed to separate short-term rental accommodation from permanent occupancy dwellings located on the same site or building.
- c. Where a development involves a combination of permanent occupancy dwellings and 'Serviced Apartments', parking areas for permanent residents and their visitors

shall be clearly separated and delineated from the parking area for the 'Serviced Apartments'.

- d. Tandem car parking arrangements (one bay behind another) will only be considered where the bays are allocated to the same 'Serviced Apartment'.
- e. If required, applications for purpose built 'Serviced Apartments' must also demonstrate the sufficient provision of facilities for the loading/unloading of goods on the site.

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

SUBMISSION	ADMINISTRATION COMMENTS
<p>Oppose In Joondalup, un-hosted short term rental businesses are being approved with inadequate consideration of the real and potential deleterious effects on the amenity of the immediate adjacent neighbours and on neighbourhoods themselves.</p> <p>One's quality of lifestyle is not enhanced by such a business. A business that potentially could be the cause of significant mental, social and psychological distress.</p> <p>Who would want such a business to be approved in an existing domestic residence adjacent to one's own home never knowing who may be there from one day to the next?</p> <p>Such development results in a commercialisation of residential properties. The residential zoning ought to prohibit at least un-hosted STRA, in order to provide "peace of mind".</p> <p>Additionally approvals have absolutely no regards to the loss of one's property value due to an adjacent residential property being converted into an un-hosted STRA business. It's irrefutable that such a change does devalue the adjacent resident's property.</p> <p>The effect on the amenity of the neighbourhood is deleterious to the whole concept of a community and neighbourhood. It's a commercial business with users, with no affiliation to the local community, coming and going. Such transient occupation undermines the very concept of neighbour and neighbourhood.</p> <p>Neighbourhood amenity is more than noise, antisocial behaviour, parking, loss of security, poor property appearance and maintenance. It's about a sense of belonging, being present for one another and caring for one another.</p> <p>In terms of the "big picture" Metropolitan Perth has a long term rental accommodation short fall and this type of hosted and un-hosted STRA rental arrangement is not at all helpful to solving this problem.</p>	<p>The scheme amendment is proposed to align the City's local planning framework with the recent changes to the State planning framework regarding land use permissibility and definitions.</p> <p>The Western Australian Planning Commission has provided direction that blanket bans on short-term rental accommodation in residential zoned areas is not appropriate. The consideration of potentially restricting short-term rental accommodation to certain areas in the City is outside the scope of the current policy review, however is an issue that can be investigated through the City's current Local Planning Strategy review.</p> <p>Each individual planning application for short-term rental accommodation is assessed on its merits in accordance with the local planning framework. The policy amendments propose modifications to how short-term rental accommodation is managed throughout the City, which will provide greater clarity for the community and short-term rental accommodation operators. It is noted that property value is not a relevant planning consideration.</p> <p>The proposed introduction of a one-year time limit for planning approvals in circumstances where the impact of a short-term rental accommodation proposal requires review over time provides the City with greater ability to monitor the effectiveness of a management plan. There is potential in the future for the City to prepare a template management plan, however this is outside the scope of the current policy review which is primarily intended to function as an interim review to align the policy with the amended <i>Planning and Development (Local Planning Schemes) Regulations 2015</i>, not overhaul the policy entirely.</p>

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY

SUBMISSION	ADMINISTRATION COMMENTS
<p>This State Government has shown no real regard for protecting residents from un-hosted STRA businesses. Local Government Councils need to be doing more to protect residents.</p> <p>I request that these Draft Policies be referred back to the City's Policy Committee for further development to enhance protections for residents from un-hosted STRA.</p> <p>I endorse the recommendations made by the MSDPARA, in its submission on this matter, and urge Council to adopt them.</p>	
<p>Oppose</p> <p>We consider that both types of Short Term Rental Accommodation(STRA) the Hosted and especially the Un- hosted form will have a big impact on the residential amenity of neighbours who are unfortunate enough to have such accommodation next to them. That the hosted form is classed as a "P" use means that it is permitted anywhere in the residential and other areas. The un-hosted version is a "D" discretionary use so should receive more oversight but again it can be anywhere a residential use is allowed. It effectively provides the potential to turn the residential areas into commercial accommodation zones.</p> <p>The STRA policy also flies in the face of the State government initiative of paying cash to investors to convert from Short stay accommodation to permanent rentals to help the housing crisis.</p> <p>That a maximum of 12 persons per night per dwelling is proposed means that local residents could be faced with "party" size groups of people next to them on a regular basis. The potential for disruption of peaceful neighbourhoods is obvious.</p> <p>The impact of overflow parking in residential streets (12 guests could potentially equal 6 cars) would be significant when our homes are increasingly turning into carparks as adult kids stay at home longer.</p> <p>While areas close to attractions like beaches , marinas and city centres would be most popular for STRA, suburbs like Kingsley, Greenwood, Warwick not far from attractions will also be targeted by some home owners keen to make</p>	<p>The scheme amendment is proposed to align the City's local planning framework with the recent changes to the State planning framework regarding land use permissibility and definitions.</p> <p>The Western Australian Planning Commission has provided direction that blanket bans on short-term rental accommodation in residential zoned areas is not appropriate. The consideration of potentially restricting short-term rental accommodation to certain areas in the City is outside the scope of the current policy review, however is an issue that can be investigated through the City's current Local Planning Strategy review.</p> <p>Each individual planning application for short-term rental accommodation is assessed on its merits in accordance with the local planning framework. The policy amendments propose modifications to how short-term rental accommodation is managed throughout the City, which will provide greater clarity for the community and short-term rental accommodation operators.</p> <p>The proposed introduction of a one-year time limit for planning approvals in circumstances where the impact of a short-term rental accommodation proposal requires review over time provides the City with greater ability to monitor the effectiveness of a management plan. There is potential in the future for the City to prepare a template management plan, however this is outside the scope of the current policy review which is primarily intended to function as an interim review to align the policy with the amended <i>Planning and Development (Local Planning Schemes) Regulations 2015</i>, not overhaul the policy entirely.</p>

<p>extra income. Unfortunately this extra income would be generated at the expense of their neighbours' amenity.</p> <p>We request that the draft policies are referred back to the COJ Policy Committee to seek advice from the Planning Department to increase the protection to residential property owners from the encroachment of these businesses into residential areas</p> <p>We Endorse the submission of the Marmion Duncraig Sorrento Progress and Ratepayers Association.</p> <p>In particular:</p> <ol style="list-style-type: none"> 1. That the proposed Draft LPP is inadequate in its protection of residential amenity and neighbourhood from the impact of STRA's. 2. That it seeks greater protection and recognition of residential amenity, lifestyle and neighbourhood relationship development. 3. That the City undertakes a more proactive approach in the compliance management and education and awareness of STRA's in the community. 4. That the Policy fails to address, in any detail, non-compliance, or penalties associated with not maintaining the currency and relevance of Management Plans. 5. That Council reject/not accept the proposed Policy amendments endorsed by the CoJ Policy Committee. 6. That Council seeks not to approve/allow Un-Hosted STRA's in residential areas. 7. That the Council refers this matter back to the Policy Committee to seek advice as to what modifications ought to be made to address the concerns raised by this submission. 	<p>The City does not have the resources at this time to proactively monitor all properties operating as short-term rental accommodation across the City, with requests to review potential non-compliance investigated and responded to when are received. The penalties for non-compliance vary dependent on the extent of non-compliance and are enforced, where appropriate, in accordance with the applicable legislation. A local planning policy is not an appropriate mechanism to prescribe penalties for non-compliance.</p>
<p>Oppose</p> <p>I do not support these amendments on the grounds that they do little to protect the amenity of neighbour's residents and also the amenity of neighbourhoods generally.</p> <p>The un-hosted STRA business are not development approvals but in essence are a Change of Use. A change which adversely affects adjacent neighbours and neighbourhoods.</p>	<p>The scheme amendment is proposed to align the City's local planning framework with the recent changes to the State planning framework regarding land use permissibility and definitions.</p> <p>The Western Australian Planning Commission has provided direction that blanket bans on short-term rental accommodation in residential zoned areas is not appropriate. The consideration of potentially restricting short-term rental accommodation to certain areas in the City is outside the scope of the current policy review, however is an issue that can be investigated through the City's</p>

<p>As such they ought not be approved in residentially zoned neighbourhoods.</p> <p>What justification is there to impose on a resident a business that potentially has serious implications for the amenity and well-being of the resident. I refer to the attachments regarding un-hosted STRA in the municipality of Subiaco as evidence of such outcomes. Not isolated incidents.</p> <p>I request that the Draft Amendments be referred back to the City's Policy Committee for it to seek advice from the Town Planner for "modification" that will enhance resident protections from these businesses. The Report to Council did offer Council the option to "modify" the Drafts. Unfortunately that didn't occur at that time. Now after Public Consultation it ought to be undertaken.</p> <p>I endorse the recommendations of the Marmion Sorrento Duncraig Progress and Ratepayers Association made in its submission on this matter.</p> 	<p>current Local Planning Strategy review.</p> <p>Each individual planning application for short-term rental accommodation is assessed on its merits in accordance with the local planning framework. The policy amendments propose modifications to how short-term rental accommodation is managed throughout the City, which will provide greater clarity for the community and short-term rental accommodation operators.</p> <p>The proposed introduction of a one-year time limit for planning approvals in circumstances where the impact of a short-term rental accommodation proposal requires review over time provides the City with greater ability to monitor the effectiveness of a management plan.</p>

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

SUBMISSION	ADMINISTRATION COMMENTS
<p>Oppose The Marmion, Sorrento Duncraig Progress & Ratepayers Association (Association) submits the following submission in response to the proposed amendments, as approved for Public Consultation by Council on the 25 March, 2025, in respect to the LPP Scheme and the Short-term Accommodation Local Planning Policy (LPP) that, were proposed to align with the Local Planning Scheme 3 (Scheme).</p> <p>There is a continuing and growing trend particularly, in the coastal suburbs e.g. Marmion and Sorrento, of residential properties being used for STRA's (in particular un-hosted STRA's) as a means of generating additional income for their owners. This is a clearly different form of accommodation compared to the traditional long-stay rental accommodation which, is residentially focused, rather than the more transient visitor / holiday/ tourist type short stay accommodation. This trend is extending further up the coastal strip to suburbs like Whitfords and Mullaloo, with growing local social, economic and financial consequences The City of Joondalup (CoJ) needs to be prepared to address this growing issue, by improving its strategic planning and better activating its administrative oversight responsibilities, in order to protect the affected neighbours and neighbourhood amenity, of the City's permanent residents.</p> <p>Already, City of Subiaco and City of Busselton have recently taken actions in curbing the expansion of these types of accommodation, within their respective residential areas, regarding issues around residential amenity and accommodation supply and costs, along with economic impacts on their local communities and businesses. The City of Fremantle has taken the step of recognising these activities as a unique form of business and has introduced a new Rate Category - "Residential Short-term Accommodation," in its Differential Ratings for 2025-26.</p> <p>The Association has major concerns arising from this Council decision and the continuing lack of consideration and opportunity to strengthening the security of residential amenity in respect to the associated changes made to the CoJ LPP, as part of alignment with the Scheme.</p> <p>The proposed amendments to the LPP lack assurances around security for residential amenity and in providing a level of recourse to residents in respect</p>	<p>The scheme amendment is proposed to align the City's local planning framework with the recent changes to the State planning framework regarding land use permissibility and definitions.</p> <p>The Western Australian Planning Commission has provided direction that blanket bans on short-term rental accommodation in residential zoned areas is not appropriate. The consideration of potentially restricting short-term rental accommodation to certain areas in the City is outside the scope of the current policy review, however is an issue that can be investigated through the City's current Local Planning Strategy review.</p> <p>Each individual planning application for short-term rental accommodation is assessed on its merits in accordance with the local planning framework. The policy amendments propose modifications to how short-term rental accommodation is managed throughout the City, which will provide greater clarity for the community and short-term rental accommodation operators.</p> <p>The proposed introduction of a one-year time limit for planning approvals in circumstances where the impact of a short-term rental accommodation proposal requires review over time provides the City with greater ability to monitor the effectiveness of a management plan. There is potential in the future for the City to prepare a template management plan, however this is outside the scope of the current policy review which is primarily intended to function as an interim review to align the policy with the amended <i>Planning and Development (Local Planning Schemes) Regulations 2015</i>, not overhaul the policy entirely.</p> <p>The City does not have the resources at this time to proactively monitor all properties operating as short-term rental accommodation across the City, with requests to review potential non-compliance investigated and responded to when are received. The penalties for non-compliance vary dependent on the extent of non-compliance and are enforced, where appropriate, in accordance with the applicable legislation. A local planning policy is not an appropriate mechanism to prescribe penalties for non-compliance.</p>

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY

SUBMISSION	ADMINISTRATION COMMENTS
<p>to having tangible reference points, other than a Management Plan, parking and limiting numbers persons per bedroom, in fielding objections to STRA's, in particular un-hosted short-term rentals. Whilst limiting occupancy it does not address the potential for anti-social behaviour (disruptions and disturbances) due to parties of large gatherings.</p> <p>The concerns are focused not so much on approvals but more so in respect to the lack of greater consideration being given to residential amenity and for a more pro-active approach being taken by the City in promoting education and awareness and more importantly, regulatory compliance management, rather than the current reactive approach.</p> <p>Residential amenity goes beyond issues like waste management plans – bin storage, anti-social behaviour, parking, noise and should encompass a greater focus on maintaining security of residential amenity and a sense of neighbourhood within the community.</p> <p>The proposed amended policy fails to adequately address non- compliance nor further strengthen resident's protection and recourse to that which, was already lacking in the current LPP i.e. residents are not being extended a valid voice/recourse into adjacent properties being converted to the more disruptive, un-hosted Short Term Rental Accommodation businesses.</p> <p>In terms of the current stated Policy Objectives:</p> <ul style="list-style-type: none"> • To encourage good quality, well managed short-term rental accommodation that does not compromise the amenity of residential areas or nearby residents needs to provide for greater consideration being given to not only issues such as noise, parking, rubbish and anti-social behaviour but to also encompass protecting the intrinsic monetary value of resident's properties, along with upholding a sense of neighbourhood and neighbourly relationship. • To provide guidance and development requirements for operators seeking to establish short term rental accommodation within the City of Joondalup. This could be better supported by more practical and concise terminology being used in the LPP document. • "To establish a clear framework" for the assessment and determination of applications for short term rental accommodation. This is an ambiguous 	

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

SUBMISSION	ADMINISTRATION COMMENTS
<p>statement, the opportunity for amendments to the LPP should be taken up to better defined by questioning... what are the actual existing framework elements and how are they utilised in the assessment and determination of applications for short term rental accommodation process? This could better be supported by an accompanying check list of defined elements and a pro-forma Management Plan, as subsidiary support documents to the LPP. This approach provides a level of assurance to applicants (property holders) wishing to conduct such businesses, time efficiencies for City officers in assessing Applications and Management Plans and a resultant level of consistency in compliance requirements, for prospective tenants utilising such accommodation options.</p> <ul style="list-style-type: none"> • There are no details contained within the LPP in regard to penalties ... What are the penalties, if any, for non-compliance of a Management Plan and if there are penalties how are they executed/ prosecuted/enacted? This level of detail needs to be incorporated into LPP and additionally, be detailed as clauses, in the Management Plan. • What provisions, if any, are being proposed to be put into place to pro-actively audit such establishments, to ensure that they are in fact "well managed" i.e. the Management Plans are accessible, relevant and current? The CoJ needs to be more pro-active in this area e.g. by enacting random audits for Management Plans, under the regulatory compliance regime. Surely, it would not be a too onerous task for the Governance and Compliance officers to randomly audit of STRA Management Plans (including Un-hosted STRA's), to ensure the operators were actually maintaining the accessibility, currency and relevance of those plans, in meeting the compliance requirements? • Report 13. 1.6 (Council Meeting March 2025), PROPOSED SHORT-TERM RENTAL ACCOMMODATION AMENDMENT TO LOCAL PLANNING SCHEME NO. 3 AND AMENDMENTS TO THE SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY offered the following advice to Council with regards to the Scheme Amendment and the STRA Policy: <ul style="list-style-type: none"> ○ proceed to advertise the amendment to the local planning scheme with modifications; and ○ advertise the revised Short-term Accommodation Local Planning Policy, with modifications. 	

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

SUBMISSION	ADMINISTRATION COMMENTS
<p>As such the Association requests that this matter be referred back to the Policy Committee to seek advice as to what modifications ought to be made to address the concerns raised by this report.</p> <p>Conclusion</p> <p>The Association requests the CoJ Council to consider the following in respect to the proposed Short-term Rental Accommodation amendment to the Local Planning Scheme No.3 and amendments to the Short-term Accommodation Local Planning Policy:</p> <ol style="list-style-type: none"> 1. That the proposed Draft LPP is inadequate in its protection of residential amenity and neighbourhood from the impact of STRA's. 2. That it seeks greater protection and recognition of residential amenity, lifestyle and neighbourhood relationship development. 3. That the City undertakes a more proactive approach in the compliance management and education and awareness of STRA's in the community. 4. That the Policy fails to address, in any detail, non-compliance, or penalties associated with not maintaining the currency and relevance of Management Plans. 5. That Council reject/not accept the proposed Policy amendments endorsed by the CoJ Policy Committee. 6. That Council seeks not to approve/allow Un-Hosted STRA's in residential areas. 7. That the Council refers this matter back to the Policy Committee to seek advice as to what modifications ought to be made to address the concerns raised by this submission. <p>The Association is keen to work with CoJ Council and its officers to achieve outcomes that more realistically protect residents from the very real and potential deleterious outcomes associated with STRA un-hosted businesses.</p>	
<p>Support</p> <p>This proposed amendment makes common sense - having a "bed and breakfast" condition placed on a short stay accommodation approval is unnecessary and cumbersome.</p> <p>I do query if any existing approvals will be deemed to be amended to reflect</p>	<p>The proposed scheme amendment and policy changes will not be applied retrospectively to existing planning approvals.</p>

SUBMISSION	ADMINISTRATION COMMENTS
the proposed change if the amendment is passed, or if a modification to existing approvals are required	
<p>Support No comments provided.</p>	Noted.
<p>Neutral We, Developed, have prepared a written submission regarding the City of Joondalup Proposed Short- Term Rental Accommodation Amendment to Local Planning Scheme No. 3 (LPS3) and Amendments to the Short-Term Accommodation Local Planning Policy (City’s File Ref: 72584).</p> <p>We support the Scheme Amendment in its entirety and commend the alignment of terminology with the Model Scheme Text. While we broadly support the proposed amendments to the Local Planning Policy (Policy), we do have concerns with specific provisions, particularly:</p> <ul style="list-style-type: none"> • the limitation on the number of persons per bedroom, and • the requirement to provide the names and address details of guests to the City. <p>We have marked up these concerns and suggested changes to the Policy (see attached), which aim to ensure that the information required by the City is relevant and necessary for the assessment of short-term rental accommodation land uses, while also ensuring that the amenity of neighbouring residents is protected.</p> <p>We humbly request that the City has due regard for all submissions provided and consider a possible revision of the policy with respect to our comments. We encourage the City to contact us to discuss application of the policy and its ultimate adoption.</p> <p><u>Changes requested to the Policy:</u> Objectives: delete third objective or relocate to the “Statement” section of the policy. <i>Reason: It is impossible for an Applicant to justify against as it is a statement outlining the purpose of the Policy.</i></p> <p>Definitions: recommended to delete any surplus definitions not already covered by the Regulations or Scheme (inclusive of the Amendment).</p>	<p>Objectives: The third objective is an overall objective of the policy. Justification accompanying a proposal for short-term rental accommodation would not be required against this objective.</p> <p>Definitions: The policy definitions proposed (including those contained within the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> are provided for completeness so that all relevant documents are included in a single document.</p> <p>5.1.1 Application information: The information required in this section expands on the policy objectives by outlining the detail required in support of a short-term rental accommodation proposal.</p> <p>5.1.4 Guest numbers and register: The two guests per bedroom limitation is intended to restrict the total number of guests in accordance with the number of bedrooms, for example, two bedrooms would permit four guests. This is not intended to restrict the number of people sleeping per room, with a minor change in wording proposed to the policy for clarification of this distinction.</p> <p>The purpose of the guest register is to ensure that the host has available the details for each occupant. The City would only need to access this information if required to investigate potential non-compliance with the planning approval issued.</p> <p>5.1.5 Signage: Noted.</p>

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

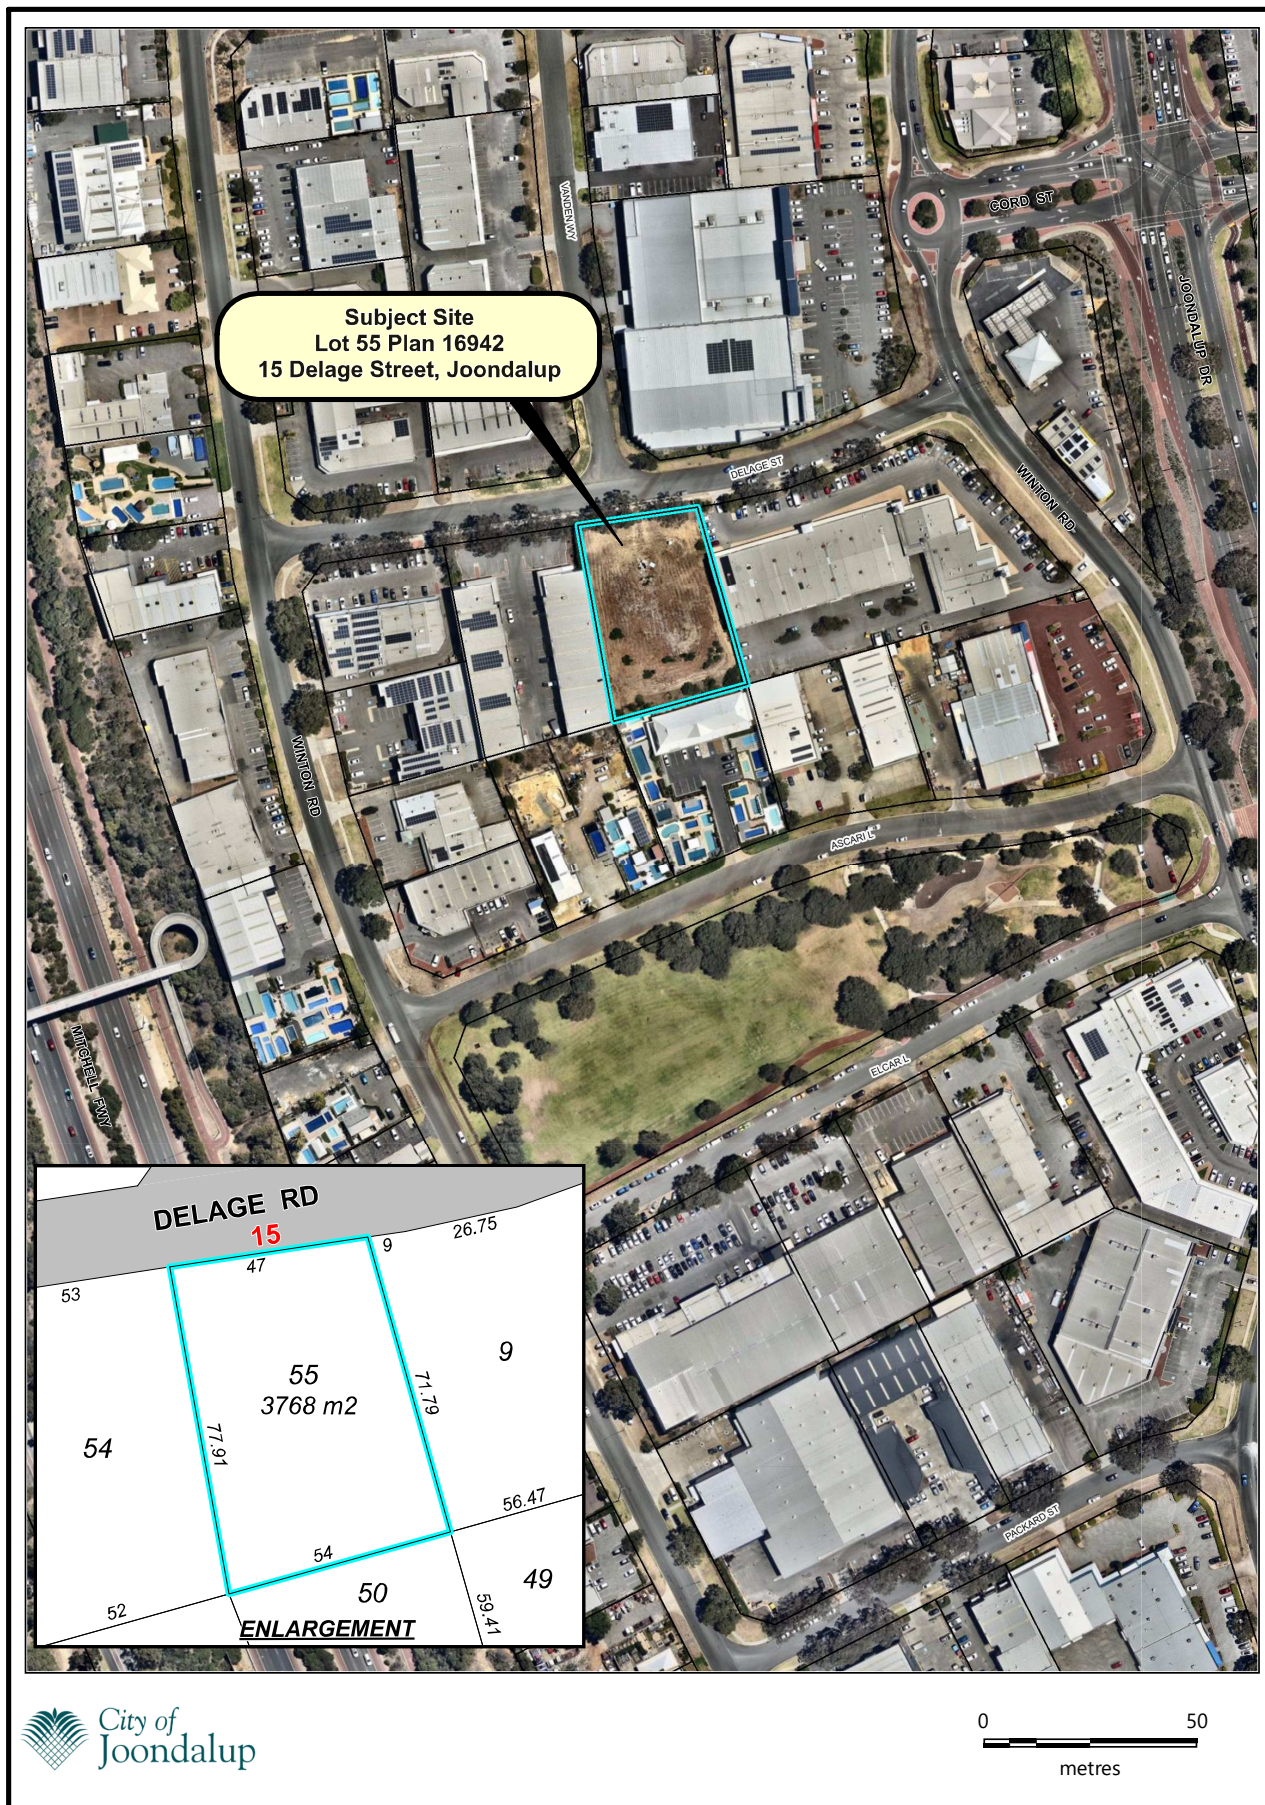

SUBMISSION	ADMINISTRATION COMMENTS
<p><i>Reason: Unless they are not defined in the Regulations or Scheme, why do these definitions need to be provided for in this policy?</i></p> <p>5.1.1 Application information: Recommends deletion of 5.1.1 or reword requiring any variation to the policy to be justified against the Objectives. <i>Reason: Providing additional justification against the objectives of the policy is unnecessary as an application that demonstrates compliance with the provisions of this policy inherently demonstrates consistency with its objectives.</i></p> <p>5.1.4 Guest numbers and register: Recommends deletion. <i>Reason: Disagree, as it doesn't allow for couples with babies to sleep in a room together (e.g. cot). The floor plan would show the number of guests intended to stay in the STRA. Is it necessary for the City to know who will be staying in a STRA? What would the City do with this information? At worst, the City only needs to know how many people are staying on the property to ensure compliance with the Policy.</i></p> <p>5.1.5 Signage: No objections. <i>Comment: No objections, however it is highly unlikely that any STRA would have signage.</i></p>	
<p>Support The most important point is to allow STR and keep control. While the contract to lease is up to the parties involved we want to avoid misuse like all night parties.</p> <p>2 guests per bedroom is the most important change. This is a must.</p> <p>I prefer B&Bs and will miss them, as they offer good services and lots of information. Why do we have to omit them? Can they not continue? I would refer this option.....</p> <p>Another point is: I like to stay in Hotels, (they do the work) BUT we do not have a good Hotel in Joondalup.....that Hotel might take a good number of ST stay visitors.....We had added a Hotel to the Ocean Reef Marina, but that Hotel was eliminated when the State took over.....sad....."</p>	<p>The policy amendments propose modifications to how short-term rental accommodation is managed throughout the City, which will provide greater clarity for the community and short-term rental accommodation operators.</p> <p>The scheme amendment is proposed to align the City's local planning framework with the recent changes to the State planning framework regarding land use permissibility and definitions, which includes deleting the land use 'bed and breakfast' to be replaced with 'hosted short-term rental accommodation' which in effect is the same use.</p> <p>Hotels are not captured under the definition of short-term rental accommodation in accordance with the <i>Short-term Rental Accommodation Act 2024</i>.</p>
<p>Oppose</p>	<p>The scheme amendment is proposed to align the City's local planning</p>

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

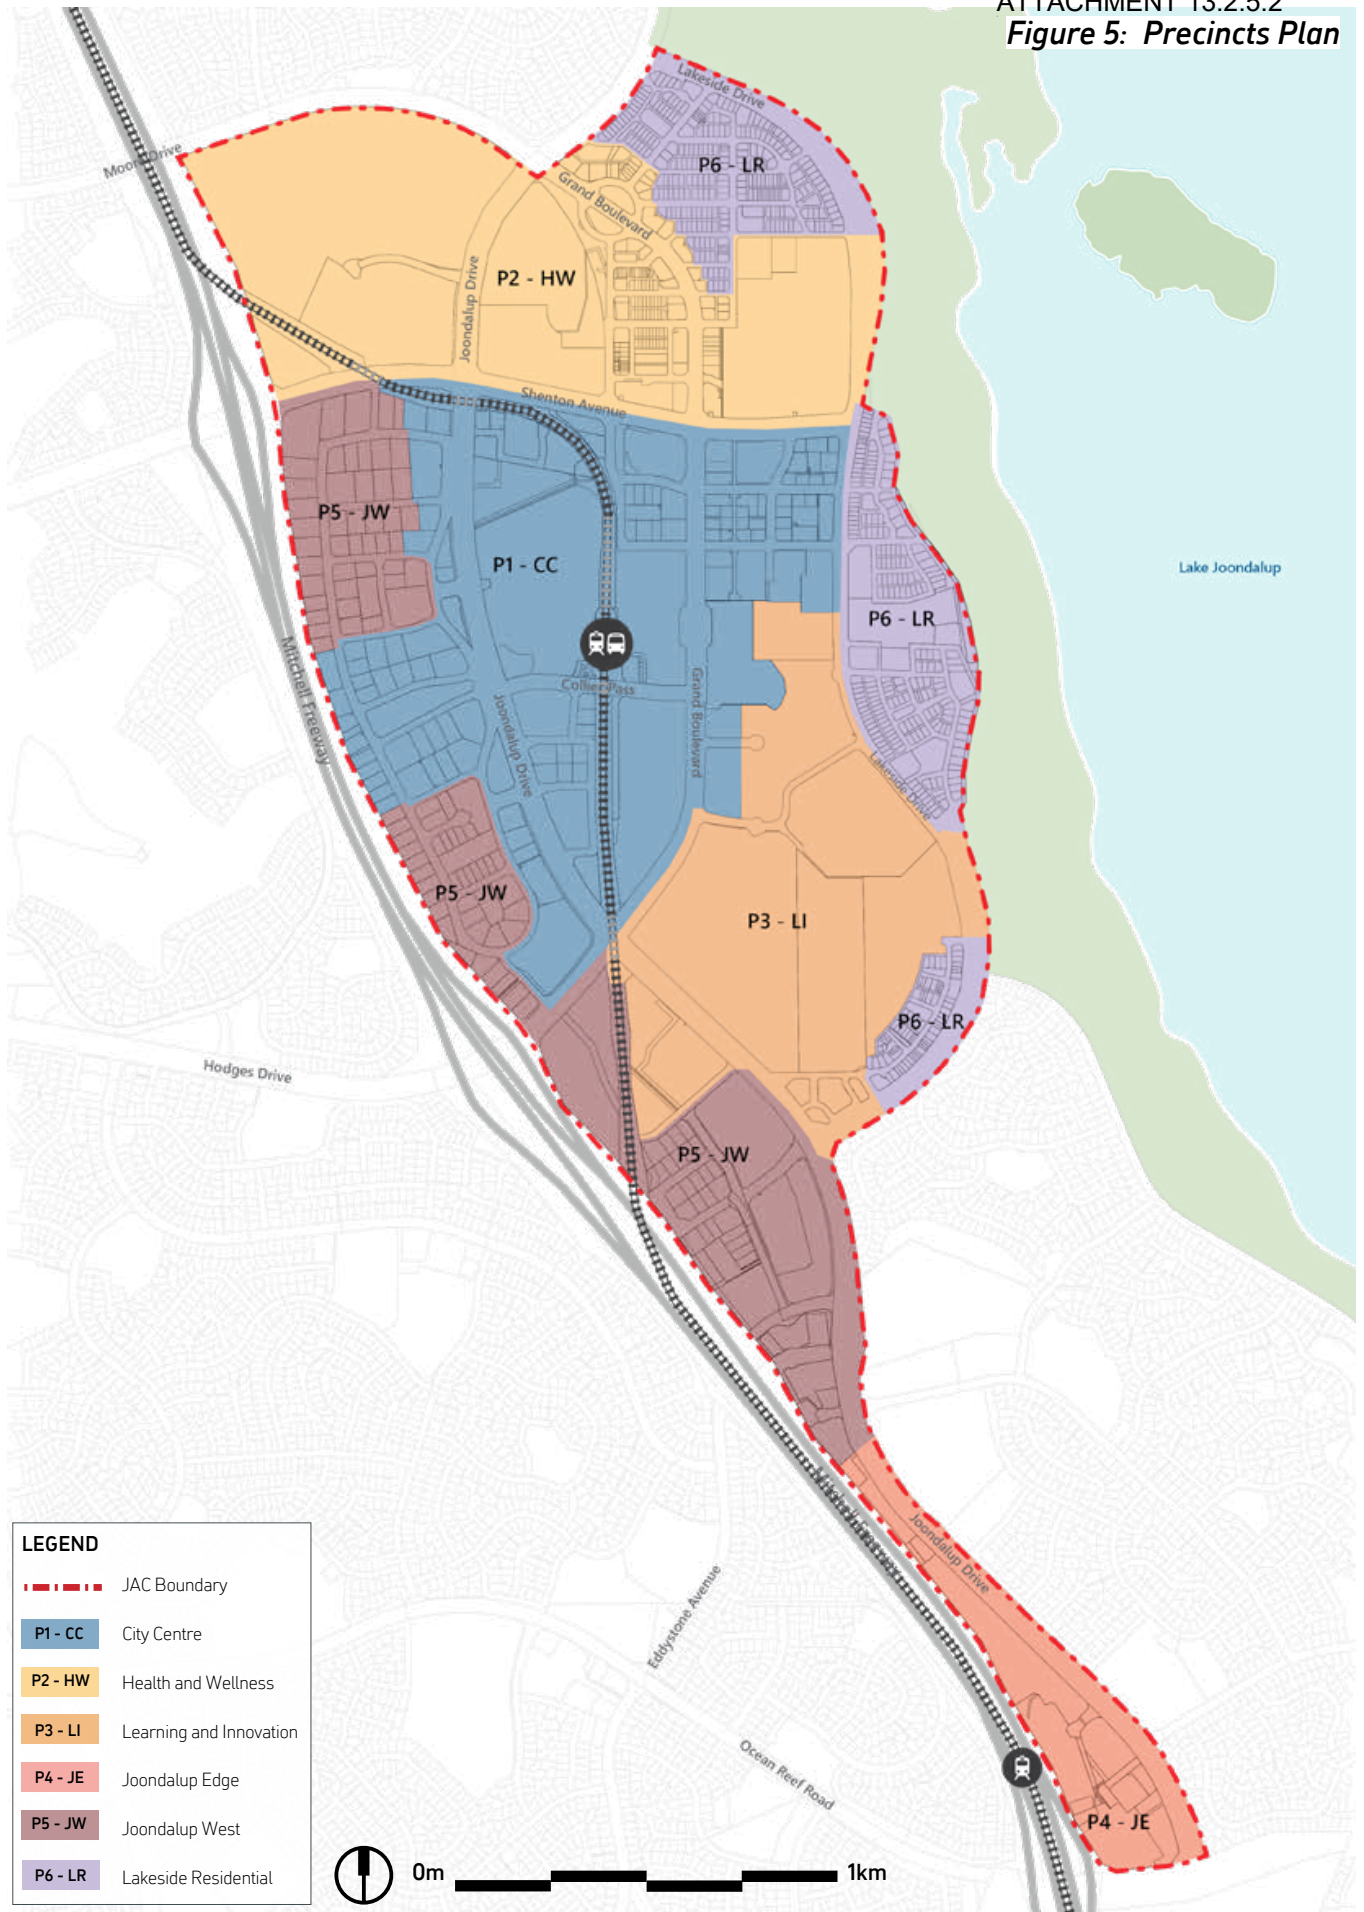

SUBMISSION	ADMINISTRATION COMMENTS
<p>I believe unhosted short term rental should be subject to planning approval with a reduced minimum of days (not the 96 as stated) As it is listed, a property can be used for only 2 days per week without any hindrances to the owner. With the shortage of rental properties it should be in the cities interest to have less short term rentals available and more full term rentals available on the market and perhaps one of the ways to make this happen is to make it not as lucrative to have a short term rental.</p>	<p>framework with the recent changes to the State planning framework regarding land use permissibility and definitions.</p> <p>The exemptions from planning approval for hosted short-term rental accommodation and unhosted short-term rental accommodation (up to 90 nights) are deemed provisions of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> and therefore cannot be varied by the City.</p> <p>The consideration of potentially restricting short-term rental accommodation to certain areas in the City is outside the scope of the current policy review, however is an issue that can be investigated through the City's current Local Planning Strategy review.</p>
<p>Oppose</p> <p>I am writing to express strong opposition to the proposed changes that would make it easier for property owners to establish short-term rental accommodation in residential neighbourhoods. While such platforms may offer economic benefits and support tourism, they also have a significant impact on housing affordability and availability for local residents.</p> <p>Short-term rentals, such as those listed on platforms like Airbnb, continue to divert much needed housing stock away from the long-term rental market. When property owners choose to rent out homes to short-term visitors, the supply of housing available to long-term tenants is reduced, worsening existing shortages and contributing to rising rental prices.</p> <p>This issue is especially pressing in Greenwood and surrounding areas, where both rent and house prices are already reaching unaffordable levels, and the availability of properties is limited. Making it easier to convert homes into short-term rentals will only further constrain the market, reducing housing options for residents and pushing prices even higher.</p> <p>The broader impacts of the proposed policy include:</p> <ul style="list-style-type: none"> • Reduced Long-Term Rental Supply: Increasing the number of short-term rentals removes properties from the long-term rental pool, intensifying the existing shortage. • Greater Demand for Remaining Rentals: With fewer long-term options 	<p>The scheme amendment is proposed to align the City's local planning framework with the recent changes to the State planning framework regarding land use permissibility and definitions.</p> <p>The exemptions from planning approval for hosted short-term rental accommodation and unhosted short-term rental accommodation (up to 90 nights) are deemed provisions of the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> and therefore cannot be varied by the City.</p>

**PROPOSED SCHEME AMENDMENT NO. 21 & AMENDMENTS TO SHORT-TERM ACCOMMODATION LOCAL PLANNING POLICY
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

SUBMISSION	ADMINISTRATION COMMENTS
<p>available, more renters are forced to compete for limited housing, further exacerbating pressure on the market.</p> <ul style="list-style-type: none"> • Rising Rental and Housing Costs: As supply shrinks and demand grows, costs inevitably increase, making it even more difficult for residents, particularly low and middle income households, to access secure, affordable housing. <p>Given the current housing crisis, I strongly urge city planners to reconsider this proposal. Any regulatory changes should be focused on protecting the long-term stability, affordability, and liveability of our communities not prioritising short-term gains that undermine housing security for local residents.</p>	
<p>Oppose Stop changing things. You scare the community when you constantly make changes. This doesn't do anything. These rules already exist within the state governments planning policy. If this is introducing some new change to make it more difficult to host then say it in simple plain English. If this doesn't make any new change and just changes the wording then say that. If you are making changes and making it harder for hosts to host and you are adding development requirement what are they? List them as well. When you constantly propose changes it freaks everyone out.</p>	<p>The scheme amendment and policy changes are proposed to align the City's local planning framework with the recent changes to the State planning framework regarding land use permissibility and definitions.</p> <p>The policy amendments also propose modifications to how short-term rental accommodation is managed throughout the City, which will provide greater clarity for the community and short-term rental accommodation operators.</p>
<p>Support The Planning Proposal to incorporate Hosted and Unhosted short term accomodation in the current planning scheme No.3 is very relevant and eliminates ambiguity.</p>	<p>Noted.</p>
<p>Support No comments provided.</p>	<p>Noted.</p>

1.0 INTRODUCTION

Dynamic Planning (DP) act on behalf of the registered proprietor of Lot 55 (No. 15) Delage Street, Joondalup (herein referred to as the 'subject site'). DP has prepared this report in order to seek support from the City of Joondalup to initiate an amendment to its Local Planning Scheme No. 3 (LPS3) to allow approval of a 'Warehouse/Storage' and 'Bulky Goods Showroom' land uses at the subject site. This will be done by amending Table 4 in LPS3 to add the additional uses applicable to the subject site. The amendment will enable a development outcome consistent with other properties in the City Centre Precinct of the Joondalup Activity Centre Structure Plan, west of Joondalup Drive.

This report will address, in detail, various issues pertinent to the proposal, these being:

- The relevant site context.
- An overview of the proposed amendment.
- Relevant justification in support of the proposed amendment.

The proposed LPS amendment is considered to be 'standard' as defined under the provisions of the *Planning and Development (Local Planning Schemes) Regulations 2015* since the amendment:

- a) *Is not a complex or basic amendment.*

2.0 BACKGROUND AND SITE DESCRIPTION

2.1 Legal Description and Land Ownership

The subject site is described as Lot 55 (No.15) Delage Street, Joondalup and covers an area of 3,769sqm.

The registered proprietor of the subject site is Apache Investments Australia Pty Ltd.

A copy of the Certificate of Title pertaining to the subject site is contained within **Attachment 1**.

2.2 Land Description

The subject site is located within the suburb of Joondalup, within the Joondalup City Centre area and as such is subject to the Joondalup Activity Centre Plan (ACP). The site is situated on Delage Street within the 'City Centre' precinct of the ACP and abuts existing multi-unit light industrial / service commercial development. The broader area and surrounding streetscapes are characterised by similar development outcomes which is illustrated in the below figures.

The site is also the only vacant property west of Joondalup Drive in the City Centre precinct of the ACP and given the construction dates of surrounding properties, there is viability for them to continue their existing use and function, suggesting redevelopment on a large scale in this area is unlikely to occur.

Figures 1 and 2 below illustrates the subject site within its local and regional context, respectively.

Figure 3 provides an aerial context of where the subject site is located within the broader City Centre precinct of the ACP.

Figures 4-8 are examples of existing development in the City Centre precinct on the western side of Joondalup Drive.

Figure 1 – Local Context

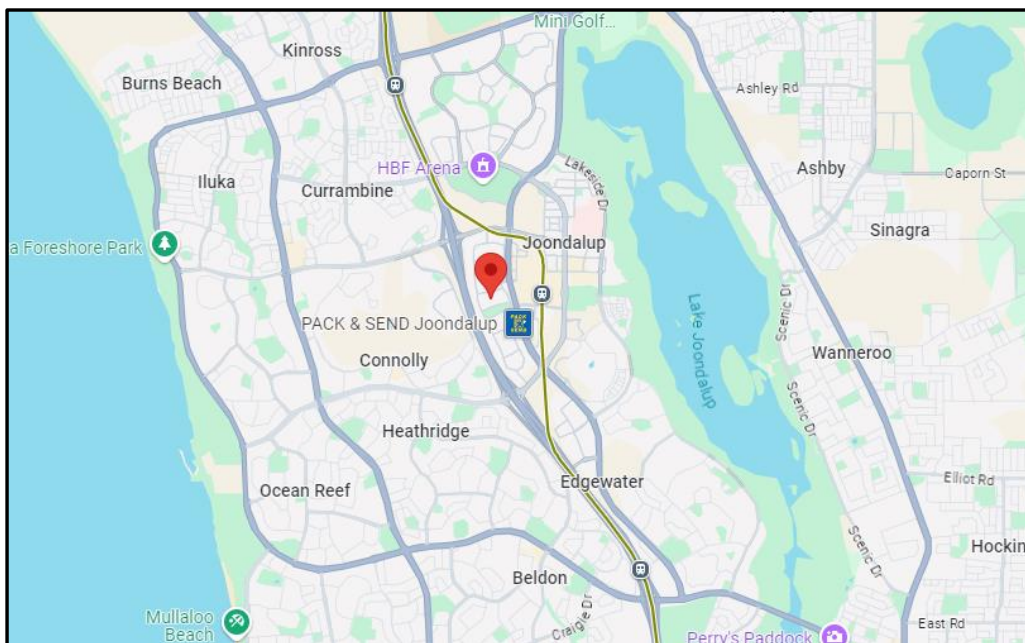

Figure 2 – Regional Context

Figure 3 – Aerial Context of the City Centre Precinct

Figure 4 – 2 Delage Street, Joondalup

Figure 5 – 21 Delage Street, Joondalup

Figure 7 – 53 Winton Road, Joondalup

Figure 8 – 7 Packard Street, Joondalup

3.0 PLANNING FRAMEWORK

3.1 Metropolitan Region Scheme

The subject site is zoned 'Urban' under the provisions of the Metropolitan Region Scheme (MRS). The additional 'Warehouse/Storage' and 'Bulky Goods Showroom' land uses and eventual development in accordance with what is proposed through this amendment is considered to be entirely consistent with the applicable MRS zoning.

3.2 City of Joondalup Local Planning Scheme No. 3 (LPS3)

Under the provisions of the City of Joondalup Local Planning Scheme No. 3 (LPS3), the subject site is currently zoned 'Centre'. In accordance with the 'Centre' zoning the City have adopted the Joondalup ACP to guide subdivision and development within the ACP area. This is discussed in more detail below.

In accordance with LPS3, land use permissibility at the subject site is determined with regard to Table 3b and specifically the 'City Centre' precinct. At present the 'Warehouse/Storage' and 'Bulky Goods Showroom' land uses are prohibited.

The proposed amendment is not seeking to modify the zoning of the subject site, rather it is seeking to add 'Warehouse/Storage' and 'Showroom' as additional uses to Table 4 in LPS3. The 'Warehouse/Storage' and 'Showroom' land uses are defined by LPS3 as:

Warehouse/Storage

'means premises including indoor or outdoor facilities used for:

- a) The storage of goods, equipment, plant or materials; or*
- b) The display or sale by wholesale of goods.*

Bulky Goods Showroom

'means premises:

- a) used to sell by retail any of the goods and accessories of the following types that are principally used for domestic purposes:*
 - i. automotive parts and accessories;*
 - ii. camping, outdoor and recreation goods;*
 - iii. electric light fittings;*
 - iv. animal supplies including equestrian and pet goods;*
 - v. floor and window coverings;*
 - vi. furniture, bedding, furnishings, fabrics, manchester and homewares;*
 - vii. household appliances, electrical goods and home entertainment goods;*
 - viii. party supplies;*
 - ix. office equipment and supplies;*
 - x. babies' and children's goods, including play equipment and accessories;*

- xi. sporting, cycling, leisure, fitness goods and accessories;*
- xii. swimming pools;*
- b) used to sell by retail goods and accessories by retail if:*
 - i. a large area is required for the handling, display or storage of the goods;*
or
 - ii. vehicular access is required to the premises for the purpose of collection of purchased goods;*

As the primary controls applicable to subdivision and development at the subject site are deferred to the ACP, the proposed amendment to add additional uses at the subject site is considered to be consistent with the provisions of LPS3.

3.3 Joondalup Activity Centre Plan (ACP)

The subject site is located within the 'City Centre' precinct of the Joondalup ACP which has the below objectives:

- a) Encourage the highest intensity of mixed use development and the greatest concentration of employment intensive land uses.*
- b) Support mixed-use development along Joondalup Drive and Grand Boulevard to form intense inner-city development corridors.*
- c) Establish the Joondalup Drive/Grand Boulevard and Shenton Avenue/Grand Boulevard intersections as the primary gateways into the city centre.*
- d) Improve connectivity from Joondalup Train / Bus Stations to surrounding precincts.*
- e) Establish a local mobility hub at the Collier Pass city square to improve connectivity between Joondalup Train Station and other precincts within the JAC.*
- f) Establish a series of interconnected, functional and unique squares that form part of an integrated pedestrian network.*
- g) Provide car parking in negotiation with Lakeside Shopping Centre as the major trip generator in the City Centre.*
- h) Reinforce Central Walk (north-south) and Boas Avenue (east-west) as the primary pedestrian spines by activating buildings at ground floor uses.*
- i) Encourage the amalgamation of smaller lots into larger parcels to optimise redevelopment potential.*

Many of the objectives for the 'City Centre' are not relevant to development at the subject site as:

- The site doesn't front or abut Joondalup Drive, Grand Boulevard or Shenton Avenue.
- The site is not in proximity to the Collier Pass city square, the Lakeside Shopping Centre or the Central Walk and Boas Avenue.
- Many of the objectives relate to the upgrade of public infrastructure as opposed to specific development outcomes that might eventuate.

Of most relevance is the encouragement of mixed use development and employment intensive land uses. In our view this is most applicable to development on the western side of Joondalup Drive. Despite this, the proposed scheme amendment and development will result, will increase the employment population in the area on a site that has remained vacant since it was created, thereby meeting the objective to encourage employment intensive land uses.

The ACP also includes a range of requirements that development within the City Centre Precinct will be assessed against. The critical development requirements that defined the allowed building envelope have been summarised in the below table. An assessment of the potential development outcome against these, and also the less built form defining development requirements has been provided in section 6 of this report.

Development Requirements	
Building Heights	<u>Minimum:</u> 13.5m* <u>Maximum:</u> 45m
Setbacks	<u>Street:</u> Nil required to 75% of the building frontage <u>Side and Rear:</u> Nil
Parking	<u>Non residential development:</u> 1 bay per 75sqm NLA
*Proposed to be varied as part of the scheme amendment.	

With the exception of the minimum building height requirement, which is proposed to be varied through the conditions associated with the proposed additional uses, a typical 'Warehouse/Storage' and 'Bulky Goods Showroom' development will be able to meet the relevant development requirements applicable under the ACP.

Examples of similar or likely development outcomes that might result has been provided below and it is evident through these developments that an active and attractive streetscape outcome can be achieved through a 'Warehouse/Storage' development outcome as traditionally these development included incidental office components which can assist in activating the streetscape.

Figure 9 – Edward Street, Osborne Park Warehouse Development
[20210204 – Agenda – No 61 – City of Stirling](#)

Figure 10 – Roberts Street, Osborne Park Warehouse Development
[20210824 – Agenda – No.100 – City of Stirling](#)

4.0 PROPOSED AMENDMENT

The proposed scheme amendment seeks approval to amend the City of Joondalup Local Planning Scheme No. 2 by:

1. Amending the scheme map by adding an additional use designation over the subject site, as illustrated in the scheme amendment map in Attachment 2.
2. Amending Table 4 of LPS3 to add an Additional Use 19 designation in accordance with the below.

No	Description of Land	Additional Use	Conditions
19	Lot 55 (No. 15) Delage Street, Joondalup	Warehouse/Storage Bulky Goods Showroom	Development of the Warehouse/Storage land use will not be subject to minimum building height requirements.

The intent of the scheme amendment is to allow development at the site that is consistent with the market demand and existing uses, built form and amenity in the area.

In accordance with Part 5, Division 1, Clause 34 of the Planning and Development (Local Planning Schemes) Regulations 2015, the proposed LPS amendment is considered to be 'standard' as defined under the provisions since the amendment:

- a) Is consistent with the objectives identified in the Scheme for the 'Centre' zone;
- b) Is consistent with the 'Urban' zoning as per the Metropolitan Region Scheme;
- c) Is consistent with the ACP that has been approved for the land to which the amendment relates;
- d) Would have minimal impact on land in the scheme area that is not the subject of the amendment;
- e) Does not result in any significant environmental, social, economic or governance impacts on land in the scheme area; and
- f) Is not considered a complex or basic amendment.

5.0 OTHER CONSIDERATIONS

5.1 Acoustic

As the proposed scheme amendment is not proposing a particular development or land use, we are unable to assess compliance with the *Environmental Protection (Noise) Regulations*. Any noise associated from a development or land use will be assessed as part of a development application that will follow the scheme amendment. However, as the proposed land use is not considered to be a sensitive land use the impact of inbound transport noise will not be a relevant consideration. Further, as no sensitive land uses are located in proximity to the site, the impact of outbound noise is also not considered to be a relevant consideration.

5.2 Traffic

Traffic analysis in the form of a Traffic Impact Statement or Assessment is not required as part of the scheme amendment as:

- There will be no changes to the existing access points.
- There is no land use or development proposed and as such there is no increase in trips that will occur from the site as a result of the scheme amendment.
- Traffic impact will be considered in greater detail as part of a development application.
- The existing road network is accommodating traffic that is also likely to frequent the proposed land use.

5.3 Servicing

The subject site has existing access to water, sewer and power. These services support the existing development at the site which is not proposed to change as a result of the proposed amendment. In this regard the existing provision of services is appropriate to support the proposed scheme amendment.

5.4 Heritage

The subject site is not identified as having any heritage value and as such this is not a relevant planning consideration in the assessment of the proposed amendment.

5.5 Bushfire

The subject site is not identified as being bushfire prone and as such there is no requirement for a Bushfire Management Plan to be provided as part of the proposed Scheme Amendment.

6.0 JUSTIFICATION

The proposed amendment to the City of Joondalup Local Planning Scheme No. 3, as described above, is considered to be entirely appropriate for approval as:

1. Allowing the development of a 'Warehouse/Storage' and/or 'Bulky Goods Showroom' land use at the site will result in business operations that are entirely consistent with surrounding development. Of particular relevance is the portion of the 'City Centre' precinct west of Joondalup Drive as this already consists of smaller warehouse/industrial units, bulky goods showroom businesses and other light industrial or service commercial type businesses (this is highlighted in Figures 4-8 above). Joondalup Drive (and to some extent Collier Pass) presently provides a very clear delineation between the light industrial / service commercial type development and the more retail or mixed use development envisaged by the City Centre precinct in the ACP.

Due to the age and quality of existing built form in the City Centre precinct west of Joondalup Drive, it is evident that the nature and type of businesses occupying these buildings are unlike to change in the short to medium term and in this regard a 'Warehouse/Storage' and/or 'Bulky Goods Showroom' development would remain consistent with the surrounding area for many years.

2. Related to the above – it is possible for the 'Warehouse/Storage' and 'Bulky Goods Showroom' land uses and development to be approved in the 'Joondalup West' precinct which exists on the opposite side of Delage Street. With this in mind, new development, north of Delage Street could be entirely consistent with what is being proposed through this scheme amendment.

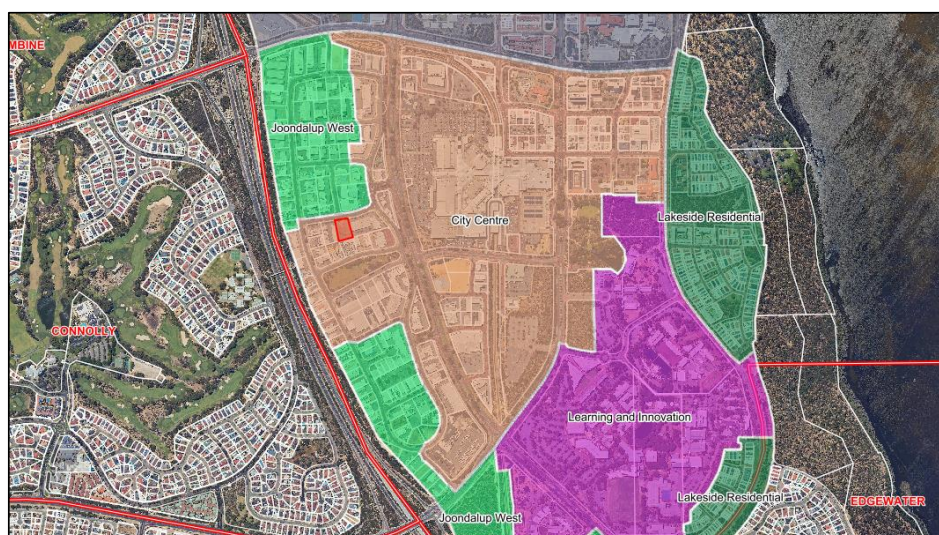

Figure 11 – ACP Precinct Boundaries

3. The site is the only vacant property within the City Centre precinct west of Joondalup Drive. In this regard, enabling approval for a 'Warehouse/Storage' and/or 'Bulky Goods Showroom' land use at the subject site will not establish a precedence or enable a range of development outcomes that could vary or move away from the intent of ACP.
4. Facilitating approval of the 'Warehouse/Storage' and/or 'Bulky Goods Showroom' land uses will not result in a built form outcome at the site that is vastly different to what is envisaged by the ACP. It is acknowledged that the minimum building height required by the ACP will require variation through the conditions associated with the additional use, but the remaining provisions are able to be appropriately addressed as part of a 'Warehouse/Storage' and/or 'Bulky Goods Showroom' development at the subject site. Evidence to this effect is provided in the below table which notes the relevant requirements and how a 'Warehouse/Storage' or 'Bulky Goods Showroom' development might address them.

Requirement	Compliance
Building Height <ul style="list-style-type: none"> • Min 13.5m (being removed as part of the scheme amendment). • Max 45m. 	Any warehouse/storage or bulky goods showroom development at the site is likely to replicate two storey built form as warehouse and showrooms typically require additional clearance and accommodate one or two storeys of office to support the business operations.
End of Trip Facilities	End of trip facilities in accordance with the ratios specified in the ACP can be easily provided within warehouse units or a showroom development.
Service Areas	Loading and service areas are critical to the function of warehouse/storage and showroom developments, however, these can be located to the rear of particular units. Evidence to this effect is noted in the two reference developments in Osborne Park.
Setbacks <ul style="list-style-type: none"> • Street frontage – Nil • Side and rear - Nil 	<ul style="list-style-type: none"> • A nil street frontage and a more active office/showroom uses can be provided fronting the street (as noted in the Osborne Park developments) with parking to the rear. • A nil side and rear setback is typical for warehouse/storage developments.
Semi Active Frontage	As illustrated in the Osborne Park development example – the more active office land uses can be abutting the street which can exhibit a high amount of glazing together with pedestrian awnings over the streetscape.
Adaptable Buildings	The floor heights or clearances are typically larger as part of warehouse/storage and showroom developments suggesting there is a level of adaptability into the future for other uses that can be considered in the City Centre precinct.
Landscaping	As there is a nil setback requirement, landscaping isn't considered to be required.
Parking	The non-residential parking rate of 1 bay per 75sqm is not dissimilar to standard warehouse parking rates which usually

	range from 1 bay per 50sqm to 1 bay per 100sqm. Whilst slightly less than typically required for a showroom development, other uses similar to this have existed in adjoining precincts with the same parking requirements.
--	---

5. The subject site has remained vacant since the lot was created, this is despite a number of sales and leasing campaigns and the property changing hands in recent years (since the adoption of the ACP). Throughout this process it has become very apparent that the market demands for the site are not being facilitated by the planning framework. These observations are reflected in a letter from WA Commercial Real Estate (Attachment 3) who have been the sales and leasing agent for the property since November of 2023, with prior agents having similar issue.

We consider the proposed amendment appropriate for initiation and approval with the land use being consistent with what already exists in the area and a built form outcome likely to comply with the various development requirements applicable to the City Centre precinct in the ACP.

7.0 CONCLUSION

In light of the above, the proposed scheme amendment is considered appropriate and justified given the comprehensive assessment above demonstrating the suitability against the prevailing context of the area.

The proposed additional use will enable development at an underutilised site that remains the only vacant property within the City Centre precinct in the ACP, west of Joondalup Drive. Allowing a 'Warehouse/Storage' and/or 'Bulky Goods Showroom' development at the site will also not compromise or prejudice the intent of the ACP with a development of this nature being:

- Consistent with other built form and land uses in the immediate vicinity.
- Capable of approval under the existing framework on the northern side of Delage Street.
- Capable of compliance with nearly all development requirements applicable under the ACP.

As a result, we are of the view that the proposed amendment to the *City of Joondalup Local Planning Scheme* warrants favourable consideration and subsequent approval by the City and the Western Australian Planning Commission.

E: reegan.cake@dynamicplanning.net.au

WA Commercial Real Estate have formally been advertising the property for sale from November 2023. The property was on the market for lease with another agent from February 2023 advertising a medical/office/education development, but they were unsuccessful at securing these types of tenants.

Most parties that have enquired on the property have all required a warehouse/storage component. It is fair to say the expectation from potential buyers/developers is that warehouse would be allowed in this location as it would be consistent with all the surrounding development.

The parties that are more commercial like office/medical have confirmed their preference is the other side of Joondalup Drive and have not participated in the buying or leasing process.

Should you have any further queries please do not hesitate to contact me.

Your sincerely

A handwritten signature in blue ink, appearing to read 'Daniel Sanzone', written over a light blue horizontal line.

Daniel Sanzone

**PROPOSED SCHEME AMENDMENT NO. 21
SCHEDULE OF SUBMISSIONS FOLLOWING ADVERTISING**

SUBMISSION	ADMINISTRATION COMMENTS
INDIVIDUAL SUBMISSIONS	
Support No comments provided.	Noted.
Support I wish to support the proposal for this particular site to be permitted for the additional uses of 'Warehouse/Storage' and 'Bulky Goods Showroom'. This amendment to the scheme would allow for a successful sale of the land and the construction of buildings to further complement the street and surrounding area.	Noted.
Support I'd like to put forward my comments in support of this planning proposal, to encourage development consistent with existing surrounding land uses and to remove the minimum build height of 13.5m. This change will allow for further development positively impacting upon Delage Street and the wider Winton Loop precinct.	Noted.
Support I wish to participate in the community consultation for this particular development, and agree with the proposed changes.	Noted.
Neutral I am a resident and not interested in this Amendment. My concern is the regulation surrounding this Amendment. Looking at existing other approved uses in this area, suggests to me, the City is creating/imposing a measurable regulatory impact on the Applicant in seeking this Amendment that could be solved, in my humble opinion, more effectively.	The City is required to assess and process the proposed scheme amendment in accordance with the current planning regulations, notably the <i>Planning and Development (Local Planning Schemes) Regulations 2015</i> and <i>Local Planning Scheme No. 3</i> . Consideration of land use permissibility within the Winton Road business park will be considered through future review of the <i>Joondalup Activity Centre Plan</i> .
Neutral No comments provided.	Noted.
SERVICE AGENCY COMMENTS	
ATCO Gas Australia (ATCO) has no objection to the proposed application, based on the information and plan provided.	Noted.
Water Corporation does not have any objections to the proposed amendment to Local Planning Scheme No 3 for the subject lot as the water & wastewater servicing will remain the same.	Noted.
Western Power does not oppose the Proposed Scheme Amendment No. 21 for additional land use Warehouse/Storage and Bulky Goods Showroom at Lot 55 (15) Delage Street, Joondalup.	Noted.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

1. BASIS OF PREPARATION

The financial report of the City of Joondalup which is a Class 1 local government comprises general purpose financial statements which have been prepared in accordance with the Local Government Act 1995 and accompanying regulations.

Local Government Act 1995 requirements

Section 6.4(2) of the *Local Government Act 1995* read with the *Local Government (Financial Management) Regulations 1996* prescribe that the financial report be prepared in accordance with the *Local Government Act 1995* and, to the extent that they are not inconsistent with the Act, the Australian Accounting Standards. The Australian Accounting Standards (as they apply to local governments and not-for-profit entities) and Interpretations of the Australian Accounting Standards Board were applied where no inconsistencies exist.

The *Local Government (Financial Management) Regulations 1996* specify that vested land is a right-of-use asset to be measured at cost, and is considered a zero cost concessionary lease. All right-of-use assets under zero cost concessionary leases are measured at zero cost rather than at fair value, except for vested improvements on concessionary land leases such as roads, buildings or other infrastructure which continue to be reported at fair value, as opposed to the vested land which is measured at zero cost. The measurement of vested improvements at fair value is a departure from AASB 16 which would have required the City to measure any vested improvements at zero cost.

The Local Government (Financial Management) Regulations 1996 provide that:

- land and buildings classified as property, plant and equipment; or
- infrastructure; or
- vested improvements that the local government controls; and measured at reportable value, are only required to be revalued every five years. Revaluing these non-financial assets every five years is a departure from AASB 116 *Property, Plant and Equipment*, which would have required the City to assess at each reporting date whether the carrying amount of the above mentioned non-financial assets materially differs from their fair value and, if so, revalue the class of non-financial assets.

Accounting policies which have been adopted in the preparation of this financial report have been consistently applied unless stated otherwise. Except for cash flow and rate setting information, the financial report has been prepared on the accrual basis and is based on historical costs, modified, where applicable, by the measurement at fair value of selected non-current assets, financial assets and liabilities.

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 31 of the financial report.

Critical accounting estimates and judgements

The preparation of a financial report in conformity with Australian Accounting Standards requires management to make judgements, estimates and assumptions that effect the application of policies and reported amounts of assets and liabilities, income and expenses. Experience and various other factors that are believed to be reasonable under the circumstances; the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

As with all estimates, the use of different assumptions could lead to material changes in the amounts reported in the financial report.

The following are estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year and further information on their nature and impact can be found in the relevant note:

- estimated fair value of certain financial assets - note 4
- impairment of financial assets - note 22
- estimation of fair values of land and buildings, & infrastructure - note 8 and 9
- estimation uncertainties made in relation to lease accounting - note 11

Fair value hierarchy information can be found in note 24

The local government reporting entity

All funds through which the City controls resources to carry on its functions have been included in the financial statements forming part of this financial report.

All monies held in the Trust Fund are excluded from the financial statements. A separate statement of those monies appears at Note 36 of the financial report.

Initial application of accounting standards

During the current year, the following new or revised Australian Accounting Standards and Interpretations were applied for the first time.

- AASB 2020-1 *Amendments to Australian Accounting Standards*
 - *Classification of Liabilities as Current or Non-current*
- AASB 2022-5 *Amendments to Australian Accounting Standards*
 - *Lease Liability in a Sale and Leaseback*
- AASB 2022-6 *Amendments to Australian Accounting Standards*
 - *Non-current Liabilities with Covenants*
- AASB 2023-3 *Amendments to Australian Accounting Standards*
 - *Disclosure of Non-current Liabilities with Covenants: Tier 2*
- AASB 2024-1 *Amendments to Australian Accounting Standards*
 - *Supplier Finance Arrangements: Tier 2 Disclosures*
- AASB 2023-1 *Amendments to Australian Accounting Standards*
 - *Supplier Finance Arrangements*

These amendments did not have any material impact on the financial report on initial application.

- AASB 2022-10 *Amendments to Australian Accounting Standards*
 - *Fair Value Measurement of Non-Financial Assets of Not-for-Profit Public Sector Entities*

This amendment may result in changes to the fair value of certain non-financial assets on revaluation. The impact has not been quantified as it is not considered practicable to determine the amount of the difference in fair value attributable to the change in the standard.

New accounting standards for application in future years

The following new accounting standards will have application to local government in future years:

- AASB 2014-10 *Amendments to Australian Accounting Standards*
 - *Sale or Contribution of Assets between an Investor and its Associate or Joint Venture*
- AASB 2024-4b *Amendments to Australian Accounting Standards*
 - *Effective Date of Amendments to AASB 10 and AASB 128 [deferred AASB 10 and AASB 128 amendments in AASB 2014-10 apply]*
- AASB 2022-9 *Amendments to Australian Accounting Standards*
 - *Insurance Contracts in the Public Sector*
- AASB 2023-5 *Amendments to Australian Accounting Standards*
 - *Lack of Exchangeability*
- AASB 18 (*NFP/super*) *Presentation and Disclosure in Financial Statements*
 - (*Appendix D*) [for not-for-profit and superannuation entities]
- AASB 2024-2 *Amendments to Australian Accounting Standards*
 - *Classification and Measurement of Financial Instruments*
- AASB 2024-3 *Amendments to Australian Accounting Standards*
 - *Annual Improvements Volume 11*

These amendments are not expected to have any material impact on the financial report on initial application.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

2. REVENUE AND EXPENSES

(a) Revenue

Contracts with customers

Recognition of revenue is dependent on the source of revenue and the associated terms and conditions associated with each source of revenue and recognised as follows:

Revenue Category	Nature of goods and services	When obligations typically satisfied	Payment terms	Returns/Refunds/Warranties	Timing of revenue recognition
Grants, subsidies and contributions	Community events, minor facilities, research, design, planning evaluation and services	Over time	Fixed terms transfer of funds based on agreed milestones and reporting	Contract obligation if project not complete	Output method based on project milestones and/or completion date matched to performance obligations
Fees and charges - licences, registrations, approvals	Building, planning, development and animal management.	Single point in time	Full payment prior to issue	None	On payment of the licence, registration or approval
Fees and charges - waste management entry fees	Waste treatment, recycling and disposal service at disposal sites	Single point in time	Payment in advance at gate or on normal trading terms if credit provided	None	On entry to facility
Other revenue - private works	Contracted private works	Single point in time	Monthly in arrears	None	At point of service

Consideration from contracts with customers is included in the transaction price.

Revenue Recognition

Rate revenue was recognised from the rate record as soon as practicable after the City resolved to impose rates in the financial year as well as when the rate record was amended to ensure the information in the record was current and correct.

Revenue recognised during the year under each basis of recognition by nature of goods or services is provided in the table below:

For the year ended 30 June 2025

Nature	Contracts with customers	Capital grant/contributions	Statutory Requirements	Other	Total
	\$	\$	\$	\$	\$
Rates	0	0	112,490,996	0	112,490,996

		47,050,561	50,180,587

MATERIAL ACCOUNTING POLICIES

Cash and cash equivalents

Cash and cash equivalents include cash on hand, cash at bank, deposits available on demand with banks and other short term highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

Bank overdrafts are reported as short term borrowings in current liabilities in the statement of financial position.

Term deposits are presented as cash equivalents if they have a maturity of three months or less from the date of acquisition and are repayable with 24 hours notice with no loss of interest.

Restricted financial assets

Restricted financial asset balances are not available for general use by the local government due to externally imposed restrictions. Restrictions are specified in an agreement, contract or legislation. This applies to reserve accounts, unspent grants, subsidies and contributions and unspent loans that have not been fully expended in the manner specified by the contributor, legislation or loan agreement and for which no liability has been recognised.

4. OTHER FINANCIAL ASSETS

		<u>2025</u>	<u>2024</u>

Movement attributable to fair value increment		(4,440)	2,102
Units in Local Government House Trust - closing balance		99,524	103,964

MATERIAL ACCOUNTING POLICIES

Other financial assets at amortised cost

The City classifies financial assets at amortised cost if both of the following criteria are met:

- the asset is held within a business model whose objective is to collect the contractual cashflows, and
- the contractual terms give rise to cash flows that are solely payments of principal and interest.

Fair values of financial assets at amortised cost are not materially different to their carrying amounts, since the interest receivable on those assets is either close to current market rates or the assets are of a short term nature. Non-current financial assets at amortised cost fair values are based on discounted cash flows using a current market rates. They are classified as level 2 fair values in the fair value hierarchy (see Note 24) due to the observable market rates).

Interest received is presented under cashflows from operating activities in the Statement of Cash Flows where it is earned from financial assets that are held for cash management purposes.

Financial assets at fair value through profit or loss

The City has elected to classify the following financial assets at fair value through profit or loss:

- debt investments which do not qualify for measurement at either amortised cost or fair value through other comprehensive income.
- equity investments which the City has elected to recognise as fair value gains and losses through profit or loss.

Impairment and risk

Information regarding impairment and exposure to risk can be found at Note 22.

	30 June 2025	30 June 2024
Note	Actual	Actual
	\$	\$
Trade and other receivables from contracts with customers	484,197	790,156
Allowance for credit losses of trade receivables	<u>(25,940)</u>	<u>(16,483)</u>
Total trade and other receivables from contracts with customers	458,257	773,673

MATERIAL ACCOUNTING POLICIES

Rates and statutory receivables

Rates and statutory receivables are non-contractual receivables arising from statutory requirements and include amounts due from ratepayers for unpaid rates and service charges and other statutory charges or fines.

Rates and statutory receivables are recognised when the taxable event has occurred and can be measured reliably.

Trade receivables

Trade receivables are amounts receivable from contractual arrangements with customers for goods sold, services performed or grants or contributions with sufficiently specific performance obligations as part of the ordinary course of business.

Other receivables

Other receivables are amounts receivable from contractual arrangements with third parties other than contracts with customers including grants for the construction of recognisable non financial assets.

Measurement

Trade and other receivables are recognised initially at the amount of the transaction price, unless they contain a significant financing component, and are to be recognised at fair value.

Classification and subsequent measurement

Receivables which are generally due for settlement within 30 days except rates receivables which are expected to be collected within 12 months are classified as current assets. All other receivables such as, deferred pensioner rates receivable after the end of the reporting period are classified as non-current assets.

Trade and other receivables are held with the objective to collect the contractual cashflows and therefore the City measures them subsequently at amortised cost using the effective interest rate method.

Due to the short term nature of current receivables, their carrying amount is considered to be the same as their fair value. Non-current receivables are indexed to inflation, any difference between the face value and fair value is considered immaterial.

Impairment and risk exposure

Information about the impairment of trade receivables and their exposure to credit risk and interest rate risk can be found in Note 22.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

6. INVENTORIES

Note	2025	2024
	\$	\$
Current		
Inventories	169,923	163,736
Land held for resale	90,442	90,442
Assets held for transfer (Note 1)	2	2
Catalina Regional Council - Land held for sale (Note 2)	1,005,188	626,069
	<u>1,265,555</u>	<u>880,249</u>
Non-current		
Catalina Regional Council - Land held for sale (Note 2)	1,047,416	1,095,804
	<u>1,047,416</u>	<u>1,095,804</u>

The following movements in inventories occurred during the year:

Balance at beginning of year	1,976,053	3,460,014
Inventories expensed during the year	(7,913,278)	(6,524,533)
Additions to inventory	8,250,197	5,040,572
Balance at end of year	<u>2,312,972</u>	<u>1,976,053</u>

Note 1- Assets held for transfer comprises: Two lots of land to be transferred to Development WA for the Ocean Reef Marina development. The two lots were originally recognised and presented at a combined cost of \$554,785. They are now held at their net realisable value, following revaluation in 2019-20.

Note 2- This Land relates to Catalina Regional Council (CRC) which was established in January 2006 (formerly the Tamala Park Regional Council) for the purpose of the development of the Tamala Park land jointly owned by seven local governments including the City of Joondalup.

MATERIAL ACCOUNTING POLICIES

General

Inventories are measured at the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

Land held for resale

Land held for development and resale is valued at the lower of cost and net realisable value. Cost includes the cost of acquisition, development, borrowing costs and holding costs until completion of development.

Land held for resale (Continued)

Borrowing costs and holding charges incurred after development is completed are expensed.

Gains and losses are recognised in profit or loss at the time of signing an unconditional contract of sale if significant risks and rewards, and effective control over the land, are passed onto the buyer at this point.

Land held for resale is classified as current except where it is held as non-current based on the council's intentions to release for sale.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

8. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

(b) Carrying Value Measurements

Asset Class	Fair Value Hierarchy	Valuation Technique	Basis of Valuation	Date of Last Valuation	Inputs Used
(i) Fair Value					
Land and buildings					
Land	2	Market approach using recent observable market data for similar properties	Independent registered valuer/ Management valuation	June 2025	Price per hectare, with reference to current zoning of land. Market values were used unless there were some restrictions or other factors associated with the land.
Buildings - specialised	3	Cost approach using depreciated replacement cost	Independent registered valuer/ Management valuation	June 2025	Construction Costs based on recent contract prices and current condition, residual values and remaining useful life assessments
Artworks					
Artworks	2	Valuer inspection and appraisal	Independent registered valuer	June 2023	Market based evidence

Level 3 inputs are based on assumptions with regards to future values and patterns of consumption utilising current information. If the basis of these assumptions were varied, they have the potential to result in a significantly higher or lower fair value measurement.

During the period there were no changes in the valuation techniques used by the local government to determine the fair value of property, plant and equipment using either level 2 or level 3 inputs. The valuation techniques applied to property subject to lease was the same as that applied to property not subject to lease.

10. FIXED ASSETS

(a) Depreciation

Depreciation rates

Typical estimated useful lives for the different asset classes for the current and prior years are included in the table below:

Asset Class	Useful life
Buildings	10 to 100 years
Furniture and equipment	3 to 10 years
Plant and equipment	3 to 13 years
Library assets	8 to 12 years
Artworks	Nil
Infrastructure Assets:	
Roads/Traffic Management	30 to 100 years
Footpaths	10 to 100 years
Drainage	75 to 100 years
Car Parks	30 to 100 years
Bridges and Underpasses	70 to 100 years
Lighting	25 to 40 years
Other Infrastructure assets	10 to 70 years
Parks and Reserves:	
Fencing	15 to 30 years
Furniture and Amenities	10 to 50 years
Hard Landscaping	10 to 50 years
Irrigation	20 to 50 years
Marine	20 years
Park and POS Signage	15 to 20 years
Play space	20 years
POS Structure	20 to 100 years
Soft Landscaping	10 to 40 years
Sporting Infrastructure	10 to 50 years
Waste	10 years

(b) Fully Depreciated Assets in Use

CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

10. FIXED ASSETS (CONTINUED)

MATERIAL ACCOUNTING POLICIES

Initial recognition

An item of property, plant and equipment or infrastructure that qualifies for recognition as an asset is measured at its cost.

Upon initial recognition, cost is determined as the amount paid (or other consideration given) to acquire the assets, plus costs incidental to the acquisition. The cost of non-current assets constructed by the City includes the cost of all materials used in construction, direct labour on the project and an appropriate proportion of variable and fixed overheads. For assets acquired at zero cost or otherwise significantly less than fair value, cost is determined as fair value at the date of acquisition.

Assets for which the fair value as at the date of acquisition is under \$5,000 are not recognised as an asset in accordance with *Local Government (Financial Management) Regulation 17A(5)*. These assets are expensed immediately.

Where multiple individual low value assets are purchased together as part of a larger asset or collectively forming a larger asset exceeding the threshold, the individual assets are recognised as one asset and capitalised.

Individual assets that are land, buildings and infrastructure acquired between scheduled revaluation dates of the asset class in accordance with the City's revaluation policy, are recognised at cost and disclosed as being at reportable value.

Measurement after recognition

Plant and equipment including furniture and equipment and right-of-use assets (other than vested improvements) are measured using the cost model as required under *Local Government (Financial Management) Regulation 17A(2)*. Assets held under the cost model are carried at cost less accumulated depreciation and any impairment losses.

Reportable Value

In accordance with *Local Government (Financial Management) Regulation 17A(2)*, the carrying amount of non-financial assets that are land and buildings classified as property, plant and equipment, investment properties, infrastructure or vested improvements that the local government controls.

Reportable value is for the purpose of *Local Government (Financial Management) Regulation 17A(4)* is the fair value of the asset at its last valuation date minus (to the extent applicable) the accumulated depreciation and any accumulated impairment losses in respect of the non-financial asset subsequent to its last valuation date.

Revaluation

Land and buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls and measured at reportable value, are only required to be revalued every five years in accordance with the regulatory framework. This includes buildings and infrastructure items which were pre-existing improvements (i.e. vested improvements) on land vested in the City.

Whilst the regulatory framework only requires a revaluation to occur every five years, it also provides for the City to revalue earlier if it chooses to do so.

For land, buildings and infrastructure, increases in the carrying amount arising on revaluation of asset classes are credited to a revaluation surplus in equity.

Decreases that offset previous increases of the same class of asset are recognised against revaluation surplus directly in equity. All other decreases are recognised in profit or loss.

Subsequent increases are then recognised in profit or loss to the extent they reverse a net revaluation decrease previously recognised in profit or loss for the same class of asset.

Depreciation

The depreciable amount of all property, plant and equipment and infrastructure, are depreciated on a straight-line basis over the individual asset's useful life from the time the asset is held ready for use. Leasehold improvements are depreciated over the shorter of either the unexpired period of the lease or the estimated useful life of the improvements.

The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

Depreciation on revaluation

When an item of property, plant and equipment and infrastructure is revalued, any accumulated depreciation at the date of the revaluation is treated in one of the following ways:

- (i) The gross carrying amount is adjusted in a manner that is consistent with the revaluation of the carrying amount of the asset.
- (ii) Eliminated against the gross carrying amount of the asset and the net amount restated to the revalued amount of the asset.

Impairment

In accordance with *Local Government (Financial Management) Regulations 17A(4C)*, the City is not required to comply with *AASB 136 Impairment of Assets* to determine the recoverable amount of its non-financial assets that are land or buildings classified as property, plant and equipment, infrastructure or vested improvements that the local government controls in circumstances where there has been an impairment indication of a general decrease in asset values.

In other circumstances where it has been assessed that one or more of these non-financial assets are impaired, the asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains or losses on disposal

Gains and losses on disposals are determined by comparing proceeds with the carrying amount. These gains and losses are included in the statement of comprehensive income in the period in which they arise.

	29(b)	6,540,517		6,930,751

Secured liabilities and assets pledged as security

Lease liabilities are effectively secured, as the rights to the leased assets recognised in the financial statements revert to the lessor in the event of default.

MATERIAL ACCOUNTING POLICIES

Leases

At inception of a contract, the City assesses if the contract contains or is a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

At the commencement date, a right-of-use asset is recognised at cost and lease liability at the present value of the lease payments that are not paid at that date. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the City uses its incremental borrowing rate.

All contracts that are classified as short-term leases (i.e. a lease with a term of 12 months or less) and leases of low value assets are recognised as an operating expense on a straight-line basis over the term of the lease.

Details of individual lease liabilities required by regulations are provided at Note 29(b).

Right-of-use assets - measurement

Right-of-use assets are measured at cost. All right-of-use assets (other than vested improvements) under zero cost concessionary leases are measured at zero cost (i.e. not recognised in the Statement of Financial Position). The exception is vested improvements on concessionary land leases such as roads, buildings or other infrastructure which are reported at fair value.

Refer to Note 10 under revaluation for details on the significant accounting policies applying to vested improvements.

Right-of-use assets - depreciation

Right-of-use assets are depreciated over the lease term or useful life of the underlying asset, whichever is the shorter. Where a lease transfers ownership of the underlying asset, or the cost of the right-of-use asset reflects that the City anticipates to exercise a purchase option, the specific asset is depreciated over the useful life of the underlying asset.

NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

11. LEASES (Continued)

(c) Lessor - Property, Plant and Equipment Subject to Lease

	2025 Actual \$	2024 Actual \$
The table below represents a maturity analysis of the undiscounted lease payments to be received after the reporting date.		
Less than 1 year	957,501	875,578
1 to 2 years	888,302	891,151
2 to 3 years	880,038	907,524
3 to 4 years	890,331	924,682
4 to 5 years	723,325	942,664
> 5 years	<u>3,490,522</u>	<u>5,171,335</u>
	7,830,019	9,712,934

Amounts recognised in profit or loss for Property, Plant and Equipment Subject to Lease

Rental income	898,253	847,907
---------------	---------	---------

The City leases part of facilities and land to incorporated associations, community groups, government departments and other organisations with rental payable monthly, quarterly or annually. These leases are classified as operating leases as they do not transfer substantially all of the risks and rewards incidental to the ownership of the assets.

Lease payments include CPI increases, percentage increases or market rates. At the end of the current leases, the City typically enters into new operating leases and therefore does not expect any impact from any reduction in residual value at the end of these leases. Expectations about the future residual values are reflected in the fair value of the properties.

MATERIAL ACCOUNTING POLICIES

The City as Lessor

Upon entering into each contract as a lessor, the City assesses if the lease is a finance or operating lease.

The contract is classified as a finance lease when the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases not within this definition are classified as operating leases. Rental income received from operating leases is recognised on a straight-line basis over the term of the specific lease.

Initial direct costs incurred in entering into an operating lease (eg legal cost, cost to setup) are included in the carrying amount of the leased asset and recognised as an expense on a straight-line basis over the lease term.

When a contract is determined to include lease and non-lease components, the City applies AASB 15 to allocate the consideration under the contract to each component.

Rates received in advance	3,763,296	3,574,573
Bonds and deposits held	2,335,617	2,272,731
	19,979,639	14,991,991

MATERIAL ACCOUNTING POLICIES

Financial liabilities

Financial liabilities are initially recognised at fair value when the City becomes a party to the contractual provisions of the instrument.

Non-derivative financial liabilities (excluding financial guarantees) are subsequently measured at amortised cost.

Financial liabilities are derecognised where the related obligations are discharged, cancelled or expired. The difference between the carrying amount of the financial liability extinguished or transferred to another party and any consideration paid, including the transfer of non-cash assets or liabilities assumed, is recognised in profit or loss.

Trade and other payables

Trade and other payables represent liabilities for goods and services provided to the City prior to the end of the financial year that are unpaid and arise when the City becomes obliged to make future payments in respect of the purchase of these goods and services. The amounts are unsecured, are recognised as a current liability and are usually paid within 30 days of recognition. The carrying amounts of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

Prepaid rates

Prepaid rates are, until the taxable event has occurred (start of the next financial year), refundable at the request of the ratepayer. Rates received in advance are initially recognised as a financial liability. When the taxable event occurs, the financial liability is extinguished and the City recognises income for the prepaid rates that have not been refunded.

Less than 1 year	5,902,065	9,357,540
	<u>5,902,065</u>	<u>9,357,540</u>

Performance obligations in relation to capital grant/contribution liabilities are satisfied as project milestones are met or completion of construction or acquisition of the asset.

MATERIAL ACCOUNTING POLICIES

Contract liabilities

Contract liabilities represent the City's obligation to transfer goods or services to a customer for which the City has received consideration from the customer.

Contract liabilities represent obligations which are not yet satisfied. Contract liabilities are recognised as revenue when the performance obligations in the contract are satisfied.

Grant/contribution liabilities

Grant/contribution liabilities represent the City's obligations to construct recognisable non-financial assets to identified specifications to be controlled by the City which are yet to be satisfied. Grant/contribution liabilities are recognised as income when the obligations in the contract are satisfied.

Fair values for non-current capital grant/contribution liabilities, not expected to be extinguished within 12 months, are based on discounted cash flows of expected cashflows to satisfy the obligations using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 24) due to the unobservable inputs, including own credit risk.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

14. BORROWINGS

Total secured borrowings	29(a)	0	0	0	962,667	0	962,667

Secured liabilities and assets pledged as security

Loans are secured by a floating charge over the assets of the City of Joondalup.

The City of Joondalup has complied with the financial covenants of its borrowing facilities during the 2025 and 2024 years

MATERIAL ACCOUNTING POLICIES

Borrowing costs

The City has elected to recognise borrowing costs as an expense when incurred regardless of how the borrowings are applied.

Fair values of borrowings are not materially different to their carrying amounts, since the interest payable on those borrowings is either close to current market rates or the borrowings are of a short term nature.

Borrowings fair values are based on discounted cash flows using a current borrowing rate. They are classified as level 3 fair values in the fair value hierarchy (see Note 24) due to the unobservable inputs, including own credit risk.

Risk

Information regarding exposure to risk can be found at Note 22.

Details of individual borrowings required by regulations are provided at Note 29(a).

15. EMPLOYEE RELATED PROVISIONS

Employee Related Provisions

	2025	2024
	\$	\$
Current provisions		
Employee benefit provisions		
Annual leave	5,742,601	5,246,336
Long service leave	7,038,598	6,825,427
Purchased leave	138,052	112,004
Sick Leave	833,598	934,882
Workers Compensation	3,979,586	3,593,078
Other Employee Provisions	6,735,501	4,990,903
	<u>24,467,936</u>	<u>21,702,630</u>
Total current employee related provisions	24,467,936	21,702,630
Non-current provisions		
Employee benefit provisions		
Long service leave	1,802,861	1,593,462
	<u>1,802,861</u>	<u>1,593,462</u>
Total non-current employee related provisions	1,802,861	1,593,462
Total employee related provisions	<u>26,270,797</u>	<u>23,296,092</u>

Provision is made for benefits accruing to employees in respect of wages and salaries, annual leave and long service leave and associated on costs for services rendered up to the reporting date and recorded as an expense during the period the services are delivered. Other Employee Provisions includes estimated value of increases to wages as per the recently concluded arbitration process for the enterprise bargaining agreement negotiations.

Annual leave liabilities are classified as current, as there is no unconditional right to defer settlement for at least 12 months after the end of the reporting period. Assessments indicate that actual settlement of the liabilities is expected to occur as follows:

	Note	2025	2024
		\$	\$
Amounts are expected to be settled on the following basis:			
Less than 12 months after the reporting date		24,467,936	21,702,630
More than 12 months from reporting date		<u>1,802,861</u>	<u>1,593,462</u>
		26,270,797	23,296,092

Expected reimbursements of employee related provisions from other WA local governments included within other receivables	5	334,133	320,539
--	---	---------	---------

MATERIAL ACCOUNTING POLICIES

Employee benefits

The City's obligations for employees' annual leave, long service leave, other employee leave entitlements and increases to wages from employment bargaining agreement negotiations are recognised as employee related provisions in the Statement of Financial Position.

Short-term employee benefits

Provision is made for the City's obligations for short-term employee benefits. Short-term employee benefits are benefits (other than termination benefits) that are expected to be settled wholly before 12 months after the end of the annual reporting period in which the employees render the related service, including wages, salaries and sick leave. Short-term employee benefits are measured at the (undiscounted) amounts expected to be paid when the obligation is settled.

The City's obligations for short-term employee benefits such as wages, salaries and sick leave are recognised as a part of current trade and other payables in the statement of financial position.

Other long-term employee benefits

Long-term employee benefits provisions are measured at the present value of the expected future payments to be made to employees. Expected future payments incorporate anticipated future wage and salary levels, durations of service and employee departures and are discounted at rates determined by reference to market yields at the end of the reporting period on government bonds that have maturity dates that approximate the terms of the obligations. Any remeasurements for changes in assumptions of obligations for other long-term employee benefits are recognised in profit or loss in the periods in which the changes occur.

The City's obligations for long-term employee benefits are presented as non-current provisions in its statement of financial position, except where the City does not have an unconditional right to defer settlement for at least 12 months after the end of the reporting period, in which case the obligations are presented as current provisions.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

18. CONTINGENT LIABILITIES

(a) Contaminated site – Mindarie Regional Council Landfill site

MRC operates the Tamala Park Waste Management Facility (the Site), which provides waste disposal services for the seven local government members. The Site has operated as a licensed landfill since 1991. In July 2007, the Site was initially classified as “possibly contaminated – investigation required” by the Department of Environment and Conservation (DEC).

In 2023-24, the previous MRC contaminated site approved auditor (Senversa) recommended that MRC should continue to provide the auditor with updated information as it becomes available (i.e. at least a 6 monthly update following sampling and annual reporting, plus immediate notification if things change). Communication received on 3 May 2024 stated, “as there has been no change in the risk profile and nothing to indicate that restrictions should change, a Mandatory Auditors Report (MAR) should be submitted in 2025 following 2 years of monitoring”.

On 28 November 2024, the Department of Water and Environmental Regulation (DWER) issued an environmental protection notice (EPN) to the MRC stating that “there is, or is likely to be an emission or emissions from the Premises and that the emissions have caused or are likely to cause pollution”.

i. The EPN consisted of 11 odour emission and groundwater emission requirements. At 30 June 2025, 7 of the requirements had been completed by the MRC, i.e. requirements 1, 2, 3, 4, 7, 8, and 10.

ii. Requirement 5 was completed on 1 July 2025.

iii. Requirement 6 requires the MRC to implement recommended improvements including landfill gas collection and management infrastructure to prevent odour impacts outside the premises, in accordance with a direction from DWER. After submitting the required report, MRC are waiting for a reply on this requirement from DWER.

iv. Requirement 9 is an option for DWER to require further action to be taken to manage odour emissions on the Site, and to date no further actions have been required.

v. Requirement 11 provides that DWER may vary the requirements of the EPN, including the specified requirements and timeframes. No requests were made to vary any of the EPN requirements for the period 28 November 2024 to 30 June 2025, no further action to be taken by MRC.

The 2025 MAR Report was completed by the contaminated site approved auditor, Australian Environmental Auditors Pty Ltd (the auditor). A summary of findings for the Source and Affected site, which were submitted to DWER on 9 April 2025, are listed below:

The MAR auditor has determined, based on the analysis contained in the assessed reports, that:

Source Site - Part of Lot 9020 on Plan 408820:

i. Suitable for ongoing use as a Class II landfill, subject to implementation of a site management plan to prevent exposure to landfill gas, soil and groundwater contamination.

ii. The land use is restricted to the current commercial/industrial use and configuration and shall not be developed for any other purposes without further contamination assessment or remediation.

iii. Groundwater should not be abstracted for drinking purposes without appropriate treatment and testing to confirm its suitability.

iv. Ongoing assessment of landfill gas and groundwater should be conducted as part of an ongoing site management plan to inform long term trends and to inform the need or otherwise for mitigation measures.

v. No change in classification – “Contaminated-Remediation Required”.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

18 CONTINGENT LIABILITIES (CONTINUED)

Affected Site - Previously known as portion of Lot 9043 - Subject Area N1 on Deposited Plan 424903:

- i. Site remains suitable for its current use as a development "buffer zone" and shall not be developed for any other purposes without further contamination assessment or remediation.
- ii. May not be suitable for more sensitive uses without further investigation and remediation.
- iii. Groundwater should not be abstracted for drinking purposes without appropriate treatment and testing to confirm its suitability.
- iv. No change in classification – "Contaminated-Restricted use".

The MAR and reports were received by DWER on 9 April 2025 from the auditor. On 24 April 2025, DWER confirmed to the auditor that "The site's classification of contaminated – remediation required under the Contaminated Sites Act 2003 (the CS Act) will be retained at this time. The classification of contaminated – restricted use for the affected site adjacent to the north, known as Subject Area N1, will also be retained at this time".

At 30 June 2025 the MRC has an ongoing obligation to remediate the Site for which there is a rehabilitation provision in place ; any future liability as a result of the Site's contaminated status cannot be reliably measured at this time.

(b) Contaminated sites- other

Under the contaminated sites Act 2003, the City is required to report known and suspected contaminated sites to the Department of Water and Environmental Regulation (DWER). In accordance with the Contaminated Sites Act 2003, DWER classifies these sites on the basis of the risk to human health, the environment and environmental values. Where sites are classified as contaminated - remediation required or possibly contaminated investigation required, the City may have a liability in respect of investigation or remediation expense.

During FY 2021–22, the City reported two suspected contaminated sites to DWER. These have been classified as "Possibly Contaminated Investigation is Required". For the first site, an Ongoing Site Management Plan (OSMP) was completed in January 2025, with ongoing inspections, ACM removal, and remediation activities underway. For the second site, a draft Interim Site Management Plan (ISMP) identified low, manageable asbestos risk, with visible ACM removed and the site deemed suitable for continued public open space use.

(b) Key Management Personnel (KMP) Compensation

The total of compensation paid to KMP of the City during the year are as follows:

	2025	2024
Note	Actual	Actual
	\$	\$
Short-term employee benefits	1,339,775	1,384,977
Post-employment benefits	171,671	166,591
Employee - other long-term benefits	199,265	170,886
Council member costs	706,788	685,587
	2,417,499	2,408,042

Short-term employee benefits

These amounts include all salary and fringe benefits awarded to KMP except for details in respect to fees and benefits paid to council members which may be separately found in the table above.

Post-employment benefits

These amounts are the current-year's cost of the City's superannuation contributions made during the year.

Other long-term benefits

These amounts represent annual leave and long service leave entitlements accruing during the year.

Council member costs

These amounts represent payments of member fees, expenses, allowances and reimbursements during the year.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

20. RELATED PARTY TRANSACTIONS (CONTINUED)

(c) Transactions with related parties

Transactions between related parties and the City are on normal commercial terms and conditions, no more favourable than those available to other parties, unless otherwise stated.

No outstanding balances or provisions for doubtful debts or guarantees exist in relation to related parties at year end.

In addition to KMP compensation above the following transactions occurred with related parties:	2025 Actual	2024 Actual
	<u>\$</u>	<u>\$</u>
Mindarie Regional Council		
Sale of goods and services	184,747	206,883
Purchase of goods and services	7,624,169	6,170,630
Trade and other payables	125,756	233,378
Catalina Regional Council		
Distributions received	11,666,667	5,000,000
Reimbursements received	1,111,061	812,240
Payments made for settling GST liabilities	623,982	174,848
Trade and other receivables	246,535	119,256
Trade and other payables	150,091	234,902

Related Parties

The City's main related parties are as follows:

i. Key management personnel

Any person(s) having authority and responsibility for planning, directing and controlling the activities of the entity, directly or indirectly, including any council member, are considered key management personnel and are detailed in Notes 20(a) and 20(b)

ii. Other Related Parties

An associate person of KMP employed by the City under normal employment terms and conditions.

Any entity that is controlled by or over which KMP, or close family members of KMP, have authority and responsibility for planning, directing and controlling the activity of the entity, directly or indirectly, are considered related parties in relation to the City.

There were no other related party transactions involving key management personnel and/or their close family members and/or their controlled (or jointly controlled) entities.

iii. Entities subject to significant influence by the City

An entity that has the power to participate in the financial and operating policy decisions of an entity, but does not have control over those policies, is an entity which holds significant influence. Significant influence may be gained by share ownership, statute or agreement.

The City has significant influence over Mindarie Regional Council and Catalina Regional Council; as the City is party to agreements establishing the Regional Councils and is correspondingly represented on the Councils of these entities.

FOR THE YEAR ENDED 30 JUNE 2025

21. INVESTMENT IN ASSOCIATES

(a) Carrying amount of investment in associates

Set out in the table below are the associates of the City. All associates are measured using the equity method. Western Australia is the principal place of business for all associates.

Name of entity	% of ownership interest		2025	2024
	2025	2024	Actual	Actual
			\$	\$
Equity in Mindarie Regional Council	16.67%	16.67%	21,810,959	23,446,438
Equity in Catalina Regional Council	16.67%	16.67%	5,122,369	10,286,618
Total equity-accounted investments			26,933,328	33,733,056
Share of associates profit/(loss) from continuing operations				
Mindarie Regional Council			(1,845,253)	1,112,761
Catalina Regional Council			(1,290,195)	341,461
			(3,135,448)	1,454,222

(b) Mindarie Regional Council

In accordance with Regulation 14 of the Local Government (Financial Management) Regulations 1996, expenditure in the annual financial statements must be presented by nature classification.

The City has determined it has significant influence over the Regional Council despite holding less than 20 percent of the voting rights as the City has representation on Council and participates in policy-making decisions including the decisions regarding contributions and distributions

The tables below reflect the summarised financial information of the material investments in associates based on the audited results of the Mindarie Regional Council. This does not reflect the City's share of those amounts. They have been amended to reflect adjustments made by the City when using the equity method, including fair value adjustments and modifications for differences in accounting policy.

21. INVESTMENT IN ASSOCIATES (CONTINUED)

(c) Catalina Regional Council

Tamala Park Regional Council (TPRC) subsequently changed to Catalina Regional Council (CRC) on 1st August 2023 was established in January 2006 for the purpose of the development of the Tamala Park land jointly owned by seven local governments, including the City of Joondalup, which has 1/6 equity in the land.

The West Australian Planning Commission (WAPC) requested that a portion of this land be retained as "Bush Forever", which the commission was prepared to acquire and pay for. The "Bush Forever" land was disposed of by the joint owners to the WAPC in November 2006.

The City has determined it has significant influence over the Regional Council despite holding less than 20 percent of the voting rights as the City has representation on Council and participates in policy-making decisions including the decisions regarding contributions and distributions

The current fair value of the equity is estimated at \$5,122,369. As per the audited financial statements of Catalina Regional Council for the year ended 30 June 2025, the City's share of Net result of operations was a loss of \$1,290,195. The City has recognised this loss in the Statement of Comprehensive Income in accordance with the equity method of accounting.

The tables below reflect the summarised financial information of the material investments in associates based on the audited results of the Catalina Regional Council. This does not reflect the City's share of those amounts. They have been amended to reflect adjustments made by the City when using the equity method, including fair value adjustments and modifications for differences in accounting policy.

(d) Contingent liabilities related to investments in associates

Refer to Note 18(a) for contingent liabilities relating to Mindarie Regional Council.

MATERIAL ACCOUNTING POLICIES

Investments in associates

An associate is an entity over which the City has significant influence, that is it has the power to participate in the financial and operating policy decisions of the investee but not control or joint control of those policies.

Investments in associates are accounted for using the equity method. The equity method of accounting, is whereby the investment is initially recognised at cost and adjusted thereafter for the post-acquisition change in the City's share of net assets of the associate. In addition, the City's share of the profit or loss of the associate is included in the City's profit or loss.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. FINANCIAL RISK MANAGEMENT

This note explains the City's exposure to financial risks and how these risks could affect the City's future financial performance.

Risk	Exposure arising from	Measurement	Management
Market risk - interest rates	Long term borrowings at variable rates	Sensitivity analysis	Utilise fixed interest rate borrowings
Credit risk	Cash and cash equivalents, trade receivables, financial assets and debt investments	Aging analysis Credit analysis	Diversification of bank deposits, credit limits. Investment policy
Liquidity risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of committed credit lines and borrowing facilities

The City does not engage in transactions expressed in foreign currencies and is therefore not subject to foreign currency risk.

Financial risk management is carried out by the finance department under policies approved by the council. The finance department identifies, evaluates and manages financial risks in close co-operation with the operating divisions. Council have approved the overall risk management policy and provide policies on specific areas such as investment policy.

(a) Interest rate risk

Cash and cash equivalents

The City's main interest rate risk arises from cash and cash equivalents with variable interest rates, which exposes the City to cash flow interest rate risk. Short term overdraft facilities also have variable interest rates however these are repaid within 12 months, reducing the risk level to minimal.

Excess cash and cash equivalents are invested in fixed interest rate term deposits which do not expose the City to cash flow interest rate risk. Cash and cash equivalents required for working capital are held in variable interest rate accounts and non-interest bearing accounts. Carrying amounts of cash and cash equivalents at the 30 June and the weighted average interest rate across all cash and cash equivalents, term deposits, and Treasury bonds held disclosed as financial assets at amortised cost are reflected in the table below.

	Weighted Average Interest Rate	Carrying Amounts	Fixed Interest Rate	Variable Interest Rate	Non Interest Bearing
	%	\$	\$	\$	\$
2025					
Cash and cash equivalents	4.20%	47,050,561	0	47,040,276	10,285
Financial assets at amortised cost - term deposits	4.88%	125,170,000	125,170,000	0	0
2024					
Cash and cash equivalents	4.70%	50,180,587	0	50,171,802	8,785
Financial assets at amortised cost - term deposits	5.27%	116,590,000	116,590,000	0	0

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22 FINANCIAL RISK MANAGEMENT (CONTINUED)

Sensitivity

Profit or loss is sensitive to higher/lower interest income from cash and cash equivalents as a result of changes in interest rates.

	2025	2024
	\$	\$
Impact of a 1% movement in interest rates on profit or loss and equity*	470,403	501,718

* Holding all other variables constant

Borrowings

Borrowings are subject to interest rate risk - the risk that movements in interest rates could adversely affect funding costs. The City manages this risk by borrowing long term and fixing the interest rate to the situation considered the most advantageous at the time of negotiation. The City does not consider there to be any interest rate risk in relation to borrowings. Details of interest rates applicable to each borrowing may be found at Note 29(a).

(b) Credit risk

Trade and Other Receivables

The City's major trade and other receivables comprise contractual non-statutory user fees and charges, grants, contributions and reimbursements. The major risk associated with these receivables is credit risk – the risk that the debts may not be repaid. The City manages this risk by monitoring outstanding debt and employing debt recovery policies.

The level of outstanding receivables is reported to council monthly and benchmarks are set and monitored for acceptable collection performance.

The City applies the AASB 9 simplified approach to measuring expected credit losses using a lifetime expected loss allowance for all trade and other receivables. To measure the expected credit losses, receivables from grants, contributions and reimbursements are separated from other trade receivables due to the difference in payment terms and security.

The expected loss rates are based on the payment profiles of trade and other receivables over a period of 36 months before 1 July 2024 or 1 July 2025 respectively and the corresponding historical losses experienced within this period. Historical credit loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors such as the ability of users to settle the receivables.

The loss allowance as at 30 June 2025 and 30 June 2024 for rates receivable was determined as follows:

	Current	More than 1 year past due	More than 2 years past due	More than 3 years past due	Total
	\$	\$	\$	\$	\$
30 June 2025					
Rates receivable					
Gross carrying amount	0	3,452,681	0	0	3,452,681
30 June 2024					
Rates receivable					
Gross carrying amount	0	3,639,835	0	0	3,639,835

The loss allowance as at 30 June 2025 and 30 June 2024 was determined as follows for trade receivables.

	Current	More than 30 days past due	More than 60 days past due	More than 90 days past due	Total
	\$	\$	\$	\$	\$
30 June 2025					
Trade and other receivables					
Gross carrying amount	1,199,562	11,411	1,026	23,440	1,235,438
Loss allowance	0	1,475	1,026	23,440	25,940
30 June 2024					
Trade and other receivables					
Gross carrying amount	1,484,528	5,290	465	13,983	1,504,267
Loss allowance	0	2,035	465	13,983	16,483

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. FINANCIAL RISK MANAGEMENT (CONTINUED)

(b) Credit risk

The loss allowances for Trade and other receivables as at 30 June reconcile to the opening loss allowances as follows:

	Trade receivables		Other receivables		Contract Assets	
	2025	2024	2025	2024	2025	2024
	Actual	Actual	Actual	Actual	Actual	Actual
Opening loss allowance as at 1 July	\$ 16,483	\$ 24,257	\$ 0	\$ 0	\$ 0	\$ 0
Receivables written off during the year as uncollectible	14,882	13,983	0	0	0	0
Unused amount reversed	(5,425)	(21,757)	0	0	0	0
Closing loss allowance at 30 June	25,940	16,483	0	0	0	0

Trade and other receivables are written off where there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the City, and a failure to make contractual payments for a period of greater than 120 days past due.

Impairment losses on rates and statutory receivables, trade and other receivables are presented as net impairment losses within other expenditure. Subsequent recoveries of amounts previously written off are credited against the same line item.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

22. FINANCIAL RISK MANAGEMENT (CONTINUED)

(c) Liquidity risk

Payables and borrowings

Payables and borrowings are both subject to liquidity risk – that is the risk that insufficient funds may be on hand to meet payment obligations as and when they fall due. The City manages this risk by monitoring its cash flow requirements and liquidity levels and maintaining an adequate cash buffer. Payment terms can be extended and overdraft facilities drawn upon if required and disclosed in Note 17(c).

The contractual undiscounted cash flows of the City's payables and borrowings are set out in the liquidity table below. Balances due within 12 months equal their carrying balances, as the impact of discounting is not significant.

	Due within 1 year	Due between 1 & 5 years	Due after 5 years	Total contractual cash flows	Carrying values
	\$	\$	\$	\$	\$
<u>2025</u>					
Trade and other payables	19,979,639	0	0	19,979,639	19,979,639
Lease liabilities	808,895	3,029,892	3,805,521	7,644,308	6,540,517
	<u>20,788,534</u>	<u>3,029,892</u>	<u>3,805,521</u>	<u>27,623,947</u>	<u>26,520,156</u>
<u>2024</u>					
Trade and other payables	14,991,991	0	0	14,991,991	14,991,991
Lease liabilities	778,396	3,034,791	4,409,002	8,222,189	6,930,751
Borrowings	962,667	0	0	962,667	962,667
	<u>16,733,054</u>	<u>3,034,791</u>	<u>4,409,002</u>	<u>24,176,847</u>	<u>22,885,409</u>

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

23. EVENTS OCCURRING AFTER THE END OF THE REPORTING PERIOD

Adjusting Event - Arbitration Decision

The City of Joondalup commenced the process to review and replace its current Inside Enterprise Agreement 2018 with a new Agreement and issued a letter to the Australian Services Union Western Australia (WASU) on Wednesday 26 May 2023 informing them of the intention to commence bargaining for the Inside Agreement. Several meetings took place between both the parties, however, agreement could not be reached on all the conditions. On 22 May 2025, the City and WASU lodged a joint application with Western Australian Industrial Relations Commission (WAIRC) seeking arbitration on the outstanding matters.

A decision was made by the Senior Commissioner on 1 September 2025 awarding higher pay rates to inside staff under the enterprise agreement compared to what was paid administratively by the City while the negotiations were underway. As per the arbitration decision, back payment to employees was required to be made from 1 July 2022, the liability for which existed as at 30 June 2025.

The City had already made back payment provisions for \$4.99 million as at 30 June 2024 and as this decision provides evidence of the amount payable to employees at the reporting date, an additional provision of \$1.75 million was made to recognise a total provision of \$6.74 million as at 30 June 2025.

CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025

24. OTHER MATERIAL ACCOUNTING POLICIES

a) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office (ATO).

Receivables and payables are stated inclusive of GST receivable or payable. The net amount of GST recoverable from, or payable to, the ATO is included with receivables or payables in the statement of financial position.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to, the ATO are presented as operating cash flows.

b) Current and non-current classification

The asset or liability is classified as current if it is expected to be settled within the next 12 months, being the City's operational cycle. In the case of liabilities where the City does not have the unconditional right to defer settlement beyond 12 months, such as vested long service leave, the liability is classified as current even if not expected to be settled within the next 12 months. Inventories held for trading are classified as current or non-current based on the City's intentions to release for sale.

c) Rounding off figures

All figures shown in this annual financial report, other than a rate in the dollar, are rounded to the nearest dollar. Consequently, totals and subtotals may not add precisely due to rounding. Amounts are presented in Australian Dollars.

d) Comparative figures

Where required, comparative figures have been adjusted to conform with changes in presentation for the current financial year. When the City applies an accounting policy retrospectively, makes a retrospective restatement or reclassifies items in its financial statements that has a material effect on the statement of financial position, an additional (third) Statement of Financial Position as at the beginning of the preceding period in addition to the minimum comparative financial report is presented.

e) Budget comparative figures

Unless otherwise stated, the budget comparative figures shown in this annual financial report relate to the original budget estimate for the relevant item of disclosure.

f) Superannuation

The City contributes to a number of Superannuation Funds on behalf of employees. All funds to which the City contributes are defined contribution plans.

g) Fair value of assets and liabilities

Fair value is the price that the City would receive to sell the asset or would have to pay to transfer a liability, in an orderly (i.e. unforced) transaction between independent, knowledgeable and willing market participants at the measurement date.

As fair value is a market-based measure, the closest equivalent observable market pricing information is used to determine fair value. Adjustments to market values may be made having regard to the characteristics of the specific asset or liability. The fair values of assets that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data.

To the extent possible, market information is extracted from either the principal market for the asset or liability (i.e. the market with the greatest volume and level of activity for the asset or liability) or, in the absence of such a market, the most advantageous market available to the entity at the end of the reporting period (i.e. the market that maximises the receipts from the sale of the asset after taking into account transaction costs and transport costs).

For non-financial assets, the fair value measurement also takes into account a market participant's ability to use the asset in its highest and best use or to sell it to another market participant that would use the asset in its highest and best use.

h) Interest revenue

Interest revenue is calculated by applying the effective interest rate to the gross carrying amount of a financial asset measured at amortised cost except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

i) Fair value hierarchy

AASB 13 requires the disclosure of fair value information by level of the fair value hierarchy, which categorises fair value measurement into one of three possible levels based on the lowest level that an input that is significant to the measurement can be categorised into as follows:

Level 1

Measurements based on quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.

Level 2

Measurements based on inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly or indirectly.

Level 3

Measurements based on unobservable inputs for the asset or liability.

The fair values of assets and liabilities that are not traded in an active market are determined using one or more valuation techniques. These valuation techniques maximise, to the extent possible, the use of observable market data. If all significant inputs required to measure fair value are observable, the asset or liability is included in Level 2. If one or more significant inputs are not based on observable market data, the asset or liability is included in Level 3.

Valuation techniques

The City selects a valuation technique that is appropriate in the circumstances and for which sufficient data is available to measure fair value. The availability of sufficient and relevant data primarily depends on the specific characteristics of the asset or liability being measured. The valuation techniques selected by the City are consistent with one or more of the following valuation approaches:

Market approach

Valuation techniques that use prices and other relevant information generated by market transactions for identical or similar assets or liabilities.

Income approach

Valuation techniques that convert estimated future cash flows or income and expenses into a single discounted present value.

Cost approach

Valuation techniques that reflect the current replacement cost of the service capacity of an asset.

Each valuation technique requires inputs that reflect the assumptions that buyers and sellers would use when pricing the asset or liability, including assumptions about risks. When selecting a valuation technique, the City gives priority to those techniques that maximise the use of observable inputs and minimise the use of unobservable inputs. Inputs that are developed using market data (such as publicly available information on actual transactions) and reflect the assumptions that buyers and sellers would generally use when pricing the asset or liability are considered observable, whereas inputs for which market data is not available and therefore are developed using the best information available about such assumptions are considered unobservable.

j) Impairment of assets

In accordance with Australian Accounting Standards the City's assets, other than inventories, are assessed at each reporting date to determine whether there is any indication they may be impaired.

Where such an indication exists, an impairment test is carried out on the asset by comparing the recoverable amount of the asset, being the higher of the asset's fair value less costs to sell and value in use, to the asset's carrying amount.

Any excess of the asset's carrying amount over its recoverable amount is recognised immediately in profit or loss, unless the asset is carried at a revalued amount in accordance with another Standard (e.g. AASB 116) whereby any impairment loss of a revalued asset is treated as a revaluation decrease in accordance with that other Standard.

25. FUNCTION AND ACTIVITY

(a) Service objectives and descriptions

City operations as disclosed in this financial report encompass the following service orientated functions and activities.

Objective	Description
<p>Governance To provide a decision making process for the efficient allocation of limited resources.</p>	<p>Governance relates to elected members costs and other costs that relate to the task of assisting elected members and ratepayers on matters which do not concern specific City Services.</p>
<p>General purpose funding To collect revenue to allow for the provision of services.</p>	<p>Rates income and expenditure, Grants Commission and pensioner deferred rates interest.</p>
<p>Law, order, public safety To provide services to help ensure a safer and environmentally conscious community.</p>	<p>Supervision and enforcement of various local laws relating to fire prevention including the animal control and other aspects of public safety.</p>
<p>Health To provide an operational framework for environmental and community health.</p>	<p>Prevention and treatment of human illnesses, including inspection of premises/food control, immunisation and child health services.</p>
<p>Education and welfare To provide services to disadvantaged persons, family, the elderly, children and youth.</p>	<p>Provision, management and support services for families, children and the aged and disabled within the community, including pre-school playgroups, day and after school care, assistance to schools and senior citizens support groups. Provision of aged persons units and resident funded units.</p>
<p>Housing Provision of housing and leased accommodation</p>	<p>Provision of housing and leased accommodation where the City acts as landlord.</p>
<p>Community amenities To provide services required by the community.</p>	<p>Town planning and development, rubbish collection services, stormwater drainage, the provision of public conveniences, bus shelters, roadside furniture and litter control.</p>
<p>Recreation and culture To establish and effectively manage infrastructure and resources to help the social wellbeing of the community.</p>	<p>Provision of facilities and support for organisations concerned with leisure time activities and sport, support for the performing and creative arts. This includes maintenance of halls, aquatic centres, recreation and community centres, parks, gardens, sports grounds and the operation of libraries.</p>
<p>Transport To provide safe, effective and efficient transport services to the community.</p>	<p>Construction, maintenance and cleaning of streets, roads, bridges, drainage works, footpaths, parking facilities, traffic signs and the City works operation centre, including development, plant purchase and maintenance.</p>
<p>Economic services To help promote the City and its economic well being.</p>	<p>Rural services, pest control and the implementation of building controls.</p>
<p>Other property and services To monitor and control Council's overheads and operating accounts.</p>	<p>Public works overheads, plant/vehicle operations, sundry and other outlays that cannot be assigned to one of the preceding programs</p>

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

26 RESTATEMENT OF COMPARATIVES

(a) Correction of software as a service cost incorrectly accounted for in the previous year

During the 2023-2024 financial year, the City incurred cost in implementing new Enterprise Resource Planning (ERP) System. It was expected that the implementation cost incurred would generate a long term assets and hence the cost incurred was initially capitalised under 'Property, Plant and Equipment' as work in progress.

Upon reassessment of this project during the 2024-2025 financial year, it was determined that the ERP project would not generate any identifiable asset that the City has control over, in accordance with recognition criteria under AASB 116 - Property, Plant and Equipment and AASB 138 - Intangible Assets. Consequently, the expenditure incurred of \$3,692,074 in FY 2023-2024 has now been reclassified as operating expenditure.

This correction has been treated as a prior period error under AASB 108 - Accounting Policies, Changes in Accounting Estimates and Errors and has been retrospectively adjusted in the financial statements. The comparative figures for the year ended 30 June 2024 have been restated accordingly. This error has been rectified at 30 June 2024 by decreasing WIP in Property plant and Equipment by \$3,692,074 and increasing operating expenditure in materials and contracts by \$3,692,074.

(b) Reclassification of Other Expenditure

In accordance with Regulation 14 of the Local Government (Financial Management) Regulations 1996, expenditure in the annual financial statements must be presented by nature classification.

Until 30 June 2024, certain expenditures—including statutory fees, taxes, provisions for bad debts, members' fees or levies (including the FESA levy), and donations and subsidies to community groups—were reported under the classification "Materials and Contracts."

During the 2024–2025 financial year, the City reviewed its classification practices and determined that these expenditures are more appropriately classified under "Other Expenditure" as defined in Schedule 1 of the Regulations.

Accordingly, comparative figures for the year ended 30 June 2024 have been restated to reflect this reclassification. In FY 2023-24 the balance of \$ 970,071 has been reclassified from Material and Contracts and reported under Other Expenditure. This change does not affect the net result but improves the accuracy and consistency of financial reporting.

There was no impact on 1 July 2023 balances.

All reserves are supported by cash and cash equivalents and financial assets at amortised cost and are restricted within equity as Reserve accounts.

In accordance with council resolutions or adopted budget in relation to each reserve account, the purpose for which the reserves are set aside and their anticipated date of use are as follows:

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

30 RESERVE ACCOUNTS (Continued)

Name of reserve account	Anticipated date of use	Related to govt/policy/law/ agreement	Purpose of the reserve account
(a) Non-current long service leave	Ongoing	Y	Created in 2012/13 to facilitate the funding of the non-current portion of long service leave liabilities to City employees.
(b) Capital works Carried Forward Reserve	Ongoing	N	Created in 2006-07 to hold unspent capital works funds carried forward to subsequent financial year(s). The transfer to accumulated surplus is to fund capital works previously carried forward.
(c) Cash in lieu of Parking Reserve	Ongoing	Y	Created in 1993/94 with funds previously held in Trust Fund. Represents funds received from developers in lieu of providing car parking. Funds transferred from the reserve will be utilised to fund future car parking requirements. Funds transferred to the reserve includes interest.
(d) Joondalup Performing Arts and Cultural Facility Reserve	Ongoing	N	Created in 2000-01 to assist with the design and development of a regional performing arts facility in the Joondalup City Centre. The reserve was renamed in 2005-06 and again in 2009-10 to more appropriately reflect its intent. The transfer from Reserve was mainly to fund the Jinan Garden, at Lot 1001, Teakle Court. The transfer from accumulated surplus represents interest.
(e) Parking Facility Reserve	Ongoing	N	Created in 2008-09 to hold the operating surpluses arising from the paid parking in the Joondalup City Centre to be applied in the development and provision of facilities and services, both parking and non parking, in the Joondalup City Centre. The transfer from accumulated surplus represents parking operating surplus and interest. Transfer to accumulated surplus is to fund repayments on the \$8,500,000 loan taken in 2014-15 to construct the Reid Promenade Car Park.
(f) Percy Doyle Infrastructure Reserve	Ongoing	N	Created in 2020-21 . for the purposes of providing new infrastructure and improving existing infrastructure at Percy Doyle Reserve. Transfer from accumulated surplus represents initial funding to establish the reserve and interest.
(g) Public Art Reserve	Ongoing	N	Created in 2012-13 for the purpose of providing for the commissioning and purchase of public art works. Transfer from accumulated surplus represents funding for this purpose
(h) Specified area rating - Harbour Rise reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Harbour Rise specified area. Transfer from accumulated surplus represents interest. Transfers from the reserve are to fund works undertaken in the Harbour Rise specified area.
(i) Specified area rating - Iluka reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Iluka specified area. Transfer from accumulated surplus represents unspent funds levied during the year and interest.
(j) Specified area rating - Woodvale Waters reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Woodvale specified area. Transfers from the reserve are to fund works undertaken in the Woodvale area. Transfers from accumulated surplus represents interest.
(k) Specified area rating - Burns Beach reserve	Ongoing	Y	The reserve was created to hold unspent funds levied for the purpose of undertaking enhanced landscaping services in the Burns Beach specified area. Transfer from accumulated surplus represents unspent funds levied during the year and interest.
(l) Strategic Asset Reserve	Ongoing	N	The reserve was created in 2010-11 from the merger of the old Strategic Asset Management and Asset Replacement Reserves, and is intended to fund the acquisition and development of new and renewal of existing City infrastructure and building assets. The transfer from accumulated surplus represents interest. Transfer from reserve was for the funding of various capital works projects including Joondalup City Centre lighting.
(m) Catalina Land Sales Reserve	Ongoing	N	This reserve was created in 2013-14 to receive the City of Joondalup's share of the dividends from the proceeds of the sales of Tamala Park land to be held and subsequently applied for the purpose of investing in income producing facilities, to build significant one-off community facilities and to assist with the cash flow requirements of developing significant infrastructure assets aligned to the 10 Year Strategic Financial Plan. The transfer from accumulated surplus represents interest.
(n) Asset Renewal Reserve	Ongoing	N	Created in 2008-09 by consolidating the Heavy Vehicle, Light Vehicle and Plant Replacement reserves with the purpose of supporting the funding of vehicle, plant and equipment purchases. The transfer from accumulated surplus represents interest. Renamed to its current name in 2019-20.
(o) Waste Management Reserve	Ongoing	N	Renamed in 2009-10 and its purpose updated. The reserve is to fund and support waste management services including but not limited to refuse collection, waste management initiatives and programs, infrastructure and buildings and legal expenses associated with waste management but excluding vehicles, plant and equipment. Transfer from accumulated surplus represents the waste management services operating surplus and interest.
(p) Ocean Reef Sea Sports Club	Ongoing	N	The reserve will be used for the City's share of the building costs of the new Ocean Reef Sea Sports Club building, to be constructed by Development WA at the redeveloped Ocean Reef Marina. The funds transferred into the reserve will comprise the City portion of the project and interest that will accrue over time. At the completion of the project the reserve will be closed.

**CITY OF JOONDALUP
NOTES TO AND FORMING PART OF THE FINANCIAL REPORT
FOR THE YEAR ENDED 30 JUNE 2025**

30 RESERVE ACCOUNTS (Continued)

(q)	Sorrento Surf Life Saving Club Redevelopment Reserve	Ongoing	N	The reserve will be used for the redevelopment of Sorrento Surf Life Saving Club. The funds transferred into the reserve will comprise the City portion of the costs, grant funds, Club contribution and interest that will accrue over time. At the completion of the project the reserve will be closed.
(r)	Burns Beach - Cafe/Kiosk/Restaurant Reserve	Ongoing	N	The reserve will be used for the construction of a new public Café / Kiosk / Restaurant at Burns Beach. The funds transferred into the reserve will comprise the City portion of the project and interest that will accrue over time. At the completion of the project the reserve will be closed.
(s)	Burns Beach Coastal Node Redevelopment Reserve	Ongoing	N	The reserve will be used for the redevelopment of public facilities at Burns Beach to complement the new Café / Kiosk / Restaurant, including car parking, landscaping and playground. The funds transferred into the reserve will comprise the City portion of costs and interest accrued over time. At the completion of the project the reserve will be closed.
(t)	City Centre Place Activation Reserve	Ongoing	N	The reserve will be used for the construction of new facilities/infrastructure in the City Centre in accordance with the City's adopted Place Activation Strategy. The funds transferred into the reserve will comprise of the City portion of the project and interest that will accrue over time. At the completion of the project the reserve will be closed.

	102,432	7,070	50	109,452

Auditor General

INDEPENDENT AUDITOR'S REPORT 2025 City of Joondalup

To the Council of the City of Joondalup

Opinion

I have audited the financial report of the City of Joondalup (City) which comprises:

- the statement of financial position as at 30 June 2025, the statement of comprehensive income, statement of changes in equity, statement of cash flows and statement of financial activity for the year then ended
- notes comprising a summary of material accounting policies and other explanatory information.

In my opinion, the financial report:

- is based on proper accounts and records
- presents fairly, in all material respects, the results of the operations of the City for the year ended 30 June 2025 and its financial position at the end of that period
- is in accordance with the *Local Government Act 1995* (the Act) and, to the extent that they are not inconsistent with the Act, Australian Accounting Standards.

Basis for opinion

I conducted my audit in accordance with Australian Auditing Standards. My responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial report section below.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Emphasis of matter

I draw attention to Note 26 of the financial report which states that the amounts reported in the previously issued 30 June 2024 financial report have been restated and disclosed as comparatives in these financial statements. My opinion is not modified in respect of this matter.

Other information

The Chief Executive Officer (CEO) is responsible for the preparation and the Council for overseeing the other information. The other information is the information in the entity's annual report for the year ended 30 June 2025, but not the financial report and my auditor's report.

My opinion on the financial report does not cover the other information and accordingly, I do not express any form of assurance conclusion thereon.

In connection with my audit of the financial report, my responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial report or my knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work I have performed, I conclude that there is a material misstatement of this other information, I am required to report that fact. I did not receive the other information prior to the date of this auditor's report. When I do receive it, I will read it and if I conclude that there is a material misstatement in this information, I am required to communicate the matter to the CEO and Council and request them to correct the misstated information. If the misstated information is not corrected, I may need to retract this auditor's report and re-issue an amended report.

Responsibilities of the Chief Executive Officer and Council for the financial report

The Chief Executive Officer (CEO) of the City is responsible for:

- keeping proper accounts and records
- preparation and fair presentation of the financial report in accordance with the requirements of the Act, the Regulations and Australian Accounting Standards
- managing internal control as required by the CEO to ensure the financial report is free from material misstatement, whether due to fraud or error.

In preparing the financial report, the CEO is responsible for:

- assessing the City's ability to continue as a going concern
- disclosing, as applicable, matters related to going concern
- using the going concern basis of accounting unless the State Government has made decisions affecting the continued existence of the City.

The Council is responsible for overseeing the City's financial reporting process.

Auditor's responsibilities for the audit of the financial report

As required by the *Auditor General Act 2006*, my responsibility is to express an opinion on the financial report. The objectives of my audit are to obtain reasonable assurance about whether the financial report as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with Australian Auditing Standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial report. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

A further description of my responsibilities for the audit of the financial report is located on the Auditing and Assurance Standards Board website. This description forms part of my auditor's report and can be found at https://www.auasb.gov.au/auditors_responsibilities/ar4.pdf.

My independence and quality management relating to the report on the financial report

I have complied with the independence requirements of the *Auditor General Act 2006* and the relevant ethical requirements relating to assurance engagements. In accordance with ASQM 1 *Quality Management for Firms that Perform Audits or Reviews of Financial Reports and Other Financial Information, or Other Assurance or Related Services Engagements*, the Office of the Auditor General maintains a comprehensive system of quality management including documented policies and procedures regarding compliance with ethical requirements, professional standards and applicable legal and regulatory requirements.

Matters relating to the electronic publication of the audited financial report

This auditor's report relates to the financial report of the City of Joondalup for the year ended 30 June 2025 included in the annual report on the City's website. The City's management is responsible for the integrity of the City's website. This audit does not provide assurance on the integrity of the City's website. The auditor's report refers only to the financial report. It does not provide an opinion on any other information which may have been hyperlinked to/from the annual report. If users of the financial report are concerned with the inherent risks arising from publication on a website, they are advised to contact the City to confirm the information contained in the website version.

Sandra Labuschagne
Deputy Auditor General
Delegate of the Auditor General for Western Australia
Perth, Western Australia
17 November 2025

ATTACHMENT

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

Index of findings	Potential impact on audit opinion	Rating			Prior year finding
		Significant	Moderate	Minor	
1. Journal entry processing controls	No			✓	
2. Processing delays for disposed assets	No		✓		
3. Delay in capitalisation of completed projects	No		✓		✓

Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit opinion, it should be addressed promptly.

Moderate - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being taken.

The ratings included are preliminary ratings and could be modified pending other findings being identified, rated and the consideration of them collectively on the ratings and any potential impact on the audit opinion.

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

1. Journal entry processing control

Finding

Our assessment of the journal entry processes, which included user access review, identified that the current TechOne system configuration does not restrict the posting of journal entries to Finance Team members only. Additionally, the current configuration does not prevent a user with the relevant access level from initiating and approving the same journal entry resulting in a lack of system enforced segregation of duties.

Rating: Minor

Implication

Deficiencies in the configuration of access controls over the processing of journal entries increases the risk of unauthorised transactions being posted to the general ledger. The lack of system enforced segregation of duties could result in unauthorised journal adjustments going unidentified due to no secondary review and approval being required. This may lead to misstatements in the financial report.

Recommendation

Management should restrict journal posting access to finance staff only, enforce segregation of duties in TechOne, and perform data analytics to identify any exceptions.

Management Comment

The finding and the risk associated with journal processing and posting in TechOne is acknowledged. The user access in TechOne is role based i.e number of users with the same role assigned to them in the system will have similar access. Normally controls are designed based on system functionality as well as limitations. The City has been using this system for over 20 years and has strong controls in place which is demonstrated in the fact that all journal entries for 2024-25 financial year were approved by only nominated positions within Financial Services.

The City is currently in the process of transitioning to a new ERP system and will ensure that these controls are strengthened in the new system. The City does not intend to make any further investment in TechOne which will be phased out in near future. The City will explore the possibility of generating journal entries exception report to have greater oversight of the existing process.

It should be noted that the completion date is only relevant for establishing journal entry exception report from TechOne. The City does not propose any changes to the existing process in TechOne.

Responsible Person: Hitesh Attawala, Manager Financial Services

Completion Date: 31 January 2026

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

2. Processing delays for disposed assets

Finding

Our testing of a sample of 15 asset disposals totalling \$9,190 which were recognised during the period July 2025 to September 2025, identified 9 instances totalling \$3,073 (33%) where the disposals related to assets which were not held by City at 30 June 2025.

These disposals have therefore been processed in the incorrect period. A total of \$3.02 million of assets were disposed during the July 2025 to September 2025 period, indicating that there is potentially a greater amount of disposed assets which may have been recorded in the incorrect period.

Rating: Moderate

Implication

Delays in recognising asset disposals could potentially lead to material cut-off errors with asset balances reported in the City's financial statements.

Recommendation

Management should ensure asset disposals are regularly reviewed and recorded in the correct period. In situations where asset inspections or other processes are only finalised after year-end leading to disposals or adjustments that need to be recorded in the previous reporting period, appropriate accounting adjustments should be made to reflect this in the correct period.

Management Comment:

The City has reviewed the list of disposals provided by OAG and note that the items of disposals were directly linked to the capitalisation process. At the time of capitalisation of assets at a component level, the written down value (WDV) associated with the replaced asset is processed as disposal.

Capitalisation and disposals do not occur automatically when construction is complete but only once all elements including asset component values – which require appropriate information from the contractor in a timely manner – are ready, as the City does not capitalise these as a single asset but as multiple components to facilitate appropriate depreciation at the component level.

In May 2025 the City re-filled two full-time positions with the primary task to undertake asset inventory updating of the infrastructure asset classes including addressing the backlog of updating where all project documentation is provided, as required for capitalisation and depreciation to be accurately processed as well as the resultant disposal of assets.

The City will continue to address backlog of capitalisation which will address issue relating to disposal of replaced asset. The City considers its existing process of gathering all the relevant information including confirmation from contractors for practical completion of projects and identification of assets into various components as critical to capitalise asset at appropriate component level and to calculate correct depreciation. As per this process, there will always be some lag in capitalisation process which in turn have minor impact on disposal of assets.

Responsible Person: Ryan Fertis, Manager Asset Management

Completion Date: 30 June 2026

ATTACHMENT

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE FINAL AUDIT

3. Delays in capitalisation of completed projects

Finding

Our testing of the infrastructure work-in-progress at 30 June 2025 identified 20 construction projects costing \$1.53 million (2024: 126 projects costing \$10.2 million) which had been completed prior to 30 June 2025 but remained as work in progress in the financial statements at 30 June 2025.

While we acknowledge that there has been significant improvement when compared to the previous year due to the implementation of monthly meetings between the Asset Management Team and the Finance Team, the delay in capitalisation of the completed projects in the current year resulted in an:

- understatement of depreciation for 2024-25 by approximately \$28,009;
- understatement of buildings and overstatement of work-in-progress by \$0.11 million; and
- understatement of infrastructure assets and overstatement of work-in-progress by \$1.42 million.

This finding was first raised in 2023 and has not yet been resolved.

Rating: Moderate (2024: Moderate)

Implication

Delays in the capitalisation of completed projects could potentially result in the material misstatement of assets and depreciation reported in the City's financial statements.

Recommendation

Management should regularly review the status of ongoing capital work projects and ensure that the assets are capitalised in a timely manner. Depreciation on completed projects should commence as soon as the assets are available for use in accordance with AASB 116 Property, Plant & Equipment.

Management Comment:

The City regularly assesses the progress of capitalised projects through SQL reports based on the Project Tracking system weekly updates, although it is acknowledged that this process requires clearer documentation. The City has filled positions, twice since the original finding, with the primary task to undertake asset inventory updating as shown by the backlog clearly being addressed.

As previously advised, capitalisation does not occur automatically when construction is complete but only once all elements including asset component values – which require appropriate information from the contractor in a timely manner – are ready, as the City does not capitalise these as a single asset but as multiple components to facilitate appropriate depreciation at the component level.

Capitalisation of assets at appropriate component level is also a key requirement of AASB 116 and the City considers its existing process appropriate which may result in some lag in capitalisation of assets.

While we acknowledge that material misstatements are not acceptable in the financial statements, we also note that the understatement in the finding is immaterial when compared

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

Index of findings	Potential impact on audit opinion	Rating			Prior year finding
		Significant	Moderate	Minor	
1. Database management – Finance and HR applications			✓		
2. Deputy application management			✓		
3. Management of technical vulnerabilities			✓		
4. Classification of information			✓		✓
5. Review of policies and frameworks for information systems				✓	✓

This management letter contains all findings identified during the information systems audit. Based on the audit team's assessment of risk, we have removed specific details that, if made public, could risk the security of the city's information systems. We have provided additional detail to the city in a confidential letter.

Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit report, it should be addressed promptly.

Moderate - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being taken.

ATTACHMENT

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

1. Database management – Finance and HR applications

Finding

We performed a high-level database security check on the finance (TechnologyOne) and HR (Aurion) application databases and found:

- The highly privileged default account's password has not been changed for an extended period.
- Database password requirements are inadequate and do not comply with its *User Account and Password Protocol*.
- Database logging and auditing is not in place to record and monitor system and data changes. As a result, any changes made directly in the database are not captured.
- Data encryption is not used to protect sensitive ratepayer, financial details and staff information such as date of birth and address.
- The databases have not been hardened effectively.

The City informed us it is in the process of replacing the financial application.

Rating: Moderate

Implication

Without appropriate database controls, there is an increased risk that the confidentiality, integrity and availability of sensitive information may be compromised.

Recommendation

The City should:

- enforce adequate password policy requirements on all database accounts as required by its *User Account and Password Protocol*
- enable audit trails at the database level and improve monitoring controls
- encrypt sensitive and personally identifiable information
- improve database hardening.

Management comment

Database and associated system in this finding are part of the legacy finance (TechnologyOne) platform. Due to its outdated architecture and limited functionality, the recommended enhancements cannot be implemented on this system. It is currently in the process of being replaced and should be retired within the next 12 to 18 months.

HR Application database account is similar to service account and regular password changes is not recommended. However, the City will be exploring options to monitor changes governed by database accounts.

Responsible Person: Manager IT

Completion Date: June 2027

ATTACHMENT

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

2. Deputy application management

Finding

City uses 'Deputy', a cloud application to manage rostering and time tracking for over 350 casual staff. This application does not use City's central authentication and stores personal information such as date of birth, salary, phone number and address. We found:

- Not all staff are required to use multi-factor authentication (MFA).
- The City does not review access rights periodically. As a result, we identified seven accounts belonging to terminated staff including one with approver rights.

We acknowledge that none of the terminated staff had logged in after termination and the accounts were disabled after we informed the City.

Rating: Moderate

Implication

Without MFA, there is an increased risk of unauthorised access to the City's employee information.

Lack of access rights reviews increases the risk of inappropriate or unauthorised access that could result in a loss of confidentiality, integrity and availability of the City's information.

Recommendation

The City should:

- enforce MFA for all users
- regularly review all user accounts to ensure only valid accounts have access to the application. Any accounts that are identified as no longer required, should be appropriately removed or disabled.

Management comment

Agreed. MFA enablement has already commenced. Communications have been sent to all current Deputy users instructing them to enable MFA by 14 November 2025. Users who have not completed the setup by this date will have a 'shift note' added to their supervisor, who will assist them with MFA setup during their next shift. Communication sent to Deputy Users are attached separately.

MFA enforcement will commence December 2025 and will be continuing process. A status report will be generated and reviewed in January 2026.

HR has integrated Deputy into the offboarding process.

HR and CLC will conduct quarterly reviews of all active CLC employees and Deputy user accounts. Accounts will be terminated if deputy user account is still active for terminated employees.

Responsible Person: Manager IT

Completion Date: January 2026

ATTACHMENT

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

3. Management of technical vulnerabilities

Finding

The City's vulnerability scanning process is not fully effective, as the current software configuration does not ensure that all vulnerabilities are identified and reported. We assessed the latest scan reports for servers, workstation and network devices provided by the City and identified that 99% of these were unauthenticated.

We acknowledge that the city is aware of the issue and remediation work is in progress.

Rating: Moderate

Implication

Without an effective process for identifying, assessing and addressing relevant known vulnerabilities within a timely manner there is an increased risk that IT systems are not adequately protected against potential threats. These vulnerabilities could be exploited which may result in unauthorised access to IT systems and information.

Recommendation

The City should correctly configure its vulnerability scanning software to ensure weaknesses are identified and addressed in a timely manner.

Management comment

During a review of vulnerability scanning in June 2025, we noted the authentication failures and determined this was due to the scans not being configured correctly. It was noted that authentication failure was not indicative of the scan failing as a whole. The City has identified issues and remediation work is in progress.

Responsible Person: Manager IT

Completion Date: November 2025

ATTACHMENT

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

4. Classification of information

Finding

We found the City does not have an information classification scheme in place. There is no approved process to classify information in terms of legal requirements, value, criticality and sensitivity to the City. Classifying information helps to ensure that it receives an appropriate level of protection in accordance with its importance. We were informed that the City is currently reviewing the prospects of developing Information Classification policy.

We note the City is currently in the process of drafting a data classification policy.

This finding was first identified in 2020.

Rating: Moderate (2024: Moderate)

Implication

Without an information classification scheme in place, there is an increased risk that information will not be appropriately secured and handled. This may result in unauthorised access or disclosure of the City's information.

Additionally, there is a risk that inappropriate levels of security will be applied to protect information that does not require it. This may result in wasted resources and increased costs.

Recommendation

The City should identify and assess the sensitivity and value of its information assets. Based on this assessment the information assets should be classified and protected through appropriate controls.

To support an information classification scheme, the City should continue to develop formal policies, procedures, and guidelines. In addition, relevant staff should receive appropriate training and guidance on how to correctly classify and handle information.

Management comment

Agreed. The City is progressing with draft Information Classification Policy and related procedures. This will be presented to ELT once finalised.

The City also engaged external consultant to work on City of Joondalup Purview Information Protection Project as proof of concept to assist with implementing sensitivity labels using Microsoft Information Protection (MIP). MIP is a comprehensive suite of tools designed to classify, label, and protect sensitive data across Microsoft 365, Azure, and third-party applications. This will be implemented across the organisation once Information Classification Policy has been finalised and approved.

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INFORMATION SYSTEMS AUDIT

5. Review of policies and frameworks for information systems

Finding

The City's ICT protocols still lack document control section to track document changes and approvals. We were informed that works are in progress to revise template information of IT protocols.

This finding was first identified in 2021.

Rating: Minor (2024: Minor)

Implication

Without document control there is an increased risk that documents may not be appropriately managed throughout their lifecycle. This could result in documents containing information that is out-of-date and no longer relevant.

Recommendation

The City should continue to implement the new template to ensure appropriate document control.

Management comment

Agreed. This is work in progress. Whilst the City has made substantial progress compared to last year, it is yet to be finalised. It is anticipated that it will take approximately 6-8 months to update, review and complete all IT policies and procedures.

Responsible Person: Manager IT

Completion Date: 31 August 2026

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INTERIM AUDIT

Index of findings	Potential impact on audit opinion	Rating			Prior year finding
		Significant	Moderate	Minor	
1. Delays processing asset disposals	No		✓		

Key to ratings

The Ratings in this management letter are based on the audit team's assessment of risks and concerns with respect to the probability and/or consequence of adverse outcomes if action is not taken. We give consideration to these potential adverse outcomes in the context of both quantitative impact (for example financial loss) and qualitative impact (for example inefficiency, non-compliance, poor service to the public or loss of public confidence).

Significant - Those findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However even if the issue is not likely to impact the audit opinion, it should be addressed promptly.

Moderate - Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.

Minor - Those findings that are not of primary concern but still warrant action being taken.

ATTACHMENT

CITY OF JOONDALUP

PERIOD OF AUDIT: YEAR ENDED 30 JUNE 2025

FINDINGS IDENTIFIED DURING THE INTERIM AUDIT

1. Delays processing asset disposals

Finding 2025

From a sample of 22 asset disposals recognised during the July to December 2024 period, we found 17 instances where the disposals processed in from quarter 1 2024-25 related to assets that were not held by the City at 30 June 2024.

These disposals have been processed in the wrong period; the total value of these assets identified was \$38,487. We also noted a total of \$1.86m of assets were disposed during the same quarter, potentially indicating a greater value of assets disposed which may have been recorded in the wrong period.

Rating: Moderate

Implication

Delays in recognising asset disposals could potentially lead to material cut-off errors with asset balances reported in the City's financial statements.

Recommendation

Management should ensure asset disposals are regularly reviewed and recorded in the correct period. In situations where asset inspections or other processes are only finalised after year-end leading to disposals or adjustments that need to be recorded in the previous reporting period, appropriate accounting adjustments should be made to reflect this in the correct period.

Management comment

We acknowledge the finding regarding the timing of recognising asset disposals. Currently, the City processes asset disposals on a quarterly basis whereby Asset Management team identifies and compiles list of all asset disposal and provides them to Financial Services team for processing in the system. Due to some delays in the processing assets disposal for end of financial year, certain disposals were recorded in the subsequent financial year.

To address this issue, the following measures will be undertaken:

- Process Improvement: The existing asset disposal process will be reviewed to ensure timely submission and processing of all asset disposal information to comply with the reporting requirement.*
- Regular Meetings: We have already established regular meetings between the Assets Management and Financial Services teams to enhance coordination and ensure timely and accurate recording of all asset related transactions.*

Annual Financial Audit Exit Report

City of Joondalup

Year ended 30 June 2025

Contents

1. Executive summary	1
2. Result of key audit focus areas.....	3
3. Management letter findings	7
4. Information systems maturity model	8
5. Adjusted and unadjusted audit differences	9
6. Other communications from the audit process	10

1. Executive summary

To the Audit & Risk Committee of City of Joondalup.

We look forward to the exit meeting we have scheduled for 11 November 2025 to discuss the outcomes and key findings from the audit of your City for the year ended 30 June 2025.

Our audit team have substantially completed our audit work and, subject to the resolution of the outstanding matters listed below, we intend to recommend to the Auditor General to issue an unqualified audit opinion on the financial statements with an emphasis of matter paragraph in respect of the restatement of comparative figures.

We received draft financial statements which were considered to be of audit-ready quality on 26 September 2025. These draft financial statements were certified by the CEO.

We would like to extend our thanks to your City's staff for their assistance with the audit process. If you have any questions prior to or following our exit meeting please contact your Engagement Leader, Shellian Cassanova on 08 6557 7763.

Yours faithfully

Shellian Cassanova

Shellian Cassanova

1.2 Purpose of report

We are providing this report before the exit meeting so you can consider the results of our audit work. Please read this report in conjunction with the audit planning summary we presented to you on 17 March 2025.

This report is not an audit report and is not intended to provide any additional assurance to the audit opinion.

The report is provided only for the information and use of your City's Audit & Risk Committee, and it is not to be quoted, referenced or circulated to others without the OAG's prior written consent. The report should also not be made publicly available on your City's website or as part of any publicly available minutes or published reports.

We look forward to any feedback you have on the audit process. We encourage you and your management to reach out to your OAG engagement leader to discuss any ways we can continuously improve our conduct and communications during the audit process. Following the completion of the audit, we will send your City a survey to complete.

2. Result of key audit focus areas

Our planning summary noted a number of key audit focus areas. The result of our audit of these areas is set out below.

2.1 Prior year findings

BACKGROUND	OUR APPROACH	OUTCOME
<p>Reasons for area of key focus: Audit findings reported in the previous audit</p> <p>Information systems findings:</p> <ul style="list-style-type: none"> • 5 moderate findings; and • 3 minor findings. <p>Financial audit findings:</p> <ul style="list-style-type: none"> • 1 moderate finding; and • 2 minor findings. 	<p>As part of our audit, we followed up on these issues to assess the extent of action taken by management including:</p> <ul style="list-style-type: none"> • Obtaining documented updates from management on the status of management’s responsive action to each of the findings. • For all actioned items, corroborating the resolution to supporting documentation. • For any unresolved items, obtaining an understanding of the reasons thereof and assessing the impact on our current year’s reporting and conclusions. 	<ul style="list-style-type: none"> • The two minor financial statement findings were resolved during the year. However, the moderate finding remains unresolved as at 30 June 2025. • In relation to information system findings, four moderate and two minor findings were resolved during the year. One moderate and one minor finding remain outstanding as at 30 June 2025. <p>The unresolved findings have been included in the current year management letter.</p>

2.2 Capital works projects

BACKGROUND	OUR APPROACH	OUTCOME
<p>Reasons for area of key focus:</p> <ul style="list-style-type: none"> • Recognition and measurement of capital costs incurred involves the use of management judgement and has been prone to errors in previous years. 	<p>Our procedures focussed on examining construction costs incurred to ensure the occurrence and correct classification of project costs is of a capital nature and relates to the City’s approved capital projects.</p>	<ul style="list-style-type: none"> • We tested infrastructure and property, plant and equipment capital works in progress and completed during the year by tracing a sample of transactions to supporting documentation including contracts, invoices and progress reports. While no material errors were identified, one management letter finding was raised regarding the timely capitalisation of completed projects. This issue was first identified in

BACKGROUND	OUR APPROACH	OUTCOME
		<p>FY2022/23 and remained unresolved at 30 June 2025.</p> <ul style="list-style-type: none"> Implementation and configuration costs of \$3.69 million incurred in FY2023/24 for a new ERP system, were initially recorded in Capital works-in-progress at 30 June 2024. Upon reassessment in FY2024/25, the project was found not to meet asset recognition criteria under AASB 138 <i>Intangible Assets</i>. The expenditure was reclassified as operating expenses, and the correction was treated as a prior period error under AASB 108 <i>Accounting Policies, Changes in Accounting Estimates and Errors</i>, through a restatement of the comparative financial information.

2.3 Procurement risk

BACKGROUND	OUR APPROACH	OUTCOME
<p>Reasons for area of key focus:</p> <ul style="list-style-type: none"> Under the OAG’s new audit methodology, the procurement process and potential misappropriation of assets related to this process is an area of risk that may potentially impact the financial report. This is mainly due to the inherently large and complex procurement processes across public sector agencies 	<p>During the risk assessment phase of our audit, we performed specific procedures to identify potential procurement risks including (but not limited to):</p> <ul style="list-style-type: none"> Inquiries of management, those charged with governance and internal audit. Input from other planning procedures including those relating to understanding of the entity, preliminary analytical reviews and walkthrough of procurement processes. <p>We then performed specific and tailored audit procedures, as necessary, to address the identified</p>	<ul style="list-style-type: none"> We performed tailored audit procedures over purchase orders, and supplier Masterfile changes to address potential risks. There are no matters that we need to bring to your attention.

BACKGROUND	OUR APPROACH	OUTCOME
	risks including where applicable use of computer aided audit techniques (CAATS).	

2.4 Management override of controls

BACKGROUND	OUR APPROACH	OUTCOME
<p>Reasons for area of key focus:</p> <ul style="list-style-type: none"> This is a mandatory significant audit risk under <i>ASA 240 The Auditor’s Responsibilities Relating to Fraud in an Audit of a Financial Report</i>. Management is in a unique position to perpetrate fraud through the ability to manipulate accounting records and prepare fraudulent financial reports by overriding controls that otherwise appear to be operating effectively. 	<p>Our procedures included:</p> <ul style="list-style-type: none"> Updating our understanding of journal entry processes and non- standard events occurring during the year. Evaluating business rationale of any unusual and significant transactions during the year. Testing the appropriateness of journal entries recorded in the general ledger and other adjustments made in the preparation of the financial statements. This included the use of computer aided audit techniques (CAATS) to identify journal entry transactions based on pre-determined risk criteria. 	<p>Our procedures did not identify any instances of management override of controls. However, we did identify a minor management letter finding in relation to the controls over the processing of journal entries.</p>

2.5 Revenue recognition risk

BACKGROUND	OUR APPROACH	OUTCOME
<p>Reasons for area of key focus:</p> <ul style="list-style-type: none"> <i>ASA 240 The Auditor’s Responsibilities Relating to Fraud in an Audit of a Financial Report</i> identifies a rebuttable presumption that there are risks of fraud in revenue recognition. While the risk of fraud in revenue recognition has been rebutted, the risk of errors in the timing of 	<p>Our procedures included:</p> <ul style="list-style-type: none"> Reconfirming our understanding of the key revenue streams, the revenue accounting policies as well as the systems, processes and controls in place. 	<p>There are no matters that we need to bring to your attention.</p>

BACKGROUND	OUR APPROACH	OUTCOME
<p>revenue recognition remains as an area of focus for the current year’s audit due to the high volume of transactions and the number of grant funding arrangements in place.</p>	<ul style="list-style-type: none"> Performing design and implementation testing in relation to key controls identified for the processing of revenue transactions. Performing relevant substantive procedures for each revenue stream on a sample basis to ensure that the transaction has occurred and is completely and accurately recorded. 	

2.6 Key changes to accounting standards

BACKGROUND	OUR APPROACH	OUTCOME
<p>Reasons for area of key focus:</p> <ul style="list-style-type: none"> Key changes to accounting standards that impact your entity for the first time this year. 	<ul style="list-style-type: none"> We reviewed management’s assessment of the impact of the new standards, determined whether, to the extent necessary, your entity has applied the standards correctly, and ensured the financial report comply with the revised requirements of each standard. 	<p>There are no matters that we need to bring to your attention.</p>

2.7 Accounting estimates

BACKGROUND	OUR APPROACH	OUTCOME
<p>Reasons for area of key focus:</p> <p>The following financial statement items are derived from accounting estimates and hence receive specific audit attention:</p> <ul style="list-style-type: none"> Provision for long service leave Other provisions and contingent liabilities Fair value of land and buildings and infrastructure Impairment of financial and non-financial assets Depreciation of buildings and infrastructure 	<p>We reviewed the method and underlying data that management and where applicable third parties use when determining critical accounting estimates. This included considering the reasonableness of assumptions and corroborating representations.</p>	<p>An unadjusted audit difference is included in Section 5 of this report in relation to the depreciation charges recognised for the year ended 30 June 2025.</p> <p>There are no other matters that we need to bring to your attention.</p>

3. Management letter findings

The following is a summary of the key issues identified during the audit which have been discussed with your management. We may also provide the Parliamentary Standing Committee on Estimates and Financial Operations and/or the Public Accounts Committee with copies of the management letters issued for any or all audits during the year. See Appendix 1: for a more detailed summary of the findings.

Ratings

- Significant
- Moderate
- Minor

See Appendix 1: for description of ratings.

RATINGS	●	●	●	TOTAL
Open at 1 July 2024	-	6	5	11
Closed during FY2025	-	(4)	(4)	(8)
Change of risk rating	-	-	-	-
New points raised in FY2025	-	4	1	5
Total open points at 30 June 2025	-	6	2	8

4. Information systems maturity model

As part of our information systems audit, we also completed a capability maturity assessment of your City, which has been agreed with your management. A capability maturity model assesses how well developed and capable the established IT controls are and how well developed or capable they should be. A rating scale was used to evaluate your entity's capability and maturity levels in each of the audit focus areas. The scale ranges from 0 (non-existent) to 5 (optimised).

The results of our work will be included in a report to Parliament, which will include findings from all examined entities. This will allow you to benchmark your IT capability for these focus areas against other local government entities.

FOCUS AREA	RATING	PRIOR YEAR RATING	CHANGE

5. Adjusted and unadjusted audit differences

We identified the following audit differences that have not been adjusted. These are listed in the management representation letter. We agree with management's assessment that these are not material individually or in aggregate.

Unadjusted misstatements identified during the audit

DESCRIPTION	Assets Dr / (Cr) (\$'000)	Liabilities Dr / (Cr) (\$'000)	Equity Dr / (Cr) (\$'000)	Income Dr / (Cr) (\$'000)	Expenses Dr / (Cr) (\$'000)
1 Projected misstatement for recording of asset disposals in the incorrect period	(1,010,686)	-	-	-	1,010,685
Total	(1,010,686)	-	-	-	1,010,685

The following adjustments were identified by the audit team and adjusted by management during the audit.

Adjusted misstatements identified during the audit

DESCRIPTION	Assets Dr / (Cr) (\$'000)	Liabilities Dr / (Cr) (\$'000)	Equity Dr / (Cr) (\$'000)	Income Dr / (Cr) (\$'000)	Expenses Dr / (Cr) (\$'000)
1 Entry to reverse the accrual of licence fees related to FY2025/26	-	175,200	-	-	(175,200)
Total	-	175,200	-	-	(175,200)

6. Other communications from the audit process

We additionally note the following mandatory communications to the Audit & Risk Committee in accordance with the requirements of Australian Auditing Standards:

MATTERS TO COMMUNICATE	AUDIT PLAN	EXIT REPORT
Our responsibilities for the financial statement audit	✓	No matters to report
Communication process and timelines	✓	✓
Our views on significant qualitative aspects of your accounting practices. This includes accounting policies, accounting estimates and financial statement disclosures	No matters to report	No matters to report

RATINGS

- **SIGNIFICANT** – Findings where there is potentially a significant risk to the entity should the finding not be addressed by the entity promptly. A significant rating could indicate the need for a modified audit opinion in the current year, or in a subsequent reporting period if not addressed. However, even if the issue is not likely to impact the audit opinion, it should be addressed promptly.
- **MODERATE** – Those findings which are of sufficient concern to warrant action being taken by the entity as soon as practicable.
- **MINOR** – Those findings that are not of primary concern but still warrant action being taken.

WESTERN AUSTRALIAN
Electoral Commission

Mr James Pearson
Chief Executive Officer
City of Joondalup
PO Box 21
JOONALUP WA 6919

Dear Mr Pearson,

Written Agreement: 2026 Local Government Extraordinary Election

Thank you for your correspondence dated 3 December 2025 in which you accept to take the Western Australian Electoral Commission's cost estimate for your 2026 local government extraordinary election to your next Council meeting.

I am pleased to provide this letter as my written agreement to be responsible for the conduct of your local government extraordinary election. In order to finalise this agreement, please submit the following motions to Council for a postal election as required under the *Local Government Act 1995*:

1. declare, in accordance with section 4.20(4) of the *Local Government Act 1995*, the Electoral Commissioner to be responsible for the conduct of the 2026 extraordinary election, together with any other elections or polls which may be required;
2. decide, in accordance with section 4.61(2) of the *Local Government Act 1995* that the method of conducting the election will be as a postal election.

Please note:

- the above motions must be presented to Council as drafted and cannot be amended in any way
- both the Cost Estimate letter, and this Written Agreement letter should be attached to the item for Council's consideration
- the above motions must be passed by an absolute majority

Once the Council passes the above mentioned motions, please forward confirmation to us via the email address below. We will then proceed with arrangements for your ordinary election.

The WA Electoral Commission is available to you to provide any further advice or support. For any queries, please contact please contact Phil Richards, Manager Election Events via email at lgelections@waec.wa.gov.au.

Yours sincerely,

A handwritten signature in black ink, appearing to read 'Rebecca Hamilton'.

Rebecca Hamilton
ACTING DEPUTY ELECTORAL COMMISSIONER

3 December 2025

WESTERN AUSTRALIAN
Electoral Commission

Mr James Pearson
Chief Executive Officer
City of Joondalup
PO Box 21
JOONALUP WA 6919

Dear Mr Pearson,

Date for Local Government Extraordinary Election 2026

Thank you for your recent letter on 27 November 2025 which advised of the resignation of Councillor Nige Jones effective from 22 February 2026 and that as a result an extraordinary election will need to be conducted in the North-Central Ward.

I note that as per section 4.9(1) of *the Local Government Act 1995*, Council has one (1) month after the vacancy occurring on 22 February 2026 to decide on and fix the election day for the extraordinary election. The *Local Government Act 1995* allows for either the WAEC to conduct the extraordinary election or for the Local Government to conduct the election in-house, with the CEO as the Returning Officer.

To assist your Council in making this decision, I am writing to advise you that the earliest date that the Western Australian Electoral Commission (WAEC) can conduct an extraordinary election is **Thursday 26 March 2026**. This is also the preferred date for the election.

This letter also serves as your cost estimate. The WAEC has estimated the cost to conduct this election at approximately \$90,000 (ex GST). This cost has been based on the following assumptions:

- The method of election will be postal
- 1 Councillor vacancy
- 21,900 electors
- response rate of approximately 30%
- appointment of a local Returning Officer
- count to be conducted at your office using CountWA.

The WA Electoral Commission conducts elections on the basis of full accrual cost recovery, in accordance with *the Local Government (Elections) Regulations 1997*. This means if the actual costs to conduct the election are less or greater than what we have estimated, the final cost may differ from the estimate we have provided.

We aim to keep additional costs at a minimum, however examples of where cost increases may arise include:

- You select Australia Post Priority Service for the lodgement of your election package
- Casual staff are required for the issuing of Replacement Election Packages;
- Casual staff are required to assist the Returning Officer on election day or with the count at night
- Unanticipated cost increases from our suppliers

We will keep you informed of any unanticipated cost increases if they emerge.

The WA Electoral Commission is committed to conducting elections impartially, effectively, efficiently and professionally. Following each election event, we review our performance and identify ways to improve our service delivery. If you have any suggestions for improvements we can make to deliver your election, your feedback is welcome at all times.

Please advise us in writing as soon as practicable that you accept to take this cost estimate to Council, so I can provide you with my written agreement to conduct the election in a sperate letter. Both the cost estimate letter, and the written agreement letter then need to be taken to Council for a decision.

The WA Electoral Commission is available to you to provide any further advice or support.

If you have any queries please contact Phil Richards, Manager Election Events, at lgelections@waec.wa.gov.au.

Yours sincerely,

Rebecca Hamilton

Preface

The Local Government Legislation Amendment Act 2019 included a requirement for model standards covering the recruitment and selection, performance review and termination of employment of local government Chief Executive Officers (CEOs). These reforms intend to ensure best practice and greater consistency in these processes between local governments.

The accompanying guidelines outline the recommended practice for local governments in undertaking these processes. These guidelines will assist local governments in meeting the model standards prescribed in the Local Government (Administration) Amendment Regulations 2021.

The standards and guidelines have been developed by the Department of Local Government, Sport and Cultural Industries (DLGSC), in consultation with representatives from the Public Sector Commission, the Ombudsman, the Western Australian Local Government Association (WALGA) and Local Government Professionals WA (LG Pro). The Department gratefully acknowledges the participation and contribution of these representatives.

The DLGSC notes that the content of these guidelines does not necessarily reflect the views or policies of the organisations or individuals that have been consulted.

Part 1 – Recruitment and Selection

One of the fundamental roles of the council is the employment of the local government's CEO. The CEO is responsible for implementing the council's strategic vision and leading the local government administration.

Principles

A local government must select a CEO in accordance with the principles of merit, equity and transparency. A local government must not exercise nepotism, bias or patronage in exercising its powers. Additionally, a local government must not unlawfully discriminate against applicants. Section 5.40 of the Local Government Act 1995 (the Act) lists several general principles of employment that apply to local governments.

Recruitment and Selection Standard

The minimum standard for recruitment and selection will be met if:

- S1.1** The council has identified and agreed to the qualifications and selection criteria necessary to effectively undertake the role and duties of the CEO within that particular local government context.
- S1.2** The council has approved, by absolute majority, the Job Description Form (JDF) which clearly outlines the qualifications, selection criteria and responsibilities of the position. The JDF is made available to all applicants.
- S1.3** The local government has established a selection panel to conduct the recruitment and selection process. The panel must include at least one independent person who is not a current elected member, human resources consultant, or staff member of the local government.
- S1.4** The local government attracts applicants through a transparent, open and competitive process (this is not necessary for vacancies of less than one year). The local government must advertise a vacancy for the position of CEO in the manner prescribed.
- S1.5** The local government has assessed the knowledge, experience, qualifications and skills of all applicants against the selection criteria.
- S1.6** The local government has verified the recommended applicant's work history, qualifications, referees and claims made in their job application.
- S1.7** The appointment is merit-based, with the successful applicant assessed as clearly demonstrating how their knowledge, skills and experience meet the selection criteria.

Recruitment and Selection Standard cont.

- S1.8** The appointment is made impartially and free from nepotism, bias or unlawful discrimination.
- S1.9** The council has endorsed by absolute majority the final appointment.
- S1.10** The council has approved the employment contract by absolute majority.
- S1.11** The local government re-advertises the CEO position and undertakes a recruitment and selection process after each instance where a person has occupied the position for ten (10) consecutive years.

Guidelines

Recruitment and selection process

The council of the local government should act collectively throughout the recruitment and selection process. To uphold the integrity of the process, the council must resist any attempt to influence the outcome through canvassing or lobbying.

The local government should carefully consider the role of the CEO. This includes the CEO's legislated powers and functions and their role as the head of the administrative arm of the local government. In determining the selection criteria for the position of CEO, it will be important for a local government to consider the needs of the community and the specific skills and experience that will be required of the CEO in that particular local government. The competencies the council looks for in its CEO should reflect the council's strategic community plan.

Once the essential skills and experience for the position have been established, the local government must set out the selection criteria (essential and desirable) and the responsibilities of the position in a Job Description Form (JDF). If emphasis is placed on certain selection criteria, this should be highlighted in the JDF so that applicants are aware of this. For example, some level of project management experience will usually be an important criterion, but if the local government is undertaking a major development such as a new recreation centre, added emphasis may need to be given to this criterion.

The JDF must be approved by an absolute majority of the council.

Advertising

The local government should ensure that applicants are clearly informed about the application process, such as the application requirements, the closing date for applications and how applications are to be submitted. It is essential that this process is transparent and that each step in the process is documented. Associated records must be kept in a manner consistent with the State Records Act 2000 (WA).

It is a requirement that a local government gives Statewide public notice if the position of CEO becomes vacant. Statewide public notice must contain:

- details of the remuneration and benefits offered
- details of the place where applications are to be submitted
- the date and time applications close
- the duration of the proposed contract
- a web address where the JDF can be accessed
- contact details for a person who can provide further information
- any other relevant information.

To attract the best possible pool of applicants for the position of CEO, it is recommended that local governments use a diverse range of advertising methods, mediums and platforms (in addition to the advertising requirement under section 5.36(4) of the Act). For example:

- advertising on the local government's website
- posting on online jobs boards (e.g. SEEK)
- sharing the advertisement via professional networks
- undertaking an executive search.

A local government must publicly advertise the CEO position if the same person has remained in the job for 10 consecutive years. This requirement does not prevent the incumbent CEO from being employed for another term, provided they are selected in accordance with the standards for recruitment and selection.

Selection panel and independent person

Local governments are required to establish a selection panel to conduct and facilitate the recruitment and selection process. The selection panel should be made up of elected members (the number of which is determined by the council) and must include at least one independent person. The independent person cannot be a current elected member, human resources consultant, or staff member of the local government. Examples of who the independent person could be include:

- former elected members or staff members of the local government
- former elected members (such as a Mayor or Shire President) or staff members of another local government
- a prominent or highly regarded member of the community
- a person with experience in the recruitment of CEOs and senior executives.

The panel are responsible for assessing applicants and making a recommendation to council regarding the most suitable applicant or applicants. The essence of the role of an independent panel member is to bring an impartial perspective to the process and reduce any perception of bias or nepotism.

It is essential that prior to a person's appointment to a selection panel they are informed of the duties and responsibilities of their role and that of the panel. It is recommended that local governments develop a policy or terms of reference to facilitate this process that incorporate the standards for recruitment at Division 2 of Schedule 2 of the Local Government (Administration) Regulations 1996. A policy should include important information that outlines:

- the primary functions of the panel
- roles and responsibilities of panel members
- composition of the panel
- duration of term
- desirable criteria for appointment to the panel
- a requirement that panel members sign a confidentially agreement and agree to the duties and responsibilities of their role
- any other information the local government deems necessary for the panel to effectively carry out their role.

Independent human resources consultant

A local government should seek independent advice from a human resources consultant where the council lacks the capacity or expertise to facilitate the recruitment and selection process (or any aspect of it). A member of the human resources team within a local government should not be involved in the recruitment of a new CEO.

The consultant should not be associated with the local government or any of its council members. The consultant can be an independent human resource professional, recruitment consultant, or recruitment agency.

An independent human resources consultant can provide advice to the selection panel on how to conduct the recruitment process, or a local government may engage a consultant to support it in undertaking certain aspects of the recruitment process, such as one or more of the following:

- development or review of the JDF
- development of selection criteria
- development of assessment methods in relation to the selection criteria
- drafting of the advertisement
- executive search
- preliminary assessment of the applications
- shortlisting
- drafting questions for interview
- coordinating interviews
- preparing the selection summary assessment and recommendation
- arranging for an integrity check and/or police clearance
- assisting the council in preparing the employment contract.

The consultant is not to be directly involved in determining which applicant should be recommended for the position, their role is not one of decision-maker.

It is recommended that rigorous checks be conducted on any independent consultants before they are engaged to ensure they have the necessary skills and experience to effectively assist the council. Local government recruitment experience may be beneficial but is not a requirement.

The independent human resources consultant must be able to validate their experience in senior executive recruitment and appointments. It is important to note that if the local government uses a consultant or agency to assist in finding applicants, they will require an employment agent licence under the Employment Agents Act 1976 (WA).

A good independent human resources consultant will bring expertise, an objective perspective and additional human resources to what is a complex and time-consuming process. Given the time and effort involved in finding a competent CEO, and the cost of recruiting an unsuitable CEO, there can be a good business case for spending money on a human resources consultant.

If a decision is made to engage an independent human resources consultant, it is imperative that the council maintains a high level of involvement in the process and enters into a formal agreement (contract) with them. To manage the contract efficiently, and ensure an effective outcome, regular contact with the consultant is required during the recruitment process. As with any contractor engagement, the local government must ensure their procurement and tender processes comply with the Act and the procurement policy of the local government.

Council's responsibilities

A human resources consultant cannot undertake the tasks for which the council is solely responsible. An independent consultant cannot and should not be asked to:

- Conduct interviews – as this should be done by the selection panel. However, council may decide to interview applicants recommended by the selection panel. A consultant can provide support with interviews, providing advice on the recruitment and selection process and writing up recommendations. The consultant may also arrange referee reports and checks of applicants.
- Make the decision about who to appoint to the position of CEO: Only the council can make this decision, drawing upon advice from the selection panel.
- Negotiate the terms and conditions of employment: Noting that the consultant should be able to provide advice on remuneration constraints and other terms and conditions.

Creating Diversity

In order to ensure all applicants are given an equal opportunity for success, selection methods need to be consistent and objective. In a structured interview, each applicant should have the opportunity to answer the same primary questions with follow-up questions used to illicit further detail or clarification. Behavioural-based interview questions are objective and gauge the applicants' suitability, reducing biases in assessment (see examples below).

Basing a selection decision on the results of several selection methods can help to reduce procedural shortcomings and ensure the best applicant is chosen. Psychometric, ability and aptitude testing are considered valid, reliable and objective. While applicants with extensive experience and reputable education may appear to be more qualified, an objective assessment of each person's ability and personal traits can help to provide a clearer picture of the applicant.

Where possible, it is recommended that local governments ensure diversity on the selection panel. This may be achieved by ensuring gender, ethnicity, age and experiential diversity is represented on the panel. Diversity is also a consideration when selecting an independent person for the selection panel, particularly where there is a lack of diversity on the council. A diverse selection panel will assist in making quality decisions regarding suitable applicants.

Individuals are often unaware of biases they may have. For this reason, it is helpful for the selection panel to undertake training about unconscious biases. Awareness of unconscious biases assists individuals in preventing those biases from interfering in their decision making. For example, if there are considerable discrepancies in the assessment scores between two panel members, discussion will be required to ensure bias has not influenced these scores. Allowing team members to acknowledge and recognise prejudices is essential to managing those biases. The following biases should be addressed:

- "Similar-to-me" effect – if interviewers share the same characteristics with the applicants or view those characteristics positively, they are more likely to score them highly
- "Halo" effect – interviewers may let one quality (such as race, gender, looks, accent, experience, etc.) positively or negatively affect the assessment of the applicant's other characteristics.

Due Diligence

It is essential that the local government ensures that the necessary due diligence is undertaken to verify an applicant's qualifications, experience and demonstrated performance. This includes:

- verifying an applicant's qualifications such as university degrees and training certificates
- verifying the applicant's claims (in relation to the applicant's character, details of work experience, skills and performance) by contacting the applicant's referees. Referee reports should be in writing in the form of a written report, or recorded and verified by the referee
- requesting that an applicant obtains a national police clearance as part of the application process
- ensuring no conflicts of interests arise by looking to outside interests such as board membership and secondary employment.

A council may wish to contact a person who is not listed as an applicant's referee, such as a previous employer. This may be useful in obtaining further information regarding an applicant's character and work experience, and verifying related claims. The applicant should be advised of this and be able to provide written comments to the council.

A search of social media and whether an applicant has an online presence may also assist in identifying potential issues. For example, an applicant may have expressed views which conflict with the local government's values. This should be made clear in the application information. To ensure the integrity of the recruitment process, a council must act collectively when performing due diligence.

Selection

Once the application period closes, the selection panel, or consultant on behalf of the selection panel, must assess applications and identify a shortlist of applicants to be interviewed.

In shortlisting applicants for the interview phase, the selection panel should consider the transferable skills of applicants and how these would be of value in the role of CEO. The selection panel should not overlook applicants who do not have experience working in the local government sector.

It is important that the assessment process is consistent for all applicants. For example, each applicant is asked the same interview questions which are related to the selection criteria, and each are provided with the same information and undertake the same assessments.

Elected members should declare any previous association with an applicant or any potential conflict of interest at the time of shortlisting if they are part of the selection panel. Similarly, if the interviews involve the full council, the elected member should make an appropriate declaration before the interviews commence. If the potential conflict of interest is significant or a member's relationship with an applicant may result in claims of nepotism, patronage or bias, the council may need to consider whether to exclude the elected member from the process. The decision should be documented and recorded for future reference.

Selecting an applicant should be based on merit; that is, choosing an applicant that is best suited to the requirements of the position and the needs of the local government. This involves the consideration and assessment of applicants' skills, knowledge, qualifications and experience against the selection criteria required for the role. As part of the selection process, a council may consider it appropriate for each of the preferred candidates to do a presentation to council.

The appointment decision by the council should be based on the assessment of all measures used, including:

- assessment technique(s) used (e.g. interview performance)
- quality of application
- referee reports
- verification and sighting of formal qualifications and other claims provided by the applicant
- other vetting assessments used (e.g. police checks, integrity checks, etc.).

Employment contract

In preparing the CEO's employment contract, the council must ensure the contract includes the necessary provisions required under section 5.39 of the Act and associated regulations.

Section 5.39 of the Act provides that a CEO's employment contract must not be for a term exceeding five years. The term of a contract for an acting or temporary position cannot exceed one year.

Further, the employment contract is of no effect unless it contains:

- the expiry date of the contract
- the performance review criteria
- as prescribed under regulation 18B of the Administration Regulations, the maximum amount of money (or a method of calculating such an amount) to which the CEO is to be entitled if the contract is terminated before the expiry date. The amount is not to exceed whichever is the lesser of:
 - the value of one year's remuneration under the contract; or
 - the value of the remuneration that the CEO would have been entitled to, had the contract not been terminated.

It is recommended that the council seeks independent legal advice to ensure that the contract is lawful and able to be enforced. Advice should be sought if there is any doubt as to the meaning of the provisions of the contract.

Councils should be aware that CEO remuneration is determined by the Salaries and Allowances Tribunal and the remuneration package may not fall outside the band applicable to that particular local government.

The CEO's employment contract should clearly outline grounds for termination and the termination process in accordance with the standards in regulations.

The council of the local government must approve, by absolute majority, the employment contract and the person they appoint as CEO.

Appointment

A decision to make an offer of employment to a preferred applicant must be made by an absolute majority of council. If the preferred applicant accepts the offer and the proposed terms of the contract without negotiation, there is no further requirement for council to endorse the applicant and the contract. However, if there is a process of negotiation to finalise the terms and conditions of the contract, council is required to endorse the appointment and approve the CEO's employment contract by absolute majority. In both instances, the employment contract must be signed by all parties.

The council should notify both the successful individual and the remaining unsuccessful applicants as soon as possible before publicly announcing the CEO appointment.

The successful applicant should not commence duties with the local government as CEO until the employment contract has been signed.

The unsuccessful applicants (including those not interviewed) should be notified of the outcome of their application. It is recommended that the local government creates a template letter for unsuccessful applicants that can be easily personalised with the applicants' details and sent out quickly.

The council should keep a record of their assessment of the unsuccessful applicant(s) and provide the unsuccessful applicant(s) with the opportunity to receive feedback on their application, or interview performance if they were granted an interview. Should an unsuccessful applicant request feedback, it is recommended that a member of the selection panel provides this. If a recruitment consultant is used, they may undertake this task.

Confidentiality

The local government should ensure that all information produced or obtained during the recruitment and selection process is kept confidential. This includes applicants' personal details, assessment details, the selection report and outcome of the process. This ensures privacy requirements are met and maintains the integrity of the process. It is recommended that selection panel members and councillors sign a confidentiality agreement to ensure that they are aware of their obligations.

CEO induction

Local governments should ensure that they provide the CEO with all the necessary information on the local government's processes, policies, procedures and systems at the commencement of the CEO's employment.

New CEOs are eligible to participate in the Local Government CEO Support Program which is a joint initiative of the DLGSC and LG Pro to provide mentoring and general support to those appointed to the position of CEO in a local government for the first time. The program runs for six to nine months from the time a CEO is appointed and involves the CEO being matched with a mentor that best meets their needs.

The program provides the CEO with an opportunity (through meetings and on-going correspondence) to discuss a wide range of issues with their appointed mentor in the strictest confidence. The program is aimed at addressing the individual needs of the CEO. Examples of issues that may be covered include the following:

- Role of the CEO
- Governance
- Strategic and long-term planning
- Legislative framework
- Relationships and dealing with council members
- Risk management
- Resource management
- Managing the business of Council
- Family considerations

Part 2 – Performance Review

Principles

The standards regarding CEO performance review are based on the principles of fairness, integrity and impartiality.

Performance Review Standards

The minimum standard for performance review will be met if:

- S2.1** Performance criteria is specific, relevant, measurable, achievable and time-based.
- S2.2** The performance criteria and the performance process are recorded in a written document, negotiated with and agreed upon by the CEO and council.
- S2.3** The CEO is informed about how their performance will be assessed and managed and the results of their performance assessment.
- S2.4** The collection of evidence regarding performance outcomes is thorough and comprehensive.
- S2.5** Assessment is made free from bias and based on the CEO's achievements against documented performance criteria, and decisions and actions are impartial and transparent.
- S2.6** The council has endorsed the performance review assessment by absolute majority.

Guidelines

Section 5.38 of the Act provides that, for a CEO who is employed for a term of more than one year, the performance of a CEO is to be reviewed formally at least once in every year of their employment.

In addition to this minimum requirement, it is recommended that the council engages in regular discussions with the CEO regarding their performance against the performance criteria, including progress and ways that the CEO can be supported. Any changes to the CEO's performance agreement such as changes to the performance criteria should also be discussed, and agreed to, between the council and the CEO, as the matter arises.

Employment contract and performance agreement

Section 5.39, of the Act requires the employment contract to specify the performance criteria for the purpose of reviewing the CEO's performance. This will include ongoing permanent performance criteria. A local government may wish to have a separate additional document called a "performance agreement" which includes the performance review criteria in the employment contract, additional criteria (e.g. the performance indicators in relation to specific projects) and how the criteria will be assessed. The performance agreement should be negotiated and agreed upon by the CEO and the council. The performance agreement may also set out the CEO's professional development goals and outline a plan to achieve these goals.

Performance Criteria

Setting the performance criteria is an important step. One of the CEO's key responsibilities is to oversee the implementation of council's strategic direction, and so it is important to align the CEO's performance criteria to the goals contained in the council's Strategic Community Plan and Corporate Business Plan. Accordingly, as these plans are updated, the CEO's performance criteria should be updated to reflect the changes.

In leading the administrative arm of a local government, the CEO is responsible for undertaking core tasks, the achievement of which will contribute to the effectiveness of the council. It is important that the outcomes associated with these tasks are measurable and clearly defined. These could be in relation to:

- service delivery targets from the council's Strategic Community Plan
- budget compliance
- organisational capability
- operational and project management
- financial performance and asset management
- timeliness and accuracy of information and advice to councillors
- implementation of council resolutions
- management of organisational risks
- leadership (including conduct and behaviour) and human resource management
- stakeholder management and satisfaction.

Performance criteria should focus on the priorities of the council and, if appropriate, can be assigned priority weighting in percentages. The council and CEO should set goals related to target outcomes for future achievement in the performance criteria. Goals should be specific, measurable, achievable, relevant and time-based.

Following the determination of the performance criteria and goals, the council will need to determine how to measure the outcomes of each criterion. It is important to relate performance indicators to the selection criteria used in selecting the CEO. For example, if the CEO has been selected due to their financial experience and ability to improve the local government's finances, indicators regarding improved revenue and reduced expenses are obvious starting points.

Considering the context within which the local government is operating is important. For example, if a significant financial event occurs, such as a downturn in the economy, financial performance indicators will likely need to be adjusted. It is important that such contextual factors are given appropriate weighting and that goals are flexible to allow regular adjustment. Adjustments may be initiated by either the CEO or the council. Councils need to be realistic in terms of their expectations of a CEO's performance and provide appropriate resources and support to facilitate the achievement of performance criteria.

Performance review panel

It is recommended that the council delegates the CEO performance review to a panel (e.g. comprising certain council members and an independent observer). The panel has a duty to gather as much evidence as possible upon which to base their assessments. The role of the review panel includes developing the performance agreement in the first instance, conducting the performance review and reporting on the findings and recommendations of the review to council. It is also recommended that council develop a policy to guide the performance review process. A policy might include the composition of the panel, primary functions, the role and appointment of an independent consultant, and the responsibilities of review panel members.

Independent consultant

If a council lacks the resources and expertise to meet the expected standard of performance review, the council should engage an external facilitator to assist with the process of performance appraisal and the development of the performance agreement.

The local government should ensure that the consultant has experience in performance review and, if possible, experience in local government or dealing with the performance review of senior executives. The consultant should not have any interest in, or relationship with, the council or the CEO.

With guidance from the performance review panel, a consultant can facilitate the following tasks:

- setting performance criteria
- preparing the performance agreement
- collecting performance evidence
- writing the performance appraisal report
- facilitating meetings between the performance review panel
- assisting with the provision of feedback to the CEO
- formulating plans to support improvement (if necessary)
- providing an objective view regarding any performance management-related matters between the concerned parties.

Assessing performance

It is a requirement of the regulations that the process by which the CEO's performance will be reviewed is documented and agreed to by both parties. Council and the CEO must also agree on any performance criteria that is in addition to what is specified in the CEO's contract of employment. The option to include additional criteria for performance review purposes by agreement provides a degree of flexibility for both parties in response to changing circumstances and priorities.

It is essential that CEO performance is measured in an objective manner against the performance criteria alone. It is important that reviews are impartial and not skewed by personal relationships between the review panel and the CEO. Close personal relationships between the panel members and the CEO can be just as problematic as extremely poor relationships. Evidence of CEO performance may come from an array of sources, many of which the CEO themselves can and should provide to the council as part of regular reporting. These sources include:

- achievement of key business outcomes
- interactions with the council and progress that has been made towards implementing the council's strategic vision

- audit and risk committee reports
- workforce metrics (e.g. the average time to fill vacancies, retention rate, information about why people leave the organisation and staff absence rate)
- incident reports (e.g. results of occupational health and safety assessments, the number and nature of occupational health and safety incident reports, and the number and nature of staff grievances)
- organisational survey results
- relationships (e.g. with relevant organisations, stakeholder groups, and professional networks)
- insights from key stakeholders (this could be done by way of a survey to obtain stakeholder input).

It is important that, in addition to looking at the achievement of key performance indicators (KPIs), the council considers the following:

- How the CEO has achieved the outcomes. Whether or not their methods are acceptable and sustainable.
- The extent to which current performance is contingent upon current circumstances. Has the CEO demonstrated skills and behaviours to address and manage changes in circumstances which have affected his or her performance? (for example, the impact of COVID-19.)
- What the CEO has done to ensure the wellbeing of staff and to maintain trust in the local government.

The council should consider the attention the CEO has given to ensuring equal employment opportunity, occupational health and safety, privacy, managing potential conflicts of interest, and complying with procurement process requirements.

Addressing performance issues

Once the CEO's performance has been assessed, it is essential that any areas requiring attention or improvement are identified, discussed with the CEO and a plan is agreed and put in place to address these. The plan should outline the actions to be taken, who is responsible for the actions and an agreed timeframe.

The performance review panel must decide on an appropriate course of action that will address the performance issue. This may include professional development courses, training, counselling, mediation, mentoring or developing new work routines to ensure specific areas are not neglected. The performance review panel should then arrange for regular discussion and ongoing feedback on the identified performance issues, ensuring improvements are being made.

It is important to keep in mind that a local government falling short of its goals is not always attributable to the CEO. External factors may have resulted in initial performance expectations becoming unrealistic. Failure to meet performance criteria does not necessarily mean the CEO has performed poorly and, for this reason, performance and outcome should be considered separately. Where ongoing issues have been identified, the council will need to take a constructive approach and seek to develop the CEO's competency in that area.

While there are obligations on the council to manage the CEO regarding their performance, when it extends into potential wrongdoing (misconduct), the council should be referring the matter to the Public Sector Commission or Corruption and Crime Commission. This provides an independent process to follow and ensures probity, natural justice and oversight of allegations.

Confidentiality

The council must ensure that accurate and comprehensive records of the performance management process are created. Any information produced must be kept confidential.

Part 3 – Termination

Principles

The standards for the termination of a local government CEO's employment (other than for reasons such as voluntary resignation or retirement) are based on the principles of fairness and transparency. Procedural fairness is a principle of common law regarding the proper and fair procedure that should apply when a decision is made that may adversely impact upon a person's rights or interests.

Termination Standards

The minimum standards for the termination of a CEO's contract will be met if:

- S3.1** Decisions are based on assessment of the CEO's performance as measured against the documented performance criteria in the CEO's contract.
- S3.2** Performance issues have been identified as part a performance review (conducted within the preceding 12 months) and the CEO has been informed of the issues. The council has given the CEO a reasonable opportunity to improve and implement a plan to remedy the performance issues, but the CEO has not subsequently remedied these issues to the satisfaction of the local government.
- S3.3** The principle of procedural fairness is applied. The CEO is informed of their rights, entitlements and responsibilities in the termination process. This includes the CEO being provided with notice of any allegations against them, given a reasonable opportunity to respond to those allegations or decisions affecting them, and their response is genuinely considered.
- S3.4** Decisions are impartial and transparent.
- S3.5** The council of the local government has endorsed the termination by absolute majority.
- S3.6** The required notice of termination (which outlines the reasons for termination) is provided in writing.

Guidelines

Reasons for termination

The early termination of a CEO's employment may end due to:

- poor performance
- misconduct
- non-performance or repudiation of contract terms.

There is a difference between poor performance and serious misconduct. Poor performance is defined as an employee not meeting the required performance criteria or demonstrating unacceptable conduct and behaviour at work, it includes:

- not carrying out their work to the required standard or not doing their job at all
- not following workplace policies, rules or procedures
- unacceptable conduct and behaviour at work
- disruptive or negative behaviour at work
- not meeting the performance criteria set out in the employment contract and/or performance agreement unless these are outside the CEO's control
- not complying with an agreed plan to address performance issues
- failing to comply with the provisions of the Local Government Act 1995 and other relevant legislation
- failing to follow council endorsed policies.

Serious misconduct can include when an employee:

- causes serious and imminent risk to the health and safety of another person or to the reputation or revenue of the local government
- behaves unlawfully or corruptly
- deliberately behaves in a way that is inconsistent with continuing their employment.

Examples of serious misconduct can include:

- matters arising under section 4(a), (b) and (c) of the Corruption, Crime and Misconduct Act 2003
- theft
- fraud
- assault

- falsification of records
- being under the influence of drugs or alcohol at work
- refusing to carry out appropriate and lawful resolutions of council.

Misconduct is also defined in section 4 of the Corruption, Crime and Misconduct Act 2003 (WA). Under this Act, misconduct can be either serious or minor and the obligation to notify the Public Sector Commission (PSC) or the Corruption and Crime Commission (CCC) is paramount.

Termination on the basis of misconduct is covered by employment law. A local government should seek independent legal, employment or industrial relations advice prior to a termination. A council should also seek independent advice during the termination process including advice on the relevant employment legislation affecting CEO employment and the application of that legislation to their specific circumstances. This will ensure that a council complies with employment law during the entire termination process.

A local government is required to endorse the decision to terminate a CEO's employment by way of an absolute majority decision. A local government must certify that the termination was in accordance with the adopted standards in regulations.

Opportunity to improve and mediation

If a CEO is deemed to have been performing poorly, the council must be transparent and inform the CEO of this. It is important that the CEO is given an opportunity to remedy the issues within a reasonable timeframe as agreed between the CEO and the council.

The council should clearly outline the areas in need of improvement, and with the CEO's input, determine a plan to address any issues. If a plan for improvement is put in place and the CEO's performance remains poor, then termination may be necessary. If a local government decides to terminate the employment of the CEO it must have conducted a performance review in the previous 12 months in accordance with section 5.38 of the Act.

Where the concerns or issues relate to problematic working relationships or dysfunctional behaviour, it is recommended that a council engages an independent accredited mediator to conduct a mediation between the parties. A mediation session may be useful in assisting parties to understand and address issues before the situation escalates to a

breakdown in the working relationship (which affects the ability of the CEO to effectively perform their duties) and the subsequent termination of the CEO's employment.

Termination report

The council should prepare a termination report which outlines the reasons for termination, the opportunities and assistance provided to the CEO to remedy any issues, and an explanation of the CEO's failure to do so. Council must provide prior opportunities and support to the CEO to assist them in remedying the issues which form the basis of the termination. It is a requirement of the regulations that council must provide written notice to the CEO outlining the reasons for their decision to terminate. In addition, council must certify that the termination of the CEO's employment was carried out in accordance with the standards set out in regulations.

Confidentiality

Local governments should ensure that the termination process is kept confidential. The CEO is to be informed of their rights and entitlements. Notice of termination of employment is required to be given in writing. Where possible, the news of termination of employment should also be delivered in person. The CEO should be provided with a letter outlining the reasons for, and date of, the termination of their employment.

Before making any public announcements on the termination of the CEO, a council should ensure that the entire termination process is complete, including that the CEO has been informed in writing of the termination.

Disclaimer

It is outside the scope of these guidelines to provide legal advice, and local governments should seek their own legal advice where necessary. Guidance as to legal requirements and compliance in relation to the termination of employment is provided by the Fair Work Commission at www.fwc.gov.au, the Fair Work Ombudsman at www.fairwork.gov.au and the Western Australian Industrial Relations Commission at www.wairc.wa.gov.au.

City of Joondalup Standards for CEO Recruitment, Performance and Termination Council Policy

Responsible directorate: Governance and Strategy

Objective: To establish the standards to be observed by the City of Joondalup in relation to the recruitment, performance, and termination of CEOs in accordance with Schedule 2 of the *Local Government (Administration) Regulations 1996*.

Division 1 — Preliminary provisions:

1. Citation:

These are the City Standards for CEO Recruitment, Performance and Termination.

2. Terms used:

2.1. In these standards:

“**Act**” means the *Local Government Act 1995*.

“**additional performance criteria**” means performance criteria agreed by the Council and the CEO under clause 16.1(b).

“**applicant**” means a person who submits an application to the City for the position of CEO.

“**City**” means the City of Joondalup, being a local government established as a body corporate under section 2.5 of the Act.

“**contract of employment**” means the written contract, as referred to in section 5.39 of the Act, that governs the employment of the CEO.

“**contractual performance criteria**” means the performance criteria specified in the CEO’s contract of employment as referred to in section 5.39(3)(b) of the Act.

“**Council**” means the Council of the City.

“**job description form**” means the job description form for the position of CEO approved by the Council under clause 5.2.

“**selection criteria**” means the selection criteria for the position of CEO determined by the Council under clause 5.1 and set out in the job description form.

“**selection panel**” means the selection panel established by the Council under clause 8 for the employment of a person in the position of CEO.

- 2.2. Other terms used in these standards that are also used in the Act have the same meaning as they have in the Act unless the contrary intention appears.

Division 2 — Standards for Recruitment of CEOs:

3. Overview of division:

This Division sets out standards to be observed by the City in relation to the recruitment of CEOs.

4. Application of division:

4.1. Except as provided in subclause 4.2, this Division applies to any recruitment and selection process carried out by the City for the employment of a person in the position of CEO.

4.2. This Division does not apply:

- a. if it is proposed that the position of CEO be filled by a person in a class prescribed for the purposes of section 5.36(5A) of the Act; or
- b. in relation to a renewal of the CEO’s contract of employment, except in the circumstances referred to in clause 13.2.

5. Determination of selection criteria and approval of job description form:

5.1. The Council must determine the selection criteria for the position of CEO, based on the Council’s consideration of the knowledge, experience, qualifications and skills necessary to effectively perform the duties and responsibilities of the position of CEO of the City.

5.2. The Council must, by resolution of an absolute majority of the Council, approve a job description form for the position of CEO which sets out:

- a. the duties and responsibilities of the position; and
- b. the selection criteria for the position determined in accordance with subclause 5.1.

6. Advertising requirements:

6.1. If the position of CEO is vacant, the City must ensure it complies with section 5.36(4) of the Act and the *Local Government (Administration) Regulations 1996* regulation 18A.

6.2. If clause 13 applies, the City must advertise the position of CEO in the manner referred to in the *Local Government (Administration) Regulations 1996* regulation 18A as if the position was vacant.

7. Job description form to be made available by the City:

If a person requests the City to provide to the person a copy of the job description form, the City must:

- a. inform the person of the website address referred to in the *Local Government (Administration) Regulations 1996* regulation 18A(2)(da); or
- b. if the person advises the City that the person is unable to access that website address:
 - i. email a copy of the job description form to an email address provided by the person; or
 - ii. mail a copy of the job description form to a postal address provided by the person.

8. Establishment of selection panel for employment of CEO:

8.1. In this clause:

“**independent person**” means a person other than any of the following:

- a. Council member;
- b. an employee of the City;
- c. a human resources consultant engaged by the City.

8.2. The Council must establish a selection panel to conduct the recruitment and selection process for the employment of a person in the position of CEO.

8.3. The selection panel must comprise:

- a. Council members (the number of which must be determined by the Council); and
- b. at least 1 independent person.

9. Recommendation by selection panel:

9.1. Each applicant’s knowledge, experience, qualifications and skills must be assessed against the selection criteria by or on behalf of the selection panel.

9.2. Following the assessment referred to in subclause 9.1, the selection panel must provide to the Council:

- a. a summary of the selection panel’s assessment of each applicant; and
- b. unless subclause 9.3 applies, the selection panel’s recommendation as to which applicant or applicants are suitable to be employed in the position of CEO.

9.3. If the selection panel considers that none of the applicants are suitable to be employed in the position of CEO, the selection panel must recommend to the Council:

- a. that a new recruitment and selection process for the position be carried out in accordance with these standards; and

- b. the changes (if any) that the selection panel considers should be made to the duties and responsibilities of the position or the selection criteria.
- 9.4. The selection panel must act under subclauses 9.1, 9.2 and 9.3:
- a. in an impartial and transparent manner; and
 - b. in accordance with the principles set out in section 5.40 of the Act.
- 9.5. The selection panel must not recommend an applicant to the Council under subclause 9.2(b) unless the selection panel has:
- a. assessed the applicant as having demonstrated that the applicant's knowledge, experience, qualifications and skills meet the selection criteria; and
 - b. verified any academic, or other tertiary level, qualifications the applicant claims to hold; and
 - c. whether by contacting referees provided by the applicant or making any other inquiries the selection panel considers appropriate, verified the applicant's character, work history, skills, performance and any other claims made by the applicant.
- 9.6. The Council must have regard to, but is not bound to accept, a recommendation made by the selection panel under this clause.

10. Application of cl. 5 where new process carried out:

- 10.1. This clause applies if the Council accepts a recommendation by the selection panel under clause 9.3(a) that a new recruitment and selection process for the position of CEO be carried out in accordance with these standards.
- 10.2. Unless the Council considers that changes should be made to the duties and responsibilities of the position or the selection criteria:
- a. clause 5 does not apply to the new recruitment and selection process; and
 - b. the job description form previously approved by the Council under clause 5.2 is the job description form for the purposes of the new recruitment and selection process.

11. Offer of employment in position of CEO:

Before making an applicant an offer of employment in the position of CEO, the Council must, by resolution of an absolute majority of the Council, approve:

- a. the making of the offer of employment to the applicant; and
- b. the proposed terms of the contract of employment to be entered into by the local government and the applicant.

12. Variations to proposed terms of contract of employment:

- 12.1. This clause applies if an applicant who is made an offer of employment in the position of CEO under clause 11 negotiates with the Council a contract of employment (the “negotiated contract”) containing terms different to the proposed terms approved by the Council under clause 11(b).
- 12.2. Before entering into the negotiated contract with the applicant, the Council must, by resolution of an absolute majority of the Council, approve the terms of the negotiated contract.

13. Recruitment to be undertaken on expiry of certain CEO contracts:

- 13.1. In this clause:

“**commencement day**” means the day on which the *Local Government (Administration) Amendment Regulations 2021* regulation 6 comes into operation.

- 13.2. This clause applies if:

- a. upon the expiry of the contract of employment of the person (the “incumbent CEO”) who holds the position of CEO:
- i. the incumbent CEO will have held the position for a period of 10 or more consecutive years, whether that period commenced before, on or after commencement day; and
 - ii. a period of 10 or more consecutive years has elapsed since a recruitment and selection process for the position was carried out, whether that process was carried out before, on or after commencement day;
- and
- b. the incumbent CEO has notified the Council that they wish to have their contract of employment renewed upon its expiry.

- 13.3. Before the expiry of the incumbent CEO’s contract of employment, the City must carry out a recruitment and selection process in accordance with these standards to select a person to be employed in the position of CEO after the expiry of the incumbent CEO’s contract of employment.

- 13.4. This clause does not prevent the incumbent CEO’s contract of employment from being renewed upon its expiry if the incumbent CEO is selected in the recruitment and selection process referred to in subclause 13.3 to be employed in the position of CEO.

14. Confidentiality of information:

The City must ensure that information provided to, or obtained by, the City in the course of a recruitment and selection process for the position of CEO is not disclosed, or made use of, except for the purpose of, or in connection with, that recruitment and selection process.

Division 3 — Standards for review of performance of CEOs:

15. Overview of division:

This Division sets out standards to be observed by the City in relation to the review of the performance of CEOs.

16. Performance review process to be agreed between Council and CEO:

16.1. The Council and the CEO must agree on:

- a. the process by which the CEO's performance will be reviewed; and
- b. any performance criteria to be met by the CEO that are in addition to the contractual performance criteria.

16.2. Without limiting subclause 16.1, the process agreed under subclause 16.1(a) must be consistent with clauses 17, 18 and 19.

16.3. The matters referred to in subclause 16.1 must be set out in a written document.

17. Carrying out a performance review:

17.1. A review of the performance of the CEO by the Council must be carried out in an impartial and transparent manner.

17.2. The Council must:

- a. collect evidence regarding the CEO's performance in respect of the contractual performance criteria and any additional performance criteria in a thorough and comprehensive manner; and
- b. review the CEO's performance against the contractual performance criteria and any additional performance criteria, based on that evidence.

18. Endorsement of performance review by Council:

Following a review of the performance of the CEO, the Council must, by resolution of an absolute majority of the Council, endorse the review.

19. CEO to be notified of results of performance review:

After the Council has endorsed a review of the performance of the CEO under clause 18, the City must inform the CEO in writing of:

- a. the results of the review; and
- b. if the review identifies any issues about the performance of the CEO — how the Council proposes to address and manage those issues.

Division 4 — Standards for termination of employment of CEOs:

20. Overview of Division:

This Division sets out standards to be observed by the City in relation to the termination of the employment of CEOs.

21. General principles applying to any termination:

21.1. The Council must make decisions relating to the termination of the employment of a CEO in an impartial and transparent manner.

21.2. The Council must accord a CEO procedural fairness in relation to the process for the termination of the CEO's employment, including:

- a. informing the CEO of the CEO's rights, entitlements and responsibilities in relation to the termination process; and
- b. notifying the CEO of any allegations against the CEO; and
- c. giving the CEO a reasonable opportunity to respond to the allegations; and
- d. genuinely considering any response given by the CEO in response to the allegations.

22. Additional principles applying to termination for performance-related reasons:

22.1. This clause applies if the Council proposes to terminate the employment of a CEO for reasons related to the CEO's performance.

22.2. The Council must not terminate the CEO's employment unless the Council has:

- a. in the course of carrying out the review of the CEO's performance referred to in subclause 22.3 or any other review of the CEO's performance, identified any issues (the "performance issues") related to the performance of the CEO; and
- b. informed the CEO of the performance issues; and
- c. given the CEO a reasonable opportunity to address, and implement a plan to remedy, the performance issues; and
- d. determined that the CEO has not remedied the performance issues to the satisfaction of the Council.

22.3. The Council must not terminate the CEO's employment unless the Council has, within the preceding 12-month period, reviewed the performance of the CEO under section 5.38(1) of the Act.

23. Decision to terminate:

Any decision by the Council to terminate the employment of a CEO must be made by resolution of an absolute majority of the Council.

24. Notice of termination of employment:

24.1. If the Council terminates the employment of a CEO, the City must give the CEO notice in writing of the termination.

24.2. The notice must set out the Council's reasons for terminating the employment of the CEO.

JOB DESCRIPTION FORM/SPECIFICATION

1 POSITION IDENTIFICATION

Title	Chief Executive Officer	Level	Negotiated
Business Unit	Office of the CEO	Position Number	0001
Directorate	Not applicable	Date Established	10 January 2009
Reporting to	Council	Date Updated	9 December 2025

2 POSITION OBJECTIVES

- Provide strong and engaging leadership to the organisation and the community.
- Enhance the City of Joondalup's image with all stakeholders and interest groups, commerce and industry.
- Facilitate programs, projects, and services that are cost effective and strategically aligned.
- Link the community, the Council, and the organisation with an inclusive, relevant and functional integrated planning framework.
- Comply with all statutory and regulatory requirements in the *Local Government Act 1995* (WA) and other relevant legislation.
- Deliver accurate, timely and relevant advice to the Council so that informed decisions can be made and promote good governance practices.
- Develop and maintain a capable workforce committed to achieving the objectives of the Strategic Community Plan, Corporate Business Plan and other strategies.
- Strive for a strong and sustainable long term financial position.
- Ensure continuous learning on contemporary management practice and best practice.
- Role model ethical behaviour and behaviour which exemplifies the City of Joondalup's values.

3 ROLES AND RESPONSIBILITIES

Leadership and Engagement

- Provide the vision and leadership necessary to enable the Council and workforce to achieve strategic objectives and to deliver programs, project and services in an efficient, effective, and sustainable manner.
- Establish and maintain meaningful and productive working relationships with key stakeholders including federal and state government representatives, business, community and sporting associations, media and neighbouring Local Governments.

Program, Project and Service Delivery

- Deliver programs, projects and services in a sustainable and cost-effective manner guided by the Strategic Community Plan, Corporate Business Plan, and informing strategies/plans, and in line with the annual budget.
- Plan for and deliver major projects utilising capable project management systems and sufficient lead times to satisfy projected timeframes and community expectations.
- Develop and foster within the City, a customer relationship management focus for the benefit of ratepayers, residents, consumers of the City's services and the community at large.
- Monitor the City's customer service activities and business performance through Key Performance Indicators and trend analysis to ensure best practice service delivery.
- Monitor community satisfaction and service delivery through community consultation and market research and implement strategies to address identified issues and improve service delivery.
- Promote the development of facilities and service initiatives for the benefit of ratepayers, residents and other users of the City's facilities and services.
- Drive a culture of commitment to continuous improvement to improve processes, systems and practices to ensure the delivery of high-level and sustainable services/programs.

Strategic Development

- Be responsible for the implementation of the integrated strategic planning and reporting framework.
- Ensure real and functional linkage between the Strategic Community Plan, the Corporate Business Plan and the annual budget.
- Facilitate effective engagement with the community and Council in reviewing the Strategic Community Plan.
- Facilitate regular engagement with the Council in reviewing the City's progress against the objectives and aspirations of the Strategic Community Plan and Corporate Business Plan.

Governance, Compliance and Risk

- Ensure that professional advice and information is available to the Council so that informed decisions can be made.
- Ensure that Council and committee meetings are legally convened, the proceedings are accurately recorded and that there is proper accountability in respect to the maintenance of, and access to those records.
- Monitor relevant local laws to ensure that they are managed, reviewed and updated as required.
- Ensure that the publication and access to information, including Freedom of Information access, meets statutory obligations.
- Ensure compliance with all statutory and regulatory obligations.
- Maintain the Council's policy framework to ensure it is relevant, current and accessible.
- Maintain delegation and disclosure registers to ensure they are current, accurate and accessible.

- Maintain an effective organisation-wide risk management framework.

Council/Elected Member Relationships

- Maintain an effective working relationship with the Mayor and Councillors with a focus on timely communication and accessibility.
- Provide accurate, timely and relevant information to Elected Members so they can discharge their responsibilities effectively.
- Identify training and development opportunities for Elected Members.
- Supporting the Mayor and Council with digital communications and marketing.
- Ensure Council decisions are implemented in a timely and effective manner.

Human Resource Management

- Develop and implement a workforce plan demonstrating the resources and capacity necessary to meet the Strategic Community Plan and Corporate Business Plan objectives.
- Provide, training and development opportunities for employees.
- Strive to deliver a values driven workplace culture through training, development, and leading by example.
- Drive organisation-wide commitment to a safe workplace ensuring compliance with relevant legislation.
- Ensure the principles of equal opportunity, fairness, and transparency are applied in all human resource matters ensuring compliance with relevant legislation.

Financial Management

- Ensure the timely and accurate preparation, adoption and performance of the Council's budget and long-term financial plan.
- Ensure that Council can operate and discharge its statutory and community obligations from a sound financial position.
- Develop functional and transparent reporting systems and processes that effectively monitor the financial performance of the City, meeting legislative requirements and standards.
- Maintain a close oversight of the City's financial position and performance.
- Exercise prudent and responsible stewardship of the City's physical and financial assets committed to achieving long term sustainable outcomes.
- Facilitate regular engagement with the Council to review the City's financial position and performance.

4 PERSONAL ATTRIBUTES

- **Leadership:** Has the ability to lead and influence Elected Members, employees and stakeholders with credibility, competence, and empathy. Demonstrates motivation to serve the community, make an impact and advance the organisation.
- **Problem Solving:** Can define, analyse and breakdown complex situations to evaluate alternatives and generate solutions. Identifies and evaluates broader impacts of proposed policies and solutions.
- **Ethics:** Is committed to the highest standards of ethical behaviour personally and professionally and always acts fairly and transparently. Sets a tone of integrity and professionalism in the organisation and in dealings external to the organisation.

- **Collaboration:** Achieves outcomes through developing productive working relationships with key influencers and decision makers. Builds and maintains a wide network of professional relationships outside the organisation.
- **Communication:** Communicates with clarity and respect, underpinned by sound listening skills and a commitment to considering alternative points of view. Anticipates and addresses key areas of interest for diverse audiences and adapts style under pressure.
- **Personal Development:** Demonstrates stable and sustainable work practices to achieve work life balance and proactively seeks opportunities for growth in self and others.

5 SELECTION CRITERIA

Knowledge and Experience

- Extensive senior leadership or management experience in a local, state or federal government or a similar board governance related private or not-for-profit service delivery environment.
- Success in delivering transformational projects.
- High level strategic financial management, including the development of business plans and budgets, and the oversight of financial performance, at a whole of organisation or divisional level.
- Experience in managing compliance and corporate governance.
- An ability to understand the statutory and regulatory environment relevant to Local Governments and the role and functions of Local Government.
- Experience in advocacy, relationship building and collaboration with influential stakeholders.
- Comprehensive experience in public/private sector policy formulation.

Qualifications

- Tertiary Qualifications in a discipline relevant to public sector management or equivalent experience.
- Post Graduate Qualifications in leadership, management or public or business administration are highly desirable.

6 EXTENT OF AUTHORITY

This position is a statutory officer with Executive powers. Authority is vested in the position through the following:

- *Local Government Act 1995* and associated Regulations.
- Other written laws and regulations.
- Codes.
- Decisions made by Council.
- Council policy and delegated authority.
- Well established industry practices.

In addition to the general principles expressed above, the position operates through authority contained in the *Local Government Act 1995* relating to employee resources subject to Council approved budget and broad organisational structure. Specifically, the Division 4 of Part 5 of the *Local Government Act 1995*:
